NOTICE PAPER
Ordinary Council Meeting
20 March 2019

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 20 March 2019 at 5:30pm.

There will be a Forum meeting held in the Council Chambers on 13 March 2019 at 5:30pm to discuss the contents of this agenda.

Yours faithfully

Jason Whiteaker
Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. Shire of Northam Community Grants

The Shire of Northam Community Grant applications for the 2019 / 2020 year are open from the middle of February to the middle of April. To check for eligibility, head to the Shire of Northam website under Community Grants. Grants can apply, and may be eligible, to assist with club sponsorship, events or projects. On the Shire website, there are also links to other forms of available grant funding.

Functions at Shire of Northam facilities.

Following the launch of the new co-work space, "Create 298", the Northam Chamber of Commerce hosted its Business After Hours event at the March meeting where the full range of services at this facility were presented to the business community.

The Local Government Insurance Scheme Board met in Northam and was provided a tour of the exceptional Bilya Koort Boodja facility.

Shire of Northam Events

The Northam Motor Sport Festival returns for another year during the first weekend of April. The festival incorporates both a twilight Motorkhana and fee community concert on the Saturday evening. The Flying 50 on Sunday is one of the few remaining street circuits in Western Australia, and travels around Northam's Central Business District. Congratulations to all the volunteers and Shire staff involved with this event.

Strategic Matters:

Major Projects

The Youth Precinct located at the corners of Peel Terrace and Chidlow Street is nearing completion. This will provide a readily accessible area for families of all ages.

5. PUBLIC QUESTION TIME

5.1 PUBLIC QUESTIONS

6. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Council Forum Meeting, 13 February 2019

Name: Brian Daniels.

Question: Can you please advise what would be the cost and the ramifications of installing a microphone and speaker system along with a recording device to accurately record the minutes of the council meeting in the Shire of Northam Council Chambers?

Response: The following response was provided in writing on 20 February 2019:

I refer to your question which was taken on notice at the Council Forum meeting held on 13 February 2019 in relation to installing a microphone, speaker and recording system in the Council Chambers and wish to offer the following response:

Staff are in the process of finalising quotes for Council, it is estimated the costs will be in the order of \$25,000 - \$35,000.

Name: Barb Sage.

Question: Please explain how this application meets State Planning Policy No. 3?

Response: The following response was provided in writing on 22 February 2019:

I refer to your question which was taken on notice at the Council Forum meeting held on 13 February 2019 and offer the following response. The question raised was in relation to State Planning Policy No.3 and how the development application which formed agenda item 12.3.2 meets these requirements:

Statement of Planning Policy No. 3 'Urban Growth and Settlement' is a "Statement Policy" only, and sits atop the following State Planning Policies (SPP):

- SPP 3.1 – Residential Design Codes;
- SPP 3.2 – Aboriginal Settlements;
- SPP 3.4 – Natural Hazards and Disasters;
- SPP 3.5 – Historic Heritage Conservation;
- SPP 3.6 – Development Contributions for infrastructure; and
- SPP3.7 – Planning in Bushfire Prone Areas.

The objectives of Statement of Planning Policy No. 3 are:

- To promote a sustainable and well planned pattern of settlement across the State, with sufficient and suitable land to provide for a wide variety of housing, employment, recreation facilities and open space.
- To build on existing communities with established local and regional economies, concentrate investment in the improvement of services and infrastructure and enhance the quality of life in those communities.
- To manage the growth and development of urban areas in response to the social and economic needs of the community and in recognition of relevant climatic, environmental, heritage and community values and constraints.
- To promote the development of a sustainable and liveable neighbourhood form which reduces energy, water and travel demand whilst ensuring safe and convenient access to employment and services by all modes, provides choice and affordability of housing and creates an identifiable sense of place for each community.
- To coordinate new development with the efficient, economic and timely provision of infrastructure and services.

Planning staff consider that this Policy would normally not be a relevant policy for the purpose of assessing the proposed extractive industry at 792 Clydesdale Road. Please refer to the Officer's Legislative Compliance & Technical Assessment Report that forms the subject of Attachment 5 to the Report.

Ordinary Council Meeting, 20 February 2019

Name: Randle Beavis.

Question: Can the Shire provide proof of officer inspections over the last two years for condition compliance on Jennapullin Rd Grass Valley for the extractive industry approval which was given in 2016 with some similar conditions as this current proposal?

Response: The following response was provided in writing on 22 February 2019:

According to the Shire's records, the extractive industry (sand extraction) at Lot 16904 (#480) Jennapullin Road, Southern Brook has not gone operational since its approval by Council on 17 August 2016. An Extractive Industry Licence (EIL) was issued for the 2016/17 financial year. However, the holders of the EIL, Joseph and Tanya Naughton, requested the Shire cancel the EIL on 22 May 2018. The EIL was subsequently cancelled on 28 May 2018.

Special Council Meeting, 27 February 2019

Name: Matthew Pavlinovich

Question: How many Shire of Northam buildings are not compliant with disability legislation/requirements?

Response: The following response was provided in writing on 6 March 2019:

All of Council's buildings were compliant with legislation at the time of construction. There is no specific legislation that requires existing buildings to be modified as legislation is amended, unless ordered by state Equal Opportunities Commission, however the Shire is committed to ensuring that people with disability have the same opportunities as other people to access the buildings and other facilities of the Shire of Northam. The Disability (Access to Premises-Buildings) Standards 2010 applies to new buildings or new parts of buildings (i.e. extensions or anything that triggers a building application). This legislation is applied to all of Council's new buildings or modifications to existing buildings subject of a building application.

In terms of compliance against current standards including legislation and Council's Disability Access and Inclusion Plan (DAIP), it is believed that the majority of Council's buildings would not meet these requirements, however the percentage or number of buildings is unknown. In order to fully understand the extent of non-compliance a full disability access assessment would need to be undertaken for all of Council's buildings (similarly what has occurred at the Northam Library).

It should be noted, that Council is working towards achieving compliance which is detailed within the DAIP and is undertaken as resources permit.

OFFICER'S COMMENT

Anne Lei from the Office of Auditor General will attend along with Greg Goodwin from Moore Stephens whom will be carrying out the audit on behalf of the Office of Auditor General.

Anne will brief the Committee on changes that are likely to occur under the move to the Auditor General, Committee members & staff will then be giving the opportunity to ask questions of the Auditor General.

RECOMMENDATION

For Information Only

Ms Anne Lei advised that it is the second year that the Office of the Auditor General (OAG) has looked after local government audits. It was advised that a report has been prepared summarising the findings of the audits across local governments and was tabled in parliament on 7 March 2019. The Chief Executive Officer confirmed that this will be provided to the Committee. Discussion was held around this report and what was contained. It was clarified

Audit Committee Meeting Minutes
7 March 2019

that it contains a summary detailing any adverse trends, insights to any potential issues and also any good practices which have been identified through the audit process. The Chief Executive Officer advised the Committee that the report is worthwhile reading in detail.

Ms Lei clarified the process for this transition and confirmed that Moore Stephens will be continuing as the Shire's auditors for the coming year. Moving forward the OAG will conduct some audits in house as well as going to tender for those that are not conducted in house. This tender will not specifically be for one local government (i.e. Moore Stephens to audit Northam) and will be based on the services for a range of local governments.

Ms Lei explained that the audits will extend to the performance of the local governments. The Chief Executive Officer advised that these are generally provided to staff however can also be provided to the Council. This provides a good insight into any issues and practices that can be improved or require attention.

Clarification was sought in relation to whether there is a comparison between actual budget and YTD. Mr Goodwin confirmed that this is reviewed along with that of previous financial years.

Clarification was sought in relation to the cost, Ms Lei advised that this is currently being finalised and this should be known within the next few weeks.

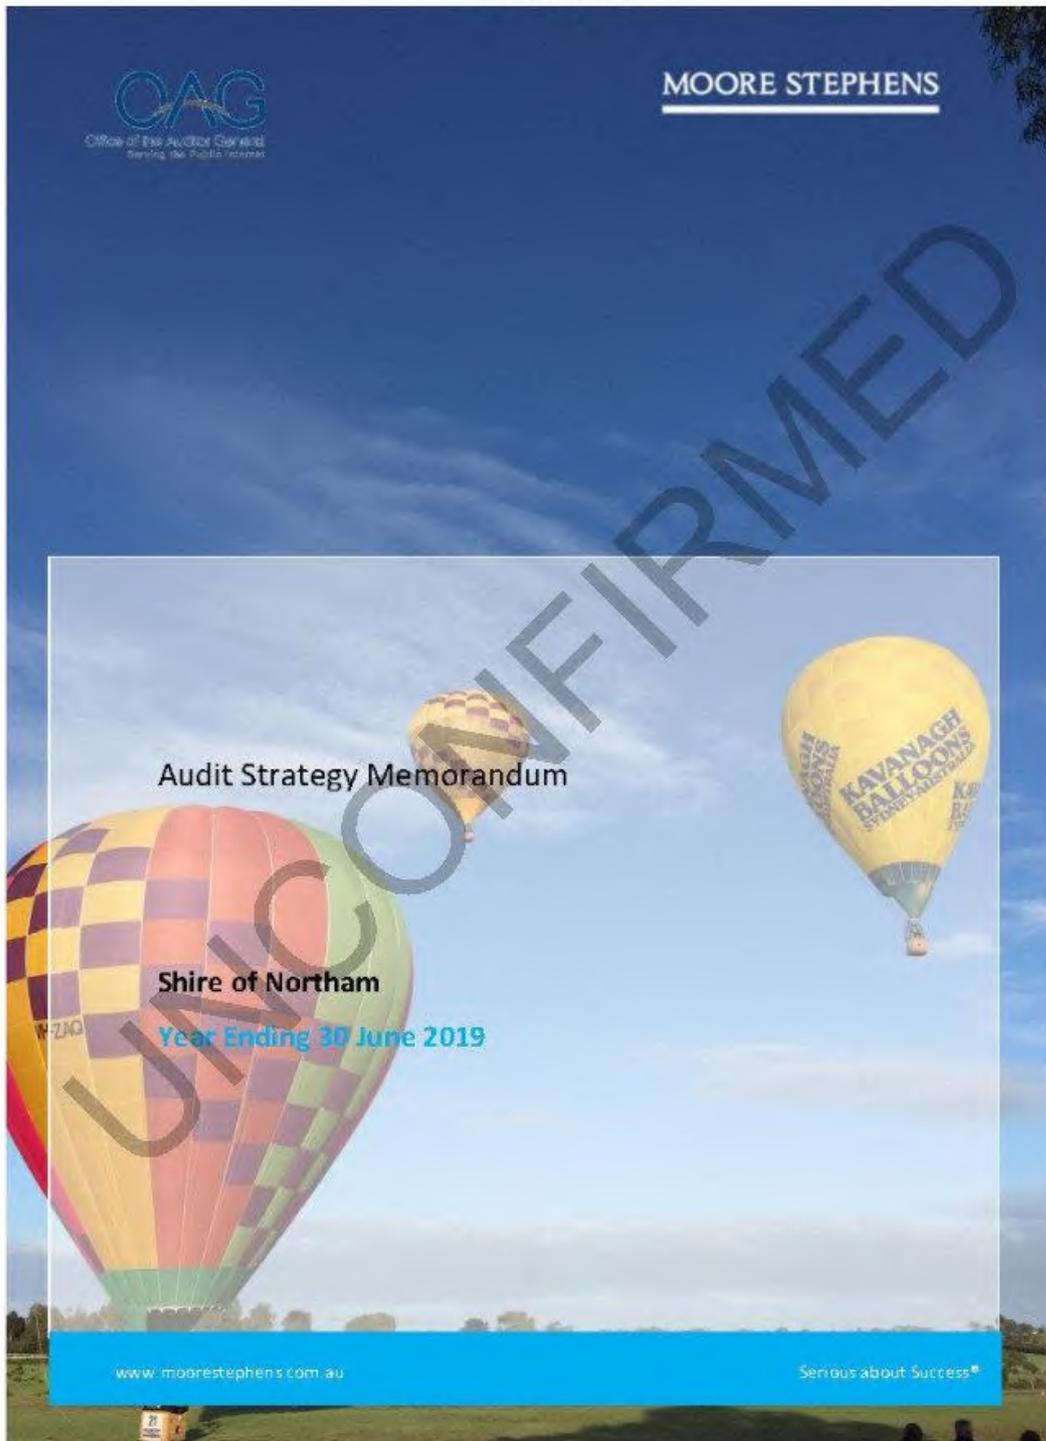

Discussion was held around internal audits and whether any guidance will be provided in this area. Ms Lei advised that some local governments align this with the annual auditing and others separate to provide a bigger coverage. It was advised that the OAG can review the internal audit structure.

