PURPOSE

For Council to adopt the Compliance Audit Return (CAR) 2012.

BACKGROUND

Under the Local Government (Audit) Regulations 1996, a Local Government is required to carry out a Compliance Audit for the period 1 January 2012 to 31 December 2012. The certified return needs to be submitted to the Director General, Department of Local Government and Regional Development by 31 March 2013.

The Compliance Audit Return must be:

- presented to Council at a meeting of the Council;
- 2. adopted by the Council; and
- 3. recorded in the minutes of the meeting at which it is adopted.

A copy of the return is submitted for Councillor's perusal, comment and adoption by Council before 31 March 2013. It is necessary for the Shire President and the Chief Executive Officer to sign off the return as a certified copy.

To undertake the 2012 Compliance Audit Return we engaged the services of a local government consultant Gary Martin, to enable an independent assessment of our compliance. The review was undertaken between Monday 25 and Tuesday 26 February 2013.

The compliance review process provides both the CEO and the Council with an additional element of accountability through an independent check on internal management systems, procedures and record keeping and this demonstrates the Shire's emphasis on improving its good governance, compliance, and best practice through voluntary exposure to external scrutiny.

OFFICER'S COMMENT

The comments received back from the consultant Gary Martin are as follows;

The standard of compliance was again very high. It is apparent that the Shire has a strong culture of awareness of compliance requirements. For context purposes, non-compliance or partial non-compliance related to only two of the total 78 items included in the Compliance Return, or an achievement of 97.4%, the same as the previous year.

The Shire has sound management systems and procedures. The few examples of non-compliance noted reflected inconsistent or incomplete compliance and human error, and not any systemic failure.

It is important to note that the actual compliance audit process is a detached, retrospective examination of minute, multifaceted, and ambiguous statutory detail specified by the Local Government Act 1995 and associated regulations. Significantly, the CAR excludes the actual working environment and pressures of the day-by-day operational circumstances, and other community priorities that exist in the pragmatic management of the wide range of functions and issues experienced in a vibrant and growing local government such as the Shire. The overall compliance requirement to observe "all written law" places an onerous responsibility on the CEO of a growing local government.

The level of compliance achieved is a significant indicator in respect of the high standard of management of the Shire.

A number of deficiencies have been identified in the Shire of Northam Compliance Audit Return 2012, namely:

Delegation:

The delegation register and associated record keeping was of a high standard.

Page 2, No 6, s5.42(1), 5.43 Admin Reg 18G – Delegation A02 requires clarification that the seal is only affixed subject to a specific resolution of Council and that any employee is specifically authorised to sign documents by the Council.

Page 2, No 13, s5.46(3), Admin Reg 19 – Some aspects, such as the record keeping associated with exercising a delegated power was difficult to gauge.

Disclosure of Interest:

The management of the Primary and Annual returns and registers, and disclosure of interest at meetings were of a high standard.

Page 2, No 1, s5.67 – The minute record of disclosures at the Special meeting held 29 February 2012 and the Ordinary Council meeting held 21 March 2012 is inconsistent and indicate that members that disclosed a financial interest did not leave the Chambers and voted. The item related to the Shire of Northam Draft Local Planning Scheme No.6 and the interests may be an exempt interest.

The record of disclosures of financial interests at meetings and the register of Financial Interests were checked and an anomaly found in the disclosures, minute recording and register for the Special Council meeting held 29 February 2012 and the Ordinary Council meeting held 21 March 2012.

The minutes record financial disclosures by members at the commencement of the meeting but these disclosures are not then reflected in the minutes when the item(s) were discussed, and it appears that the relevant members may have stayed, participated and voted.

However on both occasions the business item related to the Shire of Northam Draft Local Planning Scheme No.6 and this may be an exempt interest under s5.63(2). If that is the case the minutes should record the exemption to support the participation in the business item.

The minutes of the meeting held 29 February 2012 record nine members attending, but the decisions being carried 10/0, which may be a typographical error, but this indicates that the disclosing member may have voted.

Mr Martin - Local Government Consultant, recommended that the circumstances associated with the disclosures and recording in the minutes and registers be researched and clarified and the outcome reported to the Department of Local Government.

Tenders:

The tender process is thorough and supported by comprehensive documentation. It was noted that the Audit report for 2011/2012 reported that the register was not maintained in accordance with statutory requirements, but at the time of this review the register complied.

It was noted that the Tender Register was also being used as the relevant Tender file for each tender called and therefore the register contained material and information not required by the register. It is strongly recommended that the register only contain the statutory information (i.e. the register sheet and a copy of the State wide notice) and all other information including the completed checklist be filed separately.

The "Tender Register" is a public document that may be inspected during office hours, and therefore caution is required to ensure that only the necessary statutory information is recorded and that any confidential or sensitive information is not included in the register but filed separately.

General:

The Shire has well documented policies and procedures and the negligible items of non-compliance seem to arise from inconsistency or human error rather than any system breakdown.
