Operational Matters:

A continued reminder that if ratepayers have not already done so, there is the opportunity to register for e-rates. What this means is the ability to received rates in a convenient electronic form. If chosen, this assists the environment by generating less paper, less plastic, greenhouse gas emissions and landfill waste.

Events Calendar:

Following the success of the Avon Descent Street Parade and Bilya Festival, the Shire of Northam and the community was once again positively presented to the wider population.

The next major event is during September, when Northam Ballooning Events is hosting the World Women's Ballooning Championships. Credit to everyone involved in these championships. It is the first time they have been held in the Southern Hemisphere. In conjunction with the championships, the Shire of Northam is running several hot air balloon themed activities.

Strategic Matters:

I would like to express my thanks and gratitude to Mr Jason Whiteaker, who, after 10 years as the Chief Executive Officer of the Shire of Northam, has decided to take up a role as a CEO at another Local Government.

Jason has played a key role in many developments within the Shire of Northam over his term as CEO. There are many key achievements to celebrate and noting marked improvements in an organisational and community development perspective.

Thank you Jason for your support, vision, leadership and guidance over your term as CEO, particularly during my term on Council, and as President. Your passion for the community and ongoing commitment to attracting new developments to the Shire should not go underestimated. All the best in your future roles.

The Chief Executive Officer advised that we received approximately three registrations of interest but no formal applications. There were also six or seven contact points made.

Council Forum Meeting Notes
09 August 2023

- One of the requirements was attracting 75 new employees. Should we have lowered that requirement?

The Chief Executive Officer noted that when the concept was developed, Council considered what scale would be required to achieve a net financial / economic benefit from its investment of \$1,000,000 e.g. from a rating perspective. The hurdles were made high purposefully to ensure Council was going to get that return. A number of potential entities contacted the Shire to discuss reducing the amount.

13.2.3 VERGE POLICY

- Have the changes requested during the workshop been completed?

The Executive Manager Engineering Services confirmed this is correct.

- In section 1.3 of the policy it states that certain landscape treatments can be undertaken without obtaining Shire permission. Shouldn't this have limitations on the size of the shrub/area this relates to?

Council Forum Meeting Notes
09 August 2023

The Executive Manager Engineering Services clarified that the intent was to make the policy less descriptive and removed the information that can be found in the relevant local laws.

- Can the Local Laws be referenced in the Policy to make this clearer?

The Executive Manager, Engineering Services confirmed that this will be added.

13.3 DEVELOPMENT SERVICES

Cr R W Tinetti declared an "Impartiality" interest in item 13.3.1 Multiple Dog Application, as Cr Tinetti's residence is one house away although on a different street.

13.3.1 MULTIPLE DOG APPLICATION

- Why is an assessment number listed instead of the applicant's address?

The Executive Manager Development Services advised this will be changed prior to the next meeting.

- Why is there only an arial photo provided with the report?

The Chief Executive Officer advised that we have photos however staff felt they did not add any value to the report. The photos will be provided to councillors prior to next meeting, however not included in the agenda.

- Why has there been a number of these brought before Council in recent months?

The Executive Manager Development Services advised that it is due to objections being submitted to the applications which precludes these being dealt with under delegated authority.

13.4.1 ACCOUNTS & STATEMENTS OF ACCOUNTS - 1 JULY 2023 TO 31 JULY 2023

13.5 COMMUNITY SERVICES

13.5.1 NORTHAM MOTOR SPORT FESTIVAL

- In the letter from the Vintage Sport Car Club they are requesting that the amount we provide them is reviewed annually to align with CPI. Is this something that is considering?

The Chief Executive Officer advised that it has not been considered in the officers recommendation, however Council can put forward an amendment to include it or deal with this as part of the annual budget process.

- Are the roads that need treatment unknown at this stage?

The Chief Executive Officer advised that there are some sections that are known such as along Beavis Place and near the Grey Street / Fitzgerald Street intersection.

- Will the track be relocated to around Jubilee Oval in the future?

The Chief Executive Officer clarified that the Vintage Sports Car Club have advised that the drivers are not supportive of a relocation to this track.

