### Operational Matters:

Whilst we are now in an open burning season, I urge all residents and ratepayers to remain informed of current conditions and aware of any emergency warnings that may arise. If lighting fires, be aware of current conditions and potential impacts these may have on your neighbors.

Thank you to all our volunteers, who consistently answer the call to assist and protect members of the community. We recently witnessed that during our recent ANZAC Day memorials and our upcoming International Firefighters Memorial Day.

### Events Calendar:

The National Hot Air Ballooning Championships are being run during May. This is Northam's 5<sup>th</sup> time of hosting the event, being the 23<sup>rd</sup> time of being held. With many exciting events, including the Elevate Festival, or Balloon Glow, I know that all these successful events will cement the Shire of Northam as Australia's Not Air Ballooning Capital.

Thanks to all volunteers involved with the running of this successful event.

### Strategic Matters:

The Shire of Northam has a Capital Works Programme Tracker. This example of a map -linked by the following QR code, shows planned road improvement and rehabilitation works across the Shire of Northam.

*Executive Manager Development Services advised that staff are unaware if there are any, but can check the registrations to find out.*

- In the Submissions it states that a neighbor has spoken to the owner directly a number of times with complaints regarding the dogs, have they been told to report these issues to the Shire?

*Executive Manager Development Services advised that the report referenced that the complaint lodged was for barking, and that the owners have since purchased barking collars. When the Shire receives a complaint, we send an acknowledgement and further documents/information.*

Council Forum Meeting Notes  
10 May 2023

*The Chief Executive Officer also noted that it is preferred such matters get resolved amongst neighbors rather than escalate to the Shire, which is the advice provided to any complainants.*

- In regards to the objections received, the staff have indicated that the claim that the dogs are locked in the house all day is not applicable, why is that?

*Executive Manager Development Services advised that the Shire has no evidence that the dogs are locked up all day. The Rangers have conducted a site inspection, but nothing was found to support this. It was also noted that there is no legislation prohibiting dogs from being kept in the house outside of any potentially health regulation breaches.*

- Where exactly is the house situated on the property?

*Executive Manager Development Services will provide an updated map for the Ordinary Council Meeting showing this.*

- When these owners previously had a multiple dog request put to Council the approval was for 4 dogs, but it was only listed as 3, can you confirm which is correct?

*Executive Manager Development Services advised that there was an anomaly in what was applied for and what was approved. The request and Council approval was for 3 dogs, but the approval letter sent to the applicant was for 4.*

- If Council does not approve 4 dogs what will happen?

*Executive Manager Development Services advised that 2 dogs would need to be removed from the property.*

### 13.3.2 Proposed Easement - 23 Taylor Street, Northam

Clarification was sought in relation to:

- As the conditional development was granted back in 2019, would this have lapsed?

*Executive Manager Development Services advised that this would not have lapsed, and they would still be required to comply with the ongoing conditions.*

- Is the dwelling in a flood prone area?

Council Forum Meeting Notes  
10 May 2023

*Executive Manager Development Services confirmed that the dwelling is in a flood prone area but is on stilts.*

- So even through Main Roads may not commence upgrades for another 10/15 years this is still necessary?

*Executive Manager Development Services confirmed that this is correct. There are plans in place for major works at that location.*

### 13.4 CORPORATE SERVICES

#### 13.4.1 Fees and Charges 2023/24 Adoption

Clarification was sought in relation to:

- In regards to Wundowie Hall, now that it is under the Progress Association is the fee still the same or do they set their own?

*Executive Manager Corporate Services advised that the lease agreement between the Shire of Northam and the Wundowie Progress Association in The Schedule Item 9 States, Fees are set in accordance with the Shire of Northam adopted Fees and Charges or by Council resolution.*

- In regards to the fees for standpipes, why is one so much lower than the others?

*Executive Manager Corporate Services advised that Water Corporation issue a list of set fees for the different standpipes, which is published to their website each year. We currently do not have the list for the next financial year, that is why we have listed it in the attachment as cost + 10%.*

- In regards to the swimming pool, it lists a staff discount of 50%, has that always been available?

*Executive Manager Corporate Services confirmed that this has been available for roughly as long as the pool has been open.*

- In regards to the Cemetery fees, it notes that the charge includes any unforeseen expenses associated with providing the service, how is this figure reached?

Council Forum Meeting Notes  
10 May 2023

*Executive Manager Corporate Services advised that this figure is a prediction based on fees that have been incurred in previous years.*

- In regards to the Equipment Hire of the AROC Mobile toilets, one of the charges decreases in 2023/2024, why is that?

*Executive Manager Corporate Services advised that he would review this figure.*

*\* This figure was found to be a typo and has since been corrected to \$328.*

- In regards to the cost increase from Western Power for street lighting, how much will this cost the Shire?

*The Chief Executive Officer advised that be an increase of roughly \$124,000. It was noted that this is a tariff based charge, not a consumption based charge.*

- How will the increase in the cost for street lights affect rate payers, how is it equitable when some properties do not have street lights?

*The Chief Executive Officer clarified that this is not a user pay system and the cost would be borne by the whole community, the same as the costs to run services such as community library and pool.*

- What is the rural waste charge?

*Executive Manager Corporate Services advised that this item will not be adopted at this meeting and a separate report will come to council and be discussed during the upcoming strategic council meeting. Staff are potentially looking to adopt a charge in this space as it was identified that rate payers in rural areas who do not pay for rubbish collection are receiving free access to the waste transfer station and skip bin service (a facility that is being run as a cost neutral service).*

- Is the Shire still investigating the possibility of road side waste collection being extended to the south east of the Shire?

*The Chief Executive Officer and Executive Manager Development Services advised that this matter had been resolved as the costs associated with such a service were not feasible.*

Council Forum Meeting Notes  
10 May 2023

- Did the Shire previously offer more than 10 tip passes?

