Agenda Audit & Risk Management Committee Meeting 4 December 2019

NOTICE PAPER

Audit & Risk Management Committee Meeting

4 December 2019

Committee Members

I inform you that an Audit Committee meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 4 December 2019 at 4:00pm.

Yours faithfully

and the second 11

Jason Whiteaker Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on <u>WRITTEN CONFIRMATION</u> of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (Copyright Act 1968, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

6.1 SHIRE OF NORTHAM AUDIT REPORT

BRIEF

For Council to consider and receive the Audit Concluding Memorandum Report for the year ended 30 June 2019 for the Shire of Northam.

ATTACHMENTS

Attachment 1: Audit Concluding Memorandum to for the year ended June 2019(confidential) - provided to Elected Members as a separate attachment to this agenda and minutes.

Attachment 2: Draft Financial Report for the year ended June 2019

BACKGROUND / DETAILS

The draft Financial Report for the year ended 30 June 2019 has been completed and presented to the Office of the Auditor General for audit. The audit was carried out on-site between 9th & 11th September 2019 with the draft Financial Report being ready for signoff on the 27th November 2019. Final signoff is expected to take place within 5 working days from the Auditor General's Audit Concluding Memorandum being presented to the Audit Committee.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

- Maintain a high standard of corporate governance; and
- Undertake our regulatory roles in a safe, open, accountable and respectful manner.
- Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.
 - Open, accountable and effective decision making.

Financial / Resource Implications

Nil, however, it is estimated that additional staff resources may be needed if the more extensive audit requirements are ongoing. It is estimated staff resources associated with the annual audit tripled this year.

Legislative Compliance

Local Government (Audit) Regulations 1996 Section 9A

CEO to provide documents to Auditor General carrying out financial audit

- (1) In this regulation audit document means (a) the strategic community plan as defined in the Local Government (Administration) Regulations 1996 regulation 19BA; or (b) the corporate business plan as defined in the Local Government (Administration) Regulations 1996 regulation 19BA; or (c) another plan or informing strategy specified by the Auditor General; or (d) another document specified by the Auditor General.
- (2) The CEO must provide a copy of an audit document to the Auditor General within 14 days after the Auditor General requests it for the purposes of a financial audit under Part 7 Division 3A of the Act.

Local Government Act 1995 Section 5.53 Annual Reports;

(1) The local government is to prepare an annual report for each financial year.

- (2) The annual report is to contain -
 - (a) a report from the mayor or president; and
 - (b) a report from the CEO; and
 - [(c), (d) deleted]
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year; and
 - (f) the financial report for the financial year; and
 - (g) such information as may be prescribed in relation to the payments made to employees; and
 - (h) the auditor's report for the financial year; and
 - (ha) a matter on which a report must be made under section 29(2) of the Disability Services Act 1993; and
 - (hb) details of entries made under section 5.121 during the financial year in the register of complaints, including —

(i) the number of complaints recorded in the register of complaints;

- (ii) how the recorded complaints were dealt with; and
- (iii) any other details that the regulations may require; and
- (i) such other information as may be prescribed.

Local Government Act 1995 Section 5.54 Acceptance of Annual Reports;

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.
- * Absolute majority required.
- (2) If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

OFFICER'S COMMENT

This year was the first year the Shire of Northam was audited by the Office of Auditor General. The process was more rigorous and prolonged than was expected by finance staff.

This was compounded with the mandatory adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income of Not-for-Profit Entities.

The Office of Auditor General also made a ruling relating to monies held in trust, this resulted in the transfer of \$831,382 from Councils trust to Councils municipal fund.

The preparation of the Financial Report adopted methodology in calculating the asset consumption ratio has been updated to align with the Current Long-Term Financial Plan and Asset Management Plans and now better reflects the condition of Councils infrastructure. Subsequently this ratio has weakened slightly dropping from 0.56 to 0.53, however it is still within the accepted standard.

The table below outlines the reconciliation between the budgeted surplus and the actual surplus as presented in the Financial Report, the required timing adjustments will be carried out as part of the budget review process.

