Operational Matters:

The Shire continually reviews plans and budgets. At present, this includes the 2021 / 2022 budget planning process. The final Community Grants Assessment Committee meeting is being held in May. Community Grants will be included in the upcoming budget in a fresh format.

All residents and ratepayers need to pay attention to the continually changing rules around COVUID-19, any restrictions and lockdowns. <u>www.wa.gov.au</u> is a current source of information for current details.

Events Calendar

Having been recently involved with the Noongar Cultural Advisory Group, there will be a number of exciting events and activities scheduled around our cultural heritage. These include Reconciliation Week in May, many additional events at Bilya Koort Boodja and an Aboriginal Perspective Stargazing event being held in Grass Valley.

Strategic Matters:

The Shire of Northam has continued with a variety of construction in lines with several plans. Two of the most notable at present are the nearing completed RV Overnight parking at Wundowie and the short-term RV Parking in Minson Avenue.

Following the successful launch of the Gordon Place Mural, the next planned public artwork is scheduled to be started in Wundowie.

12. REPORTS OF COMMITTEE MEETINGS

12.1 COMMUNITY GRANT ASSESSMENT COMMITTEE MEETING HELD ON 14 APRIL 2021

Clarification was sought in relation to:

 Whether the reason for not approving the Wundowie Golf Club grant to replace the club house ceiling was due to this being capital works. Cr Williams advised that there was discussion around whether this should be covered by Shire maintenance as it was on Shire land and clarification was being sought from Officers in relation to this. The Chief Executive Officer advised that although the building is on Shire land it may not be a Shire asset. The question was taken on notice to confirm the reasoning for refusing the grant and whether the building is owned by the Club.

Response to question taken on notice

The rationale for not approving the grant was because it was deemed that the project was not related to COVID recovery and therefore did not meet the purpose of the grant guidelines. In addition, capital works are not eligible within the grant guidelines. There was discussion at the meeting about ownership of the clubhouse and whether the Shire should be responsible for its maintenance, however this was not the reason for refusal and was raised as an avenue to investigate in order to assist them. The building is owned by the Club on land which is vested in the Shire.

 Whether Officers can assist groups if they are struggling with completing the grant application. The Chief Executive Officer advised that Officers could provide some general assistance however not write the grant applications for groups.

12.2 COMMUNITY SAFETY COMMITTEE MEETING HELD ON 20 APRIL 2021

Clarification was sought in relation to:

• Whether the word respiratory is a typographical error. The Chief Executive Officer confirmed this is an error and will be corrected in the Ordinary Council Meeting agenda.

12.3 NYOONGAR CULTURAL ADVISORY GROUP MEETING HELD ON 4 MAY 2021

Clarification was sought in relation to:

- Whether the event date should be included in the recommendation. The Chief Executive Officer confirmed that this should be included and will be amended in the Ordinary Council Meeting Agenda accordingly.
- Whether the attachment is the banner for the event. The Executive Manager Community Services confirmed this is the national banner.
- Whether this will be an annual event. The Executive Manager Community Service advised that they are hoping for this to be annual.

Council Forum Meeting Notes	
12 May 2021	

• Whether the grant for Stage 2 of the BKB will cover the entire project. The Chief Executive Officer advised that Officers are unsure at this stage.

13.2 ENGINEERING SERVICES

Cr T M Little declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2021/22 as Cr Little is a member of a group that use the Old Wundowie Fire Station.

Cr M I Girak declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2021/22 as Cr Girak is a member and the Shire representative of AVAS, based at the Northam Old Girls School, included in the draft building maintenance budget 2021/22.

Cr C R Antonio declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2021/22 as Cr Antonio is involved with groups that may be affected by the item.

Cr J E G Williams declared an "Impartiality" interest in item 13.2.1 - Building Maintenance Budget 2021/22 as Cr Williams is a member of Clackline Progress who lease the Clackline Hall.

13.2.1 Building Maintenance Budget 2021/22

Clarification was sought in relation to:

- CCTV Bert Hawke. The Chief Executive Officer advised that this is viewed as preventative maintenance/works.
- Deck for swing bridge The Executive Manager Engineering Services advised that this is annually oiled however this is proposing to install a composite decking which has a life expectancy of 30-40 years and is a more permanent solution.
- The reason for the non-recommended items not being recommended. The Chief Executive Officer advised that Officers have a budget to work within which is guided by the Long-Term Financial Plan. Maintenance items are prioritised and those which are not compliance or safety related are considered discretionary.
- The reason for not having a substantial allocation for Council's heritage buildings and whether the requests from community groups have been considered. The Chief Executive Officer advised that all buildings have been assessed by Councils Building and Project Supervisor along with the

requests submitted by community groups. The Officer has then made a recommendation in the context of all other buildings and determined the priority maintenance items to complete. If there are items that groups would like to be considered, they can submit these as a request.

 Whether the amount in the Corporate Plan should correspond to this budget. The Chief Executive Officer advised that this amount refers to major projects and does not necessarily correspond with this item. Council has also recently endorsed its new Long Term Financial Plan which provides the direction for developing the budget.

Cr R W Tinetti declared a "Proximity" interest in item 13.2.2 - RFT 04 of 2021 – Beavis Place Public Open Space Development as this development adjoins Cr Tinetti's business premises.

- Whether the separable portion is included. The Executive Manager Engineering Services advised that Officers are recommending to include this portion which will take the project cost to \$576,951, it was confirmed that the current project budget is \$500,000.
- How the separable portion is being funded. The Executive Manager Corporate Services advised that the funds would be sourced from the end of year untied surplus

- Whether the trees at the back of the Memorial Hall will be addressed. The Executive Manager Engineering Services advised that Officers are considering removing the trees to reflect the landscaping in the area, this will vary depending on plants available at the time. The tender included a cost element to heavily prune the trees however a more detailed assessment will be undertaken when nearing this stage of the project.

