Question from Council Forum Meeting – 11 November 2015

Mr M. W. Whittington – Northam Heritage Forum

Background: The Shire of Northam has successfully completed the new car park at the Old Northam Railway Station in time for extensive daily public events celebrating Seniors Week in W.A. The Heritage Forum have identified a problem with the location of the Disabled Parking Bay, which is requested that be rectified immediately given the large numbers of disabled and elderly visitors expected to the Seniors Week themed events. The concerns raised are relating to the location chosen for the mandatory Disabled Parking Bay which is 30 metres from the entry, is rebated into the curb-line, and can only be accessed by reverse parallel parking, as the rear approach is blocked. It is requested that the Disabled Parking Bay be relocated directly in front of the entrance.

Due to the Seniors Week celebrations launched at Old Northam Railway Station on Sunday 8 November 2015, with the expectation of many senior visitors, both on Sunday and throughout the following week, the management committee of Northam Heritage Forum have made the decision to re-locate the Disabled Parking Bay accordingly.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

Question: Can the Shire remove the current disabled bay markings and replace them in a more appropriate location?

Response: The Executive Manager Engineering Services advised that this has been received through our normal process for managing our customer requests. This has been received by staff who are now investigating the matter and will provide a response accordingly.

The Executive Manager of engineering Services also advised that the location of the current bay was in accordance with the plans which were sighted and agreed to by the Northam Heritage Forum.

The Shire President expressed that the Northam Heritage Forum had been involved in design process and it was now extremely late to be asking for adjustment (once the work had been completed).

Operational matters

Avon River fountains – it is good to see that the 2 fountains have been commissioned and the comments I have been receiving are all favourable.

Christmas on Fitzgerald – a joint event between the Shire and local business groups will be held on the Saturday the 12th December in Northam. I hope our other towns get in the festive spirit also and help brighten the lives of their local community.

Seniors Week – a number of groups are providing events with a theme around the 100th anniversary of Gallipoli and Remembrance Day on the 11th November.

Bush fire risks – the expectation is that this fire season will again be cause for concern as a hot dry summer unfolds. In my travels, it has been good to see that most people seem to have taken the firebreak order seriously and done what they can to mitigate the risk of fire to our community. I am hopeful that those who are not yet compliant will be so very shortly.

Strategy

I have mentioned to Jason that I wish for Council to look to adopt a number of policy positions around things like:

1. Fees and charges to our junior sports groups vs. adults
2. Fees and charges for venues hired to Not for Profit/Community groups vs. Commercial operators
3. Vehicle changeover limits based on distance or age parameters
4. Cunderdin airport as a preferred commercial airport site after Jandakot and Perth
5. Laneway sealing priorities
6. Footpaths on one side of a street
7. Rating methodology around Gross Rental Value vs. Unimproved Value, where any discretion or definition difficulties exists
8. Councillor social events financial arrangements
9. Caretaker mode concept, where Council should not make major financial decisions that bind an incoming Council once a local government election has been called.
10. Policy around capital works on footpaths, kerbs, drainage and roads to be considered as a package rather than the historical treatment of each of these elements as independent of the other.

There is a review of policies to be undertaken during this year so these topics will be brought to Council for decision as they become available.

Date:	6 November 2015

PURPOSE

The purpose of this report is to outline the meeting schedule for Ordinary Meetings of Council for the twelve months from January 2016 through to December 2016.

BACKGROUND

It is a requirement under the Local Government Administration Regulations for a Local Government to give public notice of the dates and times of its Ordinary and Committee Meetings.

Local Government (Admin) Regulation 12 provides that –

- (i) At least once each year a local government is to give **local public notice** of the date on which and the time and place at which Ordinary Council Meetings are to be held over the next 12 months. A similar provision applies to Council committees that are open to members of the public.

Section 1.7 of the Local Government Act states that where local public notice is required then the notice is to be published in a newspaper circulating generally throughout the district on at least one occasion and is to be placed on the public notice board of the Council office and library for at least seven days before the meeting. As a consequence the date of the first ordinary meeting will need to reflect that timing.

STATUTORY REQUIREMENTS

Local Government (Administration) Regulations, Reg 12.

BUDGET IMPLICATIONS

For the 2014 financial year, in accordance with the provisions of s5.99 of the Local Government Act 1995. Councillors receive a flat annual Meeting Attendance Fee of \$17,600 and the President receives \$23,600. This amount is not affected by the number of meetings attended. Councillors are, however, entitled to claim travel costs in respect to meetings and other authorised events.

There will be a cost involved for public notice to be displayed in local newspapers. This will be expended from account 04052192.

OFFICER'S COMMENT

Council, at its Ordinary Meeting held on Wednesday 17 December 2008, resolved to hold a month's Ordinary Council Meeting on the third (3rd) Wednesday of each month. A Council Agenda Forum would be held on the second (2nd) Wednesday of the month in accordance with current practice.

Staff have discussed and reviewed the current process in place for Ordinary Council and Council Forum meetings. There are a number of options available to Council moving forward with regards to its decision making process.

1. Retain status quo – the current system has an Agenda forum the week prior the Full Council meeting. This requires the agenda to be closed two Fridays prior to this, allowing staff time to collate and internally review agenda items the week before Agenda forum and the agenda to be sent out the Friday prior forum. Once the forum has been completed on the Wednesday staff review any Council comments and a new agenda is published on the Friday.

The specific issues that this raises are around the timeframe, there is a three week gap between agenda items being developed and Council decisions being made. Secondly the current process involves preparing and processing of two agendas, which while they may be similar still requires alterations and republication.

2. Alter the timing of the Council Forums – there is an opportunity to retain the forums, however attempt to deal with the forum and Council meeting in the same week. This would eliminate the timeframe issue and the need for duplication in effort in developing two agendas in two weeks. Staff are of the view that a trial period where Council holds the forum on a Monday evening and the Full Council on the Wednesday evening would be worthy of consideration of Council.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

3. Remove the forums all together – it is not unusual for Councils to not hold forums. This would result in the full debate and questioning occurring at the Full Council meeting. This practice does promote full and complete openness and accountability of decision making.

Should Council determine to no longer hold a Council Forum meeting on the second Wednesday of each month, Shire Policy G1.1 will require amendments to be made in order to reflect the decision of Council relating to the scheduling of Council meetings.

RECOMMENDATION

That Council;

1. **Advertise that its Ordinary Meetings of Council for 2016 will be held on the third (3rd) Wednesday of each month with the dates as listed below:**

PURPOSE

For Council to consider a donation for support of chaplaincy services in Northam Schools.

BACKGROUND

Correspondence (as attached) was received on 23 September 2015 from the Northam YouthCARE Council, seeking support from Council to assist in the provision of these services in local schools.

Northam YouthCARE currently provides financial and moral support to three chaplains at three Primary Schools in Northam. It is understood that Government funding does not cover the full cost of these services and as a result are seeking funding locally.

Council has supported the provision of these services in past years and has made the following donations;

Date	Amount \$
14/09/2012	1,000.00
27/11/2007	1,650.00

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

FINANCIAL IMPLICATIONS

This donation has not been included in the 2015/16 budget, however Council has a budget provision of \$4,000.00 for 'Youth Services – Youth Projects Various' in GL 08182022. However, these funds are proposed to be utilised for youth engagement initiatives in smaller communities within the Shire.

OFFICER'S COMMENT

Council has undergone this year's process for the allocation of funds relating to community grants (Policy C2.1). Within this Policy, Council has a section under the Scheme for Quick Response Grants. It is believed that this request does not come under this policy due to being for a donation and not a grant. In addition, this request would not comply with a number of eligibility requirements such as 'consideration will not be given for retrospective funding'.

Council does not have a Policy in place for considering donation requests, with the quick response grants being the only form for provision of funds outside the community grants allocations which were endorsed in May 2015. It is believed that this donation should be considered outside of the Policy.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.2574

Moved: Cr Williams

Seconded: Cr Tinetti

That Council, donate a sum of \$1,000.00 excluding GST to the Northam Youth Care Council from account 08182022.

Dear Shire President Steve Pollard & Councillors,

RE: SUPPORT FOR CHAPLAINCY IN OUR SCHOOLS

I am writing to thank you for your past support for chaplaincy in our schools in Northam. It is through contributions such as yours that these valuable services can be provided in our local schools.

Northam YouthCARE Council currently provides financial and moral support to three chaplains – Catherine Manning at Avonvale Primary School, Sheryl O'Sullivan at West Northam Primary School and Judy Clay at Avonvale Education Support Centre.

