Agenda

Ordinary Council Meeting

18 March 2020

NOTICE PAPER
Ordinary Council Meeting
18 March 2020

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 18 March 2020 at 5:30pm.

A Forum meeting was held in the Council Chambers on 11 March 2020 at 5:30pm to discuss the contents of this agenda.

Yours faithfully

Jason Whiteaker
Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Operational Matters:

Community Grants

The Shire of Northam has grants available for a range of groups, being not-for-profit community-based organisations, including sporting groups and schools. The aim is to assist with a project or event that is of benefit to the community. Apart from one off initiatives, there is availability for sponsorships, scholarships, donations and prizes, amongst other support and assistance, through this programme. The Grant submission period is opens in late March 2020 and will close toward the end of April 2020.

Events and Functions

The Shire of Northam Website includes an Events link. Detailed are several events and functions being held across our Shire over the short term. These include information on how to become a volunteer, the Relay for Life Fundraising event, Lions Community markets, an information session on Containers for Change, events for Harmony Week, and details for the Link Theatre group production.

Burning Periods

With changing conditions, I encourage all ratepayers and residents to be aware of when the Shire of Northam prohibited, and restricted burning periods are. Details can be found on the Shire of Northam Website.

Drum Muster

Traditionally, the Shire of Northam conducts a Drum Muster twice a year. The next date is scheduled the 27th March 2020. The aim of this event is to recycle clean and dry chemical drums from farmers, growers and chemical users.

Strategic Matters:

Following the opening of the Northam Aquatic Facility, there are a number of private and government developments that have recently opened or are due to commence over the next few months. The Shire remains conscious of providing a role in creating a stable and diverse economy.

11. REPORTS OF COMMITTEE MEETINGS

11.1 AUDIT AND RISK MANAGEMENT COMMITTEE MEETING HELD ON 5 MARCH 2020

Clarification was sought in relation to:

- The Annual Leave section in the Leave Liability Policy and the impact this will have on current employees. The Executive Manager Corporate Services advised that a small number of staff members will be affected by the introduction of the 40 day limit and controls have been put in place to manage this and to ensure staff are aware.
- Whether we are on track for the Annual Electors Meeting being held in December this year? The Executive Manager Corporate Services advised that the intention is to hold the annual electors meeting in 2020.

11.2 BUSHFIRE ADVISORY COMMITTEE MEETING HELD ON 10 MARCH 2020

Nil.

11.3 COMMUNITY SAFETY COMMITTEE MEETING HELD ON 18 FEBRUARY 2020

Clarification was sought in relation to:

- Recommendation three in the Ordinary Council Meeting agenda has an incomplete date. This has been corrected in the agenda.

Council Forum Meeting Notes
18 March 2020

- The removal of the Oak tree, was there any other option? Cr Williams advised that they explored relocating the tree however determined that this was not possible and there was no option but to remove the tree.

12. OFFICER REPORTS

12.1 CEO'S Office

Nil.

12.2 ENGINEERING SERVICES

12.2.1 Job # 3802 – Southern Brook Road SLK 0.00- 3.07 (Change of scope)

Clarification was sought in relation to:

- Whether this project needs to be completed this financial year? The Executive Manager Engineering Services advised that it needs to be completed this financial year. The project has been removed from internal delivery and re-costed with provision for it to be completed externally. With sufficient reasoning and justification we may be able to carry forward funds however it is not guaranteed.

12.2.2 RFT 1 of 2020 – Cemetery Maintenance (3 years)

There was no clarification sought in relation to this item.

12.3 DEVELOPMENT SERVICES

Nil.

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – February 2020

Nil.

12.4.2 Financial Statement for the period ending 29 February 2020

The following queries were raised prior to the Council Forum meeting:

Council Forum Meeting Notes
18 March 2020

Details Reference	Question	Query By	Answer
1. Rec and Culture Revenue over budget	Just wanted to confirm that pool entries have been higher? Also, Locals vs visitor numbers?	Cr Antonio	Yes pool entry fees are higher year to date as are season pass charges, I note these are slowing now and I would expect to finish the year closer to the amended budget as per the budget review, visitor numbers are up, but do not have the exact number
3. Lower salaries and wages	Reasoning for this?	Cr Antonio	Total Salaries is 2% under budget, Killara is under by \$56,138, largely due to workloads and usage of casuals, however at this stage we expect Killara to finish the year close to budget
4. Green waste management lower	Reasoning for this?	Cr Antonio	Timing of the mulching, it is expected to be carried out in late May early June
Interest Bearing Liabilities	As official interest rates drop, does our interest expense also dropped, or fixed rates? Worth re-negotiation like done previously?	Cr Antonio	No all loans are fixed, unless Council wishes to pay the loan out, re-negotiation has little or no benefit to Council
Upgrade Runway item	When is this due to be completed	Cr Antonio	Tender process under way, expected to be completed by the EOFY
Rating Report	When El Caballo settles what back rates are expected and what estimated impact will this have on % rates outstanding?	Cr Antonio	It will reduce the percentage outstanding by 1.22% to 27.89%
Rating Report	If I'm reading correctly, 29.1% outstanding on \$8.688M in 19/20 then why is only 26.4% same time last year with higher figure of \$8.785M	Cr Antonio	No, the 8.688m and the 8.785m is the rates received year to date not the amount outstanding, overall rate collection is a couple of weeks behind last year due to the later budget adoption that occurred, as such this is affecting the outstanding percentage

Council Forum Meeting Notes
18 March 2020

Clarification was sought in relation to:

- The amount for signage in Operating Expenditure Item 6 as this seems high. The Executive Manager Engineering Services advised that events signage also has an allocation for way finding signage such as those located at the corner of Newcastle Street and Mitchell Avenue and the pointers to Bilya Koort Boodja Centre.

Cr C R Antonio declared an "Impartiality" interest in item 12.4.3 – Lease for Northam Agricultural Society Inc as he is a member of the Northam Agricultural Society.

12.4.3 Lease for Northam Agricultural Society Inc.

Clarification was sought in relation to:

- The mention of three days in the officer's comment versus the four days stated in the recommendation? The Coordinator Governance / Administration advised that the recommendation allows for an extra day should the Agricultural Society require this.
- Whether extra toilets are being provided for the event and if these are covered in the Shire funding? The Coordinator Governance / Administration advised that it is included in the lease agreement that the Shire provides extra toilets for the event.
- Whether fencing off the Youth Precinct and provision of extra toilets are additional. The Executive Manager Community Services advised that these are additional elements, which have been provided historically.
- Whether fees and charges can be set now for future years? The Chief Executive Officer advised that fees can be set in advance, which would then be incorporated into the annual fees and charges schedule.
- Moving the Agricultural Society to a new location; for example Bert Hawke Oval. The Chief Executive Officer advised that there is no mention in strategic documents in relation to this. The Recreation Plan notes that the Agricultural Show will remain at the current location.
- The difference in cost to the Northam Agricultural Society if hired as opposed to leased. It was advised that the total cost to the Northam Agricultural Society if hired will be no greater than the current cost under the existing lease agreement. It is proposed that the hire would have a specific line item in the Schedule of Fees and Charges.

12.5 COMMUNITY SERVICES

Cr J E G Williams declared an "Impartiality" interest in item 12.5.1 – Review of the Community Support Policy as she is a member of three progress associations that may be affected by changes to the policy.

Council Forum Meeting Notes
18 March 2020

Cr T M Little declared an "Impartiality" interest in item 12.5.1 – Review of the Community Support Policy as he is a member of some community groups mentioned in the Community Support Policy.

Cr C R Antonio declared an "Impartiality" interest in item 12.5.1 – Review of the Community Support Policy as he is a member of Progress Associations which may be affected by this Policy. Includes Grass Valley Progress Association and Southern Brook Community Association

Cr D Galloway declared an "Impartiality" interest in item 12.5.1 – Review of the Community Support Policy as he is the President of Wundowie Progress Association

12.5.1 Review of the Community Support Policy

Clarification was sought in relation to:

- The specification that the funding is not to be used for the purchase of equipment. Clarification will be sought in relation to this.

Additional Comment

The Executive Manager Community Services advised that the reference to this in the Officers Comment of the report was an error and has been corrected.

- Whether the need to seek approval for the use of the Shire logo on advertising is required for all advertising. It was advised that the Shire will supply the logo and confirm that the type of advertising it is being used for meets the Shire's procedures for the use of the logo.

Responsible Department	Corporate Services
Resolution Number	C.
Resolution Date	2020
Next Scheduled Review	2022
Related Shire Documents	N/A
Related Legislation	Local Government (Long Service Leave) Regulations 8 (2);

OBJECTIVE

The purpose of this policy is to establish employee maximum annual and long service leave liabilities for the Shire of Northam.

SCOPE

Applies to all employees.

POLICY

Each year the accrued liability for annual and long service leave for that year is calculated on the presumption that all employees remain in service.

1. Annual Leave

Employees are to accrue no more than 40 days annual leave.

Effective as of the date this policy is adopted by Council

Current employees affected with a balance over 40 days will be given a twelve month period to effect an arrangement to reduce their annual leave to below the 40 days.

2. Long Service Leave

Employees are to take long service leave capped at 11 years, any future increases in pay beyond that date will not apply to the rate of pay when long service is taken.

Effective as of the date this policy is adopted by Council

Current employees affected with a balance over the 11 years cap will be given a twelve month period to effect an arrangement to take their long service leave.

BRIEF

To provide Council with an update of the progress made towards the Better Practice Review (BPR) Action Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the Better Practice Review Program to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: BPR Action Plan.

A. BACKGROUND / DETAILS

The Local Government BPR Program is an initiative undertaken in October 2015, with the Final Report received by Council in March 2016, by the Department of Local Government and Communities to recognise and promote good practice in Western Australian country local government. The BPR Program involved a team reviewing key areas of the Shire of Northam's activities and operations. The BPR Program objectives are to:

- Generate momentum for a culture of continuous improvement and greater compliance across the local government sector;
- Promote good governance and ethical regulation;
- Identify and share innovation and best practice in the local government sector; and
- Act as a 'health check' by providing departmental advice and support to local governments that may be experiencing operational problems.

Audit & Risk Management Committee Meeting Minutes
5 March 2020

The key findings from the review are summarised in the areas of Governance, Planning and Regulatory function, Plan for the Future (strategic and corporate planning), assets and finance, workforce planning / Human Resource (HR) management and community and consultation. The report aims to highlight areas where the local government is demonstrating better practice as well as providing constructive feedback on addressing any areas for further development. The areas requiring further development are provided to the local government with suggested recommendations that the local government can aim to address through a documented action plan (Attachment 1).

REVIEW FINDINGS & RECOMMENDATIONS					
Observation	Potential Risks	Rating	Recommendation	Management Comment	Progress
<p>Per the Local Gov't (Functions and General) Regulations 1996, Part 4A, Section 24D (Discounts permitted for regional price preferences), there are three scenarios where the bid from the tenderer can be considered for a price reduction.</p> <p>The legislation allows for:</p> <ul style="list-style-type: none"> • up to 10% reduction for goods or services up to a maximum of \$50,000; • up to 5% reduction for construction (building) services up to maximum of \$50,000; or • up to 10% where the contract is for construction (building) services up to a maximum price reduction of \$500,000. <p>The Shire's Local Price Preference Policy (F 4.4), Section 3 - Local Price Preference Value, allows for a maximum price reduction of \$100,000 (excluding GST) for goods and services from within the Shire. The amount per the Shire policy does not fully align with the requirements outlined above under Section 24D.</p>	Non-alignment to Gov't Regulations.	Moderate	The Shire Local Price Preference Policy should be updated to align with the thresholds in the Regulations.	Local Price Preference Policy has been reviewed and will be presented to Council for consideration.	New Local Price Preference Policy Adopted, updated 28/02/2019

IMPROVEMENT OPPORTUNITIES				
ESTABLISHMENT OF PRE-QUALIFIED PANEL OF SUPPLIERS				
Observation	Potential Risks	Recommendation	Management Comment	Progress
<p>It was noted during the audit that the Shire currently does not operate any formal panels of pre-qualified suppliers. Rather, through the years, it has maintained an informal list of suppliers which it has consistently used for recurring needs such as electrical services, painting, etc. Use of an informal list may present the following limitations:</p> <ul style="list-style-type: none"> precludes consideration of other suitable service providers which are new market entrants; rates quoted by known suppliers are often not market tested; and pre-qualified panel provides greater transparency in the selection process and if implemented follows a prescribed set of rules governing how the panel will operate to manage risks and to ensure a more efficient procurement process. 	<p>The following contractors were used multiple times for the period 1 July 2017 to 31 January 2018.</p> <p>Examples:</p> <p><u>Plumbing Services</u></p> <ul style="list-style-type: none"> Andy's Plumbing [43 POs; spend @ \$14,000] Blackwell Plumbing [17 POs; spend @ \$15,500] <p><u>Electrical Services</u></p> <ul style="list-style-type: none"> Grafton Electrics [46 POs; \$22,000] Verlindens Electrical [4 POs; \$11,600] 	<p>It is recommended that goods and services which are:</p> <ul style="list-style-type: none"> recurring, purchased frequently throughout the year; and deemed to be low or medium procurement risk, be considered for establishment as a pre-qualified panel under Division 3 of Regulations. <p>Determination of these services could be based on spend data by service category for the past 2 or 3 years. Any services which are likely to reach \$150,000 however, must undergo a public tender process as per Section 11.</p>	<p>Staff will investigate and establish pre-qualified panels where appropriate.</p>	<p>Limited Progress staff investigating</p> <p>No changes – Have budgeted for vendor panel software, 3/10/2019.</p> <p>Vendor panel software now in place, policy on pre-qualified panels being developed, 25/02/2020</p>

<p>Spend analysis will provide insight into current procurement arrangements and identify opportunities for strategic procurement by spend category such as assessment of sole source arrangements and the use of pre-qualified panels (refer to point 1.0 Establishment of Pre-qualified panels).</p> <p>A regular review will also contribute to the understanding of historical spend patterns and whether anticipated value for money outcomes were achieved, thus providing input into subsequent tender planning processes.</p> <p>Spend analysis will also enable the Shire to benchmark suppliers which provide similar services for the purposes of "value for money" assessment for future reference.</p>	<p>The following examples illustrate the information that was obtained through a quick analysis of spend data from 1 July 2017 to 31 January 2018:</p> <ul style="list-style-type: none"> Glenn Stuart Beveridge @ 9 months is \$91,000; this supplier could reach the \$150,000 threshold if not monitored. Several contractors provide ongoing technical services which require specialist environmental, health and safety knowledge. However, there is no contract or service agreement in place i.e. Avon Valley Contractors, Central Mobile Mechanical Repairs. Avon Valley Contractors; POs for \$8,800 for 3 months has been sole source supplier for hire of graders. 	<p>It is recommended that at least annually, a review is performed by a person independent of the Procurement function of spend by supplier, by service type and other relevant criteria to ensure that overall procurement for goods and services is a strategic activity.</p> <p>Procurement planning may also alleviate the reliance on sole source suppliers if request for goods and services on short notice is minimised.</p>	<p>Procedures will be put in place ensuring suppliers that have recurring purchases that may reach the \$150,000 tender threshold are reviewed annually.</p>	<p>Spend Analysis now being performed as part of EOFY procedures, updated 28/02/2019</p>

BRIEF

To provide Council with an update of the progress made towards the Safety & Risk Management Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the audit undertaken by LGIS in 2014 and 2016 in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Safety & Risk Management Plan.

A. BACKGROUND / DETAILS

The AS/NZS 4801:2001 Audit Report undertaken by LGIS in August 2016 has highlighted significant improvements pertaining to all aspects of Occupational Safety and Health at the Shire of Northam. The total 'average' score for the Shire of Northam was 67% which is significantly higher than the previous audit result of 28% which was achieved in 2014.

As a consequence and to ensure that any shortfalls identified during the audit are addressed, the Safety & Risk Management Plan has been developed to ensure that required improvements are made in a timely manner. This Plan demonstrates the commitment of the Executive team together with the Occupational Safety & Health Committee to the achievement of a safe working environment.

