Agenda

Ordinary Council Meeting

18 October 2023

NOTICE PAPER
Ordinary Council Meeting
18 October 2023

President and Councillors

I inform you that an Ordinary Council Meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 18 October 2023 at 5:30 pm.

There was a Forum meeting held in the Council Chambers on 11 October 2023 at 5:30pm to discuss the contents of this agenda.

Yours faithfully

Chadd Hunt
Temporary Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

4 DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in clause 22 of the Local Government (Model Code of Conduct) Regulations 2021, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

Operational Matters:

With the upcoming local government elections, there will be changes to way the Shire of Northam Council is made up. The numbers of Councillors will be reducing from 10 to 9, the number of wards will be changing from 4 to 3, and the Shire President is now elected by the community. Good luck to all candidates in this upcoming election.

With the pending election, two of our Councillors have decided not to renominate and will be retiring from Council.

Councillor Rob Tinetti has decided to retire after 20 years on Council, spanning across the Town of Northam, then the Shire of Northam following the Council merger. Cr Tinetti has provided so much experience and knowledge across many years of service to our local community. Thank you for your continued words of wisdom. Your presence will be missed.

Councillor Dave Galloway from the West Ward has chosen not to renominate following the changes in the ward structure and following a fantastic term as representative from Wundowie. Cr Galloway has always supported every group and committee as the Shire of Northam's representative and has been a continued voice of reason. Thank you for your service.

Events Calendar:

Following the major national and international events hosted by or within the Shire of Northam, more successful community led events have been held.

An example is the Northam Districts Motor Cycle Club Final Round of the 2023 WA Smarter than Smoking State MX and ATV Championship. Not only is the

group hosting a state event this year, but they are also hosting the Australian National Titles in 2024.

Condolences:

On behalf of the Shire of Northam, my condolences are extended to the family of past Shire President and Councillor, Bert Llewellyn. Bert Llewellyn dedicated 46 years of his life in service to the Shire, serving as a Councillor from 1969 to 2007 on the prior Shire of Northam Council, whilst being Shire President from 2001 to 2007, then serving as a Councillor on the merged Shire of Northam Council from 2007 to 2015. Bert Llewellyn was recognised in 2004 for the years of dedicated service by being honoured as a Freeman of the Shire.

4 DISCLOSURE OF INTEREST

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in clause 22 of the Local Government (Model Code of Conduct) Regulations 2021, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

13 OFFICERS REPORTS

13.1 CEO'S OFFICE

13.1.1 RESERVE 3203 – CHANGE OF PURPOSE REQUEST

Clarification was sought in relation to:

- Where exactly is the reserve and who used it when it was a quarry?

The Temporary Chief Executive Officer advised that the reserve is located on Jennapullin Rd, North of the Grass Vally town site. It was noted that the reserve has not been used for a number of years, but it is believed that it was used by the Shire when in use as a rubbish site.

- Does anyone else have responsibility for the reserve?

The Temporary Chief Executive Officer advised that no one else has responsibility as it belongs to the Shire.

- How big is the area?

The Temporary Chief Executive Officer advised that it is approx. 20 hectares.

- It was requested that the address be added to the report and the area map be zoomed out to show the surrounding area. These changes will be made prior to the Ordinary Council Meeting.

- Who will undertake the rehabilitation of the area?

Council Forum Meeting Notes
11 October 2023

The Temporary Chief Executive Officer advised that the Shire would be responsible for the rehabilitation work, either staff or a contractor would be brought in. It was also notes that the rehabilitation work will have to be part of the cost of completing the roads.

The Executive Manager Engineering Services clarified that the reports that are created prior to the work must show the exact locations of the proposed roadworks and how many trees will be removed, this is to reduce the number of trees affected during projects. Currently the entire project is looking at the removal of approx. 30 trees.

- Are there any known community users of this area?

The Temporary Chief Executive Officer advised that the area has been fenced off and unused for many years.

Cr H J Appleton declared an "Impartiality" interest in item 13.1.2 – RFT 04 of 2023 – Disposal of a Portion of Killara Adult Day Care and Respite Centre, 2 Burgoyne Street, as the reporting Officer is known to Cr Appleton.

13.1.2 RFT 04 OF 2023 – DISPOSAL OF A PORTION OF KILLARA ADULT DAY CARE AND RESPITE CENTRE, 2 BURGOYNE STREET, NORTHAM

Clarification was sought in relation to:

- The installation of the site access security system, is this quote for the entire premises?

The Temporary Chief Executive Officer advised that this is correct. The current system has become obsolete.

- Will a portion of the cost of installation be refunded by Essential Personnel?

The Temporary Chief Executive Officer advised that no refund will be requested as we would need to replace the system anyway.

- Has any of the furniture in cottage 2 been used?

The Temporary Chief Executive Officer advised that the furniture has been there for 10 years but has had minimal use.

Council Forum Meeting Notes

13.2 ENGINEERING SERVICES

Nil.

13.3 DEVELOPMENT SERVICES

Cr L C Biglin declared an "Impartiality" interest in item 13.3.1 – Proposed Scheme Amendment 19 – 264 Chedaring Rd, Wundowie, as the applicant is known to Cr Biglin.

13.3.1 PROPOSED SCHEME AMENDMENT 19 – 264 CHEDARING RD, WUNDOWIE

Clarification was sought in relation to:

- Will there be strict subdivision requirements to do hydrological surveys prior to progressing?

The Temporary Chief Executive Officer advised that this is just the first step and will follow the procedures and processes.

- Is there already a small subdivision in this area?

The Temporary Chief Executive Officer advised that there was to allow for a boundary realignment.

The Acting Executive Manager Development Services advised that the current regulations allow for boundaries to be rearranges, so long at the lot does not change.

- Is this property affected by the Aboriginal Cultural Heritage Act?

The Acting Executive Manager Development Services advised that it is the responsibility of the applicant to satisfy the requirements of the Aboriginal Cultural Heritage Act.

- One of the smaller lots is across the Shire of Mundaring boarder, would our policy affect them?

The Temporary Chief Executive Officer clarified that our policies will only affect those in the Shire of Northam.

- They have indicated that this is in anticipation of the occurrence of the East Link Road project, how fluid would the planning be to allow for any changes in the project?

Council Forum Meeting Notes
11 October 2023

The Acting Executive Manager Development Services advised that the applicant has been in contact with the East Link Management team regarding planning.

Cr J E G Williams declared an "Impartiality" interest in item 13.3.2 – SW Native Title Settlement – Land Base Consultation, as Cr Williams is a resident of the Carlin Valley subdivision, which this land abuts, Cr Williams & family & friends use this land for recreational purposes.

13.3.2 SW NATIVE TITLE SETTLEMENT – LAND BASE CONSULTATION

Clarification was sought in relation to:

- Has any of the land in this area been subject to requests from the department previously?

The Acting Executive Manager Development Services advised that this is a new area.

- Is the department able to provide all claims at once?

The Acting Executive Manager Development Services advised that they are not able to.

- Further clarification was provided in regards to the proposed area.
- What is the total amount of land claimed in the Shire of Northam through the Native Title Settlement?

The Acting Executive Manager Development Services advised that this would be calculated and provided prior to the Ordinary Council Meeting.

- When the land is transferred will it still remain a reserve or will the holder be able to use it for anything they want?

The Temporary Chief Executive Officer advised that the holder will still need to comply with the Shire's local planning scheme.

- Will they be responsible for fire mitigation works?

The Temporary Chief Executive Officer advised confirmed that they will if the land is transferred.

BRIEF

To assist with a planned road widening project on Jennapullin Rd, Southern Brook, Council have requested a vegetation permit from DWER. A condition of the permit being granted is for Council to establish an offset area to rehabilitate an equivalent area of vegetation that is "like for like" to reduce residual impacts associated with the road clearing.

Council have identified a suitable Reserve (3203), however, for the planned rehabilitation to go ahead, Council will need to obtain consent from the Minister to change the purpose of the Reserve.

2. Reserve 3203 - Jennapullin Road (Zoomed Out) [**13.1.1.2** - 1 page]

A. BACKGROUND / DETAILS

The Shire is currently in the planning stages of a road widening project occurring on Jennapullin Rd, Southern Brook, and as part of the application

for a permit for vegetation clearing, DWER require the Shire to provide an offset to counteract the clearing associated with the road widening.