YouthCARE chaplains work within the school as caring adults as part of a professional student services team by

- Building relationships with students, families and staff
- Offering pastoral care
- Providing crisis care when necessary
- Being a mentor
- Providing additional practical help for teaching and administrative staff
- Offering input into spiritual and "meaning of life" questions
- Being a positive role model
- Providing a link between schools and local communities

Government funding does not cover the full cost of chaplaincy, therefore, we seek assistance locally. Any assistance that you are able to provide will be gratefully appreciated.

Donations to the work of YouthCARE in the Northam area can be made by cheque (please make payable to "Northam District Council of the Churches Commission on Education-Chaplaincy Account" and send to the above address) or by direct deposit at Westpac Bank BSB:036-107 Account:12-3638 or via a secure page on-line at www.youthcare.org.au.

Your generous support of the work of Chaplaincy is vital as it goes into supporting children and young people living in our community. We look forward to your on-going encouragement and support of this work.

Yours sincerely

PURPOSE

For Council to appoint members to the Regional Centres Implementation Committee, Art Collection Committee and Northam Safety Committee.

BACKGROUND

Council placed an advertisement into the Avon Valley Advocate on 4 November 2015 seeking expressions of interest from community members to become a community representatives on the following Committee's;

- Regional Centres Implementation Committee (3 representatives)
- Community Safety Committee (2 representatives)
- Art Collection Committee (3 representatives)

Individuals interested in being considered for one of the positions were advised to familiarise themselves with the committees Terms of Reference and submit an application form no later than Thursday, 12 November 2015.

STATUTORY IMPACTS

Local Government Act 1995, Part 5 Administration, Division 2 Council meetings, committees and their meetings and electors' meetings.

CONFORMITY WITH THE STRATEGIC COMMUNITY PLAN / CORPORATE PLAN

OBJECTIVE G1: Provide accountable and transparent leadership

OBJECTIVE C4: Protect and promote the Shire's diverse culture and heritage.

OBJECTIVE C2: Provide services and processes to enhance public safety

STRATEGY C2.1: Provide community services to uphold public safety standards.

BUDGET IMPLICTIONS

As elected members are paid annual fees in lieu of fees for attending meetings, travel expenses for attendance at any meeting called will be an additional expense incurred.

Committee Members attending committee meetings are entitled to claim for expenses incurred.

No meeting fees are payable to employees or non-Councillors.

Advertising for these positions incurred a cost of approximately \$135.85.

OFFICER'S COMMENT

Application forms have been forwarded to the previous community members on these committees.

Regional Centres Implementation Committee

Council has received two applications from community members. Applications were received from Cecilia McConnell and Rhiannon Bristow-Stagg who were both previously members on this committee. There are three community membership positions available however as only two applications were received, it is recommended that both Cec and Rhiannon be appointed given their experience with this committee, and leave the remaining position vacant.

Staff have contacted the Maarli Circle of Elders and Northam Aboriginal Inter Agency Group seeking a nominated representative for the Aboriginal Elders. In addition, the Wheatbelt Development Commission, Regional Development Australia and Avon Community Development Foundation have been contacted to confirm the representatives for the standing Ex-Officio members. Correspondence has also been received from the Chamber of Commerce nominating their chosen representative. Details of the representatives are provided within the recommendation.

Art Collection Committee

Council has received two application forms from Michael Letch and Trish Hamilton, both of which were previously members on this committee and therefore it is recommended that Council reappoint them as community members.

Unfortunately, the Northam Chamber of Commerce have advised that there are no board members available for this committee.

Northam Safety Committee

SHIRE OF NORTHAM

Two applications were received from Margaret O'Reilly and Terry Munday, with two community member positions available on the committee. Both of the applicants detail that they are eager to contribute and be of service to Northam in respect to improving community safety.

In addition, staff have confirmed the representatives for the organisations listed in the recommendation. Unfortunately, advice has not been received from Department Fire & Emergency Services confirming their nominated representative.

All applications which have been received for these committees have been provided to the Elected Members as a separate confidential attachment to the agenda.

PURPOSE

For Council to consider a proposed Local Structure Plan (LSP) for Lot 7 Hawke Avenue, Wundowie and forward the Shire's recommendation to the Western Australian Planning Commission (WAPC) for approval.

BACKGROUND

The Shire has received a proposed LSP prepared on behalf of Dennis Falconbridge, the proponent of Lot 7 Hawke Avenue, Wundowie (the site) seeking Council's support. A copy of the LSP is attached (refer **Attachment 2**).

The proposed LSP provides a framework for the future development of the subject land and a context for the consideration and approval of future subdivision applications.

The site is located approximately 1.8km south of the Wundowie Townsite. The site is heavily vegetated in some areas and comprises an existing dwelling and associated structures located in proximity to the northern boundary of the lot. Refer **Attachment 1 - Location Plan**.

A Bushfire Management Plan (BMP) has been prepared by Bushfire Prone Planning in support of the proposed LSP, which demonstrates compliance with all relevant criteria detailed in the WAPC's (draft) *Planning for Bushfire Risk Management Guidelines (2014)*. A copy of the BMP is attached to the LSP Report under Appendix 6.

A Botanical Assessment has also been prepared by Bennett Environmental Consulting Pty Ltd which identified no threatened or priority vegetation areas. The assessment did

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

identify eight potential habitat trees along with several of the preferred foraging plants for Black Cockatoos across the site. Refer to Attachment 1.

Proposal

The LSP proposes the subdivision of Lot 7 into 5 lots ranging between 2.03ha and 3.25ha in size.

Key statistics of the proposal

Total area covered by LSP:	11.5ha
Area of each land use proposed:	
• Residential	11.5ha
• Public Open Space	0
• Parks & Recreation	0
Estimated Lot Yield:	5 Lots
Estimated Number of Dwellings:	5 Single houses
Estimated Residential Site Density:	As for 'Rural Residential' under LPS6
Estimated Population*:	12.5

* Based on ABS, *Census of Population and Housing 2011* which states average household size in the Shire of Northam to be 2.5 persons per dwelling.

The applicant advises that the lots have been configured to allow for Building Envelopes to be located in areas that have already been cleared of vegetation. Refer to **Attachment 1** (Proposed Local Structure Plan Report) of this report.

Key objectives of the LSP:

The key objectives of the LSP are to:-

- Fulfil the intent of Section 5.30 of Local Planning Scheme No.6; and
- To establish orderly planning and development of the site.

Advertising:

Upon receipt of the LSP, planning officers referred the LSP to the Shire's Development Control Unit (DCU) where the plan was discussed. The DCU determined that the LSP was unsuitable for advertising and consequently requested that the applicant submit additional information. After receiving the additional information, the LSP was advertised in accordance with Clause 5.31.5.2 of LPS6 for a period of 21 days in the following manner:

- Publication of a notice in *The Advocate* of 5th October 2015;
- Publication of a notice on the Shire's website from 5th September 2015 until 28th October 2015;
- Notifying a total of 28 adjacent and nearby landowners in writing on 1st October 2015 and inviting comment;
- Notifying the following agencies in writing on 1st October 2015:
 - Western Power;

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

- Department of Fire and Emergency Services;
- Telstra; and
- Department of Water.

A public submission period of 21 days ended on Wednesday 28th October 2015. One submission was received from Western Power who advised that they have no objection to the proposal.

STATUTORY REQUIREMENTS

Shire of Northam Local Planning Scheme No. 6

Under the provisions of LPS6 the subject site is zoned 'Rural Residential'.

The objective of the Rural Residential zone is:

- *To provide for the use of land for rural living purposes in a rural setting on lots generally ranging in size from 1 to 4 hectares whilst preserving the amenity of such areas, ensuring landscape protection and conservation and controlling land use impacts.*
- *To reduce or eliminate the detrimental effect of keeping livestock in the zone by limiting stock numbers to those kept for hobby purposes and not for commercial gain.*

Clause 5.30 – Development in the Rural Residential and Rural Smallholding zones – of LPS6 sets out the development requirements for land in the Rural Residential zone. Schedule 2 Part 4 of the Planning and Development (Local Planning Schemes) Regulations 2015 sets out the requirements for local structure plans and replaced Clause 5.31 of Local Planning Scheme No.6 as of 19th October 2015.

Subclause 5.30.2 establishes that the subdivision of any land within the Rural Residential or Rural Smallholding zone shall generally be in accordance with a structure plan prepared pursuant to Clause 5.31 of LPS6. The subdivision of existing Rural Residential or Rural Smallholdings lots that do not have adopted structure plans will generally not be supported.