Surplus Reconciliation	2018/19	Adjustment
Budgeted Surplus	4,463,884	
		This income had been initially accounted
		for as accrued income, however as not yet
		received, it will be accounted for as
WANDRRA Accrued Income	(237,220)	revenue in the 2019/20 financial year
		This income had been initially accounted
		for as accrued income, however as not yet
		received, it was considered as having an
		element of risk should there be any
		complications prior to its completion, it will
	(275, 222)	be accounted for as revenue in the 2019/20
Aquatic Centre Grant	(375,000)	financial year
		Prepaid rates were recognised as a liability
		at 30 June 2019 under AASB 9. From 1 July
		2019 AASB 1058 applies as such this will be
		accounted for as a liability as of the 1 July
Prepaid Rates	280,140	2019
Adjusted Total	4,131,804	
Financial Report Actual Surplus	(4,162,558)	
Unallocated	(30,754)	

RECOMMENDATION

That Council accept the Audit Concluding Memorandum for the year ended 30 June 2019 for the Shire of Northam.

This statement is to be read in conjunction with the accompanying notes.

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995 and accompanying regulations.

The Local Government (Financial Management) Regulations 1996 take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and labilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 27 to these financial statements.

2. REVENUE AND EXPENSES

(a) Revenue

Grant Revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2019	2019	2018
	Actual	Budget	Actual
	\$	\$	\$
Operating grants, subsidies and contributions			
Governance	0	4,000	0
General purpose funding	3,375,216	1,646,848	3,284,568

Total grants, subsidies and contributions	23,725,649	11,603,565	9,953,699

SIGNIFICANT ACCOUNTING POLICIES

Grants, donations and other contributions Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over Grants, donations and other contributions (Continued) a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 23. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

2. REVENUE AND EXPENSES (Continued)

	2019	2019	2018
(a) Revenue (Continued)	Actual	Budget	Actual
	\$	\$	\$
Significant revenue			
General Purpose Funding FAGs Grant (note (i))	1,738,569	(1,749,433
Mainroads Newcastle Bridge Handover (note(ii))	12,800,000	(0 0

(i) The significant revenue in 2019 relates to the prepayment of the first installment of the Financial Assistance Grant for the 2019/2020 year.

(ii)

Mainroads completed the maintenance of the Newcastle Road Bridge then handed it back to the Shire of Northam at no cost to the Shire. On completion, the Bridge was revalued at \$ 12.8m by external valuer during the year 2018/19.

Other revenue			
Reimbursements and recoveries	589,098	470,643	437,454

SHIRE OF NORTHAM NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30TH JUNE 2019

	ERVES CASH BACKED (CONTIN		
	In accordance with Council resolutions in	relation to each	reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:
	Name of Reserve	Anticipated date of use	
(e)	Leave Reserve	Ongoing	For the provision for employees' future liability commitments i.e. Annual leave, long service requirements and negotiated gratuities and sickness payouts. Funds are not expected to be used in a set period as further transfers to the reserve account are expected as funds are utilised.
(b)	Aged accommodation reserve	Ongoing	For the provision of future capital works requirements for aged units at Kuringal Village, Wundowie and other sites within the Shire of Northam. Funds not expected to be used in a set period as further transfers to the reserve account are expected.
(c)	Housing reserve	Ongoing	This is a reserve established for future construction of Community Housing in Wundowie. Funds are not expected to be used in a set period of time.
d)	Office equipment reserve	Ongoing	For the acquisition and upgrading of Council offices, furniture, computers and general equipment.
(e) f)	Plant & Equipment reserve	Ongoing Ongoing	For the acquisition and upgrading of the Council works plant and general equipment in accordance with the plant replacement program. Funds are not expected to be used in a set period of times a further transfers to the reserve account as furthers are utilised. For the provision of upgrading of road and bridge infrastructure within the Shire of Northam. Funds not expected to be used in a set period as further transfers to the reserve account are anticipated.
() (g)	Refuse site reserve	Ongoing	For the development of refuse sites and related expenditure on infrastructure and equipment, including the provision for a future replacement facility and for site. Funds are not expected to be used in a set period as transfers to the reserve account are anticipated.
97 (h)	Regional development reserve	Onacina	To provide for future projects whereby a breader range of development idees may be required to be encouraged on a regional basis, in consultation with other stateholders and/or Local Governments. Funds are not expected to be in a set period as future transfers to the reserve are anticipated.
10	Speedway reserve	Ongoing	For the provision of funds for the possible future rehabilitation works required at the Northam Speedway site on Fox Road Northam. No date has been specified for th use of this reserve. For the future representation of the Shire of Northam Community Buses. Funds are not excepted to be used in a set period as further transfers to the reserve account
j)	Community bus replacement reserve	Ongoing	are anticipated.
(k)	Septage poind reserve	Ongoing	For the future upgrades and maintenance to septic ponds and related infrastructure. Funds are not anticipated to be used in the set period as further transfers to the reserve account are anticipated.
1)	Killara reserve	Oncoinc	To provide a reserve for surplus funds from Killara operations and restricted cash for any unspent Killara grants. No date has been specified for the use of this reserve.
(m)	Stormwater drainage projects reserve	Oncoinc	To provide funds for the stormwater drainage projects in the Shire. No date has been specified for the use of this reserve.
n)	Rec and Community Facilities Res	Oncoinci	For Recreation and Public facilities. 2% of the net rates levied each year are set aside for the provision of recreation and sporting facilities.
0)	Administration office reserve	Ongoing	To provide funds for the expansion or relocation of the Shire of Northam Administration Centre. No date specified for the use of this reserve.
		17	For the maintenance and upgrading of Council buildings and amenities. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated.
p)	Council building & amenties reserve	Orgoing	For the provision of dredging and maintenance of the River Town Pool. Funds are not expected to be used in a set period as further transfers are anticipated.
(p)	River town pool dredging reserve	Orgoing	
(1)	Parking facilities reserve	Ongoing	For the provision of future car parking facilities. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated. Provision for the are and maintenance of the Shire of Northam's Art Collection, including the acquisition and disposal of artworks. Funds are not expected to be used
5)	Art collection reserve	Ongoing	Transition or use are an manuscription of more time or more and an an inclusion, including the acquisition and usposed or anothers. I under are not expected to be used in a set period as further transfers to the reserve account are anticipated. Provision for future replacement/upgrading of water reuse and reliculation infrastructure. Funds are not expected to be used in a set period as further transfers to the
t)	Reticulation scheme reserve	Orgoing	revision for nume replacement dyglading of water reuse and reuclation initiastructure. Funds are not expected to be used in a set period as further transfers to the reserve account are expected as funds are utilised.
(u)	Election reserve	Orgoing	Provision for the bisnnusl Elections of Council.
1	Revaluation reserve	Ongoing	Provision for the 4 yearly reveluation of the Shires GRV properties.

