5. PUBLIC QUESTION/STATEMENT TIME

5.1 PUBLIC QUESTIONS

Name: Lyn Lawrence

Background Mrs Lawrence advised that her and her husband purchased a hangar and moved their aircraft to the Northam Airfield. It was stated that in their view the Northam Airfield is sadly neglected and as a result her and her husband purchased the equipment necessary to undertake some maintenance work. Her husband joined the Aero Club Committee, as they manage the airfield, in an attempt to get some remedial work undertaken. It was raised that some of the key members on the committee do not have aircrafts and all but one do not reside in Northam. It was advised that they gave up pursuing this committee as they were not achieving any results. Mrs Lawrence advised that she began liaising with Cheryl who assisted in getting some maintenance work undertaken.

Question 1: It was queried why there is no information on the Shire of Northam website in relation to the Northam Airfield and promoting this?

Response 1: Mr Whiteaker advised that he would take the question on notice.

Question 2: It was raised that the condition and quality of facilities (e.g. toilets) are of a poor standard. Have Council and staff visited the airfield, club rooms and facilities?

Response 2: Mr Whiteaker advised that Council have visited the Northam Airfield on a number of occasions.

Question 3: It was raised that the Northam Airport Masterplan identifies the airfield as an asset. Why is there no money being spent on improving the infrastructure.

Response 3: Mr Whiteaker advised that the statement around no money being spent at the airfield is incorrect as Council does have a budget for the airfield. Mr Kleynhans also advised, as an example, that in 2016 Council spent \$230,000 to upgrade the taxiway.

Question 4: Mrs Lawrence advised that they are in the process of re-establishing the Hanger Owner Association. Can there be some dialogue between the Association and Council in relation to changing the hangars to freehold and is this possible.

Response 4: Mr Whiteaker advised that it is currently not Council's intent to change these to freehold however staff are more than happy to have some dialogue with the Association.

Question 5: Is it possible to have a swipe card system for purchasing fuel?

Response 5: Mr Whiteaker advised that this has not been investigated as he is not aware of this concept being raised previously. In relation to whether this is possible he would take this question on notice however advised that staff can certainly look at this.

Cr Little queried whether there is an issue between groups in relation to who manages the airfield. Mr Whiteaker advised he is not aware in relation to whether this is the case or not.

Name: Annette Poulton

Question 1: In relation to the Kep Track fuel load which has been previously raised. Mr Poulton advised that she received a letter advising that it is not within the Shire's control. Is there something the Shire can do to resolve this issue?

Response 1: Mr Whiteaker advised that staff can liaise with other agencies and raise concerns.

Mr Hunt advised that staff are working with DFES in relation to identifying the risks and priority areas within the Shire and then from this Council can seek funding for these mitigation works.

Question 2: In relation to the carriage way. It is understood there is a proposal to have old railway carriages in this area for

businesses to operate from. Is Council going to become a landlord?

Response 2: Mr Whiteaker advised that there have only been very broad discussions around this concept and no formal decisions have been made.

Mr Hunt further advised that the concept is identified within the Bakers Hill Community Plan

Question 3: Has there been any decisions made in relation to the Bushfire Brigade shed and will there be community consultation for this?

Response 3: Mr Hunt advised that Council has funding to expand the shed and are investigating whether this is the best option for the brigadel. Other locations that are being looked at include the Bakers Hill Recreation Centre and the BMX track. Community consultation will be undertaken, there have been some discussions with the Progress Association however this matter is in the preliminary stages and no decisions have been made.

One (1) member of the Gallery departed the Council Chambers at 5:45pm.

Name: Marie Edmonds

Question 1: What is Council doing about all of the jerry cans that have been dumped on the road verges?

Response 1: Mr Whiteaker advised that staff are not aware of any issues or locations in this regards and encouraged Ms Edmonds to lodge these matters with the Administration Centre and provide details of the locations. Staff would follow this matter up once the information was provided.

4. ANNOUNCEMENT BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)

There were no questions or clarifications in relation to this item.

5. PUBLIC QUESTION/STATEMENT TIME

5.1 PUBLIC QUESTIONS

Name: Ray Doroszenko, Bakers Hill.