Mr Goodwin ran through the contents of the Audit Strategy Memorandum and discussed the process for the audit. Discussion was held around the services provided in addition to the audit (i.e. conducting the financial management review) and these services must not exceed 10% of the audit fee unless approved by the OAG on a case by case basis e.g. if hardship was demonstrated. This is to manage any conflict or perceived conflict.

Ms Lei and Mr Goodwin left the meeting at 3:40pm

The Accountant left the meeting at 3:40pm and returned at 3:43pm.

Audit Committee Meeting Minutes
7 March 2019

1. Introduction

Moore Stephens has been engaged by the Office of the Auditor General (DAG) Western Australia to perform an audit of the Shire of Northam's (the Shire) annual financial report for the year ending 30 June 2019.

This memorandum sets out the proposed strategy for the audit of the Shire's annual financial report for the year ending 30 June 2019.

The key purposes of this memorandum are to:

- set out the audit scope and approach in summary;
- identify and communicate the key audit risk areas which we expect to be the focus of the audit procedures; and
- promote effective communication between the auditor and those charged with governance.

This document is strictly confidential and although it has been made available to management and those charged with governance to facilitate discussions, it may not be taken as altering our responsibilities to the Shire arising under our audit contract with the DAG.

The contents of this Audit Strategy Memorandum should not be disclosed to third parties without our prior written consent.

2. Audit Scope, Approach and Key Deliverables

Scope

Financial Audit

The primary scope and objective is to express an opinion to Council on whether the Shire's general purpose financial report as a whole is free from material misstatements (whether due to fraud or error) and is prepared (in all material respects) in accordance with applicable Australian Accounting Standards, the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended).

Statutory Reporting

The audit will also report on the following matters in accordance with Reg 10(3) of the Local Government (Audit) Regulations 1996:

- a) trends in the financial position or the financial management practices of the Shire;
- b) compliance with Part 6 of the Local Government Act 1995 (as amended), the Local Government (Financial Management) Regulations 1996 (as amended) or applicable financial controls of any other written law;
- c) details of whether information and explanations were obtained by the auditor; and
- d) conduct of audit.

Audit Methodology and Approach

The audit will be conducted using our National methodology and audit automation systems (Caseware) which are underpinned by policies, procedures and templates to ensure the appropriate level of consistency and quality is achieved. Please refer to Appendix 1 for a summary of our audit methodology and approach.

Key Deliverables

The following timetable is a broad outline of the key deliverables and timing aspects of the audit:

Engagement Activity	Timing
Audit Planning	26 February 2019
Entrance Meeting (Interim)	7 March 2019
Interim Audit Visit	29 April-1 May 2019
Interim management letter – reported to CEO and Shire President	30 May 2019
Receipt of complete and balanced draft financial report	31 August 2019
Final Audit Visits	15-18 September 2019
Issuance of Audit Concluding Memorandum	18 October 2019
Concluding (Exit) Meeting	25 October 2019(to be confirmed)
Date CEO sign off on financial statements and management representation letter (cannot be in excess of 5 working days from the Auditor General's audit report to the CEO and Shire President)	25 October 2019(to be confirmed)
Final sign-off of Auditor's report & management report	29 October 2019(to be confirmed)

3. Key Audit Risks and Focus Areas

Set out below is an overview of what we consider to be the key overall risks and focus areas for the 30 June 2019 audit. This preliminary risk assessment has been compiled based on our extensive knowledge of the Shire, the industry and issues faced by regional local governments. The audit will include a focus on recent regulatory and technical developments during the financial year (Please refer Appendix 2 for details). This risk assessment process is designed to ensure that we focus our audit work on the areas of highest risk.

The table below also includes our audit procedures to be performed to address these risks. This risk assessment and our responses will be updated throughout the engagement to ensure that all areas of material risk are addressed by our audit.

RISK AREAS	AUDIT PROCEDURES TO ADDRESS RISK
<p>PROPERTY, PLANT AND EQUIPMENT INFRASTRUCTURE</p> <p>This is a significant industry risk given the judgement applied in determining fair values as well as depreciation expense.</p> <p>2019 Estimated: \$220.8m 2018 Actual: \$199.6m</p>	<p>A broad outline for our approach is as follows:</p> <p>Property, Plant and Equipment and Infrastructure</p> <ul style="list-style-type: none"> Document and test key audit controls around Property, Plant and Equipment and Infrastructure balances. Assess accounting policy associated with fair value assessments and ensure in accordance with accounting standards. Review any revaluations, including evaluation of independent valuer/consultant (if used) or management's expertise/experience. Particular attention to whether or not valuation methodology and assumptions used were reasonable. Sample testing of asset additions and disposals. Review impairment assessments. Review fair value disclosures to ensure in accordance with AASB13 requirements. <p>Depreciation and amortisation</p> <ul style="list-style-type: none"> Understand and document the depreciation policy and how it relates to the various asset classes. Document and test key audit controls around the calculation of depreciation/amortisation. Perform depreciation recalculations based on our sampling approach. Perform substantive analytical procedures. In addition, given our industry experience, particular attention will be paid to the determination of applicable depreciation rates and reasonableness in light of any revaluations.
<p>EMPLOYEE BENEFIT PROVISIONS</p> <p>Provisions for annual leave and long service leave involves a degree of management estimation and uncertainty in their calculation.</p> <p>2019 Estimated: \$1.4m 2018 Actual: \$1.3m</p>	<p>We will document and test key audit controls and perform walkthroughs of the systems with a view to rely on the internal controls. We would perform substantive test of details utilising our sampling methodology as well as year and analytical review to add to the level of audit assurance obtained.</p> <p>Employee benefit provisions will also be reviewed to ensure they are consistent with the payroll records and calculated in accordance with AASB119.</p>

3. Key Audit Risks and Focus Areas (Continued)

RISK AREAS	AUDIT PROCEDURES TO ADDRESS RISK
<p>MANAGEMENT OVERRIDE OF CONTROLS</p> <p>Management is involved in day to day operations and monitoring of the business, which gives them the ability to manipulate accounting records and manipulate financial disclosures by overriding controls in place. Due to the unpredictable way in which such override could occur, this leads to potential fraud risk.</p>	<p>To address the risk of management override, the following procedures will be performed:</p> <ul style="list-style-type: none"> Review of journal entries and other adjustments for evidence of possible material misstatements due to fraud; Review accounting estimates and application of accounting policies for evidence of bias or aggressive accounting practices; and For significant or unusual transactions, evaluate the business rationale (or the lack thereof) for evidence of fraudulent financial reporting or misappropriation of assets.
<p>REVENUE</p> <p>The Shire's main sources of revenue are:</p> <ul style="list-style-type: none"> government grants; rates; and Other fee for service revenue streams. <p>2019 Estimated: \$26.9m 2018 Actual: \$24.4m</p>	<p>Given the nature of local government grants, substantive testing of details including verification to third party documentation and vouching receipt of funds will be completed in accordance with our established sampling methodology. We will also perform analytical review procedures.</p> <p>With respect to Rates, we will document and test key audit controls and will perform walkthroughs of the systems with a view to rely on internal controls. We would perform substantive test of details utilising our sampling methodology as well as year-end analytical review to add to the level of assurance obtained.</p> <p>We will also review the design and implementation of controls of all other main sources of revenue.</p> <p>Cut-off testing will form part of these procedures to help ensure revenue is correctly recognised and recorded.</p> <p>We also understand the impact AASB 15 will have on the local government industry and will ensure adequate disclosures regarding the impact are made in the financial report.</p> <p>In the process of identifying the risk of fraud in revenue, we will consider the following factors:</p> <ul style="list-style-type: none"> Nature of the revenue transactions The complexity of the transactions Materiality of the transactions <p>Having regard to the above factors, we will conclude as to whether the presumption of fraud risk related to revenue recognition is applicable.</p>

3. Key Audit Risks and Focus Areas (Continued)

RISK AREAS	AUDIT PROCEDURES TO ADDRESS RISK
<p>EXPENDITURE</p> <p>In keeping with the industry as a whole, expenditure forms a large part of a local government's operations. This takes the form of both operating and capital.</p> <p>2019 Estimated: \$20.9m 2018 Actual: \$19.8m</p>	<p>For the testing of expenditure, we will document and test key audit controls and will perform walkthroughs of the systems with a view to rely on internal controls. We would perform substantive test of details based on our sampling methodology as well as year-end analytical review to add to the level of assurance obtained.</p> <p>We would pay particular attention to the cost allocation methodology associated with Administration Allocations, Public Works Overheads and Plant Operating Costs to ensure these are properly allocated as they can impact the split between operational and capital expenditure.</p> <p>Specific attention will also be paid to credit cards, particularly in light of history and our experience of the industry.</p>
<p>RELATED PARTY DISCLOSURE</p> <p>This was a new area of disclosure for local governments commencing for the year ended 30 June 2017.</p>	<p>We will review the processes completed by management to assess whether they are robust and thus disclosure requirements are addressed adequately. These procedures will include a review of the system and the records/declarations collected by the Shire to ensure related party transactions are properly disclosed and are on an arm's length basis.</p> <p>We will also remain alert for any undisclosed related party relationships/transactions whilst performing our other audit procedures.</p>
<p>SIGNIFICANT ADVERSE TRENDS</p> <p>Review of any material matters that indicate significant adverse trends in the financial position or the financial management practices of the Shire relating to the requirements of Local Government (Audit) Regulation 10(3)(a).</p>	<p>Having extensive local government experience, we would seek to use the statutory ratios disclosed as part of our assessment. This would include a review of calculations as well as our understanding of industry benchmarks and how they impact the operations of the local government (paying particular attention to the type of local government, level of disability etc).</p> <p>We will also consider any breakdowns in systems or procedures that are indicative of a significant adverse trend in the financial management practices of the Shire.</p>
<p>OTHER ASSETS AND LIABILITIES</p> <p>Other focus areas are:</p> <ul style="list-style-type: none"> • Cash and cash equivalents; • Receivables; • Investment in local government house; • Payables/unrecorded liabilities; • Borrowings; • Trust funds; and • Reserves (including statutory compliance). 	<p>We will perform analytical review and year end substantive testing in accordance with our audit methodology.</p>

4. The Audit Team and Independence

Audit Team

The Moore Stephens team will be working closely with the following representative of the OAG in completion of the audit:

NAME	ROLE	CONTACT DETAILS
Anne Lei	OAG Contract Manager	Anne.Lei@audit.wa.gov.au Phone no: 6557 7601

Our audit team assigned to this engagement is set out below.

NAME	ROLE	CONTACT DETAILS
Greg Godwin	Engagement Partner	ggodwin@moorestephens.com.au
Gilles Chan	Engagement Manager	gchan@moorestephens.com.au
Tamara McCarthy	Engagement Senior	tmccarthy@moorestephens.com.au
Ken Choo	Engagement Intermediate	kchoo@moorestephens.com.au
Sasha Locke	Engagement Graduate	slocke@moorestephens.com.au

The primary objective will always be to balance our experience and knowledge of the Shire with appropriate independence and objectivity of thinking. The development of our people will always be a key objective. Our assurance team will be supported by our specialist technical, taxation and support teams.

Independence

We have established policies and procedures designed to ensure our independence, including policies on holding financial interests in the Shire and other related parties, business relationships, employment relationships, and the provision of non-audit services.

We have assessed our audit independence at the planning stage and to the best of our knowledge and belief, we are of the opinion that each engagement team member and partners of all Moore Stephens network firms in Australia are not in contravention of the auditor independence and ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities with the Code. We have further considered the safeguards the Moore Stephens Australia network has in place and we are not aware of any services being provided that would compromise our independence as external auditor.

