Agenda

Ordinary Council Meeting

16 February 2022

NOTICE PAPER
Ordinary Council Meeting
16 February 2022

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 16 February 2022 at 5:30pm.

There was a Forum meeting held in the Council Chambers on 9 February 2022 at 5:30pm to discuss the contents of this agenda.

Yours faithfully

Jason Whiteaker
Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

4. DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

Operational Matters:

At this time of the year, it is timely to thank all our Emergency Service Volunteers, especially for all the work conducted over the Holiday and New Year Season.

We remain in the Prohibited Burning Period. During this period, we need to be aware of and to adhere to any notices issued by DFES or the Shire, and more particularly when there are Fire or Harvest Bans put in place.

During any event, every resident is encouraged to have an emergency plan in place. This extends to any the pandemic as well.

As we are now in February, this is the start of the traditional season known as Bunuru. Bunuru is known as the hottest part of the year, or the season of Adolescence.

As the 2022 school year has commenced, good luck to all new and returning students and parents alike. Please be aware of speed restrictions around school zones.

Events Calendar

The recent Stargazing event held at Bert Hawke Reserve, and the recent Pre Australia-Day Band at Wundowie were examples of successfully events hosted by various groups.

There are a range of both Community and Shire events. Details can be found at any of the Shire of Northam Social Media Pages, the Shire of Northam Website, or in the Northam Advertiser.

Strategic Matters:

Following the recent outbreaks of COVID-19 in the wheatbelt, there is constant planning around Business Continuity and action plans for mass testing. Response to the pandemic and outbreaks will continue to evolve over time.

6. PUBLIC QUESTION TIME

6.1 PUBLIC QUESTIONS

7. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

7.1 QUESTION TAKEN ON NOTICE AT THE ANNUAL ELECTORS GENERAL MEETING HELD ON 19 JANUARY 2022

Question by: Jeffrey Pollard.

Summary of Question 1: What was the cost of the Beavis Place Public Open Space and St John Public Open Space and what external financial contribution was provided to Council?

Summary of Response 1: The total project cost for Beavis Place Public Open Space was \$571,512 with grant funding of \$550,000 being provided through the Local Roads and Community Infrastructure Fund.

The total project cost for the St John Public Open Space was \$247,304. No grant funding was received for this project.

8. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

8.1 PETITIONS

Local Government Act 1995 s6.10

Shire of Northam Standing Orders Amendment Local Law 2018

(1) A petition is to –

(a) be addressed to the President;

(b) be made by electors of the district;

(c) state the request on each page of the petition;

(d) contain the name, address and signature of each elector making the request, and the date each elector signed;

(e) contain a summary of the reasons for the request; and Page 13

(f) state the name of the person to whom, and an address at which, notice to the petitioners can be given.

(2) Upon receiving a petition, the Local Government is to submit the petition to the relevant officer to be included in his or her deliberations and report on the matter that is the subject of the petition, subject to subclause(3).

(3) At any meeting, the Council is not to vote on any matter that is the subject of a petition presented to that meeting, unless:

(a) the matter is the subject of a report included in the agenda; and

(b) the Council has considered the issues raised in the petition.

8.2 PRESENTATIONS

Local Government Act 1995 s6.11

Shire of Northam Standing Orders Amendment Local Law 2018

(1) In this clause, a "presentation" means the acceptance of a gift or an award by the Council on behalf of the Local Government or the community.

(2) A presentation may be made to the Council at a meeting only with the prior approval of the CEO.

8.3 DEPUTATIONS

Local Government Act 1995 s6.9

Shire of Northam Standing Orders Amendment Local Law 2018

(1) Any person or group wishing to be received as a deputation by the Council is to either-
(a) apply, before the meeting, to the CEO for approval; or

(b) with the approval of the Presiding Member, at the meeting, address the Council.

(2) The CEO may either-

(a) approve the request and invite the deputation to attend a meeting of the Council; or

(b) refer the request to the Council to decide by simple majority whether or not to receive the deputation.

(3) Any matter which is the subject of a deputation to the Council is not to be decided by the Council until the deputation has completed its presentation.

9. APPLICATION FOR LEAVE OF ABSENCE

Nil.

10. CONFIRMATION OF MINUTES

10.1 ORDINARY COUNCIL MEETING HELD 19 JANUARY 2022

RECOMMENDATION

That the minutes of the Ordinary Council meeting held on Wednesday, 19 January 2022 be confirmed as a true and correct record of that meeting.

10.2 NOTES FROM THE COUNCIL FORUM MEETING HELD 9 FEBRUARY 2022

RECOMMENDATION

That Council receive the notes from the Council Forum meeting held Wednesday, 9 February 2022.

4. DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

5. ANNOUNCEMENT BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)

There were no queries raised in relation to this item.

6. PUBLIC QUESTION TIME

6.1 PUBLIC QUESTIONS

Name: Andrew Quinn.

Summary of Question 1: Will the Council be amending the Australia Day Awards criteria so that Shire employees can win the awards?

Summary of Response: The Shire President advised that Council will be reviewing the awards system and this will be taken into consideration during this process.

Summary of Question 2: Will there be an opportunity for input by members of the public during this review process?

Summary of Response: The Shire President advised that Council will give consideration to this.

Mr Paul Kraft entered the meeting at 5:35pm.

Name: Carolyn Smart.

Agenda Item: 13.3.3 - Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine.

Summary of Question 1: Where was the proposal advertised?

Council Forum Meeting Notes
9 February 2022

Summary Response: of The Shire President advised that this was advertised on the Shire of Northam Facebook page and Shire of Northam website.

The Executive Manager Development Services advised that advertising was undertaken in accordance with Council's policy which also included the requirement to notifying landowners within the relevant distance from the proposal.

Summary Question 2: of What is the radius for notifying nearby residents?

Summary Response: of The Executive Manager Development Services advised that he will check Council's policy and provide a response for the Ordinary Council Meeting.

The Shire President advised that further questions are welcomed at the Ordinary Council Meeting on 16 February 2022.

Additional Comment

The following information is detailed within section B.5 of the report:

Notice of the application was given on 5 January 2022 for a period of 23 days, which exceeds the minimum 14 days due to the holiday period.

As specified in LPP20, all landowners within a 500m radius of the centre of the subject site are required to be notified. However, as there is a distance of more than 1km from the centre of the site to the lot boundary, Officers used discretion to determine which surrounding landowners received direct notification. It was determined that all landowners directly adjoining or opposite the subject site would receive notification, which was consistent with the advertising methodology for the original application.

Advertising of the proposed was carried out as follows:

- *Direction notification to identified landowners; and*
- *Publication of a notice on the Shire's website and Facebook page.*

Council Forum Meeting Notes
9 February 2022

No external referrals were deemed necessary as there is no increase in the number of sheds proposed.

During the advertising period one enquiry was received from a nearby landowner seeking clarification of the proposal, and who mentioned that odour emissions from the existing operations were experienced during weather inversions.

In response to the neighbouring landowner notification, the Water Corporation advised that they had no concerns with the application proceeding. This was the only submission received regarding the proposal.

7. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

7.1 QUESTION TAKEN ON NOTICE AT THE ANNUAL ELECTORS GENERAL MEETING HELD ON 19 JANUARY 2022

There were no queries raised in relation to this item.

8. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

8.1 PETITIONS

Nil.

10. CONFIRMATION OF MINUTES

10.1 ORDINARY COUNCIL MEETING HELD 19 JANUARY 2022

There were no queries raised in relation to this item.

10.2 NOTES FROM THE COUNCIL FORUM MEETING HELD 9 FEBRUARY 2022

There were no queries raised in relation to this item.

10.3 ANNUAL ELECTORS GENERAL MEETING HELD 19 JANUARY 2022

There were no queries raised in relation to this item.

11. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

The Shire President, Cr C R Antonio advised that agenda item 13.3.3 - Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine would be brought forward.

Cr C R Antonio declared an "Impartiality" interest in item 13.3.3 - Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine as the owners of the property are known to Cr Antonio.

13.3.3 Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine

Clarification was sought in relation to:

- The number of sheds being proposed and whether the additional sheds proposed are on one of the previously approved properties. The Executive Manager Development Services advised that the new sheds are on a previously approved property. The intention is to remove one of the properties with two sheds and add two sheds to one of the other currently approved properties.
- Whether the person who submitted a complaint in relation to odour is in proximity to the property proposed for the increase in sheds. The Executive Manager Development Services advised that it is believed to be in the same proximity however will confirm this. It was advised that this was investigated and there was no cause found.

Additional Comment

The resident is greater than 500m from the sheds. No formal complaint has been received, it was mentioned in a telephone conversation enquiring about the proposal.

- Whether farm 4 is being removed from the approval and whether the overall number of sheds is increasing. The Executive Manager Development Services confirmed that it is proposed to remove this farm from the approval. It was advised that there is no increase to the total number of sheds or operations (i.e. no increase in chickens, waste or traffic with the entry/exit point remaining the same).
- How will the staff enforce the advice note. The Executive Manager Development Services advised that that this is an advice note, not a condition. Staff will work with the proponent to ensure consideration is given to this.

Council Forum Meeting Notes
9 February 2022

- Whether a map can be provided identifying farm 4. Cr Girak advised that this is on page 125 of the agenda.
- Whether the advice note is new to the current development approval? The Executive Manager Development Services confirmed this is a new advice note.
- Whether there is signage at the entrance and are the potential impacts listed (if known). The Executive Manager Development Services advised that this is a condition of the original approval and it is understood that this is already erected, this condition will be reiterated as part of this minor amendment to the development approval.

Additional Comment

Signage has been erected in accordance with condition 12.

- Does increasing the sheds on two of the farms impact the environmental approval? The Executive Management Development Services advised that this will be clarified.

Additional Comment

The original approval was for 16 sheds (4 farms containing 4 sheds each) and the amended proposal is for 16 sheds (2 farms containing 6 sheds and 1 farm containing 4 sheds). The original environmental assessments and reports were done on the basis of a total of 24 sheds (i.e. 6 sheds at each farm), although the original application was only for 16 sheds.

- Does removing farm 4 increase the proximity between Spencers Brook and the poultry farm? The Executive Manager Development Services confirmed that farm 4 is the closest to Spencers Brook and this removal will increase the distance between the poultry farm and Spencers Brook.

13.2 ENGINEERING SERVICES

13.2.1 RFQ 24 of 2021 Construction Package

Clarification was sought in relation to:

Council Forum Meeting Notes
9 February 2022

- What is SLK abbreviated for. The Executive Manager Engineering Services advised that this means straight line kilometre.
- Why is there a variance from the original budget. The Executive Manager Engineering Services advised that this is due to various reasons including scoping of works along with contractor issues/current market conditions resulting in price increases ranging from 10-15%. The roads proposed to be completed are recommended based on the conditions and priorities.
- Whether the contractor is locked in at this price or can there be further increases? If there were further increases, would this come back to Council? The Executive Manager Engineering Services advised that the contract would be awarded based on the schedule submitted. There is always the potential for variations and the Chief Executive Officer has the authority to approve variations up to a maximum of 10% without coming back to Council. Any variations would need to be submitted with a rationale and would be heavily scrutinised. The Executive Manager Corporate Services advised that variations normally come through early and are generally to do with items unforeseen or a change in scope. If there were substantial variations which required the package to be reviewed, this would be presented back to Council.

Additional Comment

Council policy F 4.11 – Budget Variation Reporting details:

Operational Variations:

- o Where variations in expenditure may be accommodated within the overall budget for a sub program area, the responsible Executive Manager may authorise the re-direction of budget funds within that sub program area.
- o Where increases in expenditure are not accommodated within the sub-program area or the overall budget for a sub-program, and funds are required for that expenditure, those funds must be identified from other budget line either within the service area or from another service area. Any such re-direction of funds must maintain the budgeted operating position and requires the formal written approval of the Chief Executive Officer.

Capital Variations:

- o Where variations in expenditure may be accommodated within the overall budget for a sub-program area, the responsible Executive Manager may authorise the re-direction of budget funds within the program area.
- o No capital variations can be approved if they are not able to be accommodated within the program area. Any such proposed variations must gain the prior approval of the Council, by formal resolution.

Council Forum Meeting Notes
9 February 2022

- Whether the budget can accommodate variations. The Executive Manager Corporate Services advised that the budget is in a good position to be able to accommodate variations if they arose.
- Whether the contractors intention to subcontract has been considered in the costing? The Executive Manager Engineering Services advised that this is accepted and is included in the package.
- Would the works be finished this financial year? The Executive Manager Engineering Services advised that it is intended to be delivered before the end of financial year.
- If material costs increase, is the contractor able to pass this onto the Shire? The Executive Manager Engineering Services advised that if the contractor wanted to on charge this to the Shire they would need to submit a variation.
- Is the Contractor required to hold the price for a set period? The Executive Manager Engineering Services advised that the pricing has been secured based on a unit rate and is set for 90 days.
- Is there the possibility of encountering hidden pipeline? The Executive Manager Engineering Services advised that this is a possibility and may require the works to be stopped.
- What section of Fitzgerald Street was proposed. The Executive Manager Engineering Services advised that this is the western end, from the Burlong Road to Hatton Street intersection.
- What is the reason for cost variance between the roads, specifically Fitzgerald Street and Southern Brook Road. The Executive Manager Engineering Services advised that this comes down to the scope of works and material used.

Ms Zoe O'Brien and Mr Paul Kraff left the meeting at 5:56pm.

13.3 DEVELOPMENT SERVICES

13.3.1 Proposed Road Dedications – Great Eastern Highway Upgrade Works: Coates Gully Stage 2

Clarification was sought in relation to:

- Whether this relates to the area currently being upgraded? The Shire President confirmed that these works are related.
- A typographical error was raised in the recommendation. The Executive Manager Corporate Services advised that this would be corrected in the agenda for the Ordinary Council Meeting.
- The grey shaded area on the plans. The Executive Manager Development Services advised that this is showing the area to be dedicated for a road reserve.

Council Forum Meeting Notes
9 February 2022

- Whether the items near Hawke Avenue would be removed. The Shire President advised that these would be relocated to an area for the Shire to collect.
- What would be the process if Council refused to dedicate the land. The Executive Manager Development Services advised that all negotiations have been completed with the landowners and this item is formalising the process. The process if refused is unknown.

Cr C R Antonio declared a "Financial" interest in item 13.3.2 - Final Adoption of Scheme Amendment No. 16 – Extension to Avon Industrial Park as Cr Antonio is on the board of the Avon Industrial Park and will receive travel fees to attend meetings.

Cr C R Antonio left the meeting at 6:16pm and the Deputy Shire President, Cr M P Ryan took the chair.

13.3.2 Final Adoption of Scheme Amendment No. 16 – Extension to Avon Industrial Park

Clarification was sought in relation to:

- Whether a plan can be provided detailing the CBH rail proposal. The Executive Manager Development Services advised that this is believed to be a concept plan however will be provided to Councillors for the Ordinary Council Meeting.

Additional Comment

The concept plan has been provided as Attachment 1.

- Who owns land between railway and Great Eastern Highway? The Executive Manager Development Services advised that this will be confirmed however it is believed to be owned by Main Roads WA.

Additional Comment

The land between the railway and Great Eastern Highway is under the control of Main Roads WA.

- How much vegetation needs to be cleared for a solar farm? The Executive Manager Development Services advised that this scheme amendment is not proposing for this to be used for a solar farm, it is increasing the land that can be used for industrial purposes. The primary reason for this scheme amendment is to facilitate CBH relocating in the long term. A solar farm is something that can be approved subject to obtaining development approval. In addition, CBH would also be required to submit a development application if and when they relocate.

Council Forum Meeting Notes
9 February 2022

- Whether the amendment will allow solar panels in rural areas. The Executive Manager Development Services confirmed this would be permitted subject to obtaining development approval.
- The Executive Manager Development Services advised that there is currently a time limited approval for a CBH temporary storage site at the Avon Industrial Park with the intent of an application being made for a permanent storage site.

The Shire President, Cr C R Antonio returned to the meeting at 6:25pm and resumed the chair.

13.4 CORPORATE SERVICES

13.4.1 Accounts & Statements of Accounts from 1 January 2022 to 31 January 2022

Clarification was sought in relation to:

- Whether the water and electricity charges are included in the lease for airport hangars. The Executive Manager Corporate Services advised that the charges are calculated for each of the hangars and the lessee is invoiced. The airport lights and water tank charges are paid by Council.
- Whether the statement of accounts can be provided as a PDF or Excel file. The Executive Manager Corporate Services advised that this will be provided.

The Executive Manager Engineering Services left the meeting at 6:28pm and returned at 6:29pm.

Reference	Page #	Date	Amount	Details Reference	Question	Query By	Answer
EFT42514	165-66	10/01/2022	\$11,597.29	Clearing Shire of Northam Facilities \$8694.41 and Clearing Products provided for the period. \$2902.88 for clearing products from 30/09/21-08/12/12	What facilities are cleaned under this contract please, and are the clearing product charges always so high?	Cr Girak	Under Contract C 202021-05 includes Northam Admin building, Northam Depot, Northam Library, the Memorial Hall, Visitors Centre, Create 298, BKB Aquatic Centre ablutions Northam Town Hall and Lessor Hall and the Bert Hawke Pavilion. All consumables are supported by a corresponding invoice from Oxtar Services for each invoice, consumable charges vary from bill to bill but are in line with budget expectations YTD.
EFT42571	176	13/01/2022	\$8,722.20	Supply of 2x 60W Solar Lights on 6M poles including concrete	Where are these lights installed please?	Cr Girak	Wundowie RV Site, this was the final works for the project.

Council Forum Meeting Notes
9 February 2022

EFT42579	177	13/01/2022	\$10,714.55	Single channel camera with temper proof cover and 32GB memory	How many cameras for this price, and where are they installed please?	Cr Girak	15 dash cam cameras, 12 for Bush Fire Brigades vehicles, one for SES vehicle and one for the CFSM vehicle. These are covered by grant funding from DFES
EFT42509	165	10/01/2022	\$7,090.45	Various dothing	What was this for?	Cr Appleton	This was for our annual purchase of high vis uniforms for the outside depot staff.

13.4.2 Financial Statement for the period ending 31 January 2022

Page #	Details Reference	Question	Query By	Answer
215	Election Expense	Is the election expense lower due to there being one vote count only. Rubbish Site Maintenance down - due to new transfer station. Is this likely to be an ongoing saving, due to the transfer station not yet being constructed? When is this due to be ready for the public	Cr Antonio	Correct with just one count for Wundowie's elected member the expense incurred was less. Rubbish Site maintenance is a timing issue for the receipt of the invoices under contract as per Council Motion C.4108 for \$43,878 per month for 12 months to December 2021. The new contract C 202122-04 is \$42,837 plus the Tip Shop separable portion. The budget allocates evenly over 12 months. The Tip Shop is anticipated to be opened in late April, early May, so there will be less expenditure here than budgeted.
227	Covid Loans	19 Seeking confirmation that they have not been drawn down, and if they are for the depot redevelopment?	Cr Antonio	The covid loan was to be taken if the business incentive was awarded, this has not occurred, the loan for depot redevelopment is yet to be called, this is expected to occur in either the third quarter of this financial year or the first quarter next financial year.
228	Covid Reserve	19 Seeking clarification of the transfer in and out	Cr Antonio	This was budgeted in accordance with the associated budget expenditure reserve to reserve transfers for the financial year. It is expected that the transfers will be carried out in May/June.
231	Rates Collection	looks better for this time of year - just confirming?	Cr Antonio	The timing of the collection is predominantly related to the instalment payment dates. The instalment date was 31 January 2022. To date we seem slightly better off than last financial year.

13.5 COMMUNITY SERVICES

Cr J E G Williams declared an "Impartiality" interest in item 13.5.1 - Gaia-Floating Earth as Cr Williams daughter-in-law is the Manager of Tourism and Communications and this concept was her initiative. There is no financial conflict and minimal impartiality.

Council Forum Meeting Notes
9 February 2022

Cr H Appleton declared an "Impartiality" interest in item 13.5.1 - Gaia- Floating Earth as Victoria Williams is known to Cr Appleton outside of Council.

13.5.1 Gaia- Floating Earth

Clarification was sought in relation to:

- Whether the art has been displayed in Australia. The Executive Manager Community Services advised that this will premiere in the Brisbane Festival however will be displayed in Northam prior to this.
- How many times the piece is displayed each year. The Executive Manager Community Services advised that it has been installed in a handful of locations in Europe, the artist also has a moon which has been displayed in Europe.
- Where will it be anchored. The Executive Manager Community Services advised that this is currently being discussed as there are several technical requirements. This proposal is seeking a commitment from Council in order to secure the art and staff will work with the artist in relation to the technical requirements.
- What is the risk of vandalism and are there security measures in place? The Executive Manager Community Services advised that there is an amount budgeted for 24 hour security.
- Whether this will be impacted if the Avon Descent was cancelled. The Executive Manager Community Services advised that there is no indication that the Avon Descent is not going ahead however the art could still be displayed.
- Whether the budget includes marketing. The Executive Manager Community Services advised that the budget includes an amount for this.
- How long it will be displayed. Executive Manager Community Services advised that this would be displayed for 3-4 days. The Manager Tourism and Communications advised that it takes approximately 1 day to install. It is proposed to run from the 11th August and be removed on the 14th August. The Executive Manager Community Services advised that because Council would be sharing with Brisbane Festival, it has reduced the cost to Council significantly.
- How many additional visitors would this attract? The Executive Manager Community Services advised that the scale is unknown however staff believe this would increase visitations and linger times.
- Whether Council has visitation data for Avon Descent. The Executive Manager Community Services advised that there is visitation data for the Avon Descent which this could be compared with.
- Whether this been displayed in communities of similar size to Northam. The Manager Tourism and Communication advised that she first become aware of the piece as it was displayed in her hometown in England which is a similar size to Northam and visitations were huge. The Executive Manager Community Services advised that the artists work has

Council Forum Meeting Notes
9 February 2022

also been displayed at the Commonwealth Games was also highly visited.

- How the symphony orchestra will be played. The Manager Tourism and Communications advised that this is played on a loop via speakers.

The Gallery left the meeting at 6:40pm.

BRIEF

For Council to consider submissions received in response to the Request for Quotation 24 of 2021 – Construction Package. This report provides details of the submissions received and identifies a recommended contractor to complete the works.

ATTACHMENTS

Attachment 1: Evaluation report (provided as a separate confidential attachment).

A. BACKGROUND / DETAILS

Road construction works according to the annual works program as endorsed by Council for the 2021/2022 financial year.

In compliance with legislative requirements, a request for these works was prepared and advertised 08 December 2021 to 14 January 2022 in order to seek suitably qualified contractors to complete the works on the Shire's behalf.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure and service delivery.

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective: Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects.

Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

maintain an efficient and safe regional road network.

B.2 Financial / Resource Implications

The 2021/22 adopted budget made the following budget provisions for these projects:

Job 3126	Dring St SLK 0.16-0.18	\$45,120	ex GST
Job 3132	Fitzgerald St SLK 2.00-2.74	\$73,877	ex GST
Job 3906	Charles St SLK 0.51-1.07	\$88,000	ex GST
Job 3133	Wellington St SLK 2.46-2.72	\$286,396	ex GST
Job 3131	Robinson Rd SLK 0.02-0.75	\$220,327	ex GST
Job 3537	Jennapullin Rd SLK 1.30-2.05	\$221,635	ex GST
Job 3538	Southern Brook Rd SLK 19.33-20.36	\$382,800	ex GST

TOTAL \$1,318,155 ex GST

B.3 Legislative Compliance

Section 3.57 of the Local Government Act 1995 requires a local government to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods and services.

The Local Government (Functions & General) Regulations 1996 prescribe the manner in which Tenders are to be called and assessed.

The Local Government (Functions & General) Regulations 1996 additionally prescribes that tenders do not have to be publicly invited according to the requirements if the supply of the goods or services is to be obtained through the WALGA Preferred Supplier Program.

B.4 Policy Implications

Policy F 4.2 – Purchasing and Tendering Policy.

B.5 Stakeholder Engagement / Consultation

These are planned capital works projects. The stakeholders will be notified of the proposed work under contract via works notification.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Cost of works exceed budget allowance.	allowance	Contract will be monitored closely. Cost variation to be rejected or adjusted as necessary.
Health & Safety	Medical type injury	Unlikely (2) x Medium (3) = Moderate(6)	Compliance to OHS & E policy and standard procedures as part of contract.
Reputation	Customer complaints	Unlikely (2) x Medium (3) = Moderate (6)	Complaints management protocol for swift resolution under contract, and ongoing works supervision.
Service Interruption	Delay in project delivery	Unlikely (2) x Medium (3) = Moderate (6)	Works programme will be monitored, and followed. As a part of contract
Compliance	Substandard work	Unlikely (2) x Minor (2)= Low (4)	Quality assurance standards to be complied as part of contract
Property	Nil	-	-
Environment	Nil	-	-

C. OFFICER'S COMMENT

In response to the advertised request, two (2) submissions were received, of which all were compliant:

1. Fulton Hogan Industries Pty Ltd
2. WCP Civil Pty Ltd

A full report on the procurement process and outcomes have been provided as a separate confidential attachment.

Prices received for the individual projects contained within this package of works were mixed with some coming in under and others over the budget allowances. As a whole, the prices came in substantially higher and as a result, the remaining budgeted works for this financial year had to be assessed in terms of affordability and priority with a proposal put forward for recommendation considering current road conditions/priority, affordability

and external funding implications. Please refer to Confidential Evaluation Report (Attachment 1) for the detailed proposal to part award works under this contract and implications on the remaining road works program.

RECOMMENDATION

That Council:

- 1. Authorise the CEO to enter negotiations with the preferred supplier, being WCP Civil Pty Ltd with a view of awarding RFQ 24 of 2021 - Construction Package, following successful negotiations, to WCP Civil Pty Ltd for the maximum contract amount of \$1,524,035 (ex GST), to complete works on the following roads:
 - i. Dring Street;**
 - ii. Charles Street;**
 - iii. Wellington Street;**
 - iv. Robinson Road;**
 - v. Jennapullin Road, and;**
 - vi. Southern Brook Road.****
- 2. Authorise the CEO to execute the contract with WCP Civil Pty Ltd for the agreed amount.**
- 3. Endorse the deferral of the following road works projects to be reflected in the upcoming midyear budget review:
 - i. Fitzgerald St**
 - ii. Leader Road**
 - iii. Mokine Road**
 - iv. Grass Valley South Road****

13.3 DEVELOPMENT SERVICES

13.3.1 Proposed Road Dedications – Great Eastern Highway Upgrade Works: Coates Gully Stage 2

Address:	Various Great Eastern Highway (Coates Gully)
Owner:	Various (Detailed in Report)
Applicant:	Main Roads WA
File Reference:	6.1.1.160
Reporting Officer:	Jacky Jurmann, Manager Planning & Environment
Responsible Officer:	Chadd Hunt, Executive Manager Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple
Press release to be issued:	No

BRIEF

Main Roads WA is finalising the design and associated approvals for the Stage 2 works to upgrade the Coates Gully section of the Great Eastern Highway (GEH) between the former El Caballo Resort and Bakers Hill.

The approvals for the Stage 2 works are being completed by Main Roads WA, including environmental clearances and road widening land acquisitions.

To enable the land required for the project to be dedicated as road reserve it is a requirement of the *Land Administration Act 1997* (LAA) that local governments resolve to dedicate the road.

Main Roads WA has requested Council consider this matter at its meeting.

ATTACHMENTS

- Attachment 1: Main Roads request
- Attachment 2: Main Roads dealing plans

A. BACKGROUND / DETAILS

Council at its Ordinary Meeting held on 15 September 2021 resolved (ref: C.4296) to approve the acquisition of 2,106m² from Shire freehold land at Lot 61 Great Eastern Highway (cnr Bodeguero Road), Wundowie as part of the Stage 2 works.

The Shire's land was one of a number of acquisitions of private and Crown land required as part of the Stage 2 road widening works, which are detailed on the Main Roads drawing numbers 1760-157, 1760-158-1, 1760-159 and 1760-160-1 (Attachment 2).

Main Roads is consulting with private land owners and the Department of Biodiversity, Conservation and Attractions (DBCA) in relation to land proposed to be excised from C class conservation reserves 14275 and 14276, which have been designed to minimise the encroachment into the conservation reserves.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Infrastructure & Service Delivery

Outcome: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective: Maintain an efficient and safe regional road network.

B.2 Financial / Resource Implications

There are no financial / resource implications associated with this Report.

Main Roads advise in their correspondence that they indemnify the Shire and Minister for Lands against any claims that may arise as a result of the dedications relating to the widening of Great Eastern Highway, in accordance with section 56(4) of the *Land Administration Act 1997*.

Refer to the previous Agenda Item and Council resolution (ref. C4296) for discussion regarding the land acquisition.

