Agenda
Ordinary Council Meeting
20 May 2020

NOTICE PAPER

Ordinary Council Meeting

20 May 2020

President and Councillors

I inform you that an Ordinary Council meeting will be held by electronic means on 20 May 2020 at 5:30pm.

Yours faithfully

Jason Whiteaker

Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on <u>WRITTEN CONFIRMATION</u> of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. 3. DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

A **financial interest** occurs where a Councillor, or a person with whom the Councillor is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

An **indirect financial** interest includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

A person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

An **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

Operational Matters:

COVID-19

The COVID-19 Pandemic has changed many parts of our daily lives.

I have kept the following three simple messages in this report for the duration of this Pandemic

- Common Sense. This covers many activities, ranging from washing your hands properly to observing physical distancing, respecting the Regional Zones set up by the State Government and not becoming complacent.
- Protect the Vulnerable in our Community. The community, as whole, has stepped up to determine the vulnerable sectors of our Shire, and are seeking to offer their assistance. An essential and vulnerable sector of our community is small business. We need to fully support the business community right throughout this pandemic, and beyond.
- The Department of Health is the Lead Agency. All relevant information can be found on Department of Health information sites. The Shire will provide links to relevant web pages on its own website home page.

COVID-19 Measures

The Shire of Northam has initiated a range of measures to support our local community and will continue to review what actions we can undertake.

Some examples of this are establishing the COVID-19 hotline – 6608 0613 and offering Small Business Support Grants to Shire of Northam Businesses.

Council recognises that all in our community need to be acknowledged and supported during these uncertain times.

It is with all of our support and actions that we will come out at the end of this pandemic stronger and more resilient. Continue to take care.

Strategic Matters:

Shire of Northam Projects

The Shire of Northam continues to look at projects that can be undertaken or brought forward that will support both local businesses and local residents.

The Covid-19 pandemic has created significant financial challenges for some business and community groups.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6 - Governance and Leadership

Outcome 6.4 - The elected members of the Shire of Northam provide

accountable, strong and effective community leadership.

Objectives: Open, accountable and effective decision making

B.2 Financial / Resource Implications

If Council supports the officer recommendation the following are the estimated financial impacts;

- Windward Adventures Pty Ltd \$2,827 (estimated) loss of revenue for Council, based on an initial assumption that the four month period being waived represents their entire season.
- Northam Family Practice (Jupiter Health) \$23,050 (estimated) deferral which would increase their monthly lease payments by approximately \$480 per month over the remaining life of their lease
- Riversedge Café \$7,000 (estimated) loss of revenue for Council

B.3 Legislative Compliance

Review of various Shire of Northam leases indicates that they fall under the Commercial Tenancies Act. The Commercial Tenancies (COVID-19 Response) Act 2020, applies to small commercial leases during the emergency period.

A small commercial lease is a:

- retail shop lease as defined in the Commercial Tenancy (Retail Shops)
 Agreements Act 1985 (CTA Act); or
- lease where the tenant is a small business as defined in the Small Business Development Corporation Act 1983 (SBDC Act);
- lease where the tenant is an incorporated association as defined in Associations Incorporation Act 2015 (Al Act); or
- another type of lease prescribed in the regulation (yet to be determined).

Protections in the legislation include:

- A six-month moratorium on evictions due to non-payment of rent.
- A freeze on rent increases.
- A restriction on penalties for tenants who do not trade or reduce their trading hours.
- A prohibition on landlords making a claim on any form of security (e.g. a bank guarantee or security deposit) for the performance of the tenant's obligations under the lease.
- A prohibition on landlords progressing action against a tenant for a breach that occurred after 30 March 2020, but before commencement of the new laws.
- Allows for a code of conduct to be adopted for small business commercial lease matters in WA (still to be prescribed).
- A resolution mechanism for disputes arising out of, or in relation to, the
 operation of the legislation or code of conduct, including a
 mechanism to protect landlords where tenants are refusing to pay rent
 despite the capacity to do so.

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

Requests for waiving of lease costs have been received from the following organisations;

- Windward Adventures Pty Ltd
- Northam Family Practice (Jupiter Health)
- Riversedge Cafe

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action

C. OFFICER'S COMMENT

The Council adopted COVID-19 Response Strategy-Framework section 3, part F (Financial) identifies a short term action for reviewing all Council leases with the view of waiving or discounting lease liabilities.

Applying the Commercial Tenancies (COVID-19 Response) Act 2020 there are a range of options available to Council, including deferring, waiving or discounting. The Officers recommendation is to waive (which would result in tenants not being required to pay lease / rental payments for the period identified).

Council has to date received three requests for the waiving of lease financial commitments from:

- Windward Adventures Pty Ltd the Covid-19 pandemic has resulted in them being unable to trade or generate income. This being the case, coupled with their season being from around March to September, it is being recommended that their entire annual lease charges be waived;
- 2. Rivers Edge Café the Covid-19 pandemic has resulted in significant Government imposed restrictions on their business, which has resulted in the full closure of their business from 30 March 2020
- 3. Northam Family Service, Jupiter Health the Covid-19 pandemic appears to have had a negative impact on their business,

however being in the health sector, they have been able to trade and will continue to trade into the future. In their request to Council, they have offered to extend their lease for 6 months in order for Council to recoup the lost revenue. Their current lease expires in 2024.

RECOMMENDATION

That Council:

- Waive the current annual lease payments for Windward Adventures Pty Ltd;
- 2. Waive 100% of lease payments for Rivers Edge Cafe for the period 1 April 2020 to 31 July 2020;
- 3. Defer 100% of lease payments and financial liabilities for Jupiter Health & Medial Services for the period 1 April 2020 to 31 July 2020, with the deferred payments to be recouped over the remaining term of their current lease agreement;
- 4. Delegate Authority to the Chief Executive Officer to;
 - Assess all future applications for lease payment support coming from lessees of the Shire of Northam in accordance with the Commercial Tenancies (COVID-19 Response) Act 2020;
 - In accordance with the above assessment, 'waive' or 'defer' 100% of lease payments for the period 1 April 2020 to 31 July 2020, where financial hardship is demonstrated resulting from the Covid-19 pandemic.
- 5. Request a further report be provided to Council in August 2020 allowing for a reassessment of this position.

BRIEF

This report is presented for Council to consider the Shire of Northam's participation as part of the WA Government's declaration in the National Redress Scheme.

Attachment 1: National Redress Scheme - DLGSC Information Paper FINAL

A. BACKGROUND / DETAILS

The following is an excerpt from the Department of Local Government, Sport and Cultural Industries Information Paper on National Redress Scheme for Institutional Child Sexual Abuse, issued 3 February 2020

The WA Parliament passed the legislation required to allow for the Government and WA based non-government institutions to participate in the National Redress Scheme. The National Redress Scheme for Institutional Child Sexual Abuse (Commonwealth Powers) Act 2018 (WA) took effect on 21 November 2018. The WA Government commenced participating in the Scheme from 1 January 2019.

The State Government's Redress Coordination Unit within the Office of the Commissioner for Victims of Crime, Department of Justice:

- Acts as the State Government's single point of contact with the Scheme;
- Coordinates information from State Government agencies to the Scheme; and
- Coordinates the delivery of Direct Personal Responses (DPR) to redress recipients (at their request) by responsible State Government agencies to redress recipients.

Under the National Redress Scheme for Institutional Child Sexual Abuse Act 2018 (Cth), Local Governments may be considered a State Government institution.

There are several considerations for the State Government and Local Governments (both individually and collectively) about joining the Scheme. The State Government considers a range of factors relating to organisations or bodies participation in the Scheme, before their inclusion in the declaration as a State Government institution. These factors include the capability and capacity of the agencies or organisations to:

- Respond to requests for information from the State Government's Redress Coordination Unit within prescribed timeframes;
- Financially contribute to the redress payment made by the Scheme on behalf of the agency or body; and
- Comply with the obligations of participating in the Scheme and the Commonwealth legislation.

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's declaration. This was to allow consultation to occur with the local government sector about the Scheme, and for fuller consideration to be given to the mechanisms by which the sector could best participate in the Scheme.

The WALGA State Council meeting of 3 July 2019 recommended that:

- 1. WA local government participation in the State's National Redress Scheme declaration with full financial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.
- 2. WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.

(Staff note: While the above decision was made at the 2019 WALGA AGM, the final decision to include WA Local Governments in the redress scheme remained with the WA State Government)

The State Government, resolved via the Community Safety and Family Support Cabinet Sub-Committee (December 2019) to:

- Note the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Note the options for WA local government participation in the Scheme;
- Agree to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and

 Agree to the DLGSC leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: 6 - Governance and Leadership

Outcome: 6.4 - The elected members of the Shire of Northam provide

accountable, strong and effective community leadership.

Objective: N/A

B.2 Financial / Resource Implications

There are no immediate known financial implications. Staff understand that the only financial cost the local government may incur will be the payment of the Direct Personal Response (Apology - DPR's), which is on an 'as requested' basis by the survivor. This will be based on the standard service fee of \$3,000 plus travel and accommodation depending on the survivor's circumstances. All requested DPR's will be coordinated and facilitated by the Redress Coordination Unit – Department of Justice.