5. Other Key Matters

Auditor's Responsibility to Consider Fraud

As auditors, we obtain reasonable assurance that the financial statements (taken as a whole) are free from material misstatements due to fraud or error.

Accordingly, certain procedures will be performed as part of our audit by way of enquiry, evaluation and review as required by the Australian Auditing Standards on fraud, ASA 24D.

Responsibilities of Management and Council

Financial Reporting

Management is responsible for the preparation of the Shire's Annual Financial Report that gives a true and fair view in accordance with Australian Accounting Standards, the Local Government Act 1995 (as amended) and the Local Government (Financial Management) Regulations 1996 (as amended) and for such internal control as management determines is necessary to enable the preparation of the Annual Financial Report that is free from material misstatement, whether due to fraud or error.

The primary responsibility for the prevention, deterrence and detection of fraud remains with the Council.

In preparing the Annual Financial Report, management is also responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

The Council is responsible for overseeing the Shire's financial reporting process.

Under "Clarity" Australian Auditing Standards, as a precondition of accepting the engagement we are required to determine whether the financial reporting framework to be applied in the preparation of the Shire's Annual Financial Report is acceptable. Given that the Shire's Annual Financial Report continues to be prepared as general-purpose financial reports in line with previous years and with no changes in terms of regulations or other issues that might impact the requirements of the report, as at the date of issuing this report we continue to consider this framework acceptable.

Representations by Management

As part of the audit requirements, Management is to provide the auditor a written representation that:

- it has fulfilled its responsibility for the preparation of the financial report in accordance with the applicable and other statutory reporting requirements, including where relevant their fair presentation, as set out in the terms of the audit engagement;
- It has provided the auditor with all relevant information and access as agreed in the terms of the audit engagement;
- All transactions have been recorded and are reflected in the financial report; and
- (if any) significant representations made by management for which the auditor is relying on in forming the audit opinion.

Please refer to Appendix 3 for a standard Representation Letter which can be used as a template for this matter.

Additional Scope / Work

Should additional matters or issues arise requiring additional scope we will in the first instance contact the DAG and will agree with the DAG and Shire's Management prior to commencing the work.

APPENDIX 1

Summary of Audit Methodology and Approach

Methodology

Step 1

Update our understanding of each entity's operations.

Step 2

Obtain comfort over controls for each of the operating cycles.
Determine to what extent it is effective and efficient for us to rely on management's controls.
Completion of controls testing including:

- What are key risks for our audit?
- How are risks controlled / managed?
- Evaluate effectiveness of identified controls
- Test and validate whether the controls have been operating effectively during the year.

Step 3

Assess level of reliance on controls and complete specific procedures necessary to address audit risks.
Residual substantive procedures are tailored and consist of analytical procedures and / or tests of detail.

Step 4

Complete procedures in relation to financial statements as well as other audit completion and reporting procedures, including in respect to the form and context of the opinion.

Approach

Our audit process generally contains three phases being planning, fieldwork and completion.

The planning phase is critical to the audit process as this is where we address the audit risk. Our methodology focuses on the Shire's underlying business risks, recognising that audit risk is affected by the business risks of the Shire, as well as by how well management and Council address those risks.

The most critical aspect of our planning is the assessment of risk and consideration of where material misstatements could occur.

Our audit approach focuses on areas that represent higher risk to the business. Our methodology uses a risk-based approach to evaluate and, when appropriate, to test the effectiveness of internal controls with the expectation that a moderate level of reliance can be placed on the operating controls. We will make a combined assessment of inherent and control risk for significant accounts and the related financial statement assertions. We will then establish a portfolio of audit procedures that are customised based on the Shire's significant accounts, critical areas, disclosures and classes of transactions, as well as our assessment of risk, including the risk of fraud.

Our procedures include tests of details of significant account balances, transactions and disclosures and we will adopt a combination of controls and substantive approach to the audit of the Shire for the year ending 30 June 2019.

APPENDIX 1

Summary of Audit Methodology and Approach (Continued)

Materiality

Materiality is set at the planning stage to ensure that an appropriate level of audit work is conducted. It is also set at the reporting stage in order to assess the impact of an item on the financial statements.

Materiality depends on the size of the item or error judged in the particular circumstances of its omission or misstatement. Thus, materiality provides a threshold or cut-off point rather than being a primary qualitative characteristic which information must have if it is to be useful. An item would be considered material to the financial statements if, through its omission or non-disclosure, the financial statements would no longer show a true and fair view.

Materiality - Implications

This does not mean that transactions of an amount under the materiality level will not be tested; rather the setting of a planning materiality is used as a basis for determining sampling levels and analysing results in order to assist in the completion of an efficient and effective audit.

It must also be borne in mind that in many instances our audit approach is primarily based on the testing of controls and substantive tests of detail.

We will report uncorrected misstatements aggregated during our audit, and determined by management to be immaterial, both individually and in aggregate to the annual financial report. We will seek written explanation from management, explaining the reasons for not adjusting the misstatements.

Sampling

In line with the requirements of Australian Auditing Standards a key element of our audit approach is the sampling of transactions for testing across all key control aspects and material account balances.

Our assessment of risk and determination of materiality are key inputs in determining the nature and level of the sample size of transactions to be tested within any particular area of our audit.

While this is always a key area of audit judgment, we confirm that our determination of samples selected for testing is supported by Moore Stephens Australia's audit methodology and procedures manuals as well as our audit automation software, Caseware. Thus, we confirm our approach to sampling is designed so as to provide a sufficient level of confidence in considering our audit conclusions arrived at from our testing.

APPENDIX 1

**Summary of Audit Methodology and Approach
(Continued)**

Fraud Risk

We will assess the overall fraud risk of the Shire and perform testing to satisfy ourselves the overall fraud risk is reduced to an acceptable level. In assessing the overall fraud risk of the entity, we consider the following factors:

- Competence of Management.
- Prior period audits of the Shire and industry experience.
- The extent of performance-based remuneration arrangements (i.e. bonus, options) with Management and Councillors (unlikely in local government environment).
- The complexity of the operations and transactions.
- Compliance framework.
- Nature of major assets of the entity and their revaluation cycles.
- Segregation of duties and monitoring of controls (such as authorisation, review) in relation to the financial reporting process.
- Consideration of unrealistic timetables or deadlines.

APPENDIX 2

Recent Regulatory and Technical Developments

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for current or future reporting periods, some of which are relevant to the Shire.

The new and amended pronouncements that are relevant to the Shire are set out as follows:

Title	Issued / Completed	Applicable ⁽¹⁾	Objective
AASB 9 Financial Instruments (incorporating AASB 2014-7 and AASB 2014-8)	December 2014	1 January 2018	This Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139.
AASB 15 Revenue from Contracts with Customers	December 2014	1 January 2019	This Standard establishes principles for entities to apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer. The effect of this Standard will depend upon the nature of future transactions the Shire has with those third parties it has dealings with. It may or may not be significant.
AASB 16 Leases	February 2016	1 January 2019	Under this Standard there is no longer a distinction between finance and operating leases. Lessees will now bring to account a right-to-use asset and lease liability onto their statement of financial position for all leases. Effectively this means the vast majority of operating leases as defined by the current AASB 117 Leases which currently do not impact the statement of financial position will be required to be capitalised on the statement of financial position once AASB 16 is adopted. Currently, operating lease payments are expensed as incurred. This will cease and will be replaced by both depreciation and interest charges.
AASB 1058 Income of Not-for-Profit Entities (incorporating AASB 2016-7 and AASB 2016-8)	December 2016	1 January 2019	These standards are likely to have a significant impact on the income recognition for NFP's. Key areas for consideration are: <ul style="list-style-type: none"> - Assets received below fair value; - Transfers received to acquire or construct non-financial assets; - Grants received; - Prepaid rates; - Leases entered into at below market rates; and - Volunteer services.
Local Government (Financial Management) Regulation 17A(5)	June 2018	July 2018	This amendment states that from 1 July 2018, assets acquired for less than \$5,000 must be excluded from the fixed asset register.

Notes: ⁽¹⁾ Applicable to reporting periods commencing on or after the given date.

The impact of these standards, if any, on the Shire's financial statements in future periods should be assessed by the management and disclosed in the 2019 annual financial report.

PERTH WA 6000

Dear Ms Spencer

REPRESENTATION LETTER IN RESPECT OF THE SHIRE OF NORTHAM'S ANNUAL FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2019

This representation letter is provided in connection with your audit of the Shire of Northam's annual financial report for the year ended 30 June 2019 for the purpose of expressing an opinion as to whether the annual financial report is fairly presented in accordance with the *Local Government Act 1995* (the Act), the *Local Government (Financial Management) Regulations 1996* and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

We submit the following representations for the year ended 30 June 2019 after making appropriate enquiries and according to the best of our knowledge and belief. This representation covers all material items in each of the categories listed below.

1. GENERAL

- (a) We have fulfilled our responsibilities for the preparation and fair presentation of the annual financial report in accordance with the *Local Government Act 1995* (the Act), the *Local Government (Financial Management) Regulations 1996* and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.
- (b) We have advised your auditors of all material contentious methods used in the presentation of the financial report.
- (c) There have been no changes in accounting policies or application of those policies that would have a material effect on the financial report, except as disclosed in Note XX to the financial report.
- (d) The prior period comparative information in the financial report has not been restated except as disclosed in Note XX to the financial report.
- (e) Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable. We confirm the disclosures related to accounting estimates are complete and appropriate.

Audit Committee Meeting Minutes
7 March 2019

- (f) We have established and maintained an adequate internal control structure and adequate financial records as we have determined are necessary to facilitate the preparation of the financial report that is free from material misstatement, whether due to fraud or error.
- (g) We have provided your auditors with
- (i) Access to all information of which we are aware that is relevant to the preparation of the financial report, such as records, documentation and other matters.
 - (ii) Additional information that your auditors have requested for the purpose of the audit.
 - (iii) Unrestricted access to persons within the Shire from whom your auditors determined it necessary to obtain audit evidence.
- (h) All transactions have been recorded in the accounting and other records and are reflected in the financial report.
- (i) All internal audit reports and reports resulting from other management reviews, including legal issues and legal opinions which have the capacity to be relevant to the fair presentation of the financial report including, where relevant, minutes of meetings, have been brought to your auditors' attention and made available to them.
- (j) We have advised your auditors of all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing the financial report.
- (k) We have provided to your auditors the results of our assessment of the risk that the financial report may be materially misstated as a result of fraud.
- (l) No frauds or suspected frauds affecting the Shire involving:
- (i) Management;
 - (ii) Employees who have significant roles in internal control; or
 - (iii) Others where the fraud could have a material effect on the financial report
- have occurred to the knowledge of management of the Shire.
- [OR]
- We have provided information to your auditors of our knowledge of fraud or suspected fraud affecting the Shire involving:
- (i) Management;
 - (ii) Employees who have significant roles in internal control; or
 - (iii) Others where the fraud could have a material effect on the financial report.
- A summary of these is provided below/attached.
- (m) To our knowledge no allegations of fraud or suspected fraud affecting the Shire's financial report has been communicated to us by employees, former employees, analysts, regulators or others.

Audit Committee Meeting Minutes
7 March 2019

APPENDIX 3

[OR]

We have provided information to your auditors of our knowledge of any allegations of fraud or suspected fraud affecting the Shire's financial report communicated by employees, former employees, analysts, regulators or others.

Details are as follows/attached.

- (n) We have disclosed to your auditors all known actual or possible litigation and claims whose effects should be considered when preparing the financial report, and they have been accounted for and disclosed in accordance with Australian Accounting Standards.

2. FAIR VALUE MEASUREMENTS AND DISCLOSURES

We confirm that where assets and liabilities are recorded at fair value, the value attributed to these assets and liabilities is the fair value.

We confirm that the carrying amount of each physical non-current asset does not materially differ from its fair value at the end of the reporting period. Significant fair value assumptions, including those with high estimation uncertainty, are reasonable.