As part of the offset the Shire would be required to rehabilitate an area of remnant vegetation that is 'like for like' to reduce the residual impacts associated with the road clearing. The area the Shire is to rehabilitate would require a formal type of protection to meet the objectives of the offset guidelines to ensure the ongoing protection of the area.

The reserve that has been identified is Reserve 3203 (**Attachments 13.1.1.1 & 13.1.2.1**). The current purpose of the reserve is 'Sand and Gravel Quarry'. The Reserve is no longer used for this purpose. The Shire is requesting Council to approve officers putting a request to the Minister for approval to change the purpose of the Reserve to 'Conservation and Recreation' to allow the above-mentioned requirements to be met.

The Assessment Number is A994, and the address listed is Lot 0 Jennapullin Road, Southern Brook.

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Unspent grant funds	Unlikely (2) x Medium (3) = Moderate 6	Ensure a suitable offset location is sourced
Health & Safety	N/A		
Reputation	Non-compliance with relevant legislation if the change in purpose of the Reserve is not obtained, causing delays in the road widening project.	Unlikely (2) x Medium (3) = Moderate (6)	Follow appropriate procedure to ensure approval is granted.
Service Interruption	N/A		
Compliance	Non-compliance with legislation. Non-compliance with DWER's requirement to offset vegetation clearing, resulting in approval not being granted for vegetation clearing.	Unlikely (2) x Medium (3) = Moderate 6	Obtain approval from the Minister to change reserve purpose.
Property	N/A		
Environment	Residual impact on environment if the vegetation clearing is not offset.	Almost Certain (5) x Medium (3) = High (15)	Obtain approval from the Minister to change reserve purpose.

B.7 Natural Environment Considerations

As per Council's plan for the future, Council must take into consideration the impact on the environment projects and activities undertaken by the Shire.

C. OFFICER'S COMMENT

The change of purpose of the reserve will protect the reserve and its vegetation from inappropriate activities. Other areas of the reserve may also be suitable for future offset requirements.

RECOMMENDATION

That Council request the Minister for Planning, Lands and Heritage to amend the purpose of Reserve **3203** from "Sand and Gravel Quarry" to "Recreation/Conservation" or similar.

3. CONFIDENTIAL REDACTED - RFT 04 of 2023 Evaluation Report [**13.1.2.3** - 4 pages]

A. BACKGROUND / DETAILS

Council resolved at its meeting held on 19th April 2023 the following -
That Council:

1. Approves the disposal of the Killara Respite Centre Cottage 2 (as marked in blue on Attachment 14.2.1) located at 2 Burgoyne Street, Northam, by way of public tender.
2. Sets the lease terms to include;
 - a. A lease term of 3 years with a 2 year renewal option.

- b. Rent: As negotiated;
 - c. The lessee is to reimburse the Shire of Northam for 50% of the expenses relating to fire equipment/smoke alarm monitoring and pest control;
 - d. The lessee is responsible for cleaning and minor maintenance of the Premises.
 - e. The Lessor being responsible for the external garden maintenance and the lessee being responsible for garden maintenance within the Premises;
 - f. The lessee is responsible for 50% of the building insurance premium. The Lessee will reimburse the Shire for any excess in respect of any claim.
 - g. The lessee is responsible for building works within the Cottage and installation of fencing between cottage 1 and cottage 2.
 - h. At the discretion of the lessor, the lessee is to reinstate, remove or do away with any additions, alterations or improvements to the Premises at the expense of the lessee upon the expiration of lease or any subsequent renewal.
 - i. All other conditions in accordance with Policy A 8.5 Property Management (Leases and Licenses).
3. Requires the public tender submissions to address the following;
 - a. Proposed annual lease.
 - b. Any capital improvement requirements and who will be responsible to fund them.
 - c. Intentions in relation to existing furniture & equipment (proposal to purchase or dispose of).
 - d. Identified need for proposed use and identified community benefit/outcome.
 - e. Any other details as considered appropriate by the Chief Executive Officer.
 4. Present the outcomes of the public tender back to Full Council for a final determination.

This item was initially considered behind closed doors at the above meeting, as the original officer recommendation which involved the proposed disposal of property via private treaty and involved a potential contract which was commercially sensitive in nature. Council however resolved to dispose of the property by a public tender process.

Following the above resolution, the proposed disposal of property was advertised as a public tender. Following the closure of the public tender process only 1 submission was received.

The submission received has been assessed against the criteria included in the above resolution and believes the uses proposed provides significant community benefit.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: People.

Outcome 2: A caring and inclusive community.

Objective 2.2: Improve support for vulnerable groups, including people who are at risk, seniors, and those with disability.

Priority Action 2.2.3: Provide increased adult day care and respite services.

Priority Action 2.2.4: Advocate for more high care nursing beds in the Shire.

B.2 Financial / Resource Implications

The public tender process has resulted in one submission being received and Council staff are recommending that the tender be awarded to that submission. The tender process included an option to lease various parts of the facility however the proposed successful tenderer only wishes to lease Cottage 2 of the facility.

It is further recommended by staff that Council enter into a lease for that portion of the Killara facility.

The proposed lease will provide additional revenue to the Shire of Northam of up to \$77,000 ex GST per annum. This is comparable to the market valuation undertaken in March 2023.

Should Council resolve to approve the lease, the following expenses would be required to be met by the Shire of Northam:

1. Installing a power, gas and water meter to separate the usage between the Shire of Northam and proposed Essential Personnel operations. A quote has been received for the power and water meter which is \$1,100 including GST for each meter.
2. Install new swipe access to separate the two cottages. The current swipe access system is no longer fit for purpose with the software being obsolete, therefore this would require upgrading irrespective of the proposed lease. A quote has been sought for these works which totals \$13,926.48 including GST.
3. Separate the nurse call bell system. Officers are in the process of obtaining quotes for the other works listed and will provide these costings to Council when available.

Essential Personnel's expenses would include:

- 1) 1. Installing a fence separating cottage one and cottage two. A quote has been received for \$27,280.00 including GST.
- 2) Renovations of the universal access wheelchair entry into a kitchen area and building of an internal wall with access doors. Essential Personnel are currently obtaining a quote for these works.

The cottage was fully furnished when the facility was constructed and contains fit for purpose equipment for a respite facility. Essential Personnel are proposing to purchase the furniture and equipment currently in the cottage. Essential Personnel would require a portion of this furniture and equipment for its proposed respite services however the portion proposed for independent living services involves residents bringing their own furniture and equipment. Council would be required to either store the equipment in the event it receives funding in the future to operate the second cottage or dispose of this equipment in accordance with the Local Government Act 1995. Essential Personnel have proposed to purchase all furniture/equipment currently contained within the cottage as part of this tender process. Council staff believe that the purchase price in the submission is fair and reasonable.

The Shire of Northam currently pays \$2,196.35 per annum as part of its insurance premium. Council's policy requires this to be reimbursed by the Lessee and as such 50% of the premium would be reimbursable to Council.

B.3 Legislative Compliance

Local Government Act 1995

3.58. Disposing of property

(1) In this section —

dispose includes to sell, lease, or otherwise dispose of, whether absolutely or not;

property includes the whole or any part of the interest of a local government in property, but does not include money.

(2) Except as stated in this section, a local government can only dispose of property to —

(a) the highest bidder at public auction; or

(b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.

Land Administration Act 1997

As the proposed lease is on a Reserve, in accordance with section 18 of the Land Administration Act 1997 approval from the Minister for Lands is required.

The reserve purpose is currently 'Respite Centre Only' and as the proposed use also includes independent living services, Council will need to apply to the Minister for Lands to change the reserve purpose to be consistent with a general care facility.

B.4 Policy Implications

A 8.5 Property Management (Leases and Licences)

1. Type of Agreement

1.1 A Lease will be entered into where the intention is to grant exclusive possession of the property or part of the property.

7. Vacant Property

7.1 Unless extenuating circumstances are deemed by the Shire to apply, the Shire will conduct an Expression of Interest (EOI) process to determine a suitable Lessee for vacant Shire Property.

C. OFFICER'S COMMENT

The proposal offers a range of benefits to the community as detailed within Essential Personnel's proposal. The proposed use of the facility for both short term accommodation (including respite) and supported independent living by Essential Personnel will provide another level of service to residents within the Shire of Northam and the region generally.

The lease and use of the Killara Cottage 2 will result in the utilisation of a facility that has been underutilised for several years and will provide an opportunity to look at synergies with the current services provided by Killara.