- Why don't they like the idea of a new track?

The Chief Executive Officer advised that this was due to it not being conducive to the type of racing they do. They would essentially be moving from a complex track to a very basic track.

- Is the \$127,000 allocated to this for a staged approach?

Council Forum Meeting Notes
09 August 2023

The Chief Executive Officer and the Executive Manager Corporate Services advised that it was initially budgeted as \$450,000 with \$200,000 from grants. The \$127,000 remaining has been budgeted and will not be staged.

- Why have they struggled to get competitors?

The Chief Executive Officer advised that the information that has been provided suggests that this is largely due to coming out of Covid. Another issue is the cost of living pressure, Motorsport is an expensive hobby, and it is becoming more difficult for people to afford.

Staff have been discussing possible adjustments to how we can run the event for future years. Council have previously struggled to activate the area inside the track and Officers have put forward a proposal to the Vintage Sport Car Club to make the car parks at Woolworths the pit area. This will result in all of the competitors congregating in the CBD, having an immediate activation benefit. Staff have also suggested the VCC could consider charging visitors to have the opportunity to enter the pits and interact with the cars and drivers. If this concept was supported, Council could then focus on activating the area where the pit area had previously been located, behind the Farmers Hotel and Bernard Park, which lend themselves to other activations.

Staff have also considered possibly tying an event in on the Saturday of that weekend. The Hill Climb that is held on Saturday is not a spectator sport and we believe there is an opportunity to hold an event, e.g. an annual ballooning festival to launch the start of the balloon season. This concept will be explored in an events strategy which staff are currently working on.

- Is there an estimate available of how many people the Motorsport event attracts?

The Chief Executive Officer advised that the Vintage Sport Car Club is no different to the group that organise the Avon Descent. They will hold their competition every year and it is up to Council to decide how to leverage the event and activate a community event around the competition.

The Chief Executive Officer advised that an estimated economic impact assessment can be provided demonstrating the potential benefit to the Shire.

Council Forum Meeting Notes
09 August 2023

- Can a revised lay out of the suggested track and pit stop be provided?

The Chief Executive Officer advised that this would be covered by point 3 in the officers recommendation where it requires the matter to be presented back to Council.

Agency Updates:

Department of Communities:

Ms J Spadaccini provided information and discussed the Local Welfare Plan (Confidential attachment provided separately with the agenda), noting that the intention is to table this document at the Local Emergency Management Committee meeting to be a supporting document for the LEMA.

Ms J Spadaccini also advised that they have been completing an audit all evacuation premises', this involves a 5 page document to list the building types and ratings that the Shire of Northam will need to complete and return by the end of October 2023. It was also noted that the Shire of Northam only has a premise listed for Northam itself and not in the surrounding areas, Executive Manager Development Services and Community Emergency Services Manager discussed that the Bakers Hill Recreation Centre and the Wundowie Town Hall may also be evacuation centres.

**Local Emergency Management Committee Minutes
20 July 2023**

Outcome: *The Executive Manager Development Services and the Community Emergency Services Manager will investigate and confirm if the Bakers Hill Recreation Centre and the Wundowie Town Hall are evacuation centres and if they are listed in the LEMA. The Shire of Northam will also complete and return the Auditing document and return it to the Department of Communities by the end of October 2023.*

WA Police:

Mr R Eastman requested an update to the Shire of Northam Airport Emergency Plan, LEMA and Contacts and Resources documents as last updates available to Mr Eastman are from 2016/2018.

The Shire of Northam discussed recent updates to the Local Emergency Management Committee Contacts and Resources list. The contacts list is currently being converted to a Smartsheet document that will be made available to all agencies involved in LEMC. This document will hold all relevant names, contact numbers and addresses for services/agencies to use in emergency situations. The Smartsheet will be set up with an automation that will send out an update request to agencies every 3 months (at least 1 month before a LEMC meeting), agencies will be asked to review their contact information and advise any changes that need to be made. Any agencies who have not provided an update will be raised at the following LEMC meeting. Staff are currently working to identify the best way to incorporate the lists of resources associated with each agency in the sheet.

