Operational Matters:

As we move into the Open Burning period within the Shire (1st May 2022 to 30th September 2022), the reminder is for everyone to apply common sense and use courtesy when lighting fires. This includes notifying neighbours if there is likely to be smoke, and make sure that fires are monitored and extinguished in a timely manner.

Events Calendar

There remain many events within the Shire of Northam. Running over May and June are the Noongar Lullabies – Northam. One of the aims of the programme is to learn language, write your own lullaby and create a legacy for your family and the Northam Community.

Looking at the Shire of Northam Events Calendar, there are many varied events occurring. These range from Coffee and Cake at the Northam RSL to Seniors IT days at the Wundowie Library to Northam Race Day and the Fred Killick Art Award.

Strategic Matters:

The Shire of Northam has grants available to the Community. These Community Grants Programmes aim to align with the social wellbeing, development, and sustainability of the Shire of Northam Community. These grants are awarded to local not-for-profit organisations to support projects on order to benefit specific target groups and the broader community.

There are two main categories of grants:

Quick Response Grants – Up to \$5000 (GST Excluded). These are available all year round.

Community Development Grants. Traditionally between \$5000 to \$20000 and annual budget pending, normally awarded between August and October each year. These grants are available for strategic projects or development, as well as organisational capacity building of local community groups and sporting clubs.

Additional Comment

This is a duplication and has been removed and updated in the Ordinary Council Meeting agenda accordingly.

- Whether No. 37 is the entire pipeline or only the section in Northam Townsite. The Executive Manager Development Services confirmed it is the entire pipeline and advised that it is also registered with the Heritage Council. This will be updated in the Ordinary Council Meeting agenda accordingly.
- Whether this will impacted with a Southwest Aboriginal Land and Sea Council claim. The Executive Manager Development Services advised that this will still go through same process.
- Whether this is now advertised to the community for consultation. The Executive Manager Development Services confirmed that this will now be advertised.

Cr Girak returned to the meeting at 5:42pm

12. REPORTS OF COMMITTEE MEETINGS

12.1 NYOONGAR CULTURAL ADVISORY GROUP MEETING HELD ON 6 APRIL 2022

Clarification was sought in relation to:

 Whether all of the members were aware they had to be at the meeting given there are a number of absences? The Chief Executive Officer advised that all members were aware.

The following queries were submitted by Cr Antonio prior to the Forum meeting and responses are provided below:

 Whether the wording under the officer comment on page 27 should read "An annual membership is an offer where people can sign up" as it is currently detailed as it is not an offer. The Community Development Officer confirmed that this is correct. The Ordinary Council Meeting agenda has been updated accordingly.

13. OFFICER REPORTS

13.1 CEO'S Office

13.1.1 Shared Services - Shire of Nungarin

Clarification was sought in relation to:

 Whether the recovery of vehicle running costs has been included. The Chief Executive Officer advised that the hourly rate has factored in other costs and Officers are confident Council won't incur any additional expenses.

- Whether we expect an initial flood of applications. The Chief Executive
 Officer advised that Officers do not expect there to be a flood of
 applications. If this began to impact our services, Officers would
 withdraw from the arrangement.
- Whether this could be expanded to other local governments given the fee isn't specific to the Nungarin. The Chief Executive Officer advised that in theory yes it could be and it would not require an additional approval from Council.
- Whether this type of arrangement is common. The Chief Executive
 Officer advised that it varies. There are a number of local governments
 which share positions and others are a fee for service basis.
- Whether Council would be locked into a contract. The Chief Executive Officer advised that there would be no contract.
- Whether neighbouring Shire's have been contacted. The Chief Executive Officer advised he is unaware if Nungarin approached any other local authorities to assist.

The following queries were submitted by Cr Antonio prior to the Forum meeting and responses are provided below:

- Whether Council has the capacity. Officers believe that Council does have the capacity as the number of applications received is estimated to be low
- Is there an MOU with required timed response to Shire of Nungarin? The Chief Executive Officer advised that Council will sign an MOU.
- B.3 Legislative Compliance, is \$114 per hour high enough? The Chief Executive Officer advised this is the current charge in the fees and charges. Officers are recommended a lessor amount to simply cover cost.