*Executive Manager Development Services advised that the Shire offered 12 tip passes previously as he recalled. It was noted that the number of passes was reduced when free green waste collection was introduced.*

- Will council be discussing the skip bins being delivered to houses and not the road verges at the upcoming strategic meeting?

*The Chief Executive Officer advised that it is not the intent of staff to raise this with Council, noting this was an outcome of potential risks with the previous service identified by the contractor.*

- In regard to community amenities, the charge to dispose of tyres has increased substantially. Aren't the tyres being recycled for rubber matting, why is the cost so much?

*Executive Manager Corporate Services advised that while the tyres are being recycled, there is still a cost to the Shire for someone to collect them from the Shire facility. The proposed fee is for cost recovery purposes.*

- Why has the fee to dispose of mattresses been scraped?

*Executive Manager Corporate Services advised that the fee was originally introduced to try to reduce the number of mattresses being dumped at the waste facility. However, since adopting the fee the number of mattresses has not decreased, they are still coming in with the skip bins. Staff are recommending to absorb the cost in to the waste fees, which may remove a barrier for placing the mattresses in the appropriate place at the transfer station, rather than incorporate them into general rubbish to 'save' the charge.*

- In relation to vehicle impounding, what happens if the vehicle remains at the facility longer than indicated?

*Executive Manager Corporate services advised that if that was the case, the Shire would likely look at writing off the fees and selling the vehicle.*

Cr Williams has discussed improvements to the Station master's house with the Spencers Brook Progress Association President, but has not been involved in any of the submissions to Council.*

**13.5.1 Progress & Community Associations 2023/2024 Budget Allocation**

Clarification was sought in relation to:

- Were there no applications from the associations to the East of the Shire?

*Executive Manager Community Services confirmed that this is correct, no applications were received despite staff encouragement.*

**RECOMMENDATION**

**For Information only.**

Clarification was sought in relation to the term of the contract. Mr Dias confirmed that there is a 3 year contract in place with a 2 year renewal option. The 2 year renewal option has not been exercised at this stage.

Cr M P Ryan left the meeting at 4:09pm. Cr Antonio suspended the meeting in accordance with clause 4.12(a) of the Shire of Northam Standing Orders Amendment Local Law 2018 due to there being no quorum at the meeting.

The Shire President resumed the meeting at 4:21pm.

Mr Dias provided an overview of the audit process.

Mr van der Merwe provided an overview of the planning summary documents. Discussion was held around:

1. IT risks affecting the financial statements. Clarification was sought in relation to the IT risks affecting the financials, reference was made to the transition to Altus. Mr van der Merwe advised that they will be looking at whether Council had a project management plan, business plan, project team, appropriate signoffs etc. Where these are not in place they often see challenges. It was suggested that Council link the project to its Risk Register.
2. Maintaining fair value at all times as opposed to only at the time of fair value being undertaken. Inflation was discussed as a component affecting fair value however this can not be used as a sole assessment. Council needs to undertake an assessment of this and provide information around their process of how they have determined the fair value. Clarification was sought in relation to 'at all times'. Mr van der Merwe advised that this is once a year at 30 June. Concerns were raised in relation to the timeframes to complete this given we are nearing end of financial year. Mr van der Merwe advised that given fair value was completed last year for property, plant and equipment

**Audit & Risk Management Committee Minutes  
19 April 2023**

- (PPE), he does not believe this would vary too much. Council will need to ensure this is completed by the time that the audit report is ready to be signed off. Discussion was held around methods for review including using independent qualified valuers and getting an external review of the assessment (e.g. from a surrounding local government). Mr Dias advised that Council should be focussing on the PPE as the fair value for infrastructure is scheduled to be undertaken this financial year.
3. Reviewing multiple pay runs with different touch points as opposed to reviewing one pay run at a deeper level.
  4. The timeline being more stable given there were no changes to the Accounting Standards. Clarification was sought in relation to when these are likely to change and what might those changes entail (e.g. ECG scores). Mr van der Merwe advised that these are not expected to change for the current audit. Mr Dias advised that any changes they are aware of for future audits will be advised in the exit notes.

Mr Dias left the meeting at 4:32pm and returned at 4:32pm.

Mr van der Merwe provided an overview of the timeline of events.

Mr Dias and Mr van der Merwe left the meeting at 4:59pm.

## INTRODUCTION

### Auditor General

Following proclamation of the Local Government Amendment (Auditing) Act 2017, the Auditor General is responsible for the annual financial report audit of Western Australian Local Governments.

The Act allows the Auditor General to appoint contract audit firms to carry out the audit on their behalf.

### Contractor Appointment – Dry Kirkness (Audit) Pty Ltd ("DK")

DK has been contracted by the Auditor General to perform the Shire of Northam financial report audit on the Auditor General's behalf for the year ending 30 June 2023.

Our audit procedures will be conducted under the direction of the Auditor General, who will retain responsibility for forming the audit opinion and issuing the audit report to the Shire of Northam.

DK is required to report any matter to the Auditor General, which may affect the Auditor General's responsibilities under the Auditor General Act 2006.

### Responsibility of the Council and the CEO

It is important to note that:

1. Under the *Local Government Act 1995* and associated regulations, the Council and the CEO are responsible for keeping proper accounts and records, maintaining effective internal controls, preparing the annual financial report, and complying with the Local Government Act and Regulations, and other legislative requirements.
2. Under the *Local Government Act 1995* and associated regulations, the Council and the CEO have responsibility for maintaining internal controls that prevent or detect fraud or error and to ensure regulatory compliance. The Audit and Risk Committee and the Auditor General should be informed by management of any fraud or material errors. During the audit we will make inquiries with management about their process for identifying and responding to the risks of fraud, including management override. It should be noted that our audit is not designed to detect fraud, however should instances of fraud come to our attention, we will report them to you.
3. The Council and CEO are responsible for ensuring the accuracy and fair presentation of all information in its annual report, and that it is consistent with the audited annual financial statements. We do not provide assurance over your annual report.
4. An audit does not guarantee that every amount and disclosure in the annual financial report is error free. Also, an audit does not examine all evidence and every transaction. However, our audit procedures should identify errors or omissions significant enough to adversely affect the decisions of users of the annual financial report.