RECOMMENDATION

That Council:

- Award Tender 4 of 2023 Disposal of Land by Lease – A portion of Killara Adult Day Car and Respite Centre Separable Portion 3 - Lease of Killara Cottage 2 (as marked in blue on Attachment 13.1.3.1) and**

BRIEF

A request has been received to initiate a scheme amendment (No. 19) to rezone Lots 9000, 304 and 303 (pt No. 264) Chedaring Road, Wundowie from Rural to Rural Residential and Environmental Conservation.

The amendment is a 'standard' amendment in accordance with Reg. 32(2)(a) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

ATTACHMENTS

1. Wundowie Amendment - Initiation [**13.3.1.1** - 27 pages]

A. BACKGROUND / DETAILS

Background

The site is located across 3 lots and comprises a total area of 578.46ha. It is located 3.5km from the Wundowie townsite between the Great Eastern Highway and the proposed Eastlink alignment.

Previous uses of the site include agricultural education and research purposes. It contains pockets of significant vegetation (around 30%) of the site with the balance of the land cleared previously as a result of the agricultural activities.

The site is currently zoned Rural and abuts 2 established Rural Residential developments.

Details

The Local Planning Strategy (current and draft revised) identifies the land for future rural living development.

It is proposed to rezone the lots to Rural Residential and Environmental Conservation, with the latter applying to those areas containing significant vegetation to ensure that any impacts are minimised as a result of the development.

The amendment also proposes amendments to the Scheme text to enable single houses and ancillary dwellings to be included in the Zoning Table as permissible discretionary uses, which will facilitate the rural living use of the lots to be zoned Environmental Conservation together with the uses currently identified in the Zoning Table.

It is also proposed to include two new sub-clauses in clause 4.36 that applies to development in the Environmental Conservation zone to ensure that all development requires approval, and that development occurs within the designated building envelope, which also aims to manage and reduce any impacts on any significant vegetation.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: Place.

Outcome 7: Urban and rural communities are sensibly planned and developed.

Objective 7.1: Provide sufficient land and development opportunities to enable local communities to grow.

Priority Action: Nil.

Performance Area: Place.

Outcome 7: Urban and rural communities are sensibly planned and developed.

Objective 7.2: Ensure community access to safe and diverse housing options.

Priority Action: Nil.

B.2 Financial / Resource Implications

Fees and costs associated with the rezoning are the responsibility of the Applicant.

B.3 Legislative Compliance

Planning and Development (Local Planning Schemes) Regulations 2015 Section 75 of the Planning and Development Act 2005 (the Act) gives a local government the power to amend its local planning scheme. The procedure for preparing and adopting an amendment is provided for by the Planning and Development (Local Planning Schemes) Regulations 2015 (the Regulations). The process is shown in the flow chart attached to this Report (Attachment 2).

Should Council resolve to initiate the amendment (Reg. 35(1)), it must specify whether, in its opinion, the amendment is a complex, standard or basic amendment (Reg. 35(2)(a)). Council's resolution must also include an explanation of the reason for Council forming that opinion (Reg. 35(2)(b)), which is discussed in Officer's Comments below.

If initiated, the Shire is then required by section 81 of the Act to refer the amendment to the Environmental Protection Authority (EPA) for its consideration under section 48A of the Environmental Protection Act 1986. The EPA can determine to assess or not assess the proposal.

The Western Australian Planning Commission (WAPC) also needs to be notified following initiation of the amendment (Reg. 47(1)).

The amendment is then advertised in accordance with Reg. 47(3) and Reg. 76A as outlined in Consultation section. Following advertisement, submissions are considered, and the amendment is presented to Council for final adoption with or without modifications. Any significant modifications may require re-advertising.

B.4 Policy Implications

There are no policy implications for the Shire in relation to the recommendations of this Report.

B.5 Stakeholder Engagement / Consultation

The Shire will consult with relevant stakeholders and the community in accordance with Reg. 47(3) and Reg. 76A the Planning and Development (Local Planning Schemes) Regulations 2015 as a standard amendment.

Reg. 47(3) requires advertising to the public for a minimum of 42 days or longer period approved by the WAPC.

Reg. 76A requires the amendment to be made available for viewing on the Shire's website, in the Shire offices and the notice to be published in a newspaper circulating in the area.

If significant modifications are made following advertising, this amendment including modifications made, are required to be re-advertised in accordance with the above process.

B.7 Natural Environment Considerations

The Applicant recognises the environmental significance of portions of the subject site and has proposed to zone those areas Environmental Conservation and amend the Scheme text to provide additional measures to minimise any impacts and protect those areas.

C. OFFICER'S COMMENT

As the amendment is consistent with the objectives of the current (and revised) Local Planning Strategy, is unlikely to impact on surrounding land and will have no significant environmental, social, economic or governance impacts on land in the scheme area, the amendment is considered a standard amendment in accordance with Regulation 34 'Standard Amendment' of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

That Council:

1. Resolves, pursuant to Section 75 of the *Planning and Development Act 2005*, to initiate an amendment to the Shire of Northam Local Planning Scheme No.6 to:

- a. Rezone Lots 9000, 304 and 303 Chedaring Road, Wundowie from Rural to Rural Residential and Environmental Conservation and amend the scheme map accordingly.
- b. Amend Table 1: Zoning Table to include Single House and Ancillary Dwelling as a discretionary ('D') use in the Environmental Conservation zone as follows:

LAND USE	ENVIRONMENTAL CONSERVATION
Residential – Single House	D
Residential – Ancillary Dwelling	D

- c. Insert new sub-clauses in clause 4.36 – Development in the Environmental Conservation zone as follows:
 - 4.36.5 Unless otherwise approved by the local government, all buildings and on-site effluent disposal systems shall be confined to the approved building envelope. Building envelopes and associated access and servicing infrastructure are to be located in areas assessed as having the poorest quality vegetation condition in the zone.
 - 4.36.6 Development approval is required for all development within the Environmental Conservation zone.

2. Number the proposed local planning scheme amendment 'Amendment No. 19' to the Shire of Northam Local Planning Scheme No. 6.

3. The amendment is a standard amendment under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reasons:

- a. This amendment will change the zoning of the subject site from Rural zone to Rural Residential and Environmental Conservation zones to facilitate further subdivision of the land into Rural Residential homesites and bushland conservation lots.

- b. The Local Planning Strategy identifies the land to be suitable for consideration as future rural residential development, subject to structure planning and selection of appropriate lot sizes being based on land capability.**
- c. The draft Local Planning Strategy identifies this use change as a future rural living area. The amendment is consistent and therefore necessary to implement the Strategy.**
- d. The East Link Freight Road has long been proposed by the WA Government to accommodate more effective freight movement and to divert some of this volume from Great Eastern Highway. This amendment with the resulting subdivision anticipates this occurrence and will accommodate the intended access point for the proposed road and provide a suitable interface for the road corridor.**
- e. Changes are proposed to the Scheme Zoning Table to add development provisions to the Scheme allowing for the development of a Residential – Single House and Residential – Ancillary Dwelling on a lot zoned Environmental Conservation at the discretion (D) of Council, and subject to it meeting the updated development provisions contained within the amended Scheme text, including provision of building envelopes. This will enhance the capability for the conservation management of the land to be sustained by landowners into the future.**

Shire of Northam

Local Planning Scheme No.6

Amendment No.19

Rezoning of the subject site (Lot details held within the report) from Rural to Rural Residential, an amendment to the zoning table to allow a Residential – single house and Residential – Ancillary dwelling to be a ‘D’ use within the Environmental Conservation Zone with applicable development provisions.

Planning and Development Act 2005

RESOLUTION TO PREPARE AMENDMENT TO LOCAL PLANNING SCHEME

Shire of Northam Local Planning Scheme No. 6 – Amendment No. 19

Resolved that the Local Government pursuant to Section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

- a) Rezoning Lots 9000, 304 and 303 Chedaring Road, Wundowie from Rural to Rural Residential and Environmental Conservation and amend the scheme map accordingly.
- b) Amending Table 1: Zoning Table to include Single House and Ancillary Dwelling as a discretionary ('D') use in the Environmental Conservation zone as follows:

LAND USE	ENVIRONMENTAL CONSERVATION
Residential – Single House	D
Residential – Ancillary Dwelling	D

- c) Inserting new sub-clauses in clause 4.36 – Development in the Environmental Conservation zone as follows:
 - 4.36.5 Unless otherwise approved by the local government, all buildings and on-site effluent disposal systems shall be confined to the approved building envelope. Building envelopes and associated access and servicing infrastructure are to be located in areas assessed as having the poorest quality vegetation condition in the zone.
 - 4.36.6 Development approval is required for all development within the Environmental Conservation zone.