Additional Comment

The contractor has confirmed that there is sufficient provisional amount within the separable portion to remove the trees should this be the determined outcome.

Council Forum Meeting Notes
12 May 2021

13.4.2 Financial Statement for the period ending 30 April 2021

Clarification was sought in relation to the surplus and if any loans had been raised. The Executive Manager Corporate Services advised that the final surplus is not yet known and is not reflected in the financials. To date no loans have been raised.

13.4.3 Fees and Charges 2021/22 Adoption

Clarification was sought in relation to:

- The basis for determining the cemetery charges and who the comparisons referred to in the report were made with. The Accountant advised that a comparison was done with Toodyay, York and Mundaring.
- The large increase for standpipes charges. The Accountant advised that this increase is based on cost recovery.
- Whether the standpipes water is charged at a commercial rate. The Accountant advised that this depends on the type and flow rate of the standpipe. Cr Williams advised that residential water charges are higher in Bakers Hill as opposed to Wundowie.
- Whether the impounding ranger fees are per animal. The Chief Executive Officer took the question on notice.

Response to question taken on notice

The small animals impounding, i.e. rams, wethers, ewes and goats are for the group, a single fee i.e. 1-5 animals \$130 only, not per animal. The larger animals horses, mules, camels etc the first animal is \$140.00 then for the additional animals between 2 and up to 5 is a single fee of

\$85, not per animal.

- Whether we charge a fee for disposal of car bodies. The Executive Manager Corporate Services advised that no fee is charged as the Shire sells them for scrap metal and receives funds through this process.
- The method used for calculating sporting group charges. The Executive Manager Corporate Services advised that cost of facility provision was taken into account, however the charge is not reflective of cost recovery. It was advised that these were waived by Council for 2020/21 and Officers will be undertaking a review of these for 2022/23.

Additional Comment

The basketball, netball and indoor hockey charges have been removed as these are charged based on usage not by an annual fee.

 The reason for charging entry fees for the Balloon Glow event. The Executive Manager Community Services advised that this will assist staff

to manage attendance, deliver an income to enhance the event and assist developing a database to market future events. It was further queried whether managing event numbers could be done by a free ticket. It was confirmed that this is possible however often people are more likely to attend if they have purchased a ticket. The Chief Executive Officer advised that Officers are seeking direction in relation to whether Council wishes to charge a fee as if it is not included as part of this process, it is much harder to implement after the fees and charges are endorsed due to additional advertising requirements and limited time until the event.

• Whether there should be a charge for children for the Balloon Glow. The Executive Manager Corporate Services advised that it is currently \$5 per person however can include a section for children.

Additional Comment

The fees and charges for the Balloon Glow have been modified to allow for children.

- The new season pass for swimming pools. The Accountant advised that this was to provide a pass for families with three children.
- What the skin penetration fee is for. It was advised that this is for waxing, piercing, tattooing etc.
- The reason for increasing the asbestos charges. The Executive Manager Development Services advised that this has been amended based on cost recovery.
- The tyres recycling increase. The Executive Manager Development Services advised that these have been increased in line with what it costs to recycle the tyres.
- Why the booking bond has increased to \$4,000 and how do Officers determine the amount charged. The Chief Executive Officer advised that this would be determined on the type of booking, history of person making the booking and also the number of people attending the event.
- The reason for the decrease to the BKB charges. The Accountant advised that there is no decrease. The Executive Manager Corporate Services advised that the structure has however been amended since being endorsed at budget review to allow flexibility for the programs.
- The community bus deposit increase. The Accountant advised that this will be removed from the report as it was included in error.

That the Community Grants Assessment Committee DOES NOT approve a grant to the Wundowie Golf Club for \$2,552.80 for the replacement of the club house ceiling.

CARRIED 3/1

Cr. Antonio sought clarification over the ownership of the Wundowie Golf Club facility. It was advised that the land is leased from the Shire, however the club have built and maintain their own club house facilities.

It was acknowledged that the replacement of the ceiling is an urgent requirement and that there are no other funding options available to them at this time. Discussion was held over whether the project fits the guidelines, as the grants are not intended for capital works projects. Cr. Williams said it will help to reactivate the facility following COVID.

It was advised that the Community Development Officer will contact the Wundowie Golf Club to ascertain whether they have other eligible projects which can be applied for to free up their funds for the replacement of the ceiling.

Cr Williams questioned whether ownership of the building would default to the Shire of Northam given it is on the Shire's land. If this is the case, she asked if the Shire could repair the ceiling through the Shire's maintenance budget. The Community Development Officer will investigate this option.

Application S7 – Wundowie Golf Club Summary of Application	
Project Summary	Replace Clubhouse Ceiling Large pieces of plaster have begun falling from the deteriorating ceiling panels at the Wundowie Golf Clubhouse, posing a safety risk. The club cannot function without the clubhouse and if not replaced it could potentially impact their club open day which is attended by 40 players from outside the region.
	The club have sourced 3 quotes to have the works completed, ranging from \$11,500 - \$20,000. Even the least expensive quote is more than the club can afford, so they are therefore proposing to purchase the materials (which they are applying for in this grant), and the members will complete the works themselves as an in- kind contribution.