Audit & Risk Management Committee Minutes  
19 April 2023

Attachment 6.1.1

Our audit is conducted in accordance with Australian Auditing Standards. Our aim is to provide reasonable assurance whether the annual financial report is free of material misstatement, whether due to fraud or error. We perform audit procedures to assess whether, in all material respects, the annual financial report is presented fairly in accordance with the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

The nature of the audit is influenced by factors such as:

- the use of professional judgement
- selective testing
- the inherent limitations of internal controls
- the availability of persuasive rather than conclusive evidence.

As a result, an audit cannot guarantee that all material misstatements will be detected. We examine, on a test basis, information to provide evidence supporting the amounts and disclosures in the annual financial report, and assess the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by management.

#### Conflicts of Interest

We confirm we have completed our independence evaluation and are satisfied we do not have any actual or perceived conflicts of interest in completing the annual audit of the Shire of Northam on behalf of the Auditor General.

#### Audit Approach

DK's approach is designed to:

- Focus on key risks and financial areas
- Add value to your business by providing constructive ideas for improving internal controls and on-going business systems.

The partner-led assurance service team is committed to meeting specific business needs by:

Attachment 6.1.1

We will carry out such work as is necessary to form an opinion as to whether the annual financial report of the Shire is:

- i) based on proper accounts and records
- ii) presents fairly, in all material respects, the results of the operations of the Shire for the year ended 30 June 2023 and its financial position at the end of that period
- iii) in accordance with the Local Government Act 1995 (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

The attendance of at least one meeting per year of the Shire's audit and risk committee by a member of our audit team will be carried out if required.

The audit team will visit the Shire's offices during each stage of the audit and the engagement partner will be available for subsequent meetings at the Shire's request.

Audit & Risk Management Committee Minutes  
19 April 2023

Attachment 6.1.1

Our audit approach involves assessing your overall control environment and understanding key business processes/cycles and internal controls relevant to the audit.

The level of testing will be dependent on our assessment of the risk in each business cycle.

The extent of our reliance on controls, together with the materiality level, determines the nature and extent of our audit procedures to verify individual account balances.

Our audit will be split into two components as follows:

**Interim audit**

This includes:

1. Updating our understanding of your current business practices
2. Updating our understanding of the control environment and evaluating the design and implementation of key controls and, where appropriate, whether they are operating effectively
3. Testing transactions to confirm the accuracy and completeness of processing accounting transactions, namely rates and grant revenue, expenditure and payroll
4. Clarifying significant accounting issues before the annual financial report is prepared for audit.

**Final audit**

This focuses on verifying the annual financial statements and associated notes, and includes:

1. Verifying material account balances using a combination of substantive analytical procedures, tests of details, substantiation to subsidiary records and confirmation with external parties
2. Reviewing the annual financial report and notes for compliance with the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards.

## BUSINESS OPERATIONS

The Shire of Northam is located within the Avon sub-region of the WA Wheatbelt and covers an area of close to 1,443 square kilometres. The western boundary of the Shire of Northam is situated approximately 50 kilometres from the Perth metropolitan area.

The Shire is home to just over 11,000 people with approximately 62% located in Northam.

Farming communities (which primarily produce wheat, barley, oats, sheep, wool and cattle) use Northam for their everyday banking, retail, shopping and government servicing requirements. The town has been established by the State Government as a regional centre, resulting in many government departments maintaining a strong presence.

Northam has a Senior High School, the Central Regional Tafe, the Muresk Institute (Department of Training and Workforce Development, WA Government), three Primary Schools and St Joseph's School, which provides education to Year 10. Bakers Hill and Wundowie also have primary schools.

## SIGNIFICANT RISKS AND AUDIT FOCUS AREAS

Through discussions with your staff, we have identified the following issues and key areas of risk affecting the audit:

Details of Risk / Issue	Audit Approach
Audit findings reported in the previous audit.	We will follow-up on the resolution of issues reported in last year's audit.
<p>Potential changes to <i>Local Government (Financial Management) Regulations</i> 1996 that have been signalled by the Department of Local Government, Sport and Cultural Industries (DLGSCI):</p> <ul style="list-style-type: none"> <li>New standardised templates are expected to be established for local government financial statements for 2022-23. The template for smaller (band 3 and 4) local governments is expected to have more streamlined standard financial statements, reflecting the generally less complex operations of smaller local governments.</li> </ul>	Upon communication of changes to the Local Government (Financial Management) Regulations 1996 by DLGSCI for 2022-23, we will review management's assessment of the impact of the changes to the Regulation, and ensure the Shire's financial report complies with the revised requirements of each regulation.
Important changes in management or the control environment	We will review any relevant changes to management roles and related delegations to confirm that no temporary or ongoing control gaps have occurred.