13.2 ENGINEERING SERVICES

Cr H Appleton declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2022/23 as casual volunteers at the Northam Pound are known to Cr Appleton. Petrine Priest is Cr Appleton's sister-in-law and Anita Corrigan is a friend.

Cr D A Hughes declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2022/23 as Cr Hughes is a member of the Avon Valley Arts Society (Northam Old Girls School maintenance).

Cr J E G Williams declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2022/23 as Cr Williams is a member of the Clackline Progress Association who leases the Clackline Hall which is included on the maintenance list.

Cr M I Girak declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2022/23 as Cr Girak is a member of the Avon Valley Arts Society and the Northam Old Girls School is on the maintenance budget list. Also some occupants of other buildings on the list are known to Cr Girak.

13.2.1 Building Maintenance Budget 2022/23

Clarification was sought in relation to:

- The process for removing rising damp. The Building and Projects Supervisor advised that Officers have a tried a number of different methods including injection which has worked well. Other options are currently being explored for the Men's Shed such as using channels to divert water from the building.
- Whether the court line marking will be included for the Wundowie Hall sanding/resealing. The Building and Projects Supervisor advised that the budget allows for line marking. It was advised that consultation will be undertaken with the Manager Youth and Recreation Services and the Wundowie Progress Association to ensure that the line marking installed is relevant to the demand.
- Whether funding was applied for the Aerodrome toilets. The Chief Executive Officer advised that funding was sought however Council was unsuccessful. Officers will continue to monitor any funding apportunities.

The Building and Projects Supervisor left the meeting at 5:54pm.

The following queries were submitted by Cr Antonio prior to the Forum meeting and responses are provided below:

- Whether the third last item relating to CCTV is for the Recreation Centre.
 The Building and Projects Supervisor advised that this is correct and is an expansion to the system to encompass carparks and the link to the youth precinct.
- There is no mention of the Government Grant toward the maintenance of the Old Train Station? The Executive Manager Corporate Services advised that this is already included in the budget and is additional to the Building maintenance budget.

13.3 DEVELOPMENT SERVICES

13.3.1 Request for Sponsorship/Fee Waiver - Planning Institute of Australia (WA) - Regional Planning Conference

It was raised that the policy title requires updating under section B.4. The Chief Executive Officer advised that this will be updated in the Ordinary Council Meeting agenda accordingly.

13.3.3 Rehabilitation with the establishment of a native seed bank on Reserve

Clarification was sought in relation to:

- Whether a map clearly identifying the location can be provided. The Chief Executive Officer advised that a map will be provided. The Executive Manager Development Services advised that the site is on the north side of Great Eastern Highway on the corner of Dempster Street.
- Whether there is a cost involved to Council. The Executive Manager Development Services confirmed that there is no cost to Council.

The following queries were submitted by Cr Antonio prior to the Forum meeting and responses are provided below:

- Whether discussions have already been held with the Boola Boornap Nursery? The Environmental Sustainability Officer advised that initial discussions have occurred with the nursery to informally discuss what is achievable with such a project and to gain a better understanding of the benefits it could provide in rehabilitating degraded land and providing an established seed collection area. In discussing timeframes, it has been determined that planting would only occur in winter to allow the plants to establish before the dry season and that planting would need to be focused on the western most degraded area before utilising the rest of the reserve. Planting in the western section where there is evidence of erosion and salinity would involve the planting of salt tolerant species endemic to the area. This would include species such as Melaleuca cuticularis, Melaleuca thyoides, Maireana brevifolia and Casuarina obesa. For other areas throughout the reserve it would be possible to plant Marri, Wandoo, Allocasuarina huegeliana, Melaleuca brevifolia, Melaleuca radula and Melaleuca uncinate. This planting would involve infilling around what is currently present and as these species come to the end of their life they will be replaced with appropriate local species gradually replacing the Eastern State varieties.
- Why were Eastern State plant varieties utilised in the past? The
 Environmental Sustainability Officer advised that the rehabilitation efforts
 that utilised Eastern State species were done over 20 years ago. During
 that time period when less was known about rehabilitation there were
 standard mixes of species used and unfortunately it included species
 that were not endemic to the area. This project would correct this

problem over time ensuring species planted represent the vegetation complexes of the wheatbelt.