5. TRADE RECEIVABLES

Current

Rates receivable
Sundry receivables
Allowance for impairment of receivables
Allowance for impairment of rates
GST receivable

Non-current

Pensioner's rates and ESL deferred

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 26.

In the prior year, the impairment of trade receivables was assessed based on the incurred loss model. Individual receivables which were known to be uncollectable were written off by reducing the carrying amount directly. The other receivables were assessed collectively to determine whether there was objective evidence that an impairment had been incurred but not yet identified. For these receivables the estimated impairmant losses were recognised in a separate provision for impairment.

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

2018

\$

1,991,506

1,458,764

(54,954)

(82,470) 95,597

3,408,443

408,638

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

INVENTORIES	2019	2018
	\$	\$
Current		
Fuel	0	1,224
	0	1,22
The following movements in inventories occurred during the year:	-	
Carrying amount at 1 July	1,224	1,22
Inventory expensed during the year	(1,224)	
Carrying amount at 30 June	0	1,22
SIGNIFICANT ACCOUNTING POLICIES General Inventories are measured at the lower of cost and net		
realisable value.		
Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of		
completion and the estimated costs necessary to make		
the sale.

Accrued Revenue

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

8. OTHER FINANCIAL ASSETS

(a) Current assets

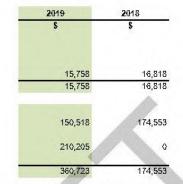

Other financial assets at amortised cost - Financial assets at amortised cost - self supporting loans

(b) Non-current assets

Other financial assets at amortised cost

- Financial assets at amortised cost - self supporting loans Financial assets at fair value through profit and loss

Units in Local Government House Trust

The 2018/2019 financial year was the first year the investment in Local Government House Trust Units were recognised in the Shire's Financial Report.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost The Shire classifies financial assets at amortised cost if both of

the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either

amortised cost or fair value through other comprehensive income. - equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 26

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Previous accounting policy: available for sale financial assets Available-for-sale financial assets were non-derivative financial assets that were either not suitable to be classified as other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Previous accounting policy: Loans and receivables

Non-derivative financial assets with fixed or determinable payments that were not quoted in an active market and are solely payments of principal and interest were classified as loans and receivables and are subsequently measured at amortised cost, using the effective interest rate method.

Refer to Note 28 for explanations regarding the change in accounting policy and reclassification of available for sale financial assets to financial assets at fair value through profit and loss.