Comment	The need to replace the ceiling of the Wundowie Golf Club House is clearly a safety issue that needs to be urgently addressed, but it is not directly related to Covid recovery. It would be beneficial to the club and potentially the town for the golf club to be able to host their open day, which attracts out of town competitors without disruption.

Project Summary	Winter Wonderland
	The Wheatbelt Winteramo race day will be held during the school holidays on Thursday 15th July. As this midweek race meeting has coincided with the school holidays, the Northam Race Club has decided to host a free Winter event for families of the Wheatbelt. An ide-skating rink will be hired from Snowball Events in Perth and we will be holding a Fashion Fun competition – where props will be supplied for the kids to dress up and enter a photo competition, like a mini fashions on the field for kids. To create a festival atmosphere, we will have 2 loe Imps to provide roving entertainment on the day, who do 3 x 45 minute roving sessions as well as a 45 minute circus skills workshop for the kids. A Giant Bubble entertainer will also be in attendance, and a face painter to provide free face painting. All of this will take place within our permanent marquee passed the Members grandstand. We will need to hire an extra marquee to cover the area of the loe- skating rink.
7	Ag Implements Northam have come on board with this event and will be supplying prizes for the fashion competition.
	Entry to the racecourse on the day will be free. Gates will open from 11am.

Many Avon Valley families already travel to the city to attend winter festivals, however the events in the city ask for an admission fee, as well as fees to participate in any rides and ice-skating activities.

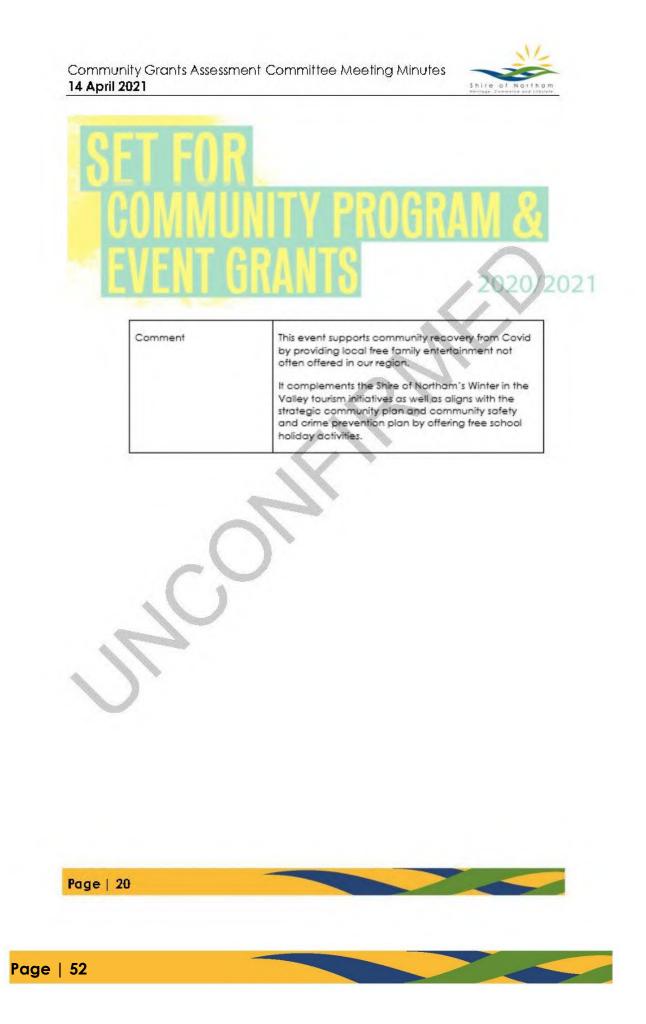

The Race Club has identified the need to bring family entertainment, predominantly only available in the city, to our region to ensure families of all socioeconomic background can enjoy some holiday fun.

By supplying free activities, local business may also see an economical benefit through an influx of tourists to our town, who may not normally call through during the Winter months.

• An update to be provided by representatives from Northam and Wundowie Police during the agency updates.

Focus Area 2: Community Awareness

- Supported the Department of Education's Back to School event hosted at the BKB to raise awareness about the importance of school attendance and to help families to prepare for the return of school.
- PCYC, Northam Police and Northam Chamber of Commerce have been working on raising awareness of the Keeping Kids in School initiative, where businesses should not serve school aged children during school hours unless they have a valid leave pass.
- Community meeting initiated following much publicity and concern about youth crime. Jane Atterby from Northam PCYC to discuss the outcome of the meeting during the agency updates.

Focus Area 3: Building Partnerships

- Jo Metcalf and Jaime Hawkins attended the Northam Liquor Accord meeting on behalf of the Shire of Northam. The objective of the Liquor Accord is to develop safe and well managed environments in and around licenced premises by
 - promoting effective communication and problem solving between licensees and key community stakeholders,
 - seeking to achieve a standard of practice assisting in fostering a responsible and safe drinking culture,
 - minimising and preventing harm in our local community from the excessive consumption of liquor.
 - The Shire propose to take a lead role, along with WA Police in these meetings.

Focus Area 4: Community Design

- Wundowie CCTV Update:
 - Wundowie CCTV has been installed and is currently being commissioned. Staff are to receive training and it should be fully operational by the end of April.

DISCUSSION

Ms Jaime Hawkins provided an update on the crime statistics, that are now provided in more thorough detail than previously. January recorded the highest number of offences in the months since the previous meeting.

Mrs Rose Power asked if the statistics are from WAPOL, Ms Hawkins stated that these statistics are from WALGA that have been compiled from WA Police data – Shire based data.