Whether Recommendation 3 on page 92 is likely to be easily approved?
The Environmental Sustainability Officer advised that there is no foreseen
reason why the minister would not approve such an arrangement. The
formalities of approaching the minister are associated with the access
by a third party on behalf of the management authority (the shire). The
approval required from the minister is associated with formally notifying
the minister of the Shire's intention and what is being proposed for the
crown land.

13.4 CORPORATE SERVICES

13.4.1 Accounts & Statements of Accounts for the period 1 April 2022 to 30 April 2022

Clarification was sought in relation to:

 Whether the excel version of the accounts is the same as the PDF. The Chief Executive Officer advised that it is the same.

Additional Comment

The PDF is downloaded straight from Synergy and shows all payments made including creditor payments / payroll deductions / superannuation / credit card.

The spreadsheet, however is manually sorted to show invoices only and is used to tag invoices - local / non local / contract, which then makes up the graph to show where supplier purchases are made. The superannuation / credit card payments are removed from the spreadsheet.

 Whether the Donovan Payne matter is 100% settled. The Chief Executive Officer confirmed that this is settled.

No queries were raised at the meeting in relation to tis item.

The following queries were submitted by Cr Antonio prior to the Forum meeting and responses are provided below:

- Is there still and annual "normal" budget allocation to the progress
 associations, or is this all? The Community Development Officer advised
 that there is no longer a normal progress association allocation. This is it.
 The progress associations have to apply for what they want & these are
 all the progress associations that applied. It is in the Community Support
 Policy 3.1.

6. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

6.1 MEGAN WATSON - COMMON GROUND TRAILS

Ms Megan Watson gave a presentation to the committee regarding the Shire of Northam Tracks and Trails Master Plan, the research and engagement process to date.

The Tracks & Trails Master Plan encompasses all non-motorised trails including walking, hiking, equestrian and paddle. There is a strong potential in Northam for trails that highlight Aboriginal heritage, European heritage, and the environment.

Ms Watson called for input from the advisory group regarding significant sites that have a story that can be shared, and sacred areas that are to be avoided all together.

The Dorntj Koorliny Trail, which is an existing trail that loops around the river, from the Avon Bridge, including Burlong was discussed.

Ms Elizabeth Stack recommended consulting with Boyd Kickett as there could be Mens Business out that way.

Ms Donna Moody requested the advisory group members be given time to go away and gather information about what is out there.

Ms Elizabeth Stack suggested consulting with the Wheatbelt NRM, as they have already have stories developed and they are available on their website.

Mrs Joan Parfitt expressed her gratitude that the Elders and Aboriginal community are being consulted, as mistakes have been made in the past due to lack of consultation, such as the highway bypass being built over a sacred ceremonial ground that women cannot go near. Mrs Parfitt said Koorndarn Hill is a place where there is fresh water and women can go there.

Mr David Emery said feedback forms will be made available to the committee and can be returned to the BKB Centre or Ms Jaime Hawkins, or Ms Robyn Davis. Ms Jo Metcalf said that the Master Plan will be presented to Council and then further consultation with Elders will occur.

Cr Michael Ryan left the meeting at 4:10pm and Cr Attila Mencshelyi took over as Presiding Member.

6.2 CINDY MOODY & ELLY JONES - COMMUNITY ARTS NETWORK

Ms Elly Jones played a video created from the launch of the Noongar Lullabies Project at the Fremantle Arts Centre to the committee.

Since the inception of the project in 2017 over 50 songs in Noongar language have been created. These are available to download for free from Community Arts Network website. A song book has also been created. Cindy Moody's own lullaby won WA Song of the Year.

CAN WA have identified Northam as the next location for the Iullabies project. The project combines language, music, and craft. Cindy Moody will be the project facilitator and language teacher, working alongside Uncle Phil Bartlett. ABC will be filming part of the project for a television series.

Sessions will start in May following the school holidays on a Thursday. Ms Jones called for feedback regarding what times will work best for the

community. Ms Elizabeth Stack suggested weekends rather than a Thursday, or Ms Donna Moody suggested Tuesdays would be better. Mrs Deborah Moody sought clarification that the song writing sessions are more for the adults than the children. She suggested 7pm, as a time that has worked well in the past.