We confirm the measurement methods, including related assumptions, used by management in determining fair values are appropriate and have been consistently applied.

- (i) We confirm that the fair value disclosures in the financial report are complete and appropriate.

3. GOING CONCERN

We confirm that the going concern basis of accounting is appropriate for the annual financial report.

4. CONTINGENT LIABILITIES

There are no material contingent liabilities at year end that have not been completely and adequately disclosed in the Notes to the financial report.

5. COMMITMENTS FOR CAPITAL AND OTHER EXPENDITURE

Other than those commitments reported in the Notes to the financial report, there were no significant commitments for capital or other expenditure contracts carrying over at year end.

6. FINANCIAL LIABILITY FOR CONTAMINATED SITES

We are aware of our obligations under the *Contaminated Sites Act 2003* and have reported to the Department of Water and Environmental Regulation, all land owned, vested or leased by the Shire that is known to be, or is suspected of being, contaminated. All actual liabilities or contingent liabilities, if any, have been recognised and/or disclosed in the financial report as appropriate.

7. RELATED ENTITIES

We acknowledge our responsibility under section 17(1) of the *Auditor General Act 2006* (as applied by section 7.12AL of the *Local Government Act 1995*) to give written notice to the Auditor General if any of the Shire's functions are being performed in partnership or jointly with another person or body, through the instrumentality of another person or body, and/or by means of a trust. We confirm that we have provided the Auditor General with details of all related entities in existence at 30 June 2019.

Audit Committee Meeting Minutes
7 March 2019

APPENDIX 3

8. RELATED PARTIES

We have disclosed to your auditors the identity of the Shire's related parties, as defined in Australian Accounting Standards, of which we are aware, and all the related party relationships and transactions of which we are aware. These include the Shire's key management personnel (KMP) and their related parties, including their close family members and their controlled and jointly controlled entities.

We have appropriately accounted for and disclosed such relationships and transactions in accordance with the requirements of Australian Accounting Standards.

9. KEY MANAGEMENT PERSONNEL COMPENSATION

We confirm the Shire's key management personnel (KMP) have not received any other money, consideration or benefit (except amounts being reimbursements for out of pocket expenses) which has not been included in the compensation disclosed in the Notes to the financial report.

10. SUBSEQUENT EVENTS

All events subsequent to the date of the financial report and up to the date of this letter for which Australian Accounting Standards require adjustment or disclosure, have been adjusted or disclosed.

[OR]

No matters or occurrences have come to our attention between the date of the financial report and the date of this letter which would materially affect the financial report or disclosures therein, or which are likely to materially affect the future results or operations of the Shire.

11. INTERNAL CONTROL

We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

12. INSURANCE

We have established procedures to assess the adequacy of insurance cover on all assets and insurable risks. We believe, where appropriate, assets and insurable risks are adequately covered by insurance.

13. RISK MANAGEMENT

We confirm that we have established and maintained a risk management framework that is appropriate to the Shire.

14. FINANCIAL RATIOS

We confirm that the financial ratios included in the annual financial report have been prepared and fairly presented in accordance with the *Local Government (Financial Management) Regulations 1996*.

We confirm that the asset consumption ratio and the asset renewal funding ratio are supported by verifiable information and reliable assumptions.

BRIEF

This report is for Council to adopt the Compliance Audit Return (CAR) for 2018.

ATTACHMENTS

Attachment 1: Compliance Audit Return 2018.

BACKGROUND / DETAILS

Under the Local Government (Audit) Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January to 31 December of each year. The certified return should be submitted to the Director General, Department of Local Government and Regional Development by 31 March each year.

The Compliance Audit Return must be:

1. Presented to Council at a meeting of the Council;
2. Be adopted by the Council; and
3. Recorded in the minutes of the meeting at which it is adopted.

In relation to the year 2018 a copy of the return is to be submitted for Councillor's perusal, comment and adoption by Council prior to 31 March 2019. It is necessary for the Shire President and the Chief Executive Officer to sign off the return as a certified copy.

The 2018 Compliance Audit Return has been completed in house, with the CEO and senior staff reviewing and approving the completed return.

Audit Committee Meeting Minutes
7 March 2019

The compliance review process provides both the CEO and the Council with an additional element of accountability through a check on internal management systems, procedures and record keeping and this demonstrates the Shire's emphasis on improving its good governance, compliance, and best practice.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

- Legal –Moderate
 - The Audit ensures the Shire is abiding by all legislative requirements.

OFFICER'S COMMENT

Audit Committee Meeting Minutes
7 March 2019

The standard of compliance in 2018 was in general extremely good. Each year the Shire strives to improve the services it provides to stakeholders both internal and external.

1. Commercial Enterprises – As there were none for 2018 there is 100% compliance.
2. Delegation of Power/Duty – There was 100% compliance
3. Disclosure of Interests – There was 93.75% compliance as one officer did not put in his Primary Return on time.
4. Disposal of Property – 100% compliance
5. Finance – 100% compliance
6. Integrated Planning and Reporting – 100% compliance
7. Official Conduct – 100% compliance
8. Tenders and Providing Goods and Services – There was one tender which did not have the advertisement placed with the paperwork. A minor omission which has been rectified 96% compliance.

Overall an excellent result.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.116

Moved: Cr Mencshelyi

Seconded: Cr Proud

That Council adopt the Audit Compliance Return 2018 as attached for submission to the Department of Local Government and Communities.

CARRIED 3/0

Clarification was sought in relation to:

- Whether this is conducted in house. The Chief Executive Officer confirmed that it is conducted in house.
- Whether there is comparative's with other local governments. The Chief Executive Officer advised that this does not occur as it is a self-audit.

BRIEF

To provide Council with an update of the progress made towards the Better Practice Review (BPR) Action Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the Better Practice Review Program to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: BPR Action Plan.

BACKGROUND / DETAILS

The Local Government BPR Program is an initiative undertaken in October 2015, with the Final Report received by Council in March 2016, by the Department of Local Government and Communities to recognise and promote good practice in Western Australian country local government. The BPR Program involved a team reviewing key areas of the Shire of Northam's activities and operations. The BPR Program objectives are to:

- Generate momentum for a culture of continuous improvement and greater compliance across the local government sector;
- Promote good governance and ethical regulation;
- Identify and share innovation and best practice in the local government sector; and

Audit Committee Meeting Minutes
7 March 2019

- Act as a 'health check' by providing departmental advice and support to local governments that may be experiencing operational problems.

The key findings from the review are summarised in the areas of Governance, Planning and Regulatory function, Plan for the Future (strategic and corporate planning), assets and finance, workforce planning / Human Resource (HR) management and community and consultation. The report aims to highlight areas where the local government is demonstrating better practice as well as providing constructive feedback on addressing any areas for further development. The areas requiring further development are provided to the local government with suggested recommendations that the local government can aim to address through a documented action plan (Attachment 1).

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme 6: Governance and Leadership

Outcome 6.3 The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Ensure robust financial management

- Financial - Low
 - There are only staffing costs to this update
- Compliance - Moderate
 - Regular reviews ensure compliance
- Legal – Low
 - Complying with legislations ensures there are no legal issues

OFFICER'S COMMENT

Audit Committee Meeting Minutes
7 March 2019

This review found that overall the Shire is an organisation that functions well. Areas of further development identified related to enabling planning, building and health staff to work more cohesively to deliver consistent information to the community, the improvement of asset management, financial reporting practices, meeting/briefing procedures and standing orders. Areas for further development and recommendations have been detailed in Attachment 1 with comments in respect to the progress made towards each of these.

Key to table

Completed

No Action

Underway

Officers are working towards addressing the areas for further development whilst continuing the improvements already underway in order to achieve good practice, governance and legislative compliance into the future. The action plan for the review has been provided in Attachment 1 with an update of the progress made towards the recommendations.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.117

Moved: Cr Proud

Seconded: Cr Mencshelyi

That Council receive the update as provided in the Attachment 1 in relation to the progress made towards the Better Practice Review Action Plan.

CARRIED 3/0

Clarification was sought in relation to item 14 and how much progress has been made. The Executive Manager Corporate Services took the question on notice. Since the meeting the following additional advice has been provided:

There is a standing purchase order for this project. Officers have engaged Jacky Jurmann (Planning Consultant) to undertake the process for establishing the List but she has not formally commenced the process due to needing further information from Officers. It is proposed that this will be provided in the coming weeks.

Audit Committee Meeting Minutes
7 March 2019

The enabling legislation for Heritage Lists is Clause 8 of the deemed provisions for local planning schemes. In order to establish / enter a place / remove a place or modify an entry on the List, the Shire must follow the procedures for that under Clause 8(3)(a) up to and including (d) and 8(4). This is what the consultant will undertake on behalf of the Shire.

BRIEF

This report provides Council with an update of the progress made towards the Customer Service Audit in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Customer Service Audit Plan.

BACKGROUND / DETAILS

The Shire of Northam procured Aveling to conduct a Customer Service Management System Audit at the end of 2017 which included a review of the effectiveness of our ICS system and our Customer Service Charter. The report included an internal survey as well as an external customer survey.

Key findings of the review related to areas of recommended improvement for both ICS and the Customer Service Charter. Suggested improvements relating to the Customer Service Charter included document control and ensuring the document is easily accessible by customers.

For ICS' the recommended improvement areas included closing out of the documents and ensuring that the customer is kept up to date on the actions taken by staff.

OFFICER'S COMMENT

Progress is being made toward improving the Customer Service Charter to include being a controlled document.

Work has also commenced on a whistle-blower policy to allow confidentiality for anyone including staff who may have information of a sensitive nature they wish to report.

The Customer Service Charter will be made more accessible and information provided on making a complaint as well as compliment and requests within the next six months.

All staff are working toward the progression of action the in the ICS' and to advise customers of the steps taken including the close out stage.

That Council receive the update as provided in Attachment 1 in relation to the progress made towards the Customer Service Audit Plan.

CARRIED 3/0

Clarification was sought in relation to the ICS's and whether these are believed to be performing well as some feedback was received in respect to a matter being reported and not being completed. The Chief Executive Officer advised that staff are of the strong opinion that the system is working really well and has significantly improved. The number of concerns raised with the CEO Office in relation to ICS's has decreased. Once an ICS is reported it will either be addressed immediately, programmed and closed or not completed. Where they are not completed within a month a letter is to be sent to the customer advising when it is programmed (can be subject to change) or if it is not being completed this advice will also be communicated to the customer. The Coordinator Governance Administration advised that if customers contact administration they are able to provide them with an update in relation to when it is programmed.

(ISO10001 6.2)	2	Charter identifies major stakeholders and attempts to provide them with workable solutions. The main areas missing are stakeholder closeout and reporting to elected members. The elected member monthly report for October 2017 appears to be flawed closeout numbers. It shows approximately 30% of year to date requests are still not closed, but does not seem to trigger any alarm. It is also suspected that significant numbers of complaints have been closed out on the ICS system, without being actually closed. Examples of this include where a letter has been sent by Shire staff requesting action and then closed on the system, but no follow up visit to ensure that the action has been completed.	Executive Managers	Weekly reporting is occurring for complaints and ICS's received. Complaints outstanding and completed over the period are monitored to ensure that complaints are not closed without actioning. Changes have been made to the Customer Requests process so that these are only allocated to one officer to ensure ownership of the complain/ICS. This reporting is ongoing and the total number of ICS's/complaints received will be monitored.

The complaints process includes details in relation to the actions to take to maintain confidentiality if the complaint is of a confidential nature and details that all elements of the complaint are to be treated with confidentiality (including the identity of the complainant). Whistleblower policy has been drafted and is currently being reviewed by Executive Management. Once this has occurred the policy will be workshopped with Council and then presented for endorsement.

Executive Manager Corporate Services	Executive Assistant – CEO is now generating weekly reports for ICS's and complaints. Process improvements for managing complaints and ICS's are managed through Council's process mapping system which allows all staff to suggest improvements in relation to the process for managing ICS's and complaints.

BRIEF

To provide Council with an update of the progress made towards the Procurement Review Report in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Outcomes from the Procurement Process Review Report.