The amendment is a standard amendment under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reasons:

- This amendment will change the zoning of the subject site from Rural zone to Rural Residential and Environmental Conservation zones to facilitate further subdivision of the land into Rural Residential homesites and bushland conservation lots.
- The Local Planning Strategy identifies the land to be suitable for consideration as future rural residential development, subject to structure planning and selection of appropriate lot sizes being based on land capability.
- The draft Local Planning Strategy identifies this use change as a future rural living area. The amendment is consistent and therefore necessary to implement the Strategy.
- The East Link Freight Road has long been proposed by the WA Government to accommodate more effective freight movement and to divert some of this volume from Great Eastern Highway. This amendment with the resulting subdivision anticipates this occurrence and will accommodate the intended access point for the proposed road and provide a suitable interface for the road corridor.
- Changes are proposed to the Scheme Zoning Table to add development provisions to the Scheme allowing for the development of a Residential – Single House and Residential – Ancillary Dwelling on a lot zoned Environmental Conservation at the discretion (D) of Council, and subject to it meeting the updated development provisions contained within the amended Scheme text, including provision of building envelopes. This will enhance the capability for the conservation management of the land to be sustained by landowners into the future.

1.0 INTRODUCTION

1.1. Proposal

This report is prepared by Land Insights on behalf of the Landowner to support the request for the Shire of Northam to initiate Amendment No.19 to the Shire of Northam Local Planning Scheme No.6 (LPS6 – the Scheme).

The Scheme Amendment seeks to amend the zoning of land on Lots 9000, 303 & 304 on Chedaring Road (subject site or Site) to rezone from 'Rural' to 'Rural-Residential' and 'Environmental Conservation' over the designated portions of the subject site.

1.2. Pre-lodgement engagement.

A meeting was held with the Shire planner, Ms Jacky Jurmann on Friday the 10th of February 2023 in Northam to explain the proposal and background.

She advised the proposed scheme amendment would align with Local Planning Scheme 6, and the local planning strategy intentions for the locality including the subject site to become Rural-Residential development.

Following review by the Shire and the Department of Planning Lands and Heritage (DPLH), a proposed new local planning strategy confirms these intentions for the locality, with the subject site is earmarked for 'Rural Residential' development in that draft Local Planning Strategy.

The planner confirmed there is a demand for 'Rural Residential' lots within the Shire, and this is due to the proximity of Wundowie to Perth and to Northam, which combined with the landscape values of the area to create an appeal to people seeking an alternate lifestyle to the City but close to metropolitan and town facilities and services.

Subsequent meetings between Land Insights the Shire and the Department for Planning Lands and Heritage discussed how the zoning over the subject site can accommodate conservation of a substantial portion of remnant vegetation tin the east of the subject site.

The Environmental Conservation zone described under the Shire's LPS6 zoning table does not presently permit development of a Residential – Single House and Residential – Ancillary Dwelling (they are an 'X' use within the zone). This makes it impractical for a private landowner to accept Environmental Conservation zoning (given the infeasibility of creating private lots which do not permit even a basic level of development). The opportunity of the amendment will amend the Scheme Text and Zoning Table to allow a Residential – Single House and Residential – Ancillary Dwelling as a 'D' use within the Environmental Conservation zone. A 'D' use will allow for Council to have discretion when approving development within the zone. The amendment proposes to also add development provisions specific to the Shire's LPS6 for the Environmental Conservation zone to allow for development a single house on an Environmental Conservation lot. Council would need to have regard to provisions and to be satisfied the development design satisfactorily addresses conservation objectives and environmental considerations such as bushfire risk management. These provisions would complement the building envelopes identified on each lot by the structure plan and applied at subdivision on title.

2.0 SITE DETAILS – CERTIFICATES OF TITLE & SUBJECT LAND

2.1. Location

The site is located across 3 lots within the locality of Wundowie, in the Shire of Northam. The site comprises a total area of 578.46 hectares. It is located 3.5km from the Wundowie townsite and abuts the Great Eastern Highway to the south and the proposed Eastlink to the North.

2.2. Certificate of Titles

Table 1 below outlines the lot details of all land that form part of the request for a Scheme Amendment, as stated above these are in the process of being created through an already approved subdivision process and will be provided once they have been created. Please find the Certificate of Title at **Attachment 1**.

Lot	Deposited Plan	Volume	Folio	Area
9000	420473	4035	858	493.25ha
303	420473	4035	854	42.54ha
304	420473	4035	855	42.67ha

Table 1 – Certificate of Title

The subject site is within the Shire of Northam and is located approximately 4km southwest of the town site of Wundowie. Great Eastern Highway abuts the subject site in the south with Chedaring Road to the west and Hawke Road to the east.

The site abuts south of the proposed Eastlink regional road project (which is in the advanced planning phase at Main Roads. The reservation would require amendment to the local planning scheme).

Figure 1 – Site Location/Context

3.0 LAND USE AND FORM

3.1. Existing Site Use

The site has been previously used for agricultural education and research purposes. It contains pockets of significant remnant vegetation (around 30% of the site) with the balance of the land is cleared and used for research about cropping and experimental tree planting management. Several sheds are located over the site (for storage), a dam is in the upper northeast corner of Lot 9000.

3.2. Surrounding Land Analysis and Uses

The subject site is abutting and between two established Rural Residential development areas (to the east and southwest) and abuts small holding properties with Rural land uses. A large reserve of Crown land is present to the northwest of the site, the proposed Eastlink is to the north of the subject site and Great Eastern Highway is to the south of the subject site.

Chedaring Road runs from north to south through the subject site linking Great Eastern Highway with the disused railway reserve (proposed Eastlink route) to the north.

A portion of the landholding is identified in the draft concept plan for the locality for a future service commercial hub near the intersection of Chedaring Road off-ramp where it connects onto the proposed Eastlink. That intersection will be left in left out (LLO) only.

In terms of topography, the entire landholding slopes from an east-west ridgeline down to the north and the south of that line. This affords the site sweeping views to the northwest and the southeast.

The lower portions of the site are undulating, and the soil is mixed gravel with some clay and is freely draining towards the north and the south. There is a damp area immediately north of the goldfields pipeline.

4.0 Local Planning Framework

4.1. Shire of Northam Local Planning Scheme No.6 (LPS6)

LPS6 zones the subject site 'Rural' and Clause 3.2.8 of LPS6 outlines the objectives for the Rural zone being:

- To provide for horticulture, extensive and intensive agriculture, agroforestry, local services and industries, extractive industries and tourist uses which ensure conservation of landscape qualities in accordance with the capability of the land.
- To protect the potential of agricultural land for primary production and to preserve the landscape and character of the rural area.
- To control the fragmentation of broad-acre farming properties through the process of subdivision.
- To protect land from degradation and further loss of biodiversity by:
 - i. Minimising the clearing of remnant vegetation and encouraging the protection of existing remnant vegetation;
 - ii. Encouraging the development of and the protection of corridors of native vegetation;
 - iii. Encouraging the development of environmentally acceptable surface and sub-surface drainage works; and
 - iv. Encouraging rehabilitation of salt affected land.

Refer to **Figure 3** below showing the zoning of the subject site (delineated by the red hatched line) under LPS6.