Ms Kellee Walters questioned if the high statistics for January are caused by youth offences. Ms Hawkins stated that the statistics are of all ages not just youth. A/SSGT James Parker responded advising that some were youth, but the youth officer is currently acting in prosecuting role, someone will be filling that role. There has been an increase in pushing out messages over social media/radio during that time, to report to police; encouraging people to dob in a dealer leading to search warrants, drug seizures, property seizures.

It has been identified that school holidays particularly over Christmas and new year is a bad time – PCYC putting on programs, but programs are not well attended. The January and April school holidays are problematic, however over the last 12 months officers have been distributed over the state, impacting the local resources here. More officers have been asked to be deployed in Geraldton due to Cyclone Seroja.

A/SSGT James Parker stated that during COVID-19 it was noticed that the drug supply slowed down due to the boarder closure, but now that they are back open the drug supply is back.

Ms Amanda Marshall stated that the Back to School event that was hosted was a success. However, the layout for next year will change, instead of the packs put together at the event they will be prepacked in backpacks – primary school backpacks and high school backpacks.

Mrs Juana Paynter queried whether the Keeping Kids in School resources need approval from the committee prior to going on to businesses. Ms Jaime Hawkins responded that it is not necessary as it is already in the plan. Ms Paynter stated that the resources need to be created and ready by November to go out by January.

A/SSGT James Parker mentioned that the Police are actively trying to promote Northam for people to come to live in as they allocate 6-7 additional positions.

Mrs Jane Atterby updated the committee on a community meeting that was held at PCYC. She stated that 30 residents attended, the police informed the group that crime has decreased over the last 4-5 years. The community perception of what is happening versus what is actually happening showed there was a disconnection. The general community brought up some

perceptions of things such as blatant crimes – kids being drug mules, not being held account, no support for the kids that come off of drugs etc.

There was a lack of awareness about what activities in town for young people, such as Bridgeley Youth Group and Avonvale Youth Groups which attract large numbers on Friday nights, PCYC daily programs, ACS do blocks once a week for 4-6 weeks, and Night Hoops.

School holiday programs are also held organised through the Shire & PCYC. It was discussed that activities and safe places need to be found for people to engage, not all kids want night hoops/other activities that are put on. There is one core group of highly disengaged kids.

Ms Hawkins updated the committee of the Wundowie CCTV. Discussion relating to the Wundowie station, it was asked by Mr Dennis Beresford whether the CCTV of Wundowie can be monitored from the Northam station and if the CCTV is monitored 24/7. A/SSGT James Parker advised that someone is always at the CAD desk at the Northam station, however if monitoring the CCTV from Wundowie in Northam can be done here then it can be rolled out over the wheatbelt.

RECOMMENDATION / COMMITTEE DECISION

Minute No: NCAG.25

Moved: Cr Chris Antonio Seconded: Mrs Deborah

That Council receives the Bilya Koort Boodja update as presented.

Further details were provided on plans for upcoming workshops by the BKB Coordinators. Ms Robyn Davis explained that they are working on a 3-year plan of activation for the BKB.

Didgeridoo Workshops will be a course primarily aimed at young men/teen boys where they will be taught how to make didgeridoos through to playing them with on country experiences.

Art Workshops will be an introductory level art class. The BKB are working with Mental Health to develop this program. In future years it is planned to offer advanced level classes to those who have progressed from the introductory level.

Kambarang Festival is still in the early planning phase. It will focus on Spring and nature. Cr. Ryan asked if this will be something unique to Northam, with Ms Davis responding that yes, it is.

Astro Tourism – Star Gazing – there will be a star gazing event in Grass Valley on 6 June 2021 and the BKB is developing a program to complement this event. Prior to going to Grass Valley for the star gazing there will be stew and damper cooked in the BKB firepit. The Emu in the Sky Mosaic will be presented at this event. Ms Robyn Davis asked the committee if they could recommend someone who knew local Aboriginal star gazing stories to talk at the event. Mrs Joan Parfit suggested her son.

Ms Jo Metcalf presented the marketing initiatives of the BKB, which involves a mixed approach incorporating print advertising, signage, social media and video marketing clips. The first focus is to activate the centre so there is something to market. BKB activation is being aligned with other events occurring in town, such as the Avon Descent. The BKB will be marketed along with other offerings in town, such as the murals.

Cr Ryan queried the progress of the BKB online shop. Ms Robyn Davis stated that all products have been uploaded and they are waiting for a launch date which is expected within the next few weeks.

Shire of Northam Reflect RAP 2020-2021 Updated Actions (to be sent as separate attachment)

A. BACKGROUND / DETAILS

The Shire of Northam Reflect RAP was developed by the previous RAP Working Group and was endorsed by Reconciliation Australia in 2019.

A RAP is a strategic document that supports an organisation's business plan. It includes practical actions that will drive an organisation's contribution to reconciliation both internally and in the communities in which it operates. There are four stages of a RAP, reflect, innovate, stretch and elevate. The Shire of Northam is at the first reflect stage.

A Reflect RAP is primarily a scoping document. The Reflect RAP clearly sets out the steps the Shire should take to prepare for reconciliation initiatives in successive RAPs. Committing to a Reflect RAP allows the Shire to spend time scoping and developing relationships with Aboriginal and Torres Strait Islander stakeholders, deciding on our vision for reconciliation and exploring your sphere of influence, before committing to specific actions or initiatives. This process will help to produce future RAPs that are meaningful, mutually beneficial and sustainable.

The Reflect Reconciliation Action Plan (RAP) June 2020-June 2021 has been included as an attachment in this agenda.