BACKGROUND / DETAILS

In July 2017 under the direction of the CEO, staff called for quotes from qualified business to conduct a Procurement Process Review on the Shire of Northam's purchasing focusing on, Tenders, Records Management, Probity and Credit Card Usage.

The Audit was designed to provide both the CEO and the Council with an additional element of accountability through a check on current procurement processes, ensuring these are being adhered to by staff.

OFFICER'S COMMENT

On Monday 22 January 2018 Moore Stephens conducted an Audit on the Shire of Northam's Procurement processes, after the site visit follow up interviews were conducted with the Executive Management Team and the Procurement Officer.

A final report was received on 7 May 2018 that included the following contents:

1. Engagement Overview;
2. Executive Summary;
3. Summary Controls Table;
4. Review Findings and Recommendations;
5. Improvement Opportunities;
6. Procurement Processes – Tenders and Contracts Management;
7. Other Matters;

The major areas identified for improvement works are detailed in Attachment 1:

IMPROVEMENT OPPORTUNITIES				
ESTABLISHMENT OF PRE-QUALIFIED PANEL OF SUPPLIERS				
Observation	Potential Risks	Recommendation	Management Comment	Progress
<p>It was noted during the audit that the Shire currently does not operate any formal panels of pre-qualified suppliers. Rather, through the years, it has maintained an informal list of suppliers which it has consistently used for recurring needs such as electrical services, painting, etc. Use of an informal list may present the following limitations:</p> <ul style="list-style-type: none"> precludes consideration of other suitable service providers which are new market entrants; rates quoted by known suppliers are often not market tested; and pre-qualified panel provides greater transparency in the selection process and if implemented follows a prescribed set of rules governing how the panel will operate to manage risks and to ensure a more efficient procurement process. 	<p>The following contractors were used multiple times for the period 1 July 2017 to 31 January 2018. Examples:</p> <p><u>Plumbing Services</u></p> <ul style="list-style-type: none"> Andy's Plumbing [43 POs; spend @ \$14,000] Blackwell Plumbing [17 POs; spend @ \$15,500] <p><u>Electrical Services</u></p> <ul style="list-style-type: none"> Grafton Electrics [46 POs; \$22,000] Verlindens Electrical [4 POs; \$11,600] 	<p>It is recommended that goods and services which are:</p> <ul style="list-style-type: none"> recurring, purchased frequently throughout the year; and deemed to be low or medium procurement risk, be considered for establishment as a pre-qualified panel under Division 3 of Regulations. <p>Determination of these services could be based on spend data by service category for the past 2 or 3 years. Any services which are likely to reach \$150,000 however, must undergo a public tender process as per Section 11.</p>	<p>Staff will investigate and establish pre-qualified panels where appropriate.</p>	<p>Limited Progress staff investigating</p>

SPEND ANALYSIS				
Observation	Potential Risks	Recommendation	Management Comment	Progress
<p>Spend analysis will provide insight into current procurement arrangements and identify opportunities for strategic procurement by spend category such as assessment of sole source arrangements and the use of pre-qualified panels (refer to point 1.0 Establishment of Pre-qualified panels).</p> <p>A regular review will also contribute to the understanding of historical spend patterns and whether anticipated value for money outcomes were achieved, thus providing input into subsequent tender planning processes.</p> <p>Spend analysis will also enable the Shire to benchmark suppliers which provide similar services for the purposes of "value for money" assessment for future reference.</p>	<p>The following examples illustrate the information that was obtained through a quick analysis of spend data from 1 July 2017 to 31 January 2018:</p> <ul style="list-style-type: none"> Glenn Stuart Beveridge @ 9 months is \$91,000; this supplier could reach the \$150,000 threshold if not monitored. Several contractors provide ongoing technical services which require specialist environmental, health and safety knowledge. However, there is no contract or service agreement in place i.e. Avon Valley Contractors, Central Mobile Mechanical Repairs. Avon Valley Contractors: POs for \$8,800 for 3 months has been sole source supplier for hire of graders. 	<p>It is recommended that at least annually, a review is performed by a person independent of the Procurement function of spend by supplier, by service type and other relevant criteria to ensure that overall procurement for goods and services is a strategic activity.</p> <p>Procurement planning may also alleviate the reliance on sole source suppliers if request for goods and services on short notice is minimised.</p>	<p>Procedures will be put in place ensuring suppliers that have recurring purchases that may reach the \$150,000 tender threshold are reviewed annually.</p>	<p>Spend Analysis now being performed as part of EOFY procedures, updated 28/02/2019</p>

BRIEF

To provide Council with an update of the progress made towards the Safety & Risk Management Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the audit undertaken by LGIS in 2014 and 2016 in order to ensure that continuous improvement occurs within the organisation.

ATTACHMENTS

Attachment 1: Safety & Risk Management Plan.

BACKGROUND / DETAILS

The AS/NZS 4801:2001 Audit Report undertaken by LGIS in August 2016 has highlighted significant improvements pertaining to all aspects of Occupational Safety and Health at the Shire of Northam. The total 'average' score for the Shire of Northam was 67% which is significantly higher than the previous audit result of 28% which was achieved in 2014.

As a consequence and to ensure that any shortfalls identified during the audit are addressed, the Safety & Risk Management Plan has been developed to ensure that required improvements are made in a timely manner. This Plans demonstrates the commitment of the Executive team together with the Occupational Safety & Health Committee to the achievement of a safe working environment.

OFFICER'S COMMENT

The Shire, as an employer, must ensure that all employees and contractors across the entire scope of operations are considered and included in the application of occupational health and safety management systems.

As with all system based programs there is opportunity for continuous improvement aligned with AS/NZS 4801 guidance specifications. The implementation of the recommendations contained in audit report have assisted the Shire of Northam to improve its current occupational health and safety performance.

BRIEF

To provide Council with an update of the progress made towards the Regulation 17 Review Action Plan.

This report aims to establish a level of accountability in respect to completing the actions identified through the Regulation 17 Review to ensure that Council's risk management, internal controls and legislative compliance is appropriate and effective.

ATTACHMENTS

Attachment 1: Regulation 17 Review Action Plan. Appendix A, B, & C

BACKGROUND / DETAILS

The Shire of Northam procured AMD Chartered Accountants to undertake the Shire of Northam's Regulation 17 Review in accordance with Local Government (Audit) Regulations 1996, Regulation 17 for the period ending 31 December 2016. This Regulation 17 Review includes a review of the appropriateness and effectiveness of the risk management, internal controls and legislative compliance of the Shire of Northam. A report has then been prepared identifying the findings from the review along with recommendations (if applicable). These findings and recommendation have been developed into an action plan and provided in Attachment 1.

Audit Committee Meeting Minutes
7 March 2019

Theme Area 6 Governance and Leadership

Outcome 6.3 The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Ensure robust financial management.

Financial / Resource Implications

Staffing resources are required in order to action the recommendations detailed within the BPR Action Plan.

Legislative Compliance

Local Government Act 1995 and relevant subsidiary legislation.

Policy Implications

N/A

Stakeholder Engagement / Consultation

All senior staff were asked to review the document and make any comments.

Risk Implications

- Reputational – Moderate
- Council may be at risk of not generating continuous improvement, better practice, good governance and legislative compliance.
- Financial - Low
 - There are only staffing costs to this update
- Compliance - Moderate
 - Regular reviews ensure compliance
- Legal – Low
 - Complying with legislations ensures there are no legal issues

OFFICER'S COMMENT

This review indicated that the Shire of Northam is proactive in managing risk, internal controls and legislative compliance as well as taking the necessary steps to ensure appropriate risk management, internal controls and legislative compliance policies and practices are in place. Areas for improvement and recommendations have been detailed in Attachment 2 with comments in respect to the progress made towards each of these.

Officers are working towards addressing the recommendations from the review whilst continuing the improvements already underway in order to achieve an optimum levels of risk management, internal controls and legislative compliance into the future. The Action Plan for Review has been provided in Attachment 1 with an update of the progress made towards the recommendations.

That Council receive the update as provided in the Attachment 1 in relation to the progress made towards the Regulation 17 Action Plan.

CARRIED 3/0

Clarification was sought in relation to:

- The risk register. The Chief Executive Officer advised that staff are currently trialling software for this. Council does have a risk register however it is difficult to update. The software being trialled currently is considered to make this process significantly easier and considered to be user friendly.
- Plant Replacement/Vehicle Usage Policy. It was advised that staff are currently finalising this policy which is anticipated to be presented to Council in the next few months and will be workshopped prior. Staff were waiting for an independent review of its plant prior to finalising the policy, this review will cover whether Council has too much plant and identify areas which can be improved. Discussion was held around staff use, it was clarified that this will be included in the policy and will be a discussion for Council.
- Information Communication Technology (ICT). It was advised that an audit was recently undertaken for this however reporting on the audit was unable to be prepared in time for this meeting, however will be included at the next meeting. A number of critical matters raised in the audit have already been addressed with the other matters being worked through. Discussion was held around the new IT support provider and it was advised that staff are extremely happy with these services.

Cr M P Ryan entered the meeting at 4:09pm and departed at 4:09pm.

The Executive Assistant – CEO departed the meeting at 4:09pm and returned at 4:10pm.

1	<p>Shire of Northam have not developed an organisational-wide risk register which identifies risks, assesses the impact of the risk and identifies controls to mitigate risk.</p> <p>We would expect the organisational risk register to encompass each business unit incorporating the following categories for each business unit:</p> <ul style="list-style-type: none"> • Operational; • Strategic; • Finance; • Technological; and • Compliance risks (also refer Appendix C) <p>While we acknowledge Shire of Northam has developed a Risk Management Framework, Risk Dashboard and many individual policies and operational procedures,</p>	Medium	Lack of documentation in place to evidence risks have been identified.	<p>We recommend the Shire of Northam develop an organisational risk register. This should include conducting a comprehensive risk identification process to identify potential Shire of Northam risks within each business unit and incorporating the following categories:</p> <p>(a) Operational; (b) Strategic; (c) Finance; (d) Technological; and (e) Compliance risks.</p> <p>The risk register should identify the risk, analyse the risk by determining the likelihood, consequence and current controls in respect to each identified risk; evaluate the risk by deciding whether the risk is to be treated/controlled,</p>	<p>A current register exists even though it is not as extensive as that suggested, the risk register will be updated in the future as recommended.</p> <p>Agree, the three identified policies will be developed.</p>	Chief Executive Officer	A risk register has been developed, not to the extent as identified.