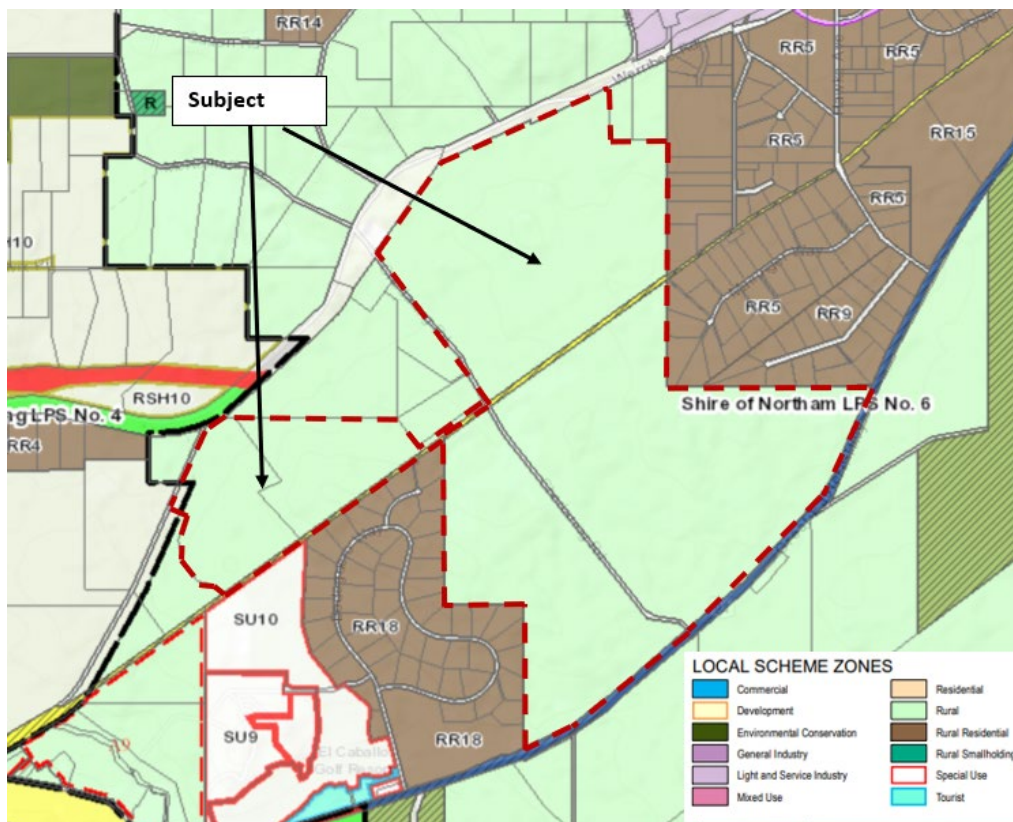

Figure 3 – Zoning - LPS6 (Source – PlanWA)

Rural Residential Zone

The intention to facilitate the further subdivision which therefore requires the Shire to amend the zoning to Rural Residential and Environmental Conservation zones. This Scheme Amendment proposes to change the zoning from 'Rural' to 'Rural Residential' and 'Environmental Conservation' zone.

The objectives of the Rural Residential zone are outlined under clause 3.2.9 of LPS6 and are:

- i. To provide for the use of land for rural living purposes in a rural setting on lots generally ranging in size from 1 to 4 hectares whilst preserving the amenity of such areas, ensuring landscape protection and conservation and controlling land use impacts.
- ii. Support a range of rural pursuits which are compatible with the capability of the land and retain the rural character and amenity of the locality.
- iii. Support a range of low impact commercial and tourist uses that are compatible with and retain character and amenity of the locality.

The proposed scheme amendment and associated structure planning for the further development of the subject site will align with the surrounding land uses and the objectives of the *Rural Residential* zone so that it will:

- i. Provide land for rural living within a rural setting and preserve the amenity of the subject site along with its surrounds by ensuring landscape protection and conservation and controlling land use impacts through the careful design of the lots to protect areas of significant remnant vegetation, and
- ii. Enable a range of rural pursuits that are compatible with the subject site to be undertaken on the land and will retain the rural character and amenity of the locality, and
- iii. Where applicable will support a range of low impact commercial and tourist uses that are compatible with and retain the rural character and amenity of the locality.

Environmental Conservation Zone

The site contains significant vegetation on a consolidated portion to the east and this will be set aside under the 'Environmental Conservation' zone as part of this amendment. It is proposed that any lot(s) created will require a designated building envelope and assessment will be guided by applicable development provisions added to the Scheme text to allow for a single house to be developed within a prescribed building envelope subject to prescribed development provisions outlined within LPS6.

Clause 3.2.12 of LPS6 outlines the objectives of the Environment Conservation Zone which are:

- To identify land set aside for environmental conservation purposes.
- To provide for the preservation, maintenance, restoration or sustainable use of the natural environment.

Table 1: Zoning Table of the Shire's LPS6 restricts permitted uses within the zone to

- Art Gallery – A use
- Caretakers dwelling – A use
- Civic use – A use
- Community Purpose – A use

where A means the above uses can take place within the zone subject to advertising. All other uses within the zone are X use which means that they cannot be permitted (this includes Residential – Single House and Residential – Ancillary Dwelling).

Clause 4.36 of LPS6 Development Requirements for the Environmental Conservation zone are outlined as follows:

- 4.36.1 As required *adjustments to Environmental Conservation zone boundaries may be considered as 'basic' scheme amendments, subject so surveys and supported by the agency responsible for biodiversity and conservation.*
- 4.36.2 *Subdivision of Environmental Conservation zones will generally not be supported, unless supported by environmental surveys and advice from the agency responsible for biodiversity and conservation.*
- 4.36.3 *Development within the Environmental Conservation zone is to be in accordance with the zone objectives and is not to disturb vegetation.*
- 4.36.4 *Where development is proposed that would affect Environmental Conservation zoned land, the proponent is to prepare an Environmental Management Plan at the time of structure planning, subdivision or development (as relevant), in consultation with the State government department responsible for biodiversity conservation. The plan is to be approved by the local government with arrangements made for the implementation of the approved plan. The Environmental Management Plan is to address the following:*
- (i) protection and management of the environmental values of the zoned land;*
 - (ii) property boundaries, the location of the building envelope(s) and access arrangements, taking into account environmental and visual landscape impacts;*
 - (iii) fencing, fire management, weed control, rehabilitation and control of domestic pets; and*
 - (iv) any other matters relevant to the site as recommended by the State or local government.*

It is proposed that as part of this amendment that Table 1 – Zoning Table under the Shires LPS6 be amended to allow for Residential – Single House and Residential – Ancillary Dwelling to be a 'D' use which means that development within the zone is not permitted unless the local government has exercised its discretion by granting development approval.

Any proposed development within the zone will also have to meet the above prescribed development provisions. To protect the Environmental Conservation Zone from unsuitable development it is also suggested that the development provisions be updated to further protect the zone from unsuitable development. These include the following provisions:

Update point (ii) of the development provisions to state that:

- (ii) All development within the Environmental Conservation zone must be located within an approved building envelope. Building envelopes and associated access and servicing infrastructure are to be located in areas assessed as having the poorest quality vegetation condition in the zone.

Add an additional requirement to the development provisions within the Environmental Conservation Zone that state:

- (v) Development Approval is required for all development within the Environmental Conservation zone.

Once the amendment is initiated, the site will be further investigated as part of the usual structure planning process in consultation with the Shire. Whilst the majority of the site is suitable for Rural Residential subdivision and development, some areas may be better suited to other management and purposes. Further study will identify the most appropriate land use control and management of each identified function of the subject site.

The subject site is presently well connected to the Wundowie townsite and facilities and the additional residents would provide a boost to the centre, the Eastlink proposal once constructed is likely to sever residents from accessing the Wundowie townsite. In the case of this proposed amendment area, residents would have to travel south to Great Eastern Highway and then east through the 4-way

intersection at Hawke Road and then north to gain access to the Wundowie townsite. This would be a very convoluted route. Independent of this amendment there needs to be further detail design undertaken by the Eastlink proponent as part of the structure plan to progress the design of Eastlink to either make better local connection back into town, or as an alternative to zone a 'Service Commercial' area within the site to allow residents basic shopping services without such a long drive. This would also buffer properties from traffic noise and visual impact.

In this response to this prospect a 'Service Commercial' hub is foreshadowed near the intersection of Chedaring Road and the East Link ramp, and may include uses such as 'Roadhouse', 'Service Station', 'Consulting Rooms', 'Convenience Store' and 'Fast Food Outlet' or similar service trades type of use.

Whilst this idea is not contemplated as part of this amendment, should the Eastlink proceed as planned then a suitable site can be proposed for the Shire to consider an amendment.

As the structure plan defines the staged development, plans of subdivision will reflect a road and lot layout, as well as possible land management options best suited to parts of the site.

4.2. Shire of Northam Planning Strategy

The Shire's Local Planning Strategy (LPS) was endorsed by the Western Australian Planning Commission on the 9th of July 2013. It states the long term strategic planning directions for land use and development throughout the Shire.

It states that:

The strategies to be applied by the local government to future development within the Shire of Northam pursuant to the State Planning Strategy are as follows;

- Ensure that prime agricultural land and natural resources from incompatible development;
- Protect prime agricultural land and natural resources from incompatible development;
- Protect the natural landscape and cultural heritage values;
- Facilitate the development of a range of different lifestyles;
- Promote opportunities for economic development
- Improve infrastructure delivery; and
- Facilitate the development of an improved transport network.

