Operational Matters:

With the Shire currently in the Restricted Burning Period, and heading toward Prohibited Burning Period, it is a timely reminder about the changes to the Fire Danger Rating System.

The new Fire Danger rating System is the same right across Australia and aims to provide clear recommended actions to prepare and protect your family at each level. The four levels are: 1 – **Moderate**: Plan and prepare. 2 – **High**: Be ready to act. 3 – **Extreme**: Act now to protect your life and property. 4 – **Catastrophic**: For your survival, leave bushfire risk areas.

Events Calendar

Our local schools are conducting their annual presentation, awards, and graduation ceremonies. Congratulations to all staff and students on another successful year of education.

Strategic Matters:

A reminder that t Shire of Northam Plan for the Future 2022-2032 is now available in full for public viewing via this link: <u>Council Plan 2022 - 2032</u>

6. PUBLIC QUESTION TIME

Page | 11

6.1 PUBLIC QUESTIONS

6.1 PUBLIC QUES Name:	lan Hender
	Background: Mr Hender is the owner and occupier of a property in Northam. In the last 4 years the home has flooded 3 times, the last time being the worst. Mr Hender has contacted the Shire of Northam for assistance previously and has received letters indicating the issue will be looked into, however has not received any further information.
Summary of Question:	What can the Shire of Northam do to assist Mr Hender to identify and correct issues leading to the flooding of his home?
Summary of Response:	The Chief Executive Officer will reach out to Mr Hender to further discuss the details of the issue and provide advice on how to proceed.
Name:	Jeffery Pollard <u>Background:</u> Mr Pollard is a member of the Northam and District Historical Society who have recently received correspondence from the Shire of Northam regarding lease agreements they held with the Shire. The correspondence noted the intention to re-issue the agreements as licenses to occupy rather than lease agreements and invited the Society to a meeting to discuss further.
Summary of Question:	Why are the Shire of Northam only offering the Northam and District Historical Society a license to occupy but are still issuing lease agreements to other community groups?
Summary of Response:	It is dependent on the building, for example if the Shire require access to the building, how many other groups have use of the building etc. The Shire has no desire to not provide tenure, however, are exploring options to find the best suit for each situation. Further discussion can take place at the upcoming meeting which has been arranged with the group.

7. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Name: Christopher Poulton.

<u>Background</u>

The Eastlink proposal originated from a strategy to solve a problem faced by the Mundaring Shire over 30 years ago (Trucks). The section added to the Northam Shire in the 90's was poorly planned and influenced by the Northam Shire council members at the time, as the 2 preferred routes proposed by Main Roads, were rejected by the Shire and coincidently ran through property owned by members on the Council.

The original bypass for Mundaring finished at El Caballo, before entering our Shire.

There is going to be a significant impact on 3 towns in our Shire as well as the loss of significant assets to our region (which could be avoided).

- Summary of
Question:Question 1:What has the Northam shire done to assess the impact
on the local community of Wundowie, Bakers Hill and
Clackline in regard to the proposed Eastlink project?
- **Response:** There has been no formal impact assessment undertaken with regards to these communities at this point. The specific impact is difficult to assess to this point as the current focus from Main Roads has been on route selection.
 - Question 2:

Summary of

Question:

Has the Northam shire conducted an assessment, identifying damage, loss of assets, and long term impacts to the region caused by land use taken up by Eastlink proposal?

Response: This is not a Shire of Northam project hence a regional assessment would not be undertaken by the local government. This is a State Government (Main Roads WA) project.

Summary of
Question:Question 3:
What is the Northam shires stance on main roads
forcibly taking land and homes from people along the
proposed route?

Response:	The Shire of Northam does not have a view on this matter, it is a matter for the WA Government to work within the legislative framework for the resumption of land if required.
Summary of Question:	Question 4: What is the Northam shires stance on Main Roads trying to forcibly take state heritage listed land for the purposes of the Eastlink project?
Response:	The Shire of Northam does not have a view on this matter, it is a matter for the WA Government to work within the legislative framework for the resumption of land if required.
Summary of Question:	Question 5: What is the Northam shires stance on the conservation of the Kep Track?
Response:	The Kep track is an important asset for the region and the Shire will advocate for a continuous route and the natural environment to be maintained
Summary of Question:	Question 6: What steps has the shire taken to measure that local communities are adequately informed of the impacts the proposed Eastlink project will have on their lifestyle?
Response:	The Shire of Northam is working with MainRoads WA to support their community consultation process.
Summary of Question:	Question 7: Has the shire carried out an assessment of alternatives to the Eastlink project, such as existing road upgrades that are less detrimental to the community?
Response:	This is not a Shire of Northam project and the Shire of Northam does not have the financial or human resource capacity to duplicate the work of Main Roads WA in assessing alternative routes. The Shire of Northam has however asked relevant questions in relation to the proposed route, including whether it is a viable option to simply upgrade the existing Great Eastern Highway.

Summary of Question:	Question 8: Has the Northam shire done anything to promote Main Roads to change its current proposal to reduce the impact on the communities impacted? (Please show references if any)
Response:	The Shire of Northam as one of many stakeholders has had the opportunity to provide input and feedback on the project, including the proposed route, over the past 12-24 months.
Summary of Question:	<u>Question 9:</u> What has the shire done over the past 20 years to encourage Main Roads to improve the safety along the Great Eastern Highway between El Caballo to Clackline? (Please show references if any)
Response:	The Shire of Northam has taken many opportunities to promote the improved safety of the Great Eastern Highway. This has taken place through meetings with staff and Ministers over that period. The Shire of Northam does not currently have the capacity to audit every single meeting which has occurred to provide this detail. The Shire is also part of the Wheatbelt Road Safety Alliance which brings together stakeholders (including Main Roads) to implement strategies for safer roads and safer driving.
Summary of Question:	Question 10: The town planning scheme for Bakers Hill mentions that the Northam shire has committed to preserving heritage and historical places. What action has the Northam shire implemented towards this? (Please provide a summary for each year with references)
Response:	The Shire has adopted a Heritage List that provides statutory protection to those places listed. We are also currently reviewing our Local Heritage Inventory with the assistance of grant funding from the State Heritage Office. The Shire of Northam does not currently have the capacity to audit every single meeting which has occurred to provide this data
Summary of Question:	<u>Question 11:</u>
Page 14	

	What has the Northam shire done to make sure that the Eastlink project improves the local communities that it is proposed to go through?
Response:	All impacts on the local communities will be assessed as the opportunities arise.
Summary of Question:	Question 12: Has the Northam shire voiced any concerns to Main Roads about the Eastlink project? If so, what? (Please provide documented evidence of these discussions)
Response:	The Shire of Northam has had several meetings with Main Roads to discuss this project and provide input.
Summary of Question:	Question 13: Has the Northam shire fought for the interest of the community in regard to the Eastlink project, to make sure that the people they represent do not get pushed aside by Perth city government and Main Roads. (Please provide evidence of discussion with Main Roads)
Response:	This is not a 'Perth City' project, it is a project managed by the WA Government. The Shire of Northam has had several meetings with Main Roads to discuss this project and provide input.
Summary of Question:	Question 14: Has the Northam shire carried out any statistical assessment to validate what they have been told by Main Roads?
Response:	No
Summary of Question:	Question 15: Has the Northam Shire discussed alternatives to the Eastlink proposal with Main Roads? for example, have they discussed the option to revert to the original proposal, re-joining Great Eastern Highway before El Caballo?
Response:	Yes, as previously mentioned in response to question 9.

Summary of Question:	<u>Question 16:</u> Has the Northam shire requested Main Roads validate their claims regarding time savings and other perceived benefits claimed by the construction of the Eastlink project?
Response:	No
Summary of Question:	Question 17: Has the Northam shire requested that all information be in writing and from Main Roads themselves and not the subcontracted company?
Response:	No. Noting information is provided from a number of varied sources, including directly from Main Roads.
Summary of Question:	Question 18: What has the Northam shire done to ensure that the safety of the community is not compromised with the introduction of the Eastlink proposal?
Response:	This is a WA Government, Main Roads project. The Shire of Northam has every confidence this project, if delivered, will comply with relevant standards to ensure a safe route for road users and local communities.
Summary of Question:	Question 19: Has the Northam shire carried out an assessment on the impact and change in the lifestyle of the local residents that will be impacted by the implementation of the Eastlink project?
Response:	No formal assessment has been carried out. Amenity impacts has however been considered as part of the general consultation process
Summary of Question:	Question 20: Has the Northam shire conducted an impact assessment of how this road land allocation will impact future growth on the town sites impacted by the Eastlink proposal?
Response:	Yes, the East Link has been identified in the Shire of Northam Local Planning strategy for many years and

any changes or additional information will be considered in the upcoming review process.

Summary of Question 21:

Question: Has the Northam shire conducted an impact assessment of how this road land allocation will impact future opportunities for infrastructure development? For example, re-establishing a rail line between Northam to Mundaring and Midland?

Response: No

13.1.1 Lease Agreement for Avon Valley Vintage Vehicle Association – Portion of Reserve 31355, 401 Fitzgerald Street, Northam

Clarification was sought in relation to:

 Is there any real change to the leased area? Acting Governance Coordinator advised that there was no change to the leased area, just a renewal of the previous agreement. The only change to the agreement is the rental amount which is increasing slightly due to insurance.

1 member of the gallery left the meeting at 5:36pm

12. REPORTS OF COMMITTEE MEETINGS

Cr J E G Williams declared an "Impartiality" interest in item 12.1 – Community Grants Assessment Committee Meeting Heldon 31 October 2022 as Cr Williams is a member and/or attends Progress Associations that may benefit from grants.

Cr H J Appleton declared an "Impartiality" interest in item 12.1 – Community Grants Assessment Committee Meeting Held on 31 October 2022 as Cr Appleton has been a guest at multiple NACHA meetings.

Cr A J Mencshelyi declared an "Impartiality" interest in item 12.1 – Community Grants Assessment Committee Meeting Held on 31 October 2022 as potential grantees of Community Grants are known to Cr Mencshelyi.

Further disclosure of interests is noted in the attached Committee Meeting Notes.

12.1 COMMUNITY GRANTS ASSESSMENT COMMITTEE MEETING HELD ON 31 OCTOBER 2022

Clarification was sought in relation to:

If the Shire agreed to return to the 3 year Community Event Funding Agreements, would this fit under the term of reference? CEO advised that this would fit under the term of reference but not under delegated authority. This would mean a number of the recommendations would be decisions made, but there would also be some that would have to be a motion to council.

13. OFFICER REPORTS

13.1 CEO'S Office

Cr M I Girak declared an "Impartiality" interest in item 13.1.2 – Council Meeting Dates 2023 as Cr Girak is an Elected Member of the Shire of Northam, and her decision of meeting dates can be a perceived conflict of interest.

13.1.2 Council Meeting Dates 2023

Clarification was sought in relation to:

• Clarification provided that not all attendees at the Bakers Hill meeting where there for specific items, at least 1 person attended just to observe the proceedings.

Acting Governance Coordinator advised this could be adjusted in the item.

- What is the cost/difference between having the meeting at another location compared to in the council chambers. CEO advised that the cost is not significant to the budget at around \$1000 per meeting at another location. It is more about set up and pack down times as well as travel.
- Would forum meetings be held at other locations? CEO confirmed that as recommended they would not.
- Was there any consultation with the community? CEO advised that there was no community consultation at this time as the intent of the decision to defer this decision in 2022 was to utilise the previous 12 months as a trial before coming to a conclusive decision.
- Does the Local Government reform to go online need to be considered in regard to this?

CEO advised that if does not need to form part of this decision.

Cr M I Girak declared an "Impartiality" interest in item 13.1.3 – Lease of the Wundowie Hall to Wundowie Progress Association as fellow Councillor David Galloway is the president of the Wundowie Progress Association.

Cr A J Mencshelyi declared an "Impartiality" interest in item 13.1.3 – Lease of the Wundowle Hall to Wundowle Progress Association as the chair of the Wundowle Progress Association in known to Cr Mencshelyi and is a current councillor.

CFC R Antonio declared an "Impartiality" interest in item 13.1.3 – Lease of the Wundowie Hall to Wundowie Progress Association as some of the Wundowie Progress Executives are known to Cr Antonio.

Cr D J Galloway declared an "Impartiality" interest in item 13.1.3 – Lease of the Wundowie Hall to Wundowie Progress Association as Cr Galloway is the President of WPA which is seeking lease of the Wundowie Hall.

Cr J E G Williams declared an "Impartiality" interest in item 13.1.3 – Lease of the Wundowie Hall to Wundowie Progress Association as members of the Wundowie Progress Association are known to Cr Williams.