Audit Plan 2023  
Shire of Northam

Details of Risk / Issue	Audit Approach
<p>We have identified the following areas that we consider require additional focus during our 2022-23 local government audits:</p> <ul style="list-style-type: none"> <li>• Revenue recognition, including contract liabilities</li> <li>• Unauthorised expenditure</li> <li>• Unrecorded liabilities and expenses</li> <li>• Fictitious employees</li> <li>• Revaluation of Infrastructure assets (last revalued in 2017-18)</li> <li>• Related party disclosures</li> <li>• Joint arrangement disclosures</li> <li>• Contingent liabilities disclosures</li> <li>• Restricted reserve accounts</li> </ul>	<p>We will review the accounting treatment and disclosure processes during our interim and final audits. We will ensure the disclosures in the annual financial report are appropriate and comply with the requirements of the Australian accounting standards.</p> <p>For asset revaluation, we will obtain the external (or management) valuation report and review the appropriateness of the main assumptions, valuation techniques and unobservable inputs used. Where valuation is performed internally, we ask that the Shire consider having this assessment peer reviewed by an independent valuer to obtain assurance over the valuation methodology applied, inputs and the reasonableness of the valuation model applied.</p> <p>For related party disclosures, we will make enquiries to understand the process for identification of related parties, review the signed related party transaction declarations from key management personnel (both current and departed), and assess whether the disclosures made in the notes to the annual financial report are appropriate.</p> <p>For joint arrangement disclosures, we will review if there are any new joint arrangements entered into during the year and assess their disclosures in the annual financial report.</p> <p>For contingent liabilities disclosures, the Shire has listed several sites to be possible sources of contamination, which are disclosed as contingent liabilities on the financial report. We will enquire with management for any contingent liabilities existing at reporting date and ensure appropriate disclosure in the annual financial report for identified contingent liabilities.</p> <p>For restricted reserve accounts, we will review the movements within the restricted reserve accounts, ensure that transfers out are used in accordance with the intended purpose of the respective reserve and agree to adequate supporting documents.</p>
<p>The following annual financial report items are derived from accounting estimates and hence will receive specific audit attention:</p> <ul style="list-style-type: none"> <li>• Fair value of PPE and Infrastructure                         <ul style="list-style-type: none"> <li>○ PPE last revalued in 2021-22</li> <li>○ Infrastructure (other) last revalued in 2017-2018</li> </ul> </li> <li>• Impairment of assets</li> <li>• Provision for annual and long service leave</li> <li>• Provision for rehabilitation of waste disposal sites (if any, at year end)</li> </ul>	<p>We will review the method and underlying data that management and, where applicable, third parties use when determining critical accounting estimates. This will include considering the reasonableness of assumptions and corroborating representations.</p> <p>For assets that are not revalued this year, we will review management's assessment of the carrying amounts of these assets, to ensure that they are not materially different from their fair values at the end of the reporting period.</p>

## AUDIT EMPHASIS ON SIGNIFICANT ACCOUNT BALANCES

The table below lists those items in the Statement of Financial Position and the Statement of Comprehensive Income that are significant and our planned audit approach for these balances. Audit & Risk Management Committee Minutes  
19 April 2023

Attachment 6.1.1

## COMPLIANCE WITH LAWS AND REGULATIONS

Management is to ensure the entity complies with the Local Government Act 1995 (as amended), and the Local Government (Financial Management) Regulations 1996 (as amended).

We are required by the Local Government Act 1995 and Local Government (Audit) Regulations 1996 to test compliance with the Act and Regulation.

## GOING CONCERN

Auditing Standard ASA 570 *Going Concern* requires that we consider the appropriateness of the going concern assumption at the planning stage.

The Shire, being a form of local government is backed by the State Government; hence going concern assumption is deemed reasonable.

Based on the 2022/23 Annual Budget, the Shire is expecting a net surplus of \$2,862,608. We further note that as at 30 June 2022, the Shire has a net current asset position of \$7,974,509 of which \$5,868,771 relates to restricted cash reserves. Non-current liabilities as at 30 June 2022 were \$5,681,628.

Although the Shire is supported by the State Government, during the audit we will consider the impact of a potential net current asset deficiency on the indicators of adverse financial trends with regards to our reporting obligations under the Act and Regulations.

Hence, the going concern basis of accounting is considered appropriate at planning stage.

## ACCOUNTING POLICIES

The Shire appears to be adopting all the recognition and measurement requirements of the applicable Australian Accounting Standards.

We do not anticipate any significant changes from new accounting standards during the year.

## INTERNAL AUDIT

We seek to rely on internal audit work to reduce our own audit work wherever possible. This avoids duplication of audit effort and the associated workload on your operational and administrative staff.

This year, no reliance is planned to be placed on internal audits as the Shire does not have an internal audit function and no internal audits are conducted.

Audit & Risk Management Committee Minutes  
19 April 2023

Attachment 6.1.1

## MANAGEMENT REPRESENTATION LETTER

Our audit procedures assume that management expects to be in a position to sign a management representation letter.

This letter should be reviewed and tailored to meet your Shire's particular circumstances, and be signed and dated by the CEO and Deputy CEO as close as practicable to the date of the proposed auditor's report. Ordinarily, this would be no longer than five working days prior to the issue of the auditor's report.

Please bring to the attention of the President that we will also be relying on the signed Statement by CEO in the annual financial report as evidence that they confirm that:

- they have fulfilled their responsibility for the preparation of the annual financial report in accordance with the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and Australian Accounting Standards
- they have provided us with all relevant information necessary or requested for the purpose of the audit
- all transactions have been recorded and are reflected in the annual financial report.

## RELATED PARTIES

Section 7.12AL of the *Local Government Act 1995* applies section 17 of the *Auditor General Act 2006* to a local government. Section 17 requires a local government to advise the Auditor General in writing of details of all related parties and entities that are in existence.

## REPORTING PROTOCOLS

Significant issues identified during the course of the audit will be discussed with relevant staff and management as soon as possible after being identified. Draft management letters will be provided to your CEO (or other nominated representative) for coordination of comments from appropriate members of your management. We request that these be returned quickly, preferably within 10 working days.

At the conclusion of the audit, the abovementioned management letter will accompany the auditor's report and the audited annual financial report forwarded to the President, the CEO and the Minister for Local Government. The management letter is intended to communicate issues arising from the audit that may impact on internal control, compliance, and financial reporting.