B.3 Legislative Compliance

The Shire of Northam, in agreeing to join the Scheme, is required to adhere to legislative requirements set out in the National Redress Scheme for Institutional Child Sexual Abuse Act 2018 (Cth).

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

N/A

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Unknown financial exposure for redress payments	Possible (3) x Medium (3) = Moderate (9)	Adoption of recommendation to be covered by WA Government
Health & Safety	N/A		
Reputation	N/A		
Service Interruption	N/A		
Compliance	N/A		

Property	N/A	
Environment	N/A	

C. OFFICER'S COMMENT

Council has two options to consider. One option would be for the Shire of Northam to formally decide not to participate in the Scheme (either individually or as part of the State's declaration). This, in the view of officers is not a viable alternative and has the potential to expose Council to significant unknown financial liability.

The recommended option is for Council to 'opt in' to the 'scheme' as a State Government Institution.

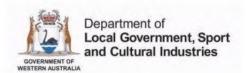

RECOMMENDATION

THAT Council:

- 1. Endorses the participation of the Shire of Northam in the National Redress Scheme as a State Government institution and included as part of the State Government's declaration;
- 2. Authorises the Chief Executive Officer to execute a service agreement with the State, if a Redress application is received; and
- 3. Requires a confidential report to be tabled at a Full Council Meeting if a Redress application is received by the Shire of Northam.

SUMMARY - WA LOCAL GOVERNMENT: ROYAL COMMISSION AND REDRESS

The Western Australian Government (the State), through the Department of Local Government, Sport and Cultural Industries (DLGSC), has been consulting with the WA local government sector and other key stakeholders on the Royal Commission into Institutional Responses to Child Sexual Abuse (in 2018) and the National Redress Scheme (in 2019).

The consultation throughout 2019 has focused on the National Redress Scheme (the Scheme) with the aim of:

- · raising awareness about the Scheme;
- identifying whether WA local governments are considering participating in the Scheme;
- identifying how participation may be facilitated; and
- enabling advice to be provided to Government on the longer-term participation of WA local governments.

Following this initial consultation and feedback gathered, the State Government considered a range of options regarding WA local government participation in the Scheme and reached a final position in December 2019.

DLGSC, supported by the Departments of Justice and Premier and Cabinet, will again engage with WA local governments in early 2020, to inform of the:

- State's decision and the implications for the sector (see Section 4);
- Support (financial and administrative) to be provided by the State; and
- Considerations and actions needed to prepare for participation in the Scheme from 1 July 2020 (see <u>Section 5</u>).

DLGSC's second phase of engagement with WA local governments is summarised in the table below:

Description and Action	Agency	Timeline
Distribution of Information Paper to WA Local Governments	DLGSC	3 February 2020
WALGA hosted webinar	DLGSC / DPC	18 February 2020

2. CURRENT SITUATION - WA LOCAL GOVERNMENT PARTICIPATION IN THE NATIONAL REDRESS SCHEME

The WA Parliament passed the legislation required to allow for the Government and WA based non-government institutions to participate in the National Redress Scheme. The National Redress Scheme for Institutional Child Sexual Abuse (Commonwealth Powers) Act 2018 (WA) took effect on 21 November 2018.

The WA Government commenced participating in the Scheme from 1 January 2019.

The State Government's Redress Coordination Unit within the Office of the Commissioner for Victims of Crime, Department of Justice:

- Acts as the State Government's single point of contact with the Scheme;
- · Coordinates information from State Government agencies to the Scheme; and
- Coordinates the delivery of Direct Personal Responses (DPR) to redress recipients (at their request) by responsible State Government agencies to redress recipients.

CURRENT TREATMENT OF WA LOCAL GOVERNMENTS IN THE SCHEME

Under the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth), Local Governments may be considered a State Government institution.¹

There are several considerations for the State Government and Local Governments (both individually and collectively) about joining the Scheme.

The State Government considers a range of factors relating to organisations or bodies participation in the Scheme, before their inclusion in the declaration as a State Government institution. These factors include the capability and capacity of the agencies or organisations to:

- Respond to requests for information from the State Government's Redress Coordination Unit within prescribed timeframes;
- Financially contribute to the redress payment made by the Scheme on behalf of the agency or body; and
- Comply with the obligations of participating in the Scheme and the Commonwealth legislation.

A decision was made at the time of joining the Scheme to exclude WA local governments from the State Government's declaration. This was to allow consultation to occur with the local government sector about the Scheme, and for fuller consideration to be given to the mechanisms by which the sector could best participate in the Scheme.

¹ Section 111(1)(b).

Page 4 - National Redress Scheme - DLGSC Information Paper FINAL (Feb2020)

CONSULTATION TO DATE WITH WA LOCAL GOVERNMENT SECTOR

The Department of Local Government, Sport and Cultural Industries (DLGSC) has been leading an information and consultation process with the WA local government sector about the Scheme. The Departments of Justice and Premier and Cabinet (DPC) have been supporting DLGSC in the process, which aimed to:

- · Raise awareness about the Scheme;
- Identify whether local governments are considering participating in the Scheme;
- · Identify how participation may be facilitated; and
- Enable advice to be provided to Government on the longer-term participation of WA local governments.

DLGSC distributed an initial *Information and Discussion Paper* in early January 2019 to WA local governments, the WA Local Government Association (WALGA), Local Government Professionals WA (LG Pro) and the Local Government Insurance Scheme (LGIS). Between March and May 2019, DLGSC completed consultations that reached 115 out of 137 WA local governments and involved:

- an online webinar to 35 local governments, predominantly from regional and remote areas;
- presentations at 12 WALGA Zone and LG Pro meetings; and
- · responses to email and telephone enquiries from individual local governments.

It was apparent from the consultations that the local government sector had, at the time, a very low level of awareness of the Scheme prior to the consultations occurring, and that little to no discussion had occurred within the sector or individual local governments about the Scheme. Local governments were most commonly concerned about the:

- Potential cost of redress payments;
- · Availability of historical information;
- Capacity of local governments to provide a Direct Personal Response (apology) if requested by redress recipients;
- Process and obligations relating to maintaining confidentiality if redress applications are received, particularly in small local governments;
- Lack of insurance coverage of redress payments by LGIS, meaning local governments would need to self-fund participation and redress payments.

LGIS Update (April 2019) - National Redress Scheme

LGIS published and distributed an update regarding the considerations and (potential) liability position of the WA local government sector in relation to the National Redress Scheme.

WALGA State Council Resolution

The WALGA State Council meeting of 3 July 2019 recommended that:

- WA local government participation in the State's National Redress Scheme declaration with full linancial coverage by the State Government, be endorsed in principle, noting that further engagement with the sector will occur in the second half of 2019.
- WALGA continue to promote awareness of the National Redress Scheme and note that local governments may wish to join the Scheme in the future to demonstrate a commitment to the victims of institutional child sexual abuse.

It is understood that this recommendation was made with knowledge that it is ultimately a State Government decision as to whether:

- Local governments can participate in the Scheme as part of the State's Government's declaration; and
- · The State Government will fund local government redress liability.

4. WA GOVERNMENT DECISION - FUTURE PARTICIPATION OF WA LOCAL GOVERNMENTS IN THE NATIONAL REDRESS SCHEME

Following the initial consultation process, a range of options for local government participation in the Scheme were identified by the State Government including:

 WA Local governments be <u>excluded</u> from the State Government's declaration of participating institutions.

This means that: local governments may choose not to join the Scheme; or join the Scheme individually or as group(s), making the necessary arrangements with the Commonwealth and self-managing / self-funding all aspects of participation in the Scheme.

2. WA Local governments be <u>included</u> in the State Government's declaration of participating institutions.

There were three sub-options for ways local government participation as a State Government institution could be accommodated:

- a. Local governments cover all requirements and costs associated with their participation;
- b. The State Government covers payments to the survivor arising from local governments' participation, with costs other than payments to the survivor (including counselling, legal and administrative costs) being funded by local governments; or
- c. An arrangement is entered into whereby the State Government and local governments share the requirements and costs associated with redress – for example, on a capacity to pay and deliver basis.

The State Government considered the above options and resolved via the Community Safety and Family Support Cabinet Sub-Committee (December 2019) to:

- Note the consultations undertaken to date with the WA local government sector about the National Redress Scheme;
- Note the options for WA local government participation in the Scheme;
- Agree to local governments participating in the Scheme as State Government institutions, with the State Government covering payments to the survivor; and
- Agree to the DLGSC leading further negotiations with the WA local government sector regarding local government funding costs, other than payments to the survivor including counselling, legal and administrative costs.

KEY ASPECTS OF THE STATE'S DECISION

For clarity, the State's decision that means the following financial responsibilities are to be divided between the State Government and the individual local government that has a Redress application submitted, and then subsequently accepted by the Scheme Operator as a Redress claim.