13.1.3 Lease of the Wundowie Hall to Wundowie Progress Association

Clarification was sought in relation to:

- Can the expenses associated with the gardening around the hall be put to the association?
 CEO advised that the decision is up to Council but noted that similar leases held between the Shire and Associations regarding
- halls have the Shire listed to maintain the gardens.
 Is all income regarding the hiring of the hall to go to the Association?
 - CEO confirmed this is correct.
- So the Association is to get the benefit of community grants as well as the income generated through hiring out the hall with out having to pay for maintenance?

CEO advised that this is correct, however it is the same as other leased halls. Also advised that it can be raise again at budget time to ensure that Council is comfortable with the total fees the Association received through income and grants.

 Will the Association have to report the income generated to the Shire?

Acting Governance Coordinator advised that they do not have to report it at this time, but it is something that can be looked at.

 Will the organisations who currently lease the hall regularly still be able to? (i.e. Silver Wings)

CEO confirmed that this requirement will be specified in the agreement if it goes ahead.

Cr M I Girak declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as fellow Councillors will be impacted by changes to the Wards and reduction of Elected Member numbers in the Shire of Northam.

Cr J E G Williams declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as the position that Cr Williams currently holds may be changed or removed at the next election.

Cr M P Ryan declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as fellow Councillors known to Cr Ryan will be affected by the decision.

Council Forum Meeting Notes	
09 November 2022	

Cr D A Hughes declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as Cr Hughes is an elected member of the Shire of Northam.

Cr D J Galloway declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as Cr Galloway is currently a councillor effected by the ward review.

Cr H J Appleton declared an "Impartiality" interest in item 13.1.4 - Review of Shire of Northam Wards and Representation as Cr Appleton is currently a councillor effected by the ward review.

Cr C R Antonio declared an "Impartiality" interest in item 13.1.4 – Review of Shire of Northam Wards and Representation as all councillors, including Cr Antonio, will be impacted by any changes to wards and number of elected members.

13.1.4 Review of Shire of Northam Wards and Representation

Clarification was sought in relation to:

- How where Council numbers determined in the past?
 CEO advised that the Council numbers were previously based on reviews undertaken by Local Governments in the last 15-20 years.
- How were the proposed representation numbers generated this time? Looking at the information provided, if the Shire of Northam have to reduce to 8 representatives, then shouldn't the Shires of York and Toodyay have to reduce to 1 and 2 respectively?
 - The Shire President advised that the State Government provided the Shire with directives on how many representatives should be required in each Band. The Shire of Northam being a Band 2 needs to reduce numbers to between 5 and 9 Councillors. However due to the shire being one of the smallest councils in Band 2 it was determined to reduce further than the minimum number. The CEO also advised that the information provided in relation to Toodyay and York was only provided as a comparison for informational purposes, if we were to compare the Shire of Northam to some of the larger city local governments our numbers would need to be lower too.
- Are other Local Governments in the same position as us? CEO confirmed that this is correct.
- If we didn't meet the guidelines in 2023 but we did in 2025 would that be suitable?

CEO advised that it is not suitable according to the guidelines, but we are unsure of what repercussions may occur if we fail to meet them and if it will be different to the last time.

- Could the Shire President election effect the ward representations due to it being a public election and being unable to predict which ward the successful nominee will come from?
 CEO advised of possible ways that the elections could run and how that may affect the ward representations. It would be clarified through the Department of Local Government in relation to whether the President would still need to be allocated to a ward, there by reducing the number of representative seat available in that ward.
- Do the Shire officers see anything wrong with going to a two ward system?

CEO advised that they do not foresee any issues and they is why it is part of the recommendation.

13.3 DEVELOPMENT SERVICES

Cr H J Appleton left the meeting at 6:06pm Cr H J Appleton returned to the meeting at 6:07pm.

13.3.1 South West Native Title Settlement – Land Base Consultation Various

Clarification was sought in relation to:

Have we received any further indication of how many of these we will be receiving?

Acting Executive Manager Development Services advised that they have not received that information.

- Has the been any community consultation before these inquiries have been sent to the Shire?
 - Acting Executive Manager Development Services advised that they have not heard of any consultation prior to receiving them. Noting that it was like they are seeking stakeholder consultations at this time.
- In relation to the house that is excluded from the overview, how would that work, and have they been consulted? CEO advised that they have not been consulted as the only thing

that would change is who the land is vested to.

13.3.2 South West Native Title Settlement – Land Base Consultation List 913

Clarification was sought in relation to:

Will they be responsible for the fire breaks?

Acting Executive Manager Development Services confirmed this was their understanding.

 The red area on the map north of the town, is this all steep country?

Acting Executive Manager Development Services confirmed this is correct.

13.3.3 Proposed Scheme Amendment No. 18 – 54 Byfield Street, Northam

Clarification was sought in relation to:

 What type of house could be built on this land? Something 4x2 or smaller?

Acting Executive Manager Development Services confirmed that it could be something of that size. The assumption is that the houses would be similar to the Evoke Living module houses.

- How many lots will be developed? Acting Executive Manager Development Services advised that their understanding is that there will be 4 lots in the development and 3 lots opposite the church.
- What does R15 and R20 mean? Acting Executive Manager Development Services advised that this is in relation to the density of developments allowed in the area.
- Are they just going to develop the area and then sell it off?
 Acting Executive Manager Development Services advised that they are unable to confirm that at this time.

BRIEF

For Council to consider renewing the lease for the Avon Valley Vintage Vehicle Association (AVVVA) to lease a portion of Reserve 31355, 401 Fitzgerald Street, Northam (premises).

ATTACHMENTS

Attachment 1: Map of leased area.

A. BACKGROUND / DETAILS

The AVVVA was established in 1985 in Northam, Western Australia to cater for all enthusiasts of machinery and motor vehicles, motorcycles and other motoring memorabilia over 25 years of age. The AVVVA are an active group which holds regular meets and also run the Northam Vintage Swap meet each year which attracts thousands of visitors

Council has a current lease agreement with the AVVVA to lease a portion of the premises which commenced on 29 December 2012 and terminates on 28 December 2022. An addendum to the lease was made on 18 September 2015 where an additional portion of the premise was incorporated into the lease for the purpose of ingress and egress by the AVVVA into the leased buildings. Attachment 1 identifies the original leased area as blue with the additional area being marked in red.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: People.

Outcome 3:A happy, healthy, and connected community.Objective 3.2:Grow participation in sport, recreation and leisure
activities with quality regional facilities.

B.2 Financial / Resource Implications

AVVVA are currently charged and annual rental of \$732.90. It is recommended that a new lease be entered into for \$1 per annum with a clause for 2.1 of Council policy to ensure that the annual rental is equivalent to the building insurance. In 2022/23 the building insurance was \$1,080.26 including GST.

B.3 Legislative Compliance

Local Government Act 1995

Section 3.58 of the Local Government Act 1995 details the requirements for the disposing of property.

Local Government (Functions and General)

Regulation 30 of the Local Government (Functions and General) Regulations 1996 details dispositions of property which are excluded from the Act. As this disposal relates to recreational and sporting purposes it is exempt from section 3.58 of the Act.

Land Administration Act 1997

As the proposed lease is on a Reserve, in accordance with section 18 of the Land Administration Act 1997 approval from the Minister for Lands is required.

B.4 Policy Implications

A 8.5 Management of Council Property Leases

2.0 Community Based Not–for-profit Lease: Reg 30(2)(b)

The basic principles considered in establishing a standard lease fee reflects a fair and equitable contribution of provision of a facility, the venue's pattern of use, location and the potential to obtain Community Grants assistance, as follows:-

- 2.1 The Shire levy an annual administration rent equivalent to the cost of building insurance, to all community, sport and recreation groups, not including the abovementioned Community Halls, and is reviewed annually.
- 2.2 Lessees or Licensees will be responsible for the full cost of the lease document preparation, registration and other costs associated with the execution of the agreement.
- 2.3 Lessees or Licensees must agree with Council to manage the "Demised Premises" on behalf of the community and to offer a service to the community that provides a net benefit.

- 2.4 The Lessee or Licensee will be responsible for the payment of outgoings, operating costs, and minor maintenance obligations.
- 2.5 The Lessee or Licensee will not be responsible for Shire land rates, but will be responsible for rubbish service rates.
- 2.6 The Shire will insure the "Demised Premises" at replacement value and pass on the cost to the Lessee as per 2.1. The Shire will perform any structural repairs, improvements and maintenance in accordance with levels determined within its budget forecast.
- 2.7 In the case of the Lessee or Licensee who leases a Council building and obtains approval to carry out extensions, alterations and/or additions, Council will insure the improvements as part of its insurance portfolio at replacement value.
- 2.8 The Lessee or Licensee will be responsible for contents insurance for their contents, and also hold public liability for their activities and workers compensation insurance for their employees (if applicable) to the value stipulated in the agreement.
- 2.9 The Lessee or Licensee will be responsible for the cost of repair of any internal damage, vandalism, corrective maintenance or damage to external doors, glass windows, security lighting and any other external facility through misuse by a club representative, member or guest. The Shire may carry out any corrective works and recoup the full cost from the Lessee.
- 2.10 The Lessee or Licensee will be responsible for keeping the building clean and tidy at levels predetermined within the agreement.
- 2.11 The Lessee or Licensee will not incur any costs for property damage excluding contents occasioned by fire, fusion, explosion, lightning, civil commotion, storm, tempest, or earthquake.
- 2.12 On an annual basis, Lessees and Shire representatives will meet to carry out a property inspection to determine the extent to which the Lessee or Licensee have met their lease/licence obligation and to consider any specified building maintenance schedules for the following twelve month period within the Shire's budget parameters.

Delegated Authority Register

Delegation F06 allows for the disposal of property by lease or licence. As the leased area is greater than 1,000m2 this lease cannot be approved under delegated authority.

B.5 Stakeholder Engagement / Consultation

The AVVVA have confirmed that they wish to renew the lease.

A. BACKGROUND / DETAILS

The Community Grants Program aims to strengthen and enhance the social wellbeing, development, and sustainability of the Shire of Northam community. Grants are awarded to local not for profit community organisations to support projects that will benefit specific target groups and the broader community.

The Community Grants Scheme is governed by Council's Community Support Policy, which provides a framework for the community for requesting funds and/or sponsorship from Council; and provides Council with a framework to ensure a consistent and equitable allocation of funds.

The Community Development Grant category was introduced to support the strategic development and organisational capacity building of local community groups and sporting clubs. Applications for funding between \$5,000 - \$20,000 were invited from incorporated not for profit local community groups and sporting clubs. Applications opened on Monday, 29 August 2022 and closed at 4pm Friday 7 October 2022.

A budget allocation of \$80,000 has been made in the 2022/2023 Annual Budget for Community Development Grants.

The following applications were received and are being presented for assessment:

Applicant	Project	Amount requested
Northam Army Camp Heritage Association Inc.	Northam Heritage & Multicultural Festival	\$20,000
Spencers Brook Progress Association Inc.	Station Masters House	\$20,000
Earth Solutions Avon Valley Inc.	Sustainability Workshops	\$5,000
Northam & Districts Little Athletics Centre Inc.	Coaching & Skills Development	\$20,000

C. OFFICER'S COMMENT

A summary of the application with officer's comments is included in the Confidential Grant Evaluation Reports, along with the full grant application. Total requests were lower than the budget allocation for Community Development Grants. It is proposed the remainder of the unallocated funds from this funding stream be transferred to the Quick Response Grant stream where in 2021/2022 there was a higher demand.

Officers have assessed the applications and have submitted the following recommendations for each of the 4 applications.

C12 – Northam Heritage & Multicultural Festival

Applicant	Project Summary	Amount requested
Northam Army Camp Heritage Association	2 day festival including music, dance and food from different cultures as well as a special activity area.	\$20,000

RECOMMENDATION/COMMITTEE DECISION

Minute No: CCAG.57

Moved: Cr Mencshelyi Seconded: Cr Galloway

That the Community Grants Assessment Committee approve a grant to the Northam Army Camp Heritage Association of up to \$10,000 (excluding GST) for the 2023 Northam Heritage & Multicultural Festival.

CARRIED 5/0

Discussion

Cr Mencshelyi asked why the recommendation was made for \$10,000 when \$20,000 was requested.

Officers responded:

- they receive multiple other sources of funding
- there is a disparity with the \$20,000 requested and the amount of funding Council provide to other groups for larger and more established events
- it is a fledgling event and NACHA need to be able to show that they can deliver a quality event for \$20,000. It is felt they may be trying to achieve too much

• NACHA have also required a lot of in-kind Council assistance to deliver the event and assistance from the Northam Chamber of Commerce.

Cr Tinetti asked whether it needs to be an annual event. Jo Metcalf responded that we do have a very full events calendar next year. She acknowledged that NACHA do have a good intent putting on this event and that and that we do see that it has potential.

Cr Tinetti asked who paid for the bands performing in the music trail the day before the festival. Jo Metcalf informed the committee that the music trail was totally funded by Regional Arts WA.

Cr Antonio asked that if it is to be an annual event should it be on a 3 year funding agreement. The committee determined that this a conversation that can be had in the future as the event is only into its second year.