Department of Fire and Emergency Services (DFES):

No updates to provide.

Department of Primary Industries and Regional Development:

Mr J Russell noted that a report will be sent through to agencies, this report will include information on 7 declared level 1 incidents involving plant and aquatic pests. Some of the information will be in regards to a Red Dwarf Honey Bee infestation, the Kimberly floods and the recent tropical cyclones.

Main Roads:

Mr G Putland noted that Main Roads is currently working on their annual re-write and review of incident management and procedures, which includes looking at how to improve communication with other agencies.

**Local Emergency Management Committee Minutes
20 July 2023**

Mr G Putland has advised that the staff in the Wheatbelt region of Main Roads have 42 Local Governments in their area and as such request that the Shire of Northam reach out and advise if an item on the Local Emergency Management Committee agenda is relevant to them and they will endeavor to make sure at least one person will be available to attend the meeting.

Western Power:

No updates to provide. Mr C Rose advised that he is new to his role at Western Power but will come to the next LEMC meeting prepared to provide an update.

Northam Bush Fire Brigades:

Wheatbelt District Advisor Report May June 2023

ANNUAL LEMC REPORT

In accordance with Sections 33 and 40 of the Emergency Management Act 2005, Local Emergency Management Committees (LEMC) are required to submit an annual report on activities undertaken by it during the financial year. In previous years, this reporting requirement was fulfilled by Local Government's participation in the Annual and Preparedness Report Capability survey.

This year with the finalisation of the State Risk Project and Capability Framework review, LEMC reporting requirements can be fulfilled by completing the LEMC Annual Report Survey.

Information gathered in this survey provides opportunity to highlight the important contributions made by Local Governments and LEMCs to emergency management in Western Australia.

The survey was forwarded to your Local Government this week. Please ensure it is returned to your District EM Advisor by no later than COB 30 June 2023.

REVIEWS

There are currently a number of major reviews occurring across the WA Emergency Management Sector.

- State Risk Project
- LEMC and DEMC review
- Review of "Guidelines for Preparing a Bushfire Risk Management Plan
- State Capability Framework Review
- SEMC Subcommittee Review and outcomes
- Emergency Services Bill 2022

Two reviews that will impact the LEMC are outlined below;

The Local Emergency Management Arrangements Review.

The consultation period has finished, and a draft Implementation plan has been finalized outlining 3 main objectives in phase 1.

- Objective 1: Reduce LG administrative burden and build LG knowledge and capability through the development of a suite of supporting resources made available through an appropriate digital platform.
- Objective 2. Identify and implement appropriate strategies to support integration, collaboration and resource sharing between LG and key stakeholders.

¹
Wheatbelt EM Advisor Report May/June 2023

Local Emergency Management Committee Minutes
20 July 2023

Attachment 6.1.1

- Objective 3. Support continuous improvement and ongoing reform, through a review of Phase 1 outcomes to identify and progress further opportunities.

Timeframes: The draft Implementation plan is going to SEMC in August for approval. It is expected to take until June 2025 (at least) until the new LG EM Policy is written and the Pilot LEMA process has been tested.

Constraints: Lack of funding and the large number of other projects occurring simultaneously.

Key Message: If your LEMA is becoming due for review, continue the review as normal as it may be a few years before the current LEMA review process is finalised.

LEMC and DEMC Review

As a continuation of the SEMC Subcommittee review, the SEMC is undertaking a LEMC and DEMC review project. The project aims to;

- Establish clear roles and responsibilities, functions and governance for DEMCs and LEMCs in achieving the strategic objectives of the SEMC.
- Identify improvement opportunities to governance arrangements and capabilities to increase effective and efficient emergency management outcomes.
- Create a shared understanding of SEMC expectations of DEMC s and LEMCs within the emergency management sector.

The Consulting firm "Nexus Consulting" are current undertaking a series of focus group discussions. Further workshops will be held in the coming months and a report will be finalized by September 2023.

New LEMC Handbook and useful tools

The DEMAs across the state have just finished developing a contemporary LEMC handbook to assist local governments in the management of their LEMCs and to assist them as they work to meet their legislative requirements. The guide has a few templates at the back which may also be useful, agenda templates and a Terms of Reference template.