B.3 Legislative Compliance

Council's resolution to dedicate the portions of land as road reserve is required in accordance with the provisions of the *Land Administration Act 1997*.

B.4 Policy Implications

There are no policy implications associated with this Report.

B.5 Stakeholder Engagement / Consultation

Main Roads are responsible and are carrying out the stakeholder engagement and consultation.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Nil	Nil	Nil

Health & Safety	Nil	Nil	Nil
Reputation	Nil	Nil	Nil
Service Interruption	Nil	Nil	Nil
Compliance	LAA process not followed correctly.	Insignificant (1) x Rare (1) = Low (1)	Follow process as requested by Main Roads.
Property	Nil	Nil	Nil
Environment	Nil	Nil	Nil

B.7 Natural Environment Considerations

As indicated in the Main Roads correspondence, the design of the road widening aims to minimise the encroachment into the conservation reserves.

C. OFFICER'S COMMENT

This land dedication request was anticipated as indicated in the Agenda Item (ref: 13.3.1) presented to Council at its Ordinary Meeting held on 15 September 2021.

To satisfy the requirements of the Department of Planning, Lands and Heritage, Main Roads has requested Council to consider its request and provide the following statement in a letter:

“Council at its ordinary meeting held on (Day Month Year) passed a resolution for the dedication of the land the subject of Main Roads Land Dealing Plans 1760-157, 1760-158-1, 1760-159 and 1760-160-1 as pursuant to section 56 of the Land Administration Act 1997.”

RECOMMENDATION

That Council resolve to dedicate the land the subject of Main Roads Land Dealing Plans 1760-157, 1760-158-1, 1760-159 and 1760-160-1 (Attachment 2) as a road pursuant to section 56 of the Land Administration Act 1997.

Attachment 1 – Main Roads Request

Enquiries: Russell Baulch or Elizabeth Davies
Our Ref: 18/9238

14 January 2022

Jason Whiteaker
Chief Executive Officer
Shire of Northam
PO Box 613
NORTHAM WA 6401

Dear Jason

GREAT EASTERN HIGHWAY UPGRADE WORKS – COATES GULLY STAGE 2

Main Roads WA is finalising the design and associated approvals to upgrade the Coates Gully section of Great Eastern Highway (GEH) between the former El Caballo Resort and Bakers Hill (Stage 2).

Stage 1 comprises four bridge replacements, with one replaced in 2020 and work is currently underway to replace the remaining bridges.

Map: Extent of Coates Gully Project

Main Roads Western Australia
Northam Office: PO Box 333, Northam WA 6401
Narrogin Office: PO Box 194, Narrogin WA 6312

mainroads.wa.gov.au
wheatbelt@mainroads.wa.gov.au
Northam: 08 9622 4777 | Narrogin: 08 9881 0503

Main Roads is completing approvals for Stage 2, including environmental clearances and road widening land acquisitions. Service relocation requirements will then be addressed in advance of road upgrade construction works.

On the 21 May 2021, Main Roads wrote to the Shire of Northam in relation to the acquisition of a strip of land (2106m²) from Lot 61 on Diagram 67856 at the Bodeguero Road intersection with Great Eastern Highway. Acquisition agreement has been reached with the Shire and road widening and dedication will be completed in due course.

Road Dedication

To enable the land required for the project to be dedicated as road reserve it is a requirement of the *Land Administration Act 1997* (LAA) that local governments resolve to dedicate the road.

Attached for consideration by Council are the private and Crown land requirements for road widening as shown on Main Roads drawing numbers 1760-157, 1760-158-1, 1760-159 and 1760-160-1.

Main Roads is consulting with private land owners and the Department of Biodiversity, Conservation and Attractions (DBCA) in relation to land proposed to be excised from C Class conservation reserves 14275 and 14276. It is noted that Main Roads has worked on designing the road upgrade to minimise encroachment into the conservation reserves.

It would be appreciated if Council could consider this matter at its next meeting and provide the following statement in a letter to Main Roads. This will satisfy the requirements of the Department of Planning, Lands and Heritage.

"Council at its ordinary meeting held on (Day Month Year) passed a resolution for the dedication of the land the subject of Main Roads Land Dealing Plans 1760-157, 1760-158-1, 1760-159 and 1760-160-1 as a road pursuant to section 56 of the Land Administration Act 1997."

MRWA indemnifies the Shire and Minister for Lands against any claims that may arise as a result of the dedications relating to widening of Great Eastern Highway, in accordance with section 56(4) of the LAA.

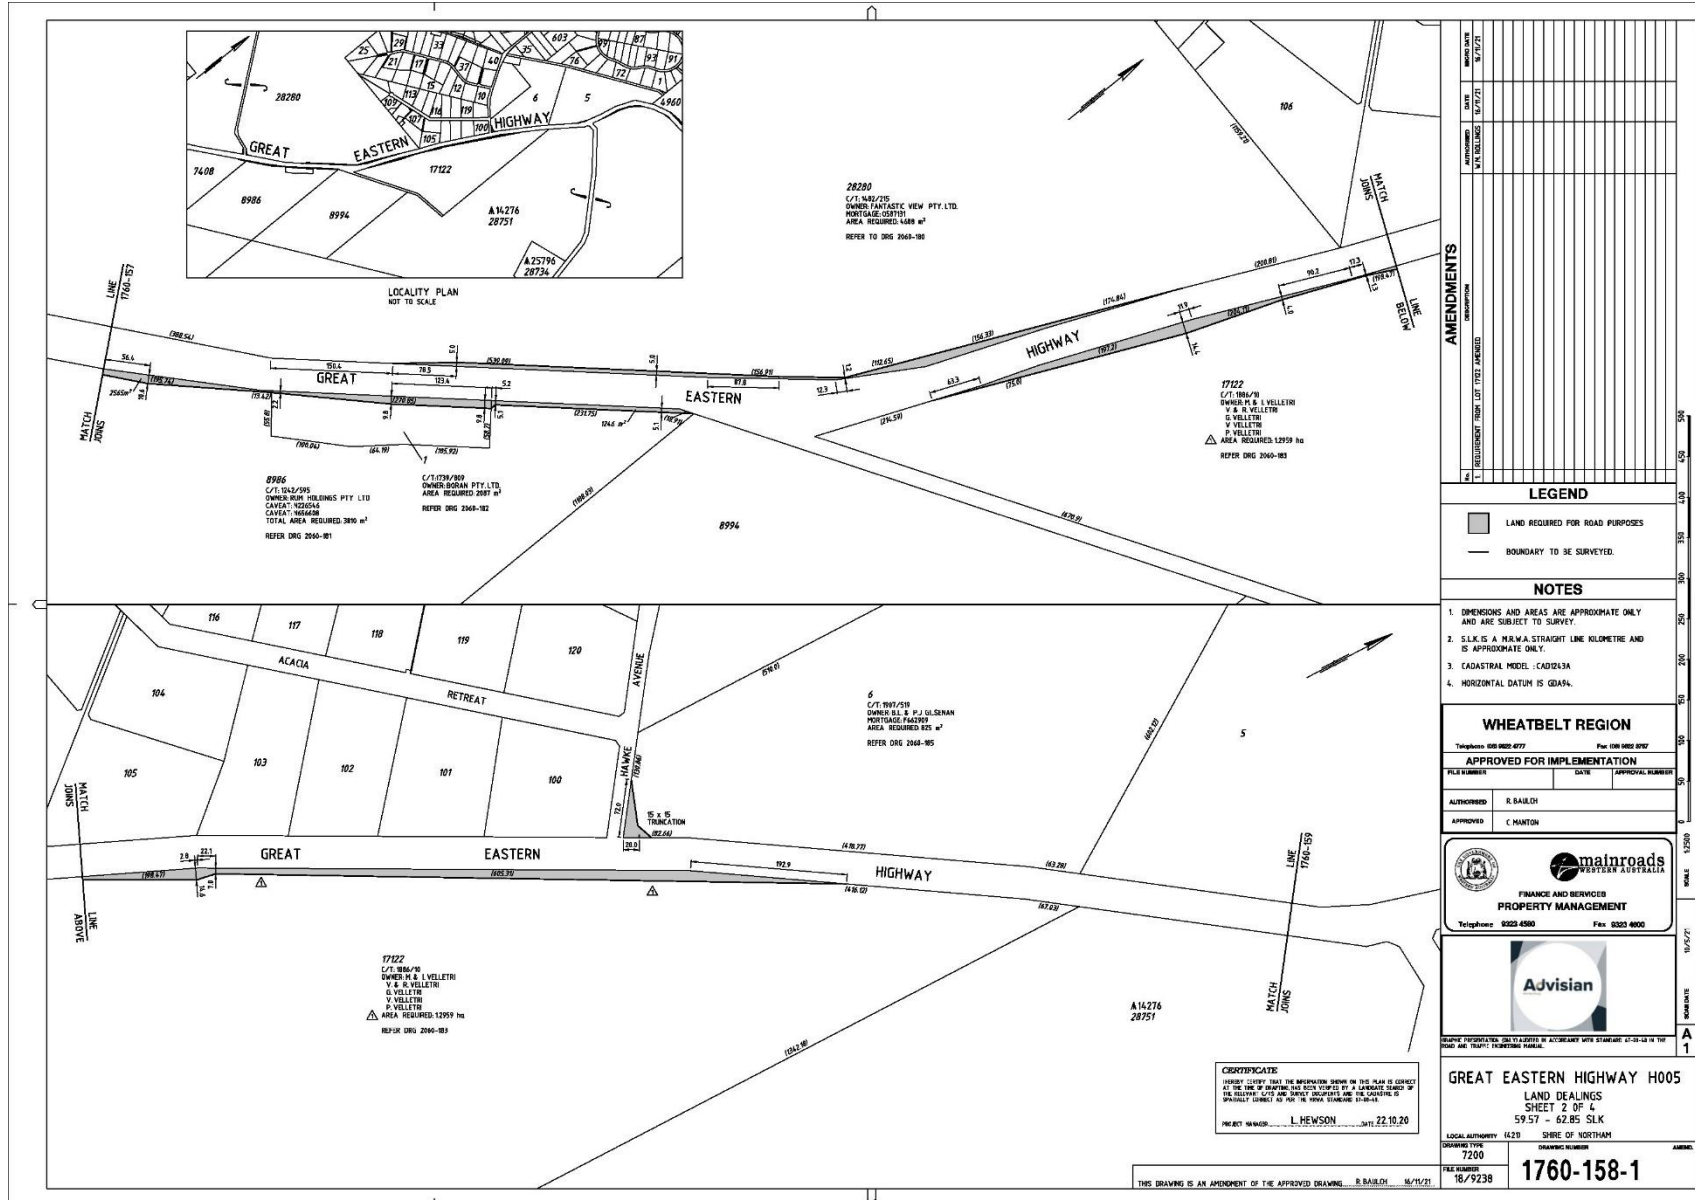

If considered beneficial, Main Roads officers would be available to attend the Council meeting to discuss the project and address any questions.

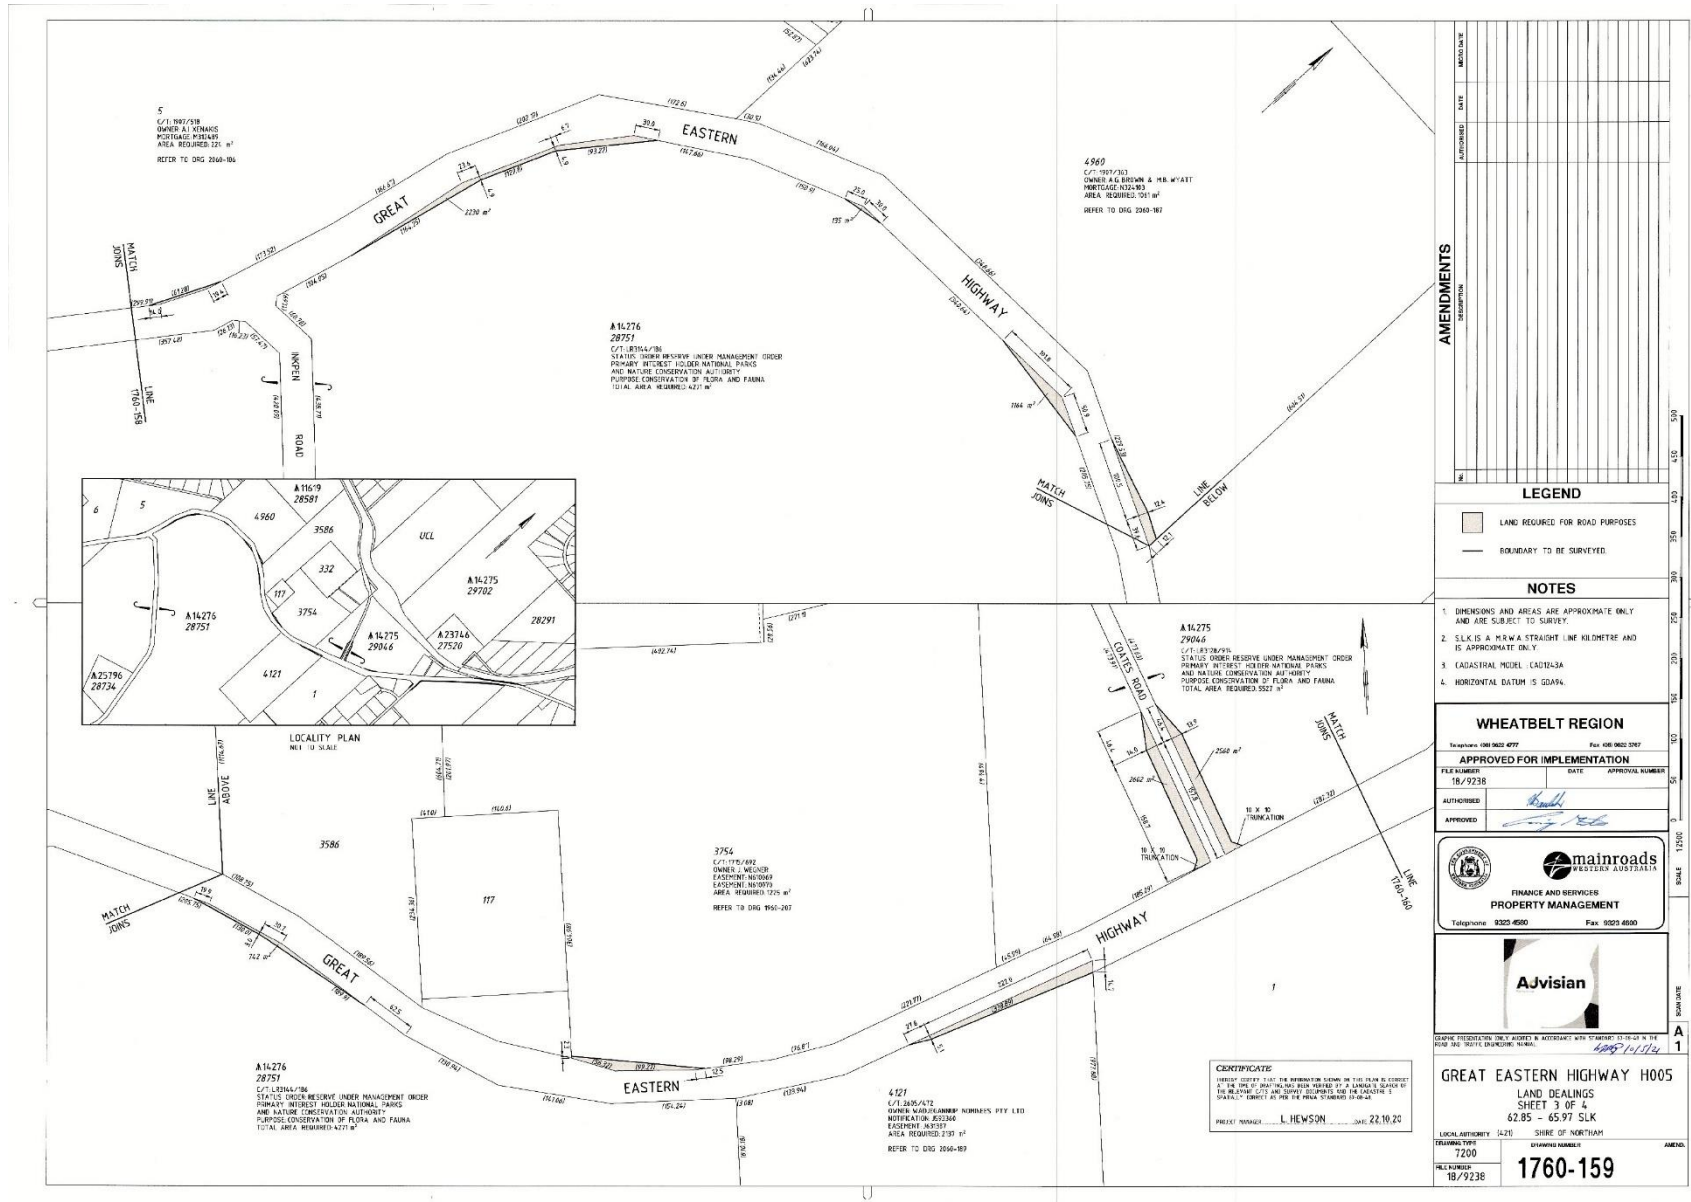

Please do not hesitate to contact myself by email at russell.baulch@mainroads.wa.gov.au or telephone on 0400 220 497 or Elizabeth Davies, Stakeholder Engagement Manager by email at elizabeth.davies@mainroads.wa.gov.au or telephone on 9622 4703.

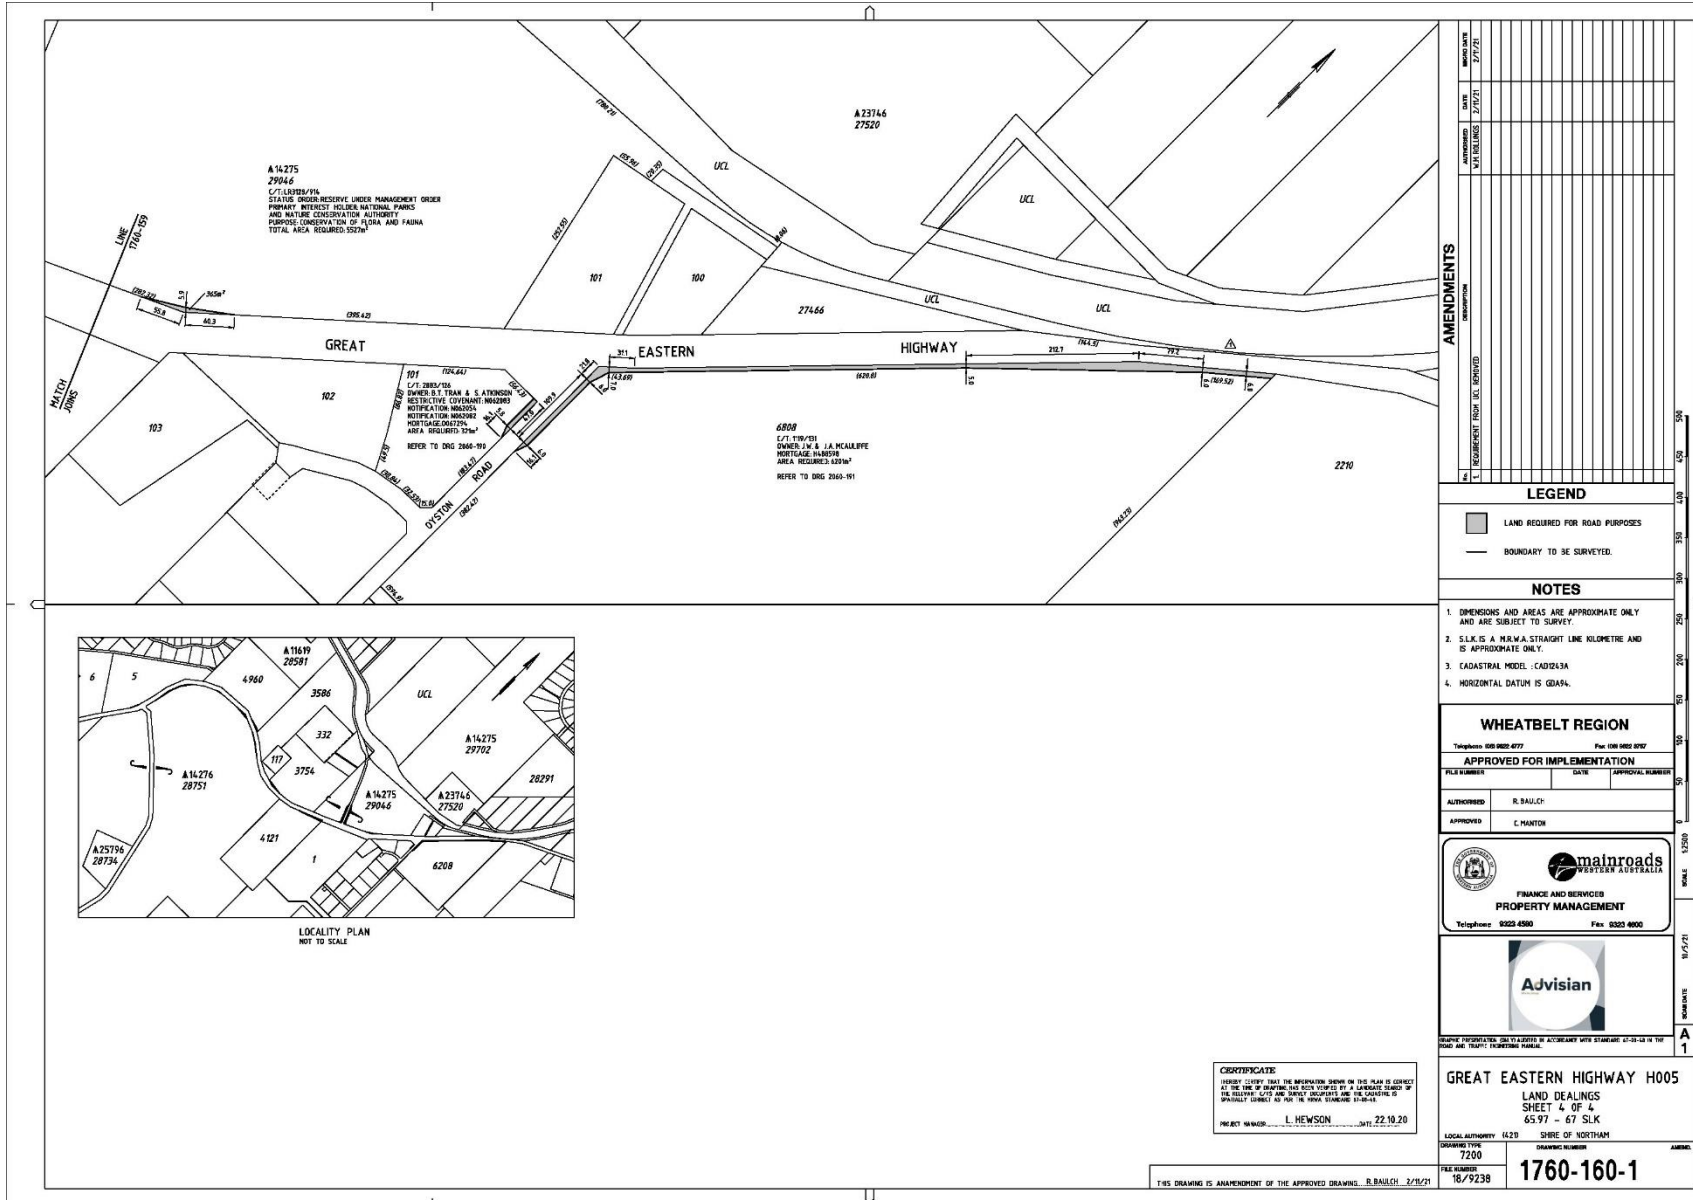

Yours sincerely

Russell Baulch
Land Manager

Cr C R Antonio declared a "Financial" interest in item 13.3.2 - Final Adoption of Scheme Amendment No. 16 – Extension to Avon Industrial Park as Cr Antonio is on the board of the Avon Industrial Park and will receive travel fees to attend meetings.

13.3.2 Final Adoption of Scheme Amendment No. 16 – Extension to Avon Industrial Park

Address:	Portion of Lot 9002 and Lot 17 Leeming Road, Grass Valley - Avon Industrial Park
Owner:	Development WA, Shire of Northam
Applicant:	Element WA
File Reference:	SA16
Reporting Officer:	Jacky Jurmann, Manager Planning & Environment
Responsible Officer:	Chadd Hunt, Executive Manager Development Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple
Press release to be issued:	No

BRIEF

Council at its Ordinary meeting held on 16 June 2021 resolved (C.4238) to initiate Scheme Amendment No. 16 to the Shire of Northam Local Planning Scheme No. 6 to rezone land adjacent to the railway at Avon Industrial Park from Parks and Recreation Reserve to General Industry.

The purpose of this Report is for Council to resolve to finally adopt the amendment to enable it to be referred to the Western Australian Planning Commission for final approval.

ATTACHMENTS

- Attachment 1: Scheme Amendment No. 16 Document
- Attachment 2: Scheme Amendment No. 16 Resolution
- Attachment 3: EPA Advice

A. BACKGROUND / DETAILS

Development WA as the landowners of Lot 9002 Leeming Road, Grass Valley have requested Council to rezone a portion of their freehold property and Lot 17 Leeming Road, Grass Valley which is a reserve managed by the Shire of

Northam. Element WA, a Perth based planning consultancy, is acting on behalf of Development WA.

The amendment proposes to:

1. Rezone land which is currently Parks and Recreation reserve to General Industry as per the Proposed Rezoning Map above;
2. Introduce a Renewable Energy Facility land use to the General Industry and Rural zones; and
3. Aligning the 'warehouse/storage' land use with recent legislation changes and better regulating it in the General Industry zone by requiring development approval, except if it meets stringent conditions.

The aim of the proposal is to encourage the uptake and development of land within the Avon Industrial Park by making accommodation for a railway siding to access the Park, allow the additional use of Renewable Energy Facility including solar farms to occur on the land and regulate any unsightly storage which may deter potential investors.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1 Economic Growth

Outcome 1.1 The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objectives Ensure the Shire of Northam is a welcoming and easy place for quality investment to occur.

Theme Area 6 Governance & Leadership

Outcome 6.3 The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation

Objectives Undertake our regulatory roles in a safe, open, accountable and respectful manner

B.2 Financial / Resource Implications

Element WA as the applicant for this proposal is responsible for preparing any technical reports that may be required. Element WA have paid the relevant fee to the Shire of Northam which has been calculated to cover any associated costs including the advertising of the application.

B.3 Legislative Compliance

Planning and Development (Local Planning Schemes) Regulations 2015

Section 75 of the *Planning and Development Act 2005* (the Act) gives a local government the power to amend its local planning scheme. The procedure for preparing and adopting an amendment is provided for by the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations).

The amendment has been referred to the Environmental Protection Authority (EPA) in accordance with the provisions of section 81 of the Act and has been considered under section 48A of the *Environmental Protection Act 1986*. The EPA have determined that the proposal did not require assessment (refer to Attachment 3).

B.4 Policy Implications

There are no policy implications for the Shire in relation to the recommendations of this report.

B.5 Stakeholder Engagement / Consultation

The proposed scheme amendment has been advertised in accordance with the provisions of Regulation 47(3) and Regulation 76A the *Planning and Development (Local Planning Schemes) Regulations 2015* as a standard amendment.

The advertising period was extended beyond the required 42 days due to the Christmas/New-Year period from 3 December 2021 to 28 January 2022.

No submissions were received in response to the advertising.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Nil	Nil	Nil
Health & Safety	Nil	Nil	Nil
Reputation	Nil	Nil	Nil
Service Interruption	Nil	Nil	Nil
Compliance	Nil	Nil	Nil
Property	Nil	Nil	Nil
Environment	Removal of remnant vegetation and native revegetation	Unlikely (2) x Minor (2) = Low (4)	Require vegetation to be retained at subdivision and development approval stages.

B.7 Natural Environment Considerations

The proposal has been considered by the Environmental Protection Authority who has determined that it did not warrant formal assessment under Part IV of the EP Act.

The EPA expects that any future development considers the retention of remnant vegetation areas which represents Eucalypt woodlands of the

Western Australian Wheatbelt Threatened Ecological Community (TEC) and/or Black cockatoo foraging habitat.

C. OFFICER'S COMMENT

As part of the EPA process, additional information was requested to enable consideration of management and mitigation of the impacts on the following:

- Two stands of remnant native trees occur at the western and eastern ends of the amendment area and should be retained for their aesthetic value and local fauna habitat value in any future rezoning and development.
- Any clearing of trees from the revegetation area should be offset by planting in other sections of the Industrial Park.