Question 1: Mr Doroszenko advised that he is unhappy with the rates increases as it has impacted his properties rates significantly, causing them to almost double. It was queried why these increases have occurred and the justification for this. Reference was made to his property in Perth which rates are the same price, however the valuation of this is much higher. It was also raised that the rate in the dollar is only slightly lower than Northam town site properties however there is less services in the area compared to Northam.

Response 1: The Chief Executive Officer, Mr Whiteaker advised that he should have received communication from Council in relation to the process for changing properties from unimproved value (UV) to gross rental value (GRV). This process was required to ensure consistency across the Shire and in some cases caused an increase in rates for properties.

Council Forum Meeting Notes
14 February 2018

Mr Whiteaker advised that there are two components when levying rates. The first component is the valuation which is provided by the Valuer General. The second component is the Council is required to set the rate in the dollar for the rateable properties. This system is consistent across the Western Australia however there are often differences in rates, with regional rates often being higher than metropolitan areas. There are a number of reasons for this, however the most common is due to City density compared to regional areas. As an example, a regional street may have 5 houses on a 1km stretch of road, whereas a metropolitan area may have 100. As a result the funds required to maintain that stretch of road is shared between 100 properties, as opposed to 5 in the regional area, which will result in the rates for the regional area being higher as there are less rateable properties to contribute to the cost. There was some discussion around this subject in relation to the maintenance required being more than the regional area due to more usage, Mr Whiteaker advised that although there is more use of that road, it does not necessarily mean it will cost more to maintain as there are a number of variables in respect to the engineering of a road. An example was also provided for the operation of a recreational facility, with more traffic through a metropolitan facility compared to a regional facility (resulting in the facility being more fee for service based), which contributes to the operating costs.

Mr Whiteaker provided some clarification in relation to the rate in the dollar, advising that this is the same for all properties across the Shire that are rated the same, for example a property in Northam rated GRV is charged the same rate in the dollar as a property in Bakers Hill that is rated GRV. It was also advised that there is a minimum rate applied which is required for all properties. Commercial properties are also required to pay a differential rate which is provided to support the Northam Chamber of Commerce.

Some discussion was held around ward accounting. Mr Whiteaker advised that the Local Government Act prohibits this. This means a local government is prohibited to structure its accounts for the purpose of separately tracking revenue and expenditure according to wards. It was advised that Council does undertake an extensive budgeting process to determine the funds required and when allocating funds for

Council Forum Meeting Notes
14 February 2018

the roads program, 60-70% of this is allocated in rural areas of the Shire.

Question 2: The Great Eastern Highway project was queried in relation to whether this would resolve any issues.

Response 2: Mr Whiteaker advised that this is Main Roads WA project and has been subject to community consultation. It was stated the project has not yet been finalised and it is proposed that some of the issues would be alleviated once this is complete.

Council Forum Meeting Notes

12.4.6 Rates Write Off – Lot 2 Connor Road, Clackline WA 6564

There were no questions or clarifications in relation to this item.

12.4.7 Rates Exemption – 95 Wellington Street, Northam WA 6401

Clarification was sought in relation to:

- Whether the name in the agenda, under 'Financial / Resource Implications' should be changed to Northam Church of Christ. This has since been amended in the Ordinary Council meeting agenda accordingly.
- What determines whether a property can be rate exempt. The Chief Executive Officer, Mr Whiteaker advised that it must be predominantly used for religious or charitable purposes.
- Whether this is being looked at by WALGA in relation to the review of the Local Government Act. The Chief Executive Officer, Mr Whiteaker advised that to his knowledge, no sector is looking at changing this.
- How Council is made aware when a property is no longer exclusively used for the purposes that allows it to be rate exempt. The Chief Executive Officer, Mr Whiteaker advised that Officers would depend on advice in respect to whether they still occupy the premise and it is still used for these purposes. It was raised whether Council could develop a register of rate exempt properties and write to these asking them to confirm whether they are still located at the premises. Mr Whiteaker advised that this is able to be undertaken and Officers will look into undertaking this. It is estimated that there would be no more than 50 properties that are rate exempt.

Additional Comment:

Since the Council Forum Meeting additional information was sought on the keeping of a register for properties that are leased to organisations that meet the required charitable status and thus the rates are exempt. Currently Council has only two properties that are leased to third parties and the rates are exempt, Council rely on other charitable organisations to come forward if the land use of the property changes, if changes occur and Council is not informed, as soon as Council became aware of the situation, the property would be rated.