The proposed scheme amendment is consistent with the above in that:

- The subject site is not prime agricultural land and the design will protect the existing natural (landscape) resources on the site
- The design will protect the natural landscape and take account of the aboriginal cultural heritage values,
- It will facilitate the development of a range of different lifestyles
- Will facilitate the development of an improved transport network by ceding land needed to connect to the future proposed Eastlink road reserve.

5.0 State Planning Framework

5.1. SPP2.0 – Environment and Natural Resources Policy (SPP2)

The objectives of the policy are to:

- To integrate environment and natural resource management with broader land use planning and decision making
- To protect, conserve and enhance the natural environment; and
- To promote and assist in the wise and sustainable use and management of natural resources.

Clause 5.1 General measures of SPP2 outlines several points that should be referred to in the decision making process. Those applicable to this scheme amendment are:

- (i) Avoid development that may result in unacceptable environmental damage.
- (ii) Actively seek opportunities for improved environmental outcomes including support for development which provides for environmental restoration or enhancement.
- (iv) Protect significant natural, indigenous and cultural features, including sites and features significant as habitats and for their floral, cultural, built, archaeological, ethnographic, geological, geomorphical, visual or wilderness values.

The proposed scheme amendment achieves the above by the following steps:

The proposed development when designed and refined will protect the significant remnant vegetation on the subject site through sensitive design which will not result in unacceptable environmental damage.

The design will actively seek to improve environmental outcomes particularly in relation to the realignment of Chedaring Road to protect existing mature habitat trees and create a tree lined bridle/walking trail with possible linkages into the regional track – the Kep path.

The design will protect the natural features on the subject site for both visual and ecological values.

5.2. SPP No. 2.5 Rural Planning (2021) (SPP2.5)

The purpose of the policy is to protect and preserve Western Australia's prime agricultural land assets due to the importance of their economic, natural resource, food production, environmental and landscape values. Although the site is not categorised as High Value Agricultural Land our proposal has considered any possible impact of the amendment on the delivery of that State Planning Policy.

Clause 5.3 of SPP2.5 relates to Rural Living and states that:

State Planning Policy 3 Urban Growth and Settlement provides strategic direction for settlement planning in Western Australia and specific guidance in relation to establishing rural living estates or areas where rural living is to be developed. For the purposes of this policy, a rural living proposal is:

- The designation of rural living precincts in a local planning strategy, scheme or structure plan; or
- An amendment to a strategy or scheme to provide for, or extend, a rural living precinct; or
- A subdivision application for land zoned for rural living purposes

The following policy measures apply in regard to decision making for rural living proposals:

- a) rural living proposals shall not be supported where they conflict with the objectives of this policy or do not meet the criteria listed at 5.3(b) and (c);
- b) the rural living precinct must be part of a settlement hierarchy established in an endorsed planning strategy;
- c) The planning requirements for rural living precincts are that –
 - i. the land be adjacent to, adjoining or close to existing urban areas with access to services, facilities and amenities;
 - ii. the proposal will not conflict with the primary production of nearby land, or reduce its potential;
 - iii. areas required for priority agricultural land are avoided;

- iv. the extent of proposed settlement is guided by existing land supply and take-up, dwelling commencements and population projections;
- v. areas required for urban uses are avoided;
- vi. water supply shall be as follows – – where lots with an individual area of four hectares or less are proposed and a reticulated water supply of sufficient capacity is available in the locality, the precinct will be required to be serviced with reticulated potable water by a licensed service provider. Should an alternative to a licensed supply be proposed it must be demonstrated that a licensed supply is not available; or where a reticulated supply is demonstrated to not be available, or the individual lots are greater than four hectares, the WAPC may consider a fit-for-purpose domestic potable water supply, which includes water for fire fighting. The supply must be demonstrated, sustainable and consistent with the standards for water and health; or – the development cannot proceed if an acceptable supply of potable water cannot be demonstrated;
- vii. electricity supply shall be as follows –
 - where a network is available the precinct is to be serviced with electricity by a licensed service provider, or
 - where a network is not available, the precinct is to be serviced by electricity from renewable energy source/s, by a licensed service provider, and this has been demonstrated;
- viii. the precinct has reasonable access to community facilities, particularly education, health and recreation;
- ix. the land is predominantly cleared of remnant vegetation, or the loss of remnant vegetation through clearing for building envelopes, bushfire protection and fencing is minimal and environmental values are not compromised;
- x. the proposal demonstrates and will achieve improved environmental and landscape outcomes and a reduction in nutrient export in the context of the soil and total water management cycle, which may include rehabilitation as appropriate;
- xi. the land is capable of supporting the development of dwellings and associated infrastructure (including wastewater disposal and keeping of stock) and is not located in a floodway or an area prone to seasonal inundation;
- xii. the land is not subject to a separation distance or buffer from an adjoining land use, or if it is, that no sensitive land uses be permitted in the area of impact;
- xiii. the lots can be serviced by constructed road/s capable of providing access during all weather conditions, including access and egress for emergency purposes; and
- xiv. bushfire risk and natural hazards can be minimised and managed in accordance with State policy, without adversely affecting the natural environment. Proposals in areas of extreme bushfire risk will not be supported;
- d) development standards for rural living zones are to be included in local planning schemes;
- e) further subdivision of existing rural living lots into smaller parcels is not supported, unless provided for in a local planning strategy and/or scheme; and
- f) rural strata proposals with a residential component are considered to be rural living and will be considered in accordance with the criteria listed at clauses 5.3 (a), (b) and (c) of this policy.

Where there may be a conflict between endorsed planning strategies, the higher order and/or more recent document shall prevail.

The proposed scheme amendment meets the objectives of SPP2.5. The subject site is identified for 'Rural Living' in the Shire's current and future LPS, and so this indicates the amendment as proposed is accepted.

This amendment will zone the land appropriately for subdivision to occur in a staged manner according to an approved structure plan and with the design being sensitive to the subject site and its surroundings.

In regard to the policy, the proposed amendment meets the requirement as follows:

- The proposal does not conflict with the objectives of the policy and meets the criteria listed at 5.3 (b) and (c).
- The rural living precinct is already within the Shire's endorsed local planning strategy and future planning strategy
- The land adjoins developed rural living areas that are sufficiently serviced
- The proposal will impact primary production of nearby land nor reduce its potential
- This land is not priority agricultural land
- It will address a need for further rural residential lots within the Shire in a manner that does not impact high quality agricultural land
- The subject site can be readily connected to both water and power networks
- The subject site is close to the Wundowie townsite and also the Northam townsite
- The subject site has significant areas of remnant vegetation that will be protected and reserved through the subdivision process
- The proposal demonstrates it will achieve an improved environmental and landscape outcome particularly in relation to the realignment of Chedaring Road and the setting aside of conservation bushland areas for sound land management
- The land like the adjacent estates is capable of supporting dwellings and associated infrastructure
- The lots can be serviced by constructed road/s capable of providing access during all weather conditions and for emergency purposes
- A bushfire management plan will be produced to Western Australian standards and improved access and management can improve bushfire responses
- Development standards are included in the local planning scheme

5.3. State Planning Policy 3.7 – Planning in Bushfire prone Areas (2015) (SPP3.7)

The intent of SPP3.7 is to implement effective, risk-based land use planning and development to preserve life and reduce the impact of bushfire on property and infrastructure.

The scheme amendment meets the intent of the policy and a bushfire management plan will be produced once the design is refined through to later stages of assessment. The design will be consistent with the current applicable Western Australian standards.

The entire site is mapped as bushfire prone under DPLH's mapping on PlanWA. This proposal simply seeks to rezone the subject site and as such no detailed design in regard to the siting of lots, roads and building envelopes has been undertaken. As this has not been undertaken a detailed assessment of bushfire hazards and the development of a bushfire management plan can not at this stage be undertaken. It is proposed that as the design is refined during the structure planning and subdivision stage that an applicable bushfire assessment can take place and a bushfire management plan can be undertaken.

5.4. State Planning Policy 5.4 Road and rail noise (2021) (SPP5.4)

The intent of SPP5.4 is to minimise the adverse impact of road and rail noise on development. With the proposed Eastlink to the North and current Great Eastern Highway corridor to the south, the design of the proposed rural residential estate will be to mitigate any affects that noise may have on subsequent development on these lots. Given the size of the lots being from 2ha to 4ha building envelopes can be positioned to locate houses and other proposed development a sufficient distance from these roads to negate noise impacts. The future location of the proposed 'Service Commercial' directly against the proposed Eastlink will separate and buffer houses from the noise resulting from any the Eastlink project.