The Handbook is currently out for consultation, you can download the draft document and submit your feedback here;

Local Emergency Management Committee Annual Reporting

2022-23 Annual LEMC Report Survey

In accordance with Sections 33 and 40 of the *Emergency Management Act 2005* (EM Act), Local Emergency Management Committees (LEMCs) are required to submit an annual report on activities undertaken by it during the financial year. In previous years, this reporting requirement was fulfilled by Local Governments' participation in the Annual and Preparedness Report Capability Survey.

This year, with the finalisation of the State Risk Project and the forthcoming revised State Emergency Management Capability Framework, LEMC reporting requirements can be fulfilled by completing the LEMC Annual Report Survey.

Information gathered in this survey provides opportunity to highlight the important contributions made by Local Governments and LEMCs to emergency management in Western Australia.

Please return this survey to your District Emergency Management Advisor by **COB 30 June**.

BRIEF

For Council to consider staff recommendation to discontinue Shire of Northam Industry Attraction Fund (IAF).

ATTACHMENTS

A. BACKGROUND / DETAILS

As part of the Shire of Northam response to the Covid-19 pandemic, a \$1,000,000 Industry Attraction Fund was established in July 2020. The purpose of the fund was to raise awareness of the Shire of Northam as a place to invest, attracting economically beneficial projects, whilst also providing a financial incentive to establish in the Shire.

At the time of developing the Industry Attraction Fund, the Shire looked at a range of other options, all developed with a long-term view of stimulating the economy within the Shire and supporting future growth. The other options considered at the July 2020 meeting were a housing attraction fund and a land development fund.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: Prosperity.

Outcome 10: An attractive destination for investors, business and visitors; helping to grow the economy and local jobs.

Objective 10.1: Pursue economic growth, innovation and diversification.
Priority Action: Nil.

B.2 Financial / Resource Implications

As part of the 2023/24 budgeting process, Council did not include the \$1,000,000 IAF, however given this was planned to be debt funded, Council could resolve to continue with the initiative (by absolute majority) and make a budget amendment. This would have no impact on the 2023/24 annual budget, however, would impact future years budgets – limiting future debt capacity and adding interest and principal repayment costs. At the time of developing the IAF concept, financial modelling indicated that most future debt servicing costs, would be offset by rate revenue generated from an industry the scale of which Council was trying to attract. However, this modelling was undertaken at a time of historically low interest rates with borrowing costs increasing approximately five times, which has impacted the financial viability of the proposal.

B.3 Legislative Compliance

If Council wishes to continue with the IAF, this would require a budget amendment, which would require an absolute majority vote of Council.

B.4 Policy Implications

Not applicable.

B.5 Stakeholder Engagement / Consultation

B.6 Risk Implications

Refer to Risk Matrix [here](#).

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action

C. OFFICER'S COMMENT

While the IAF has attracted strong interest with several applications, unfortunately no proposal was able to meet the established hurdles. While this is the case it is viewed that the IAF concept was successful in that it raised the profile of the Shire of Northam and brought a focus to opportunities within the Shire.

There are several learnings for the future, however from an economic development perspective, while \$1,000,000 is a significant amount of money for the Shire of Northam, it is not significant in the context of the scale of investment which was required to meet the 75-job hurdle (to achieve this the investment appears to be more than \$100,000,000). It is also becoming more apparent that the focus for the Shire of Northam in relation to industry attraction should be more around the following key elements in the future:

- Ensuring that appropriately zoned land is available at ranging sizes to accommodate a variety of potential opportunities.
- Infrastructure requirements are critical for industry, particularly around access to road, rail and utilities. The cost and timeliness of this availability is critical to attract industry, who are looking for affordable, well-located land that can be developed quickly.
- Housing remains a key business risk. To attract industry of any scale to the Shire of Northam, the issue of housing needs to be addressed. Council is working on a range of initiatives through its housing strategy and this should be the focus moving forward to ensure that if Industry is considering the Shire of Northam they can see that they will be able to source/attract/house workers.