There is interest from the WA Health Service Mums & Bubs group, Northam Primary School and Avonvale Kindy Link to participate in the program.

Ms Elly Jones explained that CAN WA's vaccination policy is that all participants would have to be double vaccinated against Covid. Those who are not vaccinated could join in online.

Ms Megan Watson & Mr David Emery left the meeting at 4:28pm

Cr Michael Ryan returned to the meeting at 4:30pm and resumed as the Presiding Member.

Mr Jason Whiteaker left the meeting at 4:44pm and returned 4:46pm.

C. OFFICER'S COMMENT

Cultural training in the workplace can enhance cultural sensitivity, competence and most importantly eliminate the risk of major miscommunication. The implementation of a tailored cultural awareness training package for Shire of Northam staff will enhance cultural understanding which will in turn encourage positive cross-cultural working relationships as well as positive relationships outside of work. Whilst the package is being created in preparation for endorsement by the Nyoongar Cultural Advisory Group, a video produced by the Public Sector Commission has been identified to hopefully educate staff and make them more culturally aware.

RECOMMENDATION

That Council accept the video produced by the Public Sector Commission to be used for staff cultural awareness training until the Shire's own training package is developed.

DISCUSSION

As the majority of the committee had not viewed the video, Cr Ryan deferred this item to be discussed at the next meeting.

BRIEF

The Shire of Nungarin have approached the Shire of Northam to provide them with statutory building services on a fee for service basis.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

The Shire of Nungarin have approached the Shire of Northam to provide them with statutory building services on a fee for service basis. It is expected that the Shire of Nungarin will require 2-3 assessments undertaken each month as a maximum.

The agreement to provide services would be on a fee for service basis, with the following fees being recommended.

Building Practitioner support (including travel time if required) will be charged at a standard rate of \$70 per hour exclusive of GST.

- A flat rate charge for the assessment and approval of a Certified Building application (inclusive of any correspondence with the applicant verbal or written) will be \$210 exclusive of GST (based on a three-hour assessment time).
- A flat rate charge for the assessment and approval of an Uncertified Building application (inclusive of any correspondence

with the applicant verbal or written) will be \$350 exclusive of GST (based on a five-hour assessment time).

The above fees have been based on a cost recovery model.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6:Governance & Leadership

Outcome: The Shire of Northam council is a sustainable, responsive,

innovative and transparent organisation.

Objective: Provide outstanding customer service;

Ensure robust financial management;

Undertake our regulatory roles in a safe, open, accountable

and respectful manner;

B.2 Financial / Resource Implications

The fee for services has been recommended based on full cost recovery. There will be no significant financial implications for the Shire of Northam.

The matter has been discussed internally and it is expected that the Shire of Northam could provide this service, without impacting our current service levels.

B.3 Legislative Compliance

Council has set a fee for processing building licenses on behalf of the public at a rate of \$114 per hour. This fee was established to discourage the public from wanting to engage the Shire of Northam to undertake building certification works which are services provided by the private sector. The fee was not set contemplating assisting another local government.

Section 6.16 of the Local Government Act allows for a fee to be established or adjusted during a financial year, by absolute majority resolution of Council.

BRIEF

For Council to consider the building maintenance portion of its draft Budget for 2022/23.

ATTACHMENTS

Attachment 1: Draft Building Maintenance Budget 2022/23.

A. BACKGROUND / DETAILS

Council has traditionally discussed the building maintenance portion of its draft budget ahead of discussion on the remainder of the annual budget, in order to split the budget consideration into manageable portions.

The budget takes in asset renewal from the Asset Management Plan.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5:Infrastructure & Service Delivery

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective:

- Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects; and
- Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

B.2 Financial / Resource Implications

Budget implications are shown in detail on the attached spreadsheet. The buildings budget is made up of building maintenance jobs, building improvement (discretionary) jobs which may result from requests or upgrade suggestions; and an allowance for building operational costs (made up of air conditioning maintenance, pest control, carpentry repairs, electrical repairs, plumbing repairs, fire equipment servicing, building maintenance coordination, vandalism response, key cutting, sanitary disposal, security monitoring and response.