Additional information was provided to the EPA as requested, which resulted in the following proposal being included in the scheme amendment, which will amend Part 4.28 Development in the General Industrial and Light and Service Industry zones of the Shire of Northam LPS6:

"Clause 4.28.5 In the General Industry zone; in order to conserve environmental values and amenity, native trees and revegetated areas shall be retained unless their removal is authorised by local government or is associated with approved works, vehicle access or required bushfire mitigation measures or the trees are dead, diseased or dangerous".

The addition of this new clause will provide better protection of remnant vegetation areas in the Avon Industrial Park.

The modification of the scheme amendment to include this clause is considered minor and therefore does not require re-advertising.

RECOMMENDATION

That Council, pursuant to section 75 of the Planning and Development Act 2005 and regulation 50. (3) (standard amendment) of the Planning and Development (Local Planning Schemes) Regulations 2015, resolves to:

- 1. Adopt, with modifications, the proposed Amendment No. 16 to the Shire of Northam Local Planning Scheme No.6, to:**
 - a. Rezone a portion of land in the north-western corner of the Avon Industrial Park from 'Parks and Recreation' to 'General Industry', being portion of Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370.**
 - b. Modify the scheme text by:**

- i. Inserting a new ‘Renewable Energy Facility’ land use definition in Schedule 1: Dictionary of Defined Words and Expressions, as follows:

‘renewable energy facility’ means premises used to generate energy from a renewable energy source and includes any building or other structure used in, or relating to, the generation of energy by a renewable resource. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.’

- ii. Inserting clause 4.28.5:

In the General Industry zone; in order to conserve environmental values and amenity, native trees and revegetated areas shall be retained unless their removal is authorised by local government or is associated with approved works, vehicle access or required bushfire mitigation measures or the trees are dead, diseased or dangerous.

- c. Amend Table 1: Zoning Table to include the new ‘Renewable Energy Facility’ land use, as a discretionary (‘A’) use, subject to advertising, within the ‘General Industry’ zone and the ‘Rural’ zone, and a prohibited (‘X’) use in all other zones, as shown below:

LAND USE	RESIDENTIAL	DEVELOPMENT	COMMERCIAL	MIXED USE	TOURIST	GENERAL INDUSTRY	LIGHT & SERVICE INDUSTRY	RURAL	RURAL RESIDENTIAL	RURAL SMALLHOLDING	ENVIRONMENTAL CONSERVATION
Renewable Energy Facility	X	*	X	X	X	A	X	A	X	X	X

** The land may only be used for the purposes associated with the zones delineated in the structure plan adopted in accordance with clause 22 of the Deemed Provisions.*

- d. Delete the ‘Storage’ and ‘Warehouse’ land use definitions in Schedule 1: Dictionary of Defined Words and Expressions, and replacing these with a new ‘Warehouse/Storage’ land use definition as follows:

‘warehouse/storage’ means premises including indoor or outdoor facilities used for:

- (a) *The storage of goods, equipment, plant or materials; or*
(b) *The display or the sale by wholesale of goods.*

- e. Amend Table 1: Zoning Table to include the new ‘Warehouse/Storage’ land use, as a permitted (‘P’) use in the ‘Light and Service Industry’ zone, a discretionary (‘D’) use within the ‘General Industry’ and ‘Mixed Use’ zones, a discretionary (‘A’) use,

subject to advertising, within the 'Rural' zone and the 'Rural' zone, and a prohibited ('X') use in all other zones, as shown below:

LAND USE	RESIDENTIAL	DEVELOPMENT	COMMERCIAL	MIXED USE	TOURIST	GENERAL INDUSTRY	LIGHT & SERVICE INDUSTRY	RURAL	RURAL RESIDENTIAL	RURAL SMALLHOLDING	ENVIRONMENTAL CONSERVATION
Warehouse/ storage	X	*	X	D	X	D	P	A	X	X	X

* The land may only be used for the purposes associated with the zones delineated in the structure plan adopted in accordance with clause 22 of the Deemed Provisions.

f. Inserting a new land use exemption in Schedule A – Supplemental Provisions to the Deemed provisions as follows:

Clause 61(2):

The use of land in the General Industry zone for 'warehouse/storage' including as an incidental use that –

- (i) If outdoor, is in a clearly defined area screened from public view by a building, bund, closed wall or fence no less than 1.8 metres in height, or by screen landscaping of a minimum of 10 metres in width approved by the local government;
- (ii) Is not located within the setbacks for the zone;
- (iii) Does not detract from the amenity of the area; and
- (iv) Provides sufficient access for loading and unloading vehicles, including an approved crossover.

2. Authorise the Shire President and Chief Executive Officer to execute the relevant scheme amendment documentation and affix the common seal of the Shire of Northam to the scheme amendment documentation.
3. Forward Amendment Document, Amendment Schedule, Council Report, Schedule of Submissions and Modification, and Submissions to the Western Australian Planning Commission with a request that the Hon. Minister for Planning grant approval to the amendment (with modifications) and its gazettal.

Note: The amendment is a standard amendment in accordance with part (a), (b), (e) and (f) of the standard amendment definition contained in Regulation 34 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Attachment 1 - Scheme Amendment No. 16 Document

element.

1. Introduction

This report has been prepared by element, on behalf of DevelopmentWA, to request the initiation of an amendment to the Shire of Northam Local Planning Scheme No. 6 (LPS6) to facilitate improved land use and development outcomes within the existing Avon Industrial Park (the AIP) in Grass Valley.

Specifically, this report requests that the Shire of Northam (the Shire) initiates an amendment to LPS6 to:

- Rezone a portion of land in the northwestern corner of the AIP from 'Parks and Recreation Reserve' to 'General Industry', to enable future industrial development, including potential solar power generation opportunities and/or the development of additional rail facilities to service the AIP;
- Amend the zoning table and associated land use definitions contained within LPS6, to include a new 'Renewable Energy Facility' land use, permissible with the 'General Industry' zone and the 'Rural' zone;
- Amend the zoning table and land use definitions contained within LPS6 to include a new 'Warehouse/Storage' land use, designated as a permitted (P) use in the 'Light and Service Industry' zone, a discretionary (D) land use within the 'General Industry' and 'Mixed Use' zones, a discretionary (A) use, subject to advertising, within the 'Rural' zone, and a prohibited (X) use in all other zones, to provide greater control over the establishment of such land uses within the 'General Industry' zone under LPS6; and
- Include a new land use exemption in Schedule A – Supplemental Provisions to the Deemed Provisions, to exempt 'Warehouse/Storage' land uses from the requirement to obtain development approval within the 'General Industry' zone, only where specific design and amenity based considerations are met.

The abovementioned amendments seek to enhance the functionality of the AIP and provide improved amenity and sustainability outcomes, consistent with DevelopmentWA's objectives for the area. A number of the amendments will also have benefits across the Shire area, updating key aspects of LPS6 to align with the Western Australian Planning Commission (WAPC) Model Scheme Template and the WAPC Position Statement on renewable energy facilities.

This report has been prepared to provide an overview of the subject site and the requested scheme amendment, as well as an assessment of the planning merits of the proposal. The report is also accompanied by a detailed environmental survey report prepared by PGV Environmental and a preliminary bushfire management plan prepared by Eco Logical Australia, copies of which are enclosed.

1.1 About Avon Industrial Park

The AIP is a partnership project between DevelopmentWA and the Avon Community Development Foundation, and is located within the Grass Valley area of the Shire. The AIP comprises a 473 hectare industrial park, providing 203 hectares of developable industrial land, complemented by extensive public open space reserves.

The AIP is situated next to major road and rail freight routes and has been specifically designed to meet the needs of businesses servicing the rural, resources and mineral processing industries in surrounding areas.

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

1.2 Pre-Lodgement Consultation

In formulating this local planning scheme amendment request, **element** has undertaken preliminary consultation with the Shire's planning officers and refined the scope of the requested amendment accordingly. This includes:

- The suggested inclusion of the 'Renewal Energy Facility' and 'Warehouse/Storage' land use definitions.
- Extending the discretionary ('D') use classification for 'Storage' land uses to all 'General Industry' zones under LPS6, and including the aforementioned supplementary provision that exempts such uses from the requirement to obtain development approval subject to specific design criteria being met.
- Pursuing a rezoning to 'General Industry' for the portion of land referenced above, to maximise flexibility in potential future land use and development outcomes, and
- Identifying remnant vegetation and environmental features that will be retained during the subsequent subdivision and development of the proposed rezoning area.

2. Subject Site

2.1 Subject Site Description

The AIP is located 18 kilometres east of the Northam townsite, within the Shire of Northam. The AIP is located to the south of Great Eastern Highway, abutting the east-west rail corridor that connects through to the Trans-Australian Railway.

Refer to Figure 1 – Location Plan

The AIP comprises a mix of land zoned 'General Industry' and reserved for 'Parks and Recreation' under LPS6.

Refer to Figure 2 – Extract of LPS6

The land zoned 'General Industry' has been cleared of remnant vegetation and a number of lots having been created and sold as part of the Stage 1 and Stage 2 land releases, with existing uses including machinery hire and sales, home and commercial builders, and agriculture and construction related manufacturing uses.

Areas of remnant vegetation have also been retained within the 'Parks and Recreation' reserves, particularly those to the south of the AIP, to assist in providing a landscaped transition between the AIP and surrounding rural land uses.

The land subject to the proposed rezoning request encompasses a 19.4 hectare area of land to the northwest of the AIP, comprising a portion of Lot 9002 on Deposited Plan 68686 and the entirety of Lot 17 on Deposited Plan 25370, as shown in Figure 3. The land is primarily vacant, with stands of remnant vegetation around the perimeter of the rezoning area. There is also an existing pipeline and various electricity transmission corridor easements through both Lot 9002 and Lot 17, as shown in Figure 3. These encumbrances will be duly considered as part of any subsequent development of the rezoning area.

Refer to Figure 3 – Aerial Plan

The Certificate of Title details for the rezoning area are summarised in Table 1, below. Copies of the Certificates of Title and associated survey documents are enclosed at Appendix A.

Table 1 – Certificate of Title Details – Rezoning Area

Lot	Plan	Volume	Folio	Total Area	Registered Proprietor
9002	68686	2839	798	159.5935ha	Western Australian Land Authority
17	25370	LR3136	254	3.7611ha	State of Western Australia

Refer to Figure 4 – Site Plan

Whilst the relevant portion of Lot 9002 is currently reserved for 'Parks and Recreation' under LPS6, the land has not yet been ceded to the Crown, or included within a Crown Reserve, and remains under the ownership of the Western Australian Land Authority (DevelopmentWA).

However, it is acknowledged that Lot 17 has been dedicated as a State-owned reserve (Reserve 48189) for the purpose of 'Public Recreation', with the Department of Planning, Lands and Heritage (DPLH) as the Responsible Agency and a Management Order to the Shire. However, DevelopmentWA has initiated discussion with DPLH regarding the acquisition of this land parcel for future industrial development.

Figure 3. Aerial Plan

element.

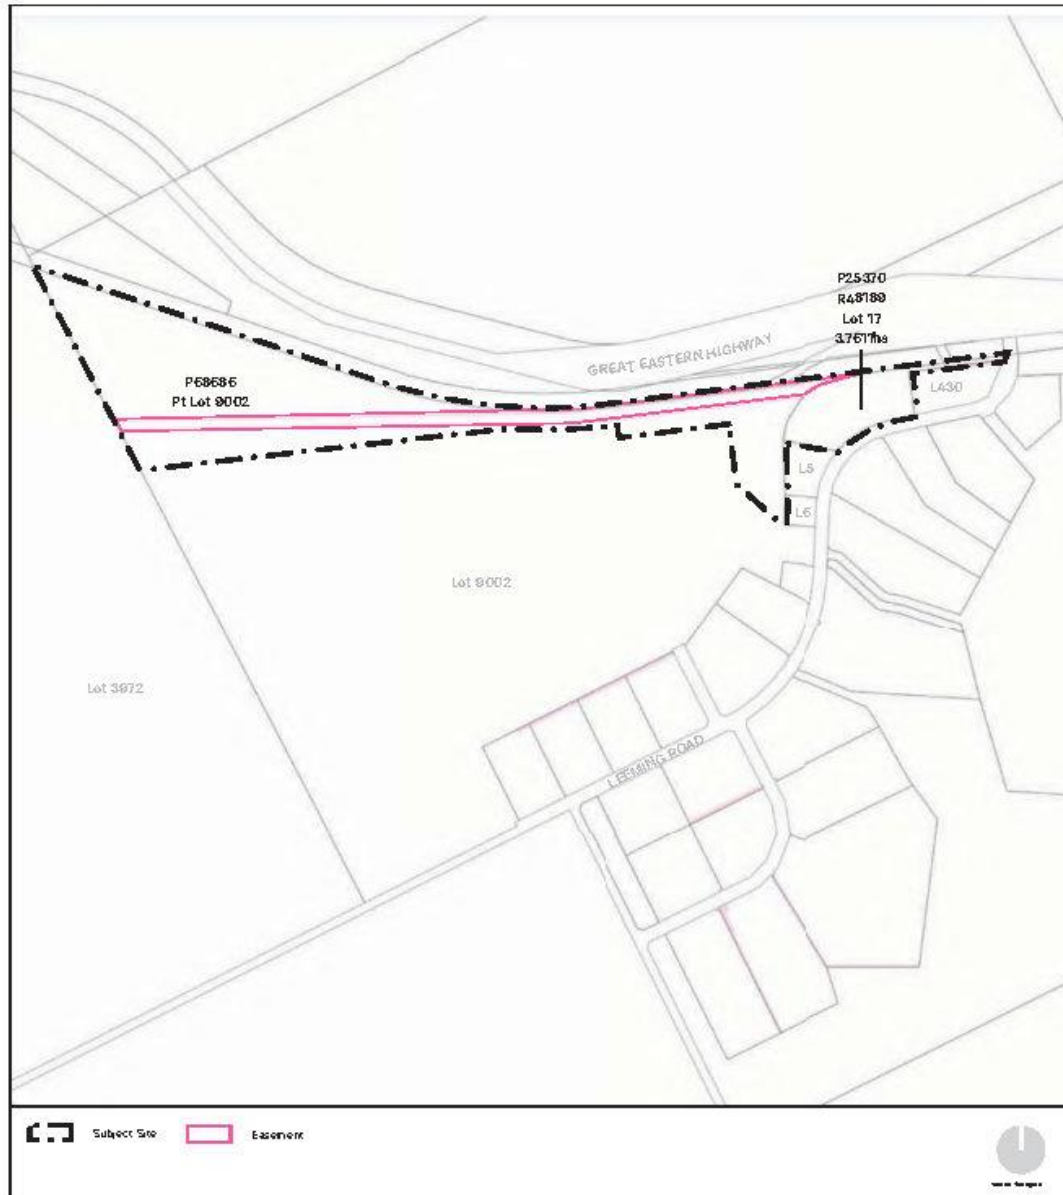

Figure 4. Site Plan

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

2.2 Environmental and Heritage Considerations

2.2.1 Bushfire Risk

A desktop search of the Department of Fire and Emergency Services (DFES) State Map of Bushfire Prone Areas indicates that portions of the proposed rezoning area are designated as bushfire prone, as shown in Figure 5. This is discussed in detail in the Planning Context section of this report, in relation to State Planning Policy 3.7 – Planning in Bushfire Prone Areas.

Refer to Figure 5 - Extract of DFES State Map of Bushfire Prone Areas.

2.2.2 Contaminated Sites

A desktop search of DWER's Contaminated Sites Database indicates that the AIP contains one registered contaminated site, which has been remediated for restricted for use. However, the registered contaminated site is located to the northeast of the AIP and is not located in close proximity to the area subject to the proposed rezoning request.

2.2.3 Heritage

A desktop search of the Australian Heritage Database, the DPLH's Aboriginal Heritage Inquiry System, the Heritage Council's State Register of Heritage Places and the City's Statutory Heritage List indicates that there are no listings of local, state, national or Aboriginal heritage significance within the AIP.

element.

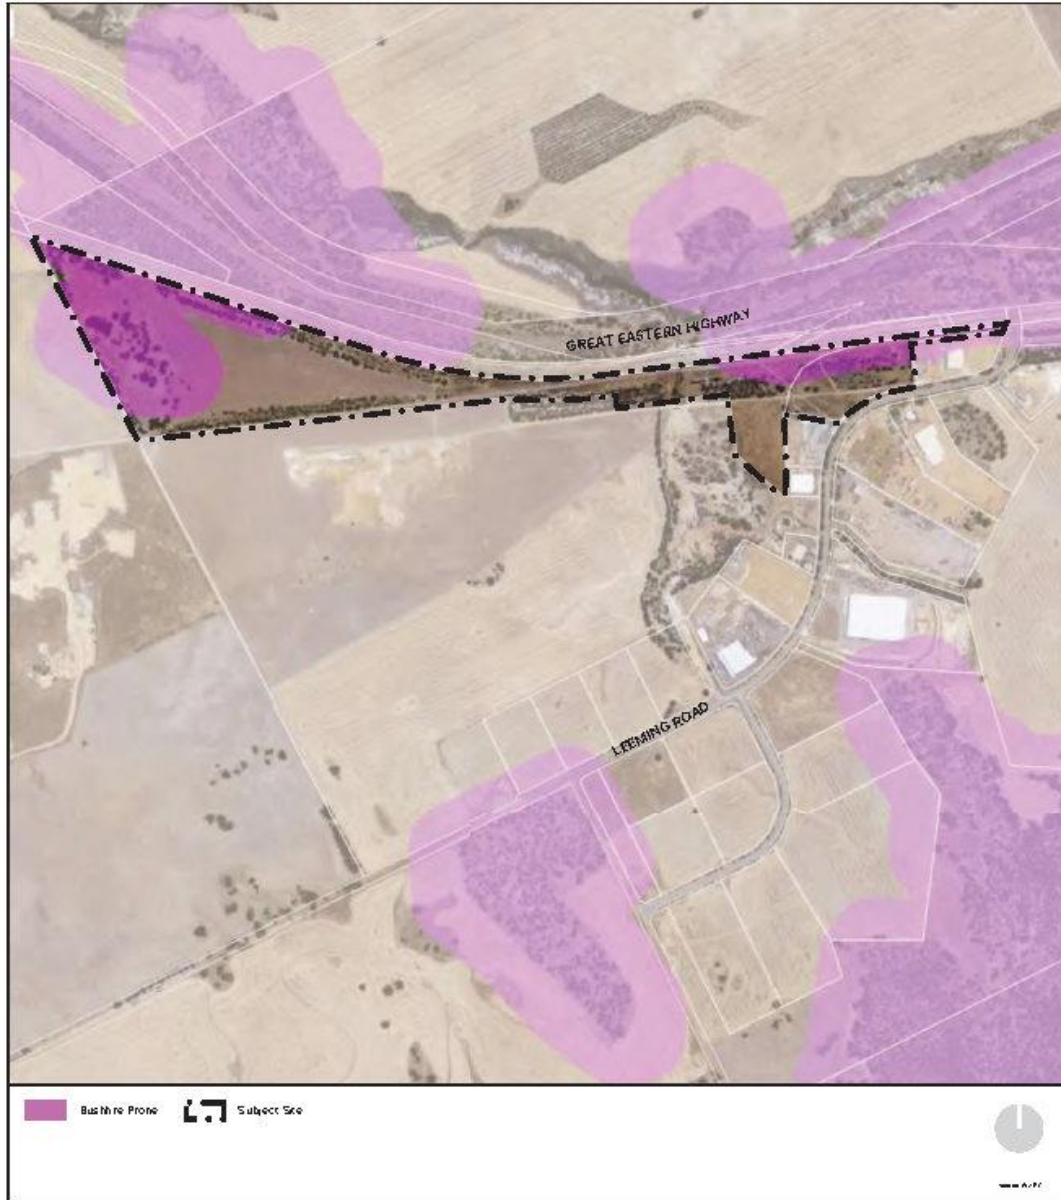

Figure 5. Extract of DFES State Map of Bushfire Prone Areas

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

3. Proposed Scheme Amendment

As noted previously, this local planning scheme amendment request seeks to facilitate improved land use and development outcomes within the AIP by:

1. Rezoning a portion of land in the northwestern corner of the AIP from 'Parks and Recreation Reserve' to 'General Industry', being a portion of Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370, as described in the preceding section of this report.
2. Including a new 'Renewable Energy Facility' land use definition in Schedule 1, Dictionary of Defined Words and Expressions, as follows.

"renewable energy facility" means premises used to generate energy from a renewable energy source and includes any building or other structure used in, or relating to, the generation of energy by a renewable resource. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.

3. Amending Table 1, Zoning Table to include the new 'Renewable Energy Facility' land use, as a discretionary (A) use, subject to advertising, within the 'General Industry' zone and the 'Rural' zone, and a prohibited (X) use in all other zones.
4. Deleting the existing 'Storage' and 'Warehouse' land use definitions in Schedule 1, Dictionary of Defined Words and Expressions, and replacing these with a new 'Warehouse/Storage' land use definition, as follows.

"warehouse/storage" means premises including indoor or outdoor facilities used for:

- (c) the storage of goods, equipment, plant or materials; or
- (d) the display or the sale by wholesale of goods.

5. Amending the zoning table contained within LPS6, to include the new 'Warehouse/Storage' land use, designated as a permitted (P) use in the 'Light and Service Industry' zone, a discretionary (D) land use within the 'General Industry' and 'Mixed Use' zones, a discretionary (A) use, subject to advertising, within the 'Rural' zone, and a prohibited (X) use in all other zones, to provide greater control over the establishment of such land uses within the 'General Industry' zone under LPS6.
6. Including a new land use exemption in Schedule A – Supplemental Provisions to the Deemed Provisions to exempt 'Warehouse/Storage' land uses from the requirement to obtain development approval within the 'General Industry' zone, only where specific design and amenity based considerations are met.

The purpose and intent of each of the aforementioned amendments is outlined below.

3.1 Rezoning Request

The proposed rezoning seeks to enhance future land use and development outcomes within the AIP, and contribute to the economic growth of the Shire. The proposed rezoning will enable DevelopmentWA to deliver a large, consolidated land parcel with direct access to the existing east-west rail corridor of the Trans-Australian Railway. This is one of the primary drivers behind the location and extent of the proposed rezoning area, which will enable a future proponent to develop a supplementary rail spur to service their operations at the AIP. This would enhance access to freight rail to support operations at the AIP, capitalising on the proximity of the AIP to the east-west rail corridor of the Trans-Australian Railway.

DevelopmentWA is already in negotiations with an interested party to develop the aforementioned rail spur, in conjunction with the majority of the rezoning area and the existing industrial zoned land to the south. An indicative concept plan for the potential rail spur is also enclosed as Appendix B.

3.2 Renewable Energy Facilities

The inclusion of the 'Renewable Energy Facility' land use definition as a discretionary (A) land use within the 'General Industry' zone is intended to support the potential establishment of a solar farm to service the AIP.

Whilst renewable energy facilities could be considered under the existing Power Generation land use definition contained within LPS6, it is considered desirable to establish a separate use class for renewable energy facilities, which will enable the Shire to appropriately distinguish proposals that have the potential to support the sustainable development objectives of LPS6.

The proposed amendment will also bring LPS6 in line with the Western Australian Planning Commission (WAPC) Position Statement on Renewable Energy Facilities, as discussed in detail in the Planning Context section of this report. This includes adopting the recommended definition contained within the WAPC Position Statement and designating 'Renewable Energy Facility' as an 'A' use within the 'General Industry' zone that will trigger the advertising procedures set out under Clause 64 of the Deemed Provisions contained within the *Planning and Development (Local Planning Schemes) Regulations 2015*.

It is also proposed to designate 'Renewable Energy Facility' as a discretionary (A) use within the 'Rural' zone under LPS6, to further support the development of renewable energy facilities throughout the Shire.

3.3 Warehouse/Storage Land Use Modifications

In seeking to amend the definitions and use class permissibility of 'Warehouse/Storage' land uses, the proposed scheme amendment seeks to:

- Simplify the existing land use definitions under LPS6, aligning the 'Warehouse/Storage' land use definition with the WAPC's Model Scheme Template, and
- Provide a greater level of control over the establishment of such uses within the 'General Industry' zone, by ensuring that development approval is required for the establishment of storage land uses, as a result of the proposed discretionary (D) use designation, except where such uses meet the specified design requirements under the proposed new supplemental land use exemption provision.

The provision of increased development control over storage land uses is considered desirable due to the potential for land uses of this nature, particularly outdoor storage land uses, to detract from the visual amenity of the AIP and other industrial areas within the Shire. By requiring development approval for such uses where they do not meet the specified design requirements under the new supplemental land use exemption provision, the Shire will be able to exercise greater control over where and how such uses are established, including the provision of appropriate screening to preserve visual amenity, as per the existing provisions under Clause 4.8 of LPS6.

4. Planning Context

4.1 State Planning Context

4.1.1 State Planning Strategy

The State Planning Strategy 2050 is the State's primary strategic planning document and provides the strategic context for planning and development decisions throughout the State.

Amongst a number of identified priorities, the Strategy seeks to promote a globally competitive economy, with strong and resilient regional areas. This includes a focus on:

- Promoting more economic diversity in regional areas, including industrial land uses.
- Securing reliable, competitive and clean energy that meets the State's growing demand, and
- Promoting the development of Western Australia as a leader in clean and renewable energy.

The proposed local planning scheme amendment is consistent with the above objectives and will encourage the delivery of high quality industrial development within the AIP, with opportunities for renewable energy generation and improved freight facilities.

4.1.2 Wheatbelt Regional Planning and Infrastructure Framework

The Wheatbelt Regional Planning and Infrastructure Framework was prepared by the WAPC in 2015, and applies to 42 local government areas situated to the north and east of the Perth and Peel Metropolitan Region, including the Shire of Northam. The Framework provides an overview of regional planning issues, and a basis for ongoing planning and development of the Wheatbelt area.

The Framework identifies the Wheatbelt area as having great potential for innovation, including opportunities for:

- Attracting new industries due to the region's proximity to Perth, and access to industrial land and transport, and
- Supporting alternative forms of energy generation, in recognition of the conducive conditions for wind, solar and geothermal energy production.

The proposed Scheme Amendment is consistent with the above objectives and will encourage the delivery of high quality industrial development within the AIP, supported by potential renewable energy generation facilities.

4.1.3 State Planning Policy 3.7 – Planning in Bushfire Prone Areas

As noted previously in this report, portions of the proposed rezoning area are identified as bushfire prone under the DFES State Map of Bushfire Prone Areas, as shown in Figure 5. As such this application is accompanied by a preliminary bushfire management plan (BMP) prepared by Eco Logical Australia (ELA) and addressing the requirements under State Planning Policy 3.7 – Planning in Bushfire Prone Areas (SPP3.7) and the associated WAPC Guidelines for Planning in Bushfire Prone Areas (the Guidelines).

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

The BMP includes a Bushfire Hazard Level (BHL) assessment in both the pre and post-development scenarios to identify and classify the bushfire risk to the subject site. This assessment concludes that

- *For the purposes of strategic level planning, ELA does not consider the current on-site vegetation extent to be a bushfire hazard issue post-development, since these hazards can be managed through a staged clearing process, adequate separation of future built assets from classified vegetation (both external and internal [e.g. retained vegetation] to the subject site), and ongoing fuel management that can be undertaken in and around individual development stages.*
- *On the basis of the above information, ELA considers that the bushfire hazards within and adjacent to the subject site and the associated bushfire risk is readily manageable through standard management responses and compliance with acceptable solutions outlined in the Guidelines. These management measures will need to be factored into the development design as early as possible to ensure a suitable, compliant and effective bushfire management outcome is achieved to ensure protection of future life and property assets.*

The BMP also contains a preliminary assessment against the bushfire protection criteria contained with the Guidelines, which concludes that full compliance can be achieved, subject to appropriate detailed design at the future subdivision and development stages. This will include the preparation of updated BMPs to support subsequent planning applications, including more detail Bushfire Attack Level (BAL) assessments, as required under SPP3.7.

For the reasons outlined above, the bushfire risk to future habitable buildings within the proposed rezoning area is considered to be manageable and the proposal is observed to be consistent with the guidance provided by SPP3.7 in relation to strategic level planning proposals.

For further details, please refer to the accompanying BMP at Appendix C.

4.1.4 Draft State Planning Policy 4.1 – Industrial Interface

Draft State Planning Policy 4.1 – Industrial Interface (SPP4.1) seeks to minimise land use conflicts associated with industrial zoned land and protect industry from encroachment of incompatible land uses.

In relation to the proposed rezoning, it is noted that the AIP is surrounded by broad-acre agricultural land uses that are zoned 'Rural' under LPS6. Accordingly, the area of the proposed rezoning does not abut any 'sensitive land uses' or 'sensitive zones' as defined under draft SPP4.1, and therefore there are no anticipated interface issues or land use conflicts associated with the proposed rezoning.

