**NOTICE PAPER**  
**Ordinary Council Meeting**  
**19 October 2022**

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 19 October at 5:30pm.

There will be a Forum meeting held in the Wundowie Hall on 12 October 2022 at 5:30pm to discuss the contents of this agenda.

Yours faithfully

**Jason Whiteaker**  
**Chief Executive Officer**

## DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

#### 4. DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

### **Operational Matters:**

Every year, the Shire of Northam celebrates community heroes.

The Community Citizen of the Year Awards gives everyone the opportunity to reflect on what positive impact individuals or groups have made to our Shire, or your local area. We all want to be able to celebrate outstanding contributions, and to be able to participate in that positive story.

Nominations for the 2023 Community Citizen of the Year Awards are currently open until October 31, 2022. Submissions can be made via [www.citizenshipawards.com.au/nominate](http://www.citizenshipawards.com.au/nominate)

A reminder that the Restricted Burning Period for the Shire of Northam begins on October 14<sup>th</sup>, 2022

### **Events Calendar**

Attracting major events continues within the Shire of Northam. Over the 8<sup>th</sup> and 9<sup>th</sup> October, Northam is hosting the Hockey WA Indoor Classic. This event features some of the best Indoor Hockey Players from right across the state.

The Northam Aquatic Facility has opened for the 2022 / 2023 Season. Dates will be provided to the public as soon as the Wundowie Pool is opening.

### **Strategic Matters:**

Thank you to those of you who attended our community sundowner launch recently.

## 6. PUBLIC QUESTION TIME

### 6.1 PUBLIC QUESTIONS

**Name:** Christopher Poulton.

#### Background

The Eastlink proposal originated from a strategy to solve a problem faced by the Mundaring Shire over 30 years ago (Trucks). The section added to the Northam Shire in the 90's was poorly planned and influenced by the Northam Shire council members at the time, as the 2 preferred routes proposed by Main Roads, were rejected by the Shire and coincidentally ran through property owned by members on the Council.

The original bypass for Mundaring finished at El Caballo, before entering our Shire.

There is going to be a significant impact on 3 towns in our Shire as well as the loss of significant assets to our region (which could be avoided).

#### **Summary of Question:**

#### Question 1:

What has the Northam shire done to assess the impact on the local community of Wundowie, Bakers Hill and Clackline in regards to the proposed Eastlink project?

#### Question 2:

Has the Northam shire conducted an assessment, identifying damage, loss of assets, and long term impacts to the region caused by land use taken up by Eastlink proposal?

#### Question 3:

What is the Northam shires stance on main roads forcibly taking land and homes from people along the proposed route?

#### Question 4:

What is the Northam shires stance on Main Roads trying to forcibly take state heritage listed land for the purposes of the Eastlink project?

#### Question 5:

What is the Northam shires stance on the conservation of the Kep Track?

Question 6:

What steps has the shire taken to measure that local communities are adequately informed of the impacts the proposed Eastlink project will have on their lifestyle?

Question 7:

Has the shire carried out an assessment of alternatives to the Eastlink project, such as existing road upgrades that are less detrimental to the community?

Question 8:

Has the Northam shire done anything to promote Main Roads to change its current proposal to reduce the impact on the communities impacted?  
(Please show references if any)

Question 9:

What has the shire done over the past 20 years to encourage Main Roads to improve the safety along the Great Eastern Highway between El Caballo to Clackline? (Please show references if any)

Question 10:

The town planning scheme for Bakers Hill mentions that the Northam shire has committed to preserving heritage and historical places. What action has the Northam shire implemented towards this? (Please provide a summary for each year with references)

Question 11:

What has the Northam shire done to make sure that the Eastlink project improves the local communities that it is proposed to go through?

Question 12:

Has the Northam shire voiced any concerns to Main Roads about the Eastlink project?  
If so, what? (Please provide documented evidence of these discussions)

Question 13:

Has the Northam shire fought for the interest of the community in regard to the Eastlink project, to make

sure that the people they represent do not get pushed aside by Perth city government and Main Roads.  
(Please provide evidence of discussion with Main Roads)

Question 14:

Has the Northam shire carried out any statistical assessment to validate what they have been told by Main Roads?

Question 15:

Has the Northam Shire discussed alternatives to the Eastlink proposal with Main Roads? for example, have they discussed the option to revert to the original proposal, re-joining Great Eastern Highway before El Caballo?

Question 16:

Has the Northam shire requested Main Roads validate their claims regarding time savings and other perceived benefits claimed by the construction of the Eastlink project?

Question 17:

Has the Northam shire requested that all information be in writing and from Main Roads themselves and not the subcontracted company?

Question 18:

What has the Northam shire done to ensure that the safety of the community is not compromised with the introduction of the Eastlink proposal?

Question 19:

Has the Northam shire carried out an assessment on the impact and change in the lifestyle of the local residents that will be impacted by the implementation of the Eastlink project?

Question 20:

Has the Northam shire conducted an impact assessment of how this road land allocation will impact future growth on the town sites impacted by the Eastlink proposal?

Question 21:

Has the Northam shire conducted an impact assessment of how this road land allocation will impact future opportunities for infrastructure development? For example, re-establishing a rail line between Northam to Mundaring and Midland?

## 4. DISCLOSURE OF INTERESTS

*Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.*

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

(Please provide evidence of discussion with Main Roads)

Question 14:

Has the Northam shire carried out any statistical assessment to validate what they have been told by Main Roads?

Question 15:

Has the Northam Shire discussed alternatives to the Eastlink proposal with Main Roads? for example, have they discussed the option to revert to the original proposal, re-joining Great Eastern Highway before El Caballo?

Question 16:

Has the Northam shire requested Main Roads validate their claims regarding time savings and other perceived benefits claimed by the construction of the Eastlink project?

Question 17:

Has the Northam shire requested that all information be in writing and from Main Roads themselves and not the subcontracted company?

Question 18:

What has the Northam shire done to ensure that the safety of the community is not compromised with the introduction of the Eastlink proposal?

Question 19:

Has the Northam shire carried out an assessment on the impact and change in the lifestyle of the local residents that will be impacted by the implementation of the Eastlink project?

Question 20:

Has the Northam shire conducted an impact assessment of how this road land allocation will impact

future growth on the town sites impacted by the Eastlink proposal?

Question 21:

Has the Northam shire conducted an impact assessment of how this road land allocation will impact future opportunities for infrastructure development? For example, re-establishing a rail line between Northam to Mundaring and Midland?

**Summary of Response:**

Due to the quantity of questions asked it will take some time to correlate answers. The council will endeavour to provide a response at next meeting.

**Name:**

Doug Crare and Graeme Godfrey – Lifestyle Village

**Summary of Question:**

In regard to El Caballo currently being for sale, if the owner or person who purchases it applies to turn it in to something else, what would be the Council's position, and would Council be able to stop it?

**Summary of Response:**

The Shire have not received any applications to do anything with the property as yet and has limited contact with the current owner. The only information that we have received regarding the property was through the media. Any proposed changes to land use will be required to go through an application process, including community consultation and need subsequent assessment by council. The property is currently listed as a Special Use Zone and no other use of the property is permitted outside of that without approval from council to change the zone.

**Summary of Question:**

Sims road in Bakers Hill is a single lane bitumen road that has never been upgraded and has been a cause for numerous close calls. The road side verges are also in need of maintenance. Does the council have any future plans to have Sims Rd sealed?

**Summary of Response:**

The Shire is currently in the process of redeveloping its 5 year road plan and will be finalised for presentation to Council at the end of the 2022. Once this plan has

Council Forum Meeting Notes  
12 October 2022

been endorsed by Council (early 2023), we will be positioned to advise where Sims road sits, if it is included, in the proposed program. The Executive Manager Engineering Services will reach out to Mr Jones to further discuss the safety issues that have been mentioned.

## Brief History

- 40-year-old proposal. That has recently been revived within the last 2 years. (It has not been actively worked on over the past 40 years).
- Originated from Maundering shire to address shire concerns about trucks driving through town.
- Finished at El Caballo / Wooraloo
- Trucks are no longer the Problem.
- A new Road won't address the current problems of Great Eastern Highway.
- Is no longer a logical project moving into the future.
- Freight planning is moving towards rail and ocean, making this redundant by the time it is completed.

North-link project construction

- They didn't consider investigating hydrology till 2021.
- Have no idea how important the golden heritage trial is!!!

Current works along Great Eastern Highway that could be done to achieve the same result as the eastlink project

Council Forum Meeting Notes

**Our Mission**

In order to achieve our Vision the Shire of Northam has established an organisational Mission commitment, which is:

*"To deliver responsive, sustainable services in a manner that preserves and enhances our environment and lifestyle whilst respecting our heritage and facilitating economic growth."*

In order to achieve this Mission, the organisation will commit to being:

**SAFE** - Focus on Importance of safety in the organisation.

**OPEN** - Engage in two-way communication, with transparency and trust.

**ACCOUNTABLE** - Know what you are responsible for, take ownership and deliver accordingly.

**RESPECTFUL** - Demonstrate respect for other's skills, knowledge and differing value systems.

## First Do NO Harm!!!

### Northam Shires Mandate:

- Sustainable
- Preserves and enhances our:
  - environment,
  - lifestyle.
- Respecting our Heritage.

### To Represent the community!!!!!!

- Safe Roads
- Efficiency
- Effective / productive
- Resilient/ Innovative
- Socially Responsible
- Environmentally Responsible

According to the East metropolitan regional councils' guidelines, the East Link project does not meet these requirements!!!!!!

Council Forum Meeting Notes  
12 October 2022

Northam Shire have stated that their support for main roads has been due to:

- Perceived community support
- Perceived benefits in in making the metropolitan area more accessible (potentially saving 10 minutes)
- Perceived improvement to road safety (More appropriate road alignment).
- Perceived economic benefits

Council Forum Meeting Notes  
12 October 2022

Perceived community  
support

## What do WE want?

- Safe roads?
- Efficient travel?
- Preservation of community / lifestyle  
For the future
- Innovative use of technology
- Great Eastern Highway is the  
problem!!
- Let's fix the problem!
- Without sacrificing our assets!!!!

Perceived benefits in in making the metropolitan area more accessible (potentially saving 10 minutes)

- How can the Northam shire say that the POSSIBLE time saving of 10 minutes is worth the actual impact that this project will have on our community?

## The benefits of this road according to Main Roads:

### Safety **NOT TRUE**

By ~~removing a significant number of trucks~~ from Perth Hills residential areas along Great Eastern Highway.  
By providing verge and median barriers to reduce the incidence of head on crashes.  
Through bridged intersections.

Rita Skita.

### Congestion and travel reliability **NOT TRUE**

By ~~separating freight, local and tourist traffic.~~  
Through bridged intersections and a dual carriageway. **NOT TRUE**  
Provide travel time savings from Perth to Northam of approximately 13 minutes.

### Freight efficiency

Allowing access for ~~RAV 7 heavy vehicles (36.5m combinations).~~ **Already allowed**  
By reducing steep hills.

### Access and connectivity

To the Swan ~~Valley and destinations in and around Gidgegannup, Mundaring and Northam.~~ **NOT TRUE**  
For Mundaring and surrounds through ~~reduced traffic along Great Eastern Highway.~~

### Service life of roads

Improve the service life of existing arterial roads by ~~reducing the number of trucks~~ having to use these routes and reducing maintenance costs. **NOT TRUE**

## The Eastlink Project will:

**Keep the roads dangerous**

**Damage our environment, culture and historical sites**

**Damage the quality of life of the communities**

**Destroy a significant portion of the Golden Heritage Trail / Kep track**

**Forcibly Take private property**

**Destroy State Heritage places**

**Increase our reliance on road vehicles**

**It goes against climate change targets and Road Safety targets**

**Goes against the governments policy "Build UP not OUT"**

## Perceived economic benefits

- Does the shire have any evidence to substantiate this?
- This is a BYPASS road.
- This project is not targeted towards the economic improvement of the region

## 1 alternative) A Fast and efficient rail network

- Fast efficient Rail System, would put Northam on the map.
- Make it a center for freight transport management form the eastern states, not a bypass
- Bullet trains could make the trip from Perth cbd, to Northam in 20 minutes.
- Would alleviate the traffic load on commuters (80%) using Great Eastern Highway to Perth.
- Reduce Car emissions, road maintenance costs
- Quieter
- Tracks are less intrusive on landscapes compared to a freeway (especially comparing transport volume capacity)

Perceived improvement to road safety (More appropriate road alignment).