6.0 REZONING PROPOSAL AND JUSTIFICATION

This Amendment to rezone the subject site from Rural to 'Rural-Residential' and 'Environmental Conservation' over the subject site and to allow for Residential – Single House and Residential – Ancillary Dwelling as 'D' uses under the zoning table of Local Planning Scheme No.6 within the Environmental Conservation Zone. Areas of significant vegetation which have a high environmental value are proposed to be retained as part of the proposed development by using the designation of the Environmental Conservation zone over this area. Structure planning will follow the Amendment to guide development in a staged manner over the subject site.

The proposed rural residential zoning is in line with the surrounding land uses and will provide for an increase in population within the Shire. Further when the Eastlink project is funded and Chedaring Road will be left in left out only the proposed new lots will have to gain access to the Wundowie town site by travelling south to Great Eastern Highway then along Hawke Avenue where there will be a full at grade intersection to gain access to the Wundowie townsite. This may allow for a section of the subject site to be rezoned to 'Service – Commercial' however this can be investigated at a later date.

7.0 CONCLUSION

The proposed amendment will create additional Rural Residential homesites close to the Wundowie townsite and will round-off existing Rural Residential estates in Wundowie and Wooroloo. It will also set aside conservation land into an Environmental conservation zone. This rezoning from 'Rural' to 'Rural Residential' and 'Environmental Conservation', will provide greater certainty and capability to manage bushland in a useful and compatible manner and pending the preparation of a Structure Plan.

Pending the adoption of the Eastlink proposal this amendment and subsequent structure plan can resolve a potential problem due to severance of Wundowie residents from their townsite. The development of rural residential development off between the existing developed Wooroloo and Wundowie Rural residential estates will update and improve land and fire management capabilities.

The subdivision of the subject site will take place in stages in accordance with an approved structure plan to detail the subdivision pattern for each stage.

This structure plan and detailed subdivision will resolve matters such as bushfire, traffic, environment and other applicable reporting to match up with the stages of subdivision and to improve this capability for the entire locality.

It is therefore recommended that the Shire initiate the amendment and agree to the principles of a structure plan which will address the following:-

- Conservation of natural areas and habitat and protect significant stands of native trees and bushland throughout the site;
- Establish a road and lot layout to have a minimal impact on hydrology and soil erosion;
- Consider and improve the capability to prevent and manage bushfire risks on the site and the adjacent locality;
- Improve the interface between the Eastlink route the site and the Wundowie townsite;
- Consider and maintain connections of the Kep Track and Goldfields Pipeline as part of a meaningful experience for the site and the Wundowie locality, and
- Objectives of the local planning strategy for this locality.

FORM 4A

Planning and Development Act 2005
RESOLUTION TO AMEND LOCAL PLANNING SCHEME
Shire of Northam Local Planning Scheme No. 6
Amendment No. 19

Resolved that the Local Government pursuant to Section 75 of the *Planning and Development Act 2005*, amend the above Local Planning Scheme by:

- a) Rezoning Lots 9000, 304 and 303 Chedaring Road, Wundowie from Rural to Rural Residential and Environmental Conservation and amend the scheme map accordingly.
- b) Amending Table 1: Zoning Table to include Single House and Ancillary Dwelling as a discretionary ('D') use in the Environmental Conservation zone as follows:

LAND USE	ENVIRONMENTAL CONSERVATION
Residential – Single House	D
Residential – Ancillary Dwelling	D

- c) Inserting new sub-clauses in clause 4.36 – Development in the Environmental Conservation zone as follows:
 - 4.36.5 Unless otherwise approved by the local government, all buildings and on-site effluent disposal systems shall be confined to the approved building envelope. Building envelopes and associated access and servicing infrastructure are to be located in areas assessed as having the poorest quality vegetation condition in the zone.
 - 4.36.6 Development approval is required for all development within the Environmental Conservation zone.

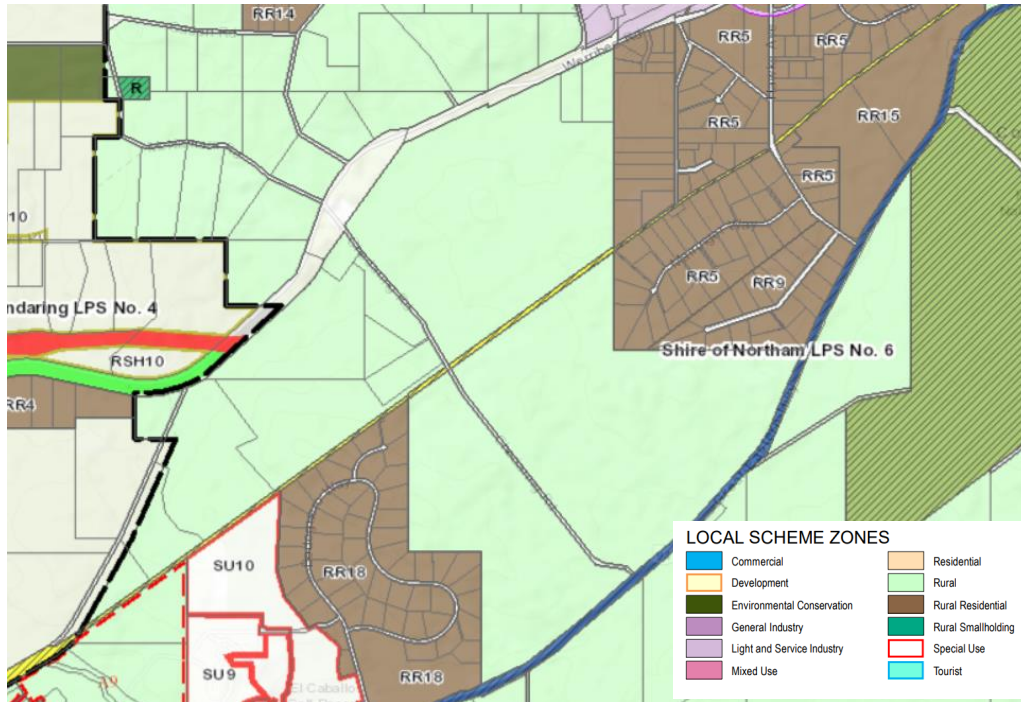

The amendment is a standard amendment under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* for the following reasons:

- This amendment will change the zoning of the subject site from Rural zone to Rural Residential and Environmental Conservation zones to facilitate further subdivision of the land into Rural Residential homesites and bushland conservation lots.
- The Local Planning Strategy identifies the land to be suitable for consideration as future rural residential development, subject to structure planning and selection of appropriate lot sizes being based on land capability.
- The draft Local Planning Strategy identifies this use change as a future rural living area. The amendment is consistent and therefore necessary to implement the Strategy.
- The East Link Freight Road has long been proposed by the WA Government to accommodate more effective freight movement and to divert some of this volume from Great Eastern Highway. This amendment with the resulting subdivision anticipates this occurrence and will accommodate the intended access point for the proposed road and provide a suitable interface for the road corridor.
- Changes are proposed to the Scheme Zoning Table to add development provisions to the Scheme allowing for the development of a Residential – Single House and Residential – Ancillary Dwelling on a lot zoned Environmental Conservation at the discretion (D) of Council, and subject to it meeting the updated development provisions contained within the amended Scheme text, including provision of building envelopes. This will enhance the capability for the conservation management of the land to be sustained by landowners into the future.

BRIEF

A request for comments has been received from the Department of Planning, Lands and Heritage (DPLH) regarding the proposed transfer of vacant Crown land under the South West Native Title Settlement.

This request (known as Land List 20220907) relates to vacant Crown Land identified as Lot 25194 on DP154302, off Shingle Hill Road in Bakers Hill.

A. BACKGROUND / DETAILS

DPLH have provided the following information:

"The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement

recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached maps.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy (Annexure J to the ILUAs). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

Over the next five years, DPLH will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- landowner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the DPLH involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities."

Council has considered other similar requests at its meetings OCM October 2021, November 2021, September 2022.

The subject site is Vacant Crown Land - Lot 25194 on DP154302 and is accessible off Shingle Hill Road in Bakers Hill, and is shown on the map below in red. The lot is reserved for Environmental Conservation purposes under Shire of Northam Local Planning Scheme 6.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: Place.