4.1.5 Position Statement: Renewable Energy Facilities

The WAPC's Position Statement on renewable energy facilities seeks to support the consistent consideration and provision of renewable energy facilities within Western Australia. The Position Statement recognises the significant benefits renewable energy facilities offer in reducing carbon emission and supporting economic growth and seeks to:

- *guide the establishment of renewable energy facilities to support the State Energy Transformation Strategy (March 2019).*
- *outline key planning and environmental considerations for the location, siting and design of renewable energy facilities.*
- *promote the consistent consideration and assessment of renewable energy facilities.*
- *facilitate appropriate development of renewable energy facilities while minimising any potential impact upon the environment, natural landscape, and urban areas.*
- *encourage informed public engagement early in the renewable energy facility planning process.*

As recommended by the Shire, the proposed 'Renewable Energy Facility' definition to be included within Schedule 1 of LPS6 is taken directly from the definition contained within the Position Statement. 'Renewable Energy Facility' is also proposed to be designated as an 'A' use within the 'Rural' and 'General Industry' zones, to ensure that public advertising is required as part of any application for new renewable energy facilities, as recommended under the Position Statement.

element.

The requirements under Section 53 of the Position Statement would also be duly considered as part of any subsequent development proposal for the establishment of a 'Renewable Energy Facility' land use with the zones identified above, to ensure compatibility with surrounding land uses, noting the proposed discretionary land use permissibility, which will necessitate development approval for the establishment of such uses.

In accordance with the above, the proposed local planning scheme amendment is consistent with the WAPC Position Statement in terms of supporting the desire to promote and appropriately control the establishment of renewable energy facilities throughout the State.

4.2 Local Planning Context

4.2.1 Shire of Northam Local Planning Strategy

The Shire's Local Planning Strategy (LST) sets out the long term planning direction for land use and development in the Shire, and informed the preparation of the Shire's LPS6.

Consistent with the State Planning Strategy and the Wheatbelt Regional Planning and Infrastructure Framework, the LST recognise the importance of economic diversification in the region, and the role of industrial development in the economic development of the Shire. This includes specific recognition of the role of the AIP in attracting and accommodating a wide range of manufacturing, processing and distribution industries, to enhance the economic sustainability of the region and complement other existing light industrial activities within the Shire.

In addition, the LST seeks to encourage and support the development of renewable energy facilities in the Shire, which are identified as having potential for significant environmental benefits.

The proposed Scheme Amendment is therefore observed to be consistent with the broad intent of the LST, on the basis that it will provide for improved amenity and sustainability outcomes to support the ongoing delivery of the AIP.

Whilst the area subject to the proposed rezoning is identified as a 'Conservation' area under the LST, the accompanying environmental report prepared by PGV Environmental identifies that the proposed rezoning area contains only small sections of environmentally significant vegetation, which will be retained as part of any future subdivision and development of the proposed rezoning area. As such, the accompanying environmental report indicates that the proposed rezoning area has limited environmental value and that development in accordance with the recommendations of the environmental report will result in an environmentally acceptable outcome. This is discussed in further detail in the following section of this report.

4.2.2 Shire of Northam Local Planning Scheme No. 6

The Shire's LPS6 is the primary statutory control governing land use and development outcomes throughout the Shire. The specified aims of LPS6 include a desire to ensure there is a sufficient supply of suitably serviced land for employment and commercial activities within the Shire, which is fundamentally the aim of this proposed scheme amendment request as it relates to the AIP.

The proposed scheme amendment as a whole seeks to enhance the functionality and attractiveness of the AIP as a business destination. In particular, the requested rezoning will provide for improved freight transport and development outcomes within the AIP, consistent with the objectives for the 'General Industry' zone under LPS6, which are as follows (underline emphasis added).

- Provide land for industrial, manufacturing, freight-related and storage activities, which by reason of its emissions and bulk require adequate separation from residential and other sensitive land uses.
- Encourage and facilitate employment-generating development which will contribute to the economic and social well-being of the Shire.
- Discourage non-industry related uses within industrial areas that may constrain industrial activities.
- Encourage new industry to contain its emissions on-site and, if that is not possible, within the zone having due regard to nearby established premises.

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

In addition, the proposed introduction of a new 'Renewable Energy Facility' land use definition will align with the WAPC's aforementioned Position Statement on renewable energy facilities and support the sustainable development objectives of LPS6. It is proposed to designate 'Renewable Energy Facility' land uses as an 'A' use within the General Industry Zone and the Rural Zone, meaning that it is a discretionary use subject to the advertising procedures set out under Clause 64 of the Deemed Provisions contained within the *Planning and Development (Local Planning Schemes) Regulations 2015*. This is consistent with the WAPC position statement and it is noted that 'Renewable Energy Facility' will be a prohibited ('X') use in all other zones, consistent with the land use permissibility for the existing 'Power Generation' land use under LPS6.

Whilst renewable energy facilities could be considered under the existing Power Generation land use definition, it is considered desirable to establish a separate use class for renewable energy facilities. This will enable the Shire to appropriately distinguish proposals that have the potential to support the sustainable development objectives of LPS6, and aligns with the aforementioned WAPC position statement.

The requested amendments to the definitions and permissibility of 'Warehouse/Storage' land uses within the 'General Industry' zone will also provide the Shire with a greater level of control over the establishment of such land uses, which have the potential to adversely impact the visual amenity of coordinated industrial land estates. As a permitted ('P') use, there is currently potential for warehouse and storage land uses to operate without the requirement to obtain development approval, by virtue of the development approval exemptions under the Deemed Provisions contained within the *Planning and Development (Local Planning Schemes) Regulations 2015*. Amending the zoning table of LPS6 to make warehouse and storage land uses a discretionary ('D') use in the 'General Industry' zone will address this issue and ensure that development approval is required for the establishment of land uses of this nature. This will assist in the effective implementation of Clause 4.8 of LPS6 which relates specifically to screening requirements for storage land uses within the 'General Industry' zone, and the general amenity considerations under Clause 4.31.

Notwithstanding the above, the Shire has requested that a supplementary land use exemption provision also be included to exempt 'Warehouse/Storage' land uses from the requirement to obtain development approval in the 'General Industry' zone, where such uses:

- if outdoors, are in a clearly defined area screened from public view by a building, bund, closed wall or fence no less than 1.8 metres in height, or by screen landscaping of a minimum of 10 metres in width approved by the local government.
- are not located within the setbacks for the zone.
- do not detract from the amenity of the area, and
- provide sufficient access for loading and unloading vehicles, including an approved crossover.

This will reduce administrative burden on the Shire where the abovementioned conditions are met, which are based on the existing requirements under Clause 4.8 of LPS6.

It is also noted that the proposed 'Warehouse/Storage' land use definition will simplify the existing land use definitions under LPS6 and aligns with the definition provided in the Model Scheme Template published by the WAPC.

In accordance with the above, the proposed amendments to LPS6 are considered appropriate, and consistent with the orderly and proper planning objectives that underpin LPS6.

element.

4.2.3 Shire of Northam Local Planning Policy 17 - Avon Industrial Park Guidelines

The Avon Industrial Park Guidelines (the Guidelines) operate as an adopted local planning policy under LPS6 and provide a number of built form and design controls relating to new development within the AIP.

The primary objectives of the Guidelines are to:

- *Achieve an attractive and unified development with an emphasis on quality landscaping and well-designed buildings;*
- *Achieve a degree of consistency and compatibility in the built form and landscaping, whilst allowing for individuality and a well presented corporate or market image; and*
- *Avoid unsightly and poorly planned development and enhance and protect the investment of all owners within the estate.*

The proposed scheme amendment will support the above objectives, by providing the Shire with greater control over the establishment of warehouse and storage land uses within the AIP, which have the potential to adversely impact the visual amenity of the area.

The Guidelines will also continue to apply to new development within the AIP, with no change in the status of the Guidelines as a result of the proposed Scheme Amendment. This will ensure that appropriate built form controls are in place for any subsequent development in the portion of the AIP that is subject to the proposed rezoning request. This includes appropriate controls in relation to setbacks, building height, building orientation and shading, car parking and vehicle access, built form, fencing and signage.

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

5. Environmental Assessment

As noted previously, this application is supported by an Environmental Assessment prepared by PGV Environmental which considers the area of the proposed rezoning from 'Parks and Recreation Reserve' to 'General Industry'.

The Environmental Assessment identifies that areas of 'Parks and Recreation' reserve within the AIP were originally intended to:

- Protect areas of remnant vegetation.
- Act as a buffer to contain emissions (noise, dust, sulphur dioxide) on-site.
- Enhance visual amenity, and
- Support drainage functions.

However, in its assessment of the original scheme amendment proposal for the establishment of the AIP in 1992, the Environmental Protection Authority (EPA) noted that it may be necessary or desirable to make minor and non-substantial changes to the design of the AIP from that which was assessed by the EPA, and that subsequent statutory approvals could make provision for such changes "where it can be shown that the changes are not likely to have a significant effect on the environment".

In accordance with the above, there have been previous reductions in the total amount of 'Parks and Recreation' reserve across the AIP, which were determined by the EPA to not have a significant environmental impact and a full assessment of the amendments was not required. Whilst the EPA did require flora and fauna surveys focussing on Carnaby's Black Cockatoo habitat in particular parts of the AIP, those surveys undertaken by Golders in 2007 were for five parcels of land in the southern portion of the AIP and did not include the portion of the AIP that is subject to this current rezoning request. As such, PGV Environmental undertook a site assessment of the proposed areas for rezoning on 12 September 2020, and determined as follows:

- *Two stands of remnant native trees occur at the western and eastern ends of the Amendment Area and should be retained for their aesthetic value and local fauna habitat value in any future rezoning and development;*
- *The area contains wide rows of native trees (mainly York Gum and Wandoo) that were planted in the late 1990s in the Parks and Recreation buffer zone of the AIP;*
- *The revegetation areas were mostly likely planted to augment the native vegetation in the area rather than to provide a visual screen of future development from the Great Eastern Highway or landowners to the north;*
- *Most of the proposed Amendment Area is not visible from Great Eastern Highway;*
- *Any clearing of trees from the revegetation area should be offset by planting in other sections of the Industrial Park;*
- *A portion of the Amendment Area contains a narrow drainage channel that takes surface water from a dam and catchment further south within the Industrial Area and beyond. The hydrological function of the drainage channel will need to be retained in any future development of the Amendment Area;*
- *Rezoning from PSR to Industrial will require a referral to the EPA, under Section 48A of the Environmental Protection Act 1986. The EPA's report on the establishment of the Industrial Park contemplated future changes to the design of the park and indicated the changes might be found to be acceptable provide the changes are not likely to have a significant impact on the environment. Development in accordance with the recommendations of this report should result in an environmentally acceptable outcome.*

In accordance with the above, the proposed local planning scheme amendment is considered appropriate from an environmental perspective, with the retention of significant vegetation and existing hydrological functions to be managed through subsequent subdivision and development application processes.

For further details, please refer to the accompanying Environmental Assessment at Appendix D.

Avon Industrial Park Request to Amend the Shire of Northam Local Planning Scheme No. 6

6. Conclusion

This report has been prepared by element, on behalf of DevelopmentWA, to request that the Shire initiates an amendment to LPS6 to facilitate improved land use and development outcomes within the Avon Industrial Park by:

- Rezoning a portion of land in the northwestern corner of the AIP from 'Parks and Recreation Reserve' to 'General Industry', to enable future industrial development, including potential solar power generation opportunities and/or additional freight rail facilities to service the AIP.
- Amending the zoning table and associated land use definitions contained within LPS6, to include a new 'Renewable Energy Facility' land use, permissible with the 'Rural' and 'General Industry' zones; and
- Amending the permissibility of 'Storage' land uses within the 'General Industry' zone, from the current permitted ('P') use designation to a discretionary ('D') use, to provide greater control over the establishment of such land uses.

This report has demonstrated that the proposed local planning scheme amendment is consistent with the principles of orderly and proper planning, and will make a positive contribution to the ongoing development of the AIP in the areas of visual amenity, sustainability, logistics and productivity. In particular, it is noted that:

- The proposed local planning scheme amendment is consistent with the broad strategic planning direction established under the State Planning Strategy, the Wheatbelt Regional Planning and Infrastructure Framework, and the Shire's Local Planning Strategy.
- The inclusion of the 'Renewable Energy Facility' land use will support the sustainability objectives outlined in the Shire's Local Planning Strategy and will align LPS6 with the WAPC's Position Statement on renewable energy facilities.
- The amendments to the permissibility of 'Storage' land uses will provide the Shire with a greater level of control over the establishment of such land uses, resulting in improved visual amenity outcomes within the 'General Industry' zone.
- The proposed rezoning will support the Shire's stated desire to promote the continued development of the AIP, to enhance the economic sustainability and economic diversity of the region, and
- The subsequent subdivision and development of the rezoning area will be managed in accordance with the recommendations of the accompanying environmental report prepared by PGV Environmental, to ensure an environmentally acceptable outcome.

In accordance with the above, it is respectfully requested that the Shire initiates the proposed Scheme Amendment at its earliest convenience.

1. Introduction

1.1 Proposal details

Eco Logical Australia (ELA) was commissioned by Development WA to prepare a Bushfire Management Plan (BMP) to support a Scheme Amendment being lodged over a portion of Lot 9002 and Lot 17, Avon Industrial Area, Northam (hereafter referred to as the subject site; Figure 1; Figure 2). The subject site is currently zoned as 'Parks and Recreation' and is proposed to be zoned as 'General Industrial'.

Large portions of the subject site are within a designated bushfire prone area as per the *Western Australia State Map of Bush Fire Prone Areas* (DFES 2019; Figure 3), which triggers bushfire planning requirements under *State Planning Policy 3.7 Planning in Bushfire Prone Areas* (SPP 3.7; WAPC 2015) and reporting to accompany submission of the Structure Plan in accordance with the associated *Guidelines for Planning in Bushfire Prone Areas v 1.3* (the Guidelines; WAPC 2017).

The subject site is currently used for parks and recreation and some agricultural purposes, such as grazing, and is bound by:

- Rail and road reserve, with remnant vegetation to the north;
- Development WA owned land and private industrial development to the south;
- Private industrial development to the east; and
- Private agriculture to the west.

This assessment has been prepared by ELA Senior Bushfire Consultant James Leonard with quality assurance undertaken by ELA Principal Bushfire Consultant, Daniel Panickar (FPAA BPAD Level 3 Certified Practitioner No. BPAD37802-L3).

1.2 Purpose and application of the plan

The primary purpose of this BMP is to act as a technical supporting document to inform planning assessment. This BMP is also designed to provide guidance on how to plan for and manage the bushfire risk to the subject site through implementation of a range of bushfire management measures in accordance with the Guidelines.

1.3 Environmental considerations

Some bushfire prone areas also have high biodiversity values. SPP 3.7 policy objective 5.4 recognises the need to consider bushfire risk management measures alongside environmental, biodiversity and conservation values.

An Environmental Assessment has been undertaken by PGV Environmental (PGV Environmental 2020) across the proposed areas for rezoning (i.e. the subject site). The assessment report determined:

- Two stands of remnant native trees occur at the western and eastern ends of the Amendment Area and should be retained for their aesthetic value and local fauna habitat value in any future rezoning and development;
- The area contains wide rows of native trees (mainly York Gum and Wandoo) that were planted in the late 1990s in the Parks and Recreation buffer zone of the AIP;

- The planted rows of trees were most likely planted to augment the native vegetation in the area rather than to provide a visual screen of future development from the Great Eastern Highway or landowners to the north;
- A portion of the subject site contains a narrow drainage channel that takes surface water from a dam and catchment further south within the Industrial Area and beyond. The hydrological function of the drainage channel will need to be retained in any future development of the subject site; and
- Any clearing of trees from the planted rows should be offset by planting in other sections of the Industrial Park.

Rezoning from Parks and Recreation to Industrial will require a referral to the EPA under Section 48A of the *Environmental Protection Act 1986*. The EPA's report on the establishment of the Industrial Park contemplated future changes to the design of the park and indicated the changes might be found to be acceptable provided the changes are not likely to have a significant impact on the environment. Development in accordance with the recommendations of the PGV site assessment report should result in an environmentally acceptable outcome.

2. Bushfire assessment results

2.1 Bushfire assessment inputs

The following section is a consideration of spatial bushfire risk and has been used to inform the bushfire assessment in this report.

2.1.1 Vegetation classification and slope under vegetation

Vegetation within the subject site and surrounding 150 m (the assessment area) was assessed in accordance with the Guidelines and AS 3959: 2018 *Construction of Buildings in Bushfire Prone Areas* (SA 2018) with regard given to the *Visual guide for bushfire risk assessment in Western Australia* (DoP 2016). The site assessment was undertaken on 31 March 2021.

The following vegetation classes and exclusions were identified within the assessment area as depicted in Table 1 and Figure 4, below:

Table 1: Classified vegetation and slope as per AS 3959: 2018

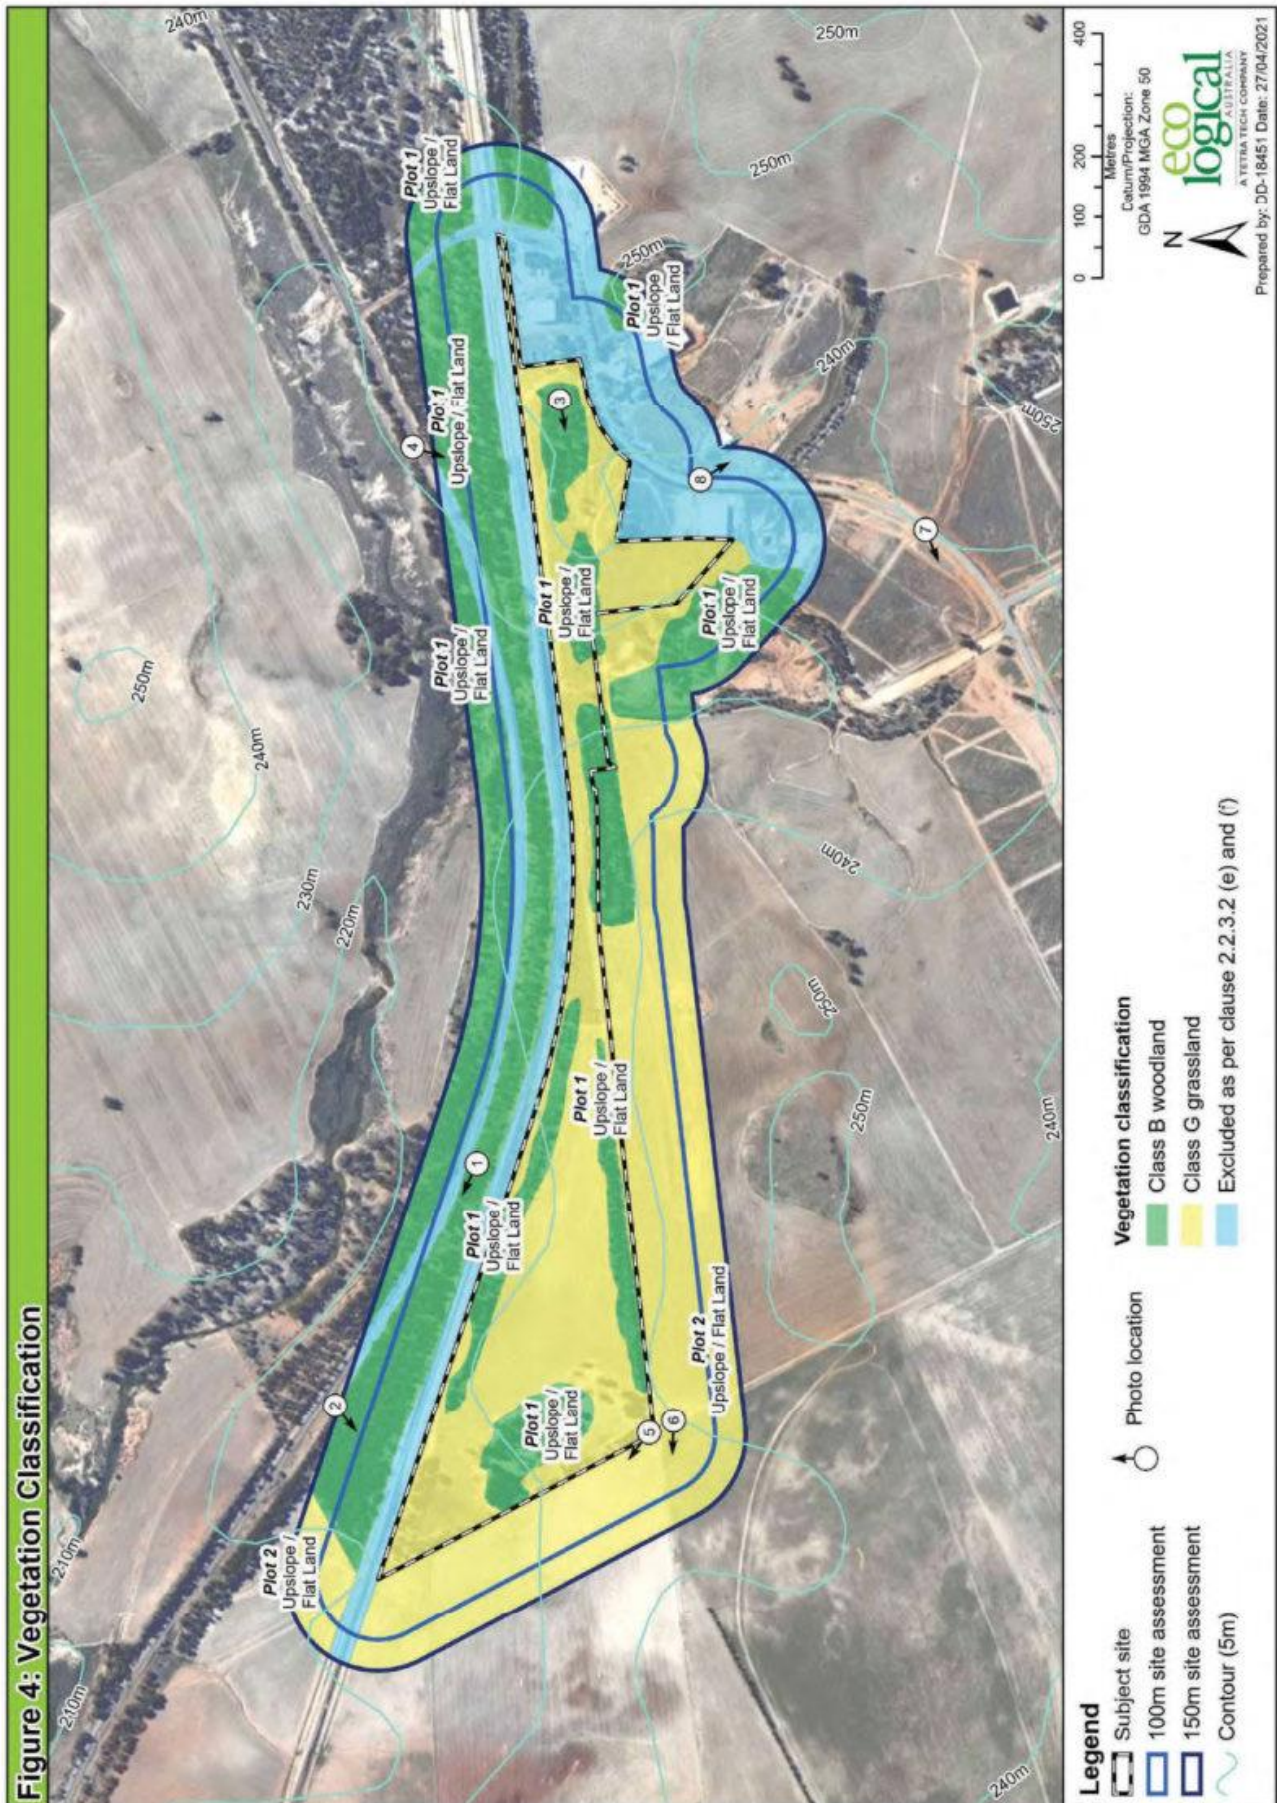

Plot	Vegetation classification	Effective Slope
1	Class B woodland	Upslope/ flat land
2	Class G grassland	Upslope/flat land
3	Excluded as per clause 2.2.3.2 (e) and (f)	N/A

Photographs and justification relating to each vegetation type and plot are included in Appendix A.

2.1.2 Post-development bushfire assessment

A 'post-development' assessment of vegetation and slope was undertaken based on the proposed development concept in Figure 2.

The results of this post-development assessment are discussed in Section 2.2.

2.2 Assessment outputs

A Bushfire Hazard Level (BHL) assessment has been undertaken in accordance with SPP 3.7, the Guidelines and the bushfire assessment inputs in Section 2.1.

2.2.1 BHL assessment

All land located within 100 m of the classified vegetation depicted in Figure 4 is considered bushfire prone and is subject to a BHL assessment in accordance with the Guidelines.

Pre-development BHLs have been assessed for the subject site in accordance with the methodology contained within the Guidelines and incorporates the following factors:

- Vegetation class; and
- Slope under classified vegetation.

Table 2 contains a summary of the BHL assessment for each vegetation plot depicted in Figure 4. All land within 100 m of Extreme and Moderate BHLs has also been mapped as a Moderate hazard as per the Guidelines, and the final result is depicted in Figure 5.

Descriptions of each vegetation classification are with each of the plates in Appendix A.

Table 2: Bushfire Hazard Level assessment

Plot	Vegetation classification	Effective Slope	Bushfire Hazard Level
1	Class B woodland	Upslope/ flat land	Extreme
2	Class G grassland	Upslope/ flat land	Moderate
3	Excluded as per clause 2.2.3.2 (e) and (f)	N/A	Low

2.3 Identification of issues arising from the BHL assessment

Clearing will be undertaken within the subject site for development purposes, and consequently the pre-development BHLs are subject to change. A post-development BHL assessment is provided in Figure 6 based on expected management and clearing of vegetation within the subject site.

The on-site vegetation extent is proposed to be cleared to enable development of a significant Industrial built footprint amongst landscaped areas and various easements. Therefore, for the purposes of strategic level planning, ELA does not consider the current on-site vegetation extent to be a bushfire hazard issue post-development, since these hazards can be managed through a staged clearing process, adequate separation of future built assets from classified vegetation (both external and internal [e.g. retained vegetation] to the subject site), and ongoing fuel management that can be undertaken in and around individual development stages.

On the basis of the above information, ELA considers that the bushfire hazards within and adjacent to the subject site and the associated bushfire risk is readily manageable through standard management responses and compliance with acceptable solutions outlined in the Guidelines. These management measures will need to be factored into the development design as early as possible to ensure a suitable, compliant and effective bushfire management outcome is achieved to ensure protection of future life and property assets.

Demonstration of compliance with the relevant requirements of SPP 3.7, the Guidelines and AS 3959: 2018 at future planning stages will also depend on the developer's ability to coordinate the timing and staging of clearing and development works within the subject site with the aim of avoiding bushfire impacts from temporary, retained vegetation.