The attached spreadsheet highlights the current progress of the RAP. The Shire is working towards completing the final actions of the Reflect RAP before the plan expires in June. Outstanding actions remain in the areas of Human Resources and Procurement. The relevant Shire Officers are working on the

completion of these actions. The finalisation of National Reconciliation Week activities at this meeting will mean the RAP can be completed.

The Shire will then be moving on to the second stage in our reconciliation journey by developing an Innovate RAP in consultation with this committee. This process will be led by BKB Coordinators.

An Innovate RAP outlines actions that work towards achieving your organisation's unique vision for reconciliation. Commitments within this RAP allow your organisation to be aspirational and innovative in order to help your organisation to gain a deeper understanding of its sphere of influence, and establish the best approach to advance reconciliation. An Innovate RAP focuses on developing and strengthening relationships with Aboriginal and Torres Strait Islander peoples, engaging staff and stakeholders in reconciliation, developing and piloting innovative strategies to empower Aboriginal and Torres Strait Islander peoples.

BRIEF

National Reconciliation Week (NRW) is a time for all Australians to learn about our shared histories, cultures, and achievements, and to explore how each of us can contribute to achieving reconciliation in Australia. National Reconciliation Week is from 27th May to the 3rd June. These dates commemorate two significant milestones in the reconciliation journey— the successful 1967 referendum, and the High Court Mabo decision respectively. The theme for Reconciliation Week 2021 is "Reconciliation Takes Action"

Attachment 1:

NRW theme information

A. BACKGROUND / DETAILS

In 2018 the Shire of Northam hosted an inaugural Reconciliation Week event, being a Reconciliation Community Morning Tea at the Village Green in the heart of the Northam CBD. In 2019 the RAP Working Group led a community march along the river from the Northam Town Library to the BKB Centre for a BBQ morning tea. Both events were very successful and well attended by a broad cross section of the community. Covid restrictions meant that a commemorative gathering could not be held in 2020, however online reconciliation posts and messages were delivered to the community via our local social media pages.

Acknowledging and participating in National Reconciliation Week is a mandatory action of the Shire of Northam Reflect RAP.

The RAP Working Group is to consider planning for an event to commemorate Reconciliation Week 2021.

To commemorate National Reconciliation Week 2021, it is proposed that the Shire of Northam in conjunction with the Nyoongar Cultural Advisory Group host a community celebration on Friday 28 May 2021. The event will include:

- Reconciliation March following the Avon River from the Library carpark, via the BKB and on to the Village Green.
- Welcome to Country performed on the Village Green.
- Official address by the Shire President and representative of the NCAG.
- Sea of Hands on the lawn of the Village Green. Shire, government officials, school students, local business and the wider community will all be invited to participate by placing a hand with a reconciliation message at the Village Green. The hands will remain for the day and photographed for a visual record.
- Free community sausage sizzle.

That Council accepts the plans for a 2021 National Reconciliation Week march and community event to be held on Friday 28 May 2021.

CARRIED 8/0

Ms Kathy Davis stated it would be preferred to close the road and march down the main street with a Police escort as used to happen in the old days. Ms Hawkins explained that requirements for closing the road have now changed and it is more complicated, costly and we do not have enough time to organise this for this years event, however it can be investigated for next years Reconciliation Week.

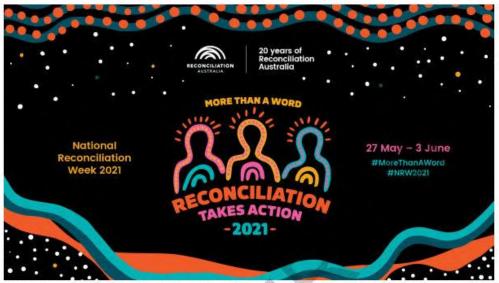

Cr Antonio requested we look at hiring the temporary flag poles for the flying of the flags at the Village Green as this was a powerful display when it occurred previously.

MORE THAN A WORD. RECONCILIATION TAKES ACTION

The 2021 National Reconciliation Week theme, *More than a word. Reconciliation takes action*, urges the reconciliation movement towards braver and more impactful action.

MOVING FROM AWARENESS TO ACTION

The Reconciliation movement is at a tipping point: In the past year, with Black Lives Matter protests and huge numbers at Invasion Day rallies across the country, we're seeing people are understanding the truth and speaking up on issues affecting Aboriginal and Torres Strait Islander peoples.

More than a word. Reconciliation takes action asks people to take this awareness and knowledge, and use it as springboard to more substantive, brave action.

For reconciliation to be effective, it must involve truth-telling, and actively address issues of inequality, systemic racism and instances where the rights of Aboriginal and Torres Strait Islander peoples are ignored, denied or reduced.

While we see greater support for reconciliation from the Australian people than ever before, we must be more determined than ever if we are to achieve the goals of the movement — a just, equitable, reconciled Australia.

As history tells us, this will only happen through continued and concerted action from those who are already part of the reconciliation movement to those who are yet to join.

Moving towards a braver reconciliation requires a vision for what a just equitable and reconciled Australia looks like.

Actions—guided by the five dimensions of reconciliation—are recommended in the <u>2021 State of Reconciliation in Australia</u> Report.

Since the previous meeting Mr Kirk Garlett has been appointed as one of the Co-ordinators of the BKB Centre. Within this role, Kirk will drive this new working group.

The Committee's input is sought over the engagement of an external consultant such as Professor Len Collard to assist with the project.

DISCUSSION

Ms Jo Metcalf suggested that she can contact Professor Len Collard to work with our language group, as he has lots of experience in the dual naming projects. Assisting them will also be beneficial to his research into Nyoongar languages.