Buildings - specialised	3	Improvements to buildings valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Improvements to land using construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Furniture and equipment					
- Management valuation 2016	з	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Plant and equipment					
- Management valuation 2016	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
- Management valuation 2016	2	Market approach using recent observable market data for similar assets	Management valuation	June 2016	Market price per item
Bushfire Equipment					
- Management valuation 2016	2	Market approach using recent observable market data for similar assets	Management valuation	June 2016	Market price per item

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

10. INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure Roads	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Footpaths	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Drainage	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Playground Equipment	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Other	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Streetscape	з	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Bridges and Culverts	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Aerodrome	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

11. PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE)

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost a pproximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of fixed assets is determined at least every three years and no more than five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Managemeni) Regulation 17A (2)* which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY Land under control

In accordance with Local Government (Financial Management) Regulation 16(a)(ii), the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(s)(i) prohibits* local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed a bove, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

11. PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE) (Continued) COUNTING POLICIES Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold, improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Gravel Sheet

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life	
Buildings	20 to 55 years	-
Furniture & Equipment Plant & Equipment (Bush fire)	4 to 10 years 3 to 15 years	1
Sealed Roads & Streets	Storsyears	
Formation	Not depreciated	
Pavement Seal	80 years

Formation	Not depreciated	
Pavement	80 years	

33 years

Depreciation (Continued)

amount of the asset.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways: (a) The gross carrying amount is acjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is acjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes

a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Rist

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready forits intended use or sale.

Information regarding exposure to risk can be found at Note 28.

Less than 12 months after the reporting date

More than 12 months from reporting date

Expected reimbursements from other WA local governments

SIGNIFICANT ACCOUNTING POLICIES Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

1,268,368 67,741

1,336,109

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

1,282,763

88,311 1,430,235

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

16. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2019 Actual	2019 Budget	2018 Actual

The commitment as at 30 June 2019 relates to the tendered contracts for Northam Aquatic Centre construction.

The commitment as at 30 June 2018 relates to the tendered contracts for the Bilya Koort Boodja Centre interpretation implementation.

(b) Operating Lease Commitments

Non-cancellable operating leases contracted for but not capitalised in the accounts.

Payable:

- not later than one year
- later than one year but not later than five years

2019	2018
\$	\$
13,008	11,420
11,395	22,841
24,403	34,261

SIGNIFICANT ACCOUNTING POLICIES Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

21. RELATED PARTY TRANSACTIONS

	991,009	969,490

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire of Northam's superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service benefits accruing during the year.

21. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire of Northam are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

The following transactions occurred with related parties:	2019 Actual	2018 Actual	
	\$	\$	
Sale of goods and services	260	420	
Purchase of goods and services	1,471	1,898	
Related Parties	X		
The Shire's main related parties are as follows:			
i Key management personnel	1		

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

ii. Other Related Parties

The associate person of KMP was employed by the Shire under normal employement terms and conditions.

ii. Enlities subject to significant influence by the Shire

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

22. JOINT ARRANGEMENTS

	2019	2018

Total comprehensive income for the period	(11,663)	(21,074
SIGNIFICANT ACCOUNTING POLICIES		

Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

Interests in joint arrangements (Continued)

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

26. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management	
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings	
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy	
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availablity of committed credit lines and borrowing facilities	

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2019					
Cash and cash equivalents	1.10%	8,123,774	0	8,120,344	3,430
2018					
Cash and cash equivalents	1.60%	9,699,752	0	9,696,522	3,230

Impact of a 1% movement in interest rates on profit and loss and equity* 81,238 96,998
* Holding allother variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 14(b).

26. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages rate payers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2018 or 1 July 2019 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for rates receivable and sundry receivables.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2019					
Rates receivable					
Expected credit loss	0.64%	0.88%	1.29%	9.30%	
Gross carrying amount	720,098	501,541	298,426	761,079	2,281,144
Loss allowance	4,622	4,403	3,861	70,787	83,673
01 July 2018					
Rates receivable					
Expected credit loss	0.71%	0.98%	1.42%	10.59%	
Gross carrying amount	658,542	428,717	241,389	662,858	1,991,506
Loss allowance	4,681	4,183	3,421	70,185	82,470

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for sundry receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2019					
Sundry Receivables					
Expected credit loss	1.09%	8.40%	10.35%	58.38%	
Gross carrying amount	766,807	10,287	30,283	105,475	912,852
Loss allowance	8,366	864	3,135	61,577	73,942
01 July 2018					
Sundry Receivables					
Expected credit loss	0.76%	6.82%	8.74%	53.69%	
Gross carrying amount	1,309,043	56,413	20,001	73,307	1,458,764
Loss allowance	10,003	3,847	1,748	39,356	54,954

26. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 14(d).