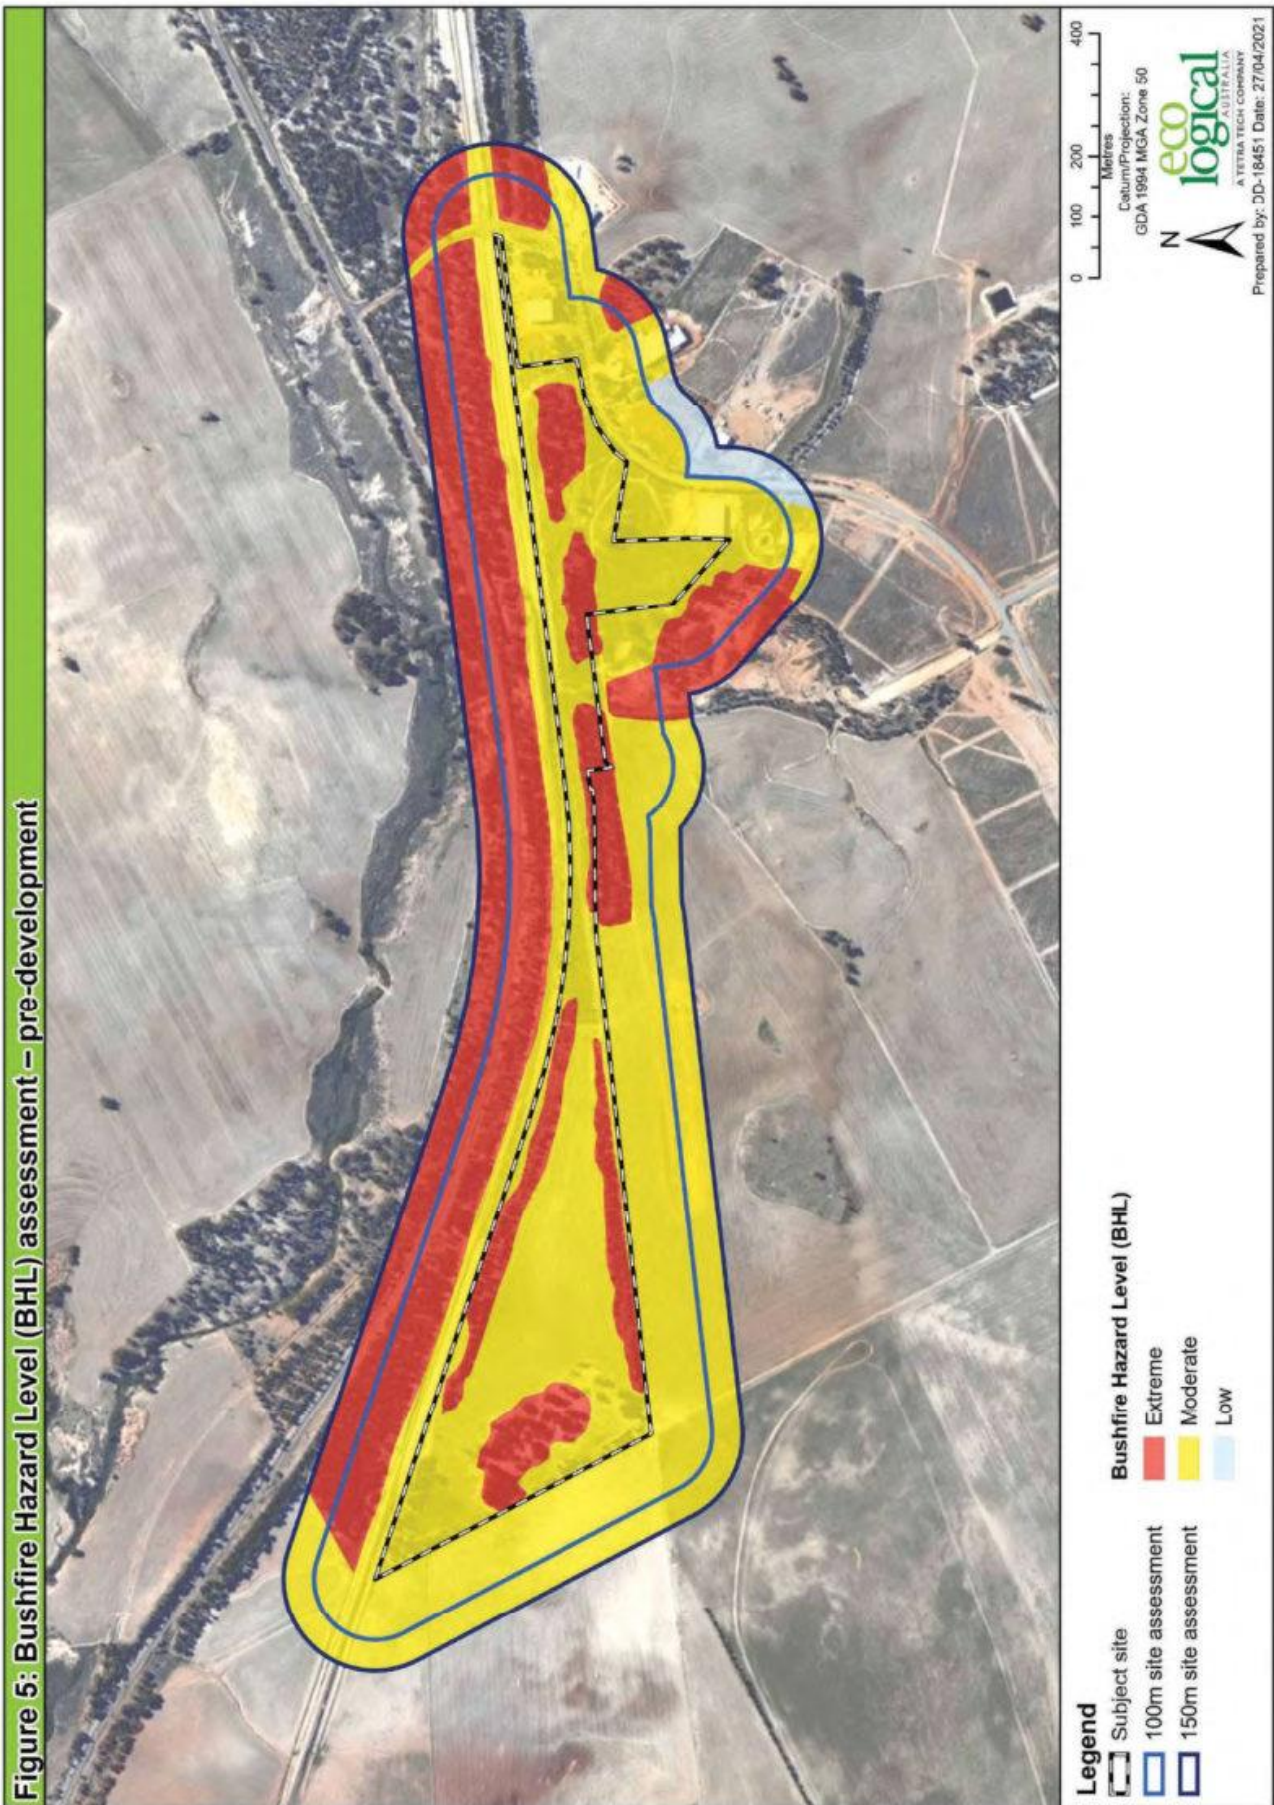

2.9.1 Bushfire risk and future setbacks

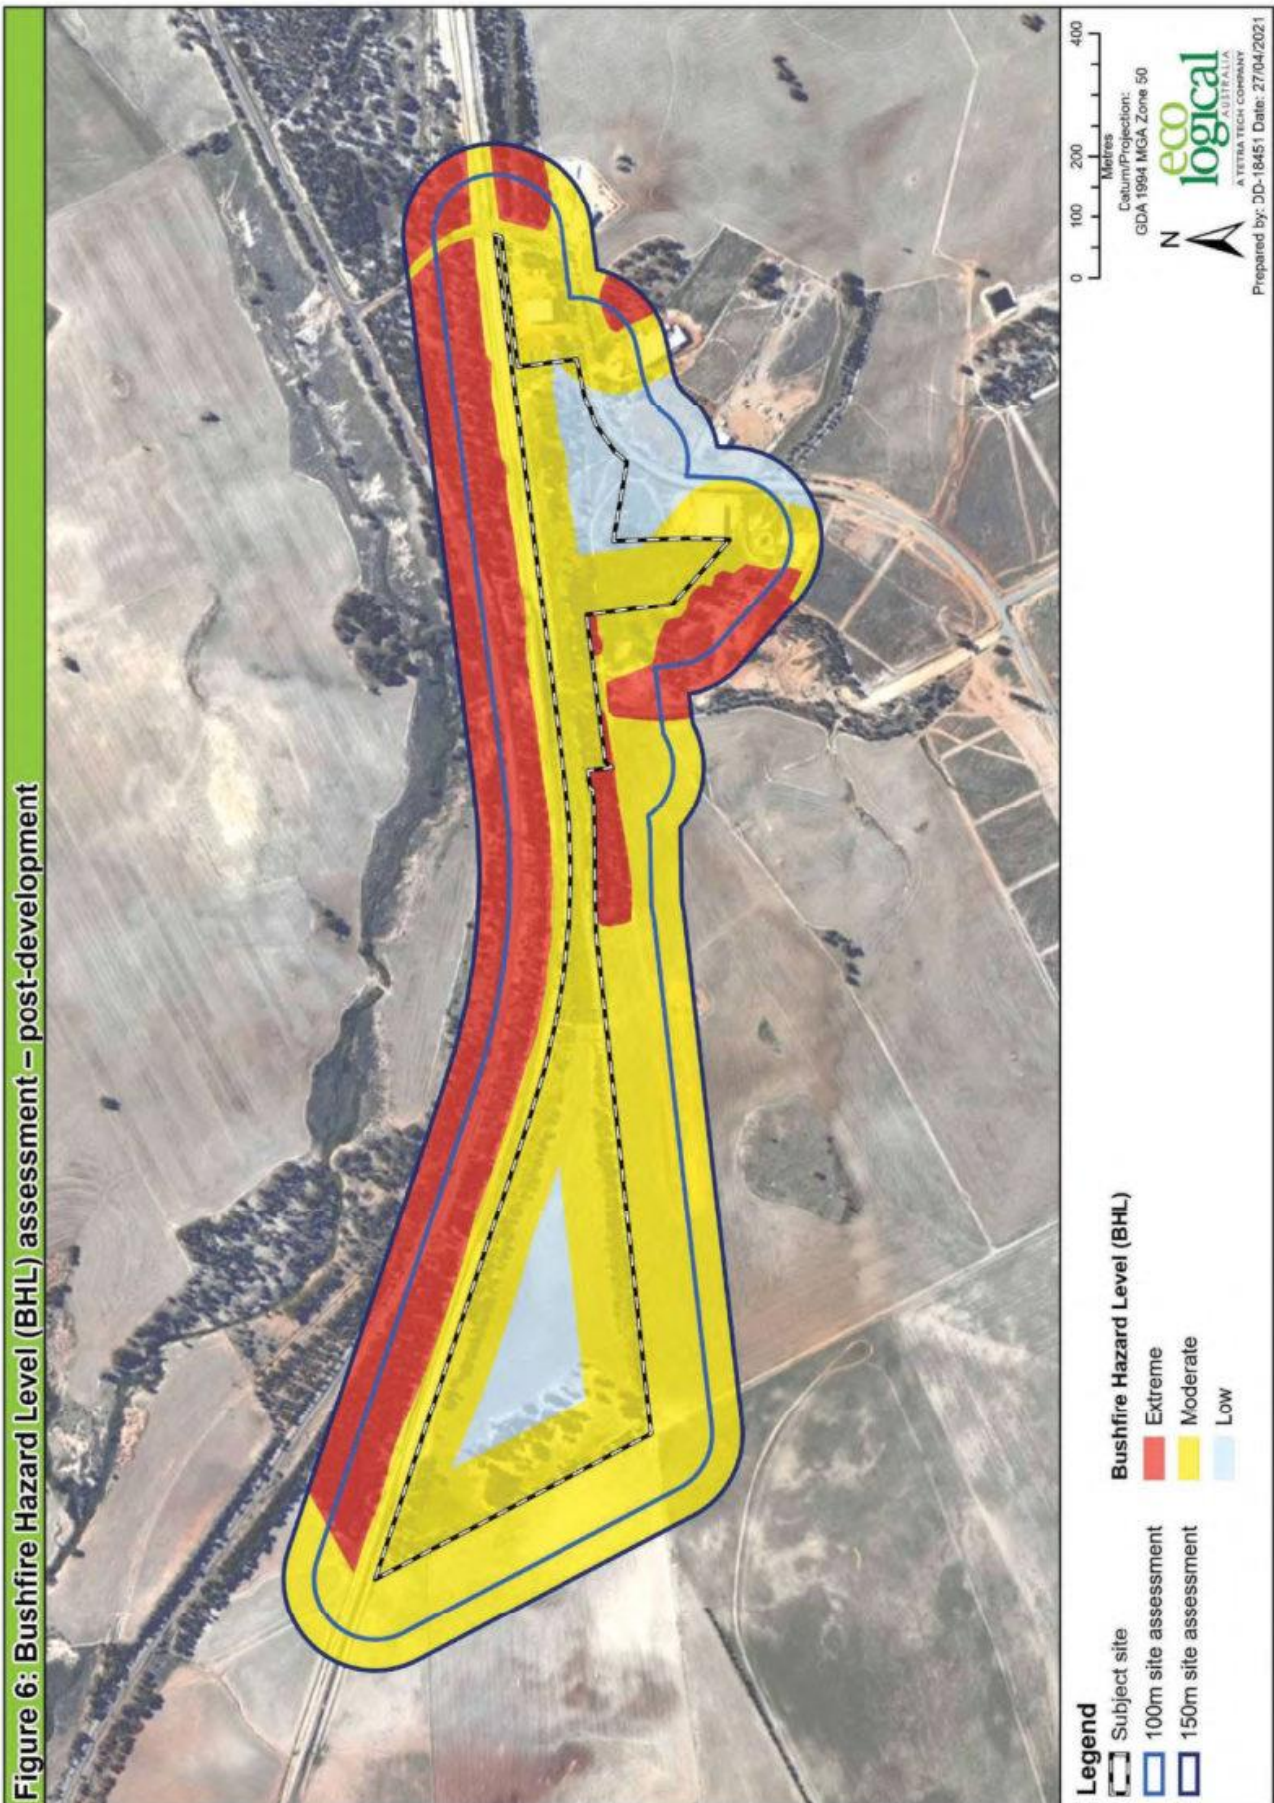

Whilst Figure 6 shows the entirety of the subject site being cleared for development, classified vegetation will still occur on land adjacent to the subject site. This vegetation will require consideration at forthcoming stages of planning with regards to setbacks to future buildings.

Vegetation to the east and west of the subject site is primarily comprised of Class G grassland which requires a minimum setback of 8 m to future buildings to ensure they will be subject to a Bushfire Attack Level (BAL) of \leq BAL-29. It is likely that these setbacks will need to be accommodated within the subject site. Class B woodland further east is unlikely to result in increased setbacks given the closer Class G grassland is the vegetation most affecting the BAL rating.

Vegetation to the north of the subject site is comprised of Class B woodland which requires a minimum setback of 14 m to future buildings to ensure they will be subject to a Bushfire Attack Level (BAL) of \leq BAL-29. The width of the rail reserve exceeds this setback, and therefore it is unlikely that setbacks related to bushfire risk will be required on this interface.

Vegetation to the south of the subject site is comprised of a mixture of Class B woodland and Class G grassland which require minimum setbacks of 14 m and 8 m to future buildings respectively, to ensure they will be subject to a Bushfire Attack Level (BAL) of \leq BAL-29. It is likely that these setbacks will need to be accommodated within the subject site.

3. Assessment against the Bushfire Protection Criteria

3.1 Compliance

The proposed Scheme Amendment is required to comply with policy measures 6.2 and 6.3 of SPP 3.7 and the Guidelines. Implementation of this BMP is expected to meet objectives 5.1 - 5.4 of SPP 3.7. Bushfire management measures have been devised for the proposed development in accordance with Guideline acceptable solutions to meet compliance with bushfire protection criteria.

The 'acceptable solutions assessment' is provided below to assess the proposed bushfire management measures against each bushfire protection criteria in accordance with the Guidelines. The assessment demonstrates that the proposed measures meet the intent of each element of the bushfire protection criteria. Figure 7 depicts bushfire management strategies where necessary.

Table 3: Summary of solutions used to achieve bushfire performance criteria

Bushfire Performance Criteria	AS	PS	N/A	Comment
Element 1: Location				
A1.1 Development location	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>Post-development, all buildings within the subject site will be situated in areas subject to BHLs of moderate or low (refer to Figure 7).</p> <p>Future building setbacks to the east, west and south to achieve compliant BAL ratings will be considered in to forthcoming planning.</p> <p>The proposed development is considered to be compliant with A1.1.</p>
Element 2: Siting and design of development				
A2.1 Asset Protection Zone (APZ)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>As the lot layout is currently unconfirmed, APZs are unable to be prescribed at this level of planning. APZs will be defined in BMPs supporting future planning applications (subdivisions) to ensure that all future lots will be subject to a BAL rating of BAL-29 or lower.</p> <p>Figure 7 demonstrates that future lots within the subject site will be subject to BHLs of Moderate or Low and ELA expects that APZs will be able to be accommodated between classified vegetation and future buildings within road reserves, maintained Public Open Space areas etc.</p> <p>The proposed development is considered to be compliant with A2.1.</p>
Element 3: Vehicular access				
A3.1 Two access routes	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<p>There are three proposed vehicular access points from the subject site that join onto the existing road network (refer to Figure 7).</p> <p>BMPs supporting future planning applications (subdivisions) will provide greater detail on road networks and ensure that all stages of development are provided with two forms of access at all times.</p> <p>The proposed development is considered to be compliant with A3.1.</p>

Bushfire Management Plan: Scheme Amendment - Avon Industrial Park, Northam | Development WA

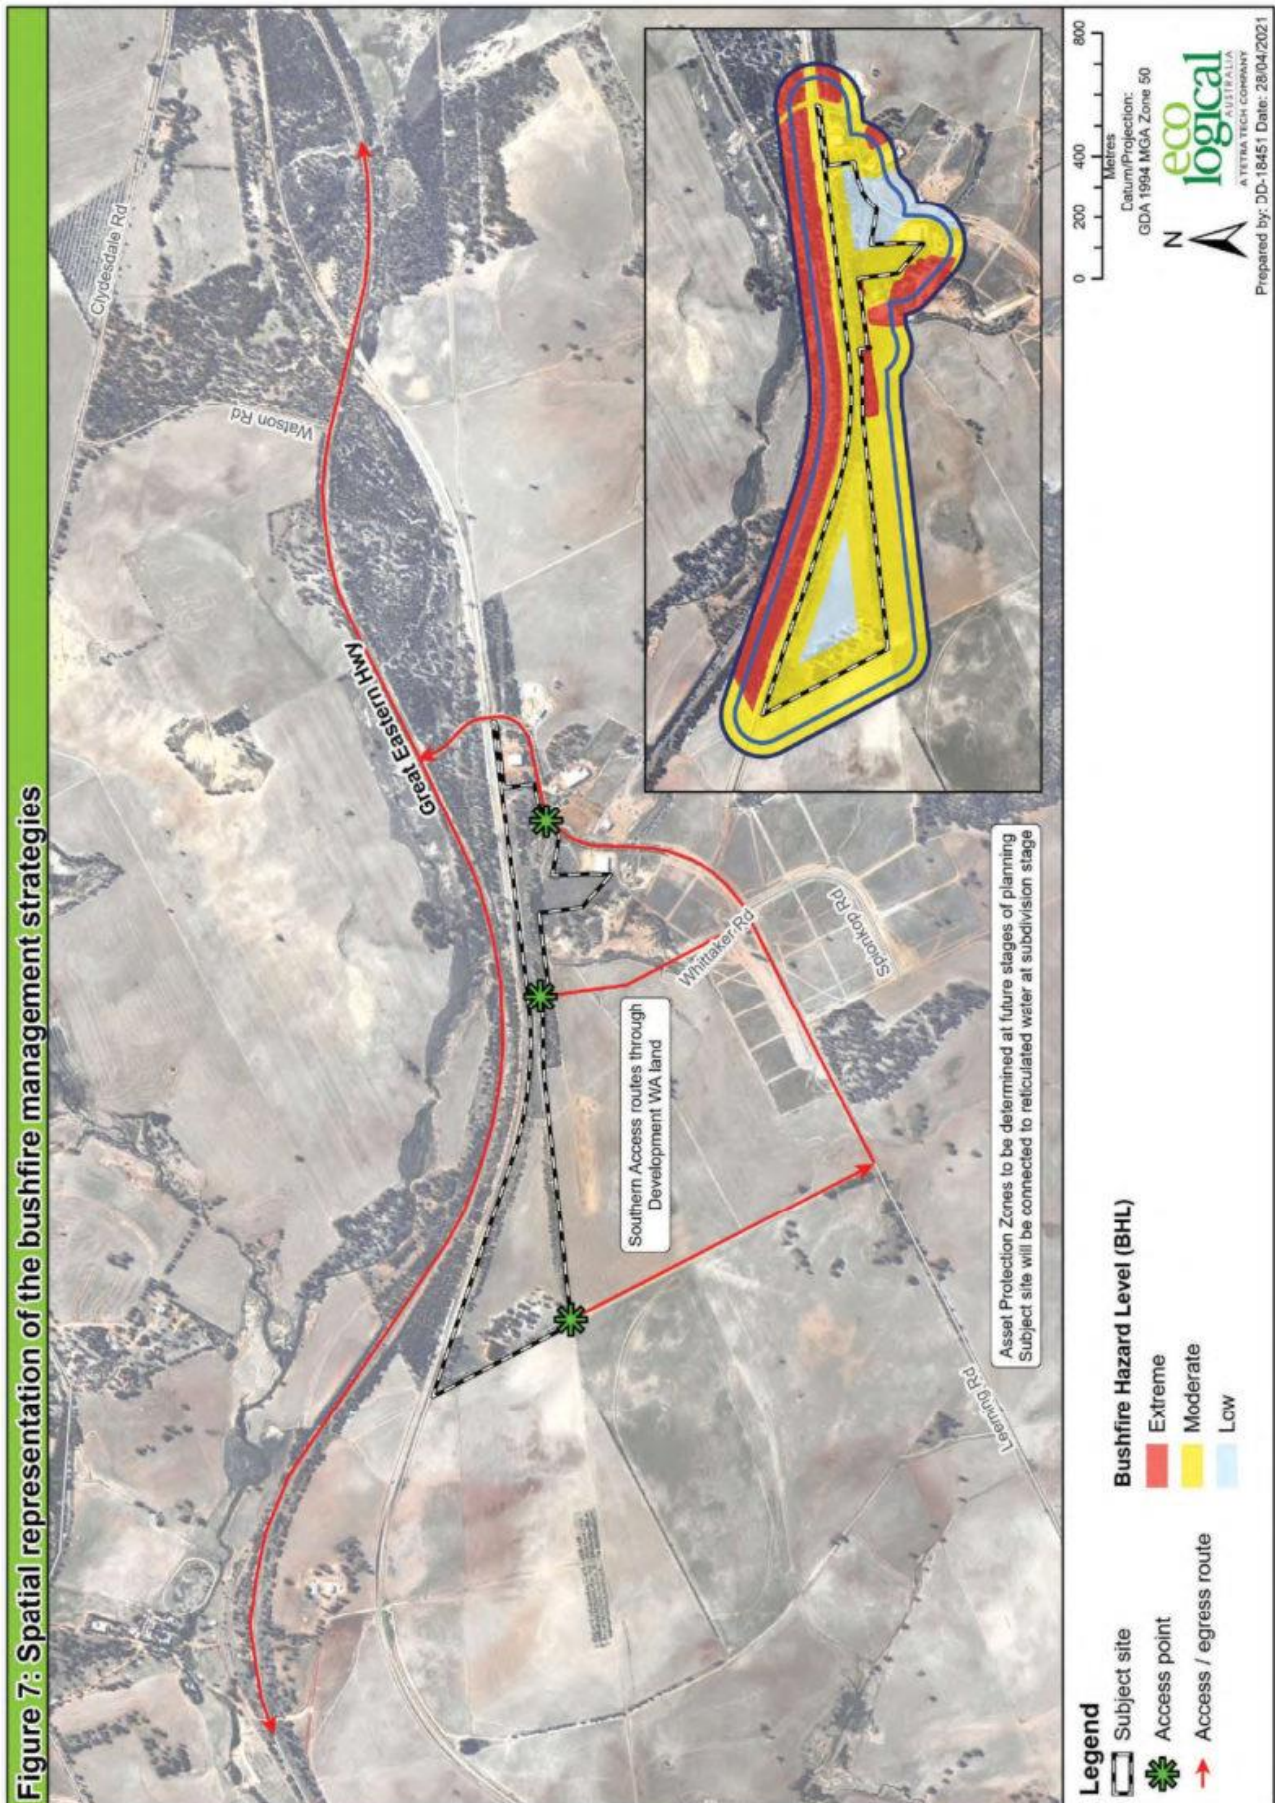

Bushfire Performance Criteria	AS	PS	N/A	Comment
Element 3: Vehicular access A3.2 Public road	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The road network internal to the subject site is not known at this level of planning. BMPs supporting future planning applications (subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.3 Cul-de-sac	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	No cul-de-sacs are proposed as part of this development. BMPs supporting future planning applications (e.g. subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.4 Battle-axe	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	No battle-axe lots are proposed as part of the development. BMPs supporting future planning applications (subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.5 Private Driveway longer than 50 m	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	No private driveways longer than 50 m are proposed as part of the development. BMPs supporting future planning applications (subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.6 Emergency Access way	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	No emergency access ways are proposed or required as part of the development. BMPs supporting future planning applications (subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.7 Fire-service access routes	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	No fire service access routes are required or proposed. BMPs supporting future planning applications (subdivisions) will address this element in greater detail if required.
Element 3: Vehicular access A3.9 Firebreak width	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	All lots within the subject site will be managed in accordance with the Shire of Northam Fire Hazard Reduction Notice (Shire of Northam 2020), if applicable. Any lot of 1 ha will require a 3 m wide boundary firebreak. BMPs supporting future planning applications (subdivisions) will address this element in greater detail. The proposed development is considered to be compliant with A3.9.

Bushfire Management Plan: Scheme Amendment – Avon Industrial Park, Northam | Development WA

Bushfire Performance Criteria	AS	PS	N/A	Comment
Element 4: Water A4.1 Reticulated areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	The subject site will be connected to a reticulated water supply. BMPs supporting future planning applications (submissions) will address this element in greater detail. The proposed development is considered to be compliant with A4.1. A4.2 and A4.3 are not applicable to this proposed development.

3.2 Additional management strategies

Future demonstration of compliance with the relevant requirements of SPP 3.7, the Guidelines and AS 3959: 2018 will depend on the developer’s ability to coordinate the timing of development works within the subject site. Updated BMPs will be prepared to support subsequent planning applications where relevant and will contain re-assessments of bushfire risk including Bushfire Attack Level assessments etc.

4. Implementation and enforcement

Implementation of the BMP applies to Development WA, the Shire of Northam, and future landowners to ensure bushfire management measures are adopted and implemented on an ongoing basis. This BMP has been prepared as a strategic guide to demonstrate how development compliance will be delivered at future planning stages in accordance with the Guidelines. In this respect, management measures documented in Section 3, where applicable, will be incorporated into development design as early as possible and confirmed through Structure Plan and subdivision design. Therefore, aside from the revision of this BMP or preparation of a BMP addendum to accompany future subdivision applications, there are no further items to implement, enforce or review at this stage of the planning process.

The revised BMPs or addendums to this BMP are required to meet the relevant commitments outlined in this strategic level BMP, address the relevant requirements of SPP 3.7 (i.e. Policy Measure 6.4) and demonstrate in detail how the proposed development will incorporate the relevant acceptable solutions to meet the performance requirements of the Guidelines.

5. Conclusion

In the author's professional opinion, the bushfire protection requirements listed in this assessment provide an adequate standard of bushfire protection for the proposed development. As such, the proposed development is consistent with the aim and objectives of SPP 3.7 and associated guidelines and is recommended for approval.

Appendix B – Standards for Asset Protection Zones

The following standards have been extracted from the *Guidelines for Planning in Bushfire Prone Areas v 1.3* (WAPC 2018).

Every habitable building is to be surrounded by, and every proposed lot can achieve, an APZ depicted on submitted plans, which meets the following requirements:

a. Width: Measured from any external wall or supporting post or column of the proposed building, and of sufficient size to ensure the potential radiant heat impact of a fire does not exceed 29kW/m^2 (BAL 29) in all circumstances.

b. Location: the APZ should be contained solely within the boundaries of the lot on which a building is situated, except in instances where the neighbouring lot or lots will be managed in a low-fuel state on an ongoing basis, in perpetuity (see explanatory notes).

c. Management: the APZ is managed in accordance with the requirements of 'Standards for Asset Protection Zones' (below):

- Fences: within the APZ are constructed from non-combustible materials (e.g. iron, brick, limestone, metal post and wire). It is recommended that solid or slatted non-combustible perimeter fences are used
- Objects: within 10 metres of a building, combustible objects must not be located close to the vulnerable parts of the building i.e. windows and doors
- Fine Fuel load: combustible dead vegetation matter less than 6 millimetres in thickness reduced to and maintained at an average of two tonnes per hectare
- Trees (> 5 metres in height): trunks at maturity should be a minimum distance of 6 metres from all elevations of the building, branches at maturity should not touch or overhang the building, lower branches should be removed to a height of 2 metres above the ground and or surface vegetation, canopy cover should be less than 15% with tree canopies at maturity well spread to at least 5 metres apart as to not form a continuous canopy (**Figure 8**).

Figure 8: Illustrated tree canopy cover projection (WAPC 2017)

- **Shrubs (0.5 metres to 5 metres in height):** should not be located under trees or within 3 metres of buildings, should not be planted in clumps greater than 5m^2 in area, clumps of shrubs should

be separated from each other and any exposed window or door by at least 10 metres. Shrubs greater than 5 metres in height are to be treated as trees

- **Ground covers (<0.5 metres in height):** can be planted under trees but must be properly maintained to remove dead plant material and any parts within 2 metres of a structure, but 3 metres from windows or doors if greater than 100 millimetres in height. Ground covers greater than 0.5 metres in height are to be treated as shrubs
- **Grass:** should be managed to maintain a height of 100 millimetres or less.

Additional notes

The Asset Protection Zone (APZ) is an area surrounding a building that is managed to reduce the bushfire hazard to an acceptable level. Hazard separation in the form of using subdivision design elements or excluded and low threat vegetation adjacent to the lot may be used to reduce the dimensions of the APZ within the lot.