A structure plan is to contain such detail, information and maps as outlined under Clause 16 of the Planning and Development (Local Planning Schemes) Regulations 2015.

The advertising and adoption procedure for structure plans is outlined under Clause 18 of the Planning and Development (Local Planning Schemes) Regulations 2015.

Council is now required to consider adopting the LSP and make a recommendation to the WAPC regarding approval of the LSP.

In accordance with Part 4 of the Planning and Development (Local Planning Schemes) Regulations 2015, an LSP comes into operation when it is approved by the WAPC.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

Shire of Northam Local Planning Strategy

The site is located in the Darling Scarp North Precinct of the Shire's local planning strategy. The stated objectives for the Darling Scarp North Precinct are to:-

- Protect and expand existing nature conservation reserves;
- Preserve and enhance the environment and natural resources;
- Support the continuation of sustainable agricultural production including subdivision for farm rationalisation purposes;
- Support further rural living subdivision development in designated areas subject to land capability assessment, rezoning, structure planning and environmental rehabilitation;
- Support further development and growth of the Wundowie townsite in accordance with the details of the relevant townsite development strategy plan; and
- To prevent the intensification of sensitive land usage within designated buffer areas.

CONFORMITY WITH THE STRATEGIC COMMUNITY PLAN

The following objectives in the Shire's Strategic Community Plan has a bearing on this proposal:

OBJECTIVE P1: Promote a diverse mix of development opportunities throughout the Shire; and

OBJECTIVE P2: Accessible and legible communities.

BUDGET IMPLICATIONS

The Shire will bill the applicant the prescribed application fee as expressed in s48(5) of the *Planning and Development Regulations 2009* upon final determination.

OFFICER'S COMMENT

The LSP will aid in accommodating population growth, which will contribute towards satisfying the identified need for the supply of suitably zoned and serviced residential land within the Shire of Northam.

The proposed LSP for Lot 7 Hawke Avenue, Wundowie is entirely consistent with the stated intent of the Shire's local planning strategy for Wundowie and surrounds. It is therefore recommended that Council resolves to provide a positive recommendation of approval to the WAPC without further modification.

It should be noted that the Department of Environment Regulation are currently investigating the unauthorised clearing of native vegetation on this lot.

Local Structure Plan

PART ONE – STATUTORY

1 LSP AREA

The subject area comprises Lot 7 Hawke Ave, Wundowie. The site is roughly triangular in shape and has a wide frontage to Hawke Ave. It is 11.6426ha in area.

2 LSP CONTENT

Part one of this report contains the statutory section. It contains only the LSP map and statutory planning provisions and requirements.

Part two contains the explanatory information to support the statutory component. It is to be used as a reference guide to interpret and justify the implementation of Part one.

3 INTERPRETATION AND SCHEME RELATIONSHIP

3.1 Interpretation

All terms used in this document shall have the same meaning as given to them in the Shire of Northam Local Planning Scheme No 6 (LPS 6).

3.2 Scheme Relationship

This LSP provides for the subdivision and development of the subject land. Its adoption fulfils the intent of Part 5.31 of LPS 6, which establishes the requirement for orderly planning and development of specified areas.

In the event of any inconsistency between LPS 6 and this LSP, LPS 6 shall prevail.

4 OPERATION

This LSP becomes effective as at the date of its endorsement by the WAPC. After this date, the LSP can be used by the Shire of Northam, and all other Government Agencies involved in the assessment of subdivision applications, to support subdivision of the property. It can also be used by the WAPC as a basis of granting subdivision approval.

Nothing within this subdivision shall preclude the WAPC from making a decision, or imposing conditions, at variance with this LSP should that decision be made on the basis of variations to the LSP agreed between the affected landowners and the Shire of Northam (or other responsible authority) or any other policy adopted after the endorsement of this LSP by the WAPC, providing that policy is reasonably able to be applied consistent with the intent of this LSP.

Any modifications to this Plan are to be made in accordance with the procedures set out in sections 5.31 of LPS 6, depending on the nature of the modification.

5 LAND USE AND SUBDIVISION REQUIREMENTS

Subdivision of the land shall be carried out in accordance with this LSP. Lot sizes and development are to be consistent with the requirements of this LSP and no less than 2ha in area.

Use class permissibility is to be the same as the Rural Residential zone contained in Table 1 of LPS 6. This LSP has no special requirements in terms of land use, other than specific controls on the extent of uses prescribed within this document.

There are no Regional, Foreshore or Public open spaces proposed within this site.

6 DEVELOPMENT REQUIREMENTS

The development requirements contained in LPS 6 shall apply.

7 OTHER REQUIREMENTS

The LSP area comprises one Title. There are no special requirements for the co-ordination of infrastructure within the subject site

A copy of the Certificate of Title for Lot 7 is provided at Appendix 1.

Local Structure Plan

PART TWO – EXPLANATORY

1 PLANNING BACKGROUND

1.1 Introduction & Purpose

This LSP has been prepared to comply with the requirements of the Shire of Northam LPS 6, specifically clause 5.30.2.

1.2 Land Description

1.2.1 Location

Lot 7 Hawke Ave, Wundowie is located just off the Great Eastern Hwy, approximately 2km south of the Wundowie townsite. (Refer Zoning Plan)

1.2.2 Area and Land Use

The subject site is 11.6426ha in area and comprises 1 lot. It is predominantly cleared of understory vegetation but retains numerous trees. It has long been used for agricultural purposes. It contains a single dwelling and outbuilding.

1.2.3 Legal Description and Ownership

The subject site is described on Title as Lot 7 on Plan 4744, Volume 1876, Folio 157. It is owned by Dennis Graham Falconbridge. A copy of the Certificate of Title is provided at Appendix 1.

1.3 Planning Framework

1.3.1 Zoning and Reservations

The site is zoned 'Rural Residential' under the Shire of Northam LPS 6. It contains no reservations.

1.3.2 Regional and Sub-Regional Structure Plans

There are no regional or sub-regional structure plans affecting this site.

1.3.3 Planning Strategies

Avon Arc Sub-Regional Strategy

The purpose of the Avon Arc Sub-Regional Strategy is to provide a regional framework for long-term land use within the Avon Arc. Produced in 2001, it is necessarily a broad document that provides little detail in relation to individual sites. It identifies Wundowie as a consolidated urban settlement. Considered in the more detailed context of the Shire of Northam Local Planning Strategy (below) there are no changes proposed for the subject site.

Shire of Northam Local Planning Strategy

This document has no proposals for the subject land.

1.3.4 Policies

There are various policies that may have the potential to affect the proposed LSP. These are listed below, with comments on how the LSP complies.

WAPC DCP 3.4 – Subdivision of Rural Land

The purpose of this policy is to achieve the key objectives of the WAPC's State Planning Policy relating to Land Use Planning in Rural Areas (below). Part of this is to provide for the creation of rural living lots where they have been identified and/or zoned for such purpose. Lot 7 has been zoned specifically for this purpose and subdivision as proposed will achieve this objective.

Better Urban Water Management guidelines (WAPC)

These Guidelines have been established to achieve better water management in urban subdivisions. It is not intended to apply to small scale subdivisions unless "significant water management issues" are present. "Significant water management issues" is defined within the policy and refers to sites that contain or adjoin waterways, wetlands, etc. This site contains no waterways or any evidence of wetlands or the like.

Guidelines for the Preparation of Structure Plans (WAPC)

This LSP has been prepared in accordance with these guidelines.

Planning for Bush Fire Protection Guidelines (WAPC)

Bushfire protection is a major consideration in new subdivisions. The subject site has been assessed for compliance with these Guidelines. Whilst the site has substantial cleared areas, it is subject to bushfire risk. Much of this can be controlled through the LSP and subsequent subdivision and development, eg, appropriate location of dwellings and strategic clearing. A Bushfire Hazard Assessment Report has been prepared in accordance with these guidelines. (Refer Appendix 2)

SPP 2.5 Land Use Planning in Rural Areas

The zoning and the Local Structure Plan provides for the creation of 2ha(+) rural residential lots. The lot design responds to the requirements under SPP 2.5

2 SITE CONDITIONS AND CONSTRAINTS

2.1 Biodiversity and Natural Area Assets

As mentioned above, the site has been historically cleared of native vegetation. Much of the visible vegetation comprises exotic plants and weeds, although there are some eucalypts remaining on site, typically Jarrah and Marri. (Refer attached aerial photo.) There is limited understory vegetation due to historic use of the land for agricultural purposes. The site is not identified in the Local Planning Strategy as having any conservation value.