BRIEF

For Council to endorse the OSH Action Plan from the audit undertaken by LGIS in 2019.

This report aims to establish a level of accountability in respect to completing the actions identified in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: OSH Action Plan.

A. BACKGROUND / DETAILS

The 3 Steps to Safety Program Assessment undertaken by LGIS in June 2019 has highlighted significant improvements pertaining to all aspects of Occupational Safety and Health at the Shire of Northam. The total 'average' score for the Shire of Northam was 72% which is slightly higher than the previous audit result of 67% which was achieved in 2016. This however indicates that there is continuous improvement throughout our safety systems when compared to the audit result of 28% in 2014.

As a consequence and to ensure that any shortfalls identified during the audit are addressed, the OSH Action Plan has been developed to ensure that required improvements are made in a timely manner. This Plan demonstrates the commitment of the Executive team together with the Safety team and the Occupational Safety & Health Committee to the achievement of a safe working environment.

OSH Action Plan

Purpose: This plan has been developed in response to step 1 of the 3 Steps to Safety program that was undertaken in June 2019 and outlines the actions to be taken to address areas for improvement. This plan should be read in conjunction with the Verification Report.

Background: The 3 Steps to Safety program was developed to recognise the diversity in WA local government. Encompassing 3 steps: Assess, plan and act, the program uses progressive safety practices to drive safety performance. This OSH action plan fulfils step 2 of the program. Step 3 is the implementation of this plan.

Tier 2 Program Summary

Review: This plan should be reviewed at the Senior Management Group meetings to ensure actions are closed out.

Responsibility: Jason Whiteaker, Chief Executive Officer

Scoring methodology: The following scoring methodology was used in the assessment

Attachment 1: Regulation 17 Review Action Plan. Appendix A, B, & C

A. BACKGROUND / DETAILS

Section 17 of the Local Government (Audit) Regulations requires the Chief Executive Officer to review the appropriateness and effectiveness of the Council's systems and procedures as they relate to the following areas;

- Risk management
- Internal controls, and
- Legislative compliance

The Chief Executive Officer carried out the review internally, the attached report is supplied to Council with the findings and recommendations.

Audit & Risk Management Committee Meeting Minutes
5 March 2020

A report has then been prepared identifying the findings from the review along with recommendations (if applicable). These findings and recommendation have been developed into an action plan and provided in Attachment 1.

BRIEF

This report is to update Council on the progress of the IT Audit Service Report provided by Focus Networks in September 2018.

ATTACHMENTS

Attachment 1: IT Audit Action Plan.
Attachment 2: Disaster Recovery Plan.

A. BACKGROUND / DETAILS

In June 2018 via the audit committee, Council adopted that an internal audit was to be carried out on the resourcing requirements of Council's Information Technology Resourcing. Focus Networks was contracted to carry out a review of Council's IT Infrastructure. There were four objectives noted as requiring attention;

1. Review the Current IT Environment
 - a. Physically inspect certain core IT areas
 - b. Electronically inspect certain core IT areas
 - c. Document current configurations
2. Compare to Industry Best Standards
 - a. Generate a Technology Scorecard
 - b. Generate a priority Timeframes
 - c. Highlight the differences
3. Make Recommendations for the Future
 - a. Rate core IT areas based on risk

Audit Committee Meeting Minutes
5 March 2020

- b. Document areas of concern
- c. Suggest the implications

- 4. Suggest Budget Estimates
 - a. Propose alternative solutions
 - b. High and medium IT areas
 - c. Include hardware/software/labour

The core areas audited and documented where:

- 1. Plans Procedures & Designs
- 2. Environment & Communications
- 3. Computers & Network Hardware

Furthermore, Council's network was hit by a crypto virus on 18 August 2018, this attack highlighted the need for an urgent review of Council's network.

C. OFFICER'S COMMENT

Since the last Cyber-attack in 2018, an agreement has been signed between the Shire and JH Computer Services to provide two levels of support.

Level 1 Monitoring and Maintenance

Examples include but are not limited to:

- Monitoring Server Uptime;
- Being made aware if Server goes offline;
- Monitoring and maintain Backups;
- Monitoring and managing Hard Disk Utilisation;
- Monitoring, notifying and instigating repair of Hardware faults; and
- Checking Windows updates that are required.

Level 2 Support Packs

Such as auditing and review services which include:

- Backup and Disaster Recovery Assessment;
- Network Performance Assessments;
- Virus and Security Assessments;
- Network Hardware Review; and
- Communications Review (ie. ADSL connections)

In the attached table it describes the actions taken by the Shire to address the IT issues raised by Focus Networks.

1	Backups	<u>HIGH</u> Score 1.5	<p>Two backup technologies are used</p> <p>The backup runs daily Monday to Friday and are stored on a share on the NSC-HYPERV physical server. A retention period for NSC-DATABASE could not be documented.</p> <p>A backup exists on the NSC-FILE virtual server and NSC-TS physical server. This backup runs daily Monday to Sunday at 9PM. A retention period of 7 days exists for NSC-TS and 28 days for NSC-DATABASE. These are stored onsite in a fire proof safe right next to the server room. Once a week the hard drives are taken offsite by staff. Notifications are emailed to the ICT shared mailbox.</p> <p>Focus Networks could not confirm failures for the past month.</p>	<p>An onsite and offsite backup and recovery solution should be kept as simple as possible and include the following.</p> <ul style="list-style-type: none"> Onsite and offsite retention of backups Minimum hourly snapshots Hourly daily, weekly, monthly and annual retention periods Regular recovery testing Daily backup notifications <p>It is important to do regular scheduled Disaster recovery testing to ensure all is working as intended.</p>	Executive Manager Corporate Services	Now utilising Acronis, taking multiple daily snapshots as well as offsite backups.
2	Internet Gateway	<u>HIGH</u> Score 1.5	<p>Current firewall offers protection for less than 1% of these vulnerabilities.</p> <p>A Juniper device managed by Telstra is a basic router that offers no security services for Website Content Filtering, Gateway Anti-Virus or Gateway Anti-Spyware (also referred to as Deep Packet Inspection). These security services are supposed to be the first line of defence for incoming Internet traffic.</p>	<p>It is imperative that a deep packet scanning corporate firewall be utilised at all sites for both unencrypted and encrypted traffic providing protection from Internet attacks and misbehaving users. As of today, known virus, intrusion and spyware vulnerabilities are numbered at over 31,000.</p>	Executive Manager Corporate Services	Hardware based deep packet scanning corporate firewall has been implemented via a Fortigate router. This has also allowed us to better manage and monitor our network and circumvent the complications and delays brought about by

3	Anti-Virus	HIGH Score 1	The cloud based solution is used this makes remote agent monitoring and management a little easier. It is confirmed there is a license count of 80 with 75 in use. 17 agents were outdated and ransomware protection was disabled. No scheduled scans have been created for the servers or desktops and no scheduled reporting was enabled. Notifications were set to email ithelp@northam.wa.gov.au	Corporate grade anti-virus and anti-spam protection is a priority and proactive monitoring is required. Weekly scanning and reporting is imperative. A centrally located management console must be used to push out and update all machines at all sites	Executive Manager Corporate Services	the Telstra MPLS side of things. Have upgraded to the latest Trend, WFBS is implemented on servers, all workstations are also using Trend as an anti-spam solution for emails.
4	IT Support	HIGH Score 1	IT support is delivered using a mix of internal resources and an external contractor being PCS. Neither have full visibility of all components and no sharing mechanisms. This can lead to confusion and inevitably a finger pointing exercise. The Telstra MPLS network is fully managed generally locking out the client to making network/security modifications unless a ticket is generated. The response times from Telstra on these tickets can take days/weeks. The Library was following a different strategy and appeared to run under an independent IT model.	A proactive support mechanism implemented with a helpdesk solution should aim at keeping all parties up to date at all times. Helpdesk calls should be updated when a system change is required or when a request is completed. Regular helpdesk reporting can help identify underlying issues and a searching ability should allow engineers to track and troubleshoot problems. Documentation and communication build a strong relationship.	Executive Manager Corporate Services	We now have a ticketing system using Fresh desk as our online ticketing system. Goes to all on the IT team including our external support. The system gives IT staff the ability to monitor and review work history for trends. We also have a support agreement in place with JHCS, whom monitor Councils servers, backups etc remotely.

			<p>Calls for help are not documented in a helpdesk ticketing system. No utilisation statistics can be documented.</p> <p>PCS provide Level 2 and Level 3 remote IT support on an adhoc basis which can total up to 3 hours per week.</p> <p>No remote monitoring or infrastructure maintenance is delivered but after hours support is offered via mobile phone. There are no Service Level Agreements (SLA's) or minimum response times provided and no management reports.</p>			
5	ISP Links	<u>MEDIUM</u> Score 1.5	<p>The Telstra MPLS NBN link uses FTN. This services uploads and downloads speeds are different. The Telstra MPLS NBN link was running at a speed of 43Mbps down and 2Mbps up.</p> <p>The secondary link is a Telstra ADSL link that uses copper. This service is an asynchronous service which means the upload and download speeds are different.</p> <p>The Head office lacks a fast redundant ISP link but this would be due to the design of the MPLS network as the hop off point for the Internet would be in the Telstra MPLS cloud. The NBN FTN disconnection for copper services would affect ADSL services.</p>	Business grade Internet services will offer better contention ratios. Redundant links using different Internet technologies on a corporate firewall can increase uptime and will improve Internet browsing, site to site connectivity or cloud connections.	Executive Manager Corporate Services	<p>MPLS given 30 days notice. We are going with TPG to give us a link to the building. They will replace what Telstra couldn't deliver.</p> <p>We are also in process of linking remote offices with Administration building via own airfibre / wireless links which replace our dependence on NBN and ADSL services.</p>

6	IT DR Plan	<u>MEDIUM</u> Score 0	<p>There is no current IT DR plan. A very basic document called "Information & Communication Technology Strategy 2018-2022" did contain one page on disaster recovery but the content was extremely poor. It was also noted that a document from LGIS called "Crisis Management & Business Continuity response Plan" did exist and referenced the IT DR Plan on page 25 but no current IT DR plan exists.</p> <p>As no plan exists, the organisation is relying on the current backup regime to restore data in the event of a disaster. Unfortunately as recent events have shown, the backup regime was proved to be inefficient.</p>	An IT Disaster Recovery Plan is a key element of business continuity management. It should be clear and concise, focus on the key activities required to recover the critical IT services, be tested reviewed and updated on a regular basis, have an owner and enable the recovery objectives to be met. As part of this exercise a Critical Systems Analysis document is to be completed to document business functions which are delivered using internal and external technologies.	Executive Manager Corporate Services	DRP is presented to the Committee to recommend for adoption to Council. 24/02/2020
7	Strategic IT Plan	<u>MEDIUM</u> Score 0	<p>There is no current Strategic IT Plan. The "Information & Communication Technology Strategy 2018-2022" did contain four pages on strategy but the content was extremely poor.</p> <p>No standard purchasing policy is defined for replacing computers based on time, age or life cycle. No other structured plans are set for larger IT related projects as no particular direction for strategy is defined. Very little detailed technical documentation exists.</p>	There needs to be an overall approach for the selection, use and support of technology that aligns with the client's resources, business needs and processes. A Strategic IT Plan provides direction for addressing both short-term needs and long-term requirements for cost-effective, practical technological solutions.	Executive Manager Corporate Services	The "strategic IT plan" for the last year has been more about recovery and rebuilding the essentials while retaining service delivery but we are now finally in a far better position to develop a broader IT strategy. Identification of priorities has been determined and JHCS, our main ICT support vendor, engaged to assist in what

						needs to be achieved, ongoing 24/02/2020.
8	Windows Updates	<u>MEDIUM</u> Score 1	The two physical servers were last updated on the 19 th of August. As this is a Sunday we assume IT completed the updates. The single virtual server NSC-FILE was last updated on the 21 st of August which places the network at significant risk. All desktops are configured to receive updates through group policy, forcing all machines to update from Microsoft servers. No central WSUS server is present, which places more load on the internet links, and prevents reporting on the current state of patching. All desktops audited had less than 10 important updates pending. No test groups or pilot groups for desktops were evident for updates. This means that all updates are simply installed without testing, which is not recommended.	Microsoft Windows Server Update Services (WSUS) or alternative 3 rd party management tools, enable administrators to deploy the latest Microsoft product updates to computers running the Windows operating system. By using WSUS or these tools, administrators can fully manage the distribution of updates that are released through Microsoft Update to computers in their network.	Executive Manager Corporate Services	Councils ICT provider is now contracted to carry out updates on a regular basis, 26/02/2020
9	Printing	<u>MEDIUM</u> Score 1	Centralised printing is via at least ten printers setup as direct IP printing on Server 2008 R2. The IP addresses used for the network were not all in sequential order. Canon, HP and Brother printers were confirmed onsite no standard purchasing policy exists.	Centralised printing should be implemented to reduce ongoing consumable costs. Highly sensitive printing for the payroll or HR department should be implemented with a private/local printer. Network sharing should always be chosen over direct printing and the secure or distributed option of printing should be investigated.	Executive Manager Corporate Services	A review of printers has been carried out across all operation centres and stand along printers decommissioned where possible being replaced by network printers. 25/02/2020

			No secure print functionality was witnessed on the larger multi function printers.	Locations of printers from an OHS point of view should be addressed for ventilation and noise requirements.		
10	Servers	<u>LOW</u> Score 0.5	Three white box physical servers reside in the server cabinet. They are all configured with redundant power supplies running from a single Eaton UPS. The second Eaton UPS in the rack is faulty and not in use. There is no remote management port options available on these servers. The white box physical servers are not covered under a warranty. Connectivity to the network is 1Gb via a single CAT5 Ethernet cable. Redundant network interfaces are not utilised on all servers	A tier 1 server platform utilising the N+1 architecture delivers an increased uptime by offering redundant power supplies, redundant network connections, onboard remote management and extended warranties.	Executive Manager Corporate Services	Servers have been upgraded and storage increased and connectivity to the network is via managed switches configured to deliver 4Gb (bonded 4 x 1Gb) links. Servers are remotely monitored by JHCS our main ICT support vendor.
11	Local Area Network	<u>LOW</u> Score 1	Three switches are rack mounted in the comms cupboard. Unfortunately all devices are powered by mains power only. A Netgear FS524 24 port 10/100 switch has no ports free. A Netgear Prosafe GS748T 48 port gigabit switch has approximately 8 ports free. A HP J3188A 16 port 10Base-T hub has approximately 10 ports free. One switch is rack mounted in the server rack in the printing room. A Netgear Prosafe JGS524 24 port gigabit switch has 18 ports free.	Managed switches should be backed by a lifetime product warranty. Power over Ethernet (PoE) functionality should be investigated if a VOIP phone system is utilised. Management capabilities (HTTP and SNMP) will also aid in network fault finding and usage reporting. Non managed switches can decrease intelligence and performance. Wi-Fi access points can be configured on different frequency ranges. Each range is divided into channels. Fine tuning can increase performance gains. Wireless network access can also be configured using	Executive Manager Corporate Services	Most gear mentioned in this section of the audit has since been replaced and all of it is now on a UPS. We are now running smart / managed PoE switches and a Fortigate router configured to handle multiple sources of network connectivity, deep packet scanning, VPNs, VLANs, and Wifi hotspots, etc.

			There is no evidence of separated networks (referred to as VLANs).	SSIDs and VLANs for internal use and/or public use.		
12	Uninterrupted Power Supply (UPS)	<u>LOW</u> Score 1	<p>Two Eaton UPS reside in the server rack in the printing room. We are confident that the Eaton 9125 RM UPS is end of life and faulty.</p> <p>No SNMP card or EMP probe for monitoring were witnessed therefore no Eaton shutdown software was loaded to gracefully restart the powered servers in the event of a temperature or humidity rise.</p>	A UPS filters supplied power. Load segments can be defined to shutdown non-critical equipment first. The SNMP protocol is used to record and monitor incoming and outgoing voltages. Most importantly, UPS shutdown software should be installed and configured to shut down the servers gracefully during an extended power outage and power them back on after clean power has been restored.	Executive Manager Corporate Services	The main server and NAS storage and switch is on a managed UPS configured to shutdown the server in the event of an extended outage and its effectiveness was tested (including power down / back on) during a power outage earlier this year. One of the two older Eaton UPS devices has been repurposed to provide protected power to the managed switches and other gear in a separate comms cabinet. The audit assessment of the Eaton 9125 UPS was correct and it has since been decommissioned.

