

KERBSIDE RECYCLING INFORMATION GUIDE

The Shire of Northam and Shire of Toodyay are very proud to announce that in July 2013 a fortnightly kerbside recycling service will commence, for all residents that currently receive the weekly rubbish collection service. Previous community surveys have indicated there is overwhelming support for kerbside recycling in Northam and Toodyay.

It is anticipated that at the end of June, residents will be delivered free of charge one 240L nature green recycling bin with yellow lid and an information calendar showing the collection days and products that can be deposited in the bin.

Your Kerbside Recycling bin should be placed on Shire verges fortnightly with the wheels and handles facing your home on the nominated collection days by 6.00am. Bins are required to be approximately 0.5m from the edge of the verge and 1.0m apart from your green general waste bin.

The contents of the new yellow lid recycling bins will be transported to and processed at the South Metropolitan Regional Council's (SMRC) Regional Resource Recovery Centre in Canning Vale. Here recyclables are sorted and baled for export to market.

Your Yellow Lid Recycling Bin

Please place all items LOOSE (not in plastic bags) and if possible rinsed.

This includes:

- ✓ All glass, including broken glass.
- ✓ All plastic containers (empty), including salad dressing, tomato sauce, condiment bottles & empty plastic bags. Items should be rinsed with lids removed (still placed in bin).
- ✓ All cans & tins, including aerosol cans & tin foil.
- ✓ All paper products including wax cartons & pizza boxes.
- ✗ No nappies.
- ✗ No hazardous waste.
- ✗ No kitchen scraps or garden waste.
- ✗ No building waste.

Your Green General Waste Bin

Please place all general domestic waste in your green bin.

Excluding:

- ✗ No hot or burning ashes.
- ✗ No bricks, rocks and soil.
- ✗ No paints, solvents, liquid waste or hazardous material.
- ✗ No household hazardous waste.
- ✗ Mobile phones, batteries, mercury based globes, printer cartridges. (These can be disposed of at the Northam Administration Office and Toodyay Waste Transfer Station).