RECOMMENDATION

That Council discontinue the Shire of Northam Industry Attraction Fund.

Mr J B Whiteaker declared a "Financial" interest in item 13.1.2 Governance Policies, as Mr Whiteaker is leaving the Shire of Northam and the gift policy may impact Mr Whiteaker.

11. ROLES

11.1. Authorised Persons

- 11.1.1. In accordance with clause 11(3) of the Code:
 - 11.1.1.1. the Shire President is authorised to receive complaints and withdrawal of complaints under the Code; or

11.1.4. Where the Authorised Person appoints a suitably qualified and experienced Investigator, with administrative assistance provided by the Chief Executive Officer, they will endeavour to do so within a reasonable period and in accordance with Council's Procurement Policy.

11.2. Investigator

11.2.1. The Investigator is an impartial third party, who may be appointed by the Authorised Person where:

11.2.1.1. the Complaint is sufficiently serious or complex in nature such that it warrants the appointment of an independent party to undertake an investigation; or

11.2.4.3.2. recommend a plan to address the circumstances of or the behaviour of the person to whom the Complaint relates.

11.2.5. The details of all complaints dealt with by the Investigator will be reported direct to council for final determination.

OBJECTIVE

To establish protocols for authorisation of documents and the affixing of the Common Seal, according to the requirements of sections 9.49 and 9.49A of the *Local Government Act 1995*.

This policy provides guidance on the appropriate method of execution for the Shire's documents and ensures that the Shire's common seal is applied and documents executed in accordance with the provisions of the Local Government Act 1995 (the Act).

According to the Act, s9.49A, a document is duly executed by a local government if the common seal is affixed to it or it is signed by an officer authorised to do so.

Under section 9.49A(3) of the Act, the common seal is to be affixed to a document in the presence of the President and the CEO, each of whom is to sign the document to attest that the common seal was so affixed.

SCOPE

This policy applies to all Shire of Northam officers who have been authorised through the provisions of this policy to execute documents on behalf of Council.

Executing documents through the use of the common seal or by signing a document does not constitute the decision to undertake a particular course of action. A Council resolution or a decision under delegated authority is required prior to executing documents pertaining to those decisions.

In the case of:

1. Legislation;

2. The formal requirements of a Commonwealth or State department, authority or agency (as described in a policy or procedure, etc); or
3. A Council decision;

expressly specifying a particular way in which a document is to be executed, that course of action is to take precedence over this policy.

Should ambiguity arise over what category might apply to a document i.e. two categories may have relevance to a document, then the higher category is to take precedence unless the decision has been made under delegated authority in which case it is a Category 2 document and can be executed by the officer exercising the delegated authority.

POLICY

1. CATEGORY 1 DOCUMENTS

Category 1 documents require a specific resolution of Council to sell, lease or enter into an agreement etc. as well as an authority to affix the seal.

Council acknowledges that some documents may be subject to time constraints for execution. These documents are to be sealed as part of a class of documents authorised by Council to be executed under the common seal without a specific Council resolution to affix the seal, e.g. a decision made under delegated authority.

With the region already experiencing climate change impacts such as reduced rainfall and increased temperatures, coupled with population growth, the way water is sourced, used and planned for in urban spaces is critical to achieving a sustainable, efficient waterwise commitment.

C. OFFICER'S COMMENT

Climate change means we all have a role to play to protect and adapt the way we use water. Council has reaffirmed its commitment to maintaining a strong sustainability and environmental responsibility focus in its Council Plan 2022-2032.

This is achieved by:

- improving water efficiency.
- adopting waterwise practices in its operations.
- guiding communities to adopt Water Sensitive Urban Design principles.

Becoming an endorsed waterwise council with Gold recognition requires details of actions that demonstrate a commitment to achieving Water Sensitive Town goals including:

- Governance and community capital.
- Productivity, resilience, and resource efficiency.
- Ecological health and quality urban space.

The verge policy has been developed in conjunction with the Waterwise Verge Best Practice Guidelines.

SCOPE

Any person who wishes to carry out prescribed works on the verge within the Shire shall do so in accordance with this policy.