Where considered appropriate, and to ensure timely reporting of audit findings and action by management, interim management letters may be issued to the CEO.

On conclusion of the audit, we propose to discuss the audit outcomes with the audit committee, CEO and Councillors.

Audit & Risk Management Committee Minutes  
19 April 2023

Attachment 6.1.1

Thereafter, as required by section 7.12AD(2) of the *Local Government Act 1995*, we will give our auditor's report to the CEO, the President and the Minister. We will also give them any management letter issues, including interim management letters.

Specific matters resulting from issues identified during the audit may be reported in the Auditor General's Report to Parliament. Should this occur, you will be consulted in advance to assure the context and facts of the issue are adequately represented.

## SPECIFIC AUDIT REQUIREMENTS

We will discuss our requirements with your staff to facilitate a timely, efficient and effective audit. We will formally agree our information requirements and timeframes for the audit with your CEO and by using your staff to have various documents readily available when we perform our audit.

Please note however that in several instances, particularly during our audit sampling at the interim visits, audit staff will need to retrieve some evidence themselves, rather than being given the evidence by your staff. This is essential for an independent audit.

**Ineffective People Management / Employment Practices**

Failure to effectively manage and lead human resources (full/part time, casuals, temporary and volunteers). This includes not having an effective Human Resources Framework in addition to not having appropriately qualified or experienced people in the right roles or not having sufficient staff numbers to achieve objectives. Other areas in this risk theme to consider are:

- Breaching employee regulations (excluding OH&S).
- Discrimination, Harassment & Bullying in the workplace.
- Poor employee wellbeing (causing stress)
- Key person dependencies without effective succession planning in place.
- Induction issues.
- Terminations (including any tribunal issues).
- Industrial activity.

Care should be taken when considering insufficient staff numbers as the underlying issue could be a process inefficiency.

The Shire of Northam has an organisational wide risk register which has been developed over a period. To assist in the effective management of risk the Shire of Northam are using the Promapp system, which allows for recording of organisational risks and the tracking of the associated treatment actions.

The Shire of Northam Risk Register is categorised into the following section, the intent is to review one section at each meeting (red indicates review completed, bold is review in this agenda item);

#### A. BACKGROUND / DETAILS

The Shire of Northam received a multiple dog application from the owner of 12 Chuditch Road, Wundowie (Jason Chard) on 2/12/22 to keep four (4) dogs.

The property is located in the Mauravillo Estate, is zoned Rural Residential and has an area of 1.0312 hectares.

An approval to keep four (4) dogs was previously granted by Council in April 2017 as follows:

- Kelpie Cross Husky (M)
- Huntaway (M)
- Ridgeback (M)

The owner has updated his application to obtain approval for the dogs currently owned, which are:

- Kelpie cross (M) - 7 years
- 2 x Rhodesian Ridgebacks (M) - 5 and 6 years
- Great Dane Doberman cross (M) - 1 year

The application was advertised to the adjoining landowners and two (2) objections were received.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Performance Area: Planet.

Outcome 4: Healthy and attractive natural habitats, rivers and waterways.

Objective 4.3: Encourage responsible animal management.

Priority Action 4.3.1: Provide a community education program to encourage responsible dog and cat ownership, with a focus on registrations, de-sexing, and containment to reduce the number of stray dogs and cats.

### **B.2 Financial / Resource Implications**

Nil

### **B.3 Legislative Compliance**

Part V of the Dog Act 1976 provides for a local government to limit the number of dogs over 3 months of age that can be kept on a property without prior approval as specified in a local law.

Clause 3.2 of the Shire of Northam Dogs Local Law 2008 requires approval to be obtained to keep more than 2 dogs over the age of 3 months on a property situated outside a townsite if the subject property is less than 40 hectares in size.

### **B.4 Policy Implications**

Council Policy R9.1 - Multiple Dog Policy enables an exemption to be granted subject to the stipulated conditions. No variations to these conditions are proposed in the Officer's recommendation.

### **B.5 Stakeholder Engagement / Consultation**

Consultation has been carried out in accordance with the requirements of the Shire's Dogs Local Laws, which require the adjoining neighbour's to notified of application and provided the opportunity to comment.

Eight (8) neighbours were invited to comment and 2 submissions were received. The issues raised in the submissions have been considered in the assessment of this application. Refer to the Schedule of Submissions for further details.

### B.6 Risk Implications

Refer to Risk Matrix [here](#).

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	N/A	N/A	N/A
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Non-compliance with conditions of approval.	Minor (2) x Rare (1) = Low (2)	Conditions to be monitored. Non-compliance may result in termination of the multiple dog permit.
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

### B.7 Natural Environment Considerations

Due to the size of property, the keeping of four (4) dogs will not have any adverse environmental consequences.

## C. OFFICER'S COMMENT

A search of Shire records indicates that there has been one complaint received regarding the dogs at the subject property in August 2020, which related to barking dogs. The owner when advised immediately obtained barking dog collars to address complaint. No further complaints have been received to date.

As part of the application of the assessment of the application, Officers can advise that:

- All four dogs the subject of this application are registered and microchipped.

- An inspection of the property has been carried out by a Shire Ranger and are satisfied that the fencing and confinement is of a high standard, including extended strand wire. Photographs attached.
- Only one recorded complaint against dogs on this property.
- The four (4) dogs have been residing at the subject property without any complaints for several months awaiting the outcome of their application.
- The application complies with the Dog Act 1979 and Shire of Northam Local Dog Laws.

Evidence from the original multiple dog application granted in 2017 to the application received in December 2022 until the present, indicates there are no issues with the number of dogs being kept on the property.

The issues raised in the submissions have been considered in the assessment of the application.

The application is being recommended for conditional approval.