The Following table shows the 2022/23 budget compared to the allocation within the LTFP and last years adopted budget, note; additional items added 2021/22 during the draft budget deliberations.

| Description | Proposed 2022/23 | LTFP 2022/23 | Budget 2021/22 |

| Total | \$408,400 | \$500,000 | \$425,366 |

B.3 Legislative Compliance

Formal adoption of the building maintenance budget will be undertaken when Council adopts its annual Municipal Fund Budget in its entirety, in

accordance with section 6.2 of the Local Government Act 1995 and Part 3 of the Local Government (Financial Management) Regulations 1996. This would normally include income by nature, type and program; rate setting; budget notes and schedules.

C. OFFICER'S COMMENT

The list in the attached spreadsheet details the major building maintenance and projects for the coming financial year. It should be recognised that a number of other projects may be subject to either grant funding or external funding (e.g. Emergency Services Levy). These projects will be listed separately within the Budget documents subject to the funding being available or alternately if grant funding is successful a separate report will be presented to Council for endorsement. Additional discretionary building jobs will be included in the considerations list for Council to consider on draft budget night.

RECOMMENDATION

That Council endorse the draft building maintenance for 2022/23 for inclusion in the draft Shire of Northam 2022/23 Budget as detailed below:

BRIEF

For Council to consider sponsorship for the 2022 Planning Institute of Australia (PIA) WA Regional Conference to be held in Northam.

A. BACKGROUND / DETAILS

PIA WA are holding their Regional Conference in Northam on Thursday 16th and Friday 17th June 2022. The main conference is being held at the Northam Recreation Centre on Friday, with optional fringe events are being held on the Thursday afternoon/evening.

Staff are recommending that the Shire of Northam sponsor the event primarily through meeting the cost of the venue hire, entry to the BKB and a walking tour on the Thursday afternoon.

This event was held within the Margaret River Region in 2021 and will attract attendees from the metropolitan area and regional areas of the State.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Outcome 1.4: A robust tourism industry which contributes to the economic development of the Shire of Northam and

optimises Northam's role as a hub for tourists to the

region.

Objective: Position Northam as an ideal destination to attract

regional, state and second-tier national events.

B.2 Financial / Resource Implications

The cost of the Recreation Centre Hire, entry to the BKB and walking tour is approximately \$3,155.

B.3 Legislative Compliance

Local Government Act 1995, Section 6.12 - Power to defer, grant discounts, waive or write off debts.

B.4 Policy Implications

Council Policy C3.4- Write Off/Waive of Fees and Debts, provides guidelines for the equitable assessment of requests to write off or waive fees or debts within the parameters set by Council under delegated authority.

Waiving of fees and charges must be undertaken in a consistent and transparent manner. The Chief Executive Officer may exercise their delegation to waive fees and charges that:

- Promote the Shire of Northam's mission and objectives;
- Provides a benefit to the Shire of Northam community;
- Are for an activity, event or program with a charitable or community service oriented purpose;
- Are for not-for-profit and non-government organisations; and
- Fall within the parameters set by Council under delegated authority, as detailed within the Delegated Authority Register.

This request satisfies several elements outlined above, but falls outside Council parameters for approval under delegated authority, and therefore Council is required to make a decision on this fee waiver request.

C. OFFICER'S COMMENT

Officers believe that the Regional Conference will provide significant exposure to the Shire and the surrounding region. Indications are that up to 80 delegates could attend the event on Friday and approximately 40 on the Thursday afternoon/evening.

The event will also provide accommodation and hospitality providers with an opportunity to benefit from the event.

RECOMMENDATION

That Council waive the following fees (to the value of \$3,155) for the Planning Institute of Australia (WA) 2022 Regional Planning Conference:

- The Recreation Centre hire fees
- The admission fees, to the Bilya Koort Boodja Centre for Nyoongar Culture and Environmental Knowledge
- Walking tour fees

BRIEF

It is proposed to amend the Heritage List to include an additional 27 places to ensure that all of the most significant places in the Shire are recognised and have the appropriate level of protection.