Following the discussion, the Committee agreed that \$10,000 was an appropriate amount of funding and that with in kind support from Council staff they will still be receiving around \$20,000 of support.

C13 – Station Masters House

Applicant	Project Summary	Amount requested	
Spencers Brook Progress Association	Restoration of the Old Station Masters House, Spencers Brook for use as a community hub for activities & get togethers.	\$20,000	

RECOMMENDATION

That the Community Grants Assessment Committee approve a grant to the Spencers Brook Progress Association of up \$20,000 (excluding GST) for the Station Masters House, on the condition that any relevant local government approvals are obtained.

COMMITTEE DECISION

Minute No: CCAG.58

Moved: Cr Galloway Seconded: Cr Mencshelyi

Page | 12

That the Community Grants Assessment Committee approve a grant to the Spencers Brook Progress Association of up \$20,000 (excluding GST) for the Station Masters House, on the condition that any relevant local government approvals are obtained, and all regulatory requirements are met.

CARRIED 5/0

Reason for decision:

The Committee determined that concerns regarding building compliance and standards of work could be met by adding that "all regulatory requirements are met" to the recommendation.

Discussion

Cr Galloway asked who will be overseeing the work to ensure it is completed to standard and meets all compliance requirements. It was suggested that the SBPA will need a project manager to see that it is done properly. The Committee discussed this matter.

Cr Mencshelyi stated that if it does not conflict with his role as a Councillor, he would be willing to volunteer to assist as he has had a lot of experience with building houses.

C14 – Sustainability Workshops

Applicant	Project Summary	Amount requested
Earth Solutions Avon Valley	Educate the community on how to live sustainably, using the principles of reduce, reuse & recycle through workshops for adults and school holiday programs for children	\$5,000

RECOMMENDATION

That the Community Grants Assessment Committee approve a grant to Earth Solutions Avon Valley of up \$5,000 (excluding GST) for Sustainability Workshops.

RECOMMENDATION

Minute No: CCAG.59

Moved: Cr Galloway Seconded: Cr Tinetti

That the Community Grants Assessment Committee approve a grant to Earth Solutions Avon Valley of up \$1,000 (excluding GST) for Sustainability Workshops.

CARRIED 5/0

Reason for decision:

The Committee determined that the project was not fully developed, however, to support Earth Solutions to test the project, \$1,000 in support should be offered.

Discussion

Cr Hughes asked where they are going to be holding the workshops. Jaime Hawkins responded that to her knowledge they would be at the Old Northam Railway Station and other venues which have not been specified.

Cr Galloway asked how they will acknowledge the Shire of Northam. Jo Metcalf responded that it is a condition in the grant agreement that they must acknowledge the Shire. This is usually through any advertising and promotion before and after the project.

Cr Antonio said it is acknowledged that the project aligns well with the Council Plan.

Applicant	Project Summary	Amount requested
Northam & Districts Little Athletics Centre	To engage specialised coaches and officials to travel to Northam to run coaching clinics for each track & field event for athletes, but also provide training to volunteers & helpers on how to teach the skills & correctly officiate.	\$20,000

C15 - Coaching & Skills Development

RECOMMENDATION

Minute No: CCAG.60

Moved: Cr Hughes Seconded: Cr Mencshelyi

That the Community Grants Assessment Committee approves a grant to Northam & Districts Little Athletics of up to \$20,000 (excluding GST) for Coaching & Skills Development.

CARRIED 5/0

Discussion

Cr Galloway asked how many participate. Jo Metcalf responded that their application says they have 140 registered athletes.

Cr Hughes asked how often the coaches would be coming up. Jaime Hawkins clarified that it is twice per week, once for a mid-week training session and again on a Saturday for competition day. Jo Metcalf stated that there is a large travel component in the budget. The Committee discussed this matter and resolved that it was unavoidable.

It was discussed by the Committee that a similar grant was given to the Northam Basketball Association last year for approximately \$18,000.

Cr Antonio spoke for the recommendation saying that it is giving kids and people in the community more skills.

Cr Galloway agreed and said it is supporting children in the Shire.

Jo Metcalf stated that she believes it is giving the club impetus to grow and build their capacity and skills.

Cr A J Mencshelyi declared an "Impartiality" interest in item 11.2 – Return to 3 Year Community Event Funding Agreements as a number of people associated with current, past and impending grantees are known to Cr Mencshelyi.

Cr D A Hughes declared an "Impartiality" interest in item 11.2 – Return to 3 Year Community Event Funding Agreements as Cr Hughes is a member of the Northam Agricultural Society and the Avon Valley Arts Society. Cr Hughes is also the Shire Rep. on the Northam RSL Sub Branch.

Cr C R Antonio declared an "Impartiality" interest in item 11.2 – Return to 3 Year Community Event Funding Agreements as Cr Antonio is a member of the Northam Ag Society, AVAS and the Northam Theatre Group.

Cr D J Galloway declared an "Impartiality" interest in Item 11.2 – Return to 3 Rear Community Event Funding Agreements as Cr Galloway is the President of the Wundowie Progress Association, which is mentioned in this item.

For the committee to assess and make a determination on returning to a 3 year agreement for major community partnership events.

A. BACKGROUND / DETAILS

Prior to the outbreak of Covid-19 in Western Australia the Shire of Northam would support several of our regular, annual community events with a 3 year ongoing partnership funding agreement. This agreement would provide the community event organisers some certainty for the year ahead and therefore

the ability to forward plan without having to wait for the adoption of the Council budget.

These 3 year allocations were due for renewal in the 2020/2021 financial year, however were not renewed because of the pandemic, which was causing the cancelation of most events and uncertainty for the future.

Now that Covid restrictions are no longer in place for gatherings, and events are returning with large crowds, some of the event organisers have requested a return to the 3 year funding commitment from the Shire.

Events that previously received a 3 year agreements include:

- The AVVVA Vintage Swap Meet
- The Northam Motorsport Festival
- The Northam Farmers Show
- Community Carols
- AVAS Northam Art Prize
- Northam Theatre Group production
- Northam RSL ANZAC Day
- Hurricane Go Kart Club, King of the Hill

It is proposed that these and other regular annual events that receive Council support through an annual budget allocation be considered for a 3 year funding agreement starting in 2023/2024.

D. OFFICER'S COMMENT

A 3 year funding agreement for events that are regularly supported by Council and that have an established history of being held annually, will provide the community event organisers, Council, and Shire Officers greater certainty to plan and deliver quality events in the Shire of Northam.

The table below lists the events that could be considered for a 3 year funding agreement.

Funded Organisation	Event Summary	2022/23 Budget Allocation
---------------------	---------------	------------------------------

Northam Agricultural	Northam Farmers Show.	\$5,000
Society	The Northam Farmers Show is an annual family friendly event held on the second Saturday in September each year. The Show comprises of rides, food entertainment animals and more.	
Northam RSL Sub Branch	ANZAC Day The Northam RSL Sub Branch delivers ANZAC Day commemorations each year in the form of a Dawn Service and March, to honour, remember and reflect upon those who served in the defence of our Nation.	\$3,000
Bridgeley Church of Christ / Northam Chamber of Commerce	Carols on Fitzgerald The Carols on Fitzgerald event hosted by Bridgeley Church of Christ and the Northam Chamber of Commerce commenced in 2020. The two organisations joined together to collaborate, merging the format of the former Christmas on Fitzgerald and the Community Carols events. The event takes place on the Northam Village Green and Fitzgerald Street in the heart of the CBD. It is a free Christmas themed event provided for the Northam community that includes music and entertainment provided by Bridgeley Church of Christ, the Northam Schools Band and others.	\$10,000
Wundowie Progress Association	Wundowie Iron Festival The Wundowie and surrounding community celebrate their rich industrial history each year with the	\$18,000

	Wundowie Iron Festival. The festival began many years ago as an opportunity to showcase local artists and has developed in recent times to incorporate the community's link to the Charcoal, Iron and Steel Mill which was foundered in 1948. The Wundowie Progress Association aim to continue to grow the festival each year with the addition of a variety of competitions and entertainment for the local and surrounding communities to enjoy.	
Avon Valley Vintage Vehicle Association	Vintage Vehicle Swap Meet The Northam Vintage Swap Meet began in 1993 as a bi-annual event known as the Vintage & Classic Fair. In 2003 the event changed its name to the Northam Vintage Vehicle Swap Meet and due to its success became an annual event. It is not your everyday market, the Vintage Vehicle Swap Meet features the sale of vintage cars, trucks, tractors, motorcycles, engines, used spare parts, collectables and household items.	\$3,300
J	The Swap Meet is organised and run by volunteers from the Avon Valley Vintage Vehicle Association, with support from several other community groups who give many hours of their time on the day of the event. In the years prior to the Covid-19 pandemic the swap meet was drawing a steady crowd of around 5,000 people.	

Hurricane Go Kart	King of the Hill	\$5,000
Club	The King of the Hill is a State Cup meeting and is the premier meeting outside of the State Championships. In fact, it often draws more entries than the State Titles.	
Bakers Hill Progress &	Community Christmas Fair	\$5,000
Recreation Association	The Bakers Hill Community Christmas Fair is a free community event comprising of market stalls, amusement rides, novelty games, vintage/classic cars, Santa and Christmas carols.	
Vintage Sports Car Club	Northam Motorsport Festival The Northam Motor Sport Festival (NMSF) is a two-day historic motor sport themed event that is unique to Northam. With Northam's rich history of motor racing, the event (which has been delivered for 70 years) contributes significantly to the community's identity by maintaining the connection of the community to its history. The event provides an opportunity to draw together a large number of awe-inspiring historic motor vehicles for static displays and demonstrations, as well as creating exclusive opportunities that put the historic motor vehicles back in action and test the skill and nerve of their drivers.	\$25,000
Avon Valley Arts Society	Northam Art Prize The Northam Art Prize is an annual prize and week long exhibition that is open daily to the public. The Shire of Northam has a long history of	\$3,000

	Exammittee determined that: The funding received by the Northam Agricultural Society is not equitable given the size of the event and agreed to increase it to \$10,000. The Hurricane Go Kart Club, King of the Hill does not provide sufficient benefit to the Shire of Northam and the club do not engage with the Wundowie community. If funding is required, the club is eligible to apply for a Quick Response Grant.

• Given the increasing size of the events an additional \$2,000 funding be given to the Wundowie Progress Association for the Wundowie Iron Festival and the Bakers Hill Progress & Recreation Association for the Bakers Hill Christmas Fair.

Discussion

The Committee discussed and determined that the allocation aurrently awarded to the Northam Agricultural Society for the Northam Farmers Show is not equitable and determined that this should be increased to \$10,000.

Cr Galloway informed the Committee that the Wundowie Community does not receive any benefit from the Hurricane Go Kart Club, King of the Hill. They do not support local or engage with the local community, despite being approached. Cr Tinetti suggested reducing their allocation to \$1,000/year, however the committee determined the funds could be better used for other causes. Cr Antonio stated that if they find they do require additional funding, they are eligible to apply through Council's Quick Response Grant Program.

Jaime Hawkins informed the Committee that the Wundowie Progress Association & Bakers Hill Progress & Recreation Association requested additional funding in this year's allocation, however this was rejected. The Committee discussed the allocation for these events and determined that the Bakers Hill Christmas Fair is the major event for the Bakers Hill community, and both events are increasing in size and popularity. Given the rising costs associated with the progress association hosting these events, Cr Galloway suggested an increase of \$2,000/year for these two events. The Committee agreed with this proposal.

Cr A J Mencshelyi declared an "Impartiality" interest in item 11.3 – Quick Response Grant Applications Update as a number of people associated with current, past and impending grantees are known to Cr Mencshelyi.

A. BACKGROUND / DETAILS

Quick Response Grants support innovative responses to community and individual needs, either as a whole or target groups (children, youth, seniors, people with disability, culturally or linguistically diverse). These grants are intended for ad hoc and smaller scale projects, or to assist one off projects, or to assist the delivery of projects/events for which opportunity has arisen.

Projects must take place within the Shire of Northam and significantly benefit the Shire of Northam community. Funding can be utilised for wide range of purposes, including, but not limited to:

- One off community events
- · Community projects that address a clearly defined community need
- Sponsorship of regional or state level sporting tournaments or competitions hosted in the Shire of Northam (i.e. not for the regular season)

 Funding can be applied for by individuals, 18 years or under and still at school who have qualified to participate in recognised State, National or International level events.

Quick Response Grants can be applied for year round and are assessed by Shire Officers with approval delegated to the Chief Executive Officer.

BRIEF

For Council to endorse the meeting schedule for the twelve-month period from January 2023 through to December 2023. This schedule includes Forum, Ordinary and Strategic meetings of Council.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

It is a requirement under the Local Government Administration Regulations for a Local Government to publish on its website the meeting details before the beginning of the year in which the meetings are to be held.