The APZ should be contained solely within the boundaries of the lot on which the building is situated, except in instances where the neighbouring lot or lots will be managed in a low-fuel state on an ongoing basis, in perpetuity. The APZ may include public roads, waterways, footpaths, buildings, rocky outcrops, golf courses, maintained parkland as well as cultivated gardens in an urban context, but does not include grassland or vegetation on a neighbouring rural lot, farmland, wetland reserves and unmanaged public reserves.

Dear Matt,

RE: Avon Industrial Park Proposed Scheme Amendment –Environmental Assessment

Following is our environmental assessment of a proposed Scheme Amendment for the Avon Industrial Park to transfer some areas of Parks and Recreation to Industrial.

1 Introduction

The Avon Industrial Park (AIP) is located to the east of Grass Valley in the Shire of Northam and to the south of the Great Eastern Highway and Perth-Kalgoorlie railway line.

The AIP is zoned Industrial and Parks and Recreation in the Shire of Northam Town Planning Scheme No. 6 (Figure 1). The establishment of the AIP as a heavy industry site was assessed by the EPA and approved by Ministerial Statement 293 in November 1992 (Ministerial). The proposal assessed by the EPA and approved by the Minister included areas designated for Industrial development and as Parks and Recreation (P&R).

Plate 1: Shire of Northam Town Planning Scheme 6 Map

10413_002_jc

1

The main environmental issue addressed by the EPA in its report was the provision of a buffer zone to manage issues such as noise, air emissions, odour, leachates, risk and hazard and groundwater contamination that could arise from the heavy industry that was proposed for the new Industrial Area.

Around 55% of the total AIP area was designated as P&R Reserve and called a 'buffer zone'. The term 'buffer zone' not a traditional perimeter buffer around the outside of development. Instead the buffer zone included a variety of areas distributed throughout the estate.

ENV (2007) considered that the original intent of the P&R reservation was to:

- protect areas of remnant vegetation;
- to act as a buffer to contain emissions (noise, dust, sulphur dioxide) on-site;
- enhancement of visual amenity; and
- partially for drainage purposes (ENV, 2007)

PGV Environmental could find no mention of the requirement of the P&R land to assist in the enhancement of visual amenity in the EPA's Bulletin or the Proponent Commitments.

In its assessment, the EPA noted that it might be necessary or desirable to make minor and non-substantial changes to the design of the AIP from that which was assessed by the EPA and that subsequent statutory approvals could make provision for such changes "where it can be shown that the changes are not likely to have a significant effect on the environment".

The land uses approved by the Minister in 1992 were reviewed in 2007 with particular attention to areas of P&R Reserve (ENV, 2007). The 2007 review recommended changes to the P&R Reservation with an overall reduction in P&R reserved land from 201ha to 154.7ha. The reduction was determined by the EPA to not have a significant environmental impact and a full assessment of the amendments was not required. The EPA did, however, require a flora and vegetation survey and fauna survey focussing on Carnaby's Black Cockatoo habitat of particular parts of the Industrial Site. Those surveys undertaken by Golders in 2007 were for five parcels of land in the southern portion of the Industrial Estate and did not include the part of the site subject of the current proposed Amendment.

The areas that are proposed to be rezoned from P&R to Industrial are outlined in red in Plate 2.

Plate 2: Areas proposed for rezoning (outlined in red)

2 Environmental Description

PGV Environmental undertook a site assessment of the proposed areas for rezoning on 12 September 2020. A description of the areas follows. For ease of description the proposed Amendment area is separated into the western triangular portion and the eastern portion. The areas described are shown in Attachment 1.

2.1 Western Area

The western area contains a central area of cleared agricultural land that is used for cropping and grazing. A stand of remnant native trees is located at the western end (Plate 3). The trees are a mix of Salmon Gum (*Eucalyptus salmonophloia*), Wandoo (*E. wandoo*) and York Gum (*E. loxophleba*) over a cleared and grazed understorey. The stand of trees is not fenced off from the grazing area.

While the lack of any understorey means the stand of trees has little environmental value as an example of intact native vegetation, the trees are mature and have values for native fauna, particularly birds.

Plate 3: Remnant Salmon Gum and York Gum at the western end

The northern and southern perimeter of the western area have been rehabilitated with rows of native trees with the most common species being York Gum, Wandoo and Rock Sheoak (*Allocasuarina huegeliana*) (Plate 4). The revegetated areas are open to grazing and, accordingly, there is no native understorey.

Plate 4: Revegetation Western Area

Examination of historic aerial photography indicates that the revegetation areas appear to have been planted in the late 1990s (Plate 5). The planting was many years after the Ribbons of Green roadside planting evident in Plate 5 along the Great Eastern Highway. Given the age of the revegetation is after the establishment of the AIP, the works are likely to have been undertaken as part of the development of buffers in the AIP.

The trees in the rehabilitated area provide local habitat for birds, a wind-break and shelter around the cropping and grazing area and may provide a visual screen of the future industrial development in the northern portion of the AIP from traffic on the Great Eastern Highway.

Plate 5: Historic Aerial Photography from 1999 (LandGate Map Viewer Plus)

2.2 Eastern Area

The eastern area contains a 50m wide strip of revegetation on the northern boundary extending almost all the way from the western end to the eastern end. The species used for revegetation were predominantly York Gum and Wandoo and were planted in the late 1990s (Plate 6).

Plate 6: Revegetation Eastern Area

A stand of remnant Wandoo occurs on a high point on lateritic rock at the eastern end of the area (Plate 7). Some native chenopod and sedge species occur in the understorey.

Plate 7: Remnant Wandoo Eastern End

The P&R land in the eastern portion of the Amendment Area is at the northern end of a larger area of P&R that extends further south. The P&R area to the south is part of a drainage catchment that feeds into a medium-sized dam located immediately adjacent to the Amendment Area (Plate 8). The dam overflows via a culvert and narrow channel through the Amendment Area (Plate 8) and then flows further north under the rail line and highway.

Plate 8: Dam and Drainage Channel

A large number of native trees occur in the network of drainage channels south of the Amendment Area. However, some sections are cleared and used for cropping and do not appear to be part of the floodplain of the drainage catchment (Plate 9).

Plate 9: Cleared P&R Outside Floodplain

2.3 Revegetation Areas

As stated previously, the revegetation areas appear to have been planted in the late 1990s as part of the development of the Industrial Area rather than as part of the Ribbons of Green revegetation programme along the Great Eastern Highway.

This is supported by the Proponent's Response to Submissions on the original assessed environmental report (Consultative Environmental Review) which states that "Buffer zones will be planted to augment the current vegetation on the site".

While there is no evidence that the revegetation was undertaken to provide a visual screen of the future industrial development, PGV Environmental undertook a preliminary assessment of the viewshed of the AIP to the Great Eastern Highway. The assessment showed that the eastern side of the Amendment Area was not visible from the highway, including the areas of revegetation, indicating the revegetation within the eastern part of the Amendment Area does not provide a visual screen to development in this area. The western portion of the Amendment Area is visible from some short sections of the highway, including the paddock and revegetation areas. The views would only be for a very short time given that most cars and trucks would be travelling at 100-110km/hr on that part of the highway.

3 Conclusion

The environmental assessment of a proposed Scheme Amendment to transfer parts of the northern areas of Parks and Recreation in the Avon Industrial Park (AIP) to Industrial concludes the following:

- Two stands of remnant native trees occur at the western and eastern ends of the Amendment Area and should be retained for their aesthetic value and local fauna habitat value in any future rezoning and development;
- The area contains wide rows of native trees (mainly York Gum and Wandoo) that were planted in the late 1990s in the Parks and Recreation buffer zone of the AIP;
- The revegetation areas were mostly likely planted to augment the native vegetation in the area rather than to provide a visual screen of future development from the Great Eastern Highway or landowners to the north;
- Most of the proposed Amendment Area is not visible from Great Eastern Highway;
- Any clearing of trees from the revegetation area should be offset by planting in other sections of the Industrial Park;
- A portion of the Amendment Area contains a narrow drainage channel that takes surface water from a dam and catchment further south within the Industrial Area and beyond. The hydrological function of the drainage channel will need to be retained in any future development of the Amendment Area;
- Rezoning from P&R to Industrial will require a referral to the EPA under Section 48A of the *Environmental Protection Act 1986*. The EPA's report on the establishment of the Industrial Park contemplated future changes to the design of the park and indicated the changes might be found to be acceptable provide the changes are not likely to have a significant impact on the environment. Development in accordance with the recommendations of this report should result in an environmentally acceptable outcome.

Please contact me if you would like to discuss any aspect of this report.

Yours sincerely

Paul van der Moezel
Managing Director

Attachment 2 – Scheme Amendment No. 16 Resolution

Planning and Development Act 2005

RESOLUTION TO PREPARE OR ADOPT AMENDMENT TO LOCAL PLANNING SCHEME

Shire of Northam Local Planning Scheme No. 6
 Amendment No. 16

Resolved that the local government pursuant to section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

1. Rezoning a portion of land in the northwestern corner of the Avon Industrial Park from 'Parks and Recreation Reserve' to 'General Industry', being a portion of Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370, as shown below.
2. Including a new 'Renewable Energy Facility' land use definition in Schedule 1: Dictionary of Defined Words and Expressions, as follows:

"renewable energy facility" means premises used to generate energy from a renewable energy source and includes any building or other structure used in, or relating to, the generation of energy by a renewable resource. It does not include renewable energy electricity generation where the energy produced principally supplies a domestic and/or business premises and any on selling to the grid is secondary.

3. Amending the Table 1: Zoning Table to include the new 'Renewable Energy Facility' land use, as a discretionary ('A') use, subject to advertising, within the 'General Industry' zone and the 'Rural' zone, and a prohibited ('X') use in all other zones, as shown below.

Proposed Table 1: Zoning Table

LAND USE	RESIDENTIAL	DEVELOPMENT	COMMERCIAL	MIXED USE	TOURIST	GENERAL INDUSTRY	LIGHT & SERVICE INDUSTRY	RURAL	RURAL RESIDENTIAL	RURAL SMALLHOLDING	ENVIRONMENTAL CONSERVATION
Renewable Energy Facility	X	*	X	X	X	A	X	A	X	X	X

* The land may only be used for the purposes associated with the zones delineated in the structure plan adopted in accordance with Clause 22 of the Deemed Provisions

4. Deleting the 'Storage' and 'Warehouse' land use definitions in Schedule 1: Dictionary of Defined Words and Expressions, and replacing these with a new 'Warehouse/Storage' land use definition in Schedule 1: Dictionary of Defined Words and Expressions, as follows:

"warehouse/storage" means premises including indoor or outdoor facilities used for:
(a) the storage of goods, equipment, plant or materials; or
(b) the display or the sale by wholesale of goods

5. Amending the Table 1: Zoning Table to remove the existing 'Storage' and 'Warehouse' land uses, and include a new 'Warehouse/Storage' land use, as a permitted ('P') use in the 'Light and Service Industry' zone, a discretionary ('D') use within the 'General Industry' and 'Mixed Use' zones, a discretionary ('A') use, subject to advertising, within the 'Rural' zone, and a prohibited ('X') use in all other zones, as shown below.

Existing Table 1: Zoning Table

LAND USE	RESIDENTIAL	DEVELOPMENT	COMMERCIAL	MIXED USE	TOURIST	GENERAL INDUSTRY	LIGHT & SERVICE INDUSTRY	RURAL	RURAL RESIDENTIAL	RURAL SMALLHOLDING	ENVIRONMENTAL CONSERVATION
Storage	X	*	X	D	X	P	P	A	X	X	X
Warehouse	X	*	X	A	X	P	P	X	X	X	X

* The land may only be used for the purposes associated with the zones delineated in the structure plan adopted in accordance with Clause 22 of the Deemed Provisions

Proposed Table 1: Zoning Table

LAND USE	RESIDENTIAL	DEVELOPMENT	COMMERCIAL	MIXED USE	TOURIST	GENERAL INDUSTRY	LIGHT & SERVICE INDUSTRY	RURAL	RURAL RESIDENTIAL	RURAL SMALLHOLDING	ENVIRONMENTAL CONSERVATION
Warehouse/Storage	X	*	X	D	X	D	P	A	X	X	X

* The land may only be used for the purposes associated with the zones delineated in the structure plan adopted in accordance with Clause 22 of the Deemed Provisions

6. Inserting a new land use exemption in Schedule A – Supplemental Provisions to the Deemed Provisions, as follows.

Clause 61(2):

The use of the land in the General Industry zone for "warehouse/storage" including as an incidental use that –

- (i) if outdoor, is in a clearly defined area screened from public view by a building, bund, closed wall or fence no less than 1.8 metres in height, or by screen landscaping of a minimum of 10 metres in width approved by the local government;
- (ii) is not located within the setbacks for the zone;
- (iii) does not detract from the amenity of the area; and
- (iv) provides sufficient access for loading and unloading vehicles, including an approved crossover.

The Amendment is standard under the provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 for the following reason(s):

- The amendment would have minimal impact on land in the scheme area that is not the subject of the amendment.
- The amendment would not result in any significant environmental, social, economic or governance impacts on land in the scheme area;

Dated this 22nd day of June 2021

Chief Executive Officer

Attachment 3 – EPA Advice

ADVICE UNDER SECTION 48A(1)(a) ENVIRONMENTAL PROTECTION ACT 1986

Shire of Northam - Local Planning Scheme 6 Amendment 16

Location: Avon Industrial Park, Grass Valley, Northam

Determination: Scheme Not Assessed – Advice Given (not appealable)

Determination Published: 1 November 2021

Summary

The Shire of Northam (Shire) has initiated Local Planning Scheme (LPS) 6 Amendment 16 which proposes to:

- Rezone a portion of land in the north-western corner of the Avon Industrial Park (AIP) from 'Parks and Recreation reserve' to 'General Industry', being a portion of Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370.
- Include a new 'Renewable Energy Facility' land use definition in Schedule 1.
- Amend Table 1: Zoning Table to include the new 'Renewable Energy Facility' land use as a discretionary (A) use subject to advertising within the 'General Industry' zone and the 'Rural' zone and a prohibited (X) use in all other zones.

The EPA has considered the scheme in accordance with the requirements of the *Environmental Protection Act 1986* (EP Act). The EPA considers LPS 6 Amendment 16 is unlikely to have a significant effect on the environment and does not warrant formal assessment under Part IV of the EP Act. The EPA has based its decision on the documentation provided by the Shire. Having considered this matter, the following advice is provided.

1. Environmental Factors

The EPA has identified the following preliminary environmental factors relevant to this scheme:

- Flora and Vegetation
- Terrestrial Fauna

2. Advice and Recommendations regarding Environmental Factors

The amendment area has been historically cleared and sections have been rehabilitated in late 1990s with native trees (mainly York Gum and Wandoo) in the Parks and Recreation buffer zone of the AIP. Land degradation processes such as grazing resulted in no understorey in remnant vegetated areas and rehabilitation areas.

The amendment area is located within a fragmented landscape and contains poorly represented remnant vegetation, mapped as 'Vegetation Association 694' less than 10% per cent of its original extent remaining. The remnant vegetation (containing York Gum, Salmon Gum, Wandoo) is noted to be in degraded condition.

A portion of the amendment area is located within buffers of mapped Department of Biodiversity Conservation and Attractions (DBCAs) Threatened Ecological Communities (TEC): Eucalypt woodlands of the Western Australian Wheatbelt (State: Priority 3 (iii); *Environment Protection Biodiversity and Conservation Act 1999* (EPBC Act): Critically Endangered).

The amendment area contains remnant vegetation areas on the western and eastern sections which is likely to contain black cockatoo foraging habitat and potential roosting and habitat trees.

The EPA notes that the Shire's referral documentation discusses:

1. The two stands of remnant native trees occur at the western and eastern ends of the amendment area and should be retained for their aesthetic value and local fauna habitat value in any future rezoning and development.
2. Any clearing of trees from the revegetation area should be offset by planting in other sections of the Industrial Park.

To manage any future development on the site, including the clearing of any vegetation, the EPA is supportive of the Shire's recommendation that Part 4.28 Development in the General Industrial and Light and Service Industry Zones of the Shire of Northam LPS No.6 text be modified to:

"Clause 4.28.5 In the General Industry zone; in order to conserve environmental values and amenity, native trees and revegetated areas shall be retained unless their removal is authorised by local government or is associated with approved works, vehicle access or required bushfire mitigation measures or the trees are dead, diseased or dangerous".

The EPA is supportive of the retention and protection of the remnant areas (natural trees) shown within the Shire's referral package (dated 23 June 2021) Appendix D, Attachment 1, and shown below as Figure 1.

The EPA expects that any future development considers the retention of remnant vegetation areas which represents Eucalypt woodlands of the Western Australian Wheatbelt TEC and/or Black cockatoo foraging habitat.

Conclusion

The EPA concludes that LPS 6 Amendment 16 can be managed to meet the EPA's environmental objectives through the scheme text.

Future structure planning and proposals should also further identify, manage and protect the above environmental values. In addition, existing planning controls, future planning processes and management measures will also manage potential impacts. The EPA recommends its advice is implemented to mitigate potential impacts to Flora and Vegetation and Terrestrial Fauna.

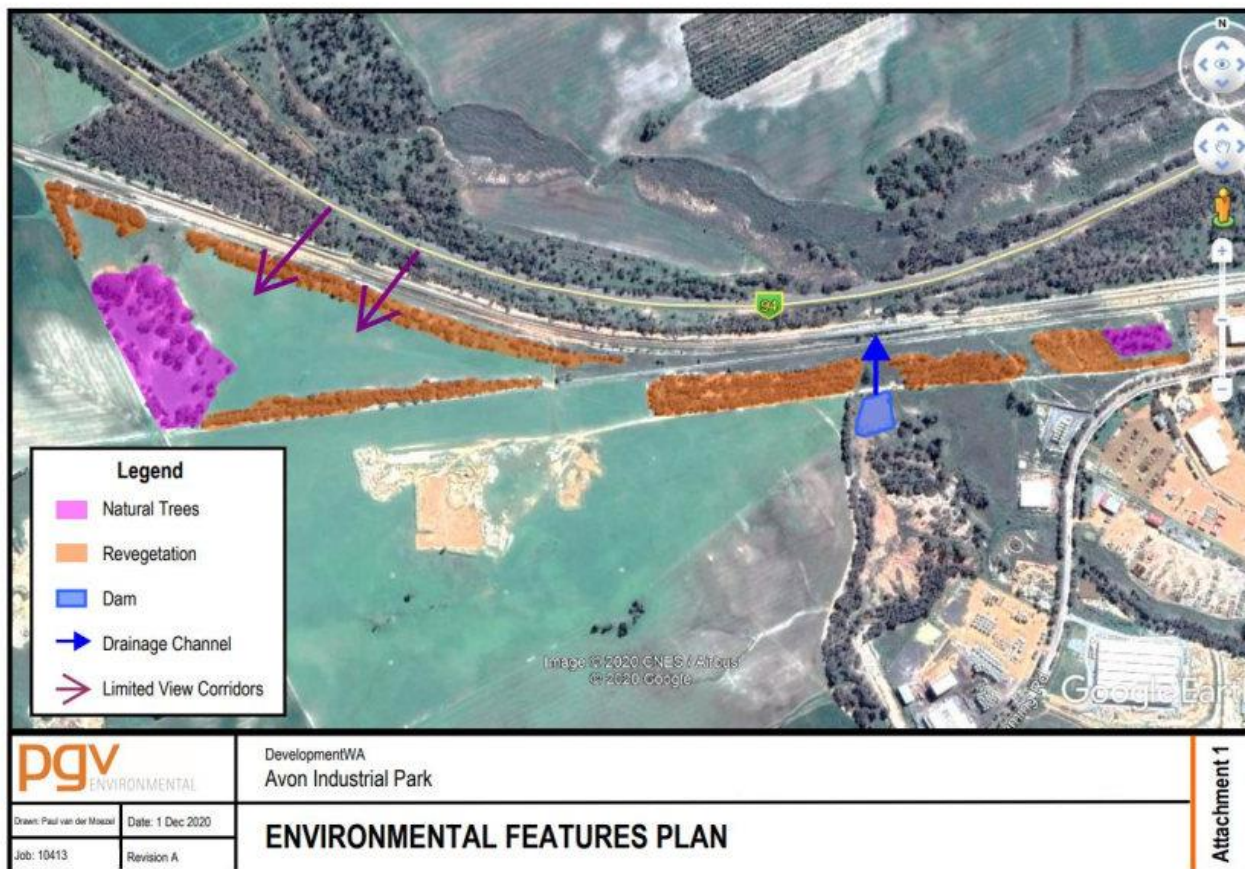

Figure 1: Location of remnant vegetation (natural trees) as per Local Planning Scheme 6 Amendment 16, Appendix D, Attachment 1.

Dear Mr Whiteaker

DECISION UNDER SECTION 48A(1)(a) *Environmental Protection Act 1986*

SCHEME	Shire of Northam - Local Planning Scheme 6 Amendment 16
LOCATION	Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370, Avon Industrial Park, Grass Valley, Northam.
RESPONSIBLE AUTHORITY	Shire of Northam
DECISION	Referral Examined, Preliminary Investigations and Inquiries Conducted. Scheme Amendment Not to be Assessed Under Part IV of the EP Act. Advice Given. (Not Appealable)

Thank you for referring the above scheme to the Environmental Protection Authority (EPA).

After consideration of the information provided by you, the EPA considers that the proposed scheme should not be assessed under Part IV Division 3 of the *Environmental Protection Act 1986* (EP Act) but nevertheless provides the attached advice and recommendations. I have also attached a copy of the Chair's determination of the scheme.

Please note the following:

- For the purposes of Part IV of the EP Act, the scheme is defined as an assessed scheme. In relation to the implementation of the scheme, please note the requirements of Part IV Division 4 of the EP Act.
- There is no appeal right in respect of the EPA's decision to not assess the scheme.

Prime House, 8 Davidson Terrace Joondalup, Western Australia 6027.
Postal Address: Locked Bag 10, Joondalup DC, Western Australia 6919.

Telephone: (08) 6364 7000 | Facsimile: (08) 6364 7001 | Email: info.epa@dwer.wa.gov.au

A copy of the Chair's determination, this letter and the attached advice and recommendations will be made available to the public via the EPA website.

Yours sincerely

Shaun Meredith
Delegate of the Environmental Protection Authority
Executive Director
EPA Services

29 October 2021

Encl. Chair's Determination
Scheme Advice and Recommendations

Title: Shire of Northam - Local Planning Scheme (LPS) 6 Amendment 16

Location: Lot 9002 on Plan 68686 and the entirety of Lot 17 on Plan 25370, Avon Industrial Park, Grass Valley, Northam.

Description: Amendment 16 proposes to rezone a portion of land in the north western corner of the Avon Industrial Park (AIP) from 'Parks and Recreation reserve' to 'General Industry', include a new 'Renewable Energy Facility' land use definition on Schedule 1 and amend Table 1: Zoning Table to include the new 'Renewable Energy Facility' land use as a discretionary use within the 'General Industry' zone and the 'Rural' zone and a prohibited use in all other zones.

Ref ID: CMS18028

Date Received: 23/06/2020 **Date Sufficient Information Received:** 11/10/2021

Responsible Authority: Shire of Northam - PO Box 613 Northam WA, 6401

Contact: Blake Eldridge

Preliminary Environmental Factors: Flora and Vegetation and Terrestrial Fauna

Potential Significant Effects: Clearing of remnant vegetation, and terrestrial fauna habitat (including Black cockatoo habitat).

Management: Potential impacts can be managed through scheme development controls. In addition, existing planning controls, future planning processes and management measures will also manage potential impacts.

Determination: Referral Examined, Preliminary Investigations and Inquiries Conducted. Scheme Amendment Not to be Assessed Under Part IV of EP Act. Advice Given. (Not Appealable)

The EPA has carried out some investigations and inquiries before deciding not to assess this scheme. In deciding not to formally assess schemes, the EPA has determined that no further assessment is required by the EPA. This Determination is not appealable.

Chair's Initials: 

Date: 26 October 2021

Cr C R Antonio declared an "Impartiality" interest in item 13.3.3 - Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine as the owners of the property are known to Cr Antonio.

13.3.3 Proposed Amendment to Approved Free-Range Broiler Poultry Farm – Lot 13 Northam-York Road, Muluckine

Address:	Lot 13 Northam-York Road, Muluckine
Owner:	Zippo Pty Ltd (Tristan & Zoe O'Brien)
Applicant:	PTS Town Planning Pty Ltd
File Reference:	A753 / P17038.1
Reporting Officer:	Jacky Jurmann, Manager Planning & Environment
Responsible Officer:	Chadd Hunt, Executive Manager Development Services
Officer Declaration of Interest:	Zoe O'Brien is known to the Reporting & Responsible Officer as she is a casual administration officer employed at the Shire of Northam.
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

An application to amend the development approval (ref: P17038) granted by Council on 25 May 2017 (ref: C.3045) for the construction of a free-range broiler farm has been received proposing to increase the number of sheds on Farms 1 and 3 from 4 to 6 sheds and remove Farm 4 from the approved development. The number of sheds approved will remain the same at 16.

The application was advertised in accordance with the provisions of LPP20 with an extended period (due to the holidays). No submissions objecting to the proposal were received.

In accordance with the Shire's Delegated Authority (P03), the application is being presented to Council for determination.

ATTACHMENTS

- Attachment 1: Application
- Attachment 2: Original Development Approval
- Attachment 3: Statutory Assessment

A. BACKGROUND / DETAILS

Council at a Special Meeting held on 25 May 2017 conditionally granted development approval for the construction of a free-range poultry broiler farm on the subject property. A copy of the development approval is attached to this Report (Attachment 2).

The property, known as Springhill Farm, is located on the Northam-York Road, Muluckine approximately 5km from the Northam townsite. It is zoned Rural, has an area of 1832.75 ha and is used for mixed farming purposes, including the approved broiler farm, cropping and grazing.

The approved development included 4 farms containing 4 sheds each, equating to a total of 16 sheds on 4 separate locations on the property, and to date, 3 sheds have been constructed on Farms 1 and 3 with Farms 2 and 4 being undeveloped.

The amendment proposes:

- Increasing the number of sheds on Farm 1 from 4 to 6 sheds, including 3 additional silos and extending the compacted roadway;
- No changes to Farm 2;
- Increasing the number of sheds on Farm 3 from 4 to 6 sheds, also including 3 additional silos and extending the compacted roadway; and
- Removal of Farm 4 from the approval.

The total number of sheds remains unchanged at 16 and other than the additional silos on Farms 1 and 3, there are no additional amenity, machinery, generator, or water tanks on each Farm.

If the application is approved, it is proposed to construct the 3 additional on each of Farms 1 and 3 with Farm 2 not proposed to be constructed for another 3 to 5 years.

The proposed amendments are a result of Ingham's requiring a 6 shed module to obtain better efficiency in terms of delivery and pickup of the birds. The amendments are intended to improve the efficiency of the operation as most of the infrastructure already exists on Farms 1 and 3.

The number of chickens and the number of traffic movements remains the same as approved with less internal movements required as a result of the consolidation of the sheds.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Economic Growth

Outcome: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

- Objective: Pursue a range of developments in sectors including retirement living, renewable energy, agribusiness, innovation, logistics and aviation.
- Theme Area: Governance & Leadership
- Outcome: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.
- Objective: Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders.

B.2 Financial / Resource Implications

There are no financial / resource implications for the Shire of Northam associated with this proposal.

B.3 Legislative Compliance

An assessment of the proposed amendments has been carried out in accordance with the provisions of clause 77 of the Deemed Provisions (*Planning and Development (Local Planning Schemes) Regulations 2015*). This clause enables an owner of land in respect of which development approval has been granted to amend an aspect of the development approved which, if amended, would not substantially change the development approval.

The assessment of this application shows that the proposed amendments will not substantially change the development approval original granted by Council and is therefore accepted to be considered under the provisions of clause 77.

Refer to the Statutory Assessment attached to this Report (Attachment 4).

B.4 Policy Implications

There are no policy implications associated with this proposal. The application was advertised in accordance with the provisions of Local Planning Policy No. 20 – Advertising of Planning Proposals.

B.5 Stakeholder Engagement / Consultation

Notice of the application was given on 5 January 2022 for a period of 23 days, which exceeds the minimum 14 days due to the holiday period.

As specified in LPP20, all landowners within a 500m radius of the centre of the subject site are required to be notified. However, as there is a distance of more than 1km from the centre of the site to the lot boundary, Officers used discretion to determine which surrounding landowners received direct notification. It was determined that all landowners directly adjoining or opposite the subject site would receive notification, which was consistent with the advertising methodology for the original application.

Advertising of the proposed was carried out as follows:

- Direction notification to identified landowners; and
- Publication of a notice on the Shire's website and Facebook page.