The first step in the process is to adopt the draft amended list for the purposes of advertising. Once adopted, the affected landowners and occupiers together with the community will be consulted and their comments considered prior to the Council finally adopting the amended list.

A. BACKGROUND / DETAILS

Background

In February 2020, Council adopted the first Heritage List for the Shire of Northam following consultation with landowners, occupiers and the community.

The Heritage List was developed following the review of the Local Heritage Survey (LHS) by the Shire's former Heritage Advisor, Laura Gray in 2017. Ms Gray recommended that a smaller sub-set of places (63 in total) to form the Heritage List, generally based on categories 1 and 2 of the LHS (129 in total).

The draft list based on Ms Gray's recommendations was presented to Council for adoption for the purposes of advertising and in response to the advertising, a number of submissions were received by landowners raising concerns regarding inclusion of their properties on the Heritage List.

Stephen Carrick Architects (SCA), the Shire's current Heritage Consultant, reviewed the draft Heritage List and the submissions, and identified the following issues for consideration:

- some State heritage listed places were not included in the draft List;
- some Category 3 places were included on the draft List;
- the need to develop or review Place Records, particularly for those properties where landowners had made submissions; and
- the reasons for entry needed to be directly linked to the Statement of Significance for the place.

Further consultation was conducted with the affected landowners following the review, including provision of new or updated Place Records. No new submissions were received in response to this consultation.

The Heritage List was reviewed, amended and adopted by Council.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Environment & Heritage

Outcome: The Shire of Northam honours, and is recognised for, its

unique heritage and cultural identity.

Objective: The Shire of Northam is a destination for heritage tourism and

heritage buildings are easily located and interpreted;

The Shire of Northam's heritage buildings and locations are

well maintained.

B.2 Financial / Resource Implications

The review of the Heritage List is within current budget.

B.3 Legislative Compliance

Planning and Development (Local Planning Schemes) Regulations 2015 Clause 8(1) of Part 3 of Schedule 2 of the Regulations (also known as the Deemed Provisions) requires local governments to establish and maintain a heritage list to identify places within the Scheme area that are of cultural heritage significance and worthy of built heritage conservation.

Sub-clause (2) requires the heritage list to set out a description of each place and the reason for its entry in the heritage list. The list must be available, with the Scheme documents, for public inspection; and be published on the Shire's website.

Sub-clause (3) sets out the consultation requirements for entering or removing a place from the heritage list, or modifying the heritage list, and includes notifying each owner and occupier of the place to provide a minimum of 21 days to comment.

Following adoption of the list (and any subsequent modifications), the Shire must notify the Heritage Council of WA, and each owner and occupier.

B.4 Policy Implications

The inclusion of the subject places on the Heritage List will provide an appropriate level of statutory protection.

B.5 Stakeholder Engagement / Consultation

If Council resolves to adopt the draft amended Heritage List, consultation will be conducted in accordance with the provisions of the Regulations (as outlined above) for a minimum period of 21 days to all landowners and occupiers. It is also recommended that the draft amended Heritage List be advertised to the community on the Shire's website, social media and in a locally circulating newspaper.

C. OFFICER'S COMMENT

There are three levels of Heritage Listings –

- 1. State Heritage Register highest level of protection under State Heritage legislation. This is for our most significant heritage buildings.
- 2. Local Government Heritage List adopted by Council under the Local Planning Scheme. This is for significant building and places that require "protection" under the Scheme.
- 3. Local Heritage Survey (formerly known as the Municipal Heritage Inventory or MHI) adopted by Council as a record of buildings and places that are significant to the local community and informs the creation of the Heritage List.

A recent minor review of the Heritage List and Local Heritage Survey by SCA has identified an additional 27 places that should be included to recognise their importance and provide an adequate level of protection.

New or revised place record forms have been created for each property that provides justification for their inclusion, including information on their background and significance. The amended list includes those properties on the State Register that as standard practice be included on a Heritage list.

Following adoption of the amended list, the State Heritage Office's database Inherit will be updated to reflect the changes.

The Shire has also been recently advised that it has been successful in obtaining grant funding from the State Heritage Office to employ a specialist heritage consultant to create and commence a strategic framework for the staged review of the Shire's Local Heritage Survey to further inform the Heritage List. The review will also increase its usability and accessibility to the community.