IT Disaster Recovery Plan

Information Technology Statement of Intent

This document delineates our policies and procedures for technology disaster recovery, as well as our process-level plans for recovering critical technology platforms and the telecommunications infrastructure. This document summarizes the Shires recommended procedures. In the event of an actual emergency situation, modifications to this document may be made to ensure physical safety of our people, our systems, and our data.

Our mission is to ensure information system uptime, data integrity and availability, and business continuity.

Objectives

The principal objective of the disaster recovery program is to develop, test and document a well-structured and easily understood plan which will help the company recover as quickly and effectively as possible from an unforeseen disaster or emergency which interrupts information systems and business operations. Additional objectives include the following:

- The need to ensure that all employees fully understand their duties in implementing such a plan
- The need to ensure that operational policies are adhered to within all planned activities
- The need to ensure that proposed contingency arrangements are cost-effective
- The need to consider implications on all Shire sites

IT Disaster Recovery Plan

1 Plan Overview

1.1 Plan Updating

It is necessary for the DRP updating process to be properly structured and controlled. Whenever changes are made to the plan they are to be fully tested. This document is to be reviewed every 2 years.

1.2 Plan Documentation Storage

Digital copies of this Plan and hard copies will be stored in secure locations to be defined by the Shire. Each member of senior management will be issued a PDF and hard copy of this plan to be filed at home. Each member of the Disaster Recovery Team and the Business Recovery Team will be issued a PDF and hard copy of this plan. A master protected copy will be stored within Councils Document Control Register.

1.3 Backup Strategy

Key business processes and the agreed backup strategy for each are listed below. The strategy chosen is for a backup mirrored offsite to be located at Councils External IT provider.

1.4 Risk Management

There are many potential disruptive threats which can occur at any time and affect the normal business process. We have considered a wide range of potential threats and the results of our deliberations are included in this section. Each potential environmental disaster or emergency has been examined. The focus here is on the level of business disruption which could arise from each type of disaster.

Potential disasters have been assessed as follows based on the Shires Risk Matrix:

Potential Disaster	Probability Rating	Impact Rating
Flood	1	2
Fire	2	4
Act of sabotage	1	4
Loss of communications network services	5	2

Risk Matrix, Consequence and Likelihood Tables

Risk Matrix

The following matrix matches the severity of outcomes to the likelihood of occurrence.

LIKELIHOOD	CONSEQUENCE				
	Insignificant (1)	Minor (2)	Moderate (3)	Major (4)	Extreme (5)
Rare (1)	Low	Low	Low	Low	Low
Unlikely (2)	Low	Low	Low	Medium	Medium
Possible (3)	Low	Low	Medium	Medium	Medium

Audit & Risk Management Committee Meeting Minutes

IT Disaster Recovery Plan

Likely (4)	Low	Medium	Medium	High	High
Almost certain (5)	Low	Medium	Medium	High	Extreme

Likelihood Table

Likelihood and frequency of events tend to vary between disciplines and functional areas.

Level	Likelihood	Expected or actual frequency experienced
1	Rare	May only occur in exceptional circumstances; simple process; no previous incidence of non-compliance
2	Unlikely	Could occur at some time; less than 25% chance of occurring or re-occurring; non-complex process &/or existence of checks and balances
3	Possible	Might occur at some time; 25 – 50% chance of occurring or re-occurring; previous audits/reports indicate non-compliance; complex process with extensive checks & balances; impacting factors outside control of organisation
4	Likely	Will probably occur in most circumstances; 50-75% chance of occurring or re-occurring; complex process with some checks & balances; impacting factors outside control of organisation
5	Almost certain	Can be expected to occur in most circumstances; more than 75% chance of occurring or re-occurring; complex process with minimal checks & balances; impacting factors outside control of organisation

If there is an opportunity to make quick changes to the site to mitigate or eliminate immediate risk, these will be taken. The hierarchy of options as per the Hierarchy of Controls in the Occupational Safety and Health procedures.

Elimination- Most effective

Substitution, Isolation or Engineering Controls- Where resource constraints exist.

Use of Personal Protective Equipment and procedural minimisation of exposure- the least effective at minimising risk because they do not control the hazard at the source and rely on human behaviour and supervision.

Consequence Table

The following is a guide to determining consequence. The applicability of the operational definitions of each category of consequence will vary.

Level & descriptor	Health Impacts	Critical services interruption	Organizational outcomes/ objectives	Reputation and image per issue	Non-compliance
Insignificant (1)	First aid or equivalent only	No material disruption	Little impact	Non-headline exposure, not at fault, no impact	Innocent, procedural breach, evidence of good faith, little impact
Minor (2)	Routine medical attention required (up to 2 weeks incapacity)	Short term temporary suspension – backlog cleared < 1 day	Inconvenient delays	Non-headline exposure, clear fault settled quickly; negligible impact	Breach; objection/ complaint lodged; minor harm with investigation
Moderate (3)	Increased level medical attention (2 weeks to 3 months incapacity)	Medium term temporary suspension – backlog cleared by additional resources	Material delays; marginal under-achievement of target performance	Repeated non-headline exposure; slow resolution; Ministerial enquiry/briefing	Negligent breach; lack of good faith evident; performance review initiated
Major (4)	Severe health crisis (incapacity beyond 3 months)	Prolonged suspension of work – additional resources required; performance affected	Significant delays; performance significantly under target	Headline profile; repeated exposure; at fault or unresolved complexities; ministerial involvement	Deliberate breach or gross negligence; formal investigation; disciplinary action; ministerial involvement
Catastrophic (5)	Multiple severe health crises/injury or death	Indeterminate prolonged suspension of work; non performance	Non achievement of objective/ outcome; performance failure	Maximum high level headline exposure; Ministerial censure; loss of credibility	Serious, wilful breach, criminal negligence or act, prosecution; dismissal; ministerial censure

IT Disaster Recovery Plan

2 Emergency Response

2.1 Alert, escalation and plan invocation

2.1.1 Plan Triggering Events

Key trigger issues onsite that would lead to activation of the DRP are:

- Total loss of all communications
- Total loss of power (Admin Centre)
- Flooding of the premises (Admin Centre)
- Loss of a Shire building
- Act of sabotage internal/external

2.1.2 Activation of Emergency Response Team

When an incident occurs the Emergency Response Team (ERT) must be activated. The ERT will then decide the extent to which the DRP must be invoked. All Shire building managers must be issued a Quick Reference card containing ERT contact details to be used in the event of a disaster. Responsibilities of the ERT are to:

- Respond immediately to a potential disaster and call emergency services;
- Assess the extent of the disaster and its impact on the Shire, data centre, etc.;
- Decide which elements of the DR Plan should be activated;
- Establish and manage disaster recovery team to maintain vital services and return to normal operation;
- Ensure employees are notified and allocate responsibilities and activities as required.

2.2 Disaster Recovery Team

The team will be contacted and assembled by the ERT. The team's responsibilities include:

- Establish facilities for an emergency level of service within 2.0 business hours;
- Restore key services within 4.0 business hours of the incident;
- Recover to business as usual within 8.0 to 24.0 hours after the incident;
- Coordinate activities with disaster recovery team, first responders, etc.
- Report to the emergency response team.

2.3 Emergency Alert, Escalation and DRP Activation

This policy and procedure have been established to ensure that in the event of a disaster or crisis, personnel will have a clear understanding of who should be contacted. Procedures have been addressed to ensure that communications can be quickly established while activating disaster recovery.

The DR plan will rely principally on key members of management and staff who will provide the technical and management skills necessary to achieve a smooth technology and business recovery. Suppliers of critical goods and services will continue to support recovery of business operations as the Shire returns to normal operating mode.

2.3.1 Emergency Alert

Audit & Risk Management Committee Meeting Minutes
5 March 2020

IT Disaster Recovery Plan

The person discovering the incident calls a member of the Emergency Response Team in the order listed:

The Emergency Response Team (ERT) is responsible for activating the DRP for disasters identified in this plan, as well as in the event of any other occurrence that affects the company's capability to perform normally.

One of the tasks during the early stages of the emergency is to notify the Disaster Recovery Team (DRT) that an emergency has occurred. The notification will request DRT members to assemble at the site of the problem and will involve enough information to have this request effectively communicated. If required a Business Recovery Team (BRT) will be established, consisting of senior representatives from Shire departments. The BRT Leader will be an executive manager (or their delegate) and will be responsible for taking overall charge of the process and ensuring that the company returns to normal working operations as early as possible.

2.3.2 DR Procedures for Management

Members of the management team will keep a hard copy of the names and contact numbers of each employee in their departments.

2.3.3 Contact with Employees

Managers will serve as the focal points for their departments, while designated employees will call other employees to discuss the crisis/disaster and the company's immediate plans. Employees who cannot reach staff on their call list are advised to call the staff member's emergency contact to relay information on the disaster.

3 Recovery Procedure

3.1 Flood Disaster Recovery

Event	Site destroyed by flood
Mitigation	Backup replication to offsite location and backup NBN internet links at satellite sites.
What to do	Restore servers on hardware located at offsite location and configure remote VPN for users to access data and software.
Expected Downtime	4 business days

3.2 Fire Disaster Recovery

Event	Site destroyed by fire
Mitigation	Backup replication to offsite location and backup NBN internet links at satellite sites.
What to do	Restore servers on hardware located at offsite location and configure remote VPN for users to access data and software.
Expected Downtime	4 business days

3.3 Act of Sabotage

Event	Disgruntled employee destroys data
Mitigation	Regular server backups

Audit & Risk Management Committee Meeting Minutes
5 March 2020

IT Disaster Recovery Plan

What to do	Restore from onsite backups
Expected Downtime	1-3 business days

3.4 Loss of communication or network

Event	TPG network outage
Mitigation	Backup NBN links at each site
What to do	No works required auto failover
Expected Downtime	None

4 Recommendations

1. Office 365 for emails – this will ensure that any downtime is minimised due to any disaster caused above and other.
2. New backup / Disaster Recovery server designed to be hosted at an offsite location to be used to recover all servers. This will ensure if the server rack is destroyed for any reason the downtime can be minimised.
 - a. A backup / DR storage hosted at Create298 or the Recreation Centre would provide for quicker local access to critical data / services in the event of extended network link outages.
 - b. A backup / DR server configured to also serve as an ICT test environment regularly mirrored from the live production environment would not only allow for better change management reducing risk to the live production environment but also would even further minimise downtime by becoming the live production environment in the event of a primary site / server loss.
3. Staff training – Ensure all staff are notified about disaster reporting and procedures to ensure minimal downtime.
4. Creation of a detailed hardcopy of procedures and checklist.

BRIEF

This report is for Council to receive an update on the recommended actions identified in the Parks and Gardens Service Review Report since being received in October 2019 from XYST.

ATTACHMENTS

Attachment 1: Northam Parks and Gardens Review Table.

A. BACKGROUND / DETAILS

Under the direction of the CEO, staff called for quotes from suitably qualified consultants to conduct an audit of our service provision in the Parks and Gardens area.

In November 2018 the Executive Manager Engineering Services and the Governance Officer met with Mr Brian Milne from XYST Australia P/L to discuss an audit of the Shire's Parks and Gardens Service Area and current service levels. The Audit was designed to provide both Senior Staff and Council with an additional element of reassurance by means of a performance review versus the expenditure.

XYST were engaged to perform the following scope of works:

- Review existing documentation relating to parks asset management, open space planning and service delivery;
- Undertake individual office and site-based meetings with each of the Parks and Gardens management team to identify strengths and weakness and opportunities for improvement;

Audit & Risk Management Committee Meeting Minutes
5 March 2020

- Run a full day workshop with Parks and Gardens Management and team to identify a comprehensive business improvement program;
- Identify training with discussion to develop initial framework for operational levels of service in focus areas;
- Identify possible solutions, priorities and required resources;
- Document a recommended improvement program and action plan;

C. OFFICER'S COMMENT

A performance quality assessment was undertaken of operations and maintenance standards across 15 parks. A typical performance target is 85% and Northam is performing above this level at 90%.

There are some areas of improvement required such as garden maintenance and some general maintenance. At 70% we provide a higher number of playgrounds but less youth facilities than some other councils who would be considered our peers.

However, we have a higher ratio of grass sports fields being 1.42 per thousand residents compared to the average of .98 per thousand residents.

The Shire's total expenditure budget of \$132.90 per capita is consistent with our peer groups.

The Best Practice scores indicate room for improvement in some areas whilst other areas are equal to or better than average.

The audit findings will be used to further develop the pending Parks and Gardens Asset Management Plan and the associated service levels. This will be presented to Council for adoption prior to the end of this financial year.

1.	Collection of money The daily banking sheet is not signed by the preparer, nor is there evidence of independent review.	Money going astray without record	Moderate	Daily bank reconciliations should be consistently prepared, signed by the preparer and adequately reviewed on a daily basis by an independent senior management staff member. The daily banking reconciliation should be signed as evidence the independent review has occurred.	The daily banking is prepared by an Administration Officer. The amounts are checked during the Bank Reconciliation process daily. The Bank reconciliation process is undertaken by the Senior Finance Officer or Rates Officer the following day to ensure the amounts match the bank statement in a timely manner. BRIEF

To provide Council with information pertaining to the organisational risk register

ATTACHMENTS

Attachment 1: Overdue Non-compliant Risks.
Attachment 2: Risk Register.

A. BACKGROUND / DETAILS

The Shire of Northam have an organisational wide risk register which has been developed over a period of time. Council has been advised previously that the management of risk is an area which has been under developed within the Shire of Northam and an area which was receiving a focus to ensure the Elected Council was aware of the identified risks and treatments strategies in place.

To assist in the effective management of risk the Shire of Northam are using the Promapp system, which allows for recording of organisational risks and the tracking of the associated treatment actions.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

BRIEF

This report is to provide Council with an overview of the Shire's monthly compliance activities.

ATTACHMENTS

- Attachment 1: December 2019 Compliance Calendar.
Attachment 2: December 2019 Creditors Checklist.

A. BACKGROUND / DETAILS

Under the Local Government (Audit) Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December of each year. The Shire of Northam considered ways of ensuring this compliance was met on a monthly basis and to fulfil this role, commenced a monthly Compliance Calendar.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Provide outstanding customer service.
Maintain a high standard of corporate governance.

B.2 Financial / Resource Implications

BRIEF

This report is to assist Council to adopt the 2019 Compliance Audit Return (CAR).

ATTACHMENTS

Attachment 1: 2019 Compliance Audit Return

A. BACKGROUND / DETAILS

Under the Local Government (Audit) Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December of each year. The certified return should be submitted to the Director General, Department of Local Government and Regional Development by 31 March each year.

The Compliance Audit Return must be:

1. Presented to Council at a meeting of the Council;
2. Be adopted by the Council; and
3. Recorded in the minutes of the meeting at which it is adopted.

In relation to the year 2019 a copy of the return is to be submitted for Councillor's perusal, comment and adoption prior to 31 March 2020. It is necessary for the Shire President and the Chief Executive Officer to sign off the return as a certified copy.

The 2019 Compliance Audit Return has been completed in house, with the CEO and senior staff reviewing and approving the completed return. The compliance review process provides both the CEO and the Council with an

C. OFFICER'S COMMENT

The standard of compliance in 2018 was in general extremely good. Each year the Shire strives to improve the services it provides to stakeholders both internal and external. The 2019 CAR is a further improvement on previous years.

This year there were eleven (11) categories with a total of one hundred and four (104) questions.

1. Commercial Enterprises – As there were none for 2019 there is 100% compliance.
2. Delegation of Power/Duty – There was 100% compliance
3. Disclosure of Interests – There has been a 94.7% compliance
4. Disposal of Property – 100% compliance
5. Elections – 100%
6. Finance – 100% compliance
7. Integrated Planning and Reporting – 100% compliance
8. Local Government Employees – 100% compliance
9. Official Conduct – 100% compliance
10. Optional Questions -
11. Tenders and Providing Goods and Services – 100% compliance.