#### **RECOMMENDATION**

**That Council approve the multiple dog application to keep four (4) dogs for Jason & Corrin Chard at 12 Chuditch Road, Wundowie pursuant to the following conditions:**

- a. This approval is not transferable and is specific to the person named in the approval letter.**
- b. The approval is valid only for the nominated dogs within the application form and should any of the dogs die, be sold, go missing or be given away, it cannot be replaced prior to further Council approval.**
- c. All dogs approved to be kept on the subject premises, must hold and maintain valid registrations and be microchipped.**
- d. Any proven complaints from neighbours regarding offences against the Dog Act 1976, may result in the permit being revoked and the maximum number of dogs on the premises being reduced to two within 14 days.**
- e. At any time, following approval, authorised Council officers can inspect the subject property to check fencing, number of dogs and registration details.**
- f. Compliance with the requirements of the Dog Act 1976, Regulations, and any Local Law of the Shire of Northam.**

#### BRIEF

It is proposed to establish an easement on Shire property to provide vehicle access to the subject property.

#### ATTACHMENTS

1. DA Approval P 19026 170719 [**13.3.2.1** - 7 pages]
2. 1642 - easement [**13.3.2.2** - 1 page]

#### A. BACKGROUND / DETAILS

Conditional development approval was granted on 17/07/2019 for the construction of a single dwelling on a vacant lot adjacent to the Mortlock River. A copy of the approval is attached to this Report (Attachment 1).

Condition 4 of the approval required the construction of a crossover to provide vehicle access to the property.

Due to the property having frontage to a Main Roads controlled road, approval was sought from Main Roads to construct the crossover and the landowner was consequently advised that approval would not be granted as it was proposed to upgrade the Taylor Street bridge and associated guardrails, which would result in the restriction of any vehicular access to the property.

Discussions have ensued with the landowner and it has been suggested that an easement over Shire property to provide vehicular access from Esperance

Street would be an alternative option. It has been agreed that the landowner would be responsible for the costs associated with the establishment of the easement.

A meeting was held on site the landowner, builder, surveyor and Shire Officers to determine the most appropriate location of the easement, which is depicted in the draft plan attached to this Report (Attachment 2).

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Performance Area: Place.

Outcome 7: Urban and rural communities are sensibly planned and developed.

Objective 7.2: Ensure community access to safe and diverse housing options.

Priority Action 7.2.1: Facilitate the development of innovative housing solutions, including one bed units and granny flats.

Performance Area: Place.

Outcome 9: Safe roads and greater use of sustainable transport options.

Objective 9.1: Maintain a safe, efficient road network and supporting infrastructure.

Priority Action 9.1.4: Provide investment in our bridge assets.

### **B.2 Financial / Resource Implications**

There are no financial implications for the Shire. The landowner will be responsible for all costs associated with the establishment of the easement.

### **B.3 Legislative Compliance**

The landowner is responsible for compliance with their conditions of development approval in accordance with the provisions of the Planning and Development Act 2005.

### **B.4 Policy Implications**

There are no policy implications associated with this proposal.

### **B.5 Stakeholder Engagement / Consultation**

As outlined in the Background section of this Report, consultation has occurred with the landowner, surveyor, Main Roads and Shire Officers.

### **B.6 Risk Implications**

Refer to Risk Matrix [here](#).

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	N/a	N/a	N/a
Health & Safety	N/a	N/a	N/a
Reputation	N/a	N/a	N/a
Service Interruption	N/a	N/a	N/a
Compliance	The easement is not established resulting in non-compliance with Condition 4 of DA.	Minor (2) x Unlikely (2) = Low (2)	Continue discussions with landowner to facilitate establishment of the easement.
Property	Damage occurs outside the easement from vehicles.	Minor (2) x Possible (3) = Moderate (6)	Condition the easement that vehicular access is only permitted on the designated easement area.
Environment	Erosion occurs from vehicle movements.	Insignificant (1) x Possible (3) = Low (3)	Condition easement that landowner is responsible for the maintenance of the easement area.

### B.7 Natural Environment Considerations

The easement would be established on flood prone land. Condition 8 required submission and approval of an Emergency Evacuation Plan that addresses evacuation of the premises in the event of a major flood event.

The access would remain a track as it is currently and it is not proposed to formally construct a driveway or the like.

There are no natural environment impacts associated with this proposal.

### C. OFFICER'S COMMENT

The establishment of an easement is the most appropriate way of providing legal vehicular access to the subject property.

The easement will be established on Shire property (Lots 34 and 36 on P539) that is located in the floodplain adjacent to the Mortlock River. Currently the lots have no purpose other than providing public and emergency services access to the foreshore. The establishment of an easement will not impede this access or have any other negative impacts.

**RECOMMENDATION**

**That Council approve the establishment of an easement over Lots 34 and 36 on Plan 539 for vehicle access to 23 Taylor Street, Northam as depicted in the plan attached to this Report (Attachment 2), subject to:**

- a. The landowner being responsible for all of the costs associated with the establishment of the easement.**
- b. The landowner being responsible for the maintenance of the easement area.**
- c. The landowner being advised that vehicle access is restricted to the approved easement area.**

Many of the fees and charges listed on the attachment are statutory charges and cannot be modified by the Council. They are included on the list to provide readers of the final budget document with a complete list of charges which the Council may levy and may be subject to change without notice.

## C. OFFICER'S COMMENT

The recommended fees and charges presented to Council for the financial year 2023/24 have been increased by an average of 5.8%, which is the Perth March 2022 quarter to March 2023 quarter CPI. New fees and charges have been added, (highlighted green) and some have been removed (crossed through).

As required by section 6.17 of the act, the following were considered in determining the amount of a fee or charge;

- (a) the cost to the local government of providing the service or goods; and
- (b) the importance of the service or goods to the community; and
- (c) the price at which the service or goods could be provided by an alternative provider.