RECOMMENDATION

That Council:

- 1. Adopt the draft amended Heritage List for advertising purposes;
- Notify all affected landowners and occupiers and the State Heritage Council of the proposed amendments to the Heritage List and provide a minimum of 21 days for comment;
- 3. Advertise the draft amended Heritage List to the community providing a minimum of 21 days for comments; and
- 4. Receive a report following close of the consultation period to further consider adoption of the amended Heritage List.

BRIEF

For Council to consider the rehabilitation of Lot 29079 Great Eastern Highway, part of the Shire managed Reserve 44700 through the establishment of a native seed bank which will be installed and utilised by the Noongar Land Enterprise Group who now manage and operate the Boola Boornap Nursery (formally WA Farm Trees).

ATTACHMENTS

Attachment 1: Reserve 44700.

Attachment 2: Applications for Flora Taking (commercial) licence – Crown

land.

Attachment 3: Written permission for the collection of native seed on land

vested in the Shire.

A. BACKGROUND / DETAILS

Clearing associated with agriculture and economic development has had a significant impact on the natural vegetation in the Wheatbelt area with many vegetation complexes having less than 15% remaining. Of the remnant pockets remaining, many locations are in poor condition with degraded understories. Reserve 44700 is a prime example of this, where much can be done to enhance the natural vegetation and improve the condition of the vegetation complex by rehabilitating the area with localised endemic species returning the location back to a functional ecosystem.

Reserve 44700 comprises of 5 parcels of land totalling 186 hectares. This proposal specifically refers to the single parcel situated on the northern side of Great Eastern hwy. This portion of Reserve 44700 is a 43 hectare parcel of Crown land under the Management Order to the Shire for the purpose of Agriculture, Parklands and Recreation. The parcel is located approximately

8km from the Northam townsite and is bounded by Great Eastern Hwy and Dempster Rd. The land is reserved for Parks and Recreation under the provisions of the Northam Local Planning Scheme No. 6.

Previous attempts to rehabilitate the area have had limited success where the use of Eastern state species unsuitable for this climate have resulted in poor growth in overstorey and understorey plant establishment. In addition to large erosion channels associated with surface run off, there is also evidence of surface salinity with large patches devoid of any vegetation. This degraded area desperately requires attention so that the land can be stabilsed and the onset of salinity reversed to improve the quality of the existing ecosystem.

It is proposed that the Shire work with the Boola Boornap Nursery in a symbiotic relationship to the benefit both parties. The nursery will rehabilitate the reserve on behalf of the Shire with the understanding that they can have access to the reserve as the plants mature to utilise the seed bank available.

At present, commercial native seed collectors are finding it increasingly difficult to source adequate seed for the commercial production of native tube stock for stakeholders requiring plants for rehabilitation purposes. This proposal would provide the perfect avenue to ensure local endemic species relevant to this area can be grown and utilised for the benefit of future rehabilitation projects throughout the Shire and the Wheatbelt area potentially supplying tube stock to private and commercial stakeholder groups.

This project will be ongoing and progressed in phases with native species planted during the winter season each year. There will be minimal disturbance to land and infill planting will occur to maximise the protection of new plants by what is currently present. Focus will be placed on the most degraded areas that exist on the western side of the reserve with rehabilitation efforts expanding outwards across the area over time.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Environment & Heritage

Outcome 4.3: Residents and organisations within the Shire of Northam are

supported to reduce their environmental impact.

Objective: Support locally grown initiatives

Outcome 5.2: Environmental risks are proactively managed to minimise

impact on residents.

Continued bushfire management planning and mitigation Objectives:

Proactive weed and pest management

B.2 Financial / Resource Implications

The cost associated with the project is nil to the Shire.

B.3 Legislative Compliance

Local Government Property Local Law 2008

- 3.13 Activities needing a permit
- (1) a person shall not without a permit –
- (e) plant and plant or sow any seeds on local government property;

All persons collecting native seed are licensed according to the Biodiversity Conservation Act (2016) and Biodiversity Conservation Regulations (2018) and need to abide by the conditions of their licence.

