

# About Ride for Sick Kids WA

The Ride for Sick Kids WA is an annual fundraising event for The Ronald McDonald House Charities, which consists of a peloton who cycle over 500 km through Western Australia's regions to raise much needed funds for RMHC WA.

The Ride, now in its 13th year, provides funding for the array of RMHC WA programs and services including the Ronald McDonald House Programs, Ronald McDonald Family Room Programs, Ronald McDonald Learning Programs and Family Retreats.

2025 will see a select group of fundraisers take to the roads for a four day ride in the iconic Wheatbelt and Perth Metro regions of Western Australia. While the riders will be pushing themselves physically on the ride, it's all for a great cause - to provide a home away from home for families with sick kids.

Over the course of the four days, riders will join together as a team to raise funds and awareness, as well as support each other through this challenging yet rewarding journey.

The Ride has raised over \$3.8 million since its inception. In 2025, the peloton aims to better previous efforts but we can't do it without your support.