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
2019	\$	\$	\$	\$	\$
Payables	3,879,205	0	0	3,879,205	3,879,205
Borrowings	399,952	1,042,427	1,601,235	3,043,614	2,280,681
	4,279,157	1,042,427	1,601,235	6,922,819	6,159,886
<u>2018</u>					
Payables	1,698,187	0	0	1,698,187	1,698,187
Borrowings	347,159	957,198	1,524,981	2,829,338	2,008,062
	2,045,346	957,198	1,524,981	4,527,525	3,706,249

27. TRUST FUNDS

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

	1 July 2018	Amounts Received	Amounts Paid	Reclassification to restricted cash	30 June 2019
	\$	\$	\$	\$	\$
Town Hall Bond	1,000	1,009	(1,000)	(1,009)	0
Lesser Hall Bond	500	1,000	(1,100)	(400)	0
Public Open Space	263,778	5,716	(40,000)	0	229,494
Bonds Building	25,500	48,631	0	(74,131)	0
Crossovers Bond	63,892	1,450	0	(65,342)	0
Recreation Centre Bond	400	1,200	(2,100)	500	0
Facilities Bond	19,715	1,863	(1,100)	(20,478)	0
Footpath/Kerbing Bond	90,500	48,021	(60,917)	(77,604)	0
Retentions	94,072	48,705	(34,744)	(108,033)	0
Sundry Trust	24,860	411	0	(25,271)	0
Standpipe Key	7,800	1,050	(450)	(8,400)	0
Resited Dwelling	21,834	452	(5,000)	(17,286)	0
Deposits Extractive Industries	242,599	5,751	0	(248,350)	0
Other	12,479	2,888	0	(15,367)	0
BCTIF	409	34,724	(33,476)	(1,657)	0
BRB	847	42,258	(39,966)	(3,139)	0
Animal Traps	330	100	(430)	0	0
Strom Damage	175	0	0	(175)	0
AROC	139,323	36,667	(10,750)	(165,240)	0
	1,010,013	281,896	(231,033)	(831,382)	229,494

In previous years, customer bonds and deposits were held as trust monies. They are now included in restricted cash at Note 3 and shown as a liability at Note 13.

28. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associated with the amendment of existing standards, the only new standard with material application is AASB 9 *Financial Instruments*.

AASB 9 Financial instruments

AASB 9 Financial Instruments replaces AASB 139 Financial Instruments: Recognition and Measurement for annual reporting periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The Shire applied AASB 9 prospectively, with an initial application date of 1 July 2018. The adoption of AASB 9 has resulted in changes in accounting policies however there were no adjustments to the amounts recognised in the financial statements. In accordance with AASB 9.7.2.15, the Shire has not restated the comparative information which continues to be reported under AASB 139. Differences arising from adoption have been recognised directly in accumulated surplus/(deficit).

There was no effect of adopting AASB 9 as at 1 July 2018 for the following reasons:--No additional remeasurement needed to be done for the expected credit losses under AASB 9 (see note 26(b)). -The Shire does not hold any available for sale financial assets.

(a) Classification and measurement

Under AASB 9, financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (fair value through OCI) or fair value through profit or loss (fair value through P/L). The classification is based on two criteria: the Shire's business model for managing the assets; and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The assessment of the Shire's business model was made as of the date of initial application, 1 July 2018. The assessment of whether contractual cash flows on financial assets are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

28. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The classification and measurement requirements of AASB 9 did not have a significant impact on the Shire. The following are the changes in the classification of the Shire's financial assets:

- Trade receivables and Loans and advances classified as loans and receivables as at

30 June 2018 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as Financial assets at amortised cost beginning 1 July 2018.

In summary, upon the adoption of AASB 9, the Shire had the following required (or elected) reclassifications as at 1 July 2018:

		AASB 9 category financial assets at amortised	Financial assets at fair value through	Financial assets at fair value through
	AASB 139 value	cost	OCI	P/L
Financial Assets	\$	\$	\$	\$
Trade receivables (note 5)	3,721,484	3,721,484		0 0
Loans and advances (note 8)	191,371	191,371		0 0
	3,912,855	3,912,855		0 0

(b) Impairment

The adoption of AASB 9 has fundamentally changed the Shire's accounting for impairment losses for financial assets by replacing AASB 139's incurred loss approach with a forward-looking expected credit loss (ECL) approach. AASB 9 requires the Shire to recognise an allowance for ECLs for all financial assets not held at fair value through P/L.