Mr Kirk Garlett stated he believes they can do it themselves and should hold their first working group meeting first.

ATTACHMENTS

Attachment 1: Draft Building Maintenance Budget 2021/22.

Attachment 2: Discretionary Building Maintenance Items – Not Recommended.

A. BACKGROUND / DETAILS

Council has traditionally discussed the building maintenance portion of its draft budget ahead of discussion on the remainder of the annual budget, in order to split the budget consideration into manageable portions.

The budget takes in asset renewal from the Asset Management Plan.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure & Service Delivery

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective:

- Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects; and
- Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

B.2 Financial / Resource Implications

Budget implications are shown in detail on the attached spreadsheet. The buildings budget is made up of building maintenance jobs, building improvement (discretionary) jobs which may result from requests or upgrade suggestions; and an allowance for building operational costs (made up of air conditioning maintenance, pest control, carpentry repairs, electrical repairs, plumbing repairs, fire equipment servicing, building maintenance coordination, vandalism response, key cutting, sanitary disposal, security monitoring and response.

The Following table shows the 2021/22 budget compared to the allocation within the LTFP and last years adopted budget, note; additional items added 2020/21 during the draft budget deliberations.

Formal adoption of the building maintenance budget will be undertaken when Council adopts its annual Municipal Fund Budget in its entirety, in accordance with section 6.2 of the Local Government Act 1995 and Part 3 of the Local Government (Financial Management) Regulations 1996. This would normally include income by nature, type and program; rate setting; budget notes and schedules.

C. OFFICER'S COMMENT

The list in the attached spreadsheet details the major building maintenance and projects for the coming financial year. It should be recognised that a number of other projects may be subject to either grant funding or external funding (e.g. Emergency Services Levy). These projects will be listed separately within the Budget documents subject to the funding being available or alternately if grant funding is successful a separate report will be presented to Council for endorsement. Additional discretionary building jobs will be included in the considerations list for Council to consider on draft budget night.

ATTACHMENTS

Attachment 1: Financial Statement for the period ending 30 April 2021.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 30 April 21 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statements
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Cash Position
- Rating Information
- Cash Flow Information

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council finance staff prior to the meeting.

Operating Income

- 1. Health revenue is under budget by \$47,806 due to health licences of \$31,090 and reimbursements of \$19,716.
- 2. Other Economic Services \$67,483 in additional revenue has been received to April 2021. This is the result of additional lease fees & outgoings on Council buildings \$10,758, mainly due to timing. Building permits & licences are over budget by \$48,912. Income retic system is \$15,671 is over budget.

Operating Expenditure

- 3. Governance is under budget by \$1,414,243. This is the Covid 19 amount of \$1,223,906 under budget, together with a higher administration recovery of \$236,550 (non- cash).
- 4. General Purpose Funding is under budget by \$84,823 due to valuations and title searches being under projected costs of \$77,173. This appears to be more an error in the budget projections as an assessment of previous year trends indicates that valuation and title search costs are incurred toward the end of the financial year (last quarter)
- 5. Law Order and Public Safety is under budget projections for \$363,511 this predominantly relates to fire mitigation expenditure, \$389,188, which was projected to be incurred however has been deferred until after the current fire season. In addition, the timing of Bush Fire Brigade general expenditure resulted in the expense being over budget by \$53,942. This amount has been approved for reimbursement by DFES this financial year. Animal Control salaries and wages are also under \$38,195 As a result of a staff worker's compensation claim which results in their salaries being allocated to 'other property & services – workers compensation'.
- 6. Health is \$55,558 under budget due to salaries and wages of \$39,991 due to the staff vacancy that has now been filled, and legal fees of \$20,830.
- 7. Other property and services is over budget by \$586,106 predominantly due to the timing of internal allocations public works overheads, plant and admin allocations \$262,418 (non-cash) and workers compensation expense of \$169,723. Staff meetings are over budget by \$49,340.53.

Operating Income by Nature and Type

8. Interest Earnings are under budget by \$53,905 due to late payment interest of \$28,297 and interest on reserves of \$25,074. This is due to a lower than anticipated interest rate on investments.

Operating Expenditure by Nature and Type

- Materials and Contracts are under year to date budget projections by 36%, predominantly due to the items disclosed at notes 3 and 5 above as well as lower spending in the following items:
 - \$227,312 rubbish site maintenance (timing of receipt of monthly invoice)
 - \$18,694 Green waste management
 - \$33,096 Street bin collection
 - \$32,372 Building consultants
 - \$25,000 Governance consultants
 - \$55,597 Public parks and gardens
 - \$20,830 Health Legal Costs
 - \$29,092 Festivals and events
 - \$17,337 Australia Day celebrations
 - \$17,500 Engineering consultants
 - \$16,916 Environmental works
 - \$32,371 Town Planning Consultants
 - \$200,026 Bridge Maintenance
 - \$152,038 Verge Maintenance
 - \$32,313 Streets Paths and carparks
 - \$17,108 Mainstreet heritage investment strategy
 - \$16,587 BKB Marketing

Projections are that there have been no significant material cost savings to date and as such the end of year position will be unchanged (outside of any incomplete projects)

10. Utility charges are over budget by \$102,814 due to

- \$8,221 street lighting (timing)
- \$26,595 Public parks and gardens water
- \$33,173 water standpipes (this is allocated to jobs or charged to card holders)
- \$62,339 gas, of which \$60,585 Northam Aquatic Centre. There have been gas leaks since January adding additional expense.
- 11. Other Expenditure is over budget by \$254,448. This is due to the internal allocations being over budget \$253,876(non-cash).