## Efficient East West Truck Rout

- **Norseman to Hyden to Perth**
- Cuts over 100km of the trip
- Trucks are currently using it over Great Eastern Highway, because main roads have failed to maintain the roads they currently have.
- Can improve current roads with reduced community impact

Great Eastern Highway, Toodyay Rd

## A road built for interstate trucks is not the only option!!

These trucks are less than 1% of traffic along Great Eastern Highway. We need an approach that focuses on improving all roads for local users.

**The Eastlink is not the only option!!there are better ones available to us!**

- By addressing the problems faced by local commuters, we fix the problem (apparently faced by trucks).

**Let's push for:  
a community focused solution  
to clearly identified problem  
with valid support from data.**

Solution to Orrong Rd

## Northam Shire has a responsibility

- To Alert the community to the details and significant impact that this project will have on the community.
- To Fight to protect our assets, such as the Keep Track and State Heritage listed sites, such as Summer Creek Farm.
- Drive effective projects that add to the community not destroy it.
- The Northam Shire should remove any current support for the Eastlink Project.

## Northam Shire Needs to:

- Withdraw its support for the Eastlink Project
- Inform the community in a non bias approach
- Assess community support for the project in a non bias approach
- Less invasive alternatives that are better for the community, such as the original proposal, that connected to Great Eastern Highway before entering the Northam shire.

**12.1 BUSH FIRE ADVISORY COMMITTEE MEETING HELD ON 13 SEPTEMBER 2022.**

Clarification was sought in relation to:

- Point 4a in the recommendation, that the FCO authorise permits only in their own area and that if they are unavailable at that time, they must be contacted first before approaching another FCO. What if the FCO is on leave and unable to be contacted, how would you proceed?  
The Chief Executive Officer advised that the background and rationale for this point can be found on page 23 of the agenda.
- Can we ascertain the amount of damage caused to the equipment mentioned under the heading Pre Season Servicing and the magnitude of the cost to repair/replace?  
The Chief Executive Officer advised that it will be looked in to and further information will be provided at the next meeting.
- What is the status of the Inkpen shed and the payment in relation to off the grid power, has this been rectified?  
Acting Executive Manager Development Services advised that they have not been provided with advice yet.
- Would it be possible to keep the paper based permit system?  
Chief Executive Officer advised that there is no reason a dual paper based and electronic system cannot be utilised. The concern that was raised is that on some occasions the information was not fed through to staff, which caused some issues, this would

Council Forum Meeting Notes

be monitored as staff need to be able to track what is being issued.

#### 13.1 CEO'S OFFICE

Cr C R Antonio declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Antonio is one of the elected members of council mentioned in this item for review of shire wards.

Cr D J Galloway declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Galloway is one of the elected members in this item for review of shire wards

Cr D A Hughes declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Hughes is an elected members of council and this agenda item discusses conditions effecting elected members positions on council.

Cr A J Mencshelyi declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as this item impacts on Cr Mencshelyi as an elected member of the Shire of Northam.

Cr M P Ryan declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Ryan is an elected member of the Shire of Northam.

Cr J E G Williams declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Williams has always been a vocal advocate for the retention of the shire wards. Cr Williams currently held position of elected member for Central ward may cease to exist at the next election.

Cr H J Appleton declared an "Impartiality" interest in item 13.1.1 – Review of Shire of Northam Wards and Representation as Cr Appleton is an elected member of the Shire of Northam.

#### 13.1.1 Review of Shire of Northam Wards and Representation

Clarification was sought in relation to:

Council Forum Meeting Notes  
12 October 2022

- Is there a definite need to make the changes suggested in this report?  
Chief Executive Officer confirmed this.
- Is there any chance to get an exemption from the 'decree' from the minister as the Council in Narrogin are inquiring and is it likely to succeed.  
Shire President advised that he has spoken to councillors from Narrogin regarding the headline this question is referring to and they have advised that the headline was misleading and that they are only inquiring about internally voting for a mayor.  
The Chief Executive Officer confirmed 'opting out' was not an option.
- Would the number of councillors per ward need to be included in the initial decision or will this come in a later report.  
Acting Governance Officer advised that the current report will be updated to include the recommended councillors per ward in the decision.
- Would the public elected Mayor/President be included in the recommended 9 councillors?  
Chief Executive Officer confirmed that the total number of councillors including the mayor/president would be 9.
- Will every local government have a public elected mayor/president?  
Chief Executive Officer advised that this is only relevant to band 1 or 2 local governments.
- If the Shire agrees to go to 2 wards, will that still be subject to further pressure from government to abolish wards?  
Chief Executive Officer advised that the government recommend that Band 3 have no wards, but there is no further directive otherwise.
- The feedback from forums held indicates the desire to leave the wards as is, if left as is what could the state enforce of the council?  
Chief Executive Officer advised that the risk is that there will be an imbalance in the representation, as is the current situation.  
However, it is good to keep in mind that in the last ward and representation the council elected to retain the current system, which had the same imbalance in representation, which was approved by the Minister for Local Government at the time.

### 13.2 ENGINEERING SERVICES

*1 member of the Gallery returned to the meeting at 6:19pm.*

### 13.3 DEVELOPMENT SERVICES

Cr C R Antonio declared an "Impartiality" interest in Item 13.3.1 – Proposed Home Business – 34 Broome Terrace, Northam as the proponent is known the Cr Antonio.

#### 13.3.1 Proposed Home Business – 34 Broome Terrace, Northam

Clarification was sought in relation to:

- Why does the report specify that the business is not opened on public holidays?  
Acting Executive Manager Development Services advised that this is a standard amenity related condition on most home based businesses.

#### 13.3.2 South West Native Title Settlement – Land Base Consultation

Clarification was sought in relation to:

- The shire is getting a few of these come through intermittently, would it be possible to get them all in one block from the Department or can they be placed on hold until all are received and then look at approving them all at once?  
Acting Executive Manager Development Services advised that the Department are issuing deadlines with each request to review, and the shire has already requested an extension. We have tried to ask the Department for a projection of areas that will be included but have not received any response, however it seems that the few that come through at a time are grouped to an area. It is a recommendation within this report for this matter to be raised with WALGA through our zone.
- Has the shire received any feedback regarding responses to previous requests?  
Acting Executive Manager Development Services advised that no feedback has been provided.
- In regard to the issue of access and infrastructure on mentioned properties, have the Department responded to the concerns raised?  
Acting Executive Manager Development Services advised that they have not.

1 member of the Gallery left the meeting at 6:42pm.

### 13.4 CORPORATE SERVICES

#### 13.4.1 Accounts & Statements of Accounts – 1<sup>st</sup> September - 30<sup>th</sup> September 2022

Clarification was sought in relation to:

- Are the cattle yards something that the council have approved funding for previously?

Chief Executive Officer advised that the cattle yards were included in the budget.

#### 13.4.2 Financial Statement for the period ending 30<sup>th</sup> September 2022

Clarification was sought in relation to:

- Regarding the investment register that the audit committee requested to be included in the agenda, is 2 financial institutions compliant or are 3 needed?

Chief Executive Officer advised that while 2 is compliant the committee decided 3 would be needed to ensure that there is not over 50% in any 1 institute.

**RECOMMENDATION**

**That Council:**

1. Note the Community Emergency Services Manager Report as provided.
2. Endorse the 2022-23 Firebreak and Fuel Load Notice as provided in Attachment 1, subject to the following amendments:
  - a. Online registration being added under 6.9
3. Note the Chief Bush Fire Control Officer Report as provided.
4. Review the burning permit process and include;
  - a. That the FCO authorise permits only in their own geographic area, the permit in their name and signed by them. If the FCO is unable to carry this out, the FCO must be contacted first before approaching another FCO.
  - b. As part of the review consideration be given to a paper based permit system run in parallel with the web based system used by the Shire. The local FCO could write out and issue the permit, take a photo of it on their phone and send this to the Shire thus allowing for an instant update of the Shires list of permits issued.
  - c. That a database be developed by the Shire to record both paper based permits and online permits.
  - d. Allow FCOs access to the database of all permits issued, run at the Shire by either records or the CESM to record any permits that are issued.

- e. Permits could have the facility to be revalidated by signature endorsement of the issuing FCO should prevailing conditions be acceptable for an extension.**
- f. Facility on the permit for the permit holder to sign to acknowledge that they have read the conditions of the permit.**

## 4. DISCLOSURE OF INTERESTS

Nil.

*Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.*

*As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.*

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial** interest includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

**C. OFFICER'S COMMENT**

Pre season preparations are underway for what is looking to be a busy 2022/23 fire season.

**Pre Season Servicing**

The appliance servicing is underway with completion expected before end of September.

Through the operational servicing it has been identified again this year about damage caused to equipment via improper use, all personnel are encouraged to ensure familiarity with all equipment via pre-season refresher training to ensure safe and proper use of all equipment on the appliance.

**New Fire Danger Rating System**

The harmonisation of the Australian Fire Danger Rating System (AFDRS) begins on Sept 1<sup>st</sup> 2022. This new system is designed to deliver an easier to follow and understand system that aligns with each state and territory in Australia.

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

All personnel are encouraged to undertake the training module via the volunteer hub to ensure you have an understanding of the new system and the way in which changes will impact how we conduct business in the area, eg how Harvest, Vehicle Movement & Hot Works Bans (HVMB's) will be calculated and implemented.

The AFDRS will go live across Australia on Thursday 1 September 2022.

There are four levels of fire danger in the new system:

1. Moderate: Plan and prepare
2. High: Be ready to act
3. Extreme: Take action now to protect your life and property
4. Catastrophic: For your survival, leave bushfire risk areas

Fire Danger Ratings will be issued on days when there is a fire risk. Each rating will have a clear set of messages, including the actions the community can take to reduce their risk.

Improving the science means we can also issue 'no rating' for days where bushfires are unlikely to spread in a dangerous or life-threatening way. You'll be able to check the daily fire danger for your area at Emergency WA or by visiting the BoM website.

#### **Fire Break & Fuel Load Notice**

Due to the changes and amendments to terminology in the Bushfires Act 1954 & Bush Fires Regulations 1954 as a result of the national roll-out of AFDRS, the Shire of Northam Fire Break & Fuel Load notice (s33 notice) required terminology updated to reflect the changes in legislation where it references Fire Danger Ratings only. Changes have been made to ensure the notice can be enforced, these changes just need Council endorsement prior to gazettal to enable enforcement of this notice.

A copy of the document has been provided as part of this report.

#### **Pre Season Training**

As part of our pre season training please find the below dates that are open to all members from all brigades.

Should your brigade have training requirements not currently being serviced, please contact myself as a priority to enable some additional training to be scheduled.

Please be advised in some of these cases I will invite our new DO Northam along for a meet & greet.

All training, including brigade training will end with a BBQ provided for attendees.

Full courses will be catered as per normal practice.

Members are encouraged to contact their Captain and/or brigade Training Officer to discuss their training records and identify any discrepancies that are identified as a priority to enable attendance at the pre season training opportunities as listed above.

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

Volunteers that wish to query their training records, are encouraged to contact the CESM to allow further investigations and remediation if a record is proven to be inaccurate.

**Pre season skills based refreshers.**

Captains have been provided with copies of a pre season skills competency assessment, at this stage this assessment is voluntary but highly recommended, this may become an annual pre season requirement in the future to ensure Council is only permitting members able to demonstrate skills currency onto the fire ground into the future.

The assessment is a simple tick and flick, signed off by Captains or brigade Training Officers and is designed to assist volunteers with a refresher on the safe, efficient and effective use of all brigade equipment.