No external referrals were deemed necessary as there is no increase in the number of sheds proposed.

During the advertising period one enquiry was received from a nearby landowner seeking clarification of the proposal, and who mentioned that odour emissions from the existing operations were experienced during weather inversions.

In response to the neighbouring landowner notification, the Water Corporation advised that they had no concerns with the application proceeding. This was the only submission received regarding the proposal.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Nil	Nil	Nil
Health & Safety	Nil	Nil	Nil
Reputation	Nil	Nil	Nil
Service Interruption	Nil	Nil	Nil
Compliance	Non-compliance with the conditions.	Minor (2) x Low (4) = Unlikely (2)	Monitoring of conditions.
Property	Nil	Nil	Nil
Environment	Odour, dust or noise emissions.	Minor (2) x Low (4) = Unlikely (2)	Monitoring of conditions and prompt response to complaints.

B.7 Natural Environment Considerations

Impacts on the environment and mitigation measures were assessed as part of the original development application. The proposed amendments do not propose to increase the number of sheds, chickens, or traffic movements. Potential environmental impacts that may occur from the proposed amendment have been considered in the assessment of the application. Compliance with the original conditions, except where amended by this application, will remain unchanged.

C. OFFICER'S COMMENT

The original development application to establish the land use attracted 59 objections to the proposal raising concerns regarding the potential impacts of the proposed land use. The issues raised in the submissions were assessed, and in response conditions of approval were imposed to manage any potential impacts.

To date, no formal complaints have been received and the conditions have been implemented to the satisfaction of the Shire on an ongoing basis.

As mentioned in the section B5 of this Report, during the advertising period an enquiry was received from a nearby landowner regarding the proposed amendments, and part of that conversation included mention that they were experiencing odour emissions during weather inversions. To address this concern, it is recommended that an Advice Note be added to the approval that the weather conditions be considered when carrying out operations that have the potential to emit odours, such as cleaning out the sheds and removal of wastes.

Clause 77 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (also known as the Deemed Provisions) enables an aspect of the development approval to be amended which, if amended, would not substantially change the development approved.

The application proposes to keep the same number of approved sheds at 16 by deleting the fourth farm location (Farm 4) from the approval and constructing those sheds on Farms 1 and 3. The changes to the shed locations do not result in an increase to the number of farms, sheds, chickens or traffic originally approval, and is simply amending this aspect of the approval.

The amendment also proposes to add 3 additional silos to Farms 1 and 3 and extending the internal road system to cater for the additional sheds, which are considered incidental works to the approved land use.

In conclusion, the proposed amendments:

- Will not increase the number of sheds, chickens or traffic movements.
- Do not substantially change the original application, specialist environment and traffic assessments and management plans.
- Will not result in any additional amenity impacts.
- Are considered minor and can be determined under the provisions of clause 77.

Accordingly, the application is being recommended for approval subject to the original conditions and an additional advice note as indicated above.

RECOMMENDATION

That Council:

1. Accept that the development application reference P17038.1 is appropriate for consideration in accordance with clause 77 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.
2. Approve development application reference P17038.1 and accompanying plans in accordance with clause 77 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, and the provisions of the Shire of Northam Local Planning Scheme No. 6, for the proposed minor amendment to the approved Free Range Poultry Broiler Farm at Lot 13 Northam-York Road, Muluckine subject to the following advice note:

New Advice Note:

7. The weather conditions shall be considered when carrying out activities that have the potential to emit odours, such as cleaning out sheds and emptying and disposal of wastes.

All other conditions and requirements detailed on the previous approval dated 26 May 2017, as amended by the Development Approval dated 16 February 2022, shall remain unless altered by this application.

Dear Jacky

LOT 13 NORTHAM-CRANBROOK ROAD, MULUCKINE – AMENDMENT TO APPROVED FREE-RANGE BROILER POULTRY FARM

We are pleased to enclose an application to amend the development approval for the free-range broiler poultry farm approved by the Shire of Northam on 25 May 2017.

The proposed amendments increase the number of sheds on Farms 1 and 3 from 4 to 6 sheds and removes Farm 4 from the approved development. The number of sheds remains the same at 16. The amendments are proposed to improve the efficiency of both the operation and farm infrastructure.

In accordance with the Shire's requirements please find enclosed:

- An executed Shire of Northam Application Form;
- Amended Site plan to increase the number of sheds on Farms 1 and 3 and remove Farm 4
- Amended plans of Farms 1 and 3; and
- The Certificate of Title.

Background

The Shire of Northam as its meeting held on 25 May 2017 approved the Free-Range Broiler Poultry Farm. The approved development includes 4 Farms of 4 sheds each (total 16 sheds).

As part of the consideration of the application, Main Roads Western Australia, the Department of Water, the Department of Health, EPA, the Department of Environment Regulation and the Department of Agriculture and Food were all consulted. None of the referral agencies objected to the proposed development.

Importantly, the Environmental Assessment and Management Plan and the Odour and Dust Impact Assessment submitted with the application was based on 6 sheds in each Farm i.e a total of 24 sheds while the application only applied for 4 sheds on each farm (16 sheds). This is noted in the Council Agenda on page 27.

It should also be noted that the odour and dust modelling was based on 6 sheds on each Farm, which was reviewed by an independent expert appointed by the Shire of Northam who concluded. *'The peer review confirmed proponent's modelling and report is a fair representation of odour modelling and that the emission estimation methodology is appropriate and conservative subject to clarification. The magnitude of odour and*

Ms Jacky Jurman
Shire of Northam

LOT 13 NORTHAM-CRANBROOK ROAD, MULUCKINE – AMENDMENT TO APPROVED FREE RANGE BROILER POULTRY FARM

dust emission rates presented in proponent's modelling and report is consistent with expectations for similar poultry operations.'

At present, 3 sheds have been constructed on Farms 1 and 3. Farms 2 and 4 remain undeveloped.

We understand that no complaints have been received by the Shire of Northam in relation to the operation of the free-range broiler poultry farm.

It is also interesting to note that while the Approved Site and Farm Plans show 4 farms of 4 sheds each, the approved Farm Layout Plans shows 6 sheds.

Proposed Amendments

The proposed amendments involve:

- Increasing the number of sheds on Farm 1 from 4 to 6 sheds. This includes 3 additional silos and extending the compacted roadway.
- No change to Farm 2;
- Increasing the number of sheds on Farm 3 from 4 to 6 sheds. This includes 3 additional silos and extending the compacted roadway; and
- Removing Farm 4 from the application.

The total number of sheds remains unchanged at 16. Other than the additional silos on Farms 1 and 3, there are no additional amenity, machinery, generator or water tanks on each Farm.

In terms of staging, the additional 3 sheds on each of Farms 1 and 3 will be constructed upon approval (noting 3 sheds currently exist on each Farm). Farm 2 will not likely be constructed for another 3 to 5 years.

The amendments are proposed as Ingham's require the 6 shed modules for better efficiency in terms of delivery and pickup of the birds.

The amendments also improve the Farm efficiency as the majority of the infrastructure already exists on Farms 1 and 3.

Importantly, there is no difference in operation between a 4 shed module and a 6 shed module and the numbers of sheds, the number of chickens and the number of traffic movements remains the same as approved.

Planning Assessment

Zone

There has been no change to the 'Rural' zoning under Local Planning Scheme No. 6.

Land Use

There is no change to the approved land use of 'Animal Husbandry Intensive', which is a 'D' discretionary land use within the Rural Zone.

Ms Jacky Jurman
Shire of Northam

LOT 13 NORTHAM-CRANBROOK ROAD, MULUCKINE – AMENDMENT TO APPROVED FREE RANGE BROILER POULTRY FARM

Clause 67 of Deemed Provisions

The original application considered the proposed development under Clause 67 of the Deemed Provisions and concluded that the development complied with the provisions (as reflected in the agenda).

Given that the development proposes the same number of sheds, the number of chickens and traffic movements are the same, the assessment remains appropriate.

Rural Zone Objectives

The proposed amendment to the approved plans meets the Rural Zone Objectives as:

- The proposal is a local agricultural industry that is located in cleared areas and therefore does not impact the landscape quality or capability of the land;
- The proposal is primary production, and the balance of the land is also used for primary production;
- The land does not require any clearing and is screened from view by topography and vegetation and there are no drainage or salinity issues.

LPS6 General Requirements

The setback, earthworks, car parking and traffic entrance provisions of LPS6 were previously considered and the addition of the two sheds to Farms 1 and 3 does not change this assessment.

Odour and Dust Impacts

As indicated, the Environmental Assessment and Management Plan and the Odour and Dust Impact Assessment submitted with the original application was based on 6 sheds in each Farm. The odour and dust modelling, based on 6 sheds on each Farm, was reviewed by an independent expert appointed by the Shire of Northam.

Traffic Impacts

As indicated above there is no change to the traffic assessment which will be on average 3 heavy vehicle movements per day with an average of 92 movements per month. All vehicle movements will take place during daylight hours except for the trucks that take the birds to the processing plant, which will enter the site at night and depart at 8am.

The traffic route remains the same with access the site via the existing crossover. Both the Shire and Main Roads did not raise any concerns with the access, traffic generation or travel route.

Conclusion

This amended application retains the same numbers of sheds, same number of chickens and same traffic movements. The proposed amendment is simply to improve farm efficiency.

The original environmental assessment was based on 6 shed on each farm (24 in total) and therefore the environmental impacts have already been considered.

We look forward to your favourable consideration of this application.

Dear Mr & Mrs O'Brien,

**RE: ANIMAL HUSBANDRY INTENSIVE - FREE RANGE BROILER POULTRY FARM
LOT 13 NORTHAM-CRANBROOK ROAD, MULUCKINE**

Thank you for your application lodged on behalf of the landowner, Zippo Pty Ltd, regarding the above proposal.

I wish to advise that Council at its Special Meeting held on Thursday 25th May 2017 resolved to approve your application for the construction of a free range poultry broiler farm at the above property. This approval is subject to the conditions contained on the attached Notice of Determination and approved plans (attached).

Pursuant to Clause 76(2) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, an affected person (the applicant or the owner of the land) may apply to the State Administrative Tribunal for a review of a reviewable determination in accordance with the *Planning and Development Act 2005* Part 14.

You are also reminded that **this approval does not constitute a Building Permit**. In order to begin construction and on-site works, you are required to lodge and have issued a Building Permit, addressing any conditions of this Development Approval relevant to the permit.

Should you have any further queries regarding this matter please contact Courtney Wynn on 9622 6143 or via email planning1@northam.wa.gov.au.

Yours sincerely

**PLANNING AND DEVELOPMENT ACT 2005
SHIRE OF NORTHAM**

Planning and Development (Local Planning Schemes) Regulations 2015, Schedule 2 Part 11, cl. 86(4)

Notice of determination on application for development approval

Location: Northam-Cranbrook Road, Muluckine			
Lot No: 13	Plan/Diagram: D94266		
Certificate of Title Vol. No: 2125	Folio No: 166	Application No: P17038	
Application Date: 31/03/2017	Received On: 31/03/2017		
Description of proposed development: ANIMAL HUSBANDRY INTENSIVE - FREE RANGE POULTRY BROILER FARM			
The application for development approval is approved subject to the following conditions:			
General conditions			
<ol style="list-style-type: none">1. The development hereby permitted must substantially commence within two years from the date of this determination notice.2. The development hereby permitted taking place in accordance with the approved plans dated 25/05/17 in addition to any documentation endorsed with an 'Approved' stamp by the Shire of Northam.3. Approval is granted for a maximum of sixteen (16) poultry sheds.4. All activities associated with the construction of the development must be carried out to the satisfaction of the local government and all care must be taken to minimise the effect of such activities on the amenity of the locality.5. All stormwater shall be discharged in a manner so that there is no discharge into watercourses or onto the adjoining properties to the satisfaction of the local government.6. Chemicals storage areas shall be located within bunded impervious areas capable of containing any spillages to the satisfaction of the local government.7. Feed shall be stored inside of the designated feed silos at all times to prevent access to vermin and native fauna.8. Deceased birds are to be removed and disposed of offsite as soon as practicable. Deceased birds are not permitted to be buried or disposed of on site.9. A bin storage system, suitable for containing odours from dead birds being stored for more than 24 hours before disposal off-site, being provided for each farm module.10. All vehicles utilised to transport birds and waste to and from the site are to be enclosed/covered.			

ABN 42 826 617 380
395 Fitzgerald Street - PO Box 613, Northam WA 6401
T (08) 9622 6100 F (08) 9622 1910
E records@northam.wa.gov.au W www.northam.wa.gov.au

11. Sea Containers are to have an external colour that blends in with the surrounding environment to the satisfaction of the local government.
12. A notice indicating the type of operation, hours of operation, contact information and potential impacts of the poultry farm operation must be displayed at the entrance of the property to the satisfaction of the local government.
13. Composting or spreading of used litter as manure is not permitted to occur on the site.
14. Used litter and manure associated with the development is not permitted to be stockpiled on the site for a period longer than 24 hours after being removed from the sheds.
15. In the event the local government receives a valid* complaint regarding odour and/or dust, the poultry farm operator shall examine conditions which led to the emission, including weather conditions, infrastructure and operational activities and report the findings to the Shire of Northam. Where infrastructure or operational activities are demonstrated to have caused odour or dust emission, the proponent will, by agreement with the Shire, determine how to best modify operating practices to reduce risk of emission. The local government will make the outcome of the investigation available to the complainant.

**A valid complaint is a complaint where evidence regarding the complaint can be substantiated as being valid by the local government and/or an independent assessment by a suitably qualified expert in odour/dust management, who concludes that it is likely that applicable odour/dust criteria are being exceeded.*

Conditions to be met prior to commencement of works and/or use

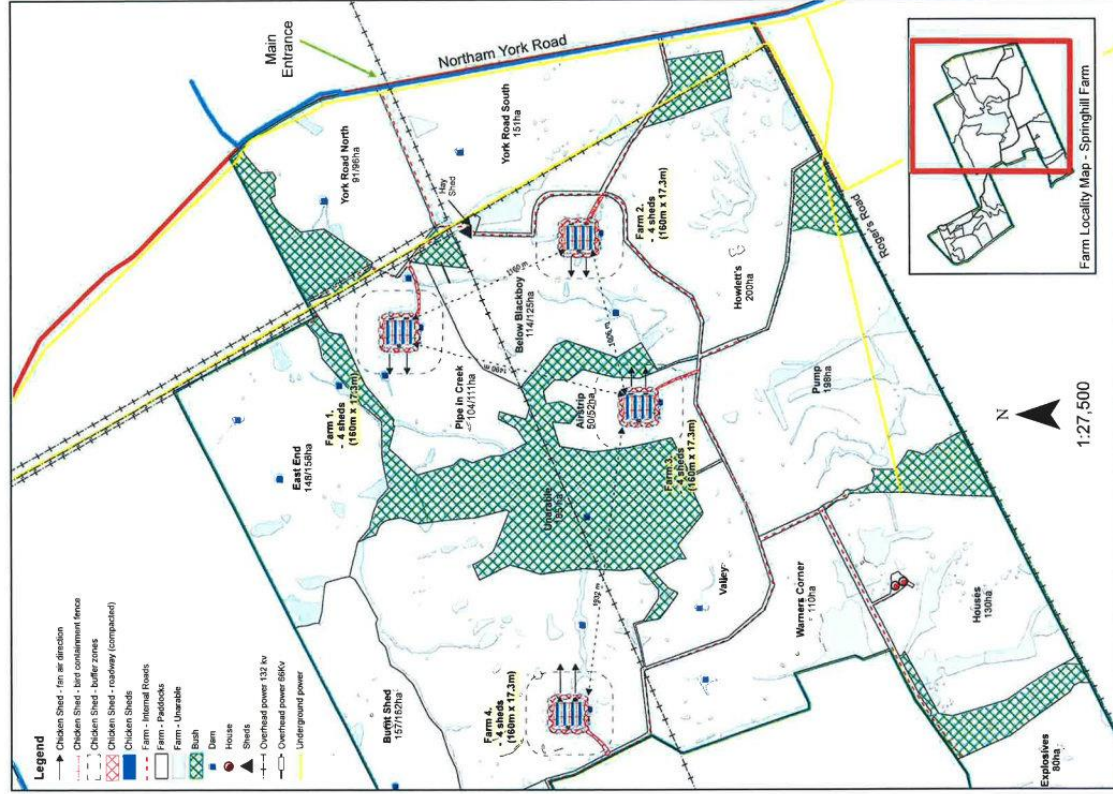

16. Prior to commencement of development, a detailed landscape screening plan is to be submitted to and approved by the local government.
17. Prior to the commencement of development, detailed drainage plans shall be submitted to the satisfaction of the local government.

Conditions to be met prior to occupation

18. Prior to occupation of the development, landscape screening is to be completed in accordance with the approved plans or any approved modifications thereto to the satisfaction of the local government.
19. Prior to occupation, earthworks and batters are to be stabilised and vegetation is to be planted to prevent loose or erodible conditions and to minimise sand or dust to the satisfaction of the local government.
20. Prior to occupation, stormwater drainage works must be completed in accordance with the approved plans to the satisfaction of the local government.
21. Prior to occupation, the development hereby permitted shall be connected to an approved effluent disposal system.
22. Prior to occupation, an area for each farm module shall be set aside for the purpose of waste disposal/collection bins.
23. Prior to occupation, a Fire Response Plan shall be submitted to the satisfaction of the local government. Once approved, the Fire Response Plan is to be implemented in its entirety.

<p>24. Prior to occupation, perimeter fencing for each module is to be constructed to the satisfaction and specification of the local government.</p> <p>25. Immediately upon completion of the development and prior to occupation of the development, the owner or occupier of the subject land must give written notice to the local government that, in his/her view, the development complies with all the requirements of this approval. The development must not be occupied until the local government has issued a statement in writing confirming that the development complies with this approval.</p>	
<p>Conditions requiring ongoing compliance</p>	
<p>26. All car parking areas, loading areas, and vehicle access and circulation areas are to be maintained and available for car parking/loading, and vehicle access and circulation on an ongoing basis to the satisfaction of the local government.</p> <p>27. All landscape screened areas are to be maintained on an ongoing basis to the satisfaction of the local government.</p> <p>28. The on-site drainage system shall be maintained on an ongoing basis to the satisfaction of the local government.</p> <p>29. The waste bin areas shall be maintained on an ongoing basis to the satisfaction of the local government and shall not be used for any other purpose.</p>	
Note 1:	If the development the subject of this approval is not substantially commenced within a period of 2 years, or another period specified in the approval after the date of the determination, the approval will lapse and be of no further effect.
Note 2:	Where an approval has so lapsed, no development must be carried out without the further approval of the local government having first been sought and obtained.
Note 3:	If an applicant or owner is aggrieved by this determination there is a right of review by the State Administrative Tribunal in accordance with the <i>Planning and Development Act 2005</i> Part 14. An application must be made within 28 days of the determination.
Note 4:	A Building Permit being obtained prior to the commencement of any works.
Note 5:	Applications for septic tanks and effluent disposal systems are to be submitted to and approved by the Local Government's Health Department.
Note 6:	The development is required to comply with the Health (Treatment of Sewerage and Disposal of Effluent and Liquid Waste) Regulations 1974.

Attachment 4 – Statutory Assessment

An assessment of the applicable provisions of LPS6, including the Deemed Provisions and LPPs in relation to the proposed amendments has been carried out as follows:

Clause	Provision	Proposal	Assessment
Shire of Northam Local Planning Scheme No. 6			
3.1 & 3.2	<p>Zones – Rural Objectives –</p> <ul style="list-style-type: none"> To provide for horticulture, extensive and intensive agriculture, agroforestry, local services and industries, extractive industries and tourist uses which ensure conservation of landscape qualities in accordance with the capability of the land. To protect the potential of agricultural land for primary production and to preserve the landscape and character of the rural area. 	Amendment to approved free-range broiler farm.	The proposed amendments and continued land use are consistent with the objectives of the rural zone.
3.3	<p>Zoning Table – 'Animal husbandry – intensive' means premises used for keeping, rearing or fattening of pigs, poultry (for either egg or meat production), rabbits (for either meat or fur production) and other livestock in feedlots. D – discretionary land use (use is not permitted unless the LG has exercised its</p>	Amendment to approved free-range broiler farm.	<p>The amendment does not propose to change the approved land use, which was defined as 'animal husbandry – intensive'. A development application has been submitted to amend the approval in accordance with clause 77 of the Deemed Provisions.</p>

Clause	Provision	Proposal	Assessment
	discretion by granting development approval.		
4.5	Site and development requirements – Rural: Setbacks 25m front; 20m sides and rear.	Increase number of sheds from 4 to 6 on Farms 1 and 3. Removing shed 4. The closest lot boundary is approximately 460 metres.	The development is setback greater than required by clause 4.5.
4.12	Landscaping – may be required.	Trees were planted around each farm to improve the visual appearance.	Trees will also be required to be planted around the expanded farm footprints. Condition 18 requires landscaping screening to be completed. No additional condition required.
4.16	Access for loading and unloading of vehicles	It is proposed to extend the compacted internal roadways to cater for the new farm footprints.	Condition 2 requires development to be carried out in accordance with approved plans. This condition will be amended to reflect updated plans. Condition 26 requires all vehicle access and circulation areas to be maintained. No additional condition required.
4.31	Amenity of non-residential development – form and scale to be compatible; buildings to have complementary colours and styles; visual impacts to be minimised by use of vegetation and tree retention.	Increase number of sheds from 4 to 6 on Farms 1 and 3. Removing shed 4. Design of new sheds to match existing.	The proposed amendment is not proposing to change the design or size of the sheds. As indicated previously, the landscaping requirements of condition 18 will apply.

Clause	Provision	Proposal	Assessment
			No new impacts on the amenity have been identified as a result of the proposed amendments.
Deemed Provisions – Clause 67(2) of Regulations			
A	the aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area.	Amendment to approved free-range broiler farm.	The amended proposal also complies with clause 2.3.8 of the Scheme which identifies the objectives of the rural zone.
B	The requirements of proper and orderly planning, including any scheme amendments.	Amendment to approved free-range broiler farm.	An application to amend the development approval has been submitted in accordance with the provisions of clause 77 of the Deemed Provisions.
C	Any approved State Planning Policy – SPP2.5 and SPP3.7	Amendment to approved free-range broiler farm.	The amended proposal also complies with relevant State Planning Policies including; <ul style="list-style-type: none"> • State Planning Policy 2.5 – Rural Planning • State Planning Policy 3.7 – Planning in Bushfire Prone Areas
D	any environmental protection policy approved under the <i>Environmental Protection Act 1986</i> section 31 (d);	Increase number of sheds from 4 to 6 on Farms 1 and 3. Removing shed 4.	The amended proposal also complies with the EPA Guidelines for Separation between Industrial and Sensitive Land Uses (2005).
E	Any policy of the Commission – Government Sewerage Policy	Increase number of sheds from 4 to 6 on Farms 1 and 3. Removing shed 4.	The amended proposal complies with the Government Sewerage Policy. There are no changes

Clause	Provision	Proposal	Assessment
			proposed to the effluent disposal system as approved.
FA	Any local planning strategy – Shire of Northam Local Planning Strategy	Amendment to approved free-range broiler farm.	The amended proposal is also consistent with the objectives of the Rural zone.
G	Any local planning policy – LPP20 Advertising of Planning Proposals	Amendment to approved free-range broiler farm.	The application was advertised in accordance with the provisions of LPP20.
I	Any report of review of the local planning scheme – Report of Review of the Shire of Northam Local Planning Scheme No. 6	Amendment to approved free-range broiler farm.	The report of review does not affect this proposal.
M	The compatibility of the development with its setting including the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4.	The amended proposal also achieves all minimum setbacks to adjoining land. The continued use is compatible with the Rural zoning of the subject site and adjoining land. The height, bulk and scale of the additional structures will be adequately screened from view through condition 18.
N	The amenity of the locality including the following — (i) environmental impacts of the development; (ii) the character of the locality; (iii) social impacts of the development.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4. No increase in number of sheds, chickens or traffic movements is proposed.	The proposed amendments will not result in any additional amenity impacts when compared to the originally approved proposal.

Clause	Provision	Proposal	Assessment
O	The likely effect of the development on the natural environment or water resources and any means that are proposed to protect or to mitigate impacts on the natural environment or the water resource.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4. No increase in number of sheds, chickens or traffic movements is proposed. Drainage management plan has been submitted and approved in accordance with condition 17.	The amended proposal also achieves the minimum 200m setback to a watercourse. The approved drainage management plan continues to apply through conditions 20 and 28.
P	Whether adequate provision has been made for the landscaping of the land to which the application relates and whether any trees or other vegetation on the land should be preserved.	Trees were planted around each farm to improve the visual appearance.	Trees will also be required to be planted around the expanded farm footprints. Condition 18 requires landscaping screening to be completed. No additional condition required.
Q	Suitability of the land for the development taking into account the possible risk of flooding, tidal inundation, subsidence, landslip, bush fire, soil erosion, land degradation or any other risk.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4.	The site is not located within a designated flood plain area. The site is located within a designated bushfire prone area. A bushfire management plan has been submitted and approved in accordance with condition 23.
R	Suitability of land for the development taking into account the possible risk to human health or safety.	Amendment to approved broiler farm.	No risks to human health or safety have been identified as a result of the amendment or were originally

Clause	Provision	Proposal	Assessment
			identified during the assessment of the original application.
S	Adequacy of the proposed means of access to and egress from the site; and arrangements for the loading, unloading, manoeuvring and parking of vehicles.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4. No increase in number of sheds, chickens or traffic movements is proposed.	The existing arrangements are adequate acknowledging that there is no proposed increase in traffic movements or generation. Improvements to the internal access will be carried out in conjunction with the construction of the new sheds.
T	Amount of traffic likely to be generated by the development, particularly in relation to the capacity of the road system in the locality and the probable effect on traffic flow and safety.	No increase in number of sheds, chickens or traffic movements is proposed.	Main Roads WA were satisfied with the original access arrangements and traffic generation. As there is no increase in traffic generation or changes in access proposed, consultation with Main Roads was not required.
U	Availability and adequacy for the development of the following — (iii) storage, management and collection of waste;	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4.	No changes to the waste management practices are proposed. Conditions 8, 9, 13, 14 and 29 relate to waste management and will remain imposed unchanged.
W	History of the site where the development is to be located.	Amendment to existing development approval.	Refer to the Background section of the Agenda Item. Proposed amendment relates to existing development approval (ref: 17038) granted by Council on 25 May 2017.
X	The impact of the development on the community as a whole notwithstanding the	Increase number of sheds from 4 to 6 on Farms 1 and 3,	The proponent has demonstrated that the development will not have a

Clause	Provision	Proposal	Assessment
	impact of the development on particular individuals.	including 3 additional silos at each farm. Removing shed 4. No increase in number of sheds, chickens or traffic movements is proposed.	detrimental impact on the local community as a whole by achieving adequate separation distances and demonstrating that compliance with all applicable legislation can be achieved.
Y	Any submissions received on the application.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4.	One submission was received from the Water Corporation raising no objections. No submissions were received objecting to the proposal.
XA	The comments or submissions received from any authority consulted under clause 66.	Increase number of sheds from 4 to 6 on Farms 1 and 3, including 3 additional silos at each farm. Removing shed 4.	No comments or submissions were sought as part of the assessment of the proposed amendment taking into account there is no proposed increases in sheds, chickens or traffic. Comments and advice from relevant agencies were considered in the assessment of the original application.
ZB	Any other planning consideration the local government considers appropriate.	Amendment to development approval.	Clause 77 of the Deemed Provisions enables approvals to be amended if amended would not substantially change the approval. As there is no increases of farms, sheds, chickens or traffic proposed, the amendment proposed will not substantially change the approval, and therefore can be considered under the provisions of clause 77.

13.4 CORPORATE SERVICES

13.4.1 Accounts & Statements of Accounts from 1 January 2022 to 31 January 2022

File Reference:	2.1.3.4
Reporting Officer:	Louise Harris, Creditors Officer
Responsible Officer:	Colin Young, Executive Manager Corporate Service
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to receive the accounts for the period from 1 January 2022 to 31 January 2022.

ATTACHMENTS

Attachment 1: Accounts & Statements of Accounts – January 2022.
Attachment 2: Declaration.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

Pursuant to Financial Management Regulation 13, a list of payments made from Municipal and Trust accounts is required to be presented to Council on a periodical basis. These details are included as Attachment 1. In accordance with Financial Management Regulation 12, the Chief Executive Officer has delegated authority to make these payments.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Payments of accounts are in accordance with Council's 2021/22 Budget.

B.3 Legislative Compliance

Section 6.4 & 6.26(2) (g) of the Local Government Act 1995.
 Financial Management Regulations 2007, Regulation 12 & 13.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Not applicable.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Figures not reflecting the true financial situation	Rare (2) x Medium (3) = Low (3)	There are processes in place to show compliance with relevant legislation
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Report not being accepted by Council	Rare (2) x Medium (3) = Low (3)	There are processes in place to show compliance with relevant legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

B.7 Natural Environment Considerations

Nil.