Capital Expenditure

12. Southern Brook Nature Playground Phase Two has been undertaken on behalf of the Southern Brook Community Association for the flood lighting at the Nature Playground. The Association will be contributing the additional revenue to cover the \$15,641 reflected in the April financial report.

Proposed Budget Review Amendment

1. The Executive Manager of Development Services has identified that the original design specifications and costings for the Bakers Hill fire shed included an additional bay that was not included in

Page | 213

the final build. This has reduced both the grant funding and the cost of the build by \$61,879.

- 2. The additional revenue and cost of the Southern Brook Nature Playground of \$15,641 be amended to reflect phase two of the project.
- 3. The Development Services pooled vehicle was written off due to damage incurred during the recent flood. A replacement vehicle is required. The only available vehicle locally form current stock will require a budget amendment is as follows:-Proceeds from the insurance policy \$19,454,55

C. OFFICER'S COMMENT

The recommended alterations to the fees and charges adopted by Council for the financial year 2021/2022 relate to the following areas outlined below.

Page | 233

All amended fees and charges from the 2020/21 financial year have been highlighted in orange within Attachment 1.

As required by section 6.17 of the act, the following was taken into account in determining the amount of a fee or charge for a

- (a) the cost to the local government of providing the service or goods;
- (b) the importance of the service or goods to the community; and
- (c) the price at which the service or goods could be provided by an alternative provider.

Waste Site Fees & Charges

Waste site fees and charges have been adjusted to ensure Council is raising enough revenue to support increased expenditure associated with the Transfer Station and Tip Shop. To assess what is fair and equitable to all users the following assessments have been carried out.

Review of current general waste disposal charges Shire of Northam Vs Red Hill Waste Management Facility (closest facility receiving curb side waste)

Current General Waste Disposal Fees Per Tonne										
		Red Hill	Waste							
	Management									
Shire of Northam	\$65	Facility	\$83							

It is recommended based on the above that the Shire of Northam's general waste per tonnage charge is increased to be in align with the Red Hill Waste Management Facility over a 2 year period.

Review of costs associated with the Old Quarry Waste Facility and revenue received Shire of Northam Residents Vs Other Councils

Item	Amount	Annual Tonnage	Charge per tonne
Shire of Northam revenue @ \$170 per Service	\$1,131,386		
Less Shire of Northam expenditure related	·		
to curb side pick-up	\$711,497		_
Shire of Northam revenue associated with			
facility management	\$419,889		
Less adjustment Inkpen and free tip passes	\$125,967		_
Actual Revenue received allocated to			
the Old Quarry Facility	\$293,922	3,555	\$83
Other Councils Combined Revenue	\$233,008	3,584	\$65

The above table again shows that the rate being charged to other Councils is understated compared to the true running cost of the facility, it is therefore

recommended that these costs are increased to align with the tonnage rate of the Red Hills Waste Management Facility. Recommended presented below:

		Increases	s Waste Ch	arges		
		20/21 Fees and charges	Increase 19/20	Proposed 21/22	Increase 22/23	Proposed 22/23
Residential	Rate	\$170	3%	\$175	3%	\$180
Pickup	Revenue	\$827,560	3%	\$852,387	3%	\$877,958
Commercial	Rate	Various	3%	Various	3%	\$322,329
Pickup	Revenue	\$303,826	3%	\$312,941	3%	
General	Rate	Various	16%	Various	10%	\$717,969
Waste (All)	Revenue	\$562,672	16%	\$652,700	10%	
Other	Rate	\$65	16%	<mark>\$75.40</mark>	10%	\$83
Councils	Revenue	\$233,008	16%	\$270,289	10%	\$297,318
Total Additional Revenue	Revenue	\$1,927,066		\$2,088,316 \$161,250		\$215,575 \$127,259

Staff believe the increases as presented are fair and equitable to all users of the facility. As per the table it is estimated additional revenue will be raised in 2021/22 of \$161k and 127k in 2022/23. All other fees and charges have been assessed and are closely aligned with other facilities. It is therefore recommended they remain constant for the 2021/22 financial year and are reassessed for the 2022/23 financial year.

Cemetery Fees and charges

Cemetery fees and charges have been adjusted to ensure Council is raising revenue on a fee for service basis.

There have been alignments to ensure that the cost is inclusive of the asset provision as the Cemetery expands rather than just consideration of the current cost of the service provided. After comparisons were made with adjacent Council fees and charges, the fees that increased to include the additional cost were +are detailed below:-

Northam Public Cemetery	Current	Proposed
New grave adult	\$1,045	\$1,250
Exhumation	\$1,450	\$1,650
Reinternment after exhumation	\$1,045	\$1,250
Reopening of grave	\$1,121	\$1,250
Reopening grave (lawn)	\$1,480	\$1,545
New grave adult (lawn)	\$1,480	\$1,545

Tree Subsidy 2021 2021

The purchase of subsidised trees for the current financial year's program has been included in the fees and charges. Residents will need to purchase a voucher from the administration building at a cost of \$22.00 per tray. The number of **trays** trees will still be dependent on the size of the property. Collection to be arranged.

Community Bus Deposit

In light of the deposit of \$55 for the bus not covering a tank of fuel and the need to clean the bus when should it be returned in less than good condition, the deposit for the bus has been increased to \$200.

The organisations identified in the following list are those who have regular recurrent events/programmes occurring in the Shire of Northam. They have requested fees and charges be waivered to assist their events and programmes annually with individual reports being presented to Council to write off the fees and charges.

Health Department

Additional fees and charges have been listed for skin penetration establishments and hair dressing establishments.