In terms of fauna, a visual inspection of the site conducted on the 23 March 2015 identified 11 trees with a 500mm DBH. Such trees are required to be identified as they may have the potential to be or form nesting habitat for black cockatoos. Black cockatoos were seen flying overhead and foraging on the day of the inspection. The location of the trees is shown on the LSP plan. All of these trees can be retained as development on the site will be restricted to designated building envelopes, none of which include the subject trees.

2.2 Landform and Soils

The land slopes from 288m AHD at its north-western boundary down to 274m AHD in its south-eastern corner. The site is gently inclined from 3 - 7% across the site. (Refer Plan 1) There is a shallow valley running centrally from north to south-east. The site comprises

10

2 April 2015

SHIRE OF NORTHAM

MINUTES

ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

Local Structure Plan

gravelly, sandy soils. This is consistent with the Department of Agriculture and Food soil mapping, which maps the entire lot as being located on the 'Leaver' land unit. 'Leaver' is defined as follows:

"Gently inclined to steep (2-30%) gravelly soils and ridges that occur in the dissected Darling Range Zone. The dominant soil type is an orange, gravelly loamy sand over clay. This unit also includes the breakaway face."

There are no breakaways on the subject site, and it is only gently inclined. The gravelly soils are well drained and have a high Phosphorous Retention Index making them ideal for on-site effluent disposal.

2.3 Groundwater and Surface Water

There is no evidence (erosion, gullies, creek beds, etc) of surface water flowing across the site, which indicates the soils are well draining. There is a small, flat granite outcrop located in the southern part of the property, but there is no erosion around that feature, which also indicates water is not an issue on the site, although such a feature would indicate that there may be unseen granite below the surface.

2.4 Bushfire Hazard

A Hazard Assessment Plan has been prepared and is appended to this report. The results of this assessment reveal that the development will comply with the WAPC Planning for Bush Fire Protection guidelines.

2.5 Heritage

A review of the Department of Aboriginal Affairs heritage register revealed no specific known sites of significance. It is within a broader area of ethnographic value that extends to the south coast of WA and across much of the Perth metropolitan area.

Similarly, a review of Councils Municipal Heritage Inventory revealed no specific sites of significance.

2.6 Context and Other Land Use Constraints

The property has previously been granted subdivision approval. It has been identified as a site appropriate for rural residential subdivision under LPS 6. It has all of the services required for the zoned density with no site constraints.

3 LAND USE AND SUBDIVISION REQUIREMENTS

3.1 Land Use

Land use will be rural residential with a density of 2ha lots. (Refer summary table in Executive Summary.) A plan of the subdivision layout is provided at Plan 1. Residential development on the site will be restricted to the building envelopes identified on the Structure Plan. These locations have been selected to utilize cleared land, which is predominantly located at the eastern side of the property. A partially cleared area at the southern extent of the property provides the location of the building envelope on proposed Lot 11.

11

SHIRE OF NORTHAM

MINUTES

ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

3.2 Open Space

There will be no Public Open Space provided in this subdivision. None is required.

3.3 Lot Sizes

The site will be developed to a density of 2ha rural residential lots. (Refer Fig 1) This will result in a lot yield of 5 with an anticipated population in the order of 13 based on Bureau of Statistics household size in Northam of 2.5 persons (2011 census). (Refer summary table in Executive Summary.)

3.4 Movement Network

All lots will have frontage to Hawke Ave, which is a through road connecting the Wundowie townsite to Great Eastern Hwy.

3.5 Water Management

The site is gently inclined on well draining soils. There are proposed to be no specific water management requirements at development.

3.6 Education Facilities

N/A.

3.7 Activity Centres and Employment

N/A.

3.8 Infrastructure Coordination, Servicing and Staging

As this Structure Plan will provide for only 5 lots, all contained within the one existing property, there is no need for infrastructure coordination.

3.9 Developer Contribution Arrangements

As the site can be developed independently, it is not proposed to provide for developer contributions.

ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

1 Introduction and Purpose

Statewest Planning on behalf of Mr David Falconbridge commissioned Bushfire Prone Planning to prepare a Bushfire Hazard Assessment report for the development application of Lot 7 Hawke Avenue, Wundowie located within the Shire of Northam. The application is to subdivide existing Lot 7 Hawke Avenue, into 5 Lots. This Report relates to bushfire protection measures recommended for consideration for the proposed subdivision.

The purpose of this report is to provide guidance on how to plan for and manage the potential bushfire threat of the specified area. The Report identifies the bushfire risk and any potential requirements of local government to ensure the proposed development can meet the Performance Requirements of the Planning for Bushfire Guidelines.

3 Bushfire Hazard Assessment

3.1 Method of Assessment

There are two processes for determining the bushfire hazard level of an area. The first assessment is a broad assessment intended to be used at strategic level planning to identify the suitability of an area for the intensification of land use and to determine if the area is bushfire prone. Hazard levels are based on the prominent vegetation at the location and are identified as being either Low, Moderate or Extreme bushfire risk. The method for determining the bushfire hazard at the strategic level is aligned to the Western Australian Planning for Bushfire Protection Guidelines, 2010.

The second assessment, the Bushfire Attack Level (BAL) is a more detailed assessment of the site that is applied after the bushfire hazard and land capability assessment has been conducted. The BAL is required at the development stage to determine the potential level of construction standard as specified in *AS 3959-2009 Construction of buildings in bushfire prone areas*. Within this Report the BAL assessment is an overview for the purpose of the Development Application and a more specific assessment prior to the construction of any buildings may be required.

3.2 Hazard Assessment – Strategic Level

The assessment of bushfire risk takes into consideration existing site conditions, which include:

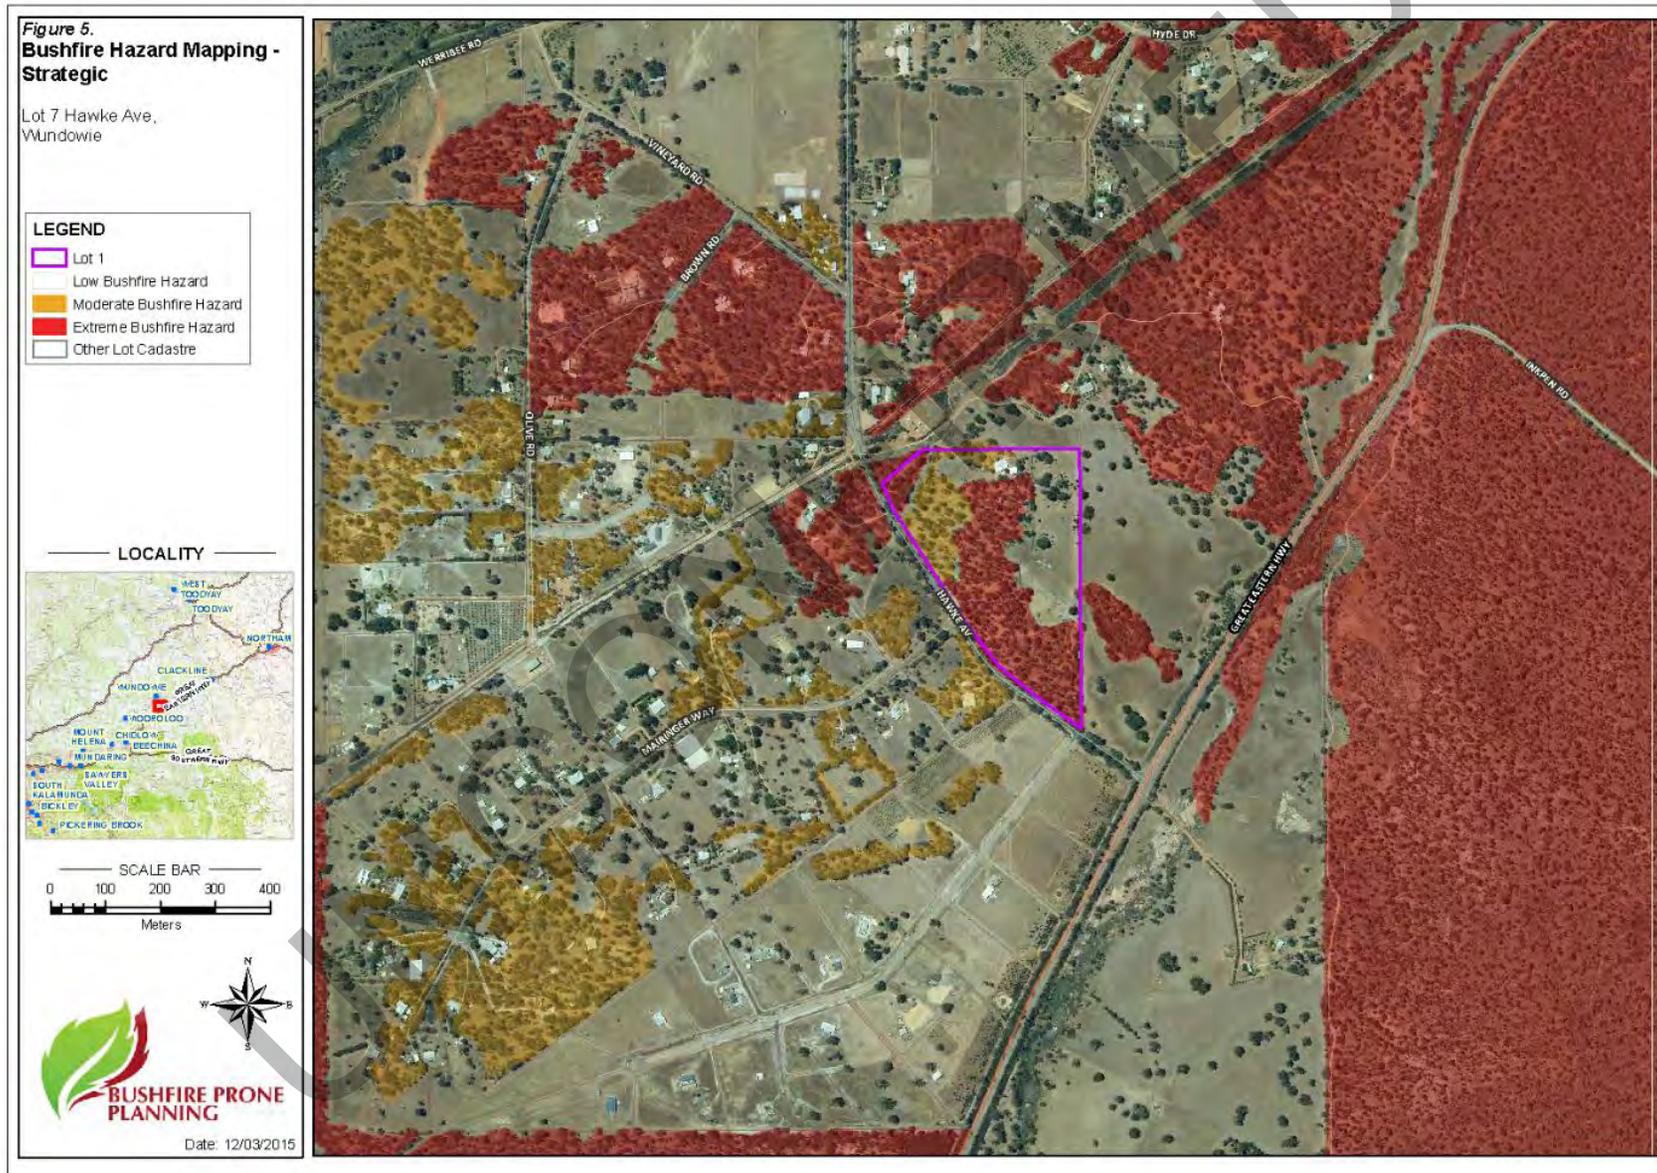

- Topography with particular reference to ground slopes and accessibility;
- Vegetation cover – both remnant and likely re-vegetation;
- Relationship to surrounding development.

Based on these considerations the strategic Bushfire Hazard Assessment for Lot 7 Hawke Avenue, Wundowie is a combination ranging from Low to Extreme. The hazard ratings for the adjoining properties are also a combination of hazard ratings from Low to Extreme (Figure 5).

3.3 Bushfire Attack Level (BAL)

The methodology rates bushfire attack using a combination of vegetation type, slope and distance from the building or building envelope to the predominant vegetation. In Western Australia it assumes a Forest Fire Danger Index (FFDI) of 80. The BAL assessment involves the following process in accordance with the Australian Standard- *Construction of Buildings in Bush Fire Prone Areas (AS 3959 – 2009)* (Method 1);

- Determination of the area to be assessed
- Identification of vegetation type and class
- Determination of distance of the site from classified vegetation
- Determination of average slope (under the classified vegetation)
- Determination of a BAL
- Determination of construction standards

AS 3959 – 2009 has six categories of BAL. These categories are based on heat flux exposure thresholds as illustrated below. Where there is a risk of ember attack, the lowest BAL will be 12.5.

3.4 Bushfire Hazard Management

Future dwellings are to be located in areas with an appropriate BAL and to minimize the impact on the environment. The minimum BAL will be 12.5 and the maximum BAL allowable will be BAL 29. Vegetation may require removal where appropriate.

Should lands surrounding the subject site be developed in the future the BAL rating to the subject site may be reduced. A detailed BAL assessment will be required prior to the building design and construction phase for any future dwellings on the proposed site.

4 Fire Protection Performance Criteria

The site will be required to meet the Performance Criteria for Extreme Hazard, taking into consideration the following as per the Planning for Bushfire Protection Guidelines, 2010;

- Location (P1)
- Vehicular access (P2)
- Water (P3)
- Siting of development (P4)
- Design of development (P5)

4.1 Location (P1)

The subdivision is located in an area where the bush fire hazard level is manageable.

4.1.1 Development Location

The site sits within a Rural Residential setting. The Lot is located in a Low to Extreme bushfire hazard area. Any future construction on the site will be required to comply with the BAL construction requirements and vegetation separations as detailed in Table 3 of this Report.

4.2 Vehicular Access (P2)

The internal layout, design and construction of public and private vehicular access in the subdivision allows emergency and other vehicles to move through it safely at all times.

4.2.1 Two Access Routes

Access to the development site is provided via Hawke Avenue to the west. Hawke Avenue provides two access routes (north and south).

4.2.2 Public Roads

Not applicable.

4.2.3 Cul-de-sacs

Not applicable.

SHIRE OF NORTHAM

4.2.4 Battle Axes

Not applicable.

4.2.5 Private Driveways

Private driveways will be required to comply with performance criteria outlined in Planning for Bushfire Protection Guidelines, 2nd edition.

4.2.6 Emergency Access Ways

Not applicable.

4.2.7 Firebreak Widths

To minimise the potential impact of a bushfire on structures and to enable bushfire suppression capability, the following measures will be implemented;

1. A strategic firebreak will be installed and maintained on the perimeter of all Lots.
2. All Lots shall comply with the Shire of Northam Firebreak Order as applicable to the subdivision.

4.3 Water (P3)

The development is provided with a permanent and secure water supply that is sufficient for firefighting purposes.

4.3.1 Reticulated Areas

A reticulated water supply is available in the area of the subject site and hydrants will be installed for the location within minimum distance requirements. In Rural Residential areas where the minimum site area per dwelling is 10,000m² (1ha), a maximum of 400 metre hydrant spacing is required.

4.3.2 Non-Reticulated Areas

Not applicable.

4.3.3 Non-Reticulated Areas- Dams

Not applicable.

SHIRE OF NORTHAM
MINUTES

4.4 Siting of Development (P4)

The siting (including paths and landscaping) of the development minimises the bushfire risk to life and property.

4.4.1 Hazard Separation-Moderate to Extreme Bushfire Hazard Level

Refer to Section 3.4 for acceptable solution.

4.4.2 Hazard Separation-Low Bushfire Hazard Level

Refer to Section 3.4 for acceptable solution.

4.4.3 Reduction in Bushfire Attack Level Due to Shielding

Not applicable.

4.5 Design of Development (P5)

The design of the development is appropriate to the level of bush fire hazard that applies to the development site.

4.5.1 Compliant Development

The proposed subdivision will meet the requirements of the Shire of Northam and the Planning for Bushfire Protection Guidelines 2nd Edition. This will ensure the bushfire hazard level is kept as low as feasible on existing and future dwellings on the site.

4.5.2 Non-Compliant Development

Not applicable.

6.1 Property Owner's Responsibilities

A Bushfire Management Plan will require owners/occupiers of the site or Lots to be responsible for undertaking, complying with and implementing measures protecting their own assets from the threat and risk of bush fire.

6.2 Developer's Responsibilities

Prior to development approval by the Shire of Northam, the developer shall be required to carry out works to comply with requirements set out in a Bushfire Management Plan.

6.3 Builders Responsibility

Future structures must comply with Construction Standards as set out in Bushfire Management Plan (may require detailed BAL assessment prior to design and construction).