3	We noted that the following from the sample of lease agreements tested: (a) Lease agreement for Northam Aero Club Management is not signed and the details on the lease register are out of the date; (b) Lease register not updated to reflect the lease agreement terms for Northam Airport – Hanger 13; and (c) The commencement date in the lease register for Blackberry Close Bakers Hill differs to that reflected in the lease agreement.	Medium	Risk the Shire is exposed to risks due to lessee non-compliance with lease terms.	We recommend a sample lessee compliance check be completed to ensure lessees are complying with stated lease terms, including obtaining documentation to support adequate insurance is maintained by the lessee. This could be completed on a rolling basis over several years to ensure all lessees are contacted at least once within the lease term.	(a) As discussed with the Auditor, the lease agreement for Northam Aero Club is not yet signed because it is with them (Aero Club) for their approval and signing. (b) Register for Hangar 13 has been updated. (c) The reason is that the original lease commenced in 2004 and went for 5 years, a new lease was initiated 1/7/2009 for two years with 4x2year options to renew. The lease register is currently being updated so this will be rectified. The Governance officer is the designated officer with the responsibility for ensuring compliance and random checks are done several times a year to ensure compliance.	Governance Officer	Completed

4	<p>While the "Declaration of Interest" step was added to the Purchasing Process in Promapp post the Projects and Contracts Administration Officer and Procurement Officer attending the WALGA procurement training in August 2016, there is no centrally maintained register that records any disclosed Councillor and staff conflicts of interests.</p> <p>We acknowledge the Shire of Northam records those interests disclosed at the Council and Committee meetings in the Register of Financial Interest. However this register does not currently record any conflicts (whether perceived or actual) disclosed outside these meetings.</p>	Medium	<p>Risk that a Councillor/staff have a perceived/actual conflict of interest which is not recorded and managed appropriately by the Council.</p>	<p>We recommend that the Shire of Northam design and implement a conflict of interest register. This register should be monitored to ensure that all conflicts (whether perceived/actual) are disclosed. All conflicts of interest should be managed accordingly by the Shire.</p>	<p>Noted, management will investigate the establishment of a central register</p>	CEO	<p>Executive Assistant – CEO (EA – CEO) has posted an improvement idea/request onto the 'Manage Purchasing' process for an additional task outlining that a disclosure of interest form is to be completed (if applicable) and forwarded the EA – CEO. This will then be added to the existing Register for Interest Disclosures. This improvement idea/request is currently pending approval of the process owner (Executive Manager Corporate Services). The EA – CEO has also amended the register to add an additional field for the person/party/location which the disclosure relates to allow for a quick search to be undertaken when reviewing whether interests should be declared.</p>

5	Our inquiries of the Human Resources Officer identified that the Shire of Northam does not maintain a central Contractor/Sub-contractor Insurance Register and that the responsibility for checking insurances currently rests with the Responsible Officer who has arranged the Contract.	Medium	Risk that the Contractors/Sub-contractors insurances expire whilst providing the service to the Shire and that this is not identified in a timely manner.	We recommend that the Shire designs and implements a central Contractor/Sub-contractor Insurance Register which is maintained by one or two individual to ensure that all insurances are up to date.	Noted and will implement.	Human Resource Officer	Central contractor/sub contractor insurance register created and will be maintained by Engineering Services.
6	Our inquiries indicated Shire of Northam has no documented policy or procedure in respect to personally owned IT devices including laptops, smartphones, tablets, thumb drives etc.	Medium	Risk that existing procedures and practices in respect to personally owned devices are not formally documented.	In accordance with the Department of Local Government IT Framework (best practice guidelines), we recommend policies and procedures outlining the terms and conditions is respect to the use of personally owned devices and access be documented, approved, implemented and monitored on an ongoing basis.	Noted, a policy will be developed and implemented.	Exec Manager Corporate Services	Limited, policy to be developed as part of overall IT Strategy.

7	While our inquiries indicate that the Shire of Northam's prior period Audit Regulation 17 Risk Report (being the risk dashboard) was presented to the Audit Committee, an updated risk report is not provided to the Audit Committee / Council on a regular basis.	Low	Lack of communication with those charged with governance.	Once the development of the organisation risk register (as noted at number 1 above) is completed, we recommend this register and / or risk dashboard is tabled at Audit Committee and subsequent Council meetings on a periodic basis.	Notes, currently in the process of reviewing the functions for the Audit committee.	CEO	Completed, per this report to the Audit Committee.
8	We note Shire of Northam does not currently hold Cybercrime insurance.	Low	Risk of being uninsured against cybercrime.	We recommend Council investigate obtaining cybercrime insurance.	Insurance coverage is reviewed annually in consultation with the council Insurance Company (LGIS), in the past this has not been identified as a 'high' risk area, will investigate as part of the annual insurance review. 9	We noted the Shire of Northam Insurance Register does not currently record the date insurance claims are submitted to the Shire of Northam, to ensure insurance claims are subsequently lodged and followed up in a timely manner after an incident.	Low	Untimely recovery of costs associated with insurance events.	We recommend insurance claims be lodged on a timely basis after incidents occur (we suggest no longer than one month) and the date the claim is submitted to the Shire be recorded in the insurance claims register.	Noted.	Governance Officer	Completed August 2018
10	Our review identified that the: (a) Community Engagement Plan was last endorsed on 12 October 2011; and (b) Management of Council Property Leases was last reviewed on 16 October 2013.	Low	Risk that outdated documents are being referenced by Council staff.	We recommend all Council plans, policies and procedures are reviewed and updated regularly. We also recommend that reviews of policies and procedures include ensuring all references to legislation / guidelines are current and if legislation / guidelines have changed, the policy is updated to reflect those changes.	Plans and policies are monitored and reviewed (as required) internally on a regular basis.	Various CEO Governance	a) Not yet reviewed. We recommend that the Shire of Northam develops a signature specimen list for all those with delegated authority.	A signature register is currently being developed.	Exec Manager Corporate Services	Completed.
12	Our inquiries of the Projects and Contracts Administration Officer identified that Council has not developed any probity plan(s) or Statement of Purchasing Ethics requiring acknowledgement by third parties.	Low	Risk of the third party not acting in accordance with the Shire's policies and procedures.	We recommend that the Shire develops and implements a Statement of Purchasing Ethics which sets out the way the third party conducts business with the Shire. 1	Our inquiries of the Executive Manager, Corporate Services identified that the Shire of Northam does not currently have a formal documented IT Disaster Recovery Plan in place. We acknowledge that IT Disaster Recovery is briefly commented on in the Business Continuity Plan and that by coincidence the Shire put to test the recovery of the Shire's back-up due to an incident that occurred on 22 September 2016.	Medium	Risk of significant delays and business interruption in the event of unforeseen circumstances in respect to Council organisational business.	We recommend the IT Disaster Recovery Plan be developed and implemented by the Shire of Northam. Once the plan has been completed, we recommend it is endorsed and communicated to all staff, implemented and monitored on a regular basis including testing the plan to ensure that in the event of a disaster, appropriate actions can be taken.	Staff are currently looking to develop an IT disaster recovery plan.	Exec Manager Corporate Services	Processes have been put in place they are, onsite and offsite backups, active monitoring for potential cyber attacks etc, new ups for protection against power surges. Documentation of the steps is still pending, expected to be carried out 2 nd or 3 rd Qtr 2019. Updated 28/02/2019
2	We noted there is a Contractor Induction process in place. However, testing identified no evidence that the contractor had attended/completed the Contractor Induction process.	Medium	Risk of non-compliance with stated policies, procedures including relevant health and safety requirements.	We recommend contractors be required to complete some level of induction (the level of induction completed should be determined based on the risks associated with the service or product provided) and the induction process be formally documented as evidence of attendance.	A current register exists even though it is not as extensive as that suggested, the risk register will be updated in the future as recommended. 4	Our inquiries of Council's Building Supervisor indicated the Shire of Northam does not currently have a signed contract in place with the external security companies used for monitoring and call-outs.	Medium	Risk of the Shire of Northam locations not being protected from break-ins, vandalism etc.	We recommend that contracts are in place with all third parties engaged to provide said security services.	Staff will develop an agreement.	Exec Manager Engineering Services	Contract expired on 30 June 2017. Extension granted until RFQ has been prepared and advertised. For the monitoring and servicing we have some monitoring agreements for individual buildings as they were upgraded to 4g monitoring however we don't have an overall contract for monitoring and servicing. Staff are further investigating.
5	Our inquiries of the Executive Manager, Corporate Services indicated there is no ongoing security awareness program in respect to IT.	Low	Risk of security breaches due to changing security environment.	We recommend an ongoing security awareness program be developed to ensure security needs of the Shire is updated as required (for example due to IT infrastructure or application changes) and to prevent any security breaches from occurring. BRIEF

For the Council to consider the award of RFT 11 of 2018 – Reconstruction & Resurfacing for various roads within Northam.

This report provides details of the scope of works to be addressed, the evaluation process, and the recommendation to be made by Staff to Council.

ATTACHMENTS

Attachment 1: Evaluation Matrix (provided as a separate confidential attachment to this agenda/minutes).

Attachment 2: Evaluation Report (provided as a separate confidential attachment to this agenda/minutes).

Attachment 3: Summary of Cost Savings.

BACKGROUND / DETAILS

Included in the 2018/19 endorsed road program were a number of roads which had similar treatments in terms of reconstruction and resurfacing. These roads were originally intended to be delivered utilising either the Shire's internal road construction crew or external Contractors.

In an effort to gain value for money by offering a larger scope of work package staff invited tenders for all roads which involved this similar scope at each project location. These were:

1. Gordon Street SLK 0.32 – 0.41
2. Selby Street SLK 0.37 – 0.52
3. Byfield Street SLK 0.35 – 0.55
4. Wellington Street East SLK 1.4 – 1.47
5. Wellington Street East SLK 2.35 – 2.43
6. Glass Avenue SLK 0.00 – 0.09
7. Balga Terrace SLK 0.07 – 0.18

The intent was that submissions would be received and assessed, in term of what projects could be outsourced also taking into consideration any financial savings made on other projects, already awarded or completed within the same GL budget.

The tender was advertised using Local Government Purchasing Services of WALGA through the E-Quote portal on 13th of December 2018 with closing date of 20th December 2018. The Shire received a request to extend the submission date until 17th January 2019 which was accepted by the Shire.

The Shire received 2 (two) submissions for the tender which were from;

1. Roads 2000
2. KESLAKE

The tenders were evaluated which ranked Roads 2000 as the preferred supplier, the submission from KESLAKE was not evaluated being non-compliant, however Roads 2000 was significantly over the available budget of \$321,279 (Materials and Contractors)

Following this the Shire entered into negotiations with the contractor to review their pricing and determine the exact scope that could be delivered externally and within budget.

The outcome of the negotiations resulted in Balga Terrace being removed from the scope, (and rather delivered by the Shire's internal Crews) and the preferred contractor agreeing to re-evaluate the pricing for the remaining roads with consideration of simultaneous mobilization/demobilization to various locations.

Since the scope of the original package had notably changed, the advice from WALGA was to reject all submissions received and then re-advertise the revised scope through WALGA E-Quote portal sending the invitation to quote preferred supplier only.

This process was followed and a final submission from the preferred contract received.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure & Service Delivery

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

- Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects; and
- Maintain an efficient and safe regional road network.

Financial / Resource Implications

The quote received for the revised package (Balga Terrace removed) was \$410,700.60 this represented an \$89,421.60 shortfall when compared to the available budget of \$321,279, (Materials & Contractors funds which is specific to those roads only.)

In addition to the available funding for these roads, cost savings have been achieved on other roads within the same GL account which will contribute to covering this shortfall. A summary of cost savings is provided as Attachment 3.

Utilising these savings will result in an overall shortfall of approximately \$27,000 for Materials and Contracts on GL 12379054 which has an overall available budget of \$920,440 (Materials). It is intent this minor shortfall be covered by cost savings achieved over the entire annual budget at end of financial year.

Legislative Compliance

Section 3.57 of the Local Government Act 1995 requires "A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods and services".

The Local Government (Functions & General) Regulations 1996 prescribe the manner in which Tenders are to be called and assessed.

Policy Implications

Policy F 4.2 – Purchasing and Tendering Policy.

Stakeholder Engagement / Consultation

N/A.

Risk Implications

- Reputational – Low
There is low risk involve in terms of reputation of Shire, if it is unable to deliver its entire planned program.
- Financial - Moderate
There is a risk that the forecasted \$27,000 shortfall within the GL account is increased as works across all roads are completed. If this were to occur Council would in essence begin the 2019/20 financial in deficit. If this were to occur Council could reduce its planned 2019/20 road program to accommodate the carried forward deficit. To further mitigate this staff have sought firm costings for all components of each individual project to ascertain as best as reasonably practicable the financial position prior to making the recommendation to Council
- Compliance - Low
The tendering process that has been performed has followed all protocols necessary which have been re-confirmed by WALGA
Low risk involved on compliance part.
- Legal - Low
There is low risk involved for legal matters.

OFFICER'S COMMENT

During the evaluation phase of this tender, the following pre-determined criteria's were used in the assessment:

Compliance Criteria

- Compliance with the conditions in the request;
- Compliance with Specification;
- Intent to Sub-Contract;
- Quality assurance;
- Occupational Health and Safety requirements;

Qualitative Criteria (Scored)

- | | |
|------------------------------|-----|
| • Pricing | 50% |
| • Relevant Experience | 25% |
| • Timeliness of Delivery | 15% |
| • Safety and Risk Management | 10% |

Based on the assessment outcome and favourable negotiated price staff recommend that the works package be awarded to Roads 2000.