**RECOMMENDATION**

**RECOMMENDATION / COMMITTEE DECISION**

**Minute No: BFAC.286**

**Moved: Mr Kris Brown**

**Seconded: Mr Mark Littlefair**

**That Council:**

- 1. Note the Community Emergency Services Manager Report as provided.**
- 2. Endorse the 2022-23 Firebreak and Fuel Load Notice as provided in Attachment 1, subject to the following amendments:**
  - a. Online registration being added under 6.9**

**CARRIED 9/0**

Reason for change to Officer recommendation

Online registration is available for the Harvest, Movement of Vehicles and Hot Works Ban.

The CESM advised:

- The Pump Operations course has been cancelled.

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

- The RCC training in Bakers Hill and Clackline has been cancelled as there were no registrations. The training in Southern Brook and Grass Valley is still going ahead. It is likely that additional training will be held in Northam as we approach the season (approx. November).
- The only change made to the Fire Break and Fuel Load Notice was in relation to the new rating system.

Clarification was sought in relation to:

- Whether the Comprehensive Crew Protection training is compulsory. The Community Emergency Services Manager advised that there is no requirement to attend however this is strongly encouraged.
- Whether an update can be provided on the Mitigation Activity Funding. The Community Emergency Services Manager advised that the tender is finalised and is being presented to the September Council meeting to be awarded. Internal meetings have also been held to review the existing freehold reserves to ensure these are on the maintenance list and on track.
- Whether the recruitment has been finalised for the Community Emergency Services Manager and Bush Fire Risk Management Coordinator positions. The Chief Executive Officer advised that a formal announcement will be made next week.
- Whether funding was secured for the Wundowie Bush Fire Brigade shed and what is the process if funding is not secured. The Chief Executive Officer advised that if funding is not secured an item will be presented to Council to determine how they wish to proceed. The Chief Executive Officer advised that Officers are of the view that it is a matter for the state to fund. The Community Emergency Services Manager advised that we are waiting for a formal response from the LGS committee at which point discussions will be had at regional level.
- Whether there is an update on the appliances. The Community Emergency Services Manager advised that there is no update/indication of when these will be available.
- Whether the Work Health and Safety (WHS) / maintenance issues can be addressed at the Irishtown Bush Fire Brigade building. It was raised that the toilet doors cannot lock as they have lost the key, the flood light doesn't work, there is a dust issue in summer, electronics overheat and there is no storage. The Community Emergency Services Manager advised that he attended a tour with the District Officer and specifically attended this station so he could raise what is required to bring the building up to standard, it was agreed that this station was a priority. It was advised that the toilet door lock and flood light are easy fixes and he will provide an update next week on the progress of these items. The dust matter is part of a larger issue and can be looked at with any upgrades. Unfortunately funding is unable to be sought out of session and an application for funding will be submitted as part of the March

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

2023 LGGS application. In relation to storage a temporary solution can be identified and this will be discussed with the brigade.

Discussion was held around the strategies put in place by the Shire of Northam to address WHS issues. This includes undertaking annual WHS inspections. Officers are trying to address at a regional level the potential for funding to address these WHS issues.

The online reporting system was raised as a mechanism to report matters which members were encouraged to use so that items don't get missed. Discussion has been held around reporting the matters raised/addressed to the Committee. It was advised that there was a desire to have a way to check the status of their requests through a portal or dashboard and also select the PPE from a listing. The Chief Executive Officer advised that this would be investigated.

- Whether registrations for the SMS service can be completed online and if so whether this should be included in the Fire Break and Fuel Load Notice. The Community Emergency Services Manager advised that this is available online and can be included.
- Whether the 3m firebreak requirement is standard or modified. The Chief Bush Fire Control Officer referred to section 4.1 which details the requirements for properties over 10 hectares.

## Attachment 1 – Firebreak and Fuel Load Notice

### BUSH FIRES ACT 1954

#### Firebreak and Fuel Load Notice

Shire of Northam

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954* (as amended), notice is hereby given to all owners and occupiers of land within the Shire of Northam adopted the following requirements as a measure to assist in the control of bush fires, or preventing the spread or extension of a bush fire which may occur within the Shire.

All owners and/or occupiers of land within the Shire of Northam are required to carry out fire prevention work in accordance with this notice by 1 November each calendar year and maintained until 30 April the following calendar year, or within 14 days of becoming an owner or occupier of land if after that date, to comply with the requirements set out in this notice.

**FAILURE TO COMPLY WITH THE REQUIREMENTS OF THIS ORDER MAY RESULT WITH THE ISSUE OF AN INFRINGEMENT NOTICE PENALTY \$250.00 OR PROSECUTION IN A COURT OF LAW WITH A MAXIMUM PENALTY OF \$5,000 AND BE LIABLE WHETHER PROSECUTED OR NOT TO PAY THE COSTS OF PERFORMING THE WORK DIRECTED BY THE NOTICE.**

#### 1. Building Protection Zone

The Building Protection Zone is an area of very low fuel levels and managed vegetation 20 metres out from habitable buildings (As defined in the Residential Design Codes of WA and in AS 3959) and must meet the following requirements.

Habitable building means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports, verandas or similar roofed structures that are attached to, or within 6 metres of, the dwelling or primary building.

- Building Protection Zones for habitable buildings must extend a minimum of 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building.
- On sloping ground the Building Protection Zone distance shall increase at least 1 metre for every degree in slope on the sides of the habitable building that are exposed to down slope natural vegetation.
- Building Protection Zones must consist of non-flammable managed vegetation, reticulated lawns and gardens and other non-flammable features.
- All grass in Building Protection Zones must be maintained to or under 5cm in height.
- Fuel loads within Building Protection Zones must be maintained at 2 tonnes per hectare or lower.
- The crowns of trees must be separated to create a clear separation distance between adjoining or nearby tree crowns. The separation distance between tree crowns is not required to exceed 10 metres.
- A small group of trees within close proximity to one another may be treated as one crown provided the combined crowns do not exceed the area of a large or mature crown size for that species.
- Trees are to be low pruned (or under pruned) to at least a height of 2 metres from ground.
- No tree, or shrub over 2 metres high are to be within 2 metres of a habitable building.
- Trees and shrubs over 2 metres high must not be planted in groups close to the habitable building and there must be a gap of at least 3 times the height (at maturity) of the shrub away from the habitable building.
- There must be no tree crowns or branches hanging over habitable buildings.
- Firewood and flammable materials must be stored 20m from habitable buildings
- Driveways and access ways are to be a minimum of (3) metres wide with a vertical clearance of (4)metres to allow for the safe passage of a fire appliance to all buildings and assets on the land
- Roof gutters should be free of leaves and other combustible material.

### 13. Additional Works

In addition to the requirements noted above, regardless of land size and location, the Shire of Northam or its duly authorised officer may require you to undertake additional works on your property to improve access and/or undertake further hazard removal and/or reduction works, where in the opinion of that authorised officer, it is to be necessary to prevent the outbreak and/or the spread of a bush fire.

Take notice that pursuant to Section 33(4) of the *Bush Fires Act 1954*, where the owner and/or occupier of land fails or neglects to comply with the requisitions of this Notice within the times specified, the Shire of Northam may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of this Notice which have not been complied with and pursuant to Section 33(5) of the *Bush Fires Act 1954*, the amount of any costs and expenses incurred may be recovered from you as the owner and/or occupier of the land.

If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Regulations 1954*.

The owner or occupier of land to whom a notice has been given under subsection (1) and who fails or neglects in any respect duly to comply with the requisitions of the notice is guilty of an offence, that offence carries a penalty of \$5,000, additionally a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this notice if it is not carried out by the owner and/or occupier by the date required by this Notice.

### 14. Reserves vested with the Shire of Northam

The Shire of Northam reserves the right to conduct any mitigation works deemed necessary on any reserves vested with Shire of Northam for the purpose of reducing the risk of fire to the community. Each reserve will be assessed in accordance with ISO 31000:2018 and identified in the Bushfire Risk Management Plan.

Treatments implemented may include but are not limited to prescribed burns, slashing, mulching or any other means necessary as determined by the Shire of Northam to ensure the risk is reduced to a satisfactory level.

### GENERAL ADVICE

This notice gives the minimum requirements for fire control within the Shire of Northam and all residents and ratepayers are encouraged to be prepared by undertaking additional fire protection measures. Creating a household "Bushfire Plan" to ensure the safety of property and life. Further additional information to that contained in this notice can be obtained from the 5min Fire Chat website [www.dfes.wa.gov.au/bushfire/prepare](http://www.dfes.wa.gov.au/bushfire/prepare) or from the Shire of Northam website [www.northam.wa.gov.au](http://www.northam.wa.gov.au)

**C. OFFICER'S COMMENT**

**Leadership team**

Following the confirmation of the leadership team by the Council in late July, the team has met on a number of occasions to discuss issues at hand and the forthcoming season. I thank Simon, Kris and Blair for their engagement to date.

**Shire of Northam Position on WALGA Position**

Following item 6.2 from the July BFAC on the brigade's input in the advocacy position for the management of bush fire brigades, I attended the July Council Forum and subsequent Council Meeting, to ensure the Shire of Northam Council was aware of a) the limited opportunity in this instance of discussion and debate on brigades positions on the proposed position, and b) based on that limited opportunity, that the majority of brigades had indicated their support of the Volunteer Bush Fire Brigades Association's position which was basically in support of the current Local Government Structure, with improvements.

The Council ultimately adopted the following position:

*That Council makes a submission to the WA Local Government Association (WALGA) in relation to the future management of volunteer Bush Fire Brigades as follows*

- That a Working Group comprising representatives of WALGA, DFES and the Volunteer Bush Fire Association be established to develop a preferred model for the future management of Bush Fire Brigades.

**Bush Fire Manual**

Work and discussions continue to take place concerning the updating of sections four and five of the bush fire manual. These two sections relate to the management of brigades (including meeting and voting rights) and BFCOs (including CBFCA and DCBFCA).

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

While it was desired to have this document ready for presentation to this BFAC, the leadership team in consultation with the Shire, decided that the document was not ready to be presented. The leadership team most recently met last Sunday to consolidate feedback on these sections and is again meeting with the Shire tomorrow for further discussions.

I would expect it will take several further iterations and discussions to get the document to a point where it can then be presented to Brigades/BFAC for broader feedback and adoption. In the interim, I encourage brigades to continue to provide feedback to the leadership team on areas that require attention.

#### **WHS**

Consultation with the leadership team on WHS outstanding action items has currently stalled while I believe additional advice is received from insurers. This is not to say action is not being taken in the interim. The leadership team remains committed to continuing consultation and engagement on the topic as we quickly approach the coming fire season. Ensuring consideration of the impacts of any changes and finding appropriate solutions which both protect our volunteers while not putting an undue burden on them is essential.

One key action item out of the work in the space is ensuring that our active firefighters are recognised as trained and competent to perform their duties. A cohort of experienced members remain that, for various reasons, show on DFES system as not being trained in the basic fire fighting courses.

A meeting with Captains and Training Officers was conducted in mid-August to identify these members and discuss a path forward via recognition of current competency (RCC). I strongly encourage Captains, Training Officers and your brigade leadership teams to assist in pushing the upcoming RCC sessions, and please reach out to me or the leadership team if you are having any difficulties or need support to bring about the desired outcome.

#### **Australian Fire Danger Rating System**

As per the CESM's update, the new Fire Danger Rating System has now come into effect. This will require some training of BFCO's and harvest ban officers ahead of the season to ensure it is correctly applied from a perspective of harvest vehicles and hot works bans along with permits. While there are some improved data inputs built into the system which should provide for more robust outputs, there will likely be difficulties and/or anomalies experienced particularly in this first season. So as these are felt, I encourage you to seek feedback from members/community and provide feedback to the leadership team so that refinements can be made.

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

Kris Brown attended the Local Emergency Management Committee meeting on my behalf on September 1 where there was an emergency management workshop and exercise to test the preparedness of the region for a significant incident. Kris has some interesting mapping out of this exercise which will be incorporated into our pre-season scenario evening.