In relation to Disclosure of Interest item 14, the reason we were not compliant on this occasion is that two officer's names were left in the Annual Returns register after their employment with the Shire came to an end. One officer left on 24 December 2019 and therefore was not removed due to office closures and annual leave and the other officer was a casual whom has not returned to work and may or may not be used in the future.

C. OFFICER'S COMMENT

The 2019/20 season has been a busy one out in the Goldfields, but closer to home it has been relatively mild considering some of the conditions we have had.

This season seen an increase in the fire danger ratings, which resulted in Total Fire Bans (TFB) being declared from early Nov onwards, with an marked increase in the triggers being met for Harvest, Vehicle Movement & Hot Works Bans (HYMB) being declared also.

That being said, the brigades have certainly been relatively busy still with some brigades well on their way to a standard season.

Our current incident attendance summary figures for the year to date are below,

Inkpen – 11

Wundowie BFB – 5

Bakers Hill – 22

Clackline – 16

Central – 20

Irishtown – 12

Southern Brook - 3

Grass Valley – 18

There has also been a noticed increase in the training sessions at each brigade which is fantastic to see.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

PPC – Almost all PPC should have been delivered by now, some orders took a while to be delivered which has been unfortunate due to the high demand from other local governments, but staff have implemented some steps to ensure that next years PPC orders are completed no later than July to ensure a targeted delivery of September/October moving forward.

Static Water Supply connection issues - A lesson learned from a fire early in the season was that a lot of our appliances lacked the resources to connect to the static water supplies that are strategically dotted around the Shire. The first round of couplings to each appliance has been delivered, and with a 2nd coupling on its way, each appliance will no longer have difficulties in drafting from any of our tanks.

Staub tyre deflators – There was an incident in January where a heavy appliance utilised their tyre deflators on the fire ground, which resulted in the tyre being underinflated due to incorrectly calibrated equipment that resulted in a tyre rolling off the rim.

All tyre inflators from our fleet have been recalled, and the delivery of new, calibrated deflators to every appliance has been completed. It is important that these kits are checked with your weekly VPOWER checks to ensure the kit is intact and not missing any parts, but please ensure that all members are aware that these cannot be altered, as they are calibrated to the appliance type and any tampering/adjustments will risk damage to the tyres. Please ensure all members are aware that these have been pre-set and are maintenance free.

2019/20 – LGGS

The Local Government Grants Scheme (LGGS) funding round is currently being completed.

The main items that we are requesting feedback from brigades on is electronic roller door motors, as a direct result of several near misses that had the potential to cause injury when the doors dropped down as the appliances pulled out of the stations, as well as several occasions of the drums becoming unspooled.

Justification has been provided to the LGGS committee for the allocation of funds to install the door motors in Grass Valley, Clackline & Inkpen Fire Stations, Staff will update on the progress once the Committee has made a decision.

Inkpen BFB – we have applied for a total off grid power solution due to the building only being able to support 12v systems unless the generator is running.

This would restrict the installation of CCTV and alarm systems at this location so an alternative solution is being researched.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

CCTV & Alarm systems – Staff have requested pricing for the supply and installation of CCTV (4 camera) and basic alarm system to be installed on each station. As part of this works, consideration will be given the possibility of installing a FOB key system on each station that could eventually replace the need for pin code systems, and enable easier access management once a member leaves.

Will discuss further with the LGGs committee and will report back at later date.

Cel-fi – Mobile Phone Reception Boosters – Due to the various black spots in the district where radio communication can be inconsistent, for funding to install Cel-Fi boosters on all heavy appliances in the 2020/21 has been included in the current application. This is to provide members with a redundancy should the radio network suffer from interference or for any 'offline' discussions that may not be appropriate to discuss over the unsecured radio network back to the control point.

Will update our members if the grant request is successful.

Washing Machines – In the interest of ensuring volunteers have access to cleaning facilities to keep PPC clean and prevent potentially harmful carcinogens from contaminating private vehicles/property, washing machines are requested for each fire station for members to use as required at their discretion.

Bakers Hill 4.4 – In accordance with the Council endorsed Resource to Risk document, and adopted 5yr plan, staff will be applying for the Bakers Hill 4.4B, Dual Cab appliance.

Northam Central 12.2 – The R2R outlines the Northam Central BFB to be allocated a 12.2 in 2022, staff will be applying for a 12.2 in the 2020/21 LGGs application to get the ball rolling, anticipated delivery on a successful application will be close to the 2022 period.

Bush Fire Manual – At a recent workshop to review the Bush Fires Manual, it has been identified that there is a few items that need further discussion prior to making a formal submission to Council.

It is proposed that another workshop(s) will be required to further review and discuss each section of the manual to ensure that the manual remains a valuable resource of information for brigades and their members. Full details will be provided at June BFAC for Council consideration

C. OFFICER'S COMMENT

Well to say it has been a fortunate season to date is probably an understatement, particularly given the unprecedented weather we have faced. I believe this season DFES has placed more Total Fire Bans than any previous season in recent memory, with conditions drier than they have been for at least the past five seasons.

Even still, those incidents that we have had, through the quick response and dedication of our members, we have been able to get on top of quickly. We have also been able to assist with a number of incidents in our neighbouring Shires along with numerous members deploying to fires in the Goldfields and the Eastern States. I thank each of you for your work and dedication to the community.

However I am ever mindful that it only takes one incident to shape the season, and while we have had rain in recent weeks, the risk of the season is far from over. The scenario evening held in late February for our Lieutenants, BFCO's and Captain's showed how incidents can escalate quickly with dire consequences at a range of times of the year. I thank those who attended this event – it was well supported and the feedback strongly indicates a desire for this to become a regular on our calendar. I will also be making the scenarios available to Brigades should they wish to run them at a Brigade level.

Since stepping into the Chief role, I have enjoyed getting around to all Brigades to meet and discuss challenges and issues with you. I have also travelled to many areas of the Shire I had not previously been, with plenty of back roads still to be travelled. I thank Brigades for their support over this time.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

Clearly the situation we found ourselves in as a collective, with no one willing or able to take of the Chief role, is not ideal and we must collectively work to find a solution moving forward. The Shire must take an active role in this process as well – not only when the issue comes to a head.

From my early perspective I see a few challenges and issues that have led to this result, with the three main being:

- 1) We have lost the depth of **BFCO's** we once enjoyed across the Shire. Given that the Chief and Deputy roles come from the **BFCO's**, it is unsurprising that a lack of one causes issues with the other. There are many contributing factors – bureaucracy, a loss of purpose/purpose being stripped away, aging membership base, etc. I want to make it clear to all that I believe that having active **BFCO's** across our Shire is essential. These roles are important, and I am determined to ensure that those that need to hear that do.
- 2) The role of the Chief has evolved/being lumbered with too much work and responsibility that it makes it difficult for a volunteer to take on such a task. It is early days for me to see what can be pushed back on or passed on but this must be a priority. The Shire needs to step up and take some of the load, we must find easier ways to achieve the same outcome, and we need to develop a support team (Deputies, **BFCO's**, Weather Officers, CESM etc) around the Chief that can help share the load. I have been pleased to see some support from the Shire since my appointment
- 3) Training. I believe that we would all inspire for our senior roles to be highly trained, although I think we'd all agree the experience is equally or more important. However, as volunteers, it can be unreasonable to expect people to be fully trained on day one, for roles that they are often coerced into undertaking or are the last to look away during a meeting. Sometimes it may take a number of months or even until the following season to be able to get the training undertaking due to scheduling issues, lack of courses run etc. During this time we must do our best to encourage our volunteers and mentor them, not push them away because they don't have all the training. We also need to work hard to make the training work for our volunteers, not the other way around.

I hope to try to focus on improving these issues, with **Brigades** support, as we move forward.

I am also keen and hopeful to pivot back to **Brigades** members and the **BFCO's** running more incidents, with the Chief and Deputies either only being there in support or not at all. This won't happen overnight, and requires strong communication, but I believe is important to occur.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

At a Brigade level some of the key issues that are being faced include:

- Delays in receiving PPE/PPC. This is something that I have discussed with the CESM/Shire and I believe that mostly resolved for the current season, but this is clearly something we must work to improve at all levels. In particular, when we get new members, we must keep that momentum of interest going in those first few critical months with training and uniforms
- The CESM has pleasingly been able to invest heavily in repairs and maintenance of our appliances over the past year, combined with the reshuffle that occurred out of the R2R. With the positives, there has also been some teething issues with changes in suppliers etc, but I believe most of these issues have now been resolved or at least are closely being monitored
- A lack of new members. This is not a new issue and certainly isn't isolated to volunteer fire brigades, but this does not reduce its impact on our Brigades and our ability to protect our communities. As such, I call upon interested representatives from Brigades to join a working committee to both identify any impediments to new members and keeping existing members, as well as identifying opportunities to recruit new members to our service
- Buildings – Northam Central has been working hard to source a suitable medium term location to which to base the Brigade out of. Wundowie BFB is currently located within a facility that does little to encourage membership of this up-and-coming Brigade. Both Brigades are actively working to resolve their situations. Bakers Hill BFB new station has recently been out to tender, and will hopefully start progressing quickly over the coming months.

I think most would agree that the Central BFB has progressed very well this past year, driven by Murray. Well done to all involved. What I found having now been involved in turning our Brigades to incidents is that at times it seems more appropriate to turn-out Central to a small incident on the outskirts of town, then the Brigade who's official area it is as they are likely further away. Currently my approach has been to turn out both (often with Northam VFES in addition) which potentially becomes overkill. Am interested in feedback from Brigades on how this should be approached.

So again, thank you to our Brigades for the work that you have and continue to do.

Regards
Chris

C. OFFICER'S COMMENT

On Tuesday 11th Feb 2020, a workshop was held in Council Chambers for the purpose of reviewing the current firebreak and fuel load notice to ensure it met community expectations, and to ensure that there was clarity around some of the provisions of the notice.

All brigades, including both the Northam & Wundowie VFRS were invited to attend, those present at the meeting were

Steve Gray – Bakers Hill BFB

Kris Brown – Bakers Hill

Paul Reynolds – Grass Valley BFB

Angus Cooke – Grass Valley

Murray McGregor – Irishtown & Northam Central BFB

Nic Dewar – Inkpen BFB

Neil Diamond – Inkpen BFB

Chris Marris – Shire of Northam – CBFCO

Feedback was also received and discussed from Scott Horlin – Northam VFRS.

The main areas of change proposed include the following:

Fuel Loads

There was discussion around the fuel load requirements for remnant vegetation on properties to maintain a fuel load below 4 ton per hectare as the existing requirement of 8 ton per hectare raised concerns about being too high. Further information was sought and after clarification that to maintain fuel loads below 4 ton/hectare would require almost a bare earth policy for all bush blocks, and blocks with remnant vegetation Staff recommended to the meeting that the fuel load requirements remain at 8ton/hectare however staff

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

have also provided a definitions section to the notice which was previously not provided to ensure clarity about fuel load assessments.

Firebreaks

The fire break requirements were clarified in section 5 of the document to ensure that the notice ensured clarity for compliance purposes whilst also aligning with community expectations.

Variations (Section 7)

Modified to provide clarity around variations, and ensure that mitigating circumstances are considered when dealing with property owners.
The variation order provides clarity around the variation process.

Burning of Garden Refuse (Section 8)

– it was voted at the workshop that pursuant to S24F, it would be prohibited to conduct 1m³ refuse burning within the Shire of Northam in the restricted period following the prohibited burning period due to the high risk of fire escaping, S8 is also ensuring that the requirements of refuse burning are aligned with the requirements of the Bush Fire Regulations 1954 (15B).

Cooking and Camping (New Section 10)

In the past there has been confusion around what is or isn't allowed during the prohibited burning period in relation to camping and cooking fires.
Discussions were had around what is and isn't allowed under the act, and what appliances constitute a fire in the open air.

Harvest, Movement of Vehicles and Hot Works Ban (Section 12)

Modified to ensure that wording used aligns with the Bush Fires Act 1954 and is clear, concise & most importantly, enforceable during a Harvest, Vehicle Movement & Hot Works Ban.

Additional Works (Section 13)

this was revised to ensure that clarity was provided around the provisions of a notice additional to the Fire break and Fuel load notice under S33, the wording has been aligned to reflect the intent of s33 Bush Fires Act 1954.

Definitions (new section)

This was additional to the standard notice to ensure that clarity is provided around specific points within the notice to ensure that the notice is easy to understand by community members, and assist members of the public with compliance under the terms of this notice.

BUSH FIRES ACT 1954

Firebreak and Fuel Load Notice

Shire of Northam

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954* (as amended), notice is hereby given to all owners and occupiers of land within the Shire of Northam adopted the following requirements as a measure to assist in the control of bush fires, or preventing the spread or extension of a bush fire which may occur within the Shire.

All owners and/or occupiers of land within the Shire of Northam are required to carry out fire prevention work in accordance with this notice by 1 November each calendar year and maintained until 30 April the following calendar year, or within 14 days of becoming an owner or occupier of land if after that date, to comply with the requirements set out in this notice.

FAILURE TO COMPLY WITH THE REQUIREMENTS OF THIS ORDER MAY RESULT WITH THE ISSUE OF AN INFRINGEMENT NOTICE PENALTY \$250.00 OR PROSECUTION IN A COURT OF LAW WITH A MAXIMUM PENALTY OF \$5,000 AND BE LIABLE WHETHER PROSECUTED OR NOT TO PAY THE COSTS OF PERFORMING THE WORK DIRECTED BY THE NOTICE.

1. Building Protection Zone

The Building Protection Zone is an area of very low fuel levels and managed vegetation 20 metres out from habitable buildings (As defined in the Residential Design Codes of WA and in AS 3959) and must meet the following requirements,

Habitable building means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports, verandas or similar roofed structures that are attached to, or within 6 metres of, the dwelling or primary building.

- Building Protection Zones for habitable buildings must extend a minimum of 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building.
- On sloping ground the Building Protection Zone distance shall increase at least 1 metre for every degree in slope on the sides of the habitable building that are exposed to down slope natural vegetation.
- Building Protection Zones must consist of non-flammable managed vegetation, reticulated lawns and gardens and other non-flammable features.
- All grass in Building Protection Zones must be maintained to or under 5cm in height.
- Fuel loads within Building Protection Zones must be maintained at 2 tonnes per hectare or lower.
- The crowns of trees must be separated to create a clear separation distance between adjoining or nearby tree crowns. The separation distance between tree crowns is not required to exceed 10 metres.
- A small group of trees within close proximity to one another may be treated as one crown provided the combined crowns do not exceed the area of a large or mature crown size for that species.
- Trees are to be low pruned (or under pruned) to at least a height of 2 metres from ground.
- No tree, or shrub over 2 metres high are to be within 2 metres of a habitable building.
- Trees and shrubs over 2 metres high must not be planted in groups close to the habitable building and there must be a gap of at least 3 times the height (at maturity) of the shrub away from the habitable building.
- There must be no tree crowns or branches hanging over habitable buildings.
- Firewood and flammable materials must be stored 20m from habitable buildings.
- Driveways and access ways are to be a minimum of (3) metres wide with a vertical clearance of (4) metres to allow for the safe passage of a fire appliance to all buildings and assets on the land.

JASON WHITEAKER, Chief Executive Officer

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

DEFINITIONS

For the purpose of this Notice the following definitions apply:

Alternative Arrangements includes a variation as defined in Section 7 of this Notice to reduce and mitigate fire hazards within a particular subdivision, lot or other area of land anywhere in the district.

Authorised Officer means an employee of the Shire of Northam appointed as a Bush Fire Control Officer pursuant to the powers conferred in Section 38 of the Bush Fires Act 1954.