Recreation

The Consideration was made of the cost of a commercial special event locating at the Recreation facility. Fees were adjusted in line with the cost for service.

New family season swimming passes have been introduced for an additional family member under 17 years of age.

Northam

Full season pass for 2 adults and 3 children under 17 years old	\$480
Half season pass for 2 adults and 3 children under 17 years old	\$275

Wundowie

Full season pass for 2 adults and 3 children under 17 years old \$310

Half season pass for 2 adults and 3 children under 17 years old \$185

Fees and charges for sporting and recreation groups have been reinstated for the winter season 2021 and summer season 2022.

Events

The Executive Manager of Community Services has proposed that a fee associated with Balloon Glow Event be adopted of \$5.00 per adult and \$2.00 per child to ensure Covid management, data capture, communications with attendees, event planning for the suitable provision of facilities and an enhanced experience at the event.

Each of these events/programmes are perceived as having a charitable/community service benefit. In all cases previous requests for fee waiver have been approved by Council, or by delegated authority as per Policy C3.4-Write off/Waive of small fees or debts. It is felt that acknowledging these groups in the annual fees and charges will reduce the administrative requirement of producing Council reports each occasion.

Charitable/ fundraising events

- Wheatbelt Relay For Life
- Youth Futures Pipeline Challenge
- Vintage Swap Meet
- Pink Up Northam

Community Service

- Directions Careers Expo
- Seniors Council of WA-Seniors Olympics
- Northam RSL

Additional requests for write off of fees and charges will continue to be presented to Council as required.

13.5.1 Review of the Community Support Policy

BRIEF

Each year Council makes financial contributions to Shire of Northam Progress Associations, community organisations and talented athletes and performing artists through both a non-competitive and competitive community funding process. The Community Support Policy provides Council with the framework for the allocation of these funds within the community.

As a result of a review of the 2020/2021 Community Grants Scheme, which focused on assisting community organisations and sporting clubs to recover and increase participation following the COVID-19 pandemic, Shire Officers are recommending changes to the Community Support Policy. These changes will simplify the process of community support and ensure funds are utilised more effectively.

ATTACHMENTS

Attachment 1: Revised Community Support Policy.

A. BACKGROUND / DETAILS

The Shire of Northam Community Support Policy currently covers the following funding categories:

- Community/Progress Association Annual Allocations
- Seniors Group Allocations
- Educational Prizes and Donations
- Excellence in Sport, Recreation, Arts and Culture Travel Support
- Public Event Grants & Sponsorships
- Project Grants
- Quick Response Grant
- Club Sponsorship

Allocations are determined by Council each year during the budget adoption process.

C. OFFICER'S COMMENT

The following amendments are proposed for the existing policy:

• Community/Progress Association Annual Allocation to change to Annual Budget Requests.

Community Associations have previously received a set annual allocation. As part of the 2020/2021 COVID initiatives, Community/Progress Associations submitted a budget request which was allocated based on identified community needs, planned projects and alignment to Community Plans and the Shire's Strategic Community Plan.

It is proposed to continue with the Budget Request process to ensure funds are being used strategically, for the greatest community need and improved community outcomes. Budget requests would be required to be submitted by 30 May each year with allocations to be determined by Council or the Community Grants Assessment Committee. Based on previous years allocations, the funding pool could be set as up to \$40,000.

Community Australia Day allocations will be removed as a separate budget item as few communities claim this. Funds for community events such as Australia Day can be requested through the Community/Progress Association budget requests or the Annual Strategic Event Partnership Grants.

Progress Association	Annual Allocation	Australia Day	Total
Quellinton	3300	0	3300
Spencers Brook	3300	660	3960
Southern Brook	3300	780	4080
Grass Valley	4400	880	5280
Clackline	3300	660	3960
Bakers Hill	6600	1440	8040
Wundowie	8800	1980	10780
Total	\$33,000	\$6,400	\$39,400

The 2019 allocations for each Progress Association was:

• Seniors Group Allocations to be removed.

The set allocation for Seniors Groups be removed and streamlined in the Community Grants process.

• Excellence in Sport, Recreation, Arts and Culture - Travel Support

This specific funding category to be removed but can be applied for through the Community Grants process.

- Community Assistance Grants to be re-categorised into Annual Strategic Event Partnership, Community Development and Quick Response Grants.
- 3 year strategic event allocations, such as the Northam Motorsport Festival, ANZAC Day, the Northam Agricultural Show, Carols on Fitzgerald, Northam Vintage Swapmeet, Wundowie Iron Festival etc allocations Alternatively, these strategic events can be removed from the Policy and will be included in the Annual Events Budget.

Community Development Grants will focus on supporting the strategic development and organisational capacity building of community groups and sporting clubs. The annual funding pool will be determined by Council, with a grant round to be open in September/October each year and assessed by Council or the Community Grants Assessment Committee in November. Based on the average community grant allocations over the past 4 years, this pool could be up to \$80,000. Applications will be invited for projects between \$5,000 - \$20,000 (excluding GST) per organisation.

Quick Response Grants will support a broad range of projects and activities, including club sponsorship and travel support for athletes and performing artists which previously were separate categories of support. Quick response grants of up to \$5,000 (excluding GST) will be assessed internally within 25 days without the need for application to be referred to a Council or Community Grants Assessment Committee meeting. The annual funding pool for Quick Response Grants will be determined by Council, with up to \$20,000 recommended based on average grant funds awarded over the past 4 years. Allocation of funding will be at the discretion of the Chief Executive Officer.

• Club Sponsorship Grants will be removed with clubs being able to apply through the Quick Response Grants category for specific tournaments and one-off events.
