### **Operational Matters:**

With the recent consistent rainfall events, and subsequent damage to Shire Infrastructure, the following App is a straightforward way to report incidences.

After taking a photo, and sending the report into the Shire of Northam, you are issued with a tracking number and what will happen going forward - to repair or fix what you have seen. If you want to check on the progress, you can use your tracking number as a reference. Any photo you take will have a GPS reference, so the location point is clearly identified.

### **Events Calendar**

The Shire of Northam, along with our local community, continues to hold many events, ranging from local to National and International.

Subject to any COVID lockdowns, a number of events have been, and are being held, right across the Shire. These include, but are not limited to, The Northam Bilya Festival, the start of the Avon Descent, the Photography Club's Western Australian Exhibition, The Ballooning Elevate Festival, the National Ballooning Championships, the Northam Farmer's Show and the Wundowie Iron Festival.

### **Strategic Matters:**

Following the recent completion and opening of the Open Space Area in Wellington Street, the Shire of Northam is progressing with the CBD Revitalisation and Connectivity Strategy. Work has started on the piece of land opposite the Old Town Council Chambers. This area, bordering Minson Avenue and Fitzgerald Street, will be transformed into a public area and aims to pay homage to all of our servicemen and women. This work will see further development between connecting the river all the way to Wellington Street.

##### 13.1.1 Northam Chamber of Commerce Key Performance Indicators

Clarification was sought in relation to:

- Whether the KPI's are too easy. The Chief Executive Officer advised that it is up to each Elected Member to assess if they are sufficient prior to deciding. It was advised that Council should consider the fact that the Chamber does not answer to Council as they are their own entity, which has been reflected in the KPI's.
- Whether the newsletters and emails suffice as contacting the members. The Chief Executive Officer advised that it is up to the Chamber how the communicate with members and potential members. This KPI was included to ensure those who are paying the differential rate are communicated with.
- How the KPI's were developed. The Chief Executive Officer advised that these were predominantly developed by staff in consultation and agreement with the Chamber, per the Council resolution.
- Whether something should be included to move towards self-sufficiency. The Chief Executive Officer advised that this would need to be looked at individually as there was nothing in the previous Council decision for Officers to explore that direction. It was advised that this could potentially be looked at in final year of funding.