6.4 Shire of Northam Responsibilities

The responsibility for compliance with the law rests with individual property owners. The Shire of Northam shall be responsible for:

- Developing and maintaining district firefighting facilities.

PURPOSE

To re consider with further information the request, as attached from Share and Care Community Services Group to permit gardening service contractors engaged by them to dispose of waste at the Old Quarry Road Waste Disposal facility free of charge.

BACKGROUND

As was presented to Council at their ordinary meeting on 11 August 2015, the Shire has received a request from Share and Care Community Services Group requesting

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

authorisation to allow their contractors to utilise the Old Quarry Road landfill site under the Share and Care account.

A search of Council's records has indicated that in fact Share and Care have not paid tipping fees since at least 2000, therefore their request is for the Shire to also permit their commercial contractors to tip free of charge when they are undertaking work for Share and Care.

Although there does not appear to be a formal agreement with Share and Care regarding free tipping it is thought that this arrangement may have been permitted many years ago due to the nature of Northam Share and Care's work in the community.

Share and Care Community Services Group is a not for profit organisation funded by Commonwealth and State Government and Lotterywest. First established in 1975 it has 80 paid employees and 4 volunteers.

The group utilise the Old Quarry Road Waste Management Facility for depositing waste from their Home and Community Care Program. The program offers basic gardening, cleaning and home maintenance services for people with disabilities and the elderly that have been independently assessed by the HACC - Regional Assessment Service as being unable to undertake these activities themselves.

At Council's Ordinary Meeting on the 11 August 2015 the following Officer's Recommendation was made.

That Council:

- 1. Does not permit any not-for-profit government funded organisations, their commercial contractors or any community organisations to dispose free of charge at the Councils Waste Management facilities due to the high costs associated with the management of a landfill facility; and*
- 2. Advise Share and Care Community services of the above resolution and request staff to work with the organisation to utilise the free bulk bin services for the Northam townsite.*

A second motion was then made by Councillor Hughes and seconded by Councillor Ramjantsev

That Council:

Permits certified contractors, on the days they wholly work for Government funded not - for - profit Organisation, being limited to Northam Share and Care, Northam Silver Chain and Northam Avon Youth to dispose of rubbish and green waste, collected from clients of the above Organisations, free of charge, at the Shire Waste Management Facilities.

CONFORMITY WITH THE STRATEGIC COMMUNITY PLAN / CORPORATE PLAN

OBJECTIVE C 1: Create an environment that provides from a growing, caring and health community.

STRATEGY C 1.5: Facilitate provision of services for aged persons and people with disabilities.

FINANCIAL IMPLICATIONS

The loss of income resulting from Share and Care not paying tipping charges has been in the vicinity of \$7,500 per annum over the last 5 years. This amount will increase if commercial contractors hired by Share and Care are permitted to tip free of charge and it will be further compounded by other not-for-profit government funded organisations who may also have a claim.

From analysis of weighbridge readings of waste deposited by Share and Care the following indicates revenue not collected from the last 5 year financial year periods:

OFFICER'S COMMENT

This report is being represented to Council as further information has been requested by Council to determine whether discounting tip fees to the Share and Care Community Services Group will impact on their current services to the Shire of Northam community.

It has been determined from discussions with a previous Share and Care Staff member that the garden maintenance program undertaken by Share and Care would not be affected should the Shire of Northam require Share and Care to pay their required tip fees.

This is due to the fact that the home maintenance program which is utilised by Home and Community Care (HACC) clients must be full or partial pensioners. Similarly the same home maintenance program is available to a mental health funded program which is funded by the Federal Government.

Under the HACC funding policies, organisations such as Share and Care are only permitted to charge clients a maximum of \$8.00 per hour per assistant. If the client or client's partner have an income of more than \$50,000 for individuals and \$80,000 for couples then they are required to pay a slightly higher premium depending on what tier of income they fall into.

Therefore whether or not the Shire of Northam charge Share and Care Community Services tip fees, will not impact their services or cost to community members. The HACC home maintenance service including any tip fees from gardening is in other Local Governments funded entirely by the State Government of Western Australia's Health Department and the Federal Government for Mental Health program clients.

If there is a discrepancy in the funding provided by the State and Federal Governments to provide these programs in the Shire of Northam, it is noted that Share and Care would only need to put in a request to the funding body have their funding increased to cover the tip fees.

Further to the above, it should be mentioned that further Shire subsidy for this program means that Shire of Northam ratepayers would, in effect, be subsidising a program that is intended to be fully funded by state and federal taxes.

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

With regard to the Shire of Northam waving tip fees for other non for profit groups, this could be seen as anti-competitive behaviour by giving one business an advantage over other businesses. Waiving tipping fees for other non for profit businesses would essentially give these an advantage for winning contracts and tenders over other businesses.

As previously mentioned in the last report these tip fees are essential in minimising the cost of Waste Management to the Shire of Northam ratepayers and contribute to the management of the landfill sites, rehabilitation requirements, future upgrades and future waste cell expansions.

Given the above comments it is staff's recommendation that all disposals at Council's landfill facilities should attract the prescribed fees.

Policy:	<i>Planning & Development Act 2005 Shire of Northam Local Planning Scheme No.6 Planning and Development (Local Planning Schemes) Regulations 2015</i>
Voting:	Simple Majority
Date:	4 November 2015

PURPOSE

For Council to adopt for advertising Draft Shire of Northam Local Planning Policy No.19 '*Residential Design Guidelines for the Rural Residential and Rural Smallholding Zones*'.

BACKGROUND

Context

The *Planning and Development (Local Planning Schemes) Regulations 2015* (the new Regulations) were gazetted on 25 August 2015 and took effect on Monday, 19th October 2015, replacing the *Town Planning Regulations 1967*.

The new Regulations are a major part of Western Australia's planning reform agenda, affecting arrangements for local planning strategies, local planning schemes and scheme amendments.

In addition to a Model Scheme Text, the new Regulations also introduced a set of deemed provisions* that now forms part of every local planning scheme in the State.

The deemed provisions introduce uniform processes and procedures to local planning schemes that cannot be altered, varied or excluded.

The deemed provisions also replace, among other things, Part 8 'Development of Land' of Council's Local Planning Scheme No. 6 (LPS6) in its entirety.

Prior to 19th October 2015, the now 'redundant' Part 8, clause 8.2 of LPS6 was used to determine whether proposed development of a certain type and class was exempted from the requirement to apply for planning approval or not. Under clause

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

8.2(b), the erection on a lot of a single house (including any extension, ancillary outbuildings and swimming pools) was a type and class of development that did not require the planning approval of the local government.

However, under clause 61, Part 7 of Schedule 2 of the new Regulations, development approval of the local government is not required for the erection or extension of a single house on a lot only if the Residential Design Codes (R-Codes) apply to the development and the development satisfies the deemed-to-comply requirements of the R-Codes.

Because the R-Codes don't apply to the erection of single houses in the Rural, Rural Residential and Rural Smallholding zones of LPS6, it is considered the erection of single houses in those zones now, under the new Regulations, require Council's prior development approval.

Purpose

For consistency purposes and in the interest of orderly and proper planning, Council's Planning department considers it prudent that Council prepare a Local Planning Policy with a fixed set of design guideline principles that seeks to achieve both sustainable housing design and high quality aesthetics for single houses in the Rural Residential and Rural Smallholding Zones of the Shire.

Objectives of the Policy

The primary objectives of this Policy are to:

- Achieve a level of integration and consistency with the surrounding landscape and environment in architectural design;
- Ensure appropriate standards of amenity for all dwellings;
- Protect the amenity of adjoining properties; and
- To provide a procedure for considering variations to building envelopes.

The proposed draft Policy is included in **Attachment 1**.

STATUTORY REQUIREMENTS

Statutory basis for preparation of local planning policies

Local Planning Policies are provided for in Part 2, Division 2, Clause 3 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* ('the Regulations'). Clause 3(1) states that a local government may prepare a local planning policy in respect of any matter relating to the planning and development of the Scheme area.

In accordance with clause 3(2) of the Regulations a local planning policy –

- (a) may apply generally or in respect of a particular class or classes of matters specified in the policy; and

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

(b) may apply to the whole of the Scheme area or to part or parts of the Scheme area specified in the policy.

In accordance with clause 3(3) of the Regulations a local planning policy must be based on sound town planning principles and may address either strategic or operational considerations in relation to the matters to which the policy applies.

Clause 3(4) of the Regulations gives the local government the ability to amend or repeal a local planning policy and clause 3(5) determines that the local government must have regard to each local planning policy to the extent that the policy is consistent with the Scheme.