#### **DOAC**

This morning I attended the Northam District Operations Advisory Committee meeting here in Northam. Key topics of discussion were the implementation of the Australian Fire Danger Rating System, the Consolidated Emergency Services Act, along with ongoing discussion on WHS. The Consolidated Emergency Services Act is expected to reach public consultation in the first half of 2023. It is not expected that the legislation will be ready until at least 2025.

A discussion was also had on aerial support within the region and current plans for the forthcoming season.

#### **Pre-Season**

There are several activities planned for pre-season, with the scenario evening being one of them. This is due to be held on Wednesday, October 12 at the Northam Recreation Centre. Invites have/will be going to all Brigades and BFCO's and I encourage as many members to attend as possible, particularly senior members. This will also be a chance for members to meet with the new DFES District Officer and Superintendent who both plan to attend the evening. I have also asked that the Shire extend an invite to the incoming CESM once appointed.

There will also be a pre-season BFCO forum (date TBC) along with the scheduled Ground Controller course slated for October 26 which I encourage you to register for.

#### **Christmas Leave**

While the leadership team and the Shire have been aware for some time, I wanted to provide advanced notice to the broader brigade network that I will be taking six weeks' leave from mid-December. During this time, Northam Deputy 1 (Simon) will be acting Chief and Northam Deputy 2 (Kris) will be acting Deputy 1. The BFCO team will be briefed on arrangements closer to the time, along with the DFES Office and neighbouring Shires.

**Minute No: BFAC.287**

**Moved: Mr Aaron Smith**

**Seconded: Mr Rob Herzer**

**That Council note the Chief Bush Fire Control Officer Report as provided.**

**CARRIED 9/0**

The Chief Bush Fire Control Officer provided an overview of the report.

Discussion was held around farmer training and obligations as a result of the changes to legislation. The Chief Executive Officer advised that the Shire of Northam are currently seeking clarification from our insurer in relation to whether they fall under the Bush Fire Act or the Emergency Management Act as spontaneous volunteers. Once clarity is provided, information will be provided to the brigades and the community as we want to ensure there is coverage on both sides and that the farmers are clear where they stand. It was noted that this is the most pressing issue from the Shire's perspective prior to the bushfire season.

**7. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN**

**7.1 BURNING PERMITS ISSUED BY FCO'S**

**BACKGROUND**

During the recent restricted burning period, the Grass Valley BFB received negative feedback from several people regarding issuing of Permits to Burn. This was despite a motion being discussed at the BFAC meeting of December 2021 and two subsequent BFCO meetings discussing this topic.

This negative feedback was from permit applicants and FCO's.

- When informing the local FCO that burning was about to start, one applicant said he had applied for a permit from the Shire and this was not issued in a timely manner despite twice phoning the Shire and being assured it would be issued that day and this did not happen.
- An FCO was rung by an officer of the Shire at 4 pm on a Friday afternoon asking him to authorise a permit before the close of business that day. This would have required the FCO leaving what he was doing on his farm, driving to his house, print, sign and scan the form before forwarding it to the Shire. This short notice and last-minute scramble on a Friday afternoon is not acceptable. FCO's are volunteers and fit in bushfire obligations around their everyday business.
- In several cases the local FCO's were not issuing permits to people in their own geographic area. The first the local FCO knew that burning off was being carried out was smoke being seen. FCO's have been asked to issue permits outside their own areas by an officer of the Shire. Local knowledge is important to ensure the relevant conditions are applied to a permit. This local knowledge also allows the FCO to implement special restrictions against the applicant if required, from past experience.
- Permits had been issued with a local FCO being named on the permit but signed by somebody else with no knowledge of the FCO.
- Permits were being extended without first contacting the issuing FCO to see if the conditions on the permit were pertinent for another seven days.

**MOTION / COMMITTEE DECISION**

**Minute No: BFAC.288**

**Moved: Mr Mark Littlefair**

**Seconded: Mr Aaron Smith**

**That Council review the burning permit process and include;**

- **That the FCO authorise permits only in their own geographic area, the permit in their name and signed by them. If the FCO is unable to carry this out, the FCO must be contacted first before approaching another FCO.**
- **As part of the review consideration be given to a paper based permit system run in parallel with the web based system used by the Shire. The local FCO could write out and issue the permit, take a photo of it on their phone and send this to the Shire thus allowing for an instant update of the Shires list of permits issued.**
- **That a database be developed by the Shire to record both paper based permits and online permits.**
- **Allow FCOs access to the database of all permits issued, run at the Shire by either records or the CESM to record any permits that are issued.**
- **Permits could have the facility to be revalidated by signature endorsement of the issuing FCO should prevailing conditions be acceptable for an extension.**
- **Facility on the permit for the permit holder to sign to acknowledge that they have read the conditions of the permit.**

**CARRIED 9/0**

**OFFICERS COMMENT**

The process for permits is currently under review as part of Section 5 of the Shire of Northam Bushfires Manual.

The staff are working with the leadership team to develop a robust process that meets the legislated obligations of the organisation and balance this with the needs of the community.

The process once formalised will be communicated to all members once this has been endorsed.

Bush Fire Advisory Committee Meeting Minutes

## 9. GENERAL BUSINESS

### 9.1 STATUS OF INKPEN SHED

Clarification was sought in relation to whether the additional funds were approved. The Community Emergency Services Manager advised that this was approved however they identified that there was a generator on site which they wouldn't fund. This has triggered a discussion in relation to off grid power with back up storage. Officers are waiting for advice on whether the funding will cover this.

### 9.2 BRIGADE REPORT AT BFAC

It was raised whether the committee would be interested in a brigade update at the meetings which could be on a rolling schedule. The Chief Executive Officer advised that the committee would need to determine whether this provided any value.

Discussion was held around the general business agenda item. The Chief Executive Officer advised that Council establishes committees where it wants advice from a group which has experience / expertise in the subject matter. It was advised that general business is generally not supported as it does not give other committee members an opportunity to make an informed decision to Council when items are raised from the floor. It was raised that this type of "general discussion" might be better suited to being held after the meeting has concluded. The Senior Fire Control Officer advised that the value in general business is that it allows an item to be discussed and if further information or brigade engagement is required, the BFAC representative can take it back to brigade to expediate the process.

It was raised that there is an overlap between leadership group meetings and this committee. The Chief Executive Officer advised that the Committee's Terms of Reference can be provided however in summary the purpose of BFAC is to provide recommendations to Council on matters relating to bush fire. The BFAC is more strategic, and the leadership group is more operational. There could be operational matters which require a strategic decision which would then come to the BFAC.

### 9.3 FIREBREAKS

Whether the Shire will be lenient on firebreaks where an effort has been made. The Chief Executive Officer advised that the Shire would take a pragmatic approach. This is generally split into two categories, ones that we have issues with every year or someone we have never had an issue with. Where there has been no issues in the past, we will try to work with them to get it done as the outcome is what is important.

Bush Fire Advisory Committee Meeting Minutes  
13 September 2022

**9.4 FIRE BANS**

Clarification was sought in relation to what days over Christmas / New Year will have fire bans. The Chief Bush Fire Control Officer advised that the Leadership Group has had a discussion in relation to this and Australia Day. The group is currently exploring options and a motion will be presented to the November BFAC meeting.

**10. DATE OF NEXT MEETING**

**11. DECLARATION OF CLOSURE**

There being no further business, the Presiding Member, Mr Chris Marris declared the meeting closed at 6:27pm.

#### BRIEF

For the Council to assess the public submissions received in relation to the Wards and Representation Review and develop a position to recommend to the WA Local Government Advisory Board.

#### ATTACHMENTS

- Attachment 1: Memorandum to Chief Executive Officers on Local Government Reforms: Election Transition Arrangements (Election of the Mayor or President, and changes to Council size.
- Attachment 2: Discussion Paper.
- Attachment 3: Public Submissions.

#### A. BACKGROUND / DETAILS

It is a requirement of the Act to review the Shire of Northam ward and representation at least every eight (8) years. The last review undertaken by the Shire was in 2015 where the Shire decided to keep the status quo of four (4) wards and ten (10) Councillors.

At the Ordinary Council Meeting held on 15 June 2022 Council resolved to undertake a review of its current wards and representation and endorsed the Discussion Paper (attached).

On 3 July 2022, the Minister for Housing; Lands; Homelessness; Local Government announced the final package of proposed local government reforms with new requirements to be introduced (attached). The Department of Local Government, Sport and Cultural Industries (DLGSC) has completed an

initial review, and identified that the Shire of Northam may need to change to the direct election of the Mayor or President, and reduce the number of council members under the proposed reforms.

Council must consider whether it wishes to take the voluntary pathway and incorporate changes as part of the current review of its wards and representation or take the reform election pathway with changes being implemented through reform elections in 2023. Council is required to confirm its preferred pathway to the DLGSC by 28 October 2022.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Performance Area: Performance.

Outcome 13: A well informed and engaged community.

Objective 13.1: Provide strong, open and accountable leadership and be more visible and relevant for community members.

Objective 13.2: Engage the community about Shire projects, activities and decisions in a timely, open and effective manner.

### **B.2 Financial / Resource Implications**

There are no significant financial implications associated with the officer's recommendation. If Council endorses the recommendation there will be a small saving in Elected Member expenses.

### **B.3 Legislative Compliance**

*Local Government Act 1995 Schedule 2.2(6)*

*6. Local government with wards to review periodically*

*(1) A local government the district of which is divided into wards is to carry out reviews of —*

*(a) its ward boundaries; and*

*(b) the number of offices of councillor for each ward, from time to time so that not more than 8 years elapse between successive reviews.*

*(2) A local government the district of which is not divided into wards may carry out reviews as to —*

*(a) whether or not the district should be divided into wards; and*

*(b) if so —*

*(i) what the ward boundaries should be; and*

*(ii) the number of offices of councillor there should be for each ward, from time to time so that not more than 8 years elapse between successive reviews.*

Section 2.11. Alternative methods of filling office of mayor or president

- (2) A local government may change\* the method of filling the office of mayor or president used by the local government from the election by the council method to the election by the electors method.

\* Absolute majority required.

#### B.4 Policy Implications

Nil.

#### B.5 Stakeholder Engagement / Consultation

The consultation undertaken as part of this process was in accordance with the Communication Strategy Action Plan endorsed by Council at its meeting held on 15 June 2022. There was a mixed response from the community in relation to the preferred system with 14 of 19 responses preferring to maintain the current situation, four submissions preferred to dispense with wards and 1 submission preferred to create three wards.

The submissions from this consultation have been provided to Councillors as Attachment 3.

#### B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Nil.		
Health & Safety	Nil.		
Reputation	Negative media as a result of review outcome to wards and representation	Possible (3) x Minor (2) = Moderate (6)	Communicate the reasons for Council decision.
Service Interruption	Nil.		
Compliance	Compliance with legislation.		Undertake process in accordance with the requirements of the Local Government Act 1995.
Property	Potential to have a minor impact on property location	Possible (3) x Insignificant (1) = Low (3)	Make decision in accordance with the needs of the community.
Environment	Nil.		

#### B.7 Natural Environment Considerations

### C. OFFICER'S COMMENT

It is important to note that the sample sizes reflective of the community workshops and submissions are far smaller than what would be required to ensure that Council was absolutely confident that the responses were in fact representative of the broader community views. In saying this, it is the only empirical information available to Council and consequently must be given due consideration.

Obviously Council has a number of options available to it when it comes to the ward system. In the view of staff there were no submissions which were provided to Council that seemed to represent viable alternatives. Based on the discussion paper and submissions it is considered that Council has the following options to seriously consider;

- **Option 1 – Maintain current ward boundaries**

The current situation is as follows:

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%
East	552	1	1:552	27.44%
Town	4716	5	1:943	-23.99%
<b>TOTAL</b>	<b>7607</b>	<b>10</b>	<b>1:761</b>	<b>Not applicable</b>

The % ratio deviation gives a clear indication of the % difference between the average councillor/elector ratio for the whole local government and the councillor/elector ratio for each ward.

It can be seen that there is a significant imbalance in representation across the Shire with the west, central and east Wards being over represented and the town ward being under represented. A balanced representation would be reflected in the % ratio deviation being within plus or minus 10%.