State Government

The State Government will cover the following:

- · Redress monetary payment provided to the survivor;
- Costs in relation to counselling, legal and administration (including the coordination of requests for information and record keeping); and
- Trained staff to coordinate and facilitate a Direct Personal Response or DPR (Apology) to the survivor if requested (on a fee for service basis with costs covered by the individual local government – see below).

Individual Local Government

The individual local government will be responsible for:

- Costs associated with gathering their own (internal) information if requested in a Redress application;
- Providing the State with the necessary information to participate in the Scheme;
 and
- Costs associated the delivery of a DPR (based on a standard service fee, plus travel and accommodation depending on the survivor's circumstance).

* note – The State's decision includes that all DPR's will be coordinated and facilitated by the Redress Coordination Unit (Department of Justice) on every occasion, if a DPR is requested by the survivor.

This decision was made on the basis that:

- State Government financial support for local government participation in the Scheme, as set out, will ensure that redress is available to as many WA survivors of institutional child sexual abuse as possible.
- The demonstration of leadership by the State Government, as it will be supporting the local government sector to participate in the Scheme and recognising the WALGA State Council resolution of 3 July 2019, is consistent with the local government sector's preferred approach.
- Contributes to a nationally consistent approach to the participation of local governments in the Scheme, and particularly aligns with the New South Wales, Victorian and Tasmanian Governments' arrangements. This provides opportunity for the State Government to draw on lessons learned through other jurisdictions' processes.
- Ensures a consistent and quality facilitation of a DPR (by the State) if requested by the survivor.
- State Government financial support for any local government redress claims does not imply State Government responsibility for any civil litigation against local governments.

Page 8 - National Redress Scheme - DLGSC Information Paper FINAL (Feb2020)

Noting the State's decision, a range of matters need to be considered and arrangements put in place to facilitate local governments participating with the State Government's declaration and meeting the requirements of the Scheme. Those arrangements will:

- provide for a consistent response to the Scheme by WA Government institutions, and for WA survivors accessing the Scheme; and
- mitigate concerns raised by local governments during consultations about complying with the processes and requirements of the Scheme.

CONSIDERATIONS FOR WA LOCAL GOVERNMENTS

Following the State's decision, a range of matters need to be considered by each local government and in some cases, actions taken in preparation for participating in the Scheme, these include:

CONFIDENTIALITY

- Information about applicants and alleged abusers included in RFIs (Requests for Information) is sensitive and confidential and is considered protected information under *The National Redress Act*, with severe penalties for disclosing protected information.
- Individual local governments will need to consider and determine appropriate processes to be put in place and staff members designated to ensure information remains confidential.

APPLICATION PROCESSING / STAFFING

- The timeframes for responding to an RFI are set in *The Act* and are 3 weeks for
 priority application and 7 weeks for non-priority applications. This RFI process
 will be supported by the State (DLGSC and the Redress Coordination Unit).
- Careful consideration should be given to determining which position will be responsible for receiving applications and responding to RFIs, due to the potentially confronting content of people's statement of abuse.
- Support mechanisms should be in place for these staff members, including access to EAP (Employee Assistance Program) or other appropriate support.
- The need for the appointed position and person(s) to have a level of seniority in order to understand the magnitude of the undertaking and to manage the potential conflicts of interest.
- The responsible position(s) or function(s) would benefit from being kept confidential in addition to the identity of the person appointed to it.

RECORD KEEPING

- The Redress Coordination Unit (Department of Justice) are the state record holder for Redress, and accordingly will keep copies of all documentation and RFI responses. Local Governments will not be required to keep their own records and, if they chose to do so, these must be kept confidential and secure, in line with the protected information requirements in *The Act*.
- Consider secure storage of information whilst the RFI is being responded to.

REDRESS DECISIONS

- Decisions regarding redress applicant eligibility and responsible institution(s) are made by Independent Decision Makers, based on the information received by the applicant and any RFI responses. The State government does not have any influence on the decision made.
- There is no right of appeal.

MEMORIALS

Survivors (individuals and / or groups) from within individual communities may
ask about the installation of memorials. The State Government's view is to only
consider memorialising groups, however locally, this is a decision of an individual
local government.

NEXT STEPS – PREPARATION FOR WA LOCAL GOVERNMENT PARTICIPATION IN THE SCHEME

In addition to the second-phase information process outlined in section 1, the State will develop:

1. A Memorandum of Understanding (MOU) - to be executed between the State and WALGA following the (WALGA) State Council meeting on 4 March 2020.

The MOU will capture the overall principles of WA local governments participating in the Scheme as State Government institutions and being part of the State's declaration; and

 Template Service Agreement – that will be executed on an 'as needed' basis between the State and an individual local government, if a redress application is received.

DLGSC and the Department of Justice will work with WALGA / LGPro and all local governments to prepare for participation in the Scheme including:

- Identifying appropriate positions, staff and processes to fulfil requests for information;
- Ensuring local governments have delegated authority to an officer to execute a service agreement with the State if needed;

The State will prepare a template Council report, where all WA local governments will be asked to delegate authority to an appropriate officer in advance, able to execute a service agreement if required. This is necessary as priority requests for information under the Scheme, are in a shorter turnaround time than Council meeting cycles and therefore, cannot be undertaken at the time.

- Ensuring local government have established appropriate processes and can fulfil Scheme obligations (particularly in terms of confidentiality, record keeping etc);
 and
- Gathering the necessary facility and service information from all individual local governments to commence participation in the Scheme. This information will be provided to the Commonwealth, loaded into the Scheme database and used to facilitate an individual local government's participation in the National Redress Scheme.

ROYAL COMMISSION INTO INSTITUTIONAL RESPONSES TO CHILD SEXUAL ABUSE – FURTHER INFORMATION

The Royal Commission into Institutional Responses to Child Sexual Abuse (the Royal Commission) was established in January 2013, to investigate systemic failures of public and private institutions² to protect children from child sexual abuse, report abuse, and respond to child sexual abuse. The Royal Commission's Terms of Reference required it to identify what institutions should do better to protect children in the future, as well as what should be done to:

- achieve best practice in reporting and responding to reports of child sexual abuse;
- eliminate impediments in responding to sexual abuse; and
- address the impact of past and future institutional child sexual abuse.

The Western Australian Government (State Government) strongly supported the work of the Royal Commission through the five years of inquiry, presenting detailed evidence and submissions and participating in public hearings, case studies and roundtables.

The Royal Commission released three reports throughout the inquiry: Working with Children Checks (August 2015); Redress and Civil Litigation (September 2015) and Criminal Justice (August 2017). The Final Report (Final Report) of the Royal Commission into Institutional Responses to Child Sexual Abuse incorporated the findings and recommendations of the previously released reports and was handed down on 15 December 2017. To access a full version of the Royal Commission's Findings and the Final Report, follow the link at https://www.childabuseroyalcommission.gov.au/

The Royal Commission made 409 recommendations to prevent and respond to institutional child sexual abuse through reform to policy, legislation, administration, and institutional structures. These recommendations are directed to Australian governments and institutions, and non-government institutions. One specific recommendation was directed at Local Government, while many others will directly or indirectly impact on the organisations that Local Government works with and supports within the community.

Of the 409 recommendations, 310 are applicable to the Western Australian State Government and the broader WA community.

² * For clarity in this Paper, the term 'Institution' means any public or private body, agency, association, club, institution, organisation or other entity or group of entities of any kind (whether incorporated or unincorporated), however described, and:

Includes for example, an entity or group of entities (including an entity or group of entities that no
longer exist) that provides, or has at any time provided, activities, facilities, programs or services
of any kind that provide the means through which adults have contact with children, including
through their families

Does not include the family.

THE WESTERN AUSTRALIAN GOVERNMENT RESPONSE TO THE ROYAL COMMISSION

The State Government examined the 310 applicable recommendations and provided a comprehensive and considered response, taking into account the systems and protections the State Government has already implemented. The State Government has accepted or accepted in principle over 90 per cent of the 310 applicable recommendations.

The State Government's response was released on 27 June 2018 fulfilling the Royal Commission recommendation 17.1, that all governments should issue a formal response within six months of the Final Report's release, indicating whether recommendations are accepted; accepted in principle; not accepted; or will require further consideration. The WA Government's response to the Royal Commission recommendations can be accessed at:

http://www.dpc.wa.gov.au/childabuseroyalcommission

The State Government has committed to working on the recommendations with the Commonwealth Government, other states and territories, local government, non-government institutions (including religious institutions) and community organisations.

The State Government's overall approach to implementation of reforms is focused on:

- Stronger Prevention (including Safer Institutions and Supportive Legislation)
 - Create an environment where children's safety and wellbeing are the centre of thought, values and actions;
 - Places emphasis on genuine engagement with and valuing of children;
 - Creates conditions that reduce the likelihood of harm to children and young people.
- Reliable Responses (including Effective Reporting)
 - Creates conditions that increase the likelihood of identifying any harm;
 - Responds to any concerns, disclosures, allegations or suspicions of harm.
- Supported Survivors (including Redress).

Many of the recommendations of the Royal Commission have already been addressed through past work of the State Government, and others working in the Western Australian community to create safe environments for children. This work is acknowledged and where appropriate, will be built upon when implementing reforms and initiatives that respond to the Royal Commission's recommendations.