Procedure for making local planning policy

If a local government resolves to prepare a local planning policy, the local government must follow the procedure under clause 4(1) up to and including clause 4(6) of the Regulations as follows:

“(1) If the local government resolves to prepare a local planning policy the local government must, unless the Commission otherwise agrees, advertise the proposed policy as follows —

(a) publish a notice of the proposed policy in a newspaper circulating in the Scheme area, giving details of —

(i) the subject and nature of the proposed policy; and

(ii) the objectives of the proposed policy; and

(iii) where the proposed policy may be inspected; and

(iv) to whom, in what form and during what period submissions in relation to the proposed policy may be made;

(b) if, in the opinion of the local government, the policy is inconsistent with any State planning policy, give notice of the proposed policy to the Commission;

(c) give notice of the proposed policy in any other way and carry out any other consultation the local government considers appropriate.

(2) The period for making submissions in relation to a local planning policy must not be less than a period of 21 days commencing on the day on which the notice of the policy is published under subclause (1)(a).

(3) After the expiry of the period within which submissions may be made, the local government must —

(a) review the proposed policy in the light of any submissions made; and

(b) resolve to —

(i) proceed with the policy without modification; or

(ii) proceed with the policy with modification; or

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

(iii) not to proceed with the policy.

- (4) *If the local government resolves to proceed with the policy, the local government must publish notice of the policy in a newspaper circulating in the Scheme area.*
- (5) *A policy has effect on publication of a notice under subclause (4).*
- (6) *The local government —*
- (a) must ensure that an up-to-date copy of each local planning policy made under this Scheme is kept and made available for public inspection during business hours at the offices of the local government; and*
 - (b) may publish a copy of each of those local planning policies on the website of the local government.”*

Should Council resolve to adopt the draft Policy for advertising, subclause 4(1)(a) will be undertaken in late November and early December 2015, with the matter returned to Council for consideration of subclause 4(3) of the Regulations at the December 2015 Ordinary Meeting.

OFFICER'S COMMENT

This Policy is designed to work in conjunction the following Local Planning Policies:

- Local Planning Policy No.1 'Outbuildings';
- Local Planning Policy No.2 'Site Construction, General Development and Subdivision Guidelines';
- Local Planning Policy No.3 'New Transportable, Relocated and Second Hand Dwellings';
- Local Planning Policy No.5 'Use of Sea Containers & Other Similar Storage Structures'; and
- Local Planning Policy No.13 'Ancillary Accommodation'.

This Policy has been designed to provide a set of design guidelines to ensure appropriate standards of residential development are achieved for the Rural Residential and Rural Smallholding Zones in the Scheme.

SHIRE OF NORTHAM

LOCAL PLANNING SCHEME NO.6
LOCAL PLANNING POLICY NO.19 –
RESIDENTIAL DESIGN GUIDELINES FOR THE
RURAL RESIDENTIAL AND RURAL
SMALLHOLDING ZONES

1. PRELIMINARY

1.1 Authority to prepare and adopt a Local Planning Policy

Schedule 2, Part 2, clause 3(1) of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations) allows Council to prepare a Local Planning Policy in respect of any matter related to the planning and development of the Shire's Local Planning Scheme No.6 (the Scheme) area.

This policy will be made effective once Council has completed the process stipulated in clause 4(1) up to and including clause 4(4) of the Regulations.

1.2 Relationship of this Policy to the Scheme

If a provision of this Policy is inconsistent with the Scheme, the Scheme prevails.

This Local Planning Policy is not part of the Scheme and does not bind Council in respect of any application for planning approval. However, Council shall have due regard to the provisions of the Policy and the objectives which the Policy is designed to achieve before making its determination.

2. APPLICATION OF THE POLICY

2.1 Purpose

The purpose of this Local Planning Policy is to provide design guidelines that achieve both sustainable housing design and high quality aesthetics within the Rural Residential and Rural Smallholding Zones as identified by the Scheme.

2.2 Application

This Policy applies to new housing in the Rural Residential and Rural Smallholding Zones as identified by the Scheme.

2.3 Exemptions

This Policy does not affect new housing outside of the Rural Residential and Rural Smallholding Zones as identified by the Scheme.

2.4 Relationship of this Policy to other Local Planning Policies

This Policy is to be read in conjunction with the following Local Planning Policies:

- Local Planning Policy No.1 'Outbuildings';
- Local Planning Policy No.2 'Site Construction, General Development and Subdivision Guidelines';
- Local Planning Policy No.3 'New Transportable, Relocated and Second Hand Dwellings';
- Local Planning Policy No.5 'Use of Sea Containers & Other Similar Storage Structures'; and
- Local Planning Policy No.13 'Ancillary Accommodation'.

3. POLICY OBJECTIVES

The primary objectives of this Policy are to:

1. Achieve a level of integration and consistency with the surrounding landscape and environment in architectural design;
2. Ensure appropriate standards of amenity for all dwellings;
3. Protect the amenity of adjoining properties; and
4. Provide a procedure for considering variations to building envelopes.

4. APPROVAL REQUIREMENTS

4.1 Delegated Development Approval

The Regulations require all development (works and use) in the Rural Residential and Rural Smallholding Zones to obtain Development Approval. Where a single house is proposed that meets the requirements of this Policy, it will be granted Development Approval by Council's Chief Executive Officer or Council's Executive Manager Development Services under Delegated Authority from Council.

An Application for Development Approval is required to be lodged in accordance with Council's requirements and the scheduled fee paid.

Council's Chief Executive Officer or the Executive Manager Development Services may place conditions on the approval to ensure relevant provisions of this Policy are met by the development.

Approval of the Development Approval application will be required prior to issue of a Building Permit and on-site works commencing.

4.2 Full Council Development Approval required for all other proposals

Where a single house is proposed that does not meet one or more requirements of this Policy, the application will require the approval of full

Council. An Application for Development Approval is required to be lodged in accordance with Council's requirements and the scheduled fee paid. A written justification of the variation to the Policy sought is required to be lodged for consideration together with the Application.

Council will take into account the likely impact on the amenity of the locality and adjoining properties when considering granting approval to a development that varies a provision of this Policy. Where Council considers the proposed variation will adversely impact on the amenity of the locality and adjoining properties, it may place conditions on the approval to ensure the development complies with this Policy or refuse the application outright.

Approval of the application by full Council will be required prior to issue of a Building Permit and on-site works commencing.

4.3 Need for a Building Permit

A **Building Permit is required to be sought and issued for any structures prior to on-site works commencing.** Building Permit fees and levies are payable in accordance with the current Shire of Northam Fees and Charges.

4.4 Variations to Building Envelopes

In some Zone Areas the Scheme requires Building Envelopes (or building exclusion areas) to be approved for each property. In most cases, the envelopes were identified and approved at the subdivision stage.

Clause 5.30.7 of the Scheme allows Council to vary a previously approved building envelope where the relocated envelope will not be detrimental to the residential amenity and landscape and/or environmental qualities of the land and other adjoining properties.

Should a property owner require the approved building envelope to be varied, Council's approval is required prior to issue of a Building Permit.

4.4.1 Variation Procedure

Council will use the following procedure to consider Applications for Building Envelope Variation:

1. The Application is to be in the form as prescribed in *Schedule 1* of this Policy;
2. The completed form is to be lodged with Council together with two (2) copies of a scaled site plan for the property showing the location of existing (approved) and proposed building envelopes;
3. The plan is to show dimensions of the property, building envelopes and distances between the proposed envelope and property boundaries. Where known, the location of proposed buildings inside the envelope is to be shown;
4. Council will consider the impact of the Building Envelope Variation against the criteria contained in section 5.1 of this Policy as well as the following criteria:
 - The modified building envelope has regard to the placement of a dwelling and outbuildings on a lot relative to adjoining lots and buildings contained thereon (for the purpose of maintaining separation and protection of amenity in a rural setting);

- the area of the modified building envelope is similar in size to the original building envelope; and
- the modified building envelope accords with the setback distances prescribed in *Table 2: Site and Development Requirements Table* of the Scheme.

5. Council's determination of the application will be made in the form as Prescribed in *Schedule 2* of this Policy.

5. DEVELOPMENT GUIDELINES

5.1 House Orientation and Location

Siting of a house on a lot should demonstrate the following:

- Location within the approved building envelope for the property (where required by the Scheme for a particular Zone Area);
- Orientation of the house so that it maximises northern light into living areas;
- Providing adequate cross ventilation from summer breezes;
- Maximising enjoyment of views to inland ranges;
- Avoid, where practicable, blocking of the views or potential views of surrounding properties;
- Minimise the removal of vegetation and significant trees on the property;
- Minimising the overlooking and loss of privacy into adjoining properties by utilising existing vegetation as a buffer or by increased boundary setbacks.