Firebreak means a strip or area of trafficable ground, which is at least two (2) metres wide for cropped/subtle areas, or Three (3) metres wide for bushland/remnant vegetation areas with a minimum height of four (4) metres, which is kept and maintained totally clear of all inflammable matter. Such firebreaks may be constructed by one or more of the following methods: PLOUGHING, CULTIVATING, SCARIFYING, RAKING, BURNING, CHEMICAL SPRAYING OR OTHER METHOD as approved by an Authorised Officer. In agricultural areas it is considered acceptable if a vehicle can travel through crop area within 10m of the property boundary to traverse around low branches or limbs.

Flammable Material means any plant, tree, grass, substance, object, thing or material that may or is likely to catch fire and burn or any other thing deemed by an authorised officer to be capable of combustion.

Solid Fuel means any fuel other than gas for cooking/camping, such as, wood, coal, BBQ briquettes

Fuel Depot / Fuel Storage Area means an area of land, a building or structure where fuel, ie (petrol, diesel, kerosene, liquid gas or any other fossil fuel) is kept in any container or manner.

Fuel Load is the leaf litter on the ground inclusive of leaves, twigs (up to 6mm in diameter) and bark. A litter depth of 5mm from the top of the layer to the mineral earth beneath is indicative of approximately 2.5 tonnes per hectare. A litter depth of 15mm from the top of the layer to the mineral earth beneath is indicative of approximately 8 tonnes per hectare. The Shire of Northam can provide advice on determining fuel load levels further information is available [here](https://www.dfes.wa.gov.au/safetyinformation/fire/bushfires/VisualFuelLoadPublications/VisualFuelLoadGuide%20Swan%20Coastal.pdf)

<https://www.dfes.wa.gov.au/safetyinformation/fire/bushfires/VisualFuelLoadPublications/VisualFuelLoadGuide%20Swan%20Coastal.pdf>

Habitable Buildings means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports verandas or similar roofed structure(s) that are attached to, or within 6 metres of the dwelling or primary building.

Maintaining Fuel Loads relates to the management of leaf litter as described in this Notice. Reducing fuel load levels does not necessarily require the removal of existing natural vegetation. A combination of methods can be utilised inclusive of safe burning, raking, weed removal, pruning and/or the removal of dead plant material.

Managed Vegetation includes vegetation that is pruned away from buildings, under pruned to minimise contact with ground fuels and that is kept free of dead suspended matter such as twigs, leaves and bark.

Trafficable means to be able to travel from one point to another in a four-wheel drive fire appliance on a clear surface, unhindered without any obstruction that may endanger such fire appliances. A firebreak is not to terminate, or lead to a dead end, without provision for egress to a safe place or a cleared turn around area of not less than a 20 metre diameter.

Vertical Axis means a continuous vertical uninterrupted line at a right angle to the horizontal line of the firebreak to a minimum height of 4 metres from the ground.

7. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

7.1 PROPOSED REINSTATEMENT OF 07.30 SKEDS ON CHANNEL 329

BACKGROUND

The Clackline / Muresk volunteer bush fire brigade proposes that the 07.30 skeds on channel 329, as trialled over the past six weeks, be formally reinstated as a community benefit for all Northam volunteer brigades as a medium to share intelligence, information and news.

MOTION / COMMITTEE DECISION

Minute No: BFAC.245

Moved: Mr Blair Wilding

Seconded: Mr Nic Dewar

That Council reinstates the 07.30 skeds on channel 329, as trialled over the past six weeks.

CARRIED 10/0

OFFICERS COMMENT

Officers support further discussions around the reinstatement of the morning Sched calls in principal if the brigades are in support. There needs to be some clarification around the issues with the use of radios generally.

The WAERN Radio Network and associated infrastructure is owned and operated by DFES and provided to the region for operational use. All frequencies that form part of the network are licenced to DFES and access is as per DFES Operational Communications policies.

Channel 43/329 is one of the local channels provided by DFES for operational use only, all communication resources are for multi-agency use under the new communications plan.

All radio traffic must not interfere with another agencies operations on the designated frequency/channel, as operational requirements always take priority in accordance with DFES policies & procedures regarding operational communications.

The WAERN network and associated communications resources is owned and maintained by DFES, and any decisions around the future of the sched

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

calls and access to the network will need to involve DFES as the resource owner.

Notwithstanding the above comments should BFAC support the continuation of the sched calls then staff suggest that they be reinstated until such time as further information is provided by DFES. At this stage staff do not believe that a resolution of Council is needed if the majority of BFAC representatives are in support.

7.2 WUNDOWIE BFB FIRE STATION

BACKGROUND

The Wundowie BFB requests the Shire of Northam to submit an application for the supply and installation of a 2 bay facility plus amenities on the 2020/21 LGGS application.

The brigade has identified 2 locations as potential sites, however only one is shire owned as outlined in the Shire of Northam R2R document.

- Location 1 - Reserve 33673, Leschenaultia Road Wundowie (Adjacent Shire Depot)
- Location 2 - Lot 103 McMullen Rd Wundowie, however would require acquisition of the title from Mr Pearce, this site would keep all the emergency service groups in the 1 precinct.

Location 2 is the preferred site for the new Wundowie BFB Fire Station

MOTION / COMMITTEE DECISION

Minute No: BFAC.246

Moved: Mr Mathew Macqueen

Seconded: Mr Rob Herzer

That Council

- Initiates discussions with Mr Bill Pearce around the brigades proposal for the preferred location of the new station on Lot 103 McMullen Rd Wundowie.
- Includes the application for funding of a 2 bay facility plus amenities in the 2020/21 LGGS application.

CARRIED 8/2

OFFICERS COMMENT

Staff are supportive of the brigade's desires to construct the new facility at Lot 103 McMullen Road.

Staff also support the location of a shed on the site of the current Wundowie VFRS site however understand that significant discussions and negotiation would need to be conducted to enable this to occur.

Discussions will need to be had with Mr Pearce about the proposal to gain his thoughts on the idea. If this is the preferred location and agreement is

Bush Fire Advisory Committee Meeting Minutes

obtained by the landowner there are a number of processes that need to be followed (including survey, subdivision etc.) that will take several months to complete.

In the interim staff will include the request for a 2 bay facility plus amenities in the 2020/21 LGS application.

7.3 GRASS VALLEY BFB – BUSH FIRE CONTROL OFFICERS

BACKGROUND

Mr Lloyd and Mr Reynolds were previously put forward as BFCO's by the Grass Valley BFB (along with Mr Chris Marris) for the 2019/20 fire season.

They were endorsed by BFAC and subsequently the Shire of Northam Council to be appointed subject to the successful completion of the minimum training requirements. These minimum training standards have not been able to be met, despite a willingness and effort by both gentlemen to undertake the training, and thus their appointment remains outstanding.

Both gentlemen have previously operated as BFCO for the Shire of Northam for an extended and continuous basis prior to the 2019/20 fire season.

The outstanding training courses are as follows:

Philip Lloyd - Structural Firefighting (FYI has completed intro to structural firefighting)

Paul Reynolds – Sector Commander

In consultation with the Grass Valley BFB Training Officer, these gentlemen organised minimum numbers of volunteers needed to run both courses, with multiple dates proposed to DFES. DFES was unable to organise training for the requested dates nor provide alternative dates that they could provide a trainer. Follow-up requests by the brigade to the CESM for this training has been unsuccessful as DFES trainers are dealing with the current fire season. Furthermore, there is no current training scheduled for these courses locally as of time of writing. Both gentlemen are committed to do the training locally, at mutually suitable dates.

With the elevation of Mr Marris to the CBFCO role in late 2019, and the inability for Mr Lloyd and Mr Reynolds to get training run, there is now no standard BFCOs in the Grass Valley, Southern Brook and Jennapullin fire districts, with Rob Herzer (Irishtown) being the nearest BFCO. The role of CBFCO involves an element of review (i.e. of permits) and thus the CBFCO should not be issuing all permits for the east of the Shire by default. It is also a heavy burden for Mr Herzer to not only service the Irishtown district, but also the entire east of the Shire. It also risks local knowledge being lost/not applied.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

MOTION

Moved: Mr Sam Moss

That Council appoint Mr Philip Lloyd and Mr Paul Reynolds as Bush Fire Control Officers for the remainder of the 2019/2020 fire season for the Shire of Northam.

MOTION WITHDRAWN

Clarification was sought in relation to the training being held over the coming months. Mr Darrell Kramar advised that DFES can hold additional training sessions if there is enough demand and can also be flexible for these, eg; hold them in the evening.

Mr Darrell Kramar requested a few dates be provided. Mr Sam Moss advised that he would provide dates for their members to attend training and withdrew his motion given that they have already been appointed as FCO's subject to meeting the training requirements.

OFFICERS COMMENT

Staff acknowledge Mr Reynolds & Mr Lloyds attempts during 2019 to attend the courses required for them to be appointed as active BFCO's as per council resolution from the June 2019 BFAC.

All BFCOs were provided a list of any outstanding courses they required after the June 2019 BFAC, as was the case in 2018.

There has been numerous opportunities since Council Decision C.248 on 15 July 2015 for any existing & future BFCOs to attend regional training occurrences in an effort to meet the minimum training requirements as endorsed by Council.

The two courses required to be completed are currently in the Training calendar to be run in July (York) and August (Inkpen) for Structural Firefighting and June (Northam) for Sector Commander. Obviously these are not before the commencement of the current restricted fire season but can be completed before next restricted season.

In the past Council have appointed permit only BFCO's, however this not a designation recognised under the Bush Fires Act 1954.

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

This specific issue was discussed at a recent BFCO meeting and a possible scenario discussed was the Shire Rangers could process and authorise permits to burn, only after consultation with the Brigade Captain of that area, therefore reducing the administrative burden on volunteers. Most of the BFCO's were in favour of this solution as a short term fix to enable members to continue to upskill in an effort to meet the training requirements.

Processing of permits is already an internal process due to the online permit system, this option was a way of ensuring the administrative task of issuing the permits to the applicants was completed with minimal impact on volunteers.

9.2 PPE FOR NEW MEMBERS IN TRAINING TO BE HELD BY SHIRE OF NORTHAM

BACKGROUND

Mr Steve Gray moved a motion for Council to order ten sets of PPE to be purchased and held by the Shire as loan uniforms for new members to ensure members have uniforms for training should there be a delay in receiving member ordered uniforms.

MOTION

Moved: Steve Gray

That Council order ten sets of PPE to be purchased and held by the Shire as a loan for new members.

MOTION WITHDRAWN

Bush Fire Advisory Committee Meeting Minutes
10 March 2020

Clarification was sought around the need to hold extra PPE as loan items for new members. The Community Emergency Services Manager advised that the Shire does hold an amount of uniforms so new members can be given uniforms as quickly as possible, a range of standard sizes are held by the Shire. The Community Emergency Services Manager advised that the cost to fit out a new member in a uniform is approximately \$1900 so a full selection of all sizes cannot be held. Mr Steve Gray withdrew his motion as there is already a selection of standard size uniforms available through the Shire by contacting the Community Emergency Services Manager.

OFFICER'S COMMENT

Staff have engaged the CCD Alliance to provide technical advice and to assist in tender preparation. CCD Alliance and SGT Sarah Clarke met with Colin Young and Jaime Hawkins to discuss preferred locations and ensure that the required outcomes were clear. The group later inspected the preferred locations for infrastructure and limitations due to landscaping or other infrastructure obscuring the view of the proposed cameras.

CCD Alliance did a further site visit to conduct a lighting survey at all the locations after hours, from which the technical requirements for the CCTV system was developed and provided to both SGT Sarah Clarke and Colin Young who are happy that the requested outcomes were met.

In total 11 Cameras have been recommended plus a new Network Video Recorder (NVR), that will service both the existing 5 cameras, the 11 new cameras and allow for expansion of an additional 8 cameras.

The proposed locations are;

Camera	Location
1	Hawke Ave Coates Intersection
2	Hawke Ave Werribee Intersection
3	Banksia Ave PTZ

11	Youth Precinct Overview 2

Cameras 3, 4 & 5 are proposed to be located in the roundabout in the middle of the Boronia and Banksia roads intersection. These cameras are critical to meet the desired outcomes of the CCTV project, as such it is recommended to Council that the current Oak Tree in the middle of the roundabout be removed. It is noted without the removal of the Oak Tree an additional 2 poles would be required at an estimated cost of 50k, it should be noted that even with the 2 additional poles the coverage would be compromised as to that of the 1 pole in the centre of the roundabout.

DISCUSSION:

Mr Colin Young provided an update on the Wundowie CCTV project and discussion on the proposed removal of an oak tree in the centre of the roundabout at Boronia and Banksia Rd intersection. The removal of the tree is necessary to capture all directions, as this is an integral location within the CCTV setup.

- Mr Attila Mencshelyi questioned if there were alternatives to removing the tree. Mr Young advised that to capture the same vision 3 poles would be required, as opposed to one, costing approximately \$50,000.
- Mr Young advised that the roundabout would be re-beautified with plantings around the pole.
- Relocation of the tree is an option the Shire will be investigating. The costs of this are unknown at this stage. The Shire Parks & Gardens staff have estimated that the tree would have a 50% chance of survival if relocated.

A. BACKGROUND / DETAILS

The Shire of Northam Community Safety and Crime Prevention (CSCP) Plan 2017-2021 is a four year strategic outlook for the Shire of Northam that aims to map the issues of primary concern to the community and document the strategies and partnerships to deal with these issues.

Together with key partners, the Shire of Northam is committed to ensuring continual improvements to community safety with a particular emphasis on minimising the occurrence and opportunity for antisocial and criminal activity.

The CSCP Plan 2017-2021 has brought all of the current data together to help the Committee to understand "what is the Northam story". This will help the committee to reconcile where the facts and the perceptions differ.

B. CONSIDERATIONS

C. OFFICER'S COMMENT

The Shire of Northam's Community Development Officer will provide an update on recent activities.

Criminal or Offending Behaviour

Community Safety Committee Meeting Minutes
18 February 2020

- Crime Statistics – latest Shire of Northam Crime Statistics provided by WALGA.
- Update to be provided from Northam Police.
- Update to be provided from Wundowie Police.
- Action Plan update – Objective 1.4 Reduce Youth Crime – Action: Investigate street chaplaincy service.
 - The premise behind the street chaplaincy service as included in this plan is that it would be provided with a particular focus on youth to create a culture of support through chaplains rather than immediately engaging authorities and the like. The chaplains would potentially operate at the youth precinct and other youth gathering hotspots identified.
 - There are few examples of organisations that offer street chaplaincy type services, primarily in the city and in larger communities.
 - Redfrogs (www.redfrogs.com.au) is an organisation specific to youth, they provide support to youth at schoolies and on university campuses, primarily based in the Eastern States. They also operate a program called Skatepark Shepherds, described as "people who have a heart for their community and skatepark. Their goal is to come alongside and care for local skaters while encouraging a safe and welcoming skatepark."
 - Nyoongar Patrol (www.nyoongarpatrol.com.au) provide early street level interventions to Indigenous people frequenting public spaces in nominated locations.
 - Street Chaplains WA (www.streetchaplain.com). Amongst other duties Street Chaplains assist in keeping the peace without the need for Police intervention and will refer and facilitate access to other community based support services.
 - Open discussion on the value/feasibility of pursuing a street chaplaincy service for the Shire of Northam.

Community Awareness

- Action Plan update – Objective 2.1 Improve the community perception of crime in the Shire of Northam – Action: Promote Trolley Tracker program to report abandoned shopping trollies.
 - New webpage was created for the Shire of Northam website with details for reporting abandoned shopping trollies. (<https://www.northam.wa.gov.au/community-support/community-safety/community-safety-initiatives/abandoned-trolleys.aspx>)
 - Webpage was launched via the Shire's Facebook, which then spread to posts and discussions on various community Facebook

Community Safety Committee Meeting Minutes
18 February 2020

pages, which then resulted in a community lead response with the #trolleychallenge.