Set out below is the reconciliation of the ending impairment allowances in accordance with AASB 139 to the opening loss allowances determined, in accordance with AASB 9:

	AASB 139 as at 30 June 2018	Remeasurement	AASB 9 as at 01 July 2018
	\$	\$	\$
Loans and receivables under AASB 139 / Financial assets at amortised cost under			
AASB 9	137,424	0	137,424
	137,424	0	137,424

29. NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION IN FUTURE YEARS

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

This note explains management's assessment of the new and amended pronouncements that are relevant to the Shire, the impact of the adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income for Not-for-Protit Entities. These standards are applicable to future reporting periods and have not yet been adopted.

(a) Revenue from Contracts with Customers

The Shire will adopt AASB15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB15, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019.

(b) Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has apppled this Standard to its leases prospectively, with the cumulative effect of initially applying AASB16 recognised on 1 July 2019. In applying the AASB 16 under the specific transition provisions chosen, the Shire will not lestate comparatives for prior reporting periods.

On adoption of AASB 16, the Shire will not recognise a right-of-use asset in relation to lease liabilities which previously were classified as an operating lease applying AASB 117.

On adoption of AASB 16 Leases (issued February 2016), for leases which had previously been classified as an 'operating lease' when applying AASB 117, the net impact on retained earnings on 1 July 2019 will not be significant. The Shire is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

(c) Income For Not-For-Profit Entities

The Shire will adopt AASB 1058 *Income for Not-for-Profit Entities* (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance, give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates will be recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the Shire. When the taxable event occurs the financial liability will be extinguished and the Shire will recognise income for the prepaid rates that have not beed refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

20 OTHER SIGNIFICANT ACCOUNTING POLICIES

s) Goods and services tax (GST) Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash nows ansing from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of labilities where the Shire does not have the unconditional right to derer settlement beyond 12 months, such as vested iong service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. A mounts are presented in Australian Dollars

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financal year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effection the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented

e) Budget com parative figurea

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclos un

1) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans

g) Fair value of assets and liabilities

Pair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between Independent, knowledgeable and willing market participants at the measurement date

As fair value is a market-based measure, the closest equivalent observable market piloling information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or il ability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data

To the extent possible, market information is extracted from either the principal market for the asset or flability (i.e. the market with the greatest volume and level of activity for the asset or flability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after tailing into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participants ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASE 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or l'abilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3

Measurements based on unobservable inputs for the asset or lability

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or lability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or lability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability or sufficient and relevant data primarily depends on the specific characteristics of the asset or flability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches :

Market approach

/aluation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach Valuation techniques that convert estimated future cash flows or income

and expenses into a single discounted present value

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or lability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs, inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers woud generally use when pricing the asset or lability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) impairment of sasets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

A ny excess of the asset's carrying amount over its recoverable amount is recognised immediately in profitor loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) where by any impairment loss of a revalued asset is treated as a revaluation ecrease in accordance with that other Standard

For non-cash generating specalised assets that are measured under the evaluation model , such as roads, drains, public buildings and the like, no annual assessment of impairment is lequired. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

31. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME	OBJECTIVE	ACTIVITIES
GOVERNANCE	To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of Council and the administrative support available to the Council for the provision of governance of the district. Other costs relate to the tak of assisting elected members and ratepayers on matters which do not concern specific council services
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services	Rates, general purpose government grants and interest revenue
LAW, ORDER, PUBLIC SAFETY	To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services
HEALTH	To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, pest control, immunisation services, noise control and health inspections
EDUCATION AND WELFARE	To provide services to disadvantaged persons, the elderly, children and youth.	Assistance with playgroup centres, senior citizen hall and respite care centre. Provision of home and community care programs and youth services
HOUSING	To provide and maintain elderly residents housing	Provision and maintenance of rental housing, including elderly residents housing
	To provide services required by the community	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE	To establish and effectively manage infrastructure	Maintenance of public halls, civic centres, aquatic centres, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities
TRANSPORT	To provide safe, effective and efficient transport services to the community	Construction and maintenance of roads, streets, bridges, drainage works, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc. Licensing transactions under contract with the WA Government
ECONOMIC SERVICES	To help promote the Shire and its economic wellbeing	The regulation and provision of tourism, area promotion and building control. Provision of rural services including weed control, vermin control and standpipes
OTHER PROPERTY AND SERVICES	To monitor and control Shire's overheads operating accounts	Private works operation, plant repair and operation costs and engineering operation costs
