Artist - T Brian Aylwood

Dates - c. 1990

Brian was born in 1939 at Warnham, West Sussex, UK and migrated to Western Australia in 1968. He has been a full time artist since 1900. He has painted all his life while working as a toolmaker, orchardist, factory manger, ships engineer, mine foreman, telephone cable technician, prospector, building labourer, lecturer and TAFE Regional Coordinator. He has always found the Australian light and countryside a great stimulation for his art. Travelling widely throughout the seasons provides him with a continual flow of fresh inspiration.