If maintaining the current ward system is the desired outcome the issue of how to meet the plus or minus 10% tolerance to ensure balanced representation becomes problematic.

A range of scenarios to meet this objective have been assessed, however the only one which was close to meeting the representation objective was to increase the number of elected members;

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ratio	% Ratio Deviation
West	1176	2	1:588	-7.25%

Central	1163	2	1:582	-8.20%
East	552	1	1:552	-12.93%
Town	4716	7	1:674	5.93%
<b>TOTAL</b>	<b>7607</b>	<b>12</b>	<b>1:634</b>	<b>Not applicable</b>

An increase in elected member numbers is however not recommended for a number of reasons:

- It would not meet the required changes of the local government reform proposal which requires the Shire of Northam to reduce the number of council members.
  - It would increase the representation within the town ward to seven (7), or one for every elected member for every 674 electors, which does appear to be high.
  - There appears to be no other reason to increase numbers, other than to meet the objective.
  - It would, perhaps unnecessarily, increase costs for the Shire of Northam, estimated to be around \$50,000 p.a.
- **Option 2 – Create three wards**

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being under-represented.

Ward	Electors	9 Member Council			10 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1726	2	1:863	-2.10%	2	1:863	-13.45%
Central	4716	5	1:943	-11.59%	6	1:786	-3.33%
East	1165	2	1:583	31.08%	2	1:583	23.43%
<b>TOTAL</b>	<b>7607</b>	<b>9</b>	<b>1:634</b>		<b>10</b>	<b>1:761</b>	

The deviation ratio with nine Councillors in three wards is still too great while the deviation for 10 Councillors doesn't provide the correct percentages.

Ward	Electors	11 Member Council			12 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1726	3	1:575	16.80%	3	1:575	9.24%
Central	4716	6	1:786	-13.66%	7	1:674	-6.28%
East	1165	2	1:583	15.77%	2	1:583	8.11%
<b>TOTAL</b>	<b>7607</b>	<b>11</b>	<b>1:692</b>		<b>12</b>	<b>1:634</b>	

With eleven Councillors the deviation ratio is still too great and would not provide the equal distribution required. Whilst the deviation ratio with twelve Councillors is certainly closer, however this option is not recommended as per the reasons highlighted above for option 1.

- **Option 3 – Dispense with wards**

Removing all wards was suggested in both the submissions and through the consultation. As a concept though it did not receive widespread support through the consultation process.

The concerns raised with removing all wards centred on the lack of representation in the rural areas and the potential for the Shire of Northam to become overly Northam town site centric. Whether or not this concern would be realised is obviously an unknown, at least until the no ward system was tried. The thoughts of staff at this point are that given the way the organisation is moving this may not in fact be an issue in reality. In the past few years Council has certainly acknowledged a need to provide a greater focus on particular areas, which would be supportive of the rural community (such as gravel roads), the Council has also developed community plans for each of the smaller town sites in the Shire of Northam, to ensure they are developed in line with community expectation.

In contrast the Council received a number of submissions/comments in relation to the positives which would come out of removing all wards. The main benefit cited appeared to be on the understanding that it would actually assist in breaking down the barriers between the rural and town site communities and the suggestion that the current system was not overly effective in any case.

- **Option 4 – Create two wards (rural and town)**

Council could consider an alternative option which was not incorporated within the discussion paper to create two wards, being town ward and rural ward. This could use the current Town Ward boundary with a rural ward being made up of the current East, Central and West Ward. This boundary would represent a difference in community of interest and need. The following is an assessment of the proposal against the factors.

**Community of interest**

Creating two wards (town and rural) would definitely reflect various community of interest elements. It was apparent through the consultation period that the general needs and expectations coming from the rural wards differ from those in the town site.

**Physical and topographic features**

The town site boundary would be utilised as the ward boundary, hence it is a clear and distinguishable feature.

### Demographic trends

Not applicable

### Economic factors

Not applicable

### Ratio of councillors to electors

In order to achieve the ratio requirements of elected members to electors. Council would be required to reduce it elected members to 8 with 5 in the town ward and 3 in the rural ward. Alternative scenarios have been considered however this has resulted in a slight in balance with the ration deviation.

Ward	Electors	9 Member Council			9 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
Town	4716	5	1:943	11.59%	6	1:786	-6.98%
Rural	2891	4	1:723	-14.43%	3	1:963	13.96%
<b>TOTAL</b>	<b>7607</b>	<b>9</b>	<b>1:845</b>	<b>N/A</b>	<b>9</b>	<b>1:845</b>	

Ward	Electors	8 Member Council			7 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
Town	4716	5	1:943	-0.74%	4	1:1179	8.56%
Rural	2891	3	1:963	1.36%	3	1:963	-11.33%
<b>TOTAL</b>	<b>7607</b>	<b>8</b>	<b>1:950</b>	<b>N/A</b>	<b>7</b>	<b>1:1086</b>	<b>N/A</b>

The concern with regards to a two ward system are more around whether it would further promote or encourage a divide in some segments of the community around the town vs rural issue.

It has been confirmed by DLGSC that the Board will be reluctant to recommend (to the Minister) changes to ward boundaries and representation that result in ward councillor/elector ratios that are greater than plus or minus 10% unless exceptional circumstances apply.

Based on all of the information which has been provided and assessed, staff are recommending that the Council create a rural and town ward and reduce elected member numbers from 10 to 9 in the 2023 elections (5 town, 4 rural) and 8 in the 2025 elections (5 town, 3 rural). Establishing these boundaries with the intent to reduce numbers to 8 ensures compliance with the councillor/elector ratio and provides balanced representation which is unable to be achieved with the alternative options.

If the Council were to consider removing all wards the matter of how to implement this would need to be given consideration. This is in the context of how to fill the vacancies of elected members. There are two options available to Council, being a complete spill of all positions or simply following the current election cycle for positions. Should Council support the removal of wards it

would be logical to simply continue with the existing election cycles, and rather than have five vacancies in 2022, there would simply be four as Council is required to reduce its numbers by at least 1. This would also ensure that strong rural representation is present for at least the next election cycle, with **two rural councillors** not due for re-election until 2025.

#### RECOMMENDATION

**That Council change the method of filling the office of President from the election by council method to the election by the electors method.**

**ABSOLUTE MAJORITY OF SIX (6) REQUIRED**

#### RECOMMENDATION

**That Council recommends to the Local Government Advisory Board that:**

- 1. An order be made under s 2.18 (3) of the Local Government Act 1995 to reduce the number of offices of councillor on the Council from ten (10) to nine (9) **being five (5) town and four (4) rural councillors**, effective from the October 2023 elections.**
- 2. An order be made under s 2.18 (3) of the Local Government Act 1995 to reduce the number of offices of councillor on the Council from nine (9) to eight (8) **being five (5) town and three (3) rural councillors**, effective from the October 2025 elections.**
- 3. An order be made under s 2.2 (1) to change the boundaries of the wards to create two wards comprising of the existing town ward and creating a rural ward comprising of the existing east, central and west wards.**
- 3. The current election cycle be maintained with four (4) vacancies in 2023 and four (4) in 2025 etc.**

20 September 2022

Dear Local Government Chief Executive Officers

**MEMORANDUM TO CHIEF EXECUTIVE OFFICERS**  
**LOCAL GOVERNMENT REFORMS: ELECTION TRANSITION ARRANGEMENTS**  
**(ELECTION OF THE MAYOR OR PRESIDENT, AND CHANGES TO COUNCIL SIZE)**

On 3 July 2022, I announced the final package of proposed local government reforms, following a review of public submissions. As part of the reforms to strengthen local democracy and increase community engagement, new requirements will be introduced to provide for:

- The introduction of optional preferential voting;
- Directly elected Mayors and Presidents for band 1 and 2 local governments;
- Councillor numbers based on population; and
- The removal of wards for band 3 and 4 local governments.

Work on a Bill to amend the *Local Government Act 1995* (the Act) is ongoing, and a Bill is expected to be introduced into Parliament in early 2023.

Many of the reform proposals related to council representation are based on recent trends, and are intended to provide greater consistency between districts. Accordingly, for more than half of all local governments across Western Australia, the reforms will not require any specific change to the size or structure of the council.

However, the reform proposals do require some local governments to:

- Reduce the number of elected members on council in accordance with population thresholds; or
- Change from a council elected mayor or president to a directly elected Mayor or President (this reform affects only band 1 and 2 local governments); or
- Abolish wards (for band 3 and 4 local governments with wards); or
- Implement more than one of the above.

The Amendment Act will also provide that optional preferential voting will apply for all local government elections. As you may know, optional preferential voting means that all electors have the choice to number preferences for as many or as few candidates as they wish to.

I appreciate the significant interest in the reform proposals, and transitional arrangements for the upcoming 2023 ordinary elections. Many councils have expressed a proactive intent to implement reforms as early as possible.

Level 7, Dumas House, 2 Havelock Street, West Perth, WA, 6005  
Telephone: +61 8 6552 5300 Facsimile: +61 8 6552 5301 Email: [minister.carey@dpc.wa.gov.au](mailto:minister.carey@dpc.wa.gov.au)

I also acknowledge that, for some local governments, it may be desirable to implement changes to the size of the elected council over two ordinary election cycles.

**The Department of Local Government, Sport and Cultural Industries (DLGSC) has completed an initial review, and identified that your local government may need to change to the direct election of the Mayor or President, and reduce the number of council members under the proposed reforms.**

The Act already provides that local governments may:

- Resolve, by absolute majority of the council, to change the method of filling the office of the Mayor or President to a direct vote by the electors of the district, and
- Initiate proposals to change arrangements related to the size or structure of the council through a Ward and Representation Review.

Accordingly, I write to advise of two pathways your local government may consider for making these election transition arrangements.

#### **Voluntary Pathway**

Your local government may formulate a plan to implement these changes on a voluntary basis. This pathway will require your local government to make the steps outlined below, and could involve staging any larger changes in the number of councillors over two ordinary elections. This pathway provides the greatest possible lead time to plan for next year's ordinary elections.

If your council wishes to undertake this process, it should, by 28 October 2022:

- Advise the DLGSC of its intention to undertake a voluntary process. This advice should include a high-level plan outlining the potential changes to be implemented for the ordinary elections to be held in 2023 (and in 2025, if applicable);
- Pass a resolution to change the method of electing the Mayor or President to a direct vote by the electors of the district under section 2.11(2) of the Act; and
- Initiate a Ward and Representation Review to determine the specific changes to the structure of the council for the 2023 and 2025 ordinary elections, to be completed by 14 February 2023.

I appreciate that significant effort is required to complete a Ward and Representation Review. The Ward and Representation Review would need to be initiated ahead of the 28 October 2022 date, and finalised by 14 February 2023, to ensure that the timeframes set out in the Act can be practically met. While the Ward and Representation Review can consider the size of the council, and any wards, any changes should not diverge from the proposed reforms.

Further information is attached to this letter to assist with this process.

#### **Reform Election Pathway**

Alternatively, it is intended that the Amendment Act will provide for all changes to be implemented through reform elections in 2023. This pathway would provide that all of the council offices can be declared vacant, all wards (if applicable) can be abolished, and the number of council offices would be set based on the reform proposals.

Elections would then be held to fill all council offices, with a split between two and four year terms as might be necessary to re-establish an ordinary election cycle. The newly-elected council would then be able to consider whether to establish new wards, through a future Ward and Representation Review.

Your council may specifically decide to follow the Reform Election Pathway. If this is the council's intention, I request that you advise the DLGSC by 28 October 2022.

It is also intended that the Amendment Act will contain provisions for the Reform Election Pathway to apply if a local government:

- Does not advise of an intention to follow the Voluntary Pathway, or
- Decides to follow the Voluntary Pathway, but does not suitably complete a Ward and Representation Review by the dates outlined in this letter.

#### **Next Steps**

In line with the above, I request that the council considers these matters, and provides formal written advice on the preferred pathway to the DLGSC by 28 October 2022. Given the timeframes already established in the Act, no extension to the dates specified in this letter will be possible.