APPENDIX B

NATIONAL REDRESS SCHEME - FURTHER INFORMATION

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse.

The National Redress Scheme (the Scheme):

- · Acknowledges that many children were sexually abused in Australian institutions;
- Recognises the suffering they endured because of this abuse;
- · Holds institutions accountable for this abuse; and
- Helps people who have experienced institutional child sexual abuse gain access to counselling and psychological services, a direct personal response, and a redress-payment.

The National Redress Scheme involves:

- People who have experienced institutional child sexual abuse who can apply for redress:
- The National Redress Scheme team Commonwealth Government staff who help promote the Scheme and process applications;
- Redress Support Services free, confidential emotional support and legal and financial counselling for people thinking about or applying to the Scheme;
- Participating Institutions that have agreed to provide redress to people who
 experienced institutional child sexual abuse; and
- Independent Decision Makers who will consider applications and make recommendations and conduct reviews.

The National Redress Scheme formally commenced operation on 1 July 2018 and offers eligible applicants three elements of redress:

- A direct personal response from the responsible institution, if requested;
- · Funds to access counselling and psychological care; and
- A monetary payment of up to \$150,000.

Importantly, the Scheme also provides survivors with community based supports, including application assistance; financial support services; and independent legal advice. The Scheme is administered by the Commonwealth Government on behalf of all participating governments, and government and non-government institutions, who contribute on a 'responsible entity pays' basis.

Institutions that agree to join the Scheme are required to adhere to the legislative requirements set out in the *National Redress Scheme for Institutional Child Sexual Abuse Act 2018* (Cth).

More information on the Scheme can be found at <u>www.nationalredress.gov.au</u> or the <u>National Redress Guide</u>.

Page 16 - National Redress Scheme - DLGSC Information Paper FINAL (Feb2020)

SURVIVORS IN THE COMMUNITY

Throughout the five years of its inquiry, the Royal Commission heard detailed evidence and submissions, and held many public and private hearings, case studies and roundtables. Most notably, the Royal Commission heard directly from survivors of historical abuse.

The Royal Commission reported that survivors came from diverse backgrounds and had many different experiences. Factors such as gender, age, education, culture, sexuality or disability had affected their vulnerability and the institutions response to abuse.

The Royal Commission, however, did not report on the specific circumstances of individuals with the details of survivors protected; the circumstances of where and within which institutions their abuse occurred is also protected and therefore unknown. Further, survivors within the WA community may have chosen to not disclose their abuse to the Royal Commission.

Accordingly, it is not known exactly how many survivors were abused within Western Australian institutions, including within Local Government contexts. Within this context of survivors in the community, who may or may not be known, consideration needs to be given to how all institutions, including local governments, can fulfil the Royal Commission's recommendation in relation to redress.

The Royal Commission's *Redress and Civil Litigation (September 2015)* Report recommended the establishment of a single national redress scheme to recognise the harm suffered by survivors of institutional child sexual abuse. This report also recommended that Governments around Australia remove the limitation periods that applied to civil claims based on child sexual abuse, and consequently prevented survivors – in most cases – pursuing compensation through the courts.

As a result of reforms made in response to these recommendations, WA survivors now have the following options to receive recognition of their abuse:

- Pursing civil court action(s) against the perpetrator and/or the responsible institution.
 The Civil Liability Legislation Amendment (Child Sexual Abuse Actions) Act 2018
 (WA) took effect on 1 July 2018, removing the limitation periods that previously prevented persons who had experienced historical child sexual abuse from commencing civil action.
- Applying to the National Redress Scheme, which provides eligible applicants with a monetary payment, funds to access counselling and an apology. Note, to receive redress the responsible institution(s) will need to have joined the Scheme.

TREATMENT OF LOCAL GOVERNMENTS BY OTHER JURISDICTIONS

At the time of the State Government joining the Scheme, only two jurisdictions had made a decision about the treatment of local governments. All jurisdictions have since agreed to include local governments within their respective declarations, with the exception of South Australia (SA). The SA Government is still considering their approach.

It is understood that all jurisdictions, with the exception of SA, are either covering the redress liability associated with local government participation in the Scheme or entering into a cost sharing arrangement. The table below provides a summary of other jurisdictions' positions.

Jurisdiction	Position
Commonwealth	 No responsibility for local governments. The Commonwealth Government has indicated preference for a jurisdiction to take a consistent approach to the participation of local governments in the Scheme.
Australian Capital Territory (ACT)	 ACT has no municipalities, and the ACT Government is responsible for local government functions. ACT has therefore not been required to explore the issue of local government participation in the Scheme.
New South Wales (NSW)	 In December 2018, the NSW Government decided to include local councils as NSW Government institutions and to cover their redress liability. The NSW Office for Local Government is leading communications with local councils about this decision. NSW's declaration of participating institutions will be amended once preparation for local council participation is complete.
Northern Territory (NT)	 The NT Government has consulted all of the Territory's local governments, including individually visiting each local government. NT is in the process of amending Territory's declaration of participating institutions to include local governments.
Queensland	 Queensland is finalising a memorandum of understanding (MOU) with the Local Government Association of Queensland to enable councils to participate in the Scheme as State institutions. The MOU includes financial arrangements that give regard to individual councils' financial capacity to pay for redress.
South Australia (SA)	 Local governments are not currently included in the SA Government's declaration The SA Government is still considering its approach to local governments.
Tasmania	 Local Governments have agreed to participate in the Scheme and will be included as a state institution in the Tasmanian Government's declaration. A MOU with local governments is being finalised, ahead of amending Tasmania's declaration.
Victoria	 The Victorian Government's declaration includes local governments. The Victorian Government is covering local governments' redress liability.
Western Australia (WA)	The WA Government has excluded local governments from its declaration, pending consultation with the local government sector.

Page 18 - National Redress Scheme - DLGSC Information Paper FINAL (Feb2020)

TIMEFRAME TO JOIN THE SCHEME

Institutions can join the Scheme within the first two years of its commencement. This means that institutions can join the Scheme up to and including 30 June 2020 (the second anniversary date of the Scheme). The Commonwealth Minister for Social Services may also provide an extension to this period to allow an institution to join the Scheme after this time. However, it is preferred that as many institutions as possible join the Scheme within the first two years to give certainty to survivors applying to the Scheme about whether the institution/s in which they experienced abuse will be participating.

If an institution has not joined the Scheme, they are not a participating institution. However, this will not prevent a person from applying for redress. In this circumstance, a person's application cannot be assessed until the relevant institution/s has joined the Scheme. The Scheme will contact the person to inform them of their options to either withdraw or hold their application. The Scheme will also contact the responsible institution/s to provide information to aid the institution/s to consider joining the Scheme.

THE SCHEME'S STANDARD OF PROOF

The Royal Commission recommended that 'reasonable likelihood' should be the standard of proof for determining eligibility for redress. For the purposes of the Scheme, 'reasonable likelihood' means the chance of the person being eligible is real and is not fanciful or remote and is more than merely plausible.

When considering a redress application, the Scheme Operator must consider whether it is reasonably likely that a person experienced sexual abuse as a child, and that a participating institution is responsible for an alleged abuser/s having contact with them as a child. In considering whether there was reasonable likelihood, all the information available must be taken into account.

Where a participating institution does not hold a record (i.e. historical information), the Scheme Operator will not be precluded from determining a person's entitlement to redress. The information to be considered by the Scheme Operator includes:

- The information contained in the application form (or any supplementary information provided by a person by way of statutory declaration);
- Any documentation a person provided in support of their application;
- The information provided by the relevant participating institution/s in response to a Request for Information from the Operator, including any supporting documentation provided; and
- Any other information available including from Scheme holdings (for example where the Scheme has built up a picture of relevant information about the same institution during the relevant period, or the same abuser).

It should be noted that the 'reasonable likelihood' standard of proof applied by the Scheme is of a lower threshold (or a lower standard of proof) than the common law standard of proof applied in civil litigation — the 'balance of probabilities'. Please see 11.7 of the Royal Commission's *Redress and Civil Litigation Report (2015)* for additional information on the difference between the two.

Page 19 - National Redress Scheme - DLGSC Information Paper FINAL (Feb2020)

MAXIMUM PAYMENT AND SHARED RESPONSIBILITY

The amount of redress payment a person can receive depends on a person's individual circumstances, specifically the type of abuse the person experienced.

A person may only make one application for redress. The maximum redress payment payable under the scheme to an applicant is \$150,000 in total.

The payment of redress is made by the institution(s) found responsible for exposing the individual to the circumstances that led to the abuse.

There may be instances where one or more institutions are found to be jointly responsible for the redress payment to a person, and instances where a person may have experienced abuse in one or more different institutions. In such situations, the redress payable by an institution will be apportioned in accordance with the Scheme's assessment framework - see https://www.legislation.gov.au/Details/F2018L00969 and method statement - see https://guides.dss.gov.au/national-redress-guide/4/1/1

Prior payments made by the responsible institution for the abuse to the applicant (e.g. ex-gratia payments) will be taken into account and deducted from the institutions' redress responsibility.