Council Forum meetings are generally held on the second Wednesday of each month, followed by the Ordinary meeting on the third Wednesday of the month. In January 2022 there was no Forum meeting and the Ordinary meeting was held in the fourth week of the month, this was due to the Christmas and New Year period. In addition, Council holds a Strategic Council Meeting quarterly in the months of February, May, August and November.

At the Ordinary Council Meeting held on 17 November 2021, Council resolved to review the viability of holding Council meetings in the Surrounding localities in November 2022. The number of attendees in the gallery at the meetings held at surrounding localities are summarised below:

• Grass Valley Hall, Forum meeting on 13 April 2022: This meeting location was amended to being held online due to the COVID-19 situation.

- Bakers Hill Recreation Centre, 13 July 2022: This meeting had 10 members in the gallery which attended from various localities. Majority of the attendees were at the meeting for a particular agenda item.
- Wundowie Hall, 12 October 2022: This meeting had the highest number of attendees in the gallery who were not attending the meeting for a particular agenda item.

Objective 13.2: Engage the community about Shire projects, activities and decisions in a timely, open and effective manner.

B.2 Financial / Resource Implications

For the 2022/23 financial year, in accordance with the provisions of s5.99 of the *Local Government Act* 1995. Councillors receive a flat annual Meeting Attendance Fee of \$19,750 and the President receives \$23,600. This amount is not affected by the number of meetings attended. Councillors are, however, entitled to claim travel costs to meetings and other authorised events.

Additional staff resources are required for meetings held outside of the Council Chambers as a result of additional set up and travel.

B.3 Legislative Compliance

Local Government Act 1995

5.25. Regulations about council and committee meetings and committees

- (1) Without limiting the generality of section 9.59, regulations may make provision in relation to
 - (g) the giving of public notice of the date and agenda for council or committee meetings.
- 5.5. Convening council meetings
- (1) The CEO is to convene an ordinary meeting by giving each council member at least 72 hours' notice of the date, time and place of the meeting and an agenda for the meeting.
- (2) The CEO is to convene a special meeting by giving each council member notice, before the meeting, of the date, time, place and purpose of the meeting.

Local Government (Administration) Regulations 1996

12. Publication of meeting details (Act s. 5.25(1)(g))

 In this regulation meeting details, for a meeting, means the date and time when, and the place where, the meeting is to be held.

(2) The CEO must publish on the local government's official website the meeting details for the following meetings before the beginning of the year in which the meetings are to be held —

(a) ordinary council meetings;

(b) committee meetings that are required under the Act to be open to members of the public or that are proposed to be open to members of the public.

- (3) Any change to the meeting details for a meeting referred to in subregulation (2) must be published on the local government's official website as soon as practicable after the change is made.
- (4) If a local government decides that a special meeting of the council is to be open to members of the public, the CEO must publish the meeting details for the meeting and the purpose of the meeting on the local government's official website as soon as practicable after the decision is made.

C. OFFICER'S COMMENT

Although off location meetings are in line with Council's Communication Plan, there are many issues that make it impractical. The logistics of setting up these meetings with IT equipment, seating etc is highly counterproductive for the staff involved given the hours it takes to do so. These venues often don't have appropriate facilities such as air conditioning or catering equipment to provide hospitality to ratepayers, council staff and councillors after the meeting which is all part of community engagement.

Although there is an opportunity for members of the public to ask questions and make a deputation, Officers are of the view that these may not be the best mechanism for engaging with the community. This is due to the meetings being structured to follow an agenda and comply with the Standing Orders Local Law.

Upon reviewing the attendees at the Forum meeting held in Bakers Hill, all attendees were attending the meeting for a particular agenda item and Officers believe that these community members would have attended the meeting regardless of the meeting location. This however was not the case for the Forum meeting held in Wundowie which had a high turnout of community members which were not attending the meeting for a particular agenda item. The members which engaged at the meeting were relating to matters within the Wundowie locality.

Should the Council wish to retain holding meetings at Grass Valley, Bakers Hill and Wundowie, it is recommended that only the Forum meeting be held in the locality with the Ordinary Council Meeting being held in the Council Chambers. This is due to the Forum Meeting providing a less formal setting for community engagement.

BRIEF

For Council to consider a lease for the Wundowie Hall to the Wundowie Progress Association.

ATTACHMENTS

Attachment 1:	Map of leased area.
Attachment 2:	Schedule of Submissions.

A. BACKGROUND / DETAILS

Page | 76

A request has been received from the Wundowie Progress Association to lease the Wundowie Hall on the same arrangement as to what is currently in place for the other progress associations and halls within the Shire.

A report was presented to the Ordinary Council Meeting held on 21 September 2022 where Council resolved to undertake community consultation with respect to the potential lease and present those findings back to Council prior to making a determination on the leasing of the Wundowie Hall to the Wundowie Progress Association.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: People.

Outcome 3:	A happy, healthy, and connected community
Objective 3.2:	Grow participation in sport, recreation and leisure
	activities with quality regional facilities.

Perform	ance Area:	Perfo	ormance	Э	

Outcome 12:	Excellence in organisational performance	e and
	customer service.	
Obiective 12.3:	Effectively manage the Shire's assets.	

Priority Action: Provide well maintained Shire buildings.

B.2 Financial / Resource Implications

Over the past 12 months, the Shire of Northam has received approximately \$2,000 in revenue for bookings. If Council approved a lease to the Wundowie Progress Association, this would result in a budget deficit of approximately \$2,000 each year.

In the 2022/23 Annual Budget, Council has allocated \$36,007 for maintenance of the Wundowie Hall gardens and \$21,007 for general maintenance and utilities.

B.3 Legislative Compliance

Local Government Act 1995

Section 3.58 of the Local Government Act 1995 (the Act) prescribes the requirements for disposing of property including land.

Local Government (Functions and General)

Regulation 30 of the Local Government (Functions and General) Regulations 1996 details dispositions of property which are excluded from the Act. As this lease is for a recreational and sporting like nature where there is no profit provided to the Wundowie Progress Association members, it is excluded from the application of section 3.58 of the Act. This excludes

the requirement to obtain a market valuation and give local public notice of the disposal.

Land Administration Act 1997

As the proposed lease is on a Reserve, in accordance with section 18 of the Land Administration Act 1997 approval from the Minister for Lands is required.

B.4 Policy Implications

Council Policy A 8.5 Management of Council Property Leases details the parameters for leases between community groups and Council for its community halls. The Wundowie Hall is currently excluded from this policy and should Council resolve to lease the Wundowie Hall to the Wundowie Progress Association it will require this policy to be amended.

As a general principle, a new lease will be limited to a maximum of a five year term and any option to renew will be limited to no more than a five year term. Council may consider longer terms where Council is of the opinion that there is benefit or merit for providing a longer lease term.

1.0 Community Groups managing the following Community Halls will be subject to a lease between the Community Group and Council:-.

Bakers Hill Recreation Centre Clackline Hall Grass Valley Hall Southern Brook Hall Quellington Hall

Council recognises the importance of a Community Hall to the general community and understands that the 'Hall' use is unlikely to result in full cost recovery, therefore: -

- 1.1 Council will assist in maintaining the facility for the benefit of the community, with the Community Group as manager;
- 1.2 The basic principles considered in establishing a standard lease fee reflects the community contribution of the group resulting in a levy of a peppercorn (\$1 per annum payable on demand) rental to community groups managing the nominated Community Halls;
- 1.3 The Shire will cover the cost of building insurance and the lease preparation fee for the above community halls managed by community groups.
- 1.4 The Shire through the Council's annual budget process will provide a maximum amount of \$1000 per annum, towards the maintenance of the special floor surface in the sports arena section of the Bakers Hill Recreation Centre;

- 1.5 All other conditions as described under 2.0, excluding 2.1 (rent) and 2.2 (lease preparation fee) will apply; and
- 1.6 The **Northam Memorial Hall** is to be treated as a special case with specific requirements as it is managed under a Deed.
- 2.0 Community Based Not-for-profit Lease: Reg 30(2)(b)

The basic principles considered in establishing a standard lease fee reflects a fair and equitable contribution of provision of a facility, the venue's pattern of use, location and the potential to obtain Community Grants assistance, as follows: -

- 2.13 The Shire levy an annual administration rent equivalent to the cost of building insurance, to all community, sport and recreation groups, not including the abovementioned Community Halls, and is reviewed annually.
- 2.14 Lessees or Licensees will be responsible for the full cost of the lease document preparation, registration and other costs associated with the execution of the agreement.
- 2.15 Lessees or Licensees must agree with Council to manage the "Demised Premises" on behalf of the community and to offer a service to the community that provides a net benefit.
- 2.16 The Lessee or Licensee will be responsible for the payment of outgoings, operating costs, and minor maintenance obligations.
- 2.17 The Lessee or Licensee will not be responsible for Shire land rates, but will be responsible for rubbish service rates.
- 2.18 The Shire will insure the "Demised Premises" at replacement value and pass on the cost to the Lessee as per 2.1. The Shire will perform any structural repairs, improvements and maintenance in accordance with levels determined within its budget forecast.
- 2.19 In the case of the Lessee or Licensee who leases a Council building and obtains approval to carry out extensions, alterations and/or additions, Council will insure the improvements as part of its insurance portfolio at replacement value.
- 2.20 The Lessee or Licensee will be responsible for contents insurance for their contents, and also hold public liability for their activities and workers compensation insurance for their employees (if applicable) to the value stipulated in the agreement.
- 2.21 The Lessee or Licensee will be responsible for the cost of repair of any internal damage, vandalism, corrective maintenance or damage to external doors, glass windows, security lighting and any other external facility through misuse by a club representative, member or guest. The Shire may carry out any corrective works and recoup the full cost from the Lessee.
- 2.22 The Lessee or Licensee will be responsible for keeping the building clean and tidy at levels predetermined within the agreement.

- 2.23 The Lessee or Licensee will not incur any costs for property damage excluding contents occasioned by fire, fusion, explosion, lightning, civil commotion, storm, tempest, or earthquake.
- 2.24 On an annual basis, Lessees and Shire representatives will meet to carry out a property inspection to determine the extent to which the Lessee or Licensee have met their lease/licence obligation and to consider any specified building maintenance schedules for the following twelve month period within the Shire's budget parameters.

B.5 Stakeholder Engagement / Consultation

Community consultation was undertaken through the Shire of Northam's Facebook page and website. Officers also emailed the proposal to users of the hall over the past twelve (12) months.

Two submissions were received in relation to the proposal, with one (1) each supporting and not supporting the proposal. The Schedule of Submissions has been provided as Attachment 2.

C. OFFICER'S COMMENT

The Wundowie Hall is currently the only Hall outside of Northam which is not leased to the local progress association.

Officers have considered the submissions made in relation to the proposal and although there was one objection, the concerns raised can be addressed through the lease by:

- Providing a 1 year lease at which time the arrangements can be reviewed prior to granting a further term.
- A clause being included outlining that the Wundowie Progress Association are to ensure that the continued use of the leased premises is in accordance with the objective of the use of the leased premised as a facility for the use of the local and surrounding communities.
- A clause being included to ensure equal access and fees which are to be set by the Shire of Northam.

Officers are recommending that a review be undertaken for the arrangements in place for the community facilities which have a recreational purpose. This is proposed to be completed prior to 30 June 2024 which is when the final renewal option expires for the Bakers Hill Pavilion. This will ensure that the arrangements in place are appropriate and consistent across facilities.

No.	Date Received	Submission
1	1/10/2022	I am writing in regards to the Wundowie Progress association applying to run the shire hall. I believe this will not be in the best interests of the community as a whole. Being that some of the progress association members have personal vendettas with some members of the community, they could take these personal issues into progress association Decision making. I believe this will have a negative effect on some community members and organisations wishing to use the hall and being refused due to these personal disputes. This is a community hall and should continue to be managed by the shire as to benefit the whole community with no discrepancy or discrimination. The council will always remain neutral ground when it comes to decision making withing the community, keeping the best interests of the community front and foremost, Treating all members fairly and equally. I thank you for taking our community into consideration. And leave the community hall to be run by the Northam shire and not a private entity.
2	3/10/2022	I think it would be a good idea that the hall should be given to the Wundowie Progress Association. That would give the Shire more time to concentrate on more important things in the shire.

BRIEF

For the Council to assess the public submissions received in relation to the Wards and Representation Review and finalise the review of its ward boundaries.

ATTACHMENTS

Attachment 1: Discussion Paper. Attachment 2: Public Submissions.

A. BACKGROUND / DETAILS

It is a requirement of the Act to review the Shire of Northam ward and representation at least every eight (8) years. The last review undertaken by the Shire was in 2015 where the Shire decided to keep the status quo of four (4) wards and ten (10) Councillors.

At the Ordinary Council Meeting held on 15 June 2022 Council resolved to undertake a review of its current wards and representation and endorsed the Discussion Paper (attached).