- o Continued advocacy required to push the major supermarkets to implement solutions.
- Action: Participate in Keep Australia Beautiful campaigns
 - o 2020 is the 30th anniversary of Clean Up Australia Day. As the official Clean Up Australia Day is 1 March, which falls during a long weekend in WA it is proposed we organise a Shire Community Clean Up towards the end of March.
 - o A sponsorship application has been submitted to Bendigo Bank to assist with the purchase of rubbish bags, gloves, vests etc. and to provide a free BBQ for participants. Supermarkets and local business could also be approached for donations, such as water, bread and prize incentives.
 - o Open discussion regarding a Shire of Northam Clean Up Day.
 - Recommendation required for Committee to support the Shire to facilitate a Community Clean Up Day.

Building Partnerships

- Action Plan update – Focus Area 3, Building Partnerships & Participation.
 - o No update to be provided.
 - o Outstanding actions:
 - Develop a current list of service providers and their programs and undertake a map and gap exercise to identify where gaps and/or double ups in services exist.

Community Design

- Action Plan update – Objective 4.1 Adopt & Implement 'Crime Prevention Through Environmental Design (CPTED) principles.
 - o Wundowie CCTV update provided by Colin Young in item 6.1.

DISCUSSION

Ms Jaime Hawkins provided a handout of crime statistics from WALGA showing the monthly statistics for Northam.

- Several areas of crime showing an increase as compared to last year.

SSGT David Hornsby stated that to date their statistics show there has been a 0% increase/decrease in crime compared to this time last year.

- The schools are being told to handle non-domestic assaults involving students before getting the police to deal with it.
- Arson is a concern – 2 grass fires along the highway that were confirmed as deliberate and 3 spot fires in town that are raising concern.
- Community education is a factor with burglaries, people are still thinking because they are living in the country its safe to leave the front door, and cars unlocked with purses on the front seat.

SGT Sarah Clarke provided the statistics for Wundowie.

- The police have been pushing for the community to support them, encouraging the community to share their knowledge of what's going on. It is a small town where most people know what is happening, but nobody will come forward to report it.
- Working closely with families of domestic violence. Separating them & moving them out of town.
- Property damage over the school holidays with the Basketball courts. Mr Ross Rayson queried which basketball courts were damaged – school or community courts. SGT Sarah Clarke responded advising it was the community courts, as the tennis shed was also broken into. Mr Rayson advised that it will be looked into.

Community Safety Committee Meeting Minutes
18 February 2020

Mr Cliff Simpson questioned how the traffic crash data was obtained, what offences were included in this category? Ms Jaime Hawkins advised she will follow this up with WALGA, or Mr Simpson can ask within WALGA directly. Mr Cliff Simpson stated when working on projects for road safety – need to know where the stats are taken from.

SSGT David Hornsby advised that the Department of Communities – Child Protection and Family Support, Department of Justice, Avon Community Services and the Police, get together fortnightly to discuss and talk strategies regarding issues with kids roaming the streets, getting them off the streets and keeping them out of the system.

Ms Jaime Hawkins provided an update for the Action Plan.

- Objective 1.4 Reduce Youth Crime – Action: Investigate street chaplaincy service.
 - Mr Darren Warland raised his concern of having a youth chaplain at night alone, how they would look after themselves. Adding it's not 8pm-9pm at night that the kids are roaming the streets its 3am-4am in the morning.
 - Ms Kellee Walters suggested that encouraging kids to go to school and get into a routine would reduce numbers of kids staying up late and on the streets at night. A reward such as a free pool pass for a whole week of school was suggested. Mr Warland added that outer communities do the "no school, no pool" strategy – 200 kids went to school of which 150 were indigenous kids.
 - Mr Rayson responded a school had a back to school strategy - rewarding kids for going to school on the first day, handing out 95 passes. The no pool no school strategy would be a great incentive but would be difficult for staff, as now that the pool is in a different location it is bringing more locals to the site and outer town individuals.
 - Ms Hawkins highlighted that perhaps these chaplains would be at places like the skate park for the not so high risk young people, but who need support and aren't getting picked up.
 - Ms Kellee Walters proposed having a youth worker based at the pool.
- Keeping Kids in School
 - Cr Julie Williams advised how she saw some school kids in uniform mucking around during school hours, so she called the school, and they responded they can't do anything as the kids are not on school property.
 - Mr Attila Mencshelyi stated the school doesn't have truancy officers – the schools had their census on Friday (14.02.2020) but the statistics won't be out for a few weeks.

Community Safety Committee Meeting Minutes
18 February 2020

- Objective 2.1 Improve the community perception of crime in the Shire of Northam – Action: Promote Trolley Tracker program to report abandoned shopping trollies.
 - Ms Hawkins provided information referring to the promoting of the trolley tracking program to report abandoned shopping trollies. Supermarkets have Perth based contractors who are supposed to come up once a week to Northam and collect abandoned trollies.
 - Ms Kellee Walters stated the Shire depot go around town Fridays and impound the trollies.
 - Ms Esther Bliss queried what to do when see an abandoned trolley – report them and leave the trolley? Ms Hawkins responded to report them through the supermarkets abandoned trolley process and then advise the Shire if they are still not collected within a week. The trollies will be impounded, and the companies will have to pay to get them back.
 - Mr Daren Warland will investigate if supermarkets would support a local program to have them collected.
- Action: Participate in Keep Australia Beautiful campaigns
 - Date was determined to facilitate a Shire wide clean-up on Sunday 29th March 2020.
 - A sponsorship submission was made through the Bendigo Bank to support the initiative. Awaiting the outcome of that application.
 - Mr Ross Rayson stated the last major KAB event was with the Shire of Toodyay 3-4 years ago.
 - A BBQ breakfast or lunch will be provided to participants and incentives offered such as free pool entry, and prizes from local business.

7. GENERAL BUSINESS

Cr. Julie Williams has tabled the issue of drug taking at the Bernard Park toilets.

The issue of drug taking and other anti-social behaviours at the Bernard Park toilets were raised at the Community Safety Committee meeting dated 24 February 2017. The Committee suggested the following:

- Lock Bernard Park toilets at night
 - Options investigated, such as changing doors to ones that can automatically lock and staff locking and unlocking toilets. No further action was progressed.
- Turn off WiFi at night because it is attracts these people
- Turn off power in the Sound Shell at night
 - Implemented
- Police to increase patrols in the park
 - Shire have been reporting to Police when there have been spikes in anti-social behaviour and vandalism at the Bernard and Apex Park toilets and Police have responded with increased patrols.
- Social media push/marketing about reporting crime and drinking in the park
 - Implemented at the time.
- Install signage along the lines of "Street drinking is illegal" and "Report Crime"
 - Signage investigated and referred to the Shire's engineering department. No further action taken.

DISCUSSION

- Mr Ross Rayson stated that strategies were investigated and some have been implemented. As the drug taking incidents in question happened during the day there isn't much that can be done. The Shire has investigated locking the facilities but are reluctant to do so as they are public facilities. The Recreation Centre has recently had some individuals using the disabled facilities – taking drugs.
- SSGT Hornsby stated that the Police are doing hourly patrols, but they wait until the Police have gone.

Community Safety Committee Meeting Minutes
18 February 2020

- Ms Kellee Walters stated there are particular lights that can be used so the individuals can't find their veins. Mr Rayson responded that it is hoped to avoid those measures so it does not give a bad impression to other patrons.

C. OFFICER'S COMMENT

Officers are concerned that the Shire is having difficulties filling vacant positions from within the local Nyoongar community at the BKB Centre. Shire Officers would like to hold a general discussion about staffing with the Nyoongar Cultural Advisory Group.

DISCUSSION

- The Chief Executive Officer informed the meeting that the Shire currently advertise via Seek, the Shire website and social media, and asked the committee if the Shire are advertising correctly.
- Mrs Kathy Davis, asked if the positions are advertised in the Avon Valley Advocate. The Chief Executive Officer confirmed that positions are advertised in the Advocate, but feedback statistics indicate that The Advocate is the least selected method of how the applicant found out about the position.
- Ms Brenda DeAtta informed the meeting that Northam TAFE have a job board. Directions also have their new office on Wellington Street and can assist with job applications, and the Wheatbelt Health Network have just started a Career Spotlight, where they feature a career role and interview someone in the role about what it is like to work in this job.
- Ms Kate Stack suggested word of mouth is probably the most effective method amongst local Nyoongar people.
- Ms Kate Stack suggested approaching the Year 12 students through the high school for weekend work.
- The Chief Executive Officer summarised the discussion and the said the Shire will look to put in place advertising for BKB Staff through:
 - Directions
 - Notifying the NCAG
 - Local high schools
- Mrs Kathy Davis asked if there were males on staff at the BKB Centre. The Executive Manager Community Services informed that they had not been a lot of interest shown in these positions by males. Mr Jermaine Davis said the boys in the NRM Ranger program could do some work from the centre to help attract more male interest.

BRIEF

Throughout 2018/2019 the previous Reconciliation Action Plan (RAP) Advisory Group worked to develop the Shire's first RAP following the framework provided by Reconciliation Australia.

There are four stages of an organisational RAP. The Shire of Northam is at the first stage which is known as Reflect. Endorsement of the Shire's Reflect RAP has been received by Reconciliation Australia.

Endorsement by Council and the artwork/s for the printing of the RAP document are now required.

Attachment 1: Shire of Northam Draft Reflect RAP

A. BACKGROUND / DETAILS

The Shire of Northam Reflect RAP was developed by the previous RAP Working Group and was endorsed by Reconciliation Australia in 2019.

A RAP is a strategic document that supports an organisation's business plan. It includes practical actions that will drive an organisation's contribution to reconciliation both internally and in the communities in which it operates. There are four stages of a RAP, reflect, innovate, stretch and elevate. The Shire of Northam is at the first reflect stage.

A Reflect RAP is primarily a scoping document. The Reflect RAP clearly sets out the steps the Shire should take to prepare for reconciliation initiatives in

successive RAPs. Committing to a Reflect RAP allows the Shire to spend time scoping and developing relationships with Aboriginal and Torres Strait Islander stakeholders, deciding on our vision for reconciliation and exploring your sphere of influence, before committing to specific actions or initiatives. This process will help to produce future RAPs that are meaningful, mutually beneficial and sustainable.

SHIRE OF NORTHAM
REFLECT
RECONCILIATION ACTION PLAN
APRIL 2020 – APRIL 2021

MESSAGE FROM THE PRESIDENT

Councillor Chris Antonio

It has been a privilege to have been involved with the process of developing the Shire of Northam's first Reconciliation Action Plan.

I am now delighted to be able to present the Shire of Northam's Reflect Reconciliation Action Plan. The Reconciliation Action Plan Working Group has provided valuable insight into the development of this plan.

The plan provides a positive guide and vision toward a positive future vision of conciliation and partnership between the Shire of Northam and our community.

Our long and vibrant history needs to continue to be recognised and celebrated. With the opening of Bilya Koort Boodja – Centre for Nyoongar Culture & Environmental Knowledge - in August 2018, the celebratory events during the past two years in National Reconciliation Week, and proudly flying the Aboriginal Flag at Shire localities, the Shire of Northam has demonstrated steps toward reconciliation.

Ongoing objectives of the Reconciliation Action Plan include establishing partnerships to be able to provide traineeship and general employment opportunities, both within the Shire of Northam and the wider business community. Additionally, the Shire of Northam continues to develop an understanding of procurement and promotion of Aboriginal and Torres Strait Islander owned businesses.

I look forward to the continued development, working together, and action of this plan.

Chris Antonio
Shire President – February 2020

NYOONGAR CULTURAL ADVISORY GROUP Meeting Minutes
11 MARCH 2020

OUR VISION FOR RECONCILIATION

The Shire of Northam is proud to be embarking on the journey towards reconciliation. As an organisation we are committed to increasing our understanding and respect for Aboriginal and Torres Strait Islander cultures, and seek to capitalise on our unique position as a local government authority to be able to publicly acknowledge and celebrate the cultures, histories and achievements of Aboriginal and Torres Strait Islander people within the Shire of Northam.

We believe that reconciliation must live in the hearts, minds and actions of all our community as we move forward, creating a community strengthened by respectful relationships between the wider local community and Aboriginal and Torres Strait Islanders peoples.

OUR BUSINESS

The Shire of Northam is located within the picturesque Avon Valley and is the key administration, business, industry and service centre for the broader Avon Region. It covers a diverse 1,443km² of natural environment, rich agricultural land, small country towns and the historic regional centre of Northam. The western boundary lies 60 kilometres east of Perth and the town site of Northam is a further 35 kilometres east. The Shire delivers local government services to more than 11,500 residents, around 6% of whom identify as Aboriginal and/or Torres Strait Islander peoples (ABS, 2016). In addition to the town of Northam, key localities include Bakers Hill, Clackline, Grass Valley, Spencers Brook and Wundowie.

Northam is renowned as being among one of Western Australia's first settlements following British colonisation; but of course its history stretches back long before this time with the Nyoongar people having walked the lands of the Avon Valley and holding a deep spiritual connection with its waters and land. This is reflected by the numerous significant sites registered within the Shire boundaries. The Shire of Northam is located on Whadjuk and Ballardong Nyoongar country.

The Shire employs approximately 115 people working across the many services it provides. Of these 10 of them identify as Aboriginal and/or Torres Strait Islander peoples.

OUR RECONCILIATION ACTION PLAN

The Shire of Northam have been working towards building relationships with the areas Traditional Owners and celebrating Aboriginal Culture and achievements for several years. This culminated in the development of an Aboriginal and environmental interpretive centre, which opened in August 2018. The planning and development of the Centre was overseen by local Aboriginal Elders, who formed the Aboriginal Advisory Group. The Aboriginal Advisory Group choose to name the centre, "Bilya Koort Boodja, Centre for Nyoongar Culture & Environmental Knowledge". Bilya Koort Boodja, translates from the Nyoongar language to River Heart Lands.

It became apparent through the development of the Bilya Koort Boodja Centre that the Shire of Northam needed to affirm its commitment towards reconciliation through a Reconciliation Action Plan. In November 2017, Council resolved to establish the RAP Working Group to advise and assist Council to establish its first Reconciliation Action Plan. The RAP is championed

NYOONGAR CULTURAL ADVISORY GROUP Meeting Minutes
11 MARCH 2020

internally by the CEO and Executive Managers with guidance and support provided by the RAP Working Group comprising of:

- Councillor Michael Ryan – Chairperson
- Kathy Davis – Respected Elder & Aboriginal Community Representative
- Deborah Moody – Respected Elder & Aboriginal Community Representative
- Brenda DeAtta – Aboriginal Community Representative
- Rueben Kickett – Aboriginal Community Representative
- Councillor Attila Mentshelyi – Council Representative
- Councillor Chris Antonio – Council Representative
- Jason Whiteaker, Shire of Northam Chief Executive Officer - Ex-Officio Member
- Ross Rayson, Shire of Northam Executive Manager Community Services - Ex-Officio Member
- Jaime Hawkins, Shire of Northam Community Development Officer – Ex-Officio Member

This Reflect RAP is a public declaration of Council's dedication to achieving meaningful engagement with the local Aboriginal and Torres Strait Islander communities. It provides a framework to guide the Shire in scoping and developing relationships with the Aboriginal and Torres Strait Islander community and a vision for reconciliation to aspire towards. As we achieve the outcomes set out in this Reflect, we will be better positioned to produce future RAPs that are meaningful, mutually beneficial and sustainable.

OUR CURRENT PARTNERSHIPS & ACTIVITIES

Over the years the Shire of Northam have built working relationships with and supported various Aboriginal & Torres Strait Islander organisations. As the Bilya Koort Boodja Centre continues to increase its capacity and expand its programs it is anticipated that further partnerships will develop. The Aboriginal Advisory Group for the Bilya Koort Boodja continue to meet with the Shire regularly to oversee the activities of the centre.

The Shire currently contracts the Wheatbelt Natural Resource Management, Aboriginal Rangers for ground keeping and maintenance of the Northam Cemetery and other outdoor locations within the Shire. Council also works in partnership with the Northam Aboriginal Men's Shed to maintain tracks and trails around the Avon River and provides them with financial support through our Community Grants Program.