The DLGSC is available to assist with these election transition arrangements. If you require any assistance, please contact Ms Julie Craig, Strategy and Research Officer, on 6552 7300 or at [advisoryboard@dlgsc.wa.gov.au](mailto:advisoryboard@dlgsc.wa.gov.au).

I have also written a formal letter to the Mayor or President of your local government, which contains the same information as this memorandum. That letter should be received shortly.

Yours sincerely

HON JOHN CAREY MLA  
MINISTER FOR LOCAL GOVERNMENT

Att: Timeline and steps – local government ward and representation reviews

### Timeline and steps – local government ward and representation reviews

The following steps will need to occur to allow all required local governments to meet the **30 June 2023** timeframe of publication in the Government Gazette of any proposed ward and representation review changes, ahead of the October 2023 local government elections. Please note that all stages that are currently followed for 'regular' reviews are included below.

Table 1 includes suggested timeframes which will need to be considered by all local governments that will be required to undertake a review ahead of the October 2023 elections.

All local governments should aim to have their completed reviews submitted to the Local Government Advisory Board (the Advisory Board) by no later than **14 February 2023**.

**Table 1 – proposed timeframes for local government actions**

<b>Due date (latest possible)</b>	<b>Requirements/actions</b>
28 October 2022	Council resolves to undertake a ward and representation review A comprehensive discussion paper is developed
December 2022	Completion of six week consultation period
December 2022 - January 2023	Draft review report is prepared, considered and adopted by council
14 February 2023	Formal review report is submitted to the Advisory Board

Please note that the above dates are suggestions only, as each council will have to consider their own calendars for their monthly meetings.

## Attachment 2 – Discussion Paper.

### Review of Wards and Representation Discussion Paper 2022

The Shire of Northam has resolved to undertake a review of its ward system to comply with the requirements of the *Local Government Act 1995* (the Act).

Schedule 2.2 of the Act requires local governments with wards to carry out reviews of the ward boundaries and the number of Councillors for each ward from time to time so that no more than eight years elapse between successive reviews.

The last review of wards in the Shire of Northam was undertaken in 2014/15 and it is now appropriate to carry out another review.

#### Current Situation

Currently the Shire of Northam has ten (10) Councillors elected from four (4) wards as follows:

#### Shire of Northam Elector to Councillor ratios - current

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%
East	552	1	1:552	27.44%
Town	4716	5	1:943	-23.99%
<b>TOTAL</b>	<b>7607</b>	<b>10</b>	<b>1:761</b>	<b>Not applicable</b>

The % ratio deviation gives a clear indication of the % difference between the average Councillor to Elector ratio for the whole local government and the Councillor/Elector ratio for each ward.

It can be seen that there is a significant imbalance in representation across the Shire with the West, Central and East Wards being over-represented and the Town Ward is under-represented. A balanced representation would reflect only a plus or minus deviation of 10%.

A map showing the ward boundaries is attached.

#### Review Process

The review process involves a number of steps:

1. The Council resolves to undertake the review
2. Public submission period opens
3. Information provided to the community for discussion
4. Public submission period closes
5. The Council considers all submissions and relevant factors and makes a decision
6. The Council submits a report to the Local Government Advisory Board (the Board) for its consideration
7. If a change is proposed, the Board submits a recommendation to the Minister for Local Government (the Minister).

Any changes approved by the Minister will be in place for the next ordinary election in 2023 where possible.

### **Factors to be considered**

When considering changes to wards and representation, Schedule 2.2 of the Act specifies five factors that must be taken into consideration by the local government as part of the review process:

1. Community Interest
2. Physical and topographic features
3. Demographic trends
4. Economic factors
5. Ratio of Councillors to Electors in the wards

The Board offers the following interpretation of these factors.

#### **1. Community Interest**

The term community interest has a number of elements. These include a sense of community identity and belonging, similarities in the characteristics of the residents of a community and similarities in the economic activities. It can also include dependence on the shared facilities in a district as reflected in the catchment areas of local schools, volunteer groups and sporting teams, or the circulation areas of local newspapers. Neighbourhoods, suburbs and towns are important units in the physical, historical and social infrastructure and often generate a feeling of community and belonging.

#### **2. Physical and topographic features**

These may be natural or man-made features that will vary from area to area. Water features such as rivers and catchment boundaries may be relevant considerations. Foothills regions, parks and reserves may also be relevant as may other man-made features such as railway lines and highways.

#### **3. Demographic trends**

Several measurements of the characteristics of human populations, such as population size, and its distribution by age, gender, occupation and location provide important demographic information. Current and projected population characteristics will be relevant as well as similarities and differences between areas within the local government.

#### **4. Economic factors**

Economic factors can be broadly interpreted to include any factor that reflects the character of economic activities and resources in the area. This may include the industries that occur in a local government area (or the release of land for these) and the distribution of community assets and infrastructure such as road networks.

#### **5. Ratio of Councillors to Electors in the wards**

It is expected that each local government will have similar ratios of Electors to Councillors across the wards of its district. A balanced representation would be reflected in the ratio deviation being plus or minus 10% for all wards.

### Options to consider

The Council will consider the following options and members of the community may suggest others:

- Option 1:** Maintain the current ward system
- Option 2:** Create three wards (East, West and Central) using the areas of economic activity boundaries with Central Ward being the Town Ward.
- Option 3:** Dispense with wards

The attached map indicates the options as noted above.

Also under consideration will be the number of Councillors for each ward and the district.

As an example, you may consider that fewer Councillors will provide a good representation and may result in financial savings and more effective and efficient decision making.

The names of the wards will also be considered, rather than using West, East, Town and Central you may wish to use the traditional Aboriginal names for localities, or the names of the pioneering families in the district.

### Public submissions

Members of the community are invited to make a written submission about any aspect of ward boundaries and representation and lodge it at:

Shire of Northam  
395 Fitzgerald St, OR  
PO BOX 613  
NORTHAM WA 6401  
Email: [records@northam.wa.gov.au](mailto:records@northam.wa.gov.au)

All submissions must be received by 5pm on .....

Thank you for your interest and involvement in this review. Council welcomes your comments on any matters that may assist it to make informed and responsible decisions for the benefit of the people of the Shire of Northam.

SHIRE PRESIDENT  
CHRISTOPHER ANTONIO

CHIEF EXECUTIVE OFFICER  
JASON WHITEAKER

## ASSESSMENT OF OPTIONS

### FEATURES OF THE DISTRICT

#### Community of Interest

Northam townsite is the commercial and service centre of the district and is used by residents from not only the Shire of Northam but surrounding districts.

Northam Education Centres:

- two high schools (year 7 to year 12)
- four primary schools (kindergarten to year 6)
- two pre-kindergarten
- one early learning centre
- one education support centre
- Central Regional TAFE
- Muresk Institute (WA Government, Department of Training and Workforce Development).

Northam also supports an aquatic centre, recreation centre, library, town hall, sporting groups, emergency services and other volunteer groups.

Northam offers a wide variety of services including a caravan park, shopping, dining, hotels, plumbing, electrical, building, maintenance, vehicle purchase and maintenance, hospital, medical and dental, optometry, podiatry, hearing, veterinary, Bilya Koort Boodja, service stations and funeral services.

Bakers Hill town site offers shops, dining, veterinary, one primary school (kindergarten to year 6), out of school hours care, recreation centre, sporting groups, volunteer groups, volunteer bush fire brigade, hotel and a brewery. An RV overnight stay is also proposed to be developed.

Wundowie town site provides RV overnight stay, library, shopping, emergency services (Volunteer Fire and Rescue and Volunteer Bush Fire Brigade), volunteer groups, primary school (kindergarten to year 6), early learning, medical centre and a town hall.

Outside the main town sites there are communities of interest which include local halls, broad acre farming and pastoralists, community groups and Volunteer Bush Fire Brigades.

#### Physical and topographic features

The Shire of Northam has four main arterial roads:

- Great Eastern Highway which bisects the district
- Northam-Toodyay Road running north from the Highway
- Northam-York Road running south east from the Highway
- Northam-Pithara Rd running north east from the highway

The river bisects the district from west to east.

#### Demographic trends

In 2016 the population of the Shire of Northam was 11,112. Despite new infrastructure and the rise in profile of the Shire over the last five years, the population has increased

slightly in 2021 with the resident population numbered at 11,358 and a population density of 7.51 persons per square kilometre over an area of 1,432 square kilometres.

From June 2020 to June 2021, population growth has occurred as follows:

- Bakers Hill 0.36%
- Wundowie 0.08%
- Northam 0.51%
- Rural Districts 0.28%

### Economic factors

The Shire of Northam has provided economic growth with a new location for Coles, new businesses such as Aldi, Spud Shed, Dome, Lume and KFC as well as new shops in the Boulevard and the Coles complex. Farming and agriculture also play a high part in the economic structure of Northam as does the light industrial areas.

### Ratio of Councillors to Electors

This is the current situation:

Ward	Number of Electors	Number of Councillors	Councillor to Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%
Central	1163	2	1:582	23.56%
East	552	1	1:552	27.44%
Town	4716	5	1:943	-23.99%
<b>TOTAL</b>	<b>7607</b>	<b>10</b>	<b>1:761</b>	<b>Not applicable</b>

The % ratio deviation gives a clear indication of the % difference between the average Councillor to Elector ratio for the whole local government and the Councillor/Elector ratio for each ward.

It can be seen there is a significant imbalance in representation across the Shire with the West, Central and East Wards being over-represented and the Town Ward, under-represented. A balanced representation would reflect only a plus or minus deviation of 10%.

A comparison with surrounding and similar local government areas is provided below:

Collie	6443	11	1:586
Mundaring	7231	12	1:603

### Option 1 – Maintain current ward boundaries

The following is an assessment of the current situation against the factors.

#### Community Interest

Ward boundaries do not reflect town or rural interests or current economic activities.

#### Physical and topographic features

Ward boundaries do not reflect physical or topographic features. Refer to Attachment 3.

#### Demographic trends

Ward boundaries do not reflect demographic trends and are not determined by population characteristics

#### Economic factors

Ward boundaries do not reflect economic activities. The wards are economically diverse with light industrial and commercial areas.

#### Ratio of Councillors to Electors

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being under-represented.

For comparison below is 10 Councillors for the four wards, and nine Councillors for four wards

Ward	Number of Electors	10 Member Council			9 Member Council		
		Number of Councillors	Councillor or to Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1176	2	1:588	22.70%	2	1:588	30.43%
Central	1163	2	1:582	23.56%	2	1:582	31.20%
East	552	1	1:552	27.44%	1	1:552	34.69%
Town	4716	5	1:943	-23.99%	4	1:1179	-39.49%
<b>TOTAL</b>	<b>7607</b>	<b>10</b>	<b>1:761</b>		<b>9</b>	<b>1:845</b>	

The following comparison is with 11 and 12 Councillors for the four wards

Ward	Electors	12 Member Council			11 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1176	2	1:588	7.24%	2	1:588	14.97%
Central	1163	2	1:582	8.27%	2	1:582	15.91%
East	552	2	1:276	56.46%	1	1:552	20.18%
Town	4716	6	1:786	-23.99%	6	1:786	-13.66%
<b>TOTAL</b>	<b>7607</b>	<b>12</b>	<b>1:634</b>		<b>11</b>	<b>1:692</b>	

In the 12 Member Council comparison an extra Councillor was added to East ward and to Town ward which created an even greater ratio deviation. It is noted in the 11 Member Council comparison that whilst increasing the number of Councillors in the Town ward to six and leaving East ward at one improves the ratio deviation closer it is still not within recommended levels.

### Option 2: Create three wards

To assess the situation if the Shire created three wards (East, West and Central) using the areas of economic activity boundaries with Central Ward being the former Town Ward. The following is an assessment against the factors.

#### Community Interest

All wards share a common community of interest overall as containing residential townsites and services including schools and recreational facilities. The Central ward is predominately residential and is made up of the regional service centre of the Avon Valley and Central Wheatbelt. The East and West Wards contain smaller residential areas. All wards are economically diverse with agriculture, industrial and commercial activities.