On 3 July 2022, the Minister for Housing; Lands; Homelessness; Local Government announced the final package of proposed local government reforms with new requirements to be introduced (attached). The Department of Local Government, Sport and Cultural Industries (DLGSC) has completed an initial review, and identified that the Shire of Northam needs to change to the direct election of the President, and reduce the number of council members under the proposed reforms.

At the Ordinary Council Meeting held on 19 October 2022, Council agreed to take the voluntary pathway and resolved to:

• Change the method of electing the President

- Reduce the number of council members to eight over the next two election cycles.
- Finalise the review of its wards and representation prior to the end of 2022.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: Performance.

- Outcome 13: A well informed and engaged community.
- Objective 13.1: Provide strong, open and accountable leadership and be more visible and relevant for community members.
- Objective 13.2: Engage the community about Shire projects, activities and decisions in a timely, open and effective manner.

B.2 Financial / Resource Implications

There are no significant financial implications associated with the officer's recommendation. If Council endorses the recommendation there will be a small saving in Elected Member expenses.

B.3 Legislative Compliance

Local Government Act 1995 Schedule 2.2(6)

- 6. Local government with wards to review periodically
 - (1) A local government the district of which is divided into wards is to carry out reviews of
 - (a) its ward boundaries; and

(b) the number of offices of councillor for each ward, from time to time so that not more than 8 years elapse between successive reviews.

(2) A local government the district of which is not divided into wards may carry out reviews as to —

(a) whether or not the district should be divided into wards; and (b) if so —

(i) what the ward boundaries should be; and

(ii) the number of offices of councillor there should be for each ward, from time to time so that not more than 8 years elapse between successive reviews.

Section 2.11. Alternative methods of filling office of mayor or president

(2) A local government may change* the method of filling the office of mayor or president used by the local government from the election by the council method to the election by the electors method.

* Absolute majority required.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

The consultation undertaken as part of this process was in accordance with the Communication Strategy Action Plan endorsed by Council at its meeting held on 15 June 2022. There was a mixed response from the community in relation to the preferred system with 14 of 19 responses preferring to maintain the current situation, four submissions preferred to dispense with wards and 1 submission preferred to create three wards.

The submissions from this consultation have been provided to Councillors as Attachment 3.

C. OFFICER'S COMMENT

It is important to note that the sample sizes reflective of the community workshops and submissions are far smaller than what would be required to ensure that Council was absolutely confident that the responses were in fact representative of the broader community views. In saying this, it is the only

empirical information available to Council and consequently must be given due consideration.

Obviously Council has a number of options available to it when it comes to the ward system. In the view of staff there were no submissions which were provided to Council that seemed to represent viable alternatives. Based on the discussion paper and submissions it is considered that Council has the following options to seriously consider;

• Option 1 – Maintain current ward boundaries

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ration	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%
East	552	1	1:552	27.44%
Town	4716	5	1:943	-23.99%
TOTAL	7607	10	1:761	Not applicable

The current situation is as follows:

The % ratio deviation gives a clear indication of the % difference between the average councillor/elector ratio for the whole local government and the councillor/elector ratio for each ward.

It can be seen that there is a significant imbalance in representation across the Shire with the west, central and east Wards being over represented and the town ward being under represented. A balanced representation would be reflected in the % ratio deviation being within plus or minus 10%.

If maintaining the current ward system is the desired outcome the issue of how to meet the plus or minus 10% tolerance to ensure balanced representation becomes problematic.

A range of scenarios to meet this objective have been assessed, however the only one which was close to meeting the representation objective was to increase the number of elected members;

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ration	% Ratio Deviation
West	1176	2	1:588	-7.25%
Central	1163	2	1:582	-8.20%
East	552	1	1:552	-12.93%
Town	4716	7	1:674	5.93%
TOTAL	7607	12	1:634	Not applicable

An increase in elected member numbers is however not recommended for a number of reasons:

- It would not meet the required changes of the local government reform proposal which requires the Shire of Northam to reduce the number of council members.
- It would increase the representation within the town ward to seven (7), or one for every elected member for every 674 electors, which does appear to be high.
- There appears to be no other reason to increase numbers, other than to meet the objective.
- It would, perhaps unnecessarily, increase costs for the Shire of Northam, estimated to be around \$50,000 p.a.

• Option 2 – Create three wards

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being under-represented.

Ward	Electors	9 Member C	9 Member Council		Member Council 10 Member Co		ouncil	
		Number of	Elector	% Ratio	Number of	Elector	% Ratio	
		Councillors	Ratio	Deviation	Councillors	Ratio	Deviation	
West	1726	2	1:863	-2.10%	2	1:863	-13.45%	
Central	4716	5	1:943	-11.59%	6	1:786	-3.33%	
East	1165	2	1:583	31.08%	2	1:583	23.43%	
TOTAL	7607	9	1:634		10	1:761		

The deviation ratio with nine Councillors in three wards is still too great while the deviation for 10 Councillors doesn't provide the correct percentages.

Ward	Electors	11 Member (11 Member Council			12 Member Council			
		Number of	Elector	% Ratio	Number of	Elector	% Ratio		
		Councillors	Ratio	Deviation	Councillors	Ratio	Deviati		
							on		
West	1726	3	1:575	16.80%	3	1:575	9.24%		
Central	4716	6	1:786	-13.66%	7	1:674	-6.28%		
East	1165	2	1:583	15.77%	2	1:583	8.11%		
TOTAL	7607	11	1:692		12	1:634			

With eleven Councillors the deviation ratio is still too great and would not provide the equal distribution required. Whilst the deviation ratio with twelve Councillors is certainly closer, however this option is not recommended as per the reasons highlighted above for option 1.

• Option 3 – Dispense with wards

Removing all wards was suggested in both the submissions and through the consultation. As a concept though it did not receive widespread support through the consultation process.

The concerns raised with removing all wards centred on the lack of representation in the rural areas and the potential for the Shire of Northam to become overly Northam town site centric. Whether or not this concern would be realised is obviously an unknown, at least until the no ward system was tried. The thoughts of staff at this point are that given the way the organisation is moving this may not in fact be an issue in reality. In the past few years Council has certainly acknowledged a need to provide a greater focus on particular areas, which would be supportive of the rural community (such as gravel roads), the Council has also developed community plans for each of the smaller town sites in the Shire of Northam, to ensure they are developed in line with community expectation.

In contrast the Council received a number of submissions/comments in relation to the positives which would come out of removing all wards. The main benefit cited appeared to be on the understanding that it would actually assist in breaking down the barriers between the rural and town site communities and the suggestion that the current system was not overly effective in any case.

• Option 4 – Create two wards (rural and town)

Council could consider an alternative option which was not incorporated within the discussion paper to create two wards, being town ward and rural ward. This could use the current Town Ward boundary with a rural ward being made up of the current East, Central and West Ward. This boundary would represent a difference in community of interest and need. The following is an assessment of the proposal against the factors.

Community of interest

Creating two wards (town and rural) would definitely reflect various community of interest elements. It was apparent through the consultation period that the general needs and expectations coming from the rural wards differ from those in the town site.

Physical and topographic features

The town site boundary would be utilised as the ward boundary, hence it is a clear and distinguishable feature.

Ratio of councillors to electors

In order to achieve the ratio requirements of elected members to electors. Council would be required to reduce it elected members to 8 with 5 in the town ward and 3 in the rural ward. Alternative scenarios have been considered however this has resulted in a slight in balance with the ration deviation.

Ward	Electors	9 Member C	9 Member Council			9 Member Council		
		Number of	Elector	% Ratio	Number of	Elector	% Ratio	
		Councillors	Ratio	Deviation	Councillors	Ratio	Deviation

Town	4716	5	1:943	-0.74%	4	1:1179	8.56%	
Rural	2891	3	1:963	1.36%	3	1:963	-11.33%	
TOTAL	7607	8	1:950	N/A	7	1:1086	N/A	

The concern with regards to a two ward system are more around whether it would further promote or encourage a divide in some segments of the community around the town vs rural issue.

It has been confirmed by DLGSC that the Board will be reluctant to recommend (to the Minister) changes to ward boundaries and representation that result in ward councillor/elector ratios that are greater than plus or minus 10% unless exceptional circumstances apply.

Based on all of the information which has been provided and assessed, staff are recommending that the Council create a rural and town ward and reduce elected member numbers from 10 to 9 in the 2023 elections (5 town, 4 rural) and 8 in the 2025 elections (5 town, 3 rural). Establishing these boundaries with the intent to reduce numbers to 8 ensures compliance with the councillor/elector ratio and provides balanced representation which is unable to be achieved with the alternative options.

If the Council were to consider removing all wards the matter of how to implement this would need to be given consideration. This is in the context of how to fill the vacancies of elected members. There are two options available to Council, being a complete spill of all positions or simply following the current election cycle for positions. Should Council support the removal of wards it

would be logical to simply continue with the existing election cycles, and rather than have five vacancies in 2022, there would simply be four as Council is required to reduce its numbers by at least 1. This would also ensure that strong rural representation is present for at least the next election cycle, with two rural councillors not due for re-election until 2025.

RECOMMENDATION

That Council recommends to the Local Government Advisory Board that:

- An order be made under s 2.18 (3) of the Local Government Act 1995 to reduce the number of offices of councillor on the Council from ten (10) to nine (9) being five (5) town councillors, three (3) rural councillors and a Shire President, effective from the October 2023 elections.
- 2. An order be made under s 2.18 (3) of the Local Government Act 1995 to reduce the number of offices of councillor on the Council from nine (9) to eight (8) being four (4) town councillors, three (3) rural councillors and a Shire President effective from the October 2025 elections.
- 3. An order be made under s 2.2 (1) to change the boundaries of the wards to create two wards comprising of the existing Town ward and creating a Rural ward comprising of the existing east, central and west wards.
- 4. The current election cycle be maintained with four (4) vacancies in 2023 and four (4) in 2025 etc.

Clarification was sought in relation to:

• Who determined that the council would reduce to 8 elected members, was this the Minister or was this recommended by staff? If this was recommended by staff and not a requirement of the Minister, was the Council aware of this?

The Chief Executive Officer confirmed that the Minister gave a directive that all band 2 local governments would need to be within the range of 5-9 elected members. Staff made a recommendation to reduce to 9 elected members in 2023 and 8 in 2025, which formed the decision of Council. Council advised they were aware this was a recommendation of staff to reduce to 8 elected members.

- The total number of wards proposed under Cr Appleton's motion? The Chief Executive Officer advised that 3 wards are proposed in the motion.
- Confirmation on how the ratio was met in the below motion. Cr H J Appleton explained the deviation as per the below table:

		East	West	Central
Electors	7605	5558	1009	1038
2023				
Number of councillors	8	6	1	1

Deviance		2.555336	-6.1407	-9.19132
2025				
Number of councillors	7	5	1	1
deviance		-2.3169	7.12689	4.457594

• Whether the President is to be included when calculating the deviation and whether this impacts the previous decision relating to elected member numbers.

The Chief Executive Officer advised that there will be no impact on the prior decision. Noting that while the President in excluded from the ratio for deviation percentage they are included in the total number of elected members decided at the prior meeting.

MOTION / COUNCIL DECISION

Minute No: C.4601

Moved: Cr Appleton Seconded: Cr Ryan

That Council recommends to the Local Government Advisory Board that:

- An order be made under s 2.18(3) of the Local Government Act 1995 to reduce the number of offices of councillor on the council from ten (10) to nine (9) being six (6) in the new "East" ward, one (1) new "Central" ward, one (1) new "West" ward and a Shire President effective from October 2023 elections.
- An order be made under s 2.18(3) of the Local Government Act 1995 to reduce the number of offices of councillor on the council from nine (9) to eight (8), being five (5) new "East" ward, one (1) new "Central" ward, one (1) new "West" ward and a Shire President effective from October 2025 elections.
- 3. An order be made under s 2.2 (1) to change the boundaries of the wards to create a three ward system comprising of a new West, Central and East ward.
- 4. The current election cycle by maintained with four (4) vacancies in 2023 and four (4) in 2025

CARRIED 8/1 BY ABSOLUTE MAJORITY

Councillor J E G Williams voted against the motion.

Councillors C R Antonio, M P Ryan, R W Tinetti, A J Mencshelyi, D J Galloway, D A Hughes, H J Appleton and M I Girak voted for the motion.

Cr Appleton, Cr Ryan and Cr Tinetti spoke for the motion. Cr Williams spoke against the motion. Cr Appleton used his right of reply to close the debate.

Reason for change to Officer's recommendation:

The Council formed the view that there should be representation in communities through wards and believed a three-ward structure provided the best solution to achieve this whilst also meeting the guidelines around the ratio deviation percent.

UNICONSTRANT

Attachment 1 – Discussion Paper.

Review of Wards and Representation Discussion Paper 2022

The Shire of Northam has resolved to undertake a review of its ward system to comply with the requirements of the *Local Government Act* 1995 (the Act).