EFFECT OF AN APPLICANT ACCEPTING AN OFFER OF REDRESS

Accepting an offer of redress has the effect of releasing the responsible participating institution/s and their officials (other than the abuser/s) from civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme. This means that the person agrees to not bring or continue any civil claims against the responsible participating institution/s in relation to any abuse within the scope of the Scheme.

If a responsible participating institution/s is a member of a participating group, the person will be releasing the other associated institutions and officials within that group from any civil liability for instances of sexual abuse and related non-sexual abuse of the person that is within the scope of the Scheme.

Accepting an offer of redress also has the effect of preventing a responsible participating institution from being liable to contribute to damages that are payable to the person in civil proceedings (where the contribution is to another institution or person).

In accepting the offer of redress, a person will also be consenting to allow the participating institution/s or official/s to disclose the person's acceptance of redress offer in the event that a civil claim is made. The Scheme must provide a copy of the person's acceptance of offer to each responsible institution for their records once received.

Note – the acceptance of an offer of redress does not exclude the pursuance or continuance of criminal proceedings against the abuser(s).

C. OFFICER'S COMMENT

Given the recent easing of restrictions due to come into effect 18 May 2020, it is now possible for Council to reconvene its normal meetings procedures (with sound social distancing). Staff are recommending all Council be held in Council Chambers to allow management of social distancing, whilst also allowing members to attend electronically if they are required to do so.

There are a number of options available to Council;

- 1. Continue to hold all meetings electronically
- 2. Gradually move back to holding ALL meetings in person. This could be done with a combination such as forums to be held electronically and full Council meetings to be held in person.
- 3. Move back to normal meeting schedules and processes, with the addition of good social distancing practices.
- 4. Move back to normal meeting schedules and processes, however hold all meetings at the Shire of Northam Chambers, with the addition of good social distancing practices.

In addition to the Council options, individual elected members retain the right to attend meetings by electronic means, by virtue of Local Government

(Administration) Regulations 1996 Council and committee meetings Part 2, 14C, given WA remains in a State of Emergency. In order to make this decision the elected member needs to be unable, or consider it inappropriate, to be present in person at a meeting and it is approved by the Shire President or Council.

RECOMMENDATION

That Council:

- 1. Discontinue the practice of holdings its Full Council Meetings via electronic means, unless the Shire President determines otherwise;
- 2. Reverts to its previously adopted meeting schedule, with an adjustment to hold all 2020 meetings at the Shire of Northam Council Chambers, unless the Shire President, in consultation with the Chief Executive Officer, determines a more suitable venue within Northam;

BRIEF

For Council to endorse the updated COVID-19 Virus Response Strategy/Framework.

ATTACHMENTS

Attachment 1: COVID-19 Response Strategy/Framework.

A. BACKGROUND / DETAILS

Council adopted at its meeting held on 15th April 2020 the Shire of Northam COVID-19 Virus Response Strategy/Framework.

At this meeting Council resolved the following -

That Council:

- Endorse the COVID-19 Virus Response Strategy/Framework as presented;
- 2. Requires the COVID-19 Virus Response Strategy/Framework to be presented monthly for Council consideration and update as required.

The strategy was prepared in order to document and provide a clear picture for Council and the Community the response actions being undertaken in relation to the local impacts of the global pandemic.

The framework has been developed in order for tracking of the actions and works being undertaken for as documented within the strategy.

The purpose of this report is to provide an updated strategy for Council endorsement and for Council to note the progress made within the framework documentation.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome: The Shire of Northam council is a sustainable, responsive,

innovative and transparent organisation.

Outcome: The elected members of the Shire of Northam provide

accountable, strong and effective community leadership.

Objective:

• Open, accountable and effective decision making.

- Effectively communicate the Shire's vision and strategic priorities, internally and externally.
- Be a valued member and leader in our regional context.
- Develop clear policy settings to guide our organisation and community.
- Ensure effective and well-utilised long term planning.

B.2 Financial / Resource Implications

There are significant financial implications resulting from the strategy, which Council has been briefed on previously. Most notable is the significant financial commitment already made in relation to rates and charges, setting aside \$1,000,000 in the current 19/20 annual budget for an immediate response and a further \$2,000,000 for the 20/21 annual budget. In addition the strategy provides the direction for staff to continue exploring more significant large scale responses to the economic and social challenges currently facing the Community which Council will be considering over the ensuing months.

Currently expenditure is as follows –

	COVID-19 Expenditure						
Job	Description	GL		Budget	Actual	Outstanding	Total
No		Account	Description			Orders	Actual
CV01	COVID 19 COMMUNITY	04042182	Covid 19	20,000	1,244		1,244
	INIATIVES						
CV02	COVID19 WORKS -	04042182	Covid 19	10,000	5,143	190	5,333
	MATERIALS						
CV03	COVID 19 PPE and	04042182	Covid 19	25,000	6,830	12,397	19,227
	Cleaning Supplies						
CV04	COVID 19 ICT Equipment	04042182	Covid 19	20,000	8,851	2,214	11,065
CV05	COVID 19 Holding	04042182	Covid 19	1,044,394			
	Account						
CV06	COVID 19 Economic	04042182	Covid 19		16,623		16,623
	Initiatives			30,000			
	Total		·	1,149,394		·	53,492

The above table shows expenditure relating to COVID-19, all budget allocations are approved by the Executive Manager Corporate Services, job number CV05 is a holding account and is locked, as new initiatives are recognised new jobs are created and a budget allocated, which is transferred from the locked holding account.

B.3 Legislative Compliance

N/A

B.4 Policy Implications

There are a range of policy adjustments which have been undertaken and are being recommended for consideration in the strategy. All policy matters will require specific Council resolution in the future, in the event of identified required / suggested changes

B.5 Stakeholder Engagement / Consultation

N/A

B.6 Risk Implications

The strategy has taken a risk based approach. Consequently extensive risk assessments have been undertaken and are contained within the strategy itself.

C. OFFICER'S COMMENT

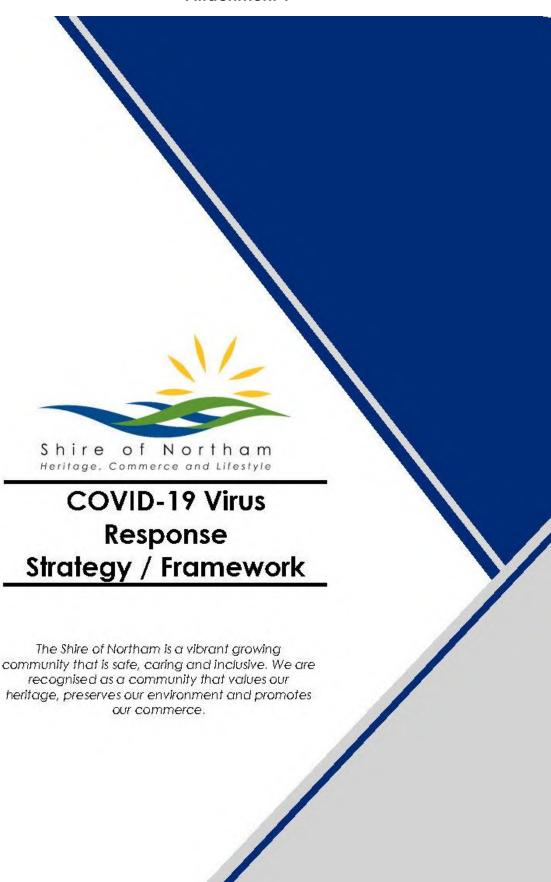

The Shire of Northam continues to respond and adapt to the changing circumstances regarding the pandemic. The aim of this report is to document those changes and responses for the information of Council, staff and the community.

RECOMMENDATION

That Council endorse the updated COVID-19 Virus Response Strategy/Framework as presented

1) Background / Context

Western Australia is in a State of Emergency because of the COVID-19 (coronavirus) pandemic. The Federal and Western Australian Governments have made it clear that our country is in the grips of a once in a life time health and subsequent economic crisis.

Western Australians are facing unprecedented restrictions of movement not only internationally, but also interstate, intrastate and interregional, as well as a range of other social distancing measures put in place in an attempt to control the spread of the COVID-19 virus. In addition to the health crisis, our international, national, state, regional and local economies are facing challenges the like we have never experienced. The Premier of Western Australia has called upon local governments to play their role, not only in the management of this health crisis, but also in the management of the economic crisis facing our communities.

This strategy has been developed by the Shire of Northam to provide a framework for moving through this state of emergency. It is acknowledged that the rate of change from a health, community and economic perspective is rapid. Consequently this plan will be reviewed, and endorsed by Council, not less than monthly to ensure it is providing the most accurate picture of what our response and recovery look like.