In 2018 the Shire hosted its inaugural Reconciliation Morning Tea in the Northam town centre to commemorate National Reconciliation Week. This event was initiated by the RAP Working Group and was well attended by various community organisations, government departments, and the wider community. We were extremely fortunate to have several local businesses support the event with donations and bush foods supplied by the Northam Aboriginal Yorga's Group. The morning tea was again held during the 2019 National Reconciliation Week, this time incorporating a reconciliation walk. The intention is that this will become an ongoing annual event. In previous years Council has partnered with other organisations and businesses to deliver community NAIDOC Week events and activities.

BRIEF

For Council to consider a change of scope for the road widening project on Southern Brook Road SLK 0.00 – 3.07, Job No. 3802, included in the 2019-20 Road Program.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

The original scope of road was approved as widening of existing seal from 5.8 m to 7 m and constructing 1m unsealed shoulders on each side with formation of open channel drains on both sides throughout the length.

The subject road is fully funded by CFRF (commodity freight road fund) and was included in the Shire's road program for FY19/20.

As per approved scope, vegetation clearing was required on both sides of the road for which Shire has applied purpose clearing permit in July 2019. After initial assessment DWER (Department of Water and Environment Regulations)

has informed the Shire that there were two TEC (threatened ecological communities) zones identified within the work zone. The Shire was asked to provide further mitigation and avoidance strategy to counter the TEC zones. Staff have reviewed various possibilities keeping in mind the design and specifications. After thorough site inspections staff have proposed;

- TEC zone 1: road alignment to shift eastwards to retain and protect the rare fauna & flora vegetation which was dense towards west side.
- TEC zone 2: The vegetation clearing was excluded.

Staff have communicated the above mitigation strategies to the Environment Assessment Officer of DWER. Following Shire's recommendations, DWER's assessment officers visited the site and conducted detailed site inspection which includes conditional survey of vegetation, extent of clearing and other critical factors relevant to environment protection. After the site visit DWER has informed the Shire that proposed vegetation clearing is still extensive for the area and further avoidance plan is required. Staff have further considered to reduce the clearing zone by reducing the drain widths to the absolute minimum and also re-align drains, wherever possible, to protect and retain the trees.

All these efforts has reduced the clearing area to 1.62 ha from original estimated area of 1.7 ha. It was also informed to DWER that with these exercises Shire has exhausted all the possible options to minimise the vegetation clearing and final clearing is unavoidable to achieve the required widening of the road. In the process, staff have been reminding DWER that the subject project is an externally funded project and delivery of this project before the end of financial year is a critical factor.

In January 2020, DWER has informed the Shire that even with all avoidance strategies and plans the clearing vegetation is still under extensive volume. Hence to undertake such extent of clearing the Shire will require to prepare a 'offset management plan' and shall consider re-vegetation of 1.87 ha of vegetation following approval of offset management plan. The Shire has evaluated the available resources to undertake the re-vegetation of such extent and then decided to withdraw the clearing application and has started working on scope change from widening to;

- Re-seal of existing bitumen road.
- Re-construction of existing shoulders on both sides.
- Bitumen spray seal the reconstructed shoulders with red gravel.
- One box culvert renewal and extension to achieve shoulders.
- Delivery of complete works by external contractors.

Meanwhile MRWA was also updated with the status of project, they have advised they are in support of the proposed change however approval to do

so will also need the support of WALGA as they are a co-approver of the funding.

Staff have contacted WALGA to discuss the possibility of changing scope for the works providing a formal request on 27th February 2020. The Shire has received approval of revised submission from WALGA dated 6th March 2020.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure and service delivery.

Outcome 5.1: The Shire of Northam sensitively facilitates well planned development, urban renewal and improved urban realm.

Objective: Well planned and legible urban and rural areas.

B.2 Financial / Resource Implications

The project is fully funded by CFRF (commodity freight road fund) and there is no contribution required from the Shire. Hence revision of cost has no implications on the Shire's budget and resources.

Original submitted cost of the project for widening = \$ 555,527.00.

Revised estimated cost of the project with scope changed = \$ 483,920.00.

B.3 Legislative Compliance

N/A.

B.4 Policy Implications

N/A.

B.5 Stakeholder Engagement / Consultation

The Shire has engaged all key stakeholders in terms of obtaining permits and clearances. For this purpose the Shire has submitted the application for vegetation clearing to DWER. Upon detail investigation DWER has informed the Shire that the area under consideration carries rare flora and fauna vegetation and will require re-vegetation in case clearing is inevitable. Hence Shire has taken decision to withdraw the permit application and has also consulted with the funding authority CFRF (commodity freight road fund) and WALGA for the changing of scope for this project prior presenting it to the Council. The request for change of scope has been duly approved by the WALGA and CFRF has agreed to provide the requisite funds to complete the project under revised scope.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
---------------	-------------	---	-------------------

Financial	Risk is low as project is fully funded by CFRF	Low(4) Unlikely / Insignificant	Ensure delivery of project within approved budget
Health & Safety	No risk to the Shire as works are to be delivered by external contractors	Low(4) Unlikely / Insignificant	Compliance of OSH policy and procedures by the Contractors.
Reputation	Low risk in terms of Shire's reputation	unlikely / Insig. Low(4)	Shire has obtained approval of funding authority and WALGA
Service Interruption	There is no service interruption required.	unlikely / Insig. Low(4)	No active services in the work zone.
Compliance	Low risk on compliance part	unlikely / Insig. Low(4)	To comply Shire's procurement policy and get into contract for delivery of works by external contractors.
Property	Low risk to any property damage	unlikely / Insig. Low(4)	Premises of works remain strictly within road reserve
Environment	Low risk as there is no longer any vegetation clearing	unlikely / Insig. Low(4)	De-scoping of vegetation clearing

C. OFFICER'S COMMENT

The works as per revised scope may be awarded to more than one Contractor, staff will put all efforts to deliver the project within FY19/20.

RECOMMENDATION

That Council:

1. Endorse the change in scope from a Southern Brook Road SLK 0.00 – 3.07 road widening project, to:
 - Reconstructing of the existing shoulders and sealing;
 - Re-sealing of the existing sealed surface; and
 - Drainage improvements.
2. Subject to final approval from WALGA and Main Roads, proceed with the tendering of the revised project, and present back to Council for approval of award in accordance with Council Policy.

12.2.3 Waiving of Fees for Impounded Shopping Trolleys – Woolworths Group Ltd & Coles Supermarket

Address:	N/A
Owner:	Shire of Northam
Applicant:	Coles & Woolworths
File Reference:	4.1.1.17
Reporting Officer:	John Rutherford, Parks and Gardens Manager
Responsible Officer:	Clinton Kleynhans, Executive Manager Engineering Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to consider partially waiving the impound fees for abandoned trolley's for both Woolworths and Coles Supermarkets

ATTACHMENTS

- Attachment 1: O62758 Woolworths Original Letter
- Attachment 2: O63186 Woolworths Bill
- Attachment 3: O62758 Coles Original Letter
- Attachment 4: O63185 Coles Bill

A. BACKGROUND / DETAILS

Over many months there have been a number of Woolworths and Coles shopping trolleys that have been abandoned throughout town and not collected by their owners, this has increased over previous periods. As a result the number of complaints and incoming customer requests received about the trolleys has also increased.

During this time a number of staff have had informal conversations with representatives from both Coles and Woolworths requesting they collect their abandoned trolleys more frequently.

On the 3 January 2020 the Shire wrote to both Woolworths and Coles (Attachment 1 & 3) advising that the Shire would aid the process of having the trolleys collected where practicable by reporting the abandoned trolleys through the Trolley Tracker social media app.

Furthermore the letter also stated that if the trolleys were not collected after 5 working days the Shire would remove and impound the trolley and apply the Councils fees and charges before they would be released.

Following this advice the Shire's crew commenced collecting the trolleys on a weekly basis. Up until the 3 February 2020 a total number of 43 Woolworths Trolleys, and 26 Coles Trolleys were impounded.

At this point the Shire Invoiced both parties based on the following fees and charges: (Attachment 2 & 4).

The breakdown is outlined below;

Coles Supermarket

26 trolleys X 28 days at \$10.00 per day	\$7280.00
Release Fee for 26 trolleys at \$25.00 each	\$650.00
Administration Fee	<u>\$25.00</u>
Total:	\$7,955.00 inc gst

Woolworths Group Ltd

43 trolleys X 28 days at \$10.00 per day	\$12040.00
Release Fee for 43 trolleys at \$25.00 each	\$1075.00
Administration Fee	<u>\$25.00</u>
Total:	\$13,140.00 inc gst

Coles responded to the Shire's letter of 3 February 2020 advising they had not received the original notification and did not see that trolleys were an issue within the Shire of Northam, this is contrary to the advice given by the Shire directly to those managing the trolley collection contract.

In addition to this, Coles advised that they did not utilise the Trolley Tracker Application, they instead had their own application and system, this had no reports of abandoned trolleys during the Month of January. This could suggest why they were of the opinion abandoned trolleys were not a problem within the Northam township. Coles have since requested the fees be written off.

Trolley Tracker on behalf of Woolworths, also responded to the Shire's letter of 3 February 2020. They advised Trolley Tracker did not receive notification of the abandoned trolleys via the trolley tracker app, and as a result are questioning the number of days the trolleys were impounded.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 2:Community Wellbeing.

Outcome 2.1: People in the Shire of Northam feel that their community is caring and inclusive.

Objective: People with disabilities are able to live a safe and fulfilling life in the Shire.

Theme Area 3: Safety and Security.

Outcome 3.1: Northam residents are able to pursue the fullest life possible without fear of or hindrance from crime and disorder.

Objective: Plan and implement strategies to address crime and safety within the Shire of Northam.

Theme Area 6: Governance and Leadership.

Outcome 6.1: The Shire of Northam is recognised as a desirable place to live and residents are proud to live here.

Objective: Positive internal and external perceptions about Northam

B.2 Financial / Resource Implications

The amounts being recommended for write off will have little impact on the budget; as an expected provision was not made for the impound fees. The practice of regularly reporting such matters and obtaining Council approval for debt write off enables sound corporate governance.

B.3 Legislative Compliance

Section 6.12(1) (c) of the Local Government Act 1995 gives Council the power to write off any amount of money owing to the Shire.

"Power to defer, grant discounts, waive or write off debts

- (1) Subject to subsection (2) and any other written law, a local government may -
 - (a) When adopting the annual budget, grant* a discount or other incentive for the early payment of any amount of money; or
 - (b) Waive or grant concessions in relation to any amount of money; or
 - (c) Write off any amount of money, which is owed to the local government.
- * Absolute majority required.
- (2) Subsection (1) (a) and (b) do not apply to an amount of money owing in respect of rates and service charges.
- (3) The grant of a concession under subsection (1) (b) may be subject to any conditions determined By the local government.
- (4) Regulations may prescribe circumstances in which a local government is not to exercise a Power under subsection (1) or regulate the exercise of that power."

B.4 Policy Implications

Shire of Northam Fees and Charges.

B.5 Stakeholder Engagement / Consultation

Nil.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Invoices not paid, debt owing to Shire	Likely / Minor (8)	Writing off fee's in agreement with debtor to allow outstanding debts to be mitigated in timely matter
Health & Safety	Trolleys are not picked up by franchises and cause pedestrian access limitations	Possible/ Minor (6)	If Shire Policy and fees and charges are not complied with, procedure will commence to impound trolleys.
Reputation	The Shire of Northam is seen as not dealing with community concerns.	Possible/Med (9)	Communication with Coles and Woolworths
Service Interruption	N/A	N/A	N/A
Compliance	N/A	N/A	N/A
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

When reviewing the fees and charges imposed on Coles and Woolworths it was later determined there was a administrative error in the calculation of the fees, in particular the number of days impounded for each trolley.

Due to the frequency and manner in which the trolleys were being impounded, there was an oversight in having not individually tagged each trolley or accurately recording a date collected. This has made it difficult to accurately apply fees for a daily impound charge over the correct length of time for each impounded trolley.

It has also become apparent the Council did not consistently provide notification of the abandoned trolley's via trolley tracker as the Shire suggested it would.

Given the abovementioned, a reduced fee is being recommended, removing the charge of \$10.00/ day / for each trolley.

Since receiving the notification from Woolworths and Coles, the Shire has trialled their preferred notification methods and in each case the identified trolleys have been collected in a timely manner. However, this does not significantly reduce the number of trolleys left around the town site as on any individual day there can be up to 15 trolleys that have not been identified by staff and reported. This suggests that only trolleys being reported by Shire staff are those being collected.

This has been communicated to both Coles and Woolworths advising them that unless the performance of their contractor improves they are likely to have further trolleys impounded in the future. It was also advised that the Shire does not have the resources to act as their reporting agency for abandoned trolleys.

Staff have implemented a process to ensure trolleys are now accurately recorded with collection date should there be a need in the future for them to be impounded.

It should be noted however, at this point in time the Shire has held off on collecting any further trolleys until such time this matter has been resolved.

RECOMMENDATION

That Council;

1. In the case of Coles Supermarket:

- a) Waive the daily impound fee of \$10 for 26 Trolleys over a period of 28 days, being a total value of \$7280 inc gst**
- b) Maintain the Release Fee for 26 trolleys at \$25 each **\$650****
- c) Maintain the Administration Fee of \$25 **\$25****

2. In the case of Woolworths Supermarket:

- a) Waive the daily impound fee of \$10 for 43 Trolleys over a period of 28 days, being a total value of \$12,040 inc gst**
- b) Maintain the Release Fee for 43 trolleys at \$25 each **\$1,075****
- c) Maintain the Administration Fee of \$25 **\$25****

Dear Sir/Madam

ABANDONED SHOPPING TROLLEYS

Shire of Northam is focusing on cleaning up the town site by removing unsightly litter, debris and objects. It has been noted there is a significant number of shopping trolleys left on the roadside outside of the shopping precinct, which often end up in waterways.

The Shire requests your organisation's assistance in addressing this problem by retrieving their assets as soon as possible. To aid this collection the Shire will report abandoned trolleys where practicable and has been promoting the Trolley Tracker app via social media.

After a period of 5 working days the Shire of Northam will remove the trolley and impound it at the Shire Depot 116 Peel Terrace, Northam.

After this you will need to liaise with Kayla Burgess on 9621 2263 to arrange for release.

As per the Shire of Northam Council endorsed fees & charges the following will apply:

Trolley to release	\$25.00
Day in pound	\$10.00
Administration fee	\$25.00

If you have any further queries in relation to this matter please do not hesitate to contact the undersigned on (08) 9622 6100 during normal office hours.

Yours faithfully

12.3.1 RFT 2 of 2020– Supply and Construction of Bakers Hill Fire Shed

Address:	Street, Bakers Hill
Owner:	Shire of Northam
Applicant:	N/A
File Reference:	8.2.9.1
Reporting Officer:	Chadd Hunt, Executive Manager Development Services
Responsible Officer:	Chadd Hunt, Executive Manager Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For the Council to consider the options for dealing with Tender 2 of 2020 – Supply and Construction Bakers Hill Fire Shed.

Council has received funding through the Local Government Grants Scheme (LGGS) to construct the shed however following the tender period the funding is not sufficient to complete the entire project.

It is recommended by staff that Council not award any tender for this project due to the cost of the project and retender with a reduced scope of work (removal of fourth bay).

ATTACHMENTS

Attachment 1: Tender price submission (provided as a separate confidential attachment to this agenda/minutes).

A. BACKGROUND / DETAILS

Council resolved at its meeting held on 17th July 2019 to not award the Tender for the Construction of the Bakers Hill Fire Shed on a portion of Reserve 5331 issue development approval for the construction of new fires station on a portion of Reserve No 5331 (Lot 297 –Deposited Plan 194442). Specifically the resolution was as follows –

That Council:

1. *Not award Tender 2 of 2019 – Supply and Construction of Bakers Hill Fire Shed to any tenderers; and*
2. *Continue consultation with the Bakers Hill Fire Brigade and the Bakers Hill Progress Association over the suitable location for a new or expanded Fire Brigade Shed.*

Council further resolved (in part) on 20th November 2019 the following in considering the recommendations from the BFAC meeting–

2. *Endorse the proposed location of the new Bakers Hill Fire Brigade Shed on a portion of Reserve 4200 as provided in Attachment 2 of this report.*

Following this resolution a tender process was undertaken for the construction of a four bay shed with associated amenities including training rooms and large undercover training area. The four bay shed was proposed to ensure that the facility is suitable to meet the current and future demands of the brigade. At the present moment the Brigade has two units, however in the endorsed Resource to Risk (R2R) document the Brigade is scheduled to receive an additional unit in 2020/21. The additional (fourth bay) was included in the tender documents to future proof past the 10 year plan of the R2R document assuming that as Bakers Hill an additional unit would be required at some stage in the future.

