

Candidate Details

Ballot paper name

POULTON, Christopher

Candidate name

Christopher POULTON

District

Shire of Northam

Nominating for

Councillor for East Ward

Election type

Ordinary

Enrolment status

POULTON, Christopher is eligible to stand for election as a resident of the Shire of Northam.

I grew up in Bakers Hill, where we have run a family business for over 30 years.

I have a couple of degrees in science and a PhD in Paediatrics. I moved back here to settle down in the one place that I have always called home.

I was member of the local bush fire brigade growing up and I am a current member of the progress association.

My goal is to help improve the surrounding wards in their development and infostructure while preserving what makes them great. It is my aim as your next representative is to improve our way of life within the town of Northam and the outer wards, without compromising our lifestyle.

This includes, protecting the Kep-Track and our significant heritage places, improving road safety and combating illegal rubbish dumping. I have a vision of how this area can continue to grow and develop, without compromising what we currently have.

Let's work together to make Northam a better place for all of us.