5.2 Setbacks

Minimum setbacks to property boundaries are as stipulated for the relevant Zone Area contained in *Table 2: Site and Development Requirements Table* of the Scheme.

Notwithstanding the minima applicable, a house should be sited to achieve the requirements of section 5.1 of this Policy.

5.3 Materials and Colours

The materials and colours used on exterior surfaces of all buildings are to blend in with the surrounding landscape and environment.

The use of 'Zincalume' roof sheeting is permitted, however, care must be taken to ensure the location of the house and the roof pitch used does not produce a glare nuisance to surrounding properties or passing traffic.

5.4 Streetscape

In order to achieve an attractive streetscape that is in keeping with the surrounding rural landscape, all houses are to provide verandahs, porches, porticos or other architectural relief on the elevations that are viewed from the street.

5.5 Private Open Space

Each house is to be provided with a private open space area that meets the following criteria:

- Located behind the house and screened from public view from the street;
- Directly accessible from a habitable room, such as a living room or dining room; and
- Provides sufficient space for utilities, such as clothes drying, in a location that maximises winter sun access and screened from public view.

Private open space areas can incorporate covered outdoor living areas, such as patios, pergolas and verandahs.

5.6 Fencing

Boundary fencing, where permitted by the Scheme for a particular Zone Area, is to be standard 5-strand 'Ringlock' type farm fencing with steel pickets and timber or steel strainer posts as a minimum specification. The use of barbed wire is not permitted.

Solid panel fencing is not permissible on property boundaries.

Solid panel fencing around private areas of the house and immediate yard is permitted. Fencing between the house and the street is to be visually permeable (i.e. not solid panels) so as not to detract from the streetscape and to allow surveillance of the street and approaches to the house.

5.7 Driveways

Driveways are to meet the following criteria:

- Constructed to a standard that allows for wet weather access;
- A minimum width of 3.0m;
- Allow for both entry to and exit from the property in forward gear;
- Located to minimise the impact on vegetation and to avoid removal of significant trees;
- Located to ensure noise and dust generated by traffic on the driveway does not adversely affect neighbouring properties;
- Verge crossover to be constructed to the specification of Council, including the use of pipe culverts if required to facilitate road drainage; and
- One (1) driveway access is permitted per property.

5.8 Car Parking

A car parking area is to be provided for each house. This area is to be a gravel hardstand area in close proximity to an entry to the dwelling as a minimum standard.

Garages and carports attached to the house are to be constructed of the same materials and colours as the main dwelling.

The construction of detached carports and garages is to comply with Council's Local Planning Policy No.1 'Outbuildings'.

5.9 Rural Street Numbers

To assist emergency services and service providers, it is recommended that the formal property street address be prominently displayed at the front of the property. Property street addresses are not the Lot Number for the property and can be obtained by contacting the Shire of Northam.

5.10 New Transportable and Relocated Second-hand Dwellings

The relocation and use of Second-hand Dwellings is controlled by Local Planning Policy No.3 'New Transportable, Relocated and Second Hand Dwellings'.

All relevant provisions of this Policy are to be read in conjunction with Local Planning Policy No.3.

5.11 Outbuildings

The development of outbuildings on a property in a particular Zone Area is controlled by Local Planning Policy No.1 'Outbuildings'.

5.12 Ancillary Accommodation

Ancillary accommodation, sometimes known as a "granny flat", may be permitted by Council, subject to Development Approval. Ancillary accommodation is to meet the following criteria in order to be considered for approval:

- The ancillary accommodation can be attached or independent from a single dwelling located on the same lot;
- The ancillary dwelling is a maximum of 120m² in floor area, excluding verandahs, patios, carports and similar non-enclosed areas in the Rural Residential zone;
- The ancillary dwelling is a maximum of 150m² in floor area, excluding verandahs, patios, carports and similar non-enclosed areas in the Rural Small Holding zone;
- The ancillary dwelling is appropriately located within the approved building envelope for the property (where one exists);
- The ancillary dwelling is to be located within 20m to the main dwelling;
- The ancillary dwelling shares the same driveway as the main dwelling; and
- Materials and colours used on external walls and roof complement the main dwelling.

5.13 Structures located in bushfire-prone areas

Dwellings including ancillary accommodation units located in identified bushfire-prone areas shall be constructed to AS3959.

An application for development approval within an identified bushfire-prone area must be accompanied by a bushfire attack level assessment, which informs how development must respond to bushfire risk.

6. RATING INFORMATION (Continued)

All land except exempt land in the Shire of Northam is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2015/16 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

File Ref:	A13091
Officer:	Cheryl Greenough
Officer Interest:	N/A
Policy:	B 7.11 Management of Council Property Leases
Voting:	Simple Majority
Date:	5 November 2015

PURPOSE

To request Council's approval to write off fees incorrectly charged to the Avon Tee-Ball Association after they had ceased using the grounds.

BACKGROUND

The Avon Tee-Ball Association were using the clubrooms in conjunction with two other clubs, the Avon Hockey Association and the Northam Cricket Association with Tee-ball responsible for 15% of the outgoings. At the end of 2013, the Association discontinued meetings due to a drop in numbers.

They have not been an active club since December 2013 and the lease agreement expired in 2015 without the Association taking the option to renew.

STATUTORY IMPACTS

Section 6.12 of the Local Government Act 1995 provides that Council may resolve to write off any amount of money as a debt, which is owned to the Local Government.

6.12. Power to defer, grant discounts, waive or write off debts

- (1) *Subject to subsection (2) and any other written law, a local government may —*

FINANCIAL IMPLICATIONS

As the Shire has already paid the insurance there will not be any other financial implications.

OFFICER'S COMMENT

As the Shire Policy is explicit in relation to Not-for-Profit organisations, it is this officer's recommendation that the Council approve writing off the fee.

RECOMMENDATION

Minute No: C.2582

Moved: Cr Hughes
Seconded Cr Little

That Council, authorise the Chief Executive Officer to write off the amount of \$542.85 which has been incorrectly invoiced to the Avon Tee Ball Association.

Date:	5 October 2015

PURPOSE

For Council to consider writing off the outstanding charges for debtors R73. A Killara Client experiencing Financial Hardship.

BACKGROUND

Debtor R73, has an invoice which has not been paid dating back to March 2015 for Killara accounts.

DEBTOR NUMBER	INVOICE NUMBER	AMOUNT \$	DESCRIPTION	DATE
R73	14509	817.80	Killara Fees	9/4/15

Debtor R73 -The Killara Client is in hospital in a long term arrangement and we have been advised by Share & Care Community Services Group Inc. Financial Counselling Service that he is experiencing genuine financial hardship and is on Disability Pension.

As Delegated Authority only allows the CEO to write off debts under \$500.00, Council approval is sought to have the debt written off.

STATUTORY IMPACTS

Section 6.12 of the Local Government Act 1995 provides that Council may resolve to write off any amount of money as a debt, which is owned to the Local Government.

2. Skipper Trucks
3. Truck Centre WA
4. WA Hino
5. Daimler Trucks.
6. Westrac

SHIRE OF NORTHAM
MINUTES
ORDINARY COUNCIL MEETING HELD ON 18 NOVEMBER 2015

These submissions were assessed against the following pre-determined criteria's:

Compliance Criteria

- Compliance with the conditions in the request;
- Compliance with Specification;
- Financial capacity to perform the works;
- Intent to Sub-Contract;
- Declare any conflict of interest;
- Quality assurance;
- Occupational Health and Safety requirements;
- Insurance coverage;

Qualitative Criteria (Scored)

- Pricing 75%
- Quality 10%
- Timeliness of Delivery 15%

The assessment determined that Westrac's submission was late and therefore non-compliant. All other tenders have been accepted and assessed as per the Qualitative Criteria by 4 panel members. Daimler Trucks was only 1 of 2 submissions for a manual truck, preferred by the operators while tipping and spreading gravel at construction sites.

RECOMMENDATION / COUNCIL DECISION

RECOMMENDATION FOR AWARD

Giving consideration that all Evaluation Criteria being marginal in difference with exception of Pricing, it is recommended Daimler Trucks Perth is awarded this Tender on the basis of having best value for money offered to the Principal. Daimler Trucks was only 1 of 2 submissions for a manual truck, preferred by the operators while tipping and spreading gravel at construction sites.