This policy has been developed in accordance with the Water Corporation's Waterwise Verge Best Practice Guidelines and provides further guidance for permissible verge treatments as stated in Shire's Activities in Thoroughfares and Public Places and Trading Amendment Local Law 2018.

POLICY

1.1. Introduction

The street verge has been traditionally described as the area between the road and boundary of an abutting property. The verge provides a safe pedestrian space and vehicular access to properties. The verge generally accommodates public service and local government utilities above and below ground; street lighting, power, water, stormwater pipes, sewerage and telecommunication cables. The service providers need to access their assets in the verge to install, maintain and/or repair.

1.2. Verge Maintenance

The Shire encourages all residents and commercial property owners to endeavour to maintain the verge adjacent to their property, for their own benefit, the benefit of their neighbours and the wider Northam community.

1.3. Permissible Treatments

The Shire permits certain landscape treatments to be undertaken without obtaining permission from the Shire of Northam.

These permissible verge treatments are:

1. Shrubs and ground covers
2. Grass
3. Organic Mulch

Please refer to Activities on Thoroughfares Public Places and Local Trading Law 2018, for further information.

1.4. Other Permissible Verge Treatments

1. Pavement
2. Permeable paving materials such as compacted aggregate subject to the size of the individual material pieces
3. Artificial turf

For these types of treatments to be considered on any portion of a verge, and "Application to alter the Verge" must be submitted to the Shire of Northam.

Irrigation will be considered upon application to the Shire in the "Application to Alter the Verge".

1.5. Stormwater Water Infiltration

Stormwater runoff from large sections of hard surfacing must be effectively managed by the landowner, as the runoff can cause localised flooding on roads and adversely impact on the Shire's storm water disposal system and its maintenance.

1.6. Non permissible Treatments/Use

Where essential services may be located, some hardstand treatments will not be permissible by the Shire of Northam.

The following cannot be installed on a verge:

1. Asphalt
2. Bitumen
3. Concrete
4. Structures (including walls, planter boxes, letter boxes and seating)
5. Loose aggregate (including pea gravel, blue metal, crushed brick or stone)

1.7. Access by Utility Providers

Under Section 2.13 of the Activities on Thoroughfares Public Places and Local Trading Law 2018; Service providers, including the Shire, retain the right to access the verge for service maintenance works that may disrupt or damage any verge treatment.

1.8. No Spray Register

The resident is to inform the Shire in writing if they wish for their verge not to be sprayed by having it placed on the "No Spray Register".

As a condition of being admitted to the "No Spray Register" is the resident agrees to maintain their own verge.

1.9. Verge Development Approval Process

All proposals for landscape treatment of the verge require approval from the Shire of Northam.

In order for applications to install landscape treatments on the verge to be assessed, property owners are required to submit an Application to Alter Verge which includes a diagram to illustrate the proposed work including plant species and the layout of any proposed reticulation system(s).

The Shire will then:

- Inspect the location;
- Notify the owner in writing whether the application is approved
- Maintain a register of the site and the approved verge treatment; and,
- On completion of any approved works the Shire will inspect the works; and,
 - Works not carried out in accordance with the relevant approvals will require any noncompliance issues to be rectified

1.10. Verge Maintenance

*Shire of Northam Policy Manual (Section I)
Policy
W 5.6 Verges Policy*

Occupants are encouraged to maintain and/or improve the verge directly abutting their property, in a manner that ensures the safety of themselves and/or pedestrians and road users.

The Shire of Northam aims to create a visually pleasing community, inclusive of tidy and attractive verges and roadsides.

The Shire will perform an annual verge maintenance program consisting of the following where practicable:

- Town site verges may be sprayed up to once per year;
- Town site verges may be slashed up to once per year in the following instances:
 - Community facilities
 - open space recreational areas, parks and reserves
 - corner lots.
- Rural verges will be assessed annually for spraying and slashing throughout the year within budget constraints.
- Spray and slash a minimum 1.5m clearance around registered bus stops on request.

A. BACKGROUND / DETAILS

The Northam Motor Sport Festival (NMSF) is an iconic two-day motor sport themed motor racing event (which has been delivered for 70 years) and contributes to the community's identity by maintaining the connection of the community to its history.