#### Physical and topographic features

Wards would be more distinguishable with the West ward bounded by its usual western end with the new part of the boundary being near Chitty Road, Toodyay-Northam Road, the west side of Spencers Brook Road, and Spencers Brook -York Road to Leaver Road. East ward would be bounded by new location of east of Spencers Brook-York Road, Spencers Brook Road. Central (formerly Town) would remain the same taking the greater number of Electors. Refer to Attachment 3.

#### Demographic trends

Ward boundaries do not reflect demographic trends.

#### Economic factors

Ward boundaries do not reflect economic activities. The wards are economically diverse with light industrial and commercial areas.

#### Ratio of Councillors to Electors

There is a significant imbalance in representation across the Shire with the West, Central and East wards being over-represented and the Town ward being under-represented.

Ward	Electors	9 Member Council			10 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1726	2	1:863	-2.10%	2	1:863	-13.45%
Central	4716	5	1:943	-11.59%	6	1:786	-3.33%
East	1165	2	1:583	31.08%	2	1:583	23.43%
<b>TOTAL</b>	<b>7607</b>	<b>9</b>	<b>1:634</b>		<b>10</b>	<b>1:761</b>	

The deviation ratio with nine Councillor in three wards is still too great while the deviation for 10 Councillors doesn't provide the correct percentages.

Ward	Electors	11 Member Council	12 Member Council
------	----------	-------------------	-------------------

		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
West	1726	3	1:575	16.80%	3	1:575	9.24%
Central	4716	6	1:786	-13.66%	7	1:674	-6.28%
East	1165	2	1:583	15.77%	2	1:583	8.11%
<b>TOTAL</b>	<b>7607</b>	<b>11</b>	<b>1:692</b>		<b>12</b>	<b>1:634</b>	

With eleven Councillors the deviation ratio is still too great and would not provide the equal distribution required. Whilst the deviation ratio with twelve Councillors is certainly closer, however the cost of having two extra Councillors would have to be considered.

### Option 3: Dispense with wards

The following is to explore an assessment of dispensing with wards and the effect that may have on the service provided to Electors.

#### Community Interest

Community interests are not reflected by the local government boundaries. There are commonalities in the communities of interest across the Shire. This includes the dependence of shared facilities including schools, recreational facilities, and sporting teams.

#### Physical and topographic features

The district boundaries do not follow topographical or physical features.

#### Demographic trends

The major growth is within the town areas with some growth in smaller hobby farms in the regional areas.

#### Economic factors

District boundaries do not reflect areas of economic activities as the Shire is economically diverse geographically with light industrial/commercial areas and education facilities.

#### Ratio of Councillors to Electors

This option results in the following:

Ward	Electors	8 Member Council			9 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
<b>TOTAL</b>	<b>7607</b>	<b>8</b>	<b>1:951</b>	0.00%	<b>9</b>	<b>1:845</b>	0.00%

Ward	Electors	10 Member Council			11 Member Council		
		Number of Councillors	Elector Ratio	% Ratio Deviation	Number of Councillors	Elector Ratio	% Ratio Deviation
<b>TOTAL</b>	<b>7607</b>	<b>10</b>	<b>1:761</b>	0.00%	<b>11</b>	<b>1:692</b>	0.00%

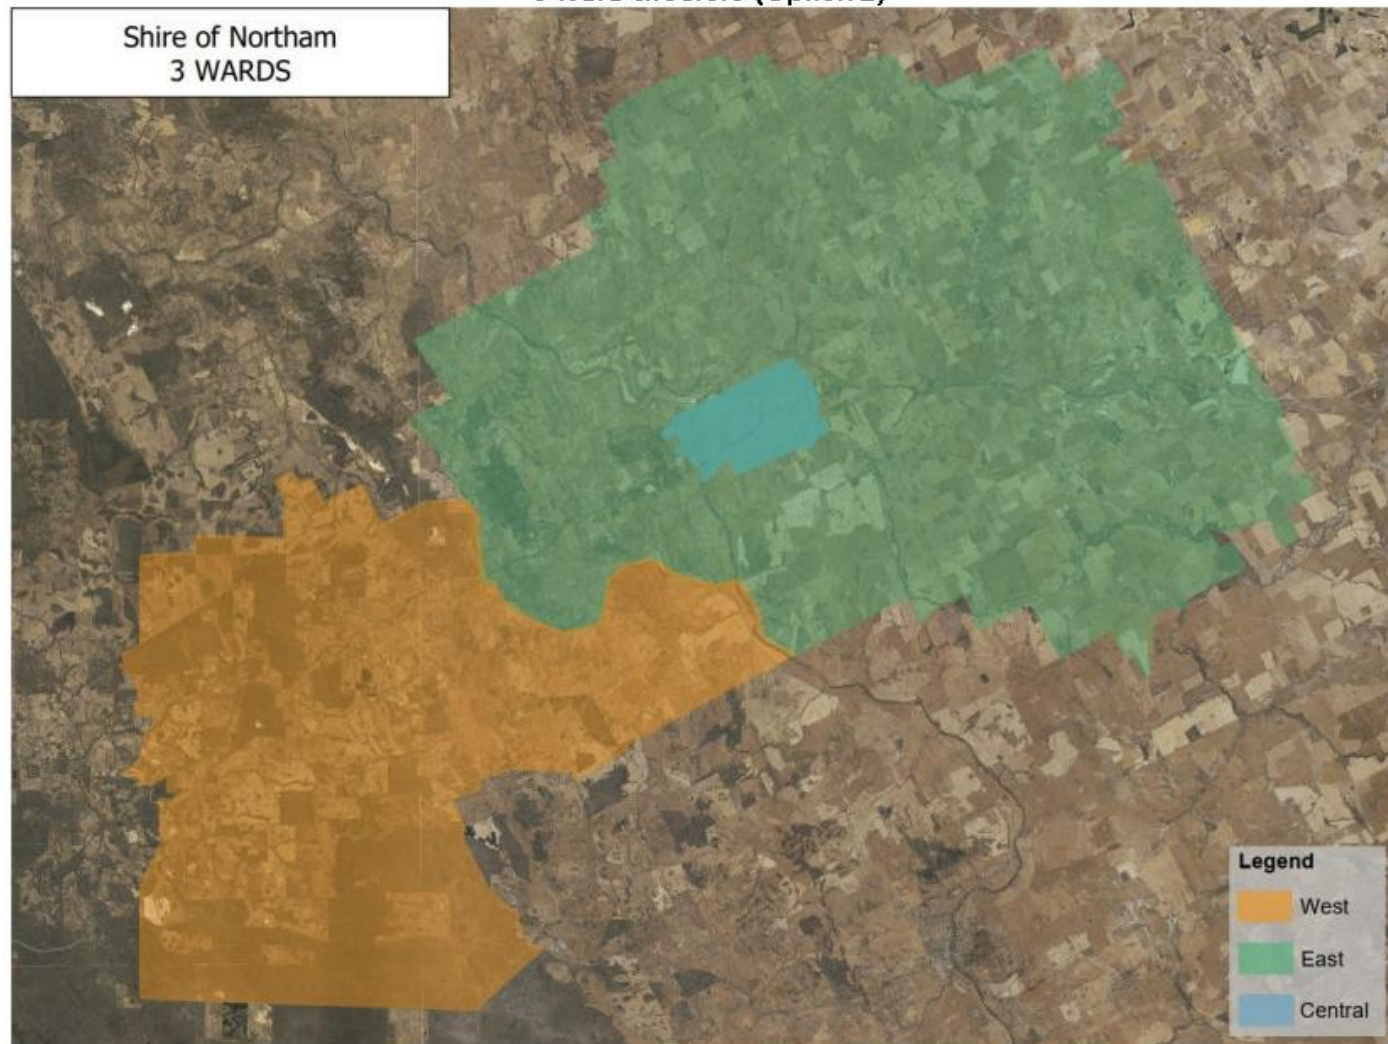

This option results in a balanced representation across the Shire. The eight Councillor option would provide the most financial savings and could lead to more efficient and effective savings.

Maintain the current situation (10 Councillors from 4 wards)	The current wards have different needs and need to continue to have equal representation.
Dispense with wards	In my opinion, the ward system should be abolished. Under the Local Government Act, once Councillors are elected to Council, they are required to represent "the people of the district" i.e. the entire Shire and not the electors from their particular electoral ward. The Shire of Northam is relatively small by area and population in the overall scheme of things and I believe Councillors should be acting in the interests of all of the Shire, not just their particular electoral ward. Being elected from the entire Shire should give the required authority to represent the district. It might be different if an elected member was "entitled" to represent just their ward but that is not the case.  Regarding the number of elected members, I believe the number should be an odd number and I believe that number should be 7. An even number of Councillors means that a tied vote at meetings is more likely, needing the casting vote of the President to resolve contentious issues. The occasional absence of elected members on leave of absence etc. will mean that an even number at a Council meeting will occasionally occur but that cannot be helped. 7 elected members should also be sufficient to attend to all district matters including committees etc. Elected members are paid a reasonable remuneration so should expect their time to devote to Council matters to be comparatively significant.

Maintain the current situation (10 Councillors from 4 wards)	
Maintain the current situation (10 Councillors from 4 wards)	
Dispense with wards	The current ward system fails to meet a basic principle of Australian politics, proportional representation. Five Counsellors in the Town ward represent sixty per cent of the electors, where as five counsellors in the remaining wards represent only forty percent of the electors. Taken individually the current three country wards are even further out of balance and do not meet the plus or minus ten percent guideline.  There are two ways this can be addressed;  1/ No wards. This is the best choice for several reasons. Counsellors are supposed to represent all rate payers, regardless of wards. In practice this seldom happens with Counsellors concentrating on the people who vote for them. No wards would oblige all counsellors to pay more attention to their whole of Shire responsibilities as they would rely on votes from the whole Shire to be elected.  2/ One country ward and one town ward. This would allow a proportional representation with four country counsellors and six town. It would also allow country and town electors to select their own representatives.  Changing future demographics could unbalance option two, however option one, no wards, will always give proportional representation into the future and be the final step in a complete amalgamation.  Election of a President Currently electors have no say in the election of a President. I submit that this needs to be changed to the option where the president is directly elected by the electors. The president represents everyone in the community and should have their endorsement. The current system of Council electing the President is weak. No councillor runs for the office of president but one must take the position. Such a small pool of candidates may not contain a person with the ability or desire to successfully carry out the role. Candidates for a Presidential election can also nominate for the position of Councillor so there is no danger of unsuccessful Presidential candidates missing out on a position on Council.
Maintain the current situation (10 Councillors from 4 wards)	Firstly, having spoken to quite a few members of our community they expressed their disappointment at not having received any information from the Shire with regard to this. I know it was on your website but unfortunately many people do not access this media. With such an important subject perhaps this information could have been put out to ratepayers in hard copy.  On behalf of the Clackline Progress Association, who discussed the matter recently, we wish to submit the following -  Our choice would be Option 1 for the following reasons:  Our opinion is "If it is working and not broken - why change it". The general feeling of the members of the Association is that everything appears to be working even though there is sometimes disagreement with choices. We do feel that with the present set up both the town people and the rural people get to put their points forward for discussion.  There is no reason to change the names of the wards either.  Another point would be to ensure the councillors elected to each ward are actually involved in that area.
Maintain the current situation (10 Councillors from 4 wards)	The Clackline Progress Association is writing to you as well as emailing to make sure our voice is heard. We write to you on behalf of electors in our locality to advise that Option 1 to maintain current ward system is essential for the area. Regrettable many electors in the ward have not had access to information to make a submission as internet access is not available to all electors.
Maintain the current situation (10 Councillors from 4 wards)	I need a map with street/roads marked and boundaries so I can consider option 2. When it comes to ratepayers voting, there are 1,825 more voters in the town than in the rural area. Therefore what the town wants it will get.
Other (detailed below)	Increase ward representation from non-Northam town regions.
Maintain the current situation (10 Councillors from 4 wards)	As I remember at amalgamation the wards would stay as they were. As it is the East, West and Central Ward are still under represented.
Maintain the current situation (10 Councillors from 4 wards)	Current situation works well and ensures that all ratepayers receive fair representation.