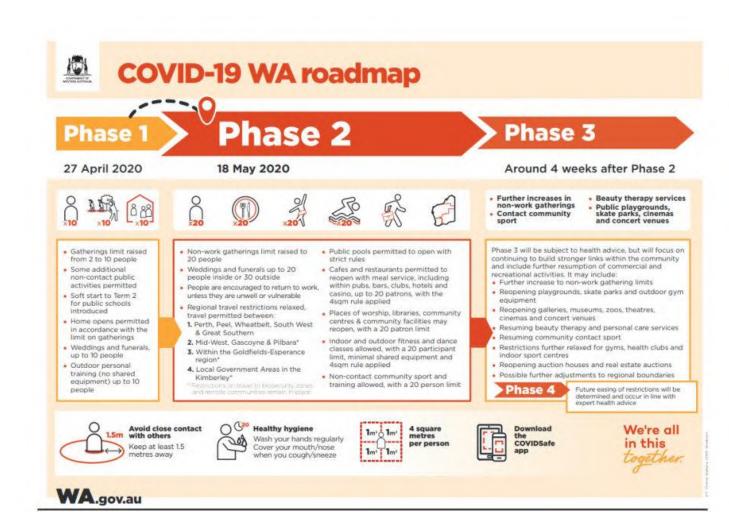

The following is a brief timeline of events to date which have shaped the context of this strategy;

- 27 February 2020 Prime Minister Scott Morrison announced the Federal Government was activating the Australian Health Sector Emergency Response Plan for Novel Coronavirus (COVID-19).
- 1 March 2020 Australia reported the first death from COVID-19.
- 12 March 2020 a \$17.6 billion stimulus package announced by Prime Minister to "protect Australians' health, secure jobs and set the economy to bounce back" from the crisis.
- 15 March 2020 Premier Mark McGowan declared a state of emergency in Western Australia, along with a formal public health emergency.
- 16th March 2020- Declaration of Public Health State of Emergency(WA)
- 18 March 2020 a human biosecurity emergency was declared by the Governor-General, David Hurley, under Section 475 of the Biosecurity Act 2015.
- 18th March 2020-Public Health Act (WA)- Mass Gatherings Directions (No 1) issued
- 20th March 2020- Public Health Act(WA)- Mass Gatherings Directions (No 2) issued
- 23rd March 2020- Emergency Management Act (WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 1)(places closed include pubs, bars, clubs, gyms, recreation centre, restaurant (dine in), place of worship)
- 25th March 2020 Emergency Management Act (WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 2)(places now include community centres, libraries, swimming pools)
- 25th March 2020- Public Health Act(WA)- Preventative Restriction of Activities Directions (No.1)
- 30th March 2020- Public Health Act(WA)- Closure of certain Places of Business, Worship and Entertainment Directions (No 3)((playgrounds, skate parks and outdoor gyms now included)
- 30th March 2020-Public Health Act (WA)- Preventative Restriction of Activities Directions (No 2)

- 31st March 2020- Public Health Act (WA) Prohibited Gathering Directions
- 7th April 2020- Emergency Management Act (WA) Closure and Restriction (Limit the Spread) Directions (No1)
- 26th April 2020- Emergency Management Act (WA) Closure and Restriction (Limit the Spread) Directions (No2)
- 10th May 2020 The WA Government released a COVID-19 roadmap, which
 will see some restrictions relaxed further from 18 May.

 separate page,

2) Our Objectives

- To support and communicate the State and Federal Government Health messages and requirements;
- To provide strong, decisive & clear leadership for the Shire of Northam Community;
- To support our local community, with a focus on the elderly and 'at risk' segments (including but not limited to our noongar, youth, homeless and unemployed);
- To support our business community, acknowledging their challenges and providing a supportive environment;
- To support, and wherever possible stimulate our local economy first, regional economy second and then the broader macro economy;
- To manage the Councils finances on behalf of the community as effectively as possible;
- To be a supportive and understanding employer.

3) Strategy / Response

The Shire of Northam is looking at this state of emergency in three established timeframes, being short, medium and long. In this context the following definitions have been applied to the three timeframes;

Short term Medium term Long term Short term 1 July 2020 to 30 June 2021,
 1 July 2021 and beyond.

Because of the WA Government declaring a State of Emergency, on approximately Friday, 20 March 2020 the Chief Executive Officer and Executive Management Team of the Shire of Northam made a decision to activate the Councils Business Continuity Plan. The activation of the plan resulted in a realignment of the organisation to position the Shire of Northam to respond to the crisis. The following response/management structure was put in place;

- Organisation & Economy Chief Executive Officer
- Response & Recovery Executive Manager Development Services
- Financial Executive Manager Corporate Services
- Community Resilience Executive Manager Community Services
- Project Delivery Executive Manager Engineering Services

In developing this strategic response to the COVID-19 pandemic crisis, the Shire of Northam has taken a risk based approach. A risk-based approach in this context simply means Council has categorised our response into Organisation, Economy, Response & Recovery, Financial, Community Resilience and Project Delivery. Within each of these categories Council has attempted to identify, understand and assess the short, medium and long terms risks, developing a clear set of actions and directions to manage these risks to the best of the Councils ability (financial, human resource, advocacy). The risk ratings have been based on the inherent, or untreated risks identified. A formal residual risk rating has not been assigned at this point, suffice to say the mitigation actions are considered to be significantly reducing risk to Council.

The framework identifies a range of economic stimulus initiatives, including \$1,000,000 set aside as a short term response in 2019/20, and a further \$2,000,000 set aside for 2020/21. While this is the case over the April – June 2020 period Council will be exploring the opportunity to commit to a more substantial range initiatives and additional funding to assist the community navigate this challenging time.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure and service delivery.

Outcome 5.3: To have safe, well-maintained community infrastructure

and services to a standard expected of a Regional Centre.

Objective: -Implement robust asset management plans which

promote efficient, safe and quality infrastructure.

-Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects

-Maintain an efficient and safe regional road network

B.2 Financial / Resource Implications

The value of the proposed works aligns with Council adopted Long Term Financial Plan

B.3 Legislative Compliance

Local Government Act 1995 – Part 6 Division 4 – Section 6.8 – Expenditure from Municipal fund not included in annual budget.

B.4 Policy Implications

Policy W 5.7 Asset Management Policy

Policy W 5.5 Verge Policy

Policy W 5.5 Street Tree Policy

B.5 Stake Holder Engagement / Consultation

The nominated project locations for the 2020/21 Footpath Construction Program are the highest priority which have stemmed from the Shire of Northam's endorsed informing plans. All these sources have had extensive community consultation in the lead up to their adoption and project commencement.

Also presented to Council for consideration, are footpaths which have been received as a request from ratepayers (Attachment 3).

Should Council decide to include any other project other than those listed on the draft program, additional funds will be required. Alternatively, Council may decide to replace any of those footpaths listed with another project to be delivered within the funding constraints.

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	Council has adopted the Long Term financial Plan which has made a budget provision that will fund the proposed footpath program.	Low(2) Unlikely/ Insignificant	Ensure delivery of footpath program within approved budget. However there is a risk involved if the scope of work changes, cost overruns due to unforeseen circumstances, staff have implemented cost variation processes which require approval from the Executive Manager Engineering Services and CEO prior to any works taking place.
Health & Safety	Low Risk to the Shire work force and external contractor.	Low(2) Unlikely/Insignifi cant	Strict Shire of Northam compliance of OSH policy in place and Contractor has their own Safety management plan and policy.
Reputation	Moderate risk in terms of Shire's reputation	Low(2) unlikely / Insignificant	Shire has adopted Transport Asset Management Plan.
Service Interruption	There is nil service interruption required.	Low(1) Rare/ Insignificant	Traffic management to be implemented in a manner to keep the flow of traffic and pedestrian access running with minimum disruption and delays
Compliance	Works do not meet engineering and construction specifications.	Low(4) unlikely / Minor	Staff have implemented quality control systems and processes to ensure completed works are to a satisfactory standard.
Property	Unforseen ground services and utilities	Low(4) unlikely / Minor	Staff usually obtain DBYD information

OFFICER'S COMMENT

Staff have reassessed the proposed program which was previously endorsed on 15th May 2019 and are of the opinion that they are still the highest priority locations.

During the process of re-costing these projects for the Draft 20/21 Annual Budget, it was identified that additional footpath projects could be included as current market rates are very competitive.

The following table identifies those additional project locations proposed to be included in the 20/21 Footpath Construction Program

PROPOSED 20/21 FOOTPATH CONSTUCTION PROGRAM

A BACKGROUND / DETAILS

On the 17th March 2020, the City of Swan contacted the Shire of Northam advising at its February Meeting, their Council resolved to advocate for the Orange Route (Perth to Adelaide National Highway) which formed a significant part of their 2020/21 advocacy plan.

They also advised this year, the Orange Route project will be the City's major collaborative project and is seeking interest from other Local Governments to discuss possible involvement in the campaign.

The Key Points identified were:

- The City of Swan is proposing to undertake a joint marketing campaign with input of the affected LGA's (Mundaring and Northam).
- The City of Swan's Advocacy and PR Specialist will coordinate the campaign with the assistance of Marketforce and Flare WALGA approved marketing agencies, familiar in this type of lobby work.
- The scale of the campaign will depend on the ability of supporting LGAs to contribute towards costs, specifically funding the creation of short videos and online advertising to promote those videos.