Schedule 2.2 of the Act requires local governments with wards to carry out reviews of the ward boundaries and the number of Councillors for each ward from time to time so that no more than eight years elapse between successive reviews.

The last review of wards in the Shire of Northam was undertaken in 2014/15 and it is now appropriate to carry out another review.

Current Situation

Currently the Shire of Northam has ten (10) Councillors elected from four (4) wards as follows:

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ration	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%
East	552	1	1:552	27.44%
Town	4716	5	1:943	-23.99%
TOTAL	7607	10	1:761	Not applicable

Shire of Northam Elector to Councillor ratios - current

The % ratio deviation gives a clear indication of the % difference between the average Councillor to Elector ratio for the whole local government and the Councillor/Elector ratio for each ward.

It can be seen that there is a significant imbalance in representation across the Shire with the West, Central and East Wards being over-represented and the Town Ward is under-represented. A balanced representation would reflect only a plus or minus deviation of 10%.

A map showing the ward boundaries is attached.

Review Process

The review process involves a number of steps:

- 1. The Council resolves to undertake the review
- 2. Public submission period opens
- 3. Information provided to the community for discussion
- 4. Public submission period closes
- 5. The Council considers all submissions and relevant factors and makes a decision
- The Council submits a report to the Local Government Advisory Board (the Board) for its consideration
- 7. If a change is proposed, the Board submits a recommendation to the Minister for Local Government (the Minister).

Any changes approved by the Minister will be in place for the next ordinary election in 2023 where possible.

Factors to be considered

When considering changes to wards and representation, Schedule 2.2 of the Act specifies five factors that must be taken into consideration by the local government as part of the review process:

- 1. Community Interest
- 2. Physical and topographic features
- 3. Demographic trends
- 4. Economic factors
- 5. Ratio of Councillors to Electors in the wards

The Board offers the following interpretation of these factors.

1. Community Interest

The term community interest has a number of elements. These include a sense of community identity and belonging, similarities in the characteristics of the residents of a community and similarities in the economic activities. It can also include dependence on the shared facilities in a district as reflected in the catchment areas of local schools, volunteer groups and sporting teams, or the circulation areas of local newspapers. Neighbourhoods, suburbs and towns are important units in the physical, historical and social infrastructure and often generate a feeling of community and belonging.

2. Physical and topographic features

These may be natural or man-made features that will vary from area to area. Water features such as rivers and catchment boundaries may be relevant considerations. Foothills regions, parks and reserves may also be relevant as may other man-made features such as railway lines and highways.

3. Demographic trends

Several measurements of the characteristics of human populations, such as population size, and its distribution by age, gender, occupation and location provide important demographic information. Current and projected population characteristics will be relevant as well as similarities and differences between areas within the local government.

Economic factors

Economic factors can be broadly interpreted to include any factor that reflects the character of economic activities and resources in the area. This may include the industries that occur in a local government area (or the release of land for these) and the distribution of community assets and infrastructure such as road networks.

5. Ratio of Councillors to Electors in the wards

It is expected that each local government will have similar ratios of Electors to Councillors across the wards of its district. A balanced representation would be reflected in the ratio deviation being plus or minus 10% for all wards.

Options to consider

The Council will consider the following options and members of the community may suggest others:

- Option 1: Maintain the current ward system
- **Option 2:** Create three wards (East, West and Central) using the areas of economic activity boundaries with Central Ward being the Town Ward.

Option 3: Dispense with wards

The attached map indicates the options as noted above.

Also under consideration will be the number of Councillors for each ward and the district.

As an example, you may consider that fewer Councillors will provide a good representation and may result in financial savings and more effective and efficient decision making.

The names of the wards will also be considered, rather than using West, East, Town and Central you may wish to use the traditional Aboriginal names for localities, or the names of the pioneering families in the district.

Public submissions

Members of the community are invited to make a written submission about any aspect of ward boundaries and representation and lodge it at:

Shire of Northam 395 Fitzgerald St, OR PO BOX 613 NORTHAM WA 6401 Email: <u>records@northam.wa.gov.au</u>

All submissions must be received by 5pm on

Thank you for your interest and involvement in this review. Council welcomes your comments on any matters that may assist it to make informed and responsible decisions for the benefit of the people of the Shire of Northam.

SHIRE PRESIDENT CHRISTOPHER ANTONIO CHIEF EXECUTIVE OFFICER JASON WHITEAKER

ASSESSMENT OF OPTIONS

FEATURES OF THE DISTRICT

Community of Interest

Northam townsite is the commercial and service centre of the district and is used by residents from not only the Shire of Northam but surrounding districts. Northam Education Centres: -two high schools (year 7 to year 12) -four primary schools (kindergarten to year 6) -two pre-kindergarten -one early learning centre -one education support centre -Central Regional TAFE -Muresk Institute (WA Government, Department of Training and Workforce Development).

Northam also supports an aquatic centre, recreation centre, library, town hall, sporting groups, emergency services and other volunteer groups.

Northam offers a wide variety of services including a caravan park, shopping, dining, hotels, plumbing, electrical, building, maintenance, vehicle purchase and maintenance, hospital, medical and dental, optometry, podiatry, hearing, veterinary, Bilya Koort Boodja, service stations and funeral services.

Bakers Hill town site offers shops, dining, veterinary, one primary school (kindergarten to year 6), out of school hours care, recreation centre, sporting groups, volunteer groups, volunteer bush fire brigade, hotel and a brewery. An RV overnight stay is also proposed to be developed.

Wundowie town site provides RV overnight stay, library, shopping, emergency services (Volunteer Fire and Rescue and Volunteer Bush Fire Brigade), volunteer groups, primary school (kindergarten to year 6), early learning, medical centre and a town hall.

Outside the main town sites there are communities of interest which include local halls, broad acre farming and pastoralists, community groups and Volunteer Bush Fire Brigades.

Physical and topographic features

The Shire of Northam has four main arterial roads:

- Great Eastern Highway which bisects the district
- Northam-Toodyay Road running north from the Highway
- Northam-York Road running south east from the Highway
- Northam-Pithara Rd running north east from the highway

The river bisects the district from west to east.

Demographic trends

In 2016 the population of the Shire of Northam was 11,112. Despite new infrastructure and the rise in profile of the Shire over the last five years, the population has increased

slightly in 2021 with the resident population numbered at 11,358 and a population density of 7.51 persons per square kilometre over an area of 1,432 square kilometres.

From June 2020 to June 2021, population growth has occurred as follows:

- Bakers Hill 0.36%
- Wundowie 0.08%
- Northam 0.51%
- Rural Districts 0.28%

Economic factors

The Shire of Northam has provided economic growth with a new location for Coles, new businesses such as Aldi, Spud Shed, Dome, Lume and KFC as well as new shops in the Boulevarde and the Coles complex. Farming and agriculture also play a high part in the economic structure of Northam as does the light industrial areas.

Ratio of Councillors to Electors

This is the current situation:

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%

Town	4716	5	1:943	-23.99%
TOTAL	7607	10	1:761	Not applicable

The % ratio deviation gives a clear indication of the % difference between the average Councillor to Elector ratio for the whole local government and the Councillor/Elector ratio for each ward.

It can be seen there is a significant imbalance in representation across the Shire with the West, Central and East Wards being over-represented and the Town Ward, underrepresented. A balanced representation would reflect only a plus or minus deviation of 10%.

A comparison with surrounding and similar local government areas is provided below:

Option 1 - Maintain current ward boundaries

The following is an assessment of the current situation against the factors.

Community Interest

Ward boundaries do not reflect town or rural interests or current economic activities.

Physical and topographic features

Ward boundaries do not reflect physical or topographic features. Refer to Attachment 3.

Demographic trends

Ward boundaries do not reflect demographic trends and are not determined by population characteristics

Economic factors

Ward boundaries do not reflect economic activities. The wards are economically diverse with light industrial and commercial areas.

Ratio of Councillors to Electors

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being underrepresented.

For comparison below is 10 Councillors for the four wards, and nine Councillors for four wards

		10 Member	Council		9 Member C	ouncil	
Ward	Number of Electors	Number of Councillor S	Councill or to Elector Ratio	% Ratio Deviati on	Number of Councillor S	Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%	2	1:588	30.43%
Central	11.63	2	1:582	23.56%	2	1:582	31.20%
East	552	1	1:552	27.44%	1	1:552	34.69%
Town	4716	5	1:943	-23.99%	4	1:1179	-39.49%
TOTAL	7607	10	1:761		9	1:845	

The following comparison is with 11 and 12 Councillors for the four wards

Ward Electors	Electors	12 Member	Council		11 Member Council			
	Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation		
West	1176	2	1:588	7.24%	2	1:588	14.97%	
Central	1163	2	1:582	8.27%	2	1:582	15.91%	
East	552	2	1:276	56.46%	1	1:552	20.18%	
Town	4716	6	1:786	-23.99	6	1:786	-13.66%	
TOTAL	7607	12	1:634	§2	11	1:692		

In the 12 Member Council comparison an extra Councillor was added to East ward and to Town ward which created an even greater ratio deviation. It is noted in the 11 Member Council comparison that whilst increasing the number of Councillors in the Town ward to six and leaving East ward at one improves the ratio deviation closer it is still not within recommended levels.

Option 2: Create three wards

To assess the situation if the Shire created three wards (East, West and Central) using the areas of economic activity boundaries with Central Ward being the former Town Ward. The following is an assessment against the factors.

Community Interest

All wards share a common community of interest overall as containing residential townsites and services including schools and recreational facilities. The Central ward is predominately residential and is made up of the regional service centre of the Avon Valley and Central Wheatbelt. The East and West Wards contain smaller residential areas. All wards are economically diverse with agriculture, industrial and commercial activities.

Physical and topographic features

Wards would be more distinguishable with the West ward bounded by its usual western end with the new part of the boundary being near Chitty Road, Toodyay-Northam Road, the west side of Spencers Brook Road, and Spencers Brook -York Road to Leaver Road. East ward would be bounded by new location of east of Spencers Brook-York Road. Spencers Brook-York Road. Central (formerly Town) would remain the same taking the greater number of Electors. Refer to Attachment 3.

Demographic trends

Ward boundaries do not reflect demographic trends.

Economic factors

Ward boundaries do not reflect economic activities. The wards are economically diverse with light industrial and commercial areas.

Ratio of Councillors to Electors

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being underrepresented.

Ward	Electors	9 Member C	9 Member Council		10 Member Council		
	Number of Councillors	25453	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation	
West	1726	2	1:863	-2.10%	2	1:863	-13.45%
Central	4716	5	1:943	-11.59%	6	1:786	-3.33%
East	1165	2	1:583	31.08%	2	1:583	23.43%
TOTAL	7607	9	1:634		10	1:761	

The deviation ratio with nine Councillor in three wards is still too great while the deviation for 10 Councillors doesn't provide the correct percentages.

Ward Electors 11 Member Council 12 Member Council

		Number of Councillors	3333333225	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1726	3	1:575	16.80%	3	1:575	9.24%
Central	4716	6	1:786	-13.66%	7	1:674	-6.28%
East	1165	2	1:583	15.77%	2	1:583	8.11%
TOTAL	7607	11	1:692		12	1:634	a an

With eleven Councillors the deviation ratio is still too great and would not provide the equal distribution required. Whilst the deviation ratio with twelve Councillors is certainly closer, however the cost of having two extra Councillors would have to be considered.

Option 3: Dispense with wards

The following is to explore an assessment of dispensing with wards and the effect that may have on the service provided to Electors.

Community Interest

Community interests are not reflected by the local government boundaries. There are commonalities in the communities of interest across the Shire. This includes the dependence of shared facilities including schools, recreational facilities, and sporting teams.

Physical and topographic features

The district boundaries do not follow topographical or physical features.

Demographic trends

The major growth is within the town areas with some growth in smaller hobby farms in the regional areas.

Economic factors

District boundaries do not reflect areas of economic activities as the Shire is economically diverse geographically with light industrial/commercial areas and education facilities.