12.4.8 Department of Transport Licencing Agreement

Clarification was sought in relation to:

- Whether the commission is increasing. The Executive Manager Corporate Services advised that this has increased 1%.
- What a sunk cost is. The Chief Executive Officer, Mr Whiteaker advised that this is a cost that would be incurred in any event, regardless of Council offering the licensing service, and relates to admin (salaries are separate

Council Forum Meeting Notes

to this). It was advised that if Council did not renew the agreement there is potentially two employees that would not be required.

- Whether this service is only provided by local governments. The Chief Executive Officer, Mr Whiteaker advised that in some communities this is provided by the court house, post office or telecentres however is most commonly provided by local government as the revenue from this is minimal however provides a service to the community.

12.4.9 Write Off Debts For Debtors M128

- Clarification was sought in relation to the process undertaken to recover the debt. The Chief Executive Officer, Mr Whiteaker advised that the details in relation to this will be provided. The following comment has been provided since the Council Forum meeting:

Additional Comment:

The following is a summary of the actions taken in an attempt to recover the outstanding debt for M128:

M128 was a client at Killara. She first attended Killara in February 2015 and continued attending each month. Her bills up until May 2016 were always paid on time. Invoice 16724 (Killara May 2016 account) for \$415.50 was part paid and left a balance of \$277.50. Invoice 16830 (Killara June 2016 account) had no payments made against it and remain outstanding in full \$291.75, totalling \$569.25.

1. The invoice was sent to the Toodyay address c/o son 1 as he was her legal guardian. Every month a statement was also sent.
2. We have phoned the numbers provided by son 1 on numerous occasions without success.
3. Statements continued to be sent monthly, with the threat of legal action.
4. Killara informed finance staff that son 2 was now her legal guardian
5. Statements continued to be sent to son 2 monthly.
6. Phoned contact number son 2 no numerous occasions, left messages answering machine, also rung mobile, no contact made.
7. Killara advised that the client has passed away.
8. It is estimated that legal action would cost in excess of \$500.

BACKGROUND / DETAILS

Community based committees are an important part of the social structure of the wider community and give residents and ratepayers a voice in `their` community. Council representation on these committees demonstrates Council interest and allows for feedback to Council of community concerns and ideas.

At the Ordinary Council meeting held on 15th November 2017, Council resolved to appoint no delegates to AVAS at that time due to the future of AVAS being unknown. As it has now been confirmed that the group will continue, this matter is being represented to Council for consideration.

AVAS is independent of Council, information for this community group is detailed below:

Committee Name:	Avon Valley Arts Society Inc.
Committee Purpose:	AVAS Inc. promotes and fosters artists in the Avon Valley. They host the Fred Killick

	Award Exhibition, and the Northam Art Prize, as well as hold demonstrations and art classes. Current exhibitions can be viewed at the Northam Visitor Centre.
Meeting Frequency:	Monthly.
Next Meeting:	Third Thursday of each month.
Current Meeting day:	Thursday.
Meeting Location:	Meeting Room, Northam Recreation Centre.
Current Council representatives:	Cr Ulo Rumjantsev and Cr Chris Antonio.
Officer Comment:	Nil.

Financial / Resource Implications

Councillor delegates are entitled to claim for expenses incurred in attending meetings on behalf of the Shire.

Secretarial and support services are the responsibility of the organising body and should not be reliant on Shire resources.

Legislative Compliance

Community committees are not committees of Council and are not bound by requirements of the Local Government Act 1995, but may be established under other legislation.

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Once a Council delegate has been endorsed, Officers will confirm this with AVAS.

Risk Implications

Nil.

OFFICER'S COMMENT

Council is requested to consider the role of its Councillors as delegates/representatives to this community organisation.

In some cases, Councillors could attend solely in a liaison capacity and not necessarily as a full Committee member. Councillors need to be aware of the time commitment that can occur with attendance at meetings. This group is not **part of Council's structure** and therefore are not required to report back to Council, however minutes of such meetings should be provided for information purposes. Deputies are not generally required.