Outcome 7: Urban and rural communities are sensibly planned and developed.

Objective 7.1: Provide sufficient land and development opportunities to enable local communities to grow.

Priority Action 7.1.2: Provide a review of the Land Rationalisation Strategy including retention or sale/disposal/transfer of landholding or conversion to freehold (or from freehold to reserve).

B.2 Financial / Resource Implications

There does not appear to be any financial implications associated with this stage of the proposal

B.3 Legislative Compliance

The provisions of the Shire of Northam Local Planning Scheme No. 6 have been considered in the recommended responses

B.4 Policy Implications

There are no policy implications associated with this proposal.

B.5 Stakeholder Engagement / Consultation

DPLH are responsible for this process and any consultation requirements. There are no Shire requirements associated with this process.

B.6 Risk Implications

Refer to Risk Matrix [here](#).

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	N/A	N/A	N/A
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A

Property	N/A	N/A	N/A
Environment	Ensure response is provided by due date	Minor (2) x Low (4) = Unlikely (2)	Ensure zoning or reservation is appropriate to protect vegetation

B.7 Natural Environment Considerations

Retention of the existing native vegetation, flora and fauna as the site is reserved for Environmental Conservation purposes.

C. OFFICER'S COMMENT

The subject site is located north of the existing Rural Residential lots and is reserved for Environmental Conservation purposes under Shire of Northam Local Planning Scheme No 6. Whilst the land is unallocated crown land (UCL), at present provides unrestricted public access through a track identified as Shingle Hill Road, which does not appear to be constructed on the gazetted alignment.

DPLH have requested the Shire to consider the following points when providing comments on the proposed land transfer:

	Details	Response
1	Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?	Yes
2	Does the Shire have any interest in the land?	Yes (road)
3	Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained	Yes, Shingle Hill Road transects the reserve. The gazetted road alignment needs to be amended to reflect current constructed alignment.
4	Is the land parcel subject to a mandatory connection to services?	No

5	Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?	No
6	Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?	No
7	Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?	Nil
8	Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).	Bushfire management and environmental considerations
9	Please provide any additional comments on the proposed transfer of this land as part of the Settlement.	Zoning restriction – Conservation Flora and Fauna

The proposed land transfer is supported subject to:

- a) Any future land uses being consistent with the provisions of the Shire of Northam Local Planning Scheme No. 6;
- b) Public access to the reserve is maintained;
- c) The Shingle Hill Road alignment being gazetted on the constructed road alignment; and
- d) Bushfire risk being managed.

RECOMMENDATION

That Council advises the Department of Planning, Lands and Heritage that the Shire of Northam is supportive of the proposed transfer of the subject land, identified as Crown Land PIN 454538 Lot 25194 on DP154302, under the South West Native Title Land Settlement to the Whadjuk Noongar people subject to:

- (a) Any future land uses being consistent with the provisions of the Shire of Northam Local Planning Scheme No. 6;**
- (b) The Shingle Hill Road alignment being gazetted on the constructed road alignment;**
- (c) Public access to the reserve is maintained; and**
- (d) Bushfire risk being managed.**

OFFICIAL

Good afternoon,

Request for Comment – Proposed Transfer of Land under the South West Native Title Settlement

The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy ([Annexure J to the ILUAs](#)). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

For more information on the Settlement, please refer to the Department of the Premier and Cabinet website: <https://www.wa.gov.au/organisation/departments/south-west-native-title-settlement>

Over the next five years, the Department of Planning, Lands and Heritage (Department) will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owned or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the Department involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities. To that end, please find attached a spreadsheet comprising of land parcels identified for possible transfer. It would be appreciated if you could provide comments on each of the land parcels directly into the column labelled 'Referee Comments' in relation to the following:

1. Is the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
2. Does the Shire have any interest in the land?
3. Does the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
4. Is the land parcel subject to any mandatory connection to services?
5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
8. Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

Once you have considered the land identified, the South West Settlement Project team would be pleased to receive your comments by email to swsettlement@dplh.wa.gov.au. In accordance with the abovementioned Annexure J of the ILUAs, your advice is required to be returned within 40 days of receiving this email. As a result, please provide your comments by 23 October 2023. Should this timeframe not be achievable, please let me know as a matter of priority. Where no response is received from the Shire within the 40 day timeframe, this will be taken as having no comment on the land parcels referred.

If you have any queries, please do not hesitate to contact me on the details below.

Kind regards,

Madeleine Gibson

BRIEF

For Council to receive the Financial Statement for the period ending 30 September 2023.

ATTACHMENTS

1. 12. Statement of Financial Activity km - September 2023 [**13.4.2.1** - 13 pages]

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 30 September 2023 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statements
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Rating Information
- Cash flow Information
- Investment Schedule

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this matter, please contact Council finance staff prior to the meeting.

Notes to the Financial Statements (items in bold represent new notes)

Operating Revenue

1. Operating grants over budget by 71% due timing. From the 1, 8million yearly budget for CHSP grant we have received \$ 536,889 to date which is 50% above the timed budget.
2. Interest earnings are under budget 66% due to the timing of interest being brought to account on Shire investments.

Operating Expenditure

3. **Utility expenditure is under budget due to the timing and is expected to finish the year on budget.**
4. **Insurance expenditure under budget due to timing and is expected to finish the year on budget.**
5. Other expenditure is over budget by \$61,916 due to public works overheads allocations that are under budget due to timing.

Capital Revenue

6. Non-Operating grants are over budget by 60% due to timing and accounting for LCRIP grants that was recognised as accrued income in the 2022/23 and reversed in the 2023/24 year pending receipt of the grant.

Budget Amendment

Request to amend budget and include \$67,000 towards opening of a new section of the Northam cemetery as there is a possible shortage of sites due to larger than expected sites being reserved than anticipated. There is currently 21 sites unallocated at the time of reporting. This will be funded from the general federal assistance grant that is \$100,904 greater than budgeted for.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Performance Area: Performance. Outcome 12: Excellence in organisational performance and customer service.

Objective 12.1: Maintain a high standard of corporate governance and financial management.

Priority Action 12.1.1: Provide the community with an annual explanation of the Shire's short- and long-term financial commitments and overall financial health.

B.2 Financial / Resource Implications

The Financial Statements have been prepared in accordance with Council's 2023/2024 Budget.

B.3 Legislative Compliance

Section 6.4 and 6.26(2)(g) of the Local Government Act.
Local Government (Financial Management) Regulations 1996.

15 MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

15.1 RECOGNITION OF IAN 'BOBBY' HILL - NORM SMITH MEDAL RECIPIENT 2023 (AFL)

BACKGROUND

With the recent example of Ian “Bobby” Hill winning the Norm Smith medal as best on ground in the September 2023 AFL grand final, and being part of the winning premiership team, with the community asking how we are going to recognise this achievement, Cr Antonio has presented the following motion for Council to consider.

On a wider scale, we do not appear to have a policy or procedure in place to formally recognize top achievers from the Shire of Northam.

Cr Antonio has presented the motion in two parts.

The first is to acknowledge Ian “Bobby” Hill by a presentation – in line with other AFL footballers as per those on display in the Northam Recreation Centre.

The second part of the motion is to consider on a wider scale an appropriate way in the recognise top achievers from the Shire. This is why the proposed motion is written in a way that Council requests the CEO to investigate options in ways to honour High Achievers within the Community.

OFFICER COMMENT

Currently there is no policy or guidelines in place for recognising individual achievements from a variety of fields including sport. With respect to the concept of the “keys to city” the following links provides an example of another local government 's guideline.

<https://www.brisbane.qld.gov.au/about-council/governance-and-strategy/key-to-the-city-of-brisbane>

A number of suggestions have been made in the past on how to recognise those from a sporting perspective, including a potential “walk of fame” with either plaques in the footpath or murals on walls based around the current Northam Recreation and Aquatic Centre. These will be investigated as part of the report that will be presented back to Council.

Part A:

MOTION

Moved: Cr C R Antonio

That Council, in recognition of the achievement during the 2023 Australian Football League (AFL) Grand Final, including the awarding of the Norm Smith Medal, award Ian “Bobby” Hill with;

- a. A suitable display at the Northam Recreation Centre**
- b. A symbolic presentation of the “key to the Shire of Northam” at a suitable time and place**

Part B:

MOTION

Moved: Cr C R Antonio

That Council requests the Chief Executive Officer to investigate options for honoring high achievers within the community and report back to Council by January 2024.