Ratio of Councillors to Electors

This option results in the following:

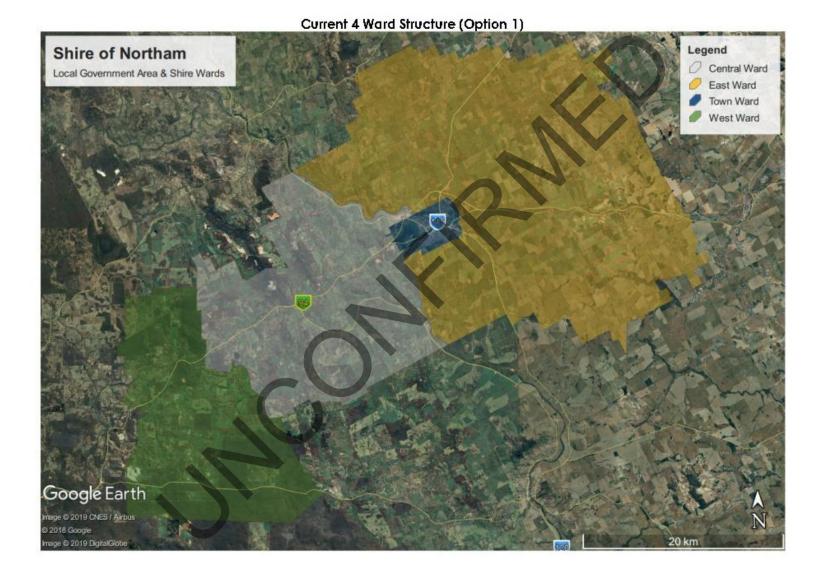

Ward	Electors	8 Member Council			9 Member Council		
	Number of Councillors	2012 C 12 C 12 C 12 C	1. 2011년 - 1. 2011년 73 2017 - 2011	Number of Councillors	Elector Ratio	% Ratio Deviation	
TOTAL	7607	8	1:951	0.00%	9	1:845	0.00%

Ward	Electors	10 Member Council			11 Member Council			
		Number of Councillors	Elector Ratio	10.729 3513551791.728	Number of Councillors	Elector Ratio	% Ratio Deviation	
TOTAL	7607	10	1:761	0.00%	11	1:692	0.00%	

This option results in a balanced representation across the Shire. The eight Councillor option would provide the most financial savings and could lead to more efficient and effective savings.

Dispense with wards	In my opinion, the ward system should be abolished. Under the Local Government Act, once Councillors are elected to Council, they are required to represent the people of the district" i.e. the entire Shire and not the electors from their particular electoral ward. The Shire of Northam is relatively small by area and population in the overall scheme of things and I believe Councillors should be acting in the interests of all of the Shire, not just their particular electoral ward. Being elected from the entire Shire should give the required authority to represent the district. It might be different if an elected member was "entitled" to represent just their ward but that is not the case. Regarding the number of elected members. I believe the number should be an odd number and I believe that number should be 7. An even number of Councillors means that a led vote at meetings is more likely, needing the casting vote of the President to resolve contentious issues. The occasional absence of elected members on leave of absence etc. will mean that an even number at Council metry for a council metars to be longed. 7 elected members should also be sufficient to attend to all district matters individing committees etc. Elected members are paid a reasonable remuneration so should expect their time to devote to Council matters to be comparatively significant.

Maintain the current situation (10 Councillors from 4 wards)	There are two ways this can be addressed; 1/ No wards. This the best choice for several reasons. Counsellors are supposed to represent all rate payers, regardless of wards. In practice this seldom happens with Counsellors concentrating on the people who vote for them. No wards would oblige all counsellors to pay more attention to their whole of Shire responsibilities as they would rely on votes from the whole Shire to be elected. 2/ One country ward and one town ward. This would allow a proprioring in presentation with four country counsellors and six town. It would also allow country and town electors to select their own representatives. Changing future demographics could unbalance option two, however option one, no wards, will always give proportional representation into the future and be the final step in a complete amalgamation. Election of a President! Currently electors have no say in the election of a President. I submit that this needs to be changed to the option where the president is directly elected by the electors have no say in the election of a President. I submit that the endorsement. The current system of Council electing the President is weak. No councilor runs for the office of president but one must take the position. Such a small pool of candidates for a Presidential election can also nominate for the position of Councillor so there is no danger of unsuccessful Presidential candidates missing out on a pacing with the ability or desire to successfully carry out the role.

A. BACKGROUND / DETAILS

DPLH have provided the following information:

"The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy (<u>Annexure J to</u> <u>the ILUAs</u>). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

Over the next five years, DPLH will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;

- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the DPLH involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities."

C. OFFICER'S COMMENT

DPLH have requested the Shire to consider the following points when providing comments on the proposed land transfer:

- 1. Is the Town supportive of the transfer of this land to the Noongar People under the Settlement?
- 2. Does the Town have any interest in the land?
- 3. Does the Town have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 4. Is the land parcel subject to a mandatory connection to services?
- 5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- 6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- 7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- 8. Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- 9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

The Shire has received separate requests by locality and Native Title holder. With regard to the requests the following is provided:-

- List 919 Grass Valley Ballardong People (Refer Attachment 2 Location map)

Dear Sir/Madam,

Request for Comment - Proposed Transfer of Land under the South West Native Title Settlement

The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy (<u>Annexure J to the ILUAs</u>). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

For more information on the Settlement, please refer to the Department of the Premier and Cabinet website: https://www.wa.gov.au/organisation/department-of-the-premier-and-cabinet/south-west-native-title-settlement

Over the next five years, the Department of Planning, Lands and Heritage (Department) will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the Department involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities.

To that end, please find attached spreadsheets comprising of land parcels identified for possible transfer. It would be appreciated if you could provide comments on each of the land parcels directly into the column labelled 'Referee Comments' in relation to the following:

- 1. Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
- 2. Does the Shire have any interest in the land?
- 3. Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 4. Is the land parcel subject to any mandatory connection to services?
- 5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- 6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- 7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- 9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

Once you have considered the land identified, the South West Settlement Project team would be pleased to receive your comments by email to <u>swsettlement@dplh.wa.gov.au</u>.

In accordance with the abovementioned Annexure J of the ILUAs, your advice is required to be returned within 40 days of receiving this email. As a result, please provide your comments by 20 October 2022. Should this timeframe not be achievable, please let me know as a matter of priority. Where no response is received from the Shire within the 40 day timeframe, this will be taken as having no comment on the land parcels referred.

If you have any queries, please do not hesitate to contact me on the details below.

Kind regards

C. OFFICER'S COMMENT

DPLH have requested the Shire to consider the following points when providing comments on the proposed land transfer:

- 10. Is the Town supportive of the transfer of this land to the Noongar People under the Settlement?
- 11. Does the Town have any interest in the land?
- 12. Does the Town have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 13. Is the land parcel subject to a mandatory connection to services?
- 14. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- 15. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- 16. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- 17. Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- 18. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

The identified parcels are located within Wundowie townsite on the northern and western area. The majority of sites are zoned residential and identified in the Shire strategy for townsite expansion. A significant number of sites are proposed to be transferred as a Reserve with power to lease. There in not additional information regarding development or the impact on development and expansion of the Wundowie townsite,

A location map is provided by proposed tenure classification Freehold and leasehold. **Attachment 1**

The spreadsheet **Attachment 2** to this Report details the proposed land to be transferred and the Shire's responses to the above questions.

Good Morning

I refer to my below email dated 05/09/2022 requesting the Shire's comments in relation to the land identified in the attached spreadsheet.

The response timeframe has now passed and I have not received any request for an extended timeframe.

If the Shire wishes to provide any comments, can they please be sent as soon as possible.

If nothing is received in the next week we will need to proceed without the Shire's comments.

Kind regards

From: Southwest Settlement Sent: Friday, 9 September 2022 11:30 AM To: Subject: South West Native Title Settlement - Land Base Consultation - Land Lists 913, 919 and 920

Dear Sir/Madam,

Request for Comment - Proposed Transfer of Land under the South West Native Title Settlement

The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy (<u>Annexure J to the ILUAs</u>). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

For more information on the Settlement, please refer to the Department of the Premier and Cabinet website: https://www.wa.gov.au/organisation/department-of-the-premier-and-cabinet/south-west-native-title-settlement

Over the next five years, the Department of Planning, Lands and Heritage (Department) will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the Department involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities.

To that end, please find attached spreadsheets comprising of land parcels identified for possible transfer. It would be appreciated if you could provide comments on each of the land parcels directly into the column labelled 'Referee Comments' in relation to the following:

- 1. Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
- 2. Does the Shire have any interest in the land?
- 3. Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 4. Is the land parcel subject to any mandatory connection to services?
- 5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
- 6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
- 7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
- Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
- 9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

Once you have considered the land identified, the South West Settlement Project team would be pleased to receive your comments by email to <u>swsettlement@dplh.wa.gov.au</u>.

In accordance with the abovementioned Annexure J of the ILUAs, your advice is required to be returned within 40 days of receiving this email. As a result, please provide your comments by 20 October 2022. Should this timeframe not be achievable, please let me know as a matter of priority. Where no response is received from the Shire within the 40 day timeframe, this will be taken as having no comment on the land parcels referred.

If you have any queries, please do not hesitate to contact me on the details below.

Kind regards

Jos Lankester | Project Officer | Native Title Agreements and Partnerships 140 William Street, Perth WA 6000 6552 4526 www.dplh.wa.gov.au

BRIEF

A request has been received to initiate a scheme amendment (No. 18) to recode Lot 100 (No. 54) Byfield Street, Northam from Residential R15 to Residential R20.

The amendment is a 'standard' amendment in accordance with Reg. 35(2(a) of the Planning and Development (Local Planning Schemes) Regulations 2015.

ATTACHMENTS

Attachment 1:Scheme Amendment documentAttachment 2:R-Codes – Table 1 General Site Requirements

A. BACKGROUND / DETAILS

<u>Background</u>

The subject property is located on the corner of Byfield and East Streets, is vacant and has a residential coding of R15.

As indicated in the Scheme Amendment document, two subdivision approvals (refs: 155540 and 162419) have been granted by the Western Australian Planning Commission to create 43 residential lots plus 1 residue lot, in conjunction with lots 105, 106 and 107 Frankish Road, utilising the existing coding.

<u>Details</u>

It is proposed to recode Lot 100 to R20 to be consistent with the other lots in the development to facilitate a potential lot yield of 16 lots, when compared to 10 lots under the current coding.

Table 1 of the State Planning Policy 7.3 – Residential Design Codes Volume 1 stipulates lot size using density codes, known as R-Codes. The R15 R-Code has a minimum lot size of 580m² with an average lot size of 666m²; and the R20 R-Code has a minimum lot size of 350m² with an average lot size of 450m². A copy of the R-Codes Table is attached to this Report (Attachment 2).

If the scheme amendment is approved, the subdivision layout will be revised as depicted in Annexure 2 of the Scheme Amendment document (Attachment 1) that will increase lot yield providing additional lots for the local residential market.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area:	Place					
Outcome:	Urban and rural communities are sensibly planned					
	and developed.					
Objective:	Provide sufficient land and development					
	opportunities to enable local communities to grow.					
Priority Action:	Facilitate infill development in local towns via the					
	Local Planning Scheme.					

B.2 Financial / Resource Implications

The application and advertising fees will be borne by the Applicant.

B.3 Legislative Compliance

Planning and Development (Local Planning Schemes) Regulations 2015 Section 75 of the Planning and Development Act 2005 (the Act) gives a local government the power to amend its local planning scheme. The procedure for preparing and adopting an amendment is provided for by the Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations). The process is shown in the flow chart attached to this Report (Attachment 2).

Should Council resolve to initiate the amendment (Reg. 35(1)), it must specify whether, in its opinion, the amendment is a complex, standard or basic amendment (Reg. 35(2)(a)). Council's resolution must also include an explanation of the reason for Council forming that opinion (Reg. 35(2)(b)), which is discussed in Officer's Comments below.

If initiated, the Shire is then required by section 81 of the Act to refer the amendment to the Environmental Protection Authority (EPA) for its consideration under section 48A of the Environmental Protection Act 1986. The EPA can determine to assess or not assess the proposal.

The Western Australian Planning Commission (WAPC) also needs to be notified following initiation of the amendment (Reg. 47(1)).

The amendment is then advertised in accordance with Reg. 47(3) and Reg. 76A as outlined in Consultation section. Following advertisement, submissions are considered, and the amendment is presented to Council for final adoption with or without modifications. Any significant modifications may require re-advertising.

B.4 Policy Implications

There are no policy implications for the Shire in relation to the recommendations of this Report.

B.5 Stakeholder Engagement / Consultation

The Shire will consult with relevant stakeholders and the community in accordance with Reg. 47(3) and Reg. 76A the Planning and Development (Local Planning Schemes) Regulations 2015 as a standard amendment.

Reg. 47(3) requires advertising to the public for a minimum of 42 days or longer period approved by the WAPC.

Reg. 76A requires the amendment to be made available for viewing on the Shire's website, in the Shire offices and the notice to be published in a newspaper circulating in the area.

If significant modifications are made following advertising, this amendment including modifications made, are required to be re-advertised in accordance with the above process.

B.6 Risk Implications

B.7 Natural Environment Considerations

There are no natural environment considerations associated with this proposal.

C. OFFICER'S COMMENT

If the scheme amendment is approved, then an amended subdivision application will need to be lodged with the WAPC to utilise the new coding and increase the lot yield of the subdivision.

The proposal to recode the subject lot is consistent with the existing objectives of the Local Planning Strategy.

Ideally the adjoining lots on Byfield Street (102 and 103) would have been included in the scheme amendment proposal to approach the recoding on a more holistic basis, however taking into consideration that the proponent is ready to commence the development and that the Shire is undertaking a review of the Local Planning Strategy and Scheme, this work can be completed at a later date.