Some fees and charges have increased at a rate greater than the 5.8%, which is reflective of market rates and costs to Council to provide the service. Likewise in some instances, fees have remained steady. The most notable changes, or otherwise, to the Schedule of Fees and Charges are:

### 1. Waste Service Charges

Waste service fees and charges were extensively assessed during the setting of fees and charges for the 2023/24 year. They have been adjusted to ensure Council is raising enough revenue to support increased expenditure associated with the Refuse Collection, Landfill Facility and Transfer Station management. In addition, they were assessed to ensure they were fair and equitable to all users.

Waste service charges, which are based on full cost recovery, will increase to reflect the anticipated increase in cost associated with providing these services. The full extent of these increases will be considered at budget adoption.

### Waste Site Fees & Charges

- Landfill Site Waste Disposal Charges for Inkpen Road Landfill Site and Old Quarry Road Landfill site have been consolidated in the Fees and Charges.
- Unless otherwise noted below, landfill site waste disposal charges have increased by CPI.
- The following Waste Site Fees are proposed to increase to align with industry rates or cost recovery.
  - Commercial greenwaste has been added at industry price.
  - Unadulterated Building Rubble charge has been retitled to Construction and Demolition Waste to align with Western Metropolitan Regional Council (WMRC). This has been historically

charged at below industry standards, the proposed fee increase will align Council with the market and covers processing costs.

- Tyre disposals have been adjusted in accordance with disposal costs.
- Special burials and asbestos charges have increased to align with the industry.

## **2. Cemetery Fees**

Cemetery fees and charges are proposed to increase to align with the industry and will ensure full recovery of the cost of the service from the user. Contractor costs have increased by 32%, the Shire's proposed fees have been set with an overall increase of 35%. This will cover the Shire's cost of administration, cemetery site maintenance and any unforeseen expenses associated with providing this service.

Proposed fee increase demonstrated below.

	2022/2023		2023/2024	
	Contractor Charge per service	Shire Fees & Charges	Contractor Charge per service	Shire Fees & Charges
New Grave (Adult Burial)	\$1,067	\$1,295	\$1,410	\$1,762

## **3. Hall Hire**

Silver Wings Seniors Club Inc (Silver Wings) has a fee waiver approved by Council, C.4033. It is believed that acknowledging the subsidised hall hire fee in the annual fees and charges will ensure the intention of that resolution is carried out. The resolution determines an annual fee waiver of \$6448.00, which does not consider increases in the annual fees and charges. Itemising Silver Wings' subsidised hall hire fees (being \$500.00 per annum inclusive of GST), will ensure they receive the intended benefit. The \$500.00 fee is for hire of the Wundowie Main Hall for 12 hours per week, 52 weeks per year. Additional hall hire in excess to these 12 hours will be charged as per the annual fees and charges.

C.4033 below.

**RECOMMENDATION/COUNCIL DECISION**

**Minute No: C.4033**

**Moved: Cr Little**

**Seconded: Cr Mencshelyi**

**That Council:**

- 1. Approves Silver Wings' fee waiver request for \$2,376, to hire the Wundowie Hall meeting room for 12 hours per week for the period between 1 September 2020 and 31 December 2020;**
- 2. Determines that an annual fee waiver of \$6,448 (for Silver Wings to hire the hall out for 12 hours per week) will remain in place for future years, unless otherwise determined by resolution of Council.**

**CARRIED 7/3**

**4. Annual Local Stallholder Permit**

A new fee has been introduced to support local businesses obtain stallholder permits. This fee of \$70.00 incorporates the application fee and a one-off fee for an annual permit. This reduces the cost and administration burden as Stallholders will only be required to submit a notification form to Council to advise which events they want to attend. This action has been taken to encourage local businesses' participation at local markets, events etc.

**5. Animal Control**

The RSPCA Pet Sterilisation Program closed due to overwhelming numbers of applications. The Shire of Northam supported this program by offering free lifetime registration for sterilised and microchipped dogs and cats. The Shire will continue to offer free, lifetime registration for sterilised and microchipped cats and dogs to pensioners. The cost to Council is the forgone revenue, which equates to \$50 each registration.

**6. Events**

Each of these events/programmes are perceived as having a charitable/community service benefit. In all cases previous requests for fee waiver have been approved by Council, or by delegated authority as per Policy C3.4-Write off/Waive of small fees or debts. As with in prior years It is felt that acknowledging these groups in the annual fees and charges will reduce the administrative requirement of producing Council reports each occasion.

Charitable/ fundraising events

- Wheatbelt Relay For Life
- Youth Futures Pipeline Challenge
- Vintage Swap Meet
- Pink Up Northam

Community Service

- Directions Careers Expo
- Seniors Council of WA-Seniors Olympics
- Northam RSL

Additional requests for write off fees and charges will continue to be presented to Council as required throughout the year.

**RECOMMENDATION**

**That Council adopts the attached schedule of fees and charges 2023/24 as presented in Attachment 1.**

#### BRIEF

For Council to consider reducing the reserve price of 19 Turner Street, Northam, which is currently listed for sale due to non-payment of rates, to meet the offer that has recently been made to purchase the property.

#### A. BACKGROUND / DETAILS

Council at its Ordinary Council Meeting held on 17 November 2022 resolved to re-commence the sale process of 19 Turner Street, Northam and set the reserve price at \$40,000.

The property is vacant land with substantial outstanding rates of greater than 3 years with no payments made by the current owner since October 2016. Legal action has been taken against the ratepayer but to date has not been successful.

Rather than obtaining a formal written valuation and incur a cost of approximately \$2,000, staff received an appraisal from a local real estate agent to assist with establishing a reserve price. The appraisal was provided at \$40,000 which was used by Council to set the reserve price.