Minute No: C.3274

Moved: Cr Proud

Seconded: Cr Ryan

This report is for Council to consider approving a new 5 year lease with the Northam and Districts Historical Society Inc. for the management of Morby Cottage located at 70 Katrine Road, Northam in the same manner as the old Mayors parlour.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

Morby Farm Cottage was an important heritage site built in 1836 by John Morrell, the first European to settle in Northam in 1832. John Morrell built the farmhouse using locally sourced materials, but the doors and window frames and panes travelled with him by ship, on his long and arduous journey from England.

The cottage was crucial to the early colonial life in Northam, serving as the town's first church, school, courthouse, and retail and postal outlet.

Morby Cottage has been owned by the Shire (formerly Town) of Northam since 1978. Morby Cottage has been managed by volunteers for at least 30 years, and the volunteers have also been involved in some restoration work.

Morby Cottage is on a parcel of land 1,400m² and zoned 'residential'.

Policy Implications

A8.5 (2) Management of Council Property, 2.0 Not-for-profit Lease:

The basic principles considered in establishing a standard lease fee reflects a fair and equitable contribution of provision of a facility, the venue's pattern of use, location and the potential to obtain Community Grants assistance, as follows:-

- 2.1 The Shire levy an annual administration rent to all community, sport and recreation groups, that is not for an abovementioned community Hall, which is the equivalent amount of the building insurance applicable to the building and is reviewed annually.

- 2.2 Lessees or Licensees will be responsible for the full cost of the lease document preparation, registration and other costs associated with the execution of the agreement.
- 2.3 Lessees or Licensees must agree with Council to manage the “Demised Premises” on behalf of the community and to offer a service to the community that provides a net benefit.
- 2.4 The Lessee or Licensee will be responsible for the payment of outgoings, operating costs, and minor maintenance obligations.
- 2.5 The Lessee or Licensee will not be responsible for Shire Rates, apart from rubbish service rates.
- 2.6 The Shire will insure the “Demised Premises” at replacement value and perform any structural repairs, improvements and maintenance in accordance with levels determined within its budget forecast.
- 2.7 In the case of the Lessee or Licensee who leases a Council building and obtains approval to carry out extensions, alterations and/or additions, Council will insure the improvements as part of its insurance portfolio at replacement value.
- 2.8 The Lessee or Licensee will be responsible for contents insurance for their contents, and also hold public liability for their activities and workers compensation insurance for their employees (if applicable) to the value stipulated in the agreement.
- 2.9 The Lessee or Licensee will be responsible for the cost of repair of any internal damage, vandalism, corrective maintenance or damage to external doors, glass windows, security lighting and any other external facility through misuse by a club representative, member or guest. The Shire may carry out any corrective works and recoup the full cost from the Lessee.
- 2.10 The Lessee or Licensee will be responsible for keeping the building clean and tidy at levels predetermined within the agreement.
- 2.11 The Lessee or Licensee will not incur any costs for property damage excluding contents occasioned by fire, fusion, explosion, lightning, civil commotion, storm, tempest, or earthquake.
- 2.12 On an annual basis, Lessees and Shire representatives will meet to carry out a property inspection to determine the extent to which the Lessee or Licensee have met their lease/licence obligation and to consider any specified building maintenance schedules for the following twelve month period within the Shire's budget parameters.

Risk Implications

If a new lease is not agreed to, then a valuable Historical resource may not be utilised.

OFFICER'S COMMENT

At the Ordinary Council meeting 18th July 2012 a report was brought before Council stating that although the Historical Society had been managing the Cottage for many years they were not under any lease. After that meeting a new lease was forged and the Historical Society have now been under lease for the last five years.

As part of the negotiations of that lease, it was proposed that the Northam & Districts Historical Society Inc. were to be responsible for:

- The costs for public liability and contents insurance;
- Operating the building and making it available to tourists;
- Keeping records of visitor attendance; and
- Payment of rental of \$1 per annum on demand by the Shire of Northam.

The Shire was to be responsible for:

- The cost of outgoings;
- Building insurance;
- The cost of drawing up the lease;
- Structural building maintenance and budgeted building maintenance; and
- Maintenance of reticulation and the front gardens.