All staff members associated with the Boola Boornap Nursery hold a permit to collect native seed or work under the supervision of the lead staff member working under the conditions of the permit.

On request, the Shire currently provides written permission for commercial seed collectors to obtain seed from reserves vested in the Shire. In this specific situation this approval can be renewed annually as required under the conditions of the licence.

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

Discussions have been held between the Shire and the Boola Boornap Nursery.

B.6 Risk Implications

B.7 Natural Environment Considerations

This proposed project aims to restore the natural environment at Reserve 44700 by stabilising the land, reducing surface run off, reversing salinity issues, improving the ecosystem in addition to providing fauna habitat with protection and movement possible between corridors of remnant vegetation.

C. OFFICER'S COMMENT

This degraded reserve is identified in the Local Biodiversity Strategy as a reserve that should have the level of protection increased by modifying the vesting to a 'locally protected reserve'.

It has been identified as a substantial area that can offer significant habitat for fauna and a vegetated area that will allow for movement between vegetation corridors. The current state of the reserve can be dramatically improved with well planned rehabilitation that can stabilise the land and increase species richness and strengthen the vegetation profiles.

The proposed arrangement is a very positive way to work with community stakeholders to provide beneficial outcomes for multiple parties. It can showcase best practise in the ability for local government to rehabilitate degraded land with the foresight of producing a functional ecosystem that can provide seed for future rehabilitation projects from species that specifically grow in the area.

A seed bank will ensure that the supply and demand for tube stock grown for the purpose of rehabilitation can meet the needs of private and commercial stakeholders and that what is grown is specifically tailored to the Wheatbelt and the species associated within the vegetation complexes of the area.

- 1. Governance is over budget by \$22,386 due to the revenue release from AASB15 of the contract revenue for a trainee apprenticeship grant of \$25,004.
- 2. General purpose funding is over budget 172% predominantly due to the prepayment of the Federal Assistance Grants \$2,557,758.

- 5. Other Property & Services revenue is over budget by 22.8% due predominantly to Workers Compensation reimbursements of \$50,994.

Operating Expenditure

6. Governance is under budget by \$225,506. This is primarily due to the following being under budget

Organisation software \$40,410IT expense \$122,554Consultancy \$53,828

- 7. Other property and services is over budget by \$599,881 predominantly due to
 - The timing of internal allocations public works overheads allocations \$92,584 (non-cash
 - Plant allocation of \$139,003 (non-cash)
 - Plant operation labour, fuel, parts and repairs \$58,060
 - Staff Meetings \$55,447

 - Bridge Maintenance \$200,000 (timing)
 - Rubbish site Maintenance \$325,989

10. Other expenditure is over budget \$464,310, due to the under recovery of public works overheads, directly associated with internal resources not being applied to capital works (non-cash).

Capital Expenditure

11. The purchase of the Flocon Truck at an additional \$21,246 over budget was both an increase in market price of the vehicle at the time of purchase and additional modifications to refurbish the original Flocon body and relocate the emulsion tank for \$9,150, this is largely offset with plant purchases that either have or is expected to come in under budget.

B.3 Legislative Compliance

Section 6.4 and 6.26(2)(g) of the Local Government Act. Local Government (Financial Management) Regulations 1996.

There are no natural environment considerations associated with this item.

C. OFFICER'S COMMENT

Adjustment is required to be made to the amount budgeted for the Wundowie Single Bay Fire Shed to be located at the Wundowie Pavilion, the original budget figure was misinterpreted and was included without the concrete floor which we now believe is appropriate due to potential OHS issues. Inflation has also increased the quoted price for the shed. The budget is proposed to be increased from \$23,510 to \$53,510.

RECOMMENDATION

That Council receives the Financial Statements, prepared in accordance with the Local Government (Financial Management) Regulations, for the period ending 30 April 2022.

RECOMMENDATION

That Council adopts the budget amendments as follows:

- 1. Increase the Wundowie Fire Shed expenditure 05067034, \$30,000
- 2. Decrease Firebreak Inspection Contract 5520, \$9,000
- 3. Decrease Animal Control 05072082, \$5,000
- 4. Decrease Planning Consultants 10302032, \$10,000
- 5. Decrease Planning Legal Costs 10302032, \$6,000