20 May 2020

The City of Swan is seeking support from affected local governments in the form of a financial contribution which will go toward the marketing campaign being driven by the City of Swan. The suggested amount was \$15,000.

OFFICER'S COMMENT

The campaign concept is to:

- Engage and mobilise local residents and road users.
- Mobilising and empowering locals, making this an election issue.
- Use the March 2021 election opportunity to focus on the needs of outer-metro and peri-urban towns. Encouraging local candidates to commit to the construction and co-funding of the Orange Route is a vital step for the 2021 election.
- Use the Federal election will be held between 7 August 2021 and 21 May 2022 and is likely to be our most relevant and capable funding source.

Working in conjunction with the marketing agency and the surrounding local governments, the City will pursue a coordinated marketing plan, which integrates mass media, advertising and engagement of local residents to expedite the planning, funding and construction of this life-saving project.

Proposed activities include:

- Branding of vehicles using temporary perforated (one-way) window decals to engage with local residents and increase local awareness of the project.
 - Each sticker costs about \$355 printed and installed
- Short videos featuring local residents, families and businesses talking about how the Orange Route will improve their lives/safety/travel times
 - o Each video costs about \$5,000 to produce
- A strong social media campaign that uses locally developed content to explain the importance of the project to the community and our target stakeholders.
- Bumper Stickers for local residents
- Online letter-writing/petition campaigns to inform local MPs and candidates

The City of Swan have advised affected local governments can assist by:

 Assigning a staff member to liaise with the City of Swan in regard to the media and Public Relations activities

Ordinary Council Meeting Agenda

20 May 2020

- Consider your Council making a financial contribution towards the campaign (which will inform the overall scale of the campaign) it has been suggested a sum of \$10-\$15,000 (The City of Swan is likely to invest over \$40,000 in this campaign)
- Nominate passionate locals to be part of the video series.
- Share online and printed content with your staff and community.

Council has on a number of occasions formally endorsed their support and commitment to this project, however at this point in time due to the COVID-19 pandemic, staff are of the opinion that such a finical commitment would be more appropriate to direct towards the response to the current climate which would directly benefit the community within the Shire.

With this in mind Council has two options:

Option 1: To provide a financial contribution of up to \$15k to support activities being undertaken by the City of Swan to lobby for the construction of the orange route.

Option 2: Council to advise the City of Swan that it is committed to lobbying for the construction of the Orange Route and will continue to do so through the normal course of business, however at this time is not in a position to provide financial support for a proactive campaign.

RECOMMENDATION

That Council advise the City of Swan that it is committed to advocating for the construction of the Orange Route and will continue to do so through the normal course of business, however at this time is not in a position to provide financial support for a proactive campaign.

BRIEF

For Council to consider the building maintenance portion of its draft Budget for 2020/21.

ATTACHMENTS

Attachment 1: Draft Building Maintenance Budget 2020/21.

A. BACKGROUND / DETAILS

Council has traditionally discussed the building maintenance portion of its draft budget ahead of discussion on the remainder of the annual budget, in order to split the budget consideration into manageable portions.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure & Service Delivery

Outcome 5.3: To have safe, well-maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective:

- Deliver infrastructure projects effectively, on budget and schedule, aligned with local community plans and infrastructure projects; and
- Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

B.2 Financial / Resource Implications

Budget implications are shown in detail on the attached spreadsheet. The buildings budget is made up of building maintenance jobs, building improvement (discretionary) jobs which may result from requests or upgrade suggestions; and an allowance for building operational costs (made up of air conditioning maintenance, pest control, carpentry repairs, electrical repairs, plumbing repairs, fire equipment servicing, building maintenance coordination, vandalism response, key cutting, sanitary disposal, security monitoring and response, utilities, rates and charges, ESL, cleaning and toiletry supplies).

The Following table shows the 2020/21 budget compared to the allocation within the LTFP and last years adopted budget, note; additional items added 2019/20 during the draft budget deliberations

Description	Proposed 2020/21	LTFP 2020/21	Budget 2019/20
Required OH&S/Structural/Complian			
ce	320,368		117,294
Discretionary	80,565		164'408
Building Asset renewal		650,000	
Total	400,933	650,000	281,657
Transfer to (from) reserve	0	0	318,343

B.3 Legislative Compliance

Formal adoption of the building maintenance budget will be undertaken when Council adopts its annual Municipal Fund Budget in its entirety, in accordance with section 6.2 of the Local Government Act 1995 and Part 3 of the Local Government (Financial Management) Regulations 1996. This would normally include income by nature, type and program; rate setting; budget notes and schedules.

B.4 Policy Implications

B.5 Stakeholder Engagement / Consultation

Minor contact with trades/contractors for budgeting purposes

B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action
Financial	There is significant risk that if Council building and facilities are not maintained then significant cost will be required in future years to bring them up to a sufficient standard.	Likely (4) x Major (4) = High 16	Adopt the proposed Building Maintenance Budget
Health & Safety	Buildings not maintained to an appropriate health and safety standards level will increase the risk to building users.	Likely (4) x Medium (3) = High (12)	Adopt the proposed Building Maintenance Budget
Reputation	Buildings not maintained to acceptable level, community unsatisfaction.	Likely (4) x Minor (2) = Moderate (8)	Adopt the proposed Building Maintenance Budget
Service Interruption	Buildings being closed due to lack of maintenance	Unlikely (2) x Major (4) Moderate (8)	Adopt the proposed Building Maintenance Budget

Property	Buildings degrading	Likely (4) x Medium (3) = High (12)	Adopt the proposed Building Maintenance Budget
Environment			

C. OFFICER'S COMMENT

The list in the attached spreadsheet details the major building maintenance and projects for the coming financial year. It should be recognised that a number of other projects are subject to either grant funding or external funding (e.g. Emergency Services Levy). These projects will be listed separately within the Budget documents subject to the funding being available or alternately if grant funding is successful a separate report will be presented to Council for endorsement. Additional discretionary building jobs will be included in the considerations list for Council to consider on draft budget night.

RECOMMENDATION

That Council endorse the draft building maintenance for 2019/20 for inclusion in the draft Shire of Northam 2019/20 Budget as follows:

BRIEF

As per the Local Government (Functions and General) Regulations 1996, Part 4, Division 3 Clause 24AC (1) (a) A local government must not establish a panel of pre-qualified suppliers unless it has a written policy.

The purpose of this report is to present to Council a Policy for endorsement which allows this function to be implemented

ATTACHMENTS

Attachment 1: Policy document – F 4.9 Panels of Prequalified Suppliers

A. BACKGROUND / DETAILS

The Shire has recently established a software data base (Vendor Panel) to better manage quoting and tendering functions and the compliance tasks associated with this. In doing so Shire Staff have determined the need to establish pre-qualified panels of suppliers for some works and / or goods and services, particularly focusing on local suppliers and create efficiencies at an operational level while maintaining these compliances.

To enable the Shire to establish panels of prequalified suppliers they must first have a written a policy in place.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area: Economic Growth

Outcome: 1.2 Local businesses are valued and supported by investors

and residents within the Shire of Northam.

Objective: Encourage local consumers to 'buy local' and support local

businesses

Support existing and future local businesses in maximising subcontracting opportunities within the Shire of Northam

B.2 Financial / Resource Implications

Enabling staff access to pre-qualified panel of Local suppliers better supporting the local economy.

B.3 Legislative Compliance

The policy has been reviewed in the context of compliance with the Councils legislative requirements as per Local Government (Functions and General) Regulations 1996 Part 4 — Provision of goods and services Division 3 — Panels of pre-qualified suppliers.

24AB. Local government may establish panels of pre-qualified suppliers

A local government may establish a panel of pre-qualified suppliers to supply particular goods or services to the local government in accordance with this Division.

[Regulation 24AB inserted: Gazette 18 Sep 2015 p. 3808.] 24AC.Requirements before establishing panels of pre-qualified suppliers

- (1) A local government must not establish a panel of pre-qualified suppliers unless
 - (a) it has a written policy that makes provision in respect of the matters set out in subregulation (2); and
 - (b) the local government is satisfied that there is, or will be, a continuing need for the particular goods or services to be supplied by pre-qualified suppliers.
- (2) The matters referred to in subregulation (1)(a) are
 - (a) how the local government will procure goods or services from pre-qualified suppliers, including any process for obtaining quotations from them; and
 - (b) how the local government will ensure that each pre-qualified supplier on a panel of pre-qualified suppliers will be invited to quote for the supply of the goods or services that the pre-qualified suppliers will be expected to supply; and
 - (c) how the local government will ensure clear, consistent and regular communication between the local government and pre-qualified suppliers; and
 - (d) any factors that the local government will take into account when distributing work among pre-qualified suppliers; and
 - (e) the recording and retention of written information, or documents, in respect of
 - (i) all quotations received from pre-qualified suppliers; and

C. OFFICER'S COMMENT

In order to be able to establish panels of prequalified suppliers a new policy is required to be established as set out the Local Government Functions and General) Regulations 1996, Part 4, Division 3. It is expected that Council will benefit both financially and thought administrative efficiencies on adoption of the presented policy.

