A. BACKGROUND / DETAILS

At the Ordinary Council Meeting on 15 July 2020, Council established the Community Grants Assessment Committee to make determinations on applications received through the Community Grants Scheme. This committee was granted delegated authority to receive and assess grant applications, and to make a final determination on all grant applications received.

At the Ordinary Council Meeting held 19 May 2021 Council accepted a revision of the Community Support Policy outlining a new direction for Community Grants commencing in 2021/2022, which includes:

- Progress Association Budget Requests, which will be assessed annually;
- Education Prizes and Donations, which have a set allocation;
- Community Development Grants, which will be assessed annually; and
- Quick Response Grants, which will be assessed internally and granted at the discretion of the CEO.

It is to be determined whether the Community Grants Assessment Committee continues to make the determination on funding applications received for the Progress Association Budget Allocations and Community Development Grants, or if these are to go to the full Council.

C. OFFICER'S COMMENT

With the newly adopted Community Support Policy there will be no longer be the need for ongoing Community Grants Assessment Committee Meetings. However, given the volume of grants likely to be received it is recommended by Shire Officers that the Community Grants Assessment Committee remain in place to assess applications at the time of these grant rounds and not be dissolved. It is thought that this process will be more efficient than referring all applications to a full Council meeting.