RECOMMENDATION

That Council Award Tender 11 of 2018 to Roads 2000 for the sum of \$410,700.60 to complete to works in 2018/19, under contract for the following roads:

- **Gordon Street SLK 0.32 – 0.41**
- **Selby Street SLK 0.37 – 0.52**
- **Byfield Street SLK 0.35 – 0.55**
- **Wellington Street East SLK 1.4 – 1.47**
- **Wellington Street East SLK 2.35 – 2.43**
- **Glass Avenue SLK 0.00 – 0.09**

- Job 2145 Street sweeping/cleaning town roads \$135,000
- Job 2150 Street Sweeping CBD Footpath/Street \$67,000

Total = \$ 202,000

There is sufficient funding remaining for the remainder of the current financial year. The same allocation for future annual budgets will be sufficient to cover the works under contract.

Legislative Compliance

Section 3.57 of the Local Government Act 1995 requires A local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods and services".

The Local Government (Functions & General) Regulations 1996 prescribe the manner in which Tenders are to be called and assessed.

Policy Implications

Policy F 4.2 – Purchasing and Tendering Policy.

Stakeholder Engagement / Consultation

N/A.

Risk Implications

- Reputational – Low
There is low risk involve in terms of reputation of Shire as works performed under to former contract did not present any raised concerns from various stakeholders.
- Financial – Low

The financial risk is low as the contract price is within the current adopted budget for the financial year. Past experience has determined the same allocation each year moving forward will be sufficient.

- Compliance – Low
Low risk involved for compliance.
- Legal – Low
There is low risk involved for legal matters.

OFFICER'S COMMENT

In response to the advertised tender, the Shire received submissions from the following tenderers;

1. C & W Sweeping
2. Envirosweep
3. Autosweep
4. Mint Civil

These submissions were assessed against the following pre-determined criteria's:

Compliance Criteria

- Compliance with the conditions in the request;
- Compliance with Specification;
- Intent to Sub-Contract;
- Quality assurance;
- Occupational Health and Safety requirements;

Qualitative Criteria (Scored)

- | | |
|------------------------------|-----|
| • Pricing | 50% |
| • Relevant Experience | 25% |
| • Timeliness of Delivery | 15% |
| • Safety and Risk Management | 10% |

The assessment determined ranking of tenders to be as follows (in order of preference):

- 1st Mint Civil
- 2nd Autosweep
- 3rd C & H Sweeping
- 4th Envirosweep

The assessment determined Mint Civil to be preferred tenderer to perform the works.

It should be noted Mint Civil is the Contractor that performed the works under the former contract, therefore staff are confident that the scope of works have been addressed accurately, and fully understood by the Contractor.

RECOMMENDATION

1. Award RFT No 8 of 2018 Road & Footpath Sweeping to Mint Civil for a 3 year term as follows:

Year 1

Road Sweeping	\$131,274.00
Footpath Sweeping	\$ 64,350.00
Total	\$ 195,624.00

Year 2

Road Sweeping	\$132,732.60
Footpath Sweeping	\$ 66,924.00
Total	\$ 199,656.60

Year 3

Road Sweeping	\$134,191.20
Footpath Sweeping	\$ 68,640.00

12.3.1 Application for Development Approval – Proposed Site Office & Telecommunications Tower

Address:	Reserve 37427 – Lot 438 Morrell Street, Northam
Owner:	Public Transport Authority
Applicant:	Resolve Group on behalf of Arc Infrastructure
File Reference:	A12015/P19003
Reporting Officer:	Benjamin Robins Planning Officer
Responsible Officer:	Chadd Hunt Executive Manager of Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

Resolve Group on behalf of the applicant Arc Infrastructure proposes to develop a portion of Reserve 37427 (Public Transport Authority – Railway Reserve) for the purpose of site offices and a telecommunications tower (35m in height). The application for the Site Offices complies with the Scheme (Zone - Mixed Use, Land Use – Office, Permissibility – P), however the proposed Telecommunications Tower is a use which cannot be 'approved' by Officers under delegated authority.

ATTACHMENTS

- Attachment 1: Location Plan
- Attachment 2: Proposal Location
- Attachment 3: Site Office Plans
- Attachment 4: Telecommunications Tower Plans
- Attachment 5: Technical Assessment
- Attachment 6: Summary of Submission

BACKGROUND / DETAILS

Reserve 37427 consists of the former Northam Railway Reserve and is located between Fitzgerald Street and Wellington Street and Glass Avenue and Morrell Street (Attachment 1). The proposed Site Offices and Telecommunications Tower are both proposed to be constructed in the middle of the Reserve in the

area bound by Fitzgerald Street, Wellington Street and the Hatton Street and Poole St/Parker Street alignments (Attachment 2).

The Site Office is a Permitted Use (P) whilst the Telecommunication Tower is a Discretionary Use (D).

The proposal consists of as follows:

Site Office: (11.09 x 27.90m) Area – 309.41m²

- Storeroom
- Water Tank
- Conference Room
- Ablutions
- Kitchen
- Office Area (29 Persons)
- Site Works
- On-Site Parking (Existing Area – 16 Bays)

Telecommunications Tower (35m in height)

- 33m Level – 1x 1.2m Dish Antenna
- 29m Level – 3x Panel Antenna
- 25m Level – 1x 0.6m Dish Antenna

Both the proposed Site Office and Telecommunications Tower are to be used by Arc Infrastructure in its management of its rail operations.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth

Outcome: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objective: Promote the business case for Government offices servicing the Wheatbelt to choose to locate in Northam.

Financial / Resource Implications

There are no financial or resource based implications for the Shire of the recommendations of this report.

Legislative Compliance

The application complies with *State Planning Policy 5.2 – Telecommunications Infrastructure, Planning and Development (Local Planning Scheme) Regulations 2015* and *Shire of Northam Local Planning Scheme No.6*.

Refer Attachment 5 – Technical Assessment.

Policy Implications

- SPP5.2 – Telecommunications Infrastructure; and
- Local Planning Policy No. 20 – Advertising of Planning Proposals (LPP20)

Stakeholder Engagement / Consultation

The application was advertised in accordance with LPP20 which requires that telecommunication facilities are advertised within a 250m radius in urban areas to all landowners within this area. 57 landowners, Water Corporation, Northam Chamber of Commerce, Department of Planning, Lands and Heritage and Department of Water and Environmental Regulation were advertised from the 15th of January 2019 until the 6th of February 2019 (23 days).

Two submissions from members of the public were received during the submission period (one objection – land value), while two government agency submissions were also provided.

The summary of submissions and the Officers Response to the matters raised is provided within Attachment 6 – Summary of Submissions.

Risk Implications

- Reputational – Low
 - The proposal has been advertised in accordance with Council's Advertising of Planning Proposals' Policy (LPP20).
- Financial - Low
 - Relevant planning fees in respect to the planning application and advertising of the planning proposal have been paid.
- Compliance - Low
 - A development approval granted by Council has statutory weight, which is the applicant is required to comply with the conditions of development approval (Arc Infrastructure).
- Legal – Low
 - Nil.

OFFICER'S COMMENT

It is advisable that the Northam Regional Growth Plan identifies the area proposed to be developed as within the "West Northam Renewal Project". This area is basically identified as being the former railway line and surrounding the West Northam Railway station. There was initially some discussion regarding the proposed relocation of these type of uses to the "West Industrial Precinct" which is located adjacent to the existing railway lines. This was included in one of the unsuccessful business cases (Revitalise Northam). The intent of the business case was to relocate the more industrial land uses out of the West Northam locality and look to introduce more mixed use/residential development. Approving the development as it currently stands would not encourage this relocation. It should also be noted that the Water Corporation

has recently constructed new offices in the general locality (Council approval was not required).

The proposal consists of matters considered 'public works' as per Planning Bulletin 94 - Approval Requirements for Public Works and Development by Public Authorities, the applicant has chosen to apply to Council as an example of good governance. It is relevant to advise Council that they are in fact exempt from Development Approval but have undertaken to proceed to seek development approval from the Local Government:

"If a private corporation undertakes a public work as part of a joint venture or private-public sector partnership with a government department, they are deemed to be undertaking that work on behalf of that body. As such, the section 6 exemption that the government department would be entitled to if it was undertaking the public work can be claimed by that private corporation.

Section 6 has the effect of exempting section 6 bodies from the requirement to obtain development approval for a public work under a local planning scheme."

As the works are undertaken in agreement with the Public Transport Authority (Government Department), Arc Infrastructure is exempt from gaining development approval of the Local Government as a Section 6 body.

The application is consistent with the requirements of Local Planning Scheme No.6, the *Planning and Development (Local Planning Scheme) Regulations 2015* and *SPP5.2 - Telecommunications Infrastructure*.

Given all site aspects related to both the proposed telecommunications tower and site offices are consistent with the assessable legislation, it is recommended for development approval, subject to conditions.

RECOMMENDATION

That Council grant Resolve Group Pty Ltd on behalf Arc Infrastructure development approval for the construction of the Site Office and Telecommunications Tower at Reserve 37427 (438 Morrell Street), subject to the following conditions:

General Conditions:

- 1. The development hereby permitted must substantially commence within two years from the date of this determination notice.**
- 2. The development hereby permitted taking place in accordance with the approved plans dated 20/03/2019.**

3. All telecommunications and power connections (where by means of cable) and associated infrastructure to the land must, where possible, be underground to the satisfaction of the Local Government.
4. Within 90 days of the commencement of development, a notice is to be placed on the Certificate of Title under Section 70A of the Transfer of Land Act 1893 as follows:

"As the land hereinbefore described falls within the 100 Year Flood Fringe of the Avon River, the Registered Proprietor for the time being is required to indemnify the Shire of Northam by executing a Deed of Indemnity in favour of the Shire of Northam pursuant to Clause 5.2.5 (h) of the Shire of Northam's Local Planning Scheme No.6 and Clause 5.2.3.4 where the finished floor level of any building on this land is less than 500mm above the designated 100 year flood level as determined by the Department of Water & Environmental Regulation."

Conditions To Be Met Prior To The Commencement Of Development

5. Prior to commencement of development, a detailed landscaping plan is to be submitted to and approved by the local government, with landscaping being provided to the Wellington Street verge frontage in lieu of the provision of on-site landscaping on the subject site, which shall be installed at the applicant's expense.

Conditions To Be Met Prior To Occupation Of Development

6. Provision of sealed and drained on-site car parking in accordance with Clause 4.13 of the *Shire of Northam Local Planning Scheme No.6* to accommodate a minimum of 12 vehicles at any given time.
7. Prior to occupation, landscaping is to be completed in accordance with the approved plans or any approved modifications thereto to the satisfaction of the local government.

Conditions Requiring Ongoing Compliance

8. Fencing as shown on the endorsed plans must be maintained to the satisfaction of the Local Government.
9. The stormwater shall be discharged in a manner so that there is no discharge onto the adjoining properties to the satisfaction of the local government.
10. Landscaping in accordance with the approved landscaping plan shall be maintained by the applicant to the satisfaction of the Local Government.

ADVICE NOTE:

NOTE 1: Pursuant to the advice of the Department of Water and Environmental Regulation, an Asbestos Management Plan shall be prepared and utilised by the applicant, Arc Infrastructure, to mitigate potential risk to human health of

construction and other on-site personnel in the direct vicinity of the development hereby approved (See Advice Note 2).

NOTE 2: The Asbestos Management Plan shall provide methods of controlling or mitigating risk to persons during construction and operational stages of development. Where the applicant has demonstrated the remedial works were successful and completed to the satisfaction of the Department of Water and Environmental Regulation, the requirement for the Asbestos Management Plan shall be nullified.

Shire of Northam Local Planning Scheme No.6

The Shire's Local Planning Scheme No.6 indicates 'Telecommunications Infrastructure' is a 'D' use within the 'Mixed Use' zone.

'Telecommunications Infrastructure' is defined by the Scheme as follows:

"means land used to accommodate any part of the infrastructure of a telecommunications network and includes any line, equipment, apparatus, tower, antenna, tunnel, duct, hole, pit or other structure used, or for use in or in connection with, a telecommunications network;"

The Shire's Local Planning Scheme No.6 indicates 'Office' is a 'P' use within the 'Mixed Use' zone.