The current sewer line is approximately 90 meters from this property and the Health Act requires that the sewer be extended to serve this block as it is too small for onsite effluent treatment. This would cost approximately \$15,000 to \$20,000 to extend the deep sewer. When undertaking the appraisal to determine the sale price, consideration was not given to the sewer connection and potential costs.

The Shire has recently received an offer of \$35,000 to purchase the property. Which will necessitate lowering the reserve to accept this offer.

### **Operating Revenue**

1. Operating grants down by 36% due timing. Of the 1,4million WANDRRA funding only \$ 72,724 has been received to date. All requested submissions have been made and we await feedback.

**2. Other revenue is down because POS Trust funds have not been transferred from trust to general funding, these are now due to be transferred as landscaping at the old pool site has only recently commenced.**

### **Operating Expenditure**

3. Other expenditure is over budget by \$212,758 mainly due to public works overheads allocations that are under budget due to timing.

### **Non-Operating Grants, Profit & Loss**

## A. BACKGROUND / DETAILS

Progress & Community Associations are given the opportunity each year to submit their budget requests to Council for funding to deliver significant community events, projects or programs throughout the year. The purpose of the budget request is to ensure Council funds are being used strategically, for the greatest community need and improved community outcomes. Progress and community associations will not receive any other annual allocations, with the exception of the Wundowie Progress Association who receive a community event allocation for the Wundowie Iron Festival and the Bakers Hill Progress & Recreation Association who receive an allocation for the Community Christmas Fair.

All eligible progress and community associations as listed in the Community Support Policy C 3.1 were contacted via email informing them that we would be accepting requests for the 2023/2024 financial up until 31 March 2023.

Requests were received from the Bakers Hill Progress & Recreation Association, Spencers Brook Progress Association and the Wundowie Progress Association totaling \$55,917.17. This year it is recommended that \$12,275.17 is allocated through the Progress & Community Association Allowance. In the 2022/2023 Council Budget, \$27,991 was awarded through this allowance.

## C. OFFICER'S COMMENT

The requests submitted by progress and community associations total \$55,917.17. It is recommended that Council support projects totalling \$12,275.17 as outlined in the table below.

<b>BAKERS HILL PROGRESS &amp; RECREATION ASSOCIATION (BHPRA)</b>				
<b>PROJECT TITLE</b>	<b>PROJECT DESCRIPTION</b>	<b>TOTAL BUDGET (EX GST)</b>	<b>SON REQUEST (EX GST)</b>	<b>RECOMMENDED ALLOCATION (EX GST)</b>

The traditional breakfast includes bacon, eggs, sausages, baked beans, mushrooms, tomatoes, tea &amp; coffee.</p> <p>The breakfast runs from 8am - 10.30am at the Bakers Hill Recreation Centre &amp; oval.</p> <p>Council funding is to be used for the purchase of food &amp; refreshments.</p> <p>Estimated attendance: 100 - 200 people</p>	\$2,080.00	\$1,080.00	\$1,080.00
<b>OFFICER COMMENT</b>				
Request is compliant with Policy C 3.1 Community Grants Program. This event has received ongoing funding support by Council and is recommended for approval.				
<b>SPENCERS BROOK PROGRESS ASSOCIATION (SBPA)</b>				
<b>PROJECT TITLE</b>	<b>PROJECT DESCRIPTION</b>	<b>TOTAL BUDGET (EX GST)</b>	<b>SON REQUEST (EX GST)</b>	<b>RECOMMENDED ALLOCATION (EX GST)</b>

	<p>inspection found that the building was structurally sound however some maintenance issues need attention.</p> <p>To preserve the historical significance of the building the following works are proposed with this funding:</p> <ol style="list-style-type: none"> <li>1. Gutter replacement. Missing guttering is causing some fretting in the brickwork on the north side of the house.</li> <li>2. Rainwater tank. Originally rainwater tanks were also used to assist with keeping storm water away from the foundations. These tanks will provide water for the garden area.</li> <li>3. Foundation Moisture Mitigation. To help keep water away from the foundations which will minimise fretting of the bricks the land will be shaped swale the water away from the building.</li> </ol> <p>SBPA estimate 1000 people will use the building throughout the year.</p>	<p>\$180 in kind</p>		
<p><b>OFFICER COMMENT</b></p>				

Request is compliant with Policy C 3.1 Community Grants Program. Council previously turned down the option to lease the Station Masters House as it did not want to accept liability for the repairs and maintenance required on this building to get it to a standard suitable for community use. SBPA have already been allocated \$20,000 in Council funds for essential repairs and maintenance to the building through the 2022/23 Community Development Grant Program. These funds are yet to be acquitted, with the acquittal not being due until 2024. For these reasons it is recommended that this project is not supported by Council and the Spencers Brook Progress Association should seek alternative funding opportunities such as Lotterywest.

Community Engagement Events x 3	1. Australia Day 2024 2. Blessing of the Plough to acknowledge the farming & locally grown produce within the locality. May 2024 3. **OFFICER COMMENT**  
Request is compliant with Policy C 3.1 Community Grants Program. These events were supported by Council in 2022/23 and are recommended for approval once again.

**OFFICER COMMENT**  
The Wundowie Iron Festival has funds allocated through Community Event Allocations, GL 11342072. \$20,000 towards the Wundowie Iron Festival has already been requested for this account in accordance with the decision by the Community Grants Assessment Committee, Minute No. CCAG.61  
The request should be denied through the Progress & Community Association Allocations as it is budgeted for elsewhere.

**OFFICER COMMENT**

**OFFICER COMMENT**  
As the replacement stove and bench is a Wundowie Hall maintenance issue replacing old and failing equipment, these jobs will be covered through the hall building maintenance budget, of which there is sufficient funds available to complete these works in the current financial year. The Building Maintenance Supervisor has been informed.