- Amenity impacts;
- Vehicle access and car parking;
- Flooding; and
- Precedent and impacts of an approval.

#### Compatibility and Amenity Impacts

The assessment of this application indicates that the development proposal is compatible with the objectives of the Residential zone, the existing and future character of the neighbourhood. The proposed type and scale of the Home Business is not considered to result in adverse impacts on the amenity of the locality.

The applicant has advised the following additional information in response to the concerns raised as follows:

- *Only one client will be there at a time and stay for around 2 hours*
- *She resides at the house, as her primary residence*
- *No more than 2-3 clients per day. Clients will not overlap, there is a 15-minute gap between clients*
- *One client at a time can park in the driveway*
- *No noise, daytime appointments only*
- *If the business expanded, I would seek another venue*
- *Promotion is via a website. No signs on the verge*

Under Clause 4.35 of LPS 6, there are specific provisions relating to Home Business and include the following: -

- A Home business shall not be transferred or assigned to any other person, and shall not be transferred from the land in respect of which it is granted (clause 4.35.2)
- Can be rescinded if it causes a nuisance or annoyance to owners or occupiers of land in the locality (clause 4.35.3).
- May be subject to an annual permit (clause 4.35.4)

#### Access and Parking

In relation to car parking, the assessment indicates that the existing vehicular access and driveway are adequate for the proposed use. The existing driveway located on the corner of Broome Terrace and Hampton Street and is suitable for the low scale use proposed.

#### Flooding

The property is flood prone and is located in Special Control Area No. 1 (Avon & Morlock Rivers). Under the Scheme provisions the resident is the home business operator and will be on-site whilst clients are at the premises and will be responsible for client safety and evacuation.

#### Conclusion

In the Officer's opinion the proposal is consistent with the Scheme provisions. The Home Business comprises use of one room within the existing dwelling with limited clients per day.

The Officer is recommending that the application be conditionally approved for a period of 12 months to enable the Applicant to demonstrate the Home Business can operate within the size limitation and without detrimental impacts.

#### BRIEF

A request for comments has been received from the Department of Planning, Lands and Heritage (DPLH) regarding the proposed transfer of land under the South West Native Title Settlement.

This request relates to various sites adjoining the Avon River within the Northam Townsite.

Council has considered other similar requests at its meetings October 2021 Ordinary Meeting (4325) where it resolved, *in regard to the transfer of land under the South West Native Title Land Settlement:*

- 1. Advises the Department of Planning, Lands and Heritage that the Shire of Northam is NOT supportive of the transfer of 914 20190312\_SWALSC\_Whadjuk\_Northam\_OT\_Freehold 11607571 Crown Land 501 DP52914 SHINGLE HILL RD, BAKERS HILL, to the Noongar people.*
- 2. Advises the Department of Planning, Lands and Heritage that the Shire of Northam is generally supportive of the transfer of all other identified land to the Noongar people if the land is unallocated Crown Land, unmanaged reserves, land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority or the State government, and the proposed use is consistent with the Shire of Northam Local Planning Strategy and Scheme No. 6.*
- 3. Receives further reports for consideration for proposals affecting land owned or held by the Shire of Northam, including managed reserves.*
- 4. Requests the Department of Lands, Planning & Heritage to build in further general public consultation prior to making final determinations on transfers."*

This Item is presented for consideration in accordance with Council's resolution.

### A. BACKGROUND / DETAILS

DPLH have provided the following information:

"The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy ([Annexure J to the ILUAs](#)). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

Over the next five years, DPLH will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the DPLH involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities."

## B. CONSIDERATIONS

### B.1 Strategic Community / Corporate Business Plan

Theme Area: Governance & Leadership

Outcome: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

Objective: Effective and efficient two-way communication between the Shire of Northam and stakeholders.

### B.2 Financial / Resource Implications

There does not appear to be any financial implications associated with this stage of the proposal.

### B.3 Legislative Compliance

The provisions of the Shire of Northam Local Planning Scheme No. 6 have been considered in the recommended responses.

### B.4 Policy Implications

There are no policy implications associated with this proposal.

### B.5 Stakeholder Engagement / Consultation

DPLH have consulting stakeholders. No Shire requirements.

### B.6 Risk Implications

Refer to Risk Matrix [here](#).

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	N/a	N/a	N/a
Health & Safety	N/a	N/a	N/a
Reputation	N/a	N/a	N/a
Service Interruption	N/a	N/a	N/a
Compliance	Response not provided as required.	Minor (2) x Low (4) = Unlikely (2)	Ensure response is provided by due date.
Property	N/a	N/a	N/a
Environment	Ensure native vegetation is protected.	Minor (2) x Low (4) = Unlikely (2)	Ensure zoning or reservation is appropriate to protect vegetation.

## C. OFFICER'S COMMENT

DPLH have requested the Shire to consider the following points when providing comments on the proposed land transfer:

1. Is the Town supportive of the transfer of this land to the Noongar People under the Settlement?
2. Does the Town have any interest in the land?
3. Does the Town have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
4. Is the land parcel subject to a mandatory connection to services?
5. Are any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?
6. Are there any future proposals for adjoining land that may affect the land identified in the spreadsheet? If so, in what timeframe?
7. Please advise of any proposed planning scheme amendments that may affect the zoning of this land at a State or Local government level. If a scheme amendment is to occur, what is the change proposed and when will it come into effect?
8. Please advise of any known land management issues such as site contamination, hazards, debris or rubbish dumping, unauthorised land use and environmental considerations (such as inundation or similar site constraints).
9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

The majority of the subject sites adjoin the Avon River within Northam Townsite. Whilst the land is unallocated crown land (UCL), at present unrestricted public access is available to the river foreshore land, including along existing public trails. The sites identified include the main reclaimed water supply line and a portion of the old landfill site which requires rehabilitation.

This request is seeking significant foreshore sites (**Refer Attachment 1**) to be transferred as a Reserve with power to lease. The key concerns identified are the potential impacts or restrictions to public access to the foreshore or river edge, maintenance of the existing assets, and requirement for land rehabilitation of the old landfill site. Initial discussions have been undertaken with officers at DPLH, however no further information is available on the above matters raised.

The spreadsheet attached to this Report details the proposed land to be transferred and the Shire's responses to the above questions.

#### **RECOMMENDATION**

**That Council, in regard to the transfer of land under the South West Native Title Land Settlement:**

1. Advises the Department of Planning, Lands and Heritage that the Shire of Northam DOES NOT support the transfer of Land as listed below, pending further information on: -
  - a. Crown Land PIN 11804068 *\_SWALSC-Ballardong-Northam to the Noongar people, – NOT supportive of the transfer and seeks further information on (1) future public access, (2) maintenance of main reclaimed water supply line, (3) Stabilisation of the western side bank area (western) (4) rehabilitation of old landfill*
  - b. Crown Land PIN 11804070 *\_SWALSC-Ballardong-Northam to the Noongar people - NOT supportive of the transfer and seeks further information on (1) public access including river bank (2) fire mitigation action*
  - c. Crown Land PIN 11804063 *\_SWALSC-Ballardong-Northam to the Noongar people - NOT supportive of the transfer and seeks further information on (1) public access including river bank (2) fire mitigation action*
  - d. Crown Land PIN 457231 *\_SWALSC-Balladong-Northam to the Noongar people NOT supportive of the transfer and seeks further information - (1) to retain public access to the area. Site forms part of the Avon decent event. (2) fire mitigation action*
  - e. Crown Land PIN 11804067 *\_SWALSC-Ballardong-Northam to the Noongar people NOT supportive of the transfer and seeks further information on (1) public access, (2) maintenance of main reclaimed water supply line (3) Stabilisation of the main bank area (western boundary line),*
  - f. Crown Land PIN 11363687 *\_SWALSC-Balladong-Northam to the Noongar people – Not supportive of the transfer as the site is strategically located adjoining industrial and railway uses. The site is considered significant to facilitate future industrial expansion.*
2. Advises the Department of Planning, Lands and Heritage that the Shire of Northam is supportive of the transfer of identified land to the Ballardong Noongar people of the land listed below where the proposed use is consistent with the Shire of Northam Local Planning Scheme No. 6, and provides the following additional site comments:-
  - a. Crown Land PIN 11803799 *\_SWALSC-Balladong-Northam to the Noongar people – No Objection - Access may be as the site is flood prone. Unaware of fire mitigation measures for this location.*

Dear Sir/Madam,

**Request for Comment – Proposed Transfer of Land under the South West Native Title Settlement**

The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached map.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy ([Annexure J to the ILUAs](#)). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

For more information on the Settlement, please refer to the Department of the Premier and Cabinet website: <https://www.wa.gov.au/organisation/departments/departments-of-the-premier-and-cabinet/south-west-native-title-settlement>

Over the next five years, the Department of Planning, Lands and Heritage (Department) will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;

A key part of the process being followed by the Department involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities. To that end, please find attached a spreadsheet comprising of land parcels identified for possible transfer. It would be appreciated if you could provide comments on each of the land parcels directly into the column labelled 'Referee Comments' in relation to the following:

- 1.I s the Shire supportive of the transfer of this land to the Noongar People under the Settlement?
- 2.D oes the Shire have any interest in the land?
- 3.D oes the Shire have existing or planned infrastructure within the land parcel that requires protection? If yes, please provide details and advise if access to this infrastructure will need to be maintained.
- 4.I s the land parcel subject to any mandatory connection to services?
- 5.A re any future proposals for the land identified? Please provide detail of what is proposed and in what timeframe?

#### BRIEF

For Council to receive the Financial Statement for the period ending 30 September 2022.

#### ATTACHMENTS

Attachment 1: Financial Statement for the period ending 30 September 2022.

#### A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 30 September 2022 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statement by Program
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Rating Information
- Cash Flow Information
- Investment Schedule

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council finance staff prior to the meeting.

### Operating Revenue

1. Interest earnings are under budget \$50,557 due to the timing of interest being brought to account on Shire investments.
2. Other Revenue is under budget by 38% mainly due to timing of receipt for Fire Mitigation grants i.e \$43,034 has been received to date against a budget of \$158,895.

### Operating Expenditure

3. Materials and Contracts are under budget 19% predominantly due to the timing of the items disclosed below;
  - Organisation software \$54,521
  - IT expense (ERP) \$181,179
  - Engineering Consultancy \$42,598
  - Fire Mitigation Expenditure \$147,630
4. Interest expenses are under budget 26% due to timing of interest payment on the Treasury swimming pool loan.

### 14. MATTERS BEHIND CLOSED DOORS

#### RECOMMENDATION

That Council, in accordance with section 11.1(i) of the Shire of Northam Standing Orders Local Law 2018 and Section 5.23 (2) (a) of the Local Government Act 1995, meet behind closed doors to consider agenda item 14.1 Chief Executive Officer Review Committee Meeting held on 06 October 2022.

#### 14.1 CEO REVIEW COMMITTEE MEETING HELD ON 06 OCTOBER 2022

#### RECOMMENDATION

That Council move out from behind closed doors.

### 15. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

#### MOTION

Moved: Cr Antonio

That the Shire President request the Western Australia Local Government Association to;

1. Investigate and identify perceived barriers against members of the public nominating for Council.
2. Identify potential opportunities and incentives to encourage more members of the public to nominate as elected members, both financial and non-financial and including the option of tax not being paid on elected member allowances.

#### Reason

At WALGA's Annual General Meeting a motion was passed requesting WALGA to advocate for compulsory superannuation for Elected Members in Band 1 and Band 2 Local Governments. Part of the debate on this motion was the notion that not paying superannuation was a barrier for members of the community to nominate for Council.

This notice of motion is being put up to encourage a wider review of the reasons more people do not nominate for Council. I would think there are a range of reasons and further believe that if the barrier as financial, a more appropriate mechanism or incentive would be to remove the requirement to pay tax on elected members fees. While I realise removal of tax liability on fees is a federal government decision, it is nonetheless worth exploring, as is casting our views wider to understand why people are not nominating for Council.