Following closing of the tender period the funding available from the LGGS is insufficient to cover the cost of the entire facility. It is recommended that no tender be awarded and that the project be re-tendered with a reduced scope of work

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure and Service Delivery.

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective: Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

B.2 Financial / Resource Implications

The cost of the facility construction has been provided through the Local Government Grant Scheme with funding through the Emergency Services Levy.

Council is financially responsible for the earthworks (cut-and-fill), stormwater management works and associated hardstand areas (carpark and trafficable areas).

The current Budget allocation includes the total cost of the construction of the shed to \$413,350 with Council contribution of \$15,500 and DFES (\$398,000).

It is proposed that Council allocate up to an additional \$15,000 to fund the earthworks component of the facility (subject to final costings received as part of the tender submissions). It is proposed that this additional funding be sourced from the Council Building and amenities Reserve.

B.3 Legislative Compliance

Section 3.57 of the Local Government Act 1995 requires "A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods and services".

The Local Government (Functions & General) Regulations 1996 prescribe the manner in which Tenders are to be called and assessed.

As the prices submitted are greater than the budget available there is little option other than to retender the project with a change of scope. This has been confirmed with WALGA procurement staff.

B.4 Policy Implications

Policy F 4.2 – Purchasing and Tendering Policy.

B.5 Stakeholder Engagement / Consultation

Discussion has been undertaken with representatives of the Bakers Hill Bush Fire Brigade, Bakers Hill Progress Association and DFES regarding the selection of the current site.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Cost overrun of the project	Moderate (9) Medium/Possible	Costs of the project are funded through the LGGS. Any additional cost will need to be authorised through DFES
Health & Safety	Building does not comply with current requirements	Low(2) Minor/Unlikely	New building will comply with the Building Code of Australia

Reputation	Having a facility that is out of date and doesn't meet the needs of the current community reflects negatively on Council	Low(2) Minor/Unlikely	New building will be constructed allowing for further expansion if needed
Service Interruption	Bush Fire Brigade not being able to function properly whilst construction is undertaken	Moderate (6) Medium/Unlikely	As new building is being constructed there is no disruption to the existing brigade activities
Compliance	Procurement is not undertaken in accordance with eth relevant legislation	Moderate (9) Medium/Possible	Procurement process is to be undertaken in accordance with Council policy
Property	Building does not comply with relevant standards	Low(2) Minor/Unlikely	New building will be constructed in accordance and in compliance with the Building Code of Australia
Environment	New fire shed construction impacts on the local environment	Moderate (9) Medium/Possible	The shed is being located as much as possible to reduce the footprint and removal of vegetation, There will be some vegetation removed as a result of the development

C. OFFICER'S COMMENT

The proposed construction of the Bakers Hill Fire Shed has been ongoing for a number of months. Whilst it is unfortunate that the tender submissions received are higher than the available budget to construct the full facility it is recognised that the fourth bay is unlikely to be funded. Initial indications are that DFES will support the construction of the third bay subject to the outdoor training area being reduced in size. As part of the revised tender documents the third bay

and training area will be included as options to ensure that funding is sufficient to complete the project.

In addition the selected site does not have main power currently connected. A formal application for a connection and associated costs has been submitted to Wester Power for inclusion in the project cost (noting that generally DFES pay for this component). As an alternate a solar system (inclusive of battery backup) was included as part of the tender documentation and has been included in the confidential attachment.

RECOMMENDATION

That Council:

- 1. Not award Tender 2 of 2020 to any tenderer due to insufficient funding being available to complete the project as included in the scope of works.**
- 2. Undertake a new tender process with the deletion of the fourth appliance bay and reduced outdoor training area, including inviting those that submitted a response to the current tender to resubmit.**
- 3. By absolute majority, authorise an additional unbudgeted expenditure of up to \$15,000 to GL 05067034 funded through an additional transfer from Council Buildings and Amenities Reserve.**

C. OFFICER'S COMMENT

The matter of Council 'supporting local business' has been raised over a long period. To assist in providing a greater understanding of the purchasing patterns of the Shire of Northam, the following graph summarises the payments made locally for the month of February 2020:

- Purchased from Shire of Northam Businesses or Individuals
- No Organisation or Business in Shire of Northam that can offer service required
- Purchase from Businesses or Individuals outside Shire of Northam
- Contract has gone to Tender

RECOMMENDATION

That Council endorse the payments for the period 1 February to 29 February 2020, as listed, which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

BRIEF

This report is for Council to consider commencing a new lease agreement between the Shire of Northam and the Northam Agricultural Society Inc. for a portion of Lot 217 and to hire Lot 217, 74 & 72 once a year for the Agricultural Show.

ATTACHMENTS

Attachment 1: Map of area.

A. BACKGROUND / DETAILS

The Shire of Northam owns the land freehold and have been leasing it to the Northam Agricultural Society since at least 12 December 2006. The Society provide an important service to the Shire of Northam with the annual agricultural show.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth

Outcome 1.2: Local businesses are valued and supported by investors and residents within the Shire of Northam.

Objective: Encourage local consumers to 'buy local' and support local businesses.

B.2 Financial / Resource Implications

The cosy of portable toilets each year.

B.3 Legislative Compliance

Local Government (Functions and general) Regulations 1996

Reg 30. Dispositions of property excluded from Act s. 3.58

- (1) A disposition that is described in this regulation as an exempt disposition is excluded from the application of section 3.58 of the Act.
- (2) A disposition of land is an exempt disposition if —
 - (a) the land is disposed of to an owner of adjoining land (in this paragraph called the transferee) and —
 - (i) its market value is less than \$5 000; and
 - (ii) the local government does not consider that ownership of the land would be of significant benefit to anyone other than the transferee; or
 - (b) the land is disposed of to a body, whether incorporated or not
 - (i) the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and
 - (ii) the members of which are not entitled or permitted to receive any pecuniary profit from the body's transactions;

B.4 Policy Implications

Shire of Northam Policy A8.5, 2.0 Not-for-profit Lease:

The basic principles considered in establishing a standard lease fee reflects a fair and equitable contribution of provision of a facility, the venue's pattern of use, location and the potential to obtain Community Grants assistance, as follows:-

- 2.1 The Shire levy an annual administration rent to all community, sport and recreation groups, that is not for an abovementioned community Hall, which is the equivalent amount of the building insurance applicable to the building and is reviewed annually.
- 2.2 Lessees or Licensees will be responsible for the full cost of the lease document preparation, registration and other costs associated with the execution of the agreement.
- 2.3 Lessees or Licensees must agree with Council to manage the "Demised Premises" on behalf of the community and to offer a service to the community that provides a net benefit.
- 2.4 The Lessee or Licensee will be responsible for the payment of outgoings, operating costs, and minor maintenance obligations.
- 2.5 The Lessee or Licensee will not be responsible for Shire Rates, apart from rubbish service rates.
- 2.6 The Shire will insure the "Demised Premises" at replacement value and perform any structural repairs, improvements and maintenance in accordance with levels determined within its budget forecast.

- 2.7 In the case of the Lessee or Licensee who leases a Council building and obtains approval to carry out extensions, alterations and/or additions, Council will insure the improvements as part of its insurance portfolio at replacement value.
- 2.8 The Lessee or Licensee will be responsible for contents insurance for their contents, and also hold public liability for their activities and workers compensation insurance for their employees (if applicable) to the value stipulated in the agreement.
- 2.9 The Lessee or Licensee will be responsible for the cost of repair of any internal damage, vandalism, corrective maintenance or damage to external doors, glass windows, security lighting and any other external facility through misuse by a club representative, member or guest. The Shire may carry out any corrective works and recoup the full cost from the Lessee.
- 2.10 The Lessee or Licensee will be responsible for keeping the building clean and tidy at levels predetermined within the agreement.
- 2.11 The Lessee or Licensee will not incur any costs for property damage excluding contents occasioned by fire, fusion, explosion, lightning, civil commotion, storm, tempest, or earthquake.
- 2.12 On an annual basis, Lessees and Shire representatives will meet to carry out a property inspection to determine the extent to which the Lessee or Licensee have met their lease/licence obligation and to consider any specified building maintenance schedules for the following twelve month period within the Shire's budget parameters.

C. OFFICER'S COMMENT

The Agricultural Society have leased the land for many years and provided Northam with such tourism events as the annual Northam Agricultural Show.

The Society would require the whole of Jubilee Oval and Showgrounds for three days a week to cover the show with the exception of the new Youth Precinct which would be fenced off during the annual event as per the attached map.

Under the old lease, the Society have been paying \$1000 per annum for the leased area and the area which was included for the annual show.

In 2018 officers met with the Agricultural Society and discussed their needs in relation to the Northam Agricultural Show once the pavilion was removed, as the Society utilised the ablutions at the pavilion.

Since that time staff have discussed the lease and how it should be effected. As the Agricultural Society is a community based group, the lease should be in line with Policy A8.5 Not for Profit Leases

Rather than lease the land for 3-4 days it was considered better for the Society to hire the showgrounds, this will work more in their favour with regards to insurance, in addition hiring will give them as much security in the booking as they would do under a lease or licence agreement. The Society will not be disadvantaged in any way and will not be required to pay more than their usual \$1000 per annum.

As part of the hire of the showgrounds they should be given consent to erect a Marquee during the show, Shire to fence off the Youth Precinct and provide extra toilets for the event. Once the fees and charges are set for 2020/21 it should be noted there will be a specific charge for the Agricultural Society which will be fixed over the five year period.

RECOMMENDATION

That Council approve a lease agreement between the Shire of Northam and the Northam Agricultural Society for:

- 1. A portion of Lot 217 Peel Terrace Northam, being the Jubilee pavilion and stock yards as hachured in orange on attachment 1 excluding the State Emergency Services compound for a period of 5 years with a 5 year option;**
- 2. The lease is to be in accordance with Policy A8.5 Community Leases.**
- 3. Approve the Northam Agricultural Society to hire a portion of Lot 217, 74 & 72 Peel Terrace Northam (hachured blue) also known as the Northam Showgrounds for up to four (4) days once per year to stage the Northam Agricultural Show.**
- 4. The combined fees will not exceed \$1000.**
- 5. The availability to hire is to be guaranteed for a period of 5 years at the rate of hire listed in the 2020/21 Fees and Charges.**

BRIEF

Each year Council makes financial contributions to Shire of Northam Progress Associations, community organisations and talented athletes and performing artists through both a non-competitive and competitive community funding process. The Community Support Policy provides Council with the framework for the allocation of these funds within the community.

The Community Support Policy is overdue for review. Shire Officers have recommended some amendments to the Policy to simplify the process and ensure the process is transparent and easily understood by the community.

ATTACHMENTS

- Attachment 1: Existing Community Support Policy with tracked changes.
Attachment 2: Revised Community Support Policy.
-

A. BACKGROUND / DETAILS

The Shire of Northam Community Support Policy currently covers the following funding categories:

C. OFFICER'S COMMENT

The following amendments have been made to the existing policy:

Community/Progress Association Annual and Australia Day Celebration Allocations

- Community Associations currently receive an annual allocation, and in the majority of cases, receive an additional allocation towards an Australia day event. In some cases, the Australia Day

allocation is not requested, and there has been previous requests for the Australia Day allocations to be used for other significant events (e.g. ANZAC Day). To simplify the current system, officers believe that one allocation be provided to the Progress Associations each year. This does not include other funding for specific events, such as Wundowie Iron Festival, which are considered by Council on an individual basis.

The current allocations for each Progress Association are as follows:

Progress Association	Annual Allocation	Australia Day	Total
Quellinton	3300	0	3300
Spencers Brook	3300	660	3960
Southern Brook	3300	780	4080
Grass Valley	4400	880	5280
Clackline	3300	660	3960
Bakers Hill	6600	1440	8040
Wundowie	8800	1980	10780

- Quellinton Progress & Sporting Association added as a recognised eligible Community/Progress Association.
- ~~Specification that the funding is not to be used for the purchase of equipment or infrastructure. This follows requests by some communities to utilise the Australia Day celebration funds for purchasing of equipment unrelated to Australia Day.~~
- Requirement of a statement of intention to carry funds forward to be provided to Council by the 14th April, along with a progress report. This is to allow for more efficient administrative tracking; to ensure the allocation is being used for purposes in keeping with the guidelines; and Council is being kept informed.
- Requirement to complete the acquittal and evaluation by 14th April of the relevant year.

Seniors Group Allocations

- This category was amended to align with the policy for Community/Progress Association Annual Allocations.

Educational Prizes and Donations

- Avonvale Education Support and Clontarf Academy and Wirrpanda Girls Academy added as recognised educational institutes.
- Name change from CY O'Connor Institute to Central Regional TAFE.

Excellence in Sport, Recreation, Arts and Culture - Travel Support

- Requirement to complete an evaluation form.

Public Event Grants & Sponsorships

- Requirement for funds to be expended by 14 April of the relevant financial year or the recipient will notify Council in writing of any delays to the proposed timeframe.
 - The recipient is to notify Council in writing of any proposed changes to the scope of their event. This is to ensure the funds are still being used within the guidelines of the grant and Council are kept informed.
 - Clarification that being awarded funding does not guarantee automatic event approval. Event application and approval processes still must be adhered to by the recipient.
 - Requirement for project acquittal and evaluation to be completed by 14th April, unless alternative arrangements have been made.
 - Specification that funding will not be allocated if the recipient has outstanding acquittals.
- 2.2 Project Grants
- Consideration will not be given to major capital works projects over \$10,000. This was specified in the grant guidelines, but not in the policy. This has been included in the policy to ensure consistency.
 - Funding agreement section rewritten for greater clarity and in alignment with above funding categories.
 - Requirement for project acquittal and evaluation to be completed by 14th April, unless alternative arrangements have been made.
- 2.3 Quick Response Grant
- Funding agreement section rewritten for greater clarity and in alignment with above funding categories.
- 3 Club Sponsorship
- This section has been amended to cover local and regional competitions only. Larger state/national/international events are to be assessed on an individual basis.

RECOMMENDATION

That Council adopt the revised Policy C 2.1 Community Grants Scheme as presented.

NEXT SCHEDULED REVIEW	- 2016
RELATED SHIRE DOCUMENTS	- Shire of Northam Strategic Community Plan
RELATED LEGISLATION	- Local Government Act –s5.3 Local Government (Administration) Regulations – Reg 12

OBJECTIVE

To provide the framework for consistent financial support administration and assessment processes to ensure they are transparent, equitable, inclusive and understood by the community.

SCOPE

Each year the Shire of Northam receive multiple requests from community organisations and individuals for financial support and/or sponsorship for projects, events and activities. This policy provides clear guidelines to the community for requesting funds and/or sponsorship from Council, and provides Council with a framework to ensure a consistent and equitable allocation of funds.

POLICY

The Shire of Northam will make provision in its annual budget to provide for community assistance funding as per Attachment 2.1.

OBJECTIVE

To provide the framework for consistent financial support administration and assessment processes to ensure they are transparent, equitable, inclusive and understood by the community.

SCOPE

Each year the Shire of Northam receive multiple requests from community organisations and individuals for financial support and/or sponsorship for projects, events and activities. This policy provides clear guidelines to the community for requesting funds and/or sponsorship from Council; and provides Council with a framework to ensure a consistent and equitable allocation of funds.

POLICY

The Community Funding Scheme aims to strengthen and enhance the social wellbeing, development and sustainability of the Shire of Northam community. It aims to encourage the involvement of the community in achieving the Shire of Northam's strategic direction as identified in the Strategic Community Plan.

The Community Funding Scheme aims to support individuals and community organisations to undertake projects, events and activities through a range of non-competitive and competitive grant and sponsorship categories.