The festival activates Northam's economy by drawing people into the town with unique historical displays, demonstrations, community activities, racing and exclusive motor sport opportunities that benefit local businesses.

The current agreement between the Vintage Sports Car Club (VSCC) and the Shire has been endorsed by council for a three-year period within the Community Grants program. A request has been received by the Shire from the VSCC seeking to extend this agreement to a five-year period. The extension agreement provides the event organiser with the continuity of financial and resource support to achieve event objectives.

Although Covid-19 has had significant impact to the delivery of the NMSF the VSCC has been committed to the event and its reestablishment post Covid-19 including earlier this year with positive event results.

Additionally, council had previously resolved to allocated capital funding that was attributed to future track enhancements towards realignment of the track around Jubilee Oval. Subsequently, these outcomes no longer align with the desired festival objectives as noted within the stakeholder engagement considerations. However, funds can have a positive impact on the existing track to enhance community amenities.

The existing track is one of two street circuits within WA that continue to offer motor racing. In keeping with the existing track location upgrades can enhance the spectators viewing and engagement whilst assisting with safety and compliance of permanent infrastructure requirements.

- i. \$25,000 (exclusive of GST) of funding provided by the Shire of Northam to the Vintage Sports Car Club of WA for the facilitation of NMSF.
- ii. Funding is budgeted to the Shire of Northam to facilitate additional community activation to support the event, funding is reviewed annually and adopted as part of operational expenses.
- iii. In-kind support is also provided by the Shire of Northam 'Events Team Officers.' to assist facilitation and collaboration with event management plans.

Should council resolve to support the VSCC for the five-year term of the agreement Officers can attribute the apportioned funds within annual budget adoption preparations.

Additionally, there is \$157,000 (exclusive of GST) of funding that was attributed to track enhancements in 22/23 for track enhancements around Jubilee Oval. Officers would like to carry forward these funds towards designs and improvements of the existing track in the CBD.

C. OFFICER'S COMMENT

To provide continued growth and support it is Officers recommendation that previously committed funds be allocated towards enhancing the existing track through the CBD. A particular focus for enhancements to implement infrastructure design that can sit in situ and be utilised by the community all year round and reduce the need for temporary installations during the event. Upgrades and enhancements on the existing track are currently unknown however Officers can work with track inspectors and the VSCC to provide a report to council to sign off on final works.

RECOMMENDATION

That Council:

1. Approve a five-year funding agreement of \$25,000pa between the Shire and 'Vintage Sports Car Club of WA' (VSCC) to facilitate the Northam Motor Sport Festival.
2. Approve the reallocation of expenditure (\$157,000) to be utilised from account Job No: 6454 (New Track Enhancement Northam Motor Sport Festival) and carry forward in 2023/24 budget for the purpose of 'track enhancement and design' to the 'existing' track.

Mr Jason Whiteaker
CEO
Shire of Northam
395 Fitzgerald Street,
Northam
WA 6401

Dear Jason,

Letter of Agreement – Northam Motor Sport Festival

We would like to secure a letter of agreement with the Shire of Northam for the Northam Motor Sport Festival to cover the future of this important event over the coming years.

The Vintage Sports Car Club has run this event for many years with the support and cooperation of the Shire and our local volunteers and would like this to continue for at least the next five years. It is important for both parties to have the certainty that such an agreement provides to ensure the event will continue to be a success and to justify the investment we are making in the infrastructure to support the event.

Initial discussions with your Manager Activation & Community Development, Michelle Blackhurst, has suggested the Shire may be amenable to such an agreement based on our recent cooperative arrangement of both direct financial and in-kind support.

In recent years, this has amounted to \$25,000 financial and around \$13,000 in-kind support, plus the salary of your events coordinator. The value of the financial support has remained static for at least 5 years and we suggest that a new agreement would include an increase in line with CPI. For example, the financial amount would increase to \$26,250 for 2023 and would be reviewed annually in line with CPI.

We look forward to discussing this agreement with you and look forward to your initial response.

Regards,

David Moir
Secretary, VSCC of WA Inc.