C. OFFICER'S COMMENT

The matter of Council 'supporting local business' has been raised over a long period. To assist in providing a greater understanding of the purchasing patterns of the Shire of Northam, the following graph summarises the payments made locally for the month of January 2022;

RECOMMENDATION

That Council receive the payments for the period 1 January 2022 to 31 January 2022, as listed:

- Municipal Fund payment cheque numbers 35472 to 35477 Total \$57,663.93.
- Municipal Fund EFT42449 to EFT42747 Total \$1,423,108.71.
- Direct Debits Total \$89,637.93.
- Payroll Total \$481,522.24

TOTAL: \$2,051,932.81

Which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

File Reference:	2.1.3.4
Reporting Officer:	Zoe Macdonald, Accountant
Responsible Officer:	Colin Young, Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to receive the Financial Statement for the period ending 31 January 2022.

ATTACHMENTS

Attachment 1: Financial Statement for the period ending 31 January 2022.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 31 January 2022 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statements
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Cash Position
- Rating Information
- Cash Flow Information

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council finance staff prior to the meeting.

Operating Revenue

1. Governance is over budget by \$21,614 due to the revenue release from AASB15 of the contract revenue for a trainee apprenticeship grant of \$25,004.
2. Other Economic Services is under budget by \$34,555 due to Income Retic of \$12,357, BKB Programs of \$10,168, leases and outgoings \$3,549 and building permits of \$9,856
3. Other Property & Services revenue is over budget by \$96,683 due to Workers Compensation reimbursements of \$91,395 and **Fuel tax reimbursement of \$4,645.**

Operating Expenditure

4. Governance is under budget by \$211,331. This is primarily due to the following being under budget
 - Organisation software \$40,543
 - IT expense \$107,314
 - Consultancy \$37,425
 - Election Expenses \$10,476
 - Insurance \$26,507 (timing)
5. General Purpose Funding is under budget by \$49,216 due to valuations and title searches being under projected costs of \$2,244. Legal costs recoverable are \$33,538 under budget, and rates salaries of \$12,894 under budget (change in staff promotion).
6. Health is under budget by \$36,826 due to wages and salaries being under budget by \$37,078. and health expenses reallocated
7. Community Amenities is under budget by \$297,774 due to
 - Refuse collection \$30,250(timing)
 - Rubbish site maintenance \$199,972(timing of new transfer station opening)
 - Drum Muster \$6,347
 - **Street Bin Maintenance \$8,700**
 - **Septage Pond Maintenance \$10,035**
 - Consultants \$55,187
 - Tree subsidy \$8,778
 - Pest plant control \$11,662
 - Green waste management \$17,496
 - Office expenses \$1,978
 - Town planning salaries \$12,858. The position of planner has now been filled.
 - Drainage Management is over budget by \$56,763
 - Town Pool Aerators are over budget by \$9,257
8. Other property and services is over budget by \$442,846 due to

- The timing of internal allocations public works overheads allocations \$89,941 (non-cash)
- Sundry consumables \$18,234
- Plant allocation of \$98,187 (non-cash)
- Plant operation labour, **fuel**, parts and repairs \$47,219
- Staff Meetings \$21,549
- Workers compensation \$130,667(reimbursable)
- Conferences & training \$25,994

Operating Income by Nature and Type

9. Other Revenue is over budget by \$126,698 due to the demolition recovery unbudgeted of \$18,700 and Workers Compensation in note 3.

Operating Expenditure by Nature and Type

10. Materials and contracts are under budget by 20% as disclosed in notes 4 to 8.
11. Other expenditure is over budget \$297,717, due to the under recovery of public works overheads (non-cash).

Capital Expenditure

12. **The Clackline Fire Shed Upgrade has had grant approval from DFES for an additional amount of \$51,331. This will be addressed at the budget review.**
13. The SES Fire Shed Extension additional budget as endorsed by Council C.4328 will be included in the current year budget review.
14. Hockey Pitch Lighting additional expenditure was approved as a budget reviewed item for an additional \$27,000.
15. Southern Brook Road defects liability of \$20,961 was unbudgeted and will be included in the current budget review.
16. The purchase of the Flocon Truck at an additional \$21,246 over budget was both an increase in market price of the vehicle at the time of purchase and additional modifications to refurbish the original Flocon body and relocate the emulsion tank for \$9,150.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

The Financial Statements have been prepared in accordance with Council's 2021/22 Budget.

B.3 Legislative Compliance

Section 6.4 and 6.26(2)(g) of the Local Government Act.
 Local Government (Financial Management) Regulations 1996.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

N/A.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Figures not reflecting the true financial situation	Rare (2) x Medium (3) = Low (3)	There are processes in place to show compliance with relevant legislation
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A

BRIEF

Gaia is a touring artwork by UK artist Luke Jerram.

Measuring seven metres in diameter, Gaia features 120dpi detailed NASA imagery of the Earth's surface*. The artwork provides the opportunity to see our planet on this scale, floating in three-dimensions.

ATTACHMENTS

Attachment 1: GAIA by Luke Jerram (overview document).

A. BACKGROUND / DETAILS

The installation creates a sense of the Overview Effect, which was first described by author Frank White in 1987. Common features of the experience for astronauts are a feeling of awe for the planet, a profound understanding of the interconnection of all life, and a renewed sense of responsibility for taking care of the environment.

The artwork also acts as a mirror to major events in society. In light of the current COVID-19 pandemic, the artwork may provide the viewer with a new perspective of our place on the planet; a sense that societies of the Earth are

all interconnected and that we have a responsibility toward one another. After the lockdown, there has been a renewed respect for nature.

A specially made surround-sound composition by BAFTA award winning Composer Dan Jones is played alongside the sculpture. In Greek Mythology Gaia is the personification of the Earth.

Gaia has been created in partnership with the Natural Environment Research Council (NERC), Bluedot and the UK Association for Science and Discovery Centres.

In late 2021, Council's Manager Tourism & Communications contacted Luke Jerram to ascertain whether it would be possible to show the work in Northam as part of river focussed Bilya Festival over the weekend of the Avon Descent. The artist showed a great deal of enthusiasm about the project and costings have been sent for consideration.

A video of the artwork can be viewed at:
<https://www.youtube.com/watch?v=OzuSt5p4rDY&t=93s>.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth.

Outcome 1.3: Northam central business area is a strong and vibrant centre with a variety of cultural/art, retail and hospitality choices on offer every day of the week.

Objective: An activated and attractive town centre.

Outcome 1.4: A robust tourism industry which contributes to the economic development of the Shire of Northam and optimises Northam's role as a hub for tourists to the region.

Objective: Develop tourism opportunities based around the Shire's unique cultural, heritage and environmental assets

Theme Area 2: Community Wellbeing.

Outcome 2.2: There are a variety of recreation and leisure activities available for all ages, across the Shire of Northam.

Objective: Facilitate the provision of varied cultural and artistic activities.

Theme Area 4: Environment & Heritage

Outcome 4.4: Rivers and waterways in the Shire of Northam are greatly valued and maintained to a high natural standard.

Objective: The Shire of Northam is widely known and maintained as a biodiversity hotspot and the premier destination to experience the Avon River.
 The Avon River is healthy, appreciated and used by the community and visitors for both passive and active recreation.

Theme Area 6: Governance & Leadership

Outcome 6.1: The Shire of Northam is recognised as a desirable place to live and residents are proud to live here.

Objective: Positive internal and external perceptions about Northam.
 Foster a sense of community pride.

B.2 Financial / Resource Implications

Detailed budgets have been prepared and it has been estimated that this project will cost \$40,000 to deliver. This will include a suitably-sized PR campaign around this. Budget has been reduced due to the ability to partner with the Brisbane Festival to share costs.

Due to planning timeframes, in order to secure the work, the artist and Brisbane Festival as a cost-sharing partner require a firm commitment from Northam by 17 February 2022 in order for the project to go ahead.

The cost of this project will be included in the Bilya Festival program budget and grant funding will be sought from funders such as Tourism WA, the Department of Water and Environmental Regulation, LotteryWest (who currently have a sustainability and environmental focus) and Department of Culture & Arts to offset costs to Council for the project.

B.3 Legislative Compliance

N/A.

B.4 Policy Implications

N/A.

B.5 Stakeholder Engagement / Consultation

To date, discussions have been held both internally and with the artist.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Cost of presenting	High 15	Economic benefit, high profile coverage for Northam will

			outweigh this, as well as sustainability messaging
Health & Safety	N/A		
Reputation	N/A		
Service Interruption	N/A		
Compliance	N/A		
Property	N/A		
Environment	N/A		

B.7 Natural Environment Considerations

No environmental impacts will be felt by the installation of this artwork. It is intended that the GAIA provocation of “a feeling of awe for the planet, a profound understanding of the interconnection of all life, and a renewed sense of responsibility for taking care of the environment” will complement the Shire of Northam’s sustainability focus and allow for renewed interest in local environmental matters.

C. OFFICER’S COMMENT

It is intended that the GAIA installation be installed onto the Avon River from 11-14 August 2022 as the key program element for the Bilya Festival and over the Avon Descent weekend. Using GAIA as the central focus staff will develop an aligned program to integrate Aboriginal environmental knowledge activities, on country river walks and schools workshops to provide local relevance and understanding.

The installation of the GAIA artwork in Northam will provide the following benefits:

- Increased visitation (see impact figures from previous installations below)
- Increased dwell-time for visitors around the Avon Descent
- The ability to put Northam in the international spotlight (a WA exclusivity agreement is currently being negotiated, so that this would be unique to Northam)
- The ability to highlight important sustainability and cultural messages through associated PR campaign and planned activities and position the Shire of Northam as a leader.
- An opportunity to activate Bilya Koort Boodja, and to provide a worldwide platform for the centre to be profiled
- Increased reputation for Northam as a unique place to visit, and increased opportunities for future marketing & PR activity from associated media and photography.

GAIA in numbers- previous installations

- Natural History Museum, London had 30,000 visitors in 4 days
- Liverpool Cathedral, UK had 200,000 visitors over 3 weeks
- LeeTung Avenue, Hong Kong normally receives 50,000 visitors each month, but this increased to 200,000 visitors to see Gaia
- 89,000 visitors saw Gaia at National Science & Media Museum, Bradford, UK over the 6 week school summer holiday period
- 370,000 visitors saw Gaia in Essen, Germany as part of their Light Festival across 10 days.

It is believed that the overall economic tourism potential, activation possibilities and exposure potential for Bilya Koort Boodja and the opportunity to capitalise on the associated sustainability messaging of GAIA to further Council's agenda are invaluable to achieving a number of desired outcomes in Council's corporate and strategic plans.

RECOMMENDATION

That Council:

- 1. Approves the booking of the GAIA work for 11-14 August 2022.**
- 2. Include \$40,000 in the 2022/23 Draft Budget for the project.**

Attachment 1: GAIA by Luke Jerram (overview document)

Floating Earth

By Luke Jerram

Floating Earth is Luke Jerram's brand new touring artwork, co-commissioned by [Light Night Wigan](#) and [Quays Culture](#) in Salford, UK. It is a giant 10m diameter replica of planet earth, presented floating on water, designed using imagery taken directly from NASA.

<https://my-earth.org/installations/floating-earth/>

During its debut presentation in Pennington Flash, Wigan, UK, more than 30,000 people came to visit the artwork over just 6 days!

Floating Earth gives visitors a unique experience to view the Earth as though it has impossibly fallen from the sky. It gives us the chance to experience a new perspective on our place on Earth and encourages us to question our relationship with our planet.

Watch the film of the artwork.. <https://www.youtube.com/watch?v=hKbpR1Ry93I>

The installation aims to create a sense of the *Overview Effect*, which was first described by author Frank White in 1987. Common features of the experience for astronauts are a feeling of awe for the planet, a profound understanding of the interconnection of all life, and a renewed sense of responsibility for taking care of the environment. [Watch this great film about the phenomenon.](#)

Unlike the moon, which we have been gazing at for millennia, the first time humankind got to see the Earth as a blue marble floating in space was in 1968 with NASA's Apollo 8 mission. At this moment, our perception and understanding of our planet changed forever. Hanging in the black emptiness of space the Earth seems isolated, a precious and fragile island of life. From a distance, the Earth is just a pale blue dot.

The installation is presented with a surround sound composition by BAFTA award winning Composer Dan Jones.

Watch a short film of the artwork here: <https://www.youtube.com/watch?v=hKbpR1Ry93I>

Marketing and Promotion

We can send you high resolution imagery and films for your marketing and promotion. Luke can also create mockups of Floating Earth in your landscape. Alternatively, you can work with your own designer for this.

The public are encouraged to seek out the artwork, take photos and post them to social media [#FloatingEarth](#). The artwork is fun for amateur photographers and creates a spectacular scene to capture.

About Luke Jerram

Luke Jerram's multidisciplinary practice involves the creation of sculptures, installations and live arts projects. Living in Bristol, UK but working internationally, Jerram has created a number of extraordinary art projects over the last 24 years which have excited and inspired people around the globe. www.lukejerram.com

Jerram is known worldwide for his large scale public engagement artworks. His artwork the Museum of the Moon is one of Luke's newest arts projects that has caught the public's imagination which is currently touring. Experienced by more than 20 million people worldwide, the artwork has recently toured India with the British Council, been presented at the Commonwealth Games in Australia and exhibited in Aarhus, Denmark for the European Capital of Culture.

The Palm Temple – inspired by sacred architecture of cathedrals and mosques.

'Park and Slide' a giant 90m water slide presented on Park Street in Bristol in May 2014. With 96,573 requests for a 'ticket to slide', more than 65,000 people came to watch on the day. It generated 350 news articles reaching more than 600 million people around the globe. The project has now been copied with commercial urban slide companies popping up around the world.

His celebrated street pianos installation 'Play Me, I'm Yours' has been presented in over 50 cities so far, reaching an audience to date of over 10 million people around the world. Over 1500 street pianos have been installed in cities across the world for the public to play. Cities include Toronto, Paris, Barcelona, Sydney, London and Hong Kong.

Launched by the French Minister of Culture in Paris and Mayor Bloomberg in NYC, the installation has received press coverage in almost every newspaper and television station around the globe.

All Around London, an Invitation to Make Music

Postscript Appended

LONDON — The piano was standing innocently near the Millennium Bridge, minding its own business except for a cheeky come-on — “Play Me, I’m Yours” — printed on its side. For a 24-year-old Australian tourist named Lauren Bradley, it was as alluring as a sign savin’ “Free Chocolate.”

Related
 More photos and video of the project.

Blog
 ArtsBeat

“I live away from home and don’t have my own piano, so any chance I get to tinker, I take it,” Ms. Bradley said, spotting the piano after crossing the bridge. Without even sitting down, she pounded out the beginning of “Ain’t Misbehavin’” as passers-by recorded her brief performance on their cellphones.

The London project is scheduled to last until Monday and has cost about \$12,000 (or a bit more than \$22,000), Mr. Jerram said. The biggest obstacle was the city’s tangled, multilayered bureaucracy, which required him to obtain a separate music license for each nation. He used old, unwanted pianos that people had “dropped out,” he said — in contrast to São Paulo, where pianos are scarce and so precious that they cost a year’s

HEARST/STAMPERS FOR THE TIMES

'Sky Orchestra' is another critically acclaimed large scale touring project, which grew out of a three year NESTA Fellowship Jerram was awarded in 2001. In 2011 the Mayor of London commissioned Sky Orchestra to fly over London to celebrate the Olympics. In 2007 they launched the Sydney Festival and in 2006 they were commissioned by the RSC and Fierce to fly over Stratford-Upon-Avon.

Working with the ISVR (Institute of Sound and Vibration Research), University of Southampton the team were awarded a major grant from EPSRC and a further grant from the Arts Council England to design, build and tour artwork 'Aeolus' – Acoustic Wind Pavilion.

Jerram's Glass Microbiology artworks are in museum collections around the world including The Metropolitan Museum of Art (NYC), Shanghai Museum of Glass, Wellcome Collection (London) and Corning Museum of Glass (USA). In 2010 Jerram won the coveted Rakow Award for this work and a fellowship at the Museum of Glass, Washington. In 2009 his sculptures were presented at Mori Museum, Tokyo along with work by Damien Hirst, Andy Warhol and Leonardo da Vinci. Jerram's sculptures have also been recognised in the scientific community with features in The Lancet, Scientific American, The BMJ and on the front cover of Nature Magazine.

[Withdrawn](#) was an installation artwork consisting of a flotilla of fishing boats installed into Leigh Woods Bristol. The project was commissioned by the National Trust and was delivered in partnership with Forestry Commission as part of [Bristol 2015](#).

The artwork was designed for the public to stumble upon and explore in the woodland and also acted as [a venue for a series of events](#) taking place over the summer.

Jerram's ongoing research of perception is fuelled by the fact that he is colour-blind. He studies the qualities of space and perception in extreme locations, from the freezing forests of Lapland to the sand dunes of the Sahara desert. New ways of seeing and new artworks emerge from these research field trips. Works such as 'Retinal Memory Volume', Sky Orchestra and his Glass Microbiology series have emerged from Jerram exploring the edges of perception. Published by The Watershed, 'Art in Mind' is a book written by Jerram that tracks much of his perceptual research.

Luke Jerram lives in Bristol UK with his wife and two children.

Touring Artwork by
lukejerram

GAIA

my-earth.org

Gaia installed at Natural History Museum, UK, 2018

Gaia is a touring artwork by UK artist Luke Jerram.

Measuring seven metres in diameter, *Gaia* features 120dpi detailed NASA imagery of the Earth's surface*. The artwork provides the opportunity to see our planet on this scale, floating in three-dimensions.

The installation creates a sense of the *Overview Effect*, which was first described by author Frank White in 1987. Common features of the experience for astronauts are a feeling of awe for the planet, a profound understanding of the interconnection of all life, and a renewed sense of responsibility for taking care of the environment.

The artwork also acts as a mirror to major events in society. In light of the current COVID-19 pandemic, the artwork may provide the viewer with a new perspective of our place on the planet; a sense that societies of the Earth are all interconnected and that we have a responsibility toward one another. After the lockdown, there has been a renewed respect for nature.

A specially made surround-sound composition by BAFTA award winning Composer Dan Jones is played alongside the sculpture. In Greek Mythology Gaia is the personification of the Earth.

Gaia has been created in partnership with the Natural Environment Research Council ([NERC](#)), [Bluedot](#) and the [UK Association for Science and Discovery Centres](#).

*The imagery for the artwork has been compiled from Visible Earth series, NASA.

Gaia installed at Bluedot Festival, UK, 2018

Background

The artwork is 1.8 million times smaller than the real Earth with each centimetre of the internally lit sculpture describing 18km of the Earth's surface. By standing 211m away from the artwork, the public will be able to see the Earth as it appears from the Moon.

Unlike the moon, which we have been gazing at for millennia, the first time humankind got to see the Earth in its entirety as a blue marble floating in space was in 1972 with NASA's Apollo 17 mission. At this moment, our perception and understanding of our planet changed forever. Hanging in the black emptiness of space the Earth seems isolated, a precious and fragile island of life. From a distance, the Earth is just a [pale blue dot](#).

Over its lifetime, *Gaia* will be presented in a number of different ways both indoors and outdoors. Whether the artwork is presented in a museum, science centre or parkland, the experience and interpretation of the artwork will change. *Gaia* also acts as a venue, with local hosts creating their own programme of events to take place beneath the artwork.

[Watch this great film](#) capturing the atmosphere and public response.

[Watch this film](#) by commissioning partner NERC with Luke Jerram talking about the artwork.

Gaia installed at Natural History Museum, UK, 2018

Making the Earth turn

When *Gaia* is presented indoors, the artwork is presented slowly turning. A 220v motor mounted at the top of the artwork makes it slowly revolve. See separate technical document.

Outside, the wind has a tendency to stop the motor/Earth from turning which can damage the motor. So the motor is only used indoors.

[Watch this short film of the artwork rotating.](#)

Good locations for the artwork

Indoor location examples: museum, gallery, concert hall, Botanic garden glass house, swimming pool, cathedral (if already shown *Museum of the Moon*).

The artist is interested in science and in raising issues around the global environmental challenges humanity faces. As an atheist he is not keen for *Gaia* to be used to promote notions of creationism. However, churches/cathedrals who have previously showed *Museum of the Moon* are permitted to present *Gaia* as a comparison experience for the public.

Outdoors: Parkland, town squares, over a pond/lake.

Context

Choosing a location or context which prompts thinking about global issues is important. It may have resonance in different ways: culturally, scientifically, and environmentally.

Significant dates may be worth considering, such as 'Earth Day' on 22nd April; Solstice; Solar Eclipses; Clean Air day etc.

Gaia installed at Hsin chu New Year Festival, Taiwan, 2019

Tree planting

If you plan to present *Gaia* indoors, you might like to consider partnering with a local planting or tree charity. As below, a number of new trees can be presented in the space around *Gaia* and following the presentation, these trees can be planted across the city, acting as a legacy for the artwork. The trees could be sponsored by local businesses or the public.

Experience of the artwork

The public are generally blown away by their first encounter with the artwork. They realise how much of our planet is made up of oceans and generally how small and insignificant their particular country is geographically.

Visitors instantly take out their cameras and take photos and selfies. After a while they settle down to contemplate the artwork. They sit and often lie down beneath *Gaia* spending anywhere between 10 minutes and 1 hour with the artwork.

[Watch this short film](#) of *Gaia* being presented for the first time at Bluedot Festival, UK

Gaia installed at Bluedot Festival, UK, 2018

Follow Gaia

Twitter users are able to engage with Gaia by sharing their responses and images using the hashtag #EarthArtwork. This contributes towards an understanding of how people from each location see and interpret the moon, reflecting the culture of a city and its people.

Here are some selected Tweets from visitors to *Gaia* at Bluedot, 2018:

[@CryForTheMoon18](#) 'Cheer for the Earth [@lukejerram](#) beautiful [#Earthartwork](#) sculpture [@bluedotfestival](#)'

[@McArthurDavies](#) 'Great to see [@lukejerram](#) [#earth](#) in its full glory [@bluedotfestival](#) - what an inspiring, educational festival experience.'

Surround-sound Artwork

When there are no events programmed beneath the artwork, it is presented as a surround-sound installation artwork. [This 29-minute-long composition](#), which is played on a loop, has been specially created by BAFTA and Ivor Novello award winning composer Dan Jones.

The soundtrack is available in stereo or surround-sound and can be played from existing speakers in the space, or those hired in.

Your events beneath Gaia

Gaia can also become a venue for a programme of specially curated earth-inspired events to take place. These might be dance events, choirs, yoga, bands & DJ's, classical quartets, opera, or environmental lectures etc. These events can be ticketed, providing the host with a potential income.

Installation

Gaia is 7 metres (23ft) in diameter and is air-filled for use both indoors and outdoors.

See separate Technical document for more detailed information.

An indoor presentation will take 3-5 hours to install. Luke Jerram or one of his trained representatives will help inflate and install the artwork and launch the project. He will need the support from three of your technicians, but no other members of staff from Luke Jerram Ltd. Indoor venues need a minimum height of 10 metres for the artwork to be suspended from. Spaces with high ceilings such as a museum, warehouse or large swimming pool are particularly suitable.

An outdoor presentation will take one day to install. Overhead cables for rigging the artwork should be installed by your rigging team beforehand. You can hire in a local rigging company to help install the artwork or you may feel your organisation has the staff expertise in-house. Presenting indoors is a much safer option as when it is presented outdoors wind becomes a risk factor and will need to be monitored. An outdoors presentation needs to be in a location which is reasonably sheltered from wind, such as a leafy/shaded area of parkland, a courtyard or between buildings on a not too windy street.

lukejerram

Floating Earth Method Statement

Site selection needs to consider the following...

- Wind levels at this time of year.
- Depth of water.
- Permissions.
- Public access – parking, toilets, public safety
- Access to site for delivery of artwork.
- Access to site for delivery and use of machinery/plant.
- Flat Area of 10m x 10m minimum required for assembly of the artwork
- Review security of site and how it's used at night.
- Lighting/noise at night

Advance preparations

Analysis of the depth of water in order to design layout of mooring. This is done weeks in advance. You may require an engineer to sign this mooring off.

Cameron Balloons Bristol can advise if necessary as they have worked on this with us previously.

Mooring, machinery hire as well as steel cabling for the mooring needs ordering in advance.

Overnight Security arranged.

Use of 2x powered boats will be required for 1 full day, and will need booking in.

After weeks of planning here is the installation Process :

1day for assembly +1day install on the water.

+1 extra day as contingency in case of bad weather.

Design of the Artwork

The 10m diameter Earth artwork consists of 2 main parts:

- 1) A raft with electronics.
- 2) The Earth balloon that fits on top.

The raft is made of a SUP board square raft, steel rings and an electronics box. All parts arrive in sections and will need to be assembled on the land.

Forces from wind and Mooring advice from Cameron Balloons.

If we design to a max wind speed of approximately 40mph then there is potential to see approximately 720kg force in the horizontal plan. See **engineer's calculation document**, which suggests 8 concrete anchor blocks are required.

OPTION A - Mooring arrangement for shallow water where water level doesn't change much.

Plan View.

Example from Light Night Wigan.

Film showing final artwork with this rigging.... <https://youtu.be/hKbpR1Ry93I>

OPTION B - Mooring arrangement for water levels that change over time.

Film showing how this rigging allows artwork to move...
<https://www.youtube.com/watch?v=C9sAL3Sih5w>

Day1 - 8am.

Site secured. Any tracking required (for Hiab or crane vehicle?) is laid.
Power is brought in.

The 10m diameter artwork fits into the back of a transit van.

Wooden crate 1= 110cm x 220cm x 120cm (W x L x H)
Plastic crate 1 = 102cm x122cm x 80cm
Plastic crate 2= 120cm x 100cm x 135cm
Approx. 610 KG total weight

Photo above shows 2 hours into the build.

Balloon is then fitted to the outer ring of the raft with more steel sections.

The Earth on the raft takes 1 whole day to assemble with 4 people. Pallet truck and hand tools required. See separate detailed Instructions Pdf.

The electronics box contains 4x 220v fans and power to the LED lighting above it.

Day1. Afternoon. Once the Earth is assembled, it is strapped down and secured overnight, ready for installation the next day.

Day 2 – 8am.

Concrete is craned into position and location marked with marker buoys.

Alternatively, the concrete blocks can be lowered in from a barge.

Alternatively, the concrete mooring can be placed into the water with a barge.

550kg Earth is prepared for lifting into the water.

Artwork is then lifted into the water, using the crane or a telehandler. The telehandler needs a reach forward of 4m+.

Artwork is craned into position and held in place, whilst crew in 2x boats, connect it to the 8x mooring blocks.

Alternatively, the artwork can be placed into the water with a Telehandler and slowly towed to site, using boats.

The waterproof Power Cable (60m long) is passed back to the shore and plugged into the land power supply.

Marker Buoys are removed, and the artwork is switched on. Staff on the boat/raft, ensure nothing within the Earth balloon gets tangled as it is inflated.

Here is a **timelapse film** of the artwork being inflated over 25-30minutes, in wind speeds of 10-16mph!

<https://www.youtube.com/watch?v=KhZuFauKsi0>

POWER

The 220v power draw will be in the region of 3amps. The cable runs in from the dockside, under the water then up into the base of the inflatable.

As this artwork is about the environment, climate change and the preciousness of our planet, having large diesel generators chugging away to power the artwork, should be avoided!

There should be a backup power supply (UPS) in case power from the harbourside fails.

In case of a storm.

If wind speeds are predicted to be above 40mph the Earth can be deflated, and fabric bundled on top of the raft. The fabric can be strapped down onto the raft.

This work should be done well in advance of the high winds arriving.

Background to this Artwork

Luke Jerram has successfully toured his 7m Earth artwork GAIA for several years. www.my-earth.org. This new 10m Floating Earth is the first of its kind. Designed, engineered and fabricated by Cameron Balloons this company have decades of experience in manufacturing balloons to British engineering standards.

Background to Luke Jerram

Luke Jerram's multidisciplinary practice involves the creation of sculptures, installations, and live arts projects. Living in the UK but working internationally since 1997, Jerram has created a number of extraordinary art projects which have excited and inspired people around the world. Having more than 600 exhibitions in 44 countries, he is now known globally for his innovative arts practice and large scale public artworks.

14. MATTERS BEHIND CLOSED DOORS

RECOMMENDATION

That Council, in accordance with section 11.1(i) of the Shire of Northam Standing Orders Local Law 2018 and Section 5.23 (2) (a) of the Local Government Act 1995, meet behind closed doors to consider agenda item:

- 14.1 - Chief Executive Officer Review Committee held on 9 February 2022 as it relates to a matter affecting an employee.