As the amendment is consistent with the objectives of the current Local Planning Strategy, is unlikely to impact on surrounding land and will have no significant environmental, social, economic or governance impacts on land in the scheme area, the amendment is considered a standard amendment in accordance with Regulation 34 'Standard Amendment' of the Planning and Development (Local Planning Schemes) Regulations 2015.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.4604

Moved: Cr Hughes Seconded: Cr Mencshelyi

That Council:

- 1. Resolves, in pursuance of Section 75 of the Planning and Development Act 2005, to initiate an amendment to the Shire of Northam Local Planning Scheme No.6 to recode Lot 100 (No. 54) Byfield Street, Northam from R15 to R20 and amend the scheme map accordingly.
- 2. Number the proposed local planning scheme amendment 'Amendment No. 18' to Shire of Northam Local Planning Scheme No. 6;
- 3. Resolves, pursuant to the Regulation 35(2) of the Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations), that proposed Scheme Amendment No. 16 is a standard amendment pursuant to Regulation 34 of the Regulations as it is:
 - (a) generally consistent with the objectives of the Local Planning Strategy;
 - (b) is anticipated to have minimal impact on surrounding land; and

- (c) is anticipated to have no significant environmental, social, economic or governance impacts on land in the scheme area.

1.0 EXECUTIVE SUMMARY

The purpose of this Scheme Amendment to the Shire of Northam Local Planning Scheme No. 6 (LPS6) is to recode Lot 100 (#54) Byfield Street in Northam (the subject land) from "Residential R15" to "Residential R20".

Akron, on behalf of the landowner (Yilgarn Property), seeks Council Approval to recode the subject land to facilitate the property being developed in conjunction with Lot 105 (1 Frankish Road), Lot 106 (3 Frankish Road) and Lot 107 (5 Frankish Road) in Northam, also owned by Yilgarn Property.

Akron's justification in support of the Scheme Amendment is summarised as follows:

- The proposal accords with the relevant State Planning and Development Control Policies of the Western Australian Planning Commission (WAPC);
- The subject land is contained in *Shire of Northam Local Planning Strategy* 2013 as being suitable for increased residential development; and
- The subject land is located immediately adjacent to other Residential R20 coded land to the south, and opposite Residential R30 coded land to the west.

Akron therefore seeks the Council of the Shire of Northam's favourable consideration of the proposed Scheme Amendment.

For the purposes of the *Flanning and Development (Local Planning Schemes) Regulations 2015,* the proposed Scheme Amendment is a 'Standard' Scheme Amendment as the proposal is consistent with a local planning strategy for the scheme that has been endorsed by the WAPC.

2.0 INTRODUCTION

Akron Pty Ltd acts for the landowner of Lot 100 (#54) Byfield Street, Northam and lodges this request on their behalf, seeking the Council of the Shire of Northam's support for a Scheme Amendment for the recoding of the site from "Residential R15" to "Residential R20".

The proposed Scheme Amendment seeks to increase residential development opportunities on the subject site in a manner similar to nearby and adjacent land in accordance with the current local town planning framework.

The Shire of Northam Administration's assessment on this proposal is sought and following a supportive report to the Council of the Shire of Northam for initiation, the formal Scheme Amendment documents and further information (if required) will be provided.

3.0 LOCATION & SITE DETAILS

The subject land is described on Certificate of Title Volume 1589, Folio 297. (Refer

Annexure 1 - Certificate of Title).

The registered proprietor of the subject land is outlined in the table below:

Land Description	Registered Proprietor	Volume	Folio	Size
LOT 100 ON PLAN 13407	YILGARN PROPERTY PTY LTD OF PO BOX 910 NORTHAM		297	8,838m²

Lot 100 (#54 Byfield Street in Northam) is located on the corner of East Street and

Byfield Street in Northam (refer Figure 1 – Location Plan).

Figure 1: Location Plan (Source: DPLH, PlanWA)

Lot 100 is currently zoned "Residential R15" by LPS6.

The subject site slopes down from south to north.

The land characteristics of the site include limited remnant vegetation and access to urban infrastructure services.

The subject land has been approved by the WAPC for subdivision with Lot 105, 106 and 107 Frankish Road. The approved plan of subdivision for Lot 100 currently

Job No.: TPOOS Page 3

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam

includes a proposed access road and yields 12 lots ranging from 581m² to 794m² in size.

The subject land has the following locational attributes:

- The land is located close to existing and developing urban areas of Northam and is adjacent to existing "Residential R20", "Residential R2.5" and "Residential R30" coded land;
- The land will have access to all urban infrastructure services;
- The land is approximately 4 minutes' drive from major shopping centre facilities in Northam CBD and less than a minute's drive from the nearest school;
- The land has no environmental issues which cannot be addressed, and which might otherwise, prevent further development; and
- The land is intended to be developed together with adjoining 'R20'-coded land (Lots 105, 106 and 107 Frankish Road).

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam

4.0 SCHEME AMENDMENT PROPOSAL

4.1 Amendment Specifications

Proposed Scheme Amendment No. 18 to LPS6 seeks to recode Lot 100 on Plan 13407 (#54) Byfield Street, Northam from 'Residential R15" to "Residential R20".

4.2 Rationale in Support of Amendment

In circa 2017, the WAPC granted approval to subdivide Lot 100 (#54) Byfield Street, Lot105 (#1) and Lot 107 (#5) Frankish Road as depicted on the attached Plan of Subdivision included at **Annexure 3 – Approved Plan of Subdivision Lots 100, 105 & 107**, as part of a single development. More recently, the WAPC also approved subdivision of Lot 106 (#3) Frankish Road and Part Lot 107 (#5) Frankish Road (refer **Annexure 4 – Approved Plan of Subdivision Lot 106 & Remnant Portion of Lot 107**, also forming part of the same subdivision.

The proposed recoding of Lot 100 will bring it into consistency with the current R20 density code of Lots 105, 106 and 107. At R20 density code, Lot 100 could potentially yield up to 16 lots ranging between 413m² to 610m², including a public access road.

The proposed recoding of Lot 100 will further increase residential development capacity and reduce the need for the long-term provision of new 'Residential' zoned land. This principle is supported by the Shire of Northam's Local Planning Strategy.

Further rationale in support of the proposed Scheme Amendment is outlined in response to the various Planning requirements associated with the site, outlined and detailed in Section 5.0 of the Scheme Amendment Report.

4.3 Concept Plan

The proposed Scheme Amendment will enable a resultant subdivision/development which is depicted in the attached Concept Plan included at **Annexure 2**.

The Concept Plan identifies a layout for the lot, which will be developed in stages at R20 density code in conjunction with Lot 105 to the south, including Lot 106 and Lot 107 to the south-east.

5.0 STRATEGIC & STATUTORY FRAMEWORK

5.1 Local Planning Context

5.1.1 Local Planning Scheme No. 6

The subject land is zoned "Residential R15" by Shire of Northam Local Planning Scheme No. 6 (LPS6).

Clause 4.2 of LPS6 will apply to the recoded land, as it deals with the Residential Design Codes (R Codes). In accordance with subclause 4.2.2, the development of land in LPS6 for any of the residential purposes dealt with by the R Codes (unless otherwise provided for in LPS6), is to conform with the provisions of those Codes.

The land is not affected by any of the Special Control Areas contained in Part 5 of LPS6.

The site is located directly adjacent to land that is coded R2O to the south, land coded R2.5 to the east, and land coded R3O west of East Street. Refer LPS6 Zoning Map Extract at **Figure 2** below.

Figure 2: LPS6 Zoning Map Extract

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam Job No.: TPOOS Page 6

The objectives of the Residential Zone (subclause 3.2.1 of LPS6) are to -

- Provide for residential development at a range of densities with a variety of housing types to meet the needs of all sectors of the community through application of the Residential Design Codes.
- Maintain and enhance the residential character and amenity of the zone.

5.1.2 Shire of Northam Local Planning Strategy 2013

The Shire of Northam Local Planning Strategy 2013 depicts the subject land as existing urban land in Northam Townsite.

The Vision/Objective for Housing under the LPS (cl. 2.2.3) is, 'to ensure a sufficient supply of suitably zoned and serviced residential land in established settlements to accommodate future housing growth and to provide for housing choice and variety in neighbourhoods with a community identity and high levels of affordability, accessibility, safety, sustainability and visual amenity."

With respect to Northam Townsite, the LPS also highlights the potential for increases in density of low-density residential areas, which will further increase residential development capacity and reduce the need for the long-term provision of new 'Residential' zoned land.

The proposed Scheme Amendment is also consistent with the set Strategies for Housing in the LPS given the proposed Scheme Amendment –

- encourages the take up of existing residential land in the Northam Townsite prior to proceeding with new land releases;
- directs new housing development to the Northam Townsite;
- will provide for development which take advantage of existing services in the immediate area; and
- will provide for additional housing types in a central location.

5.2 State Planning Context

5.2.1 State Planning Policies

State Planning Policy 7.3 – Residential Design Codes Volume 1

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam

The purpose of the R-Codes is to provide a comprehensive basis for the control of residential development throughout Western Australia.

The general objectives of the R-Codes Volume 1 are to -

- provide residential development of an appropriate design for the intended residential purpose, density, context of place and scheme objectives;
- encourage design consideration of the social, environmental and economic opportunities possible from new housing and an appropriate response to local amenity and place;
- encourage design which considers and respects heritage and local culture; and
- to facilitate residential development which offers future residents the opportunities for better living choices and affordability.

The proposed Scheme Amendment accords with the general objectives of the R-Codes Volume 1.

5.2.2 Development Control Policies

Development Control Policy 2.2- Residential Subdivision (DCP 2.2)

The objectives of DCP 2.2 are to -

- establish a consistent and coordinated approach to the creation of residential lots throughout Western Australia;
- adopt criteria for residential lots which will ensure that each lot has a suitable level of amenity, services and access; and
- to facilitate the supply of residential lots in regular shapes and size ranges that reflect the statutory provisions of local planning schemes — including the R-Codes, the availability of reticulated sewerage, electricity and water and the need for frontage to public streets for access.

The proposed Scheme Amendment accords with the abovementioned objectives.

The 'General Requirements' of the 'Policy Measures' at subclause 4.1.1 of DCP 2.2 indicate that applications for the subdivision of land into residential lots will be assessed against –

criteria set out in clause 4.1.3 of DCP 2.2;

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam

- the context of the general subdivision requirements of DCP 1.1 Subdivision of Land – General Principles,
- state and local planning frameworks, including Liveable Neighbourhoods; and
- water sensitive urban design principles.

In response to these general requirements, the following is provided with respect to Lot 100 –

- all new development sites or lots created on the land will be capable of development in accordance with the R-Codes, read with subclause 4.3.2 in LPS6;
- any new proposed lots and any new development to be created on the land will take into account the topography of the site and include appropriate stormwater drainage systems as required;
- any new proposed lots and any new development to be created on the land will link with the existing pedestrian footpath network; and
- the development is located close to Northam CBD, an existing school and public open space.

The proposed recoding of the subject land from R15 density code to R20 density code, therefore, accords with the General Requirements outlined under subclause 4.1.1 of DCP 2.2.

Shire of Northam Proposed Scheme Amendment No. 18 Lot 100 (#S4) Byfield Street, Northam Job No.: TPOOS Page 9

5.3 Other Planning Considerations

5.3.1 Utility Services

The subject land will be provided with telecommunications, a reticulated power supply, scheme water and sewer services.

5.3.2 Roads

The site has frontage to East Street to the west, and Byfield Street to the north. These roads are under the maintenance, care, and control of the Shire of Northam.

6.0 CONCLUSION

Given the proposed Scheme Amendment is consistent with the objectives of *Shire* of *Northam Local Planning Strategy 2013* and accords with the Western Australian Planning Commission's relevant State Planning and Development Control Policies, it is requested that the Council of the Shire of Northam initiates proposed Scheme Amendment No. 18 to Shire of Northam Local Planning Scheme No. 6 to recode Lot 100 (#54) Byfield Street, Northam from "Residential R15" to "Residential R20".

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 31 October 2022 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statement by Program
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Rating Information
- Cash Flow Information
- Investment Schedule

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council finance staff prior to the meeting.

Notes to the Financial Statements (items in bold represent new notes)

Operating Revenue

1. Interest earnings are under budget \$69,410 due to the timing of interest being brought to account on Shire investments.

Operating Expenditure

- 2. Insurance expenses over budget by \$234,551 due budget timing. Insurance premium paid in October while the budget shows payment for November.
- 3. Interest expenses are under budget 41% due to timing of interest payment on the Treasury loans.
- 4. Other expenditure is over budget by \$ 139,185 mainly due to public works overheads that are under budget due to timing,

Capital Expenditure

5. There was no capital budget for the year 22/23 for Southern brook road however the expenditure on the road construction came through in the Month of August, this will be amended budget review.