Five years ago it was proposed that the Shire bear the costs of building insurance, outgoings, and lease documentation which is contrary to the policy for community group leases. However, given that the building was primarily for tourism purposes, it was considered to be appropriate and the motion was carried 8/0. As the decision in 2012 was carried it is suggested that the same conditions be made for a new lease for the next five years with a five year option to renew.

- The costs for public liability and contents insurance;
- Operating the building and making it available to tourists;
- Keeping records of visitor attendance; and
- Payment of rental of \$1 per annum on demand by the Shire of Northam.

The Shire was to be responsible for:

- The cost of outgoings;

This report is to request Council to write off the rate debt of \$980.00 associated with Assessment No. A554.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

The below map outlines property Assessment No. A554:

A554 is a privately owned "bush block" connected to the Clackline Nature Reserve (Reserve 32400).

As a privately owned lot, rates have been charged on this land with our records showing at least since 2002/03.

We were contacted August 2017 by the Department of Parks and Wildlife (the Department) informing us the owner was in the process of donating A554 to the Crown to be used in conjunction with Reserve 32400.

The Department informed Council Officers that they believed the process would be completed by early October 2017 and at that time requested the rates be written off from 1st July 2017 until transfer. At this time we informed them we would consider presenting this to Council after the transfer to the Crown had occurred as the property would then be non-rateable.

In January 2018, we were contacted again by the Department to inform us the transfer had been processed on 15th January 2018. The Department informed Council Officers that the delay was caused by the Department and the ratepayer had provided all documents in time.

BRIEF

For Council to approve writing off the following debt for Debtor M128, totalling \$569.25

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

Debtor M128 was a resident at Killara between May 2016 and June 2016. The outstanding debt relates to fees accrued between May 2016 and June 2016 totalling \$569.25.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme area 5: Governance & Leadership.

Outcome 6.3: The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

Financial / Resource Implications

There will be a loss of revenue to the Shire of \$569.25 as per the table presented below:

Debtor	\$
M128	569.25
Total Outstanding	569.25

Legislative Compliance

The Local Government Act 1995 Section 6.12(1)(c) allows a Council to write off any amount of money owed to the Council subject to a decision of Council carried by an Absolute Majority.

6.12. *Power to defer, grant discounts, waive or write off debts*

(b) *wave or grant concessions in relation to any amount of money;*
or

(c) *write off any amount of money, which is owned to the local government.*

**Absolute majority required.*

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Nil.

Risk Implications

If the outstanding debts are not written off legal action will need to be taken with the risk of additional expense to the Shire.

OFFICER'S COMMENT

Debtor M128's son originally had Enduring Power of Attorney for his mother during the period the debt accrued between May 2016 and June 2016. Power of Attorney was then transferred to debtor M128's other son. Numerous attempts have been made over the years to retrieve the debt.

Debtor M128 passed away during 2017 leaving little possibility of retrieving the debt.

Council is under no obligation to write off any of the above debt, legal action may be taken; however Management is of the opinion that the risk associated with the Shire accruing additional expense without retrieving the outstanding debt is high.

As part of normal Council debt collection procedures the above debtor has been contacted by phone (or attempted to be contacted by phone), received letters of final notice and been sent letters advising legal action will be taken if their account remains unpaid.

Due to the length of time the money has been outstanding and failure to receive payment it is recommended to write the \$569.25 debt off.

RECOMMENDATION / MOTION

Minute No: C.3283

Moved: Cr Williams

Seconded: Cr Mencshelyi

That Council write of the debt owed by Debtor M128, totalling \$569.25.

LOST 2/7

Reason

The Council felt that there was insufficient advice from the Executor in relation to whether there are funds within the Estate, or if the Estate is bankrupt.

Clarification was sought in relation to whether the Estate is bankrupt. The Executive Manager Corporate Services advised that Officers cannot confirm whether this is the case. Numerous attempts have been made to contact the Executor however have not been successful in these attempts.

There was debate held around the motion:

- Arguments for the motion:
 - Cr Mencshelyi: Efforts have been made without success, given it is not a large debt it is not believed to be cost effective to take legal action.
- Arguments against the motion:
 - Cr Pollard: Council should not set a precedent in relation to not chasing or writing off debts around this amount. There is no advice in relation to whether there are funds in the Estate and this should be followed up.
 - Cr Little: Agreed with the arguments put by Cr Pollard.
- Cr Williams did not exercise her right of reply.