'Office' is defined by the Scheme as follows:

"Means premises used for administration, clerical, technical, professional or other like business activities;"

The proposal is consistent with the land use and use classification and as the setbacks may be nil and are more than 10m from any boundaries. It is consistent with the development standards of the scheme. It is advised that the matters itemised under section 4.34 under the scheme are addressed in the response to SPP 5.2 (Complies).

Given the proposal uses existing access and egress as well as containing appropriate parking, the relevant remaining aspect is consideration of the Special Control Area for the Avon & Mortlock Rivers Floodplain. Based on the advice of DWER, a relevant Condition is recommended for inclusion regarding the developments Finished Floor Level (FFL).

State Planning Policy 5.2 'Telecommunications Infrastructure (SPP 5.2)

SPP5.2 establishes a framework to assess telecommunications infrastructure in regards to its siting, location and design. The Officers Report outlines that the proposal is consistent with all objectives of SPP5.2.

State Planning Policy 5.2 (SPP 5.2) establishes the core decision making framework in relation to this proposal, and is therefore appropriately examined below under Section 5.1.1 – *"The benefit of improved telecommunications services should be balanced with the visual impact on the surrounding area."*

- i. *Assessment of the visual impact of development proposals should be made on a case by case basis*

Response: It is considered the proposal is consistent with Section 5.1.1.i of SPP 5.2, with the tower being located in the centre of the site and partially obstructed from view by vegetation and existing buildings between Fitzgerald Street and Wellington Street. Given existing site infrastructure of Arc Infrastructure in the direct vicinity, it is an optimal site location to meet SPP 5.2 and operational requirements.

- ii. Telecommunications infrastructure should be sited and designed to minimise visual impact and whenever possible:
 - a. be located where it will not be prominently visible from significant viewing locations such as scenic routes, lookouts and recreation sites;
 - b. be located to avoid detracting from a significant view of a heritage item or place, a landmark, a streetscape, vista or a panorama, whether viewed from public or private land;
 - c. not be located on sites where environmental, cultural heritage, social and visual landscape values maybe compromised and
 - d. display design features, including scale, materials, external colours and finishes that are sympathetic to the surrounding landscape;

Response: It is considered the proposal is consistent with Section 5.1.1.ii. The location of the tower is consistent with the location of other similar towers in the townsite (centrally positioned where possible on sites to reduce visual bulk and therefore visual impact from the development to streetscapes). The proposal has a base width of less than 5m (2.7m from mounting hole to mounting hole of the tower poles) and as the tower increases in height the width of the tower decreases. Views to significant landforms from the townsite (Wellington Street to Mount Ommaney) are presently obstructed by other industrial buildings in the vicinity and being a development located in a brownfield development area (existing, developed land), its appearance is not of significance as assessed against the assessing criteria.

- iii. In addition to the existing exemptions under the Telecommunication Act, local governments should consider exempting telecommunications infrastructure from the requirement for development approval where:
 - a. The infrastructure has a maximum height of 30 metres from finished ground level;
 - b. The proposal complies with the policy measures outlined in this policy; and
 - c. The proponent has undertaken notification of the proposal in a similar manner to 'low impact facilities' as defined and set out in the Mobile Phone Base Station Deployment Industry Code (C564:2011);

Response: It is considered the proposal is consistent with 5.1.1.iii, whereby the applicant requests development approval for the facility, being greater than 30m from FFL/NGL (Finished Floor Level & Natural Ground Level).

- iv. Telecommunications infrastructure should be located where it will facilitate continuous network coverage and/or improved telecommunications services to the community; and

Response: It is considered the proposal is consistent with 5.1.1.iv, being a site for Arc Infrastructures operations and therefore meets the intent of SPP 5.2.iv.

- v. Telecommunications infrastructure should be collocated and whenever possible:
- a. Cables and lines should be located within an existing underground conduit or duct; and
 - b. Overhead lines and towers should be co-located with existing infrastructure and/or within existing infrastructure corridors and/or mounted on existing or proposed buildings.

Response: The proposal is consistent with 5.1.1.v, as the operational requirements of Arc Infrastructure requires the tower to be located with a site office (control office). This is not available at standard telecommunications towers (Network Carriers – Telstra, Vodaphone, Optus). No suitable locations for collocation to meet the service requirements were identified by the applicant in the vicinity of the proposal.

Shire of Northam Local Planning Strategy (2013)

The Shire of Northam Local Planning Strategy Section 4.6 outlines the role of telecommunications, an objective under the Strategy is *“to provide affordable, state of the art and equitable telecommunication services to the Shire in a timely manner that are sensitive to economic, social, environmental and technical conditions and help to maximise opportunities for economic growth and development.”*

Further to this, under Section 4.6.5 ‘Actions’ the following point is made:

- *“Work with relevant authorities to have new towers installed in appropriate places to assist in the increased coverage at no cost to the Shire of Northam”*

The proposal is consistent with the provisions of the Shire of Northam Local Planning Strategy (2013).

Submission Type	Nature Of Submission	Officer Comment
Public Submission Received 2/2/2019 Name & Address Supplied	Objection "Having this tower will devalue my property as a house owner who may sell in the future."	Dismissed. Property values are not a valid planning consideration.
Public Submission Received 18/1/2019	No Objection "This is to confirm, that I have no objections to the project and think that there should be a sufficiently large number of permanent residents in the area, who may lodge objections if that should be appropriate".	Noted.
Water Corporation Received 16/1/2019	General Advice Site of this tower has a DN150mm RC sewer crossing the Lot in close proximity. The pipe location should be referred to the applicant and also referred to our web page for advice. This proposal will also require approval by our Building Services section prior to commencement of works. Infrastructure contributions and fees may be required to be paid prior to approval being issued. If the application is retrospective, approval by our Building Services section is still required.	Noted. As per Water Corporations request this advice was forwarded to Resolve Group who is the representative for Arc Infrastructure in relation to the application.

OFFICER'S COMMENT

The matter of Council 'supporting local business' has been raised over a long period. To assist in providing a greater understanding of the purchasing patterns of the Shire of Northam, the following graph summarises the payments made locally for the month of February 2019;

RECOMMENDATION

That Council endorse the payments for the period from 1 February to 28 February 2019, as listed, which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

12.4.3 Sale of Land to Recover Rates

Address:	A11901
Owner:	O8482
Applicant:	Shire of Northam
File Reference:	A11901
Reporting Officer:	Codey Redmond Rates Officer
Responsible Officer:	Colin Young Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

This report is to request that Council sell the land to recover outstanding rates and charges in excess of 3 years, in accordance with Section 6.64(1)(b) of the *Local Government Act 1995*.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

This property has outstanding rates of greater than 3 years with no payments made since July 2014. Legal action has been taken against the ratepayer but to date this has been unsuccessful.

The last legal action taken was a property seizure and sale order in November 2017 for which a bailiff attended the property, the bailiff was unable to find any items of value or make contact the ratepayer.

We can also confirm that the Water Corporation has not been paid for a similar period and has water restrictions placed on this property.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Ensure robust financial Management.

Financial / Resource Implications

The Shire of Northam is currently owed \$9,929 in overdue rates and charges which we would be looking to recover through public auction. The ratepayer also has outstanding water charges of \$3,463 which are required to be discharged at sale.

It is estimated the cost of public auction would be between \$7,000- \$10,000 which would be paid upfront by council but would be recoverable at the point of sale.

Legislative Compliance

6.64 *Actions to be taken*

- (1) *If any rates or service charges which are due to a local government in respect of any rateable land have been unpaid for at least 3 years the local government may, in accordance with the appropriate provisions of this Subdivision take possession of the land and hold the land as against a person having an estate or interest in the land and –*
- (a) from time to time lease the land;*
 - (b) sell the land;*
 - (c) cause the land to be transferred to the Crown; or*
 - (d) cause the land to be transferred to itself.*

Schedule 6.3 Power of sale

The power of sale includes -

- (a) *power to sell the whole or part of the land either together or in lots -*
- (i) by public auction; or*
 - (ii) by private contract, if having been offered for sale by public auction, it has not been sold, subject to such terms and conditions with respect to the payment of the purchase money or any other matter, including power to fix a reserve price, as the local government thinks fit;*

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Court documents served in person by bailiff.

Risk Implications

- Reputational – High
 - Legal action required to recover the outstanding rates may result in poor public perception.
- Financial - Moderate

- If auction is passed up or reserve not met council may need to consider write off of some interest and rates to facilitate sale.
- Compliance - Low
 - This Course of action is Compliant with section 6.64 of the local government act 1995.
- Legal – Low
 - As per compliance, the local government act give council the power to facilitate sale for recovery of outstanding rates and charges.

OFFICER'S COMMENT

As legal action to date has been unsuccessful Officers are requesting the property be sold under section 6.64 (1)(b) of the local government act.

RECOMMENDATION

That Council pursuant to Section 6.64(1) (b) of the *Local Government Act 1995*, proceed to sell the property known as assessment A11901 and recover from the proceeds of sale the outstanding balance which currently totals \$9,928 plus future charges raised against the property.

12.5 COMMUNITY SERVICES

12.5.1 Application for Fee Waiver – Pipeline Challenge

Address:	Northam Recreation Centre
Owner:	Shire of Northam
Applicant:	Youth Futures Inc.

BRIEF

For Council to consider a waiver of fees for the use of Northam Recreation Centre and Jubilee oval for the Pipeline Challenge, an annual charity mountain bike event conducted by Youth Futures.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

The Pipeline Challenge is an annual charity mountain biking event conducted by Youth Futures, which fund raises for homeless and disadvantaged young people.

The ride follows the golden pipeline from Kalgoorlie to Perth.

The organisers, Youth Futures, are requesting Council waive fees as below:

Description	Start Time	End Time	Comments	Start Date	Finish Date	Fee Charged
Event Application Fee			Pipeline Challenge	07/05/19	08/05/19	\$154.00 (inc. GST)
HENRY OVAL	ST 11:00	10:00	Pipeline Challenge	08/05/19	08/05/19	\$460.00 (inc. GST)

(including lights)						
RECREATION CENTRE Hospitality Room + Kitchen	11:00	10.00	Pipeline Challenge	07/05/2019	08/05/19	\$ 1080.00 (inc. GST)
					Total	\$1674.00(Inc. GST)

The riders are scheduled to arrive in Northam on 7th May for an overnight stop before continuing to the finish of the ride on the 8th May.

Youth Futures are aiming to raise in excess of \$150,000 from this year's event.

Council has previously supported this event by providing fee waivers in 2017 and 2018. Fees waived in 2017 totalled \$864.50 and in 2018 totalled \$1,474.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth.

Outcome 1.4: A robust tourism industry which contributes to the economic development of the Shire of Northam and optimises Northam's role as a hub for tourists to the region.

Objective Effectively market the tourism options available in the Shire of Northam including annual flagship events.

Financial / Resource Implications

The fees that Council resolve to waive will represent foregone income. This will be to a maximum of \$1674.00 (inc GST).

Legislative Compliance

Local Government Act 1995, Section 6.12 - Power to defer, grant discounts, waive or write off debts.

Policy Implications

The Chief Executive Officer is delegated authority to make a determination to waive or grant concessions in relation to any amount of money or write off any amount of money that is owed to the local government up to a maximum of \$500. Any other requests for fee waiver above this amount are submitted for the consideration of Council.

Stakeholder Engagement / Consultation

Nil.

Risk Implications

- Reputational – Low

- Council has previously supported this event
- Financial - Low
 - Council has previously supported this event.
- Compliance - Low
 - Council can waive fees as per the Local Government Act 1995.
- Legal – Low
 - Council can waive fees as per the Local Government Act 1995.

OFFICER'S COMMENT

This event is becoming a regular event, with the numbers of participants increasing each time. Whilst there is not likely to be a great return on investment for the Shire in waiving of fees, there will still be some exposure from a tourism point of view, and some economic benefit from hosting this event for one day.

RECOMMENDATION

That Council waive the following fees as a donation to Youth Futures to assist with the conduct of the 2019 Pipeline Challenge:

- a. Hire fees for Henry St Oval including lights (\$460.00 incl GST)
- b. Hire fees for Hospitality Room, including kitchen (\$1080.00 incl GST)
- c. Event application fee (\$154.00 incl GST)