RECOMMENDATION

That Council adopt Policy F 4.9 Panel of Prequalified Suppliers as presented.

OBJECTIVE

To provide compliance with the Local Government Act, 1995 and the Local Government Act (Functions and General) Regulations, 1996 (as amended April 2020).

To deliver the best practice approach and procedures to internal purchasing for the Shire.

To ensure consistency for all purchasing activities that integrates within all the Shire operational areas.

SCOPE

The policy applies to purchases.

POLICY

In accordance with Regulation 24AC of the Local Government (Functions and General) Regulations 1996, a Panel of Pre-qualified Suppliers ("Panel") may be created where the following factors apply:

- The Shire demonstrates that similar goods and services are required to be purchased on a continuing and regular basis;
- The Shire has identified that there are numerous potential suppliers available locally and regionally that may be interested in supplying goods and services to the Shire:
- The Shire has assessed the supply requirements under the intended Panel as being low to medium risk;
- The Shire has determined that creating a Panel will deliver operational efficiency and other value benefits; and
- The Shire is satisfied that it has the capability to consistently establish, manage the risks and achieve the benefits expected of the proposed Panel, including all auditory requirements.

Establishing a Panel

- Panels may be established for one type of supply requirement, or a number of similar types of supply requirements under defined categories within the Panel.
- Panels may be established for a minimum of one (1) year and for a maximum of three (3) years as deemed appropriate by the Shire.
- Evaluation criteria must be determined and communicated in the invitation process by which applications will be assessed and accepted.
- Where a Panel is to be established, where possible the Shire will appoint at least three (3) suppliers to the Panel (or each category under the Panel), on the basis of best value for money. Where less than three (3) suppliers are determined as offering value for money, either per category or the Panel, the Panel or category of the Panel is not to be established.
- In each invitation to apply to become a pre-qualified supplier (through a statewide notice and Shire official website), the Shire must state the number of suppliers it intends to pre-qualify onto the Panel, or to each category under the Panel.
- Should a Panel member leave the Panel during its operation, they may be
 replaced by the next ranked supplier as determined in the original value for
 money assessment to join the Panel of pre-qualified suppliers (should the
 supplier agree to do so), with this intention to be disclosed in the detailed
 information set out under Regulation 24AD(5)(d) and (e) when establishing
 the Panel.

Distributing Work Amongst Panel Members

To satisfy Regulation 24AD(5) of the Regulations, when establishing a Panel of prequalified suppliers, the detailed information associated with each invitation to apply to join the Panel must either prescribe whether the Shire intends to:

- i. Obtain quotations from each pre-qualified supplier on the Panel with respect to all purchases; or
- ii. Purchase goods and services exclusively from any pre-qualified supplier appointed to that Panel, and under what circumstances (e.g. emergency purchases, etc).

Contracts under the Panel must not be formed with a pre-qualified supplier for an item of work beyond 12 months, which includes any options to extend the contract.

Purchasing from the Panel

All purchases made under the Panel must be made in accordance with the method prescribed in the Invitation to Join a Panel of pre-qualified suppliers, and applied in a consistent fashion.

CS-POLICY-10 F 4.9 Panels of Pre-Qualified Suppliers Policy DRAFT

Recordkeeping

Each quotation process, including the invitation to quote, communications with panel members, quotations received, evaluation of quotes and notification of award communications must all be captured on the Shire electronic records system. A separate file is to be maintained for each quotation process made under each Panel that captures all communications between the Shire and Panel members.

For the creation of a Panel, this includes:

- The procurement initiation document such as a procurement business case which justifies the need for a Panel to be created;
- Procurement planning and approval documentation which describes how the procurement is to be undertaken to create and manage the Panel;
- A copy of the invitation to apply to become a pre-qualified supplier documentation;
- Copy of public advertisement inviting applications;
- · Copies of all applications received;
- Evaluation documentation, including clarifications sought;
- Negotiation documents such as negotiation plans and negotiation logs;
- Approval of award documentation;
- All correspondence to applicants notifying of the establishment and composition of the Panel such as award letters;
- Copies of framework agreements entered into with pre-qualified suppliers;
 and
- Records of orders issued under the Panel and any subsequent performance details of works undertaken.

The Shire is also to retain itemised records of each invitation to quote process, including quotations received from pre-qualified suppliers and contracts awarded to Panel members. A unique reference number shall be applied to all records relating to each quotation process, which is to also be quoted on each purchase order issued under the Panel contract.

Information on each Panel of pre-qualified suppliers, including scope of the Panel, details of pre- qualified suppliers under each Panel and term of the Panel must be maintained and made available for access by all officers across the Shire.

BRIEF

This report is for Council to consider any submissions and to adopt the Waste Local Law in accordance with section 3.12(4) of the Local Government Act 1995.

ATTACHMENTS

Attachment 1: Waste Local Law 2020

Attachment 2: Letter of approval from DWER

A. BACKGROUND / DETAIL

At the Ordinary Council Meeting of 18 December 2019, Council resolved to undertake public advertising of the Waste Local Law. On 15 January 2020 in accordance with s3.12 of the Local Government Act 1995, local public notice was provided in the Avon Valley & Wheatbelt Advocate.

The public notice outlined the purpose and effect of the proposed Local Law, and invited submissions with regard to the local law for a period of six weeks ending on 4 March 2020.

A copy of the proposed local law was forwarded to the Department of Local Government and Communities and the Minister for Environment; Disability Services; Electoral Affairs.

This report considers the submission made on behalf the Minister who consequently proposed minor amendments to the Local Law. No public submissions were received.

The Waste Local Law is the final local law in a series of 13 local laws reviewed by Council over the past three years.

The Waste Local Law presented will become a local law once it has been adopted by Council by Absolute Majority and Gazetted. Once this has occurred the local law must be approved by the Joint Standing Committee on Delegated Legislation.

C. OFFICER'S COMMENT

The Waste Local Law was undertaken as a comprehensive and comparative review of the current Waste Amendment Local Law 2011. Based on information provided by the Minister, the preference was to use the Western Australian Local Government Association (WALGA) Model local law.

As a result of the redraft, the Waste Amendment Local Law 2011 and any other editions will be repealed and replaced with the Waste Local Law 2020.

Public Submissions

During the public submission period, one submission was received from the Hon. Stephen Dawson MLC, Minister for Environment; Disability Services; Electoral Affairs.

Based on the feedback from the Minister, administrative amendments and minor edits were made to the proposed Waste Local Law. It should be noted that these edits do not change the intention or application of this local law.

Modifications

The Ministers office gave instructions on 26 March 2020 to make the following changes:

- 1. The title is now to be the Waste Local Law 2020;
- 2. In clause 2.10 delete sub-clause (2)(c) as there is already an existing requirement to clean up the verge in clause 2.10(3)(a);

- 3. Clause 5.1(d) amended to reference subclause 2.11(1) not 2.110(1);
- 4. Schedule 2 Prescribed offences
 - Item 18 altered to reference subclause 2.11(1) not 2.10(1)
 - Item 20 altered to reference subclause 2.11(3); and
- 5. Signature block to read:

Consented to:

Chief Executive Officer
Department of Water and Environmental Regulation

Dated this of 2020

Purpose and Effect

Purpose: The Shire of Northam Waste Local Law 2019 provides for the management of organic waste, recycling waste, waste facilities and waste receptacles within the Shire of Northam.

Effect: The effect is to provide greater control on waste and waste facilities within the district.

For the adoption of the local law it is not a requirement for the Purpose and Effect to be read aloud by the President but it is a requirement to be placed in the advertisement.

RECOMMENDATION

That Council:

1. Request the CEO to provide Statewide public notice that Council have adopted the Waste Local Law 2020 as presented with the following purpose and effect in accordance with s3.12 of the *Local Government Act 1995*;

Purpose: The Shire of Northam Waste Local Law 2019 provides for the

management of organic waste, recycling waste, waste facilities and waste receptacles within the Shire of Northam.

Effect: The effect is to provide greater control on waste and waste

facilities within the district.

2. Request the CEO to complete the local law process by publishing the local law in the *Government Gazette* as described in s3.12(6) of the Local Government Act 1995.

1.8 Power to provide waste services

The local government's power to provide, or enter into a contract for the provision of, waste services is dealt with in section 50 of the WARR Act.

Part 2 - Local government waste

2.1 Supply of receptacles

- (1) The local government is to supply, for the use of each premises that are, or are capable of being, occupied or used for residential purposes, one or more receptacles for the collection and removal, from those premises, of collectable waste
- (2) The owner of premises to which subclause (1) applies must—
 - ensure that the fee or charge (if any) imposed by the local government in relation to each receptacle is paid to the local government; and
 - (b) ensure that each receptacle is used, in respect of those premises, in accordance with this local law.

2.2 Deposit of waste in receptacles

- (1) An owner or occupier of premises must not deposit or permit to be deposited in a receptacle any non-collectable waste.
- (2) A person must not deposit waste in a receptacle that has been provided for the use of other premises without the consent of the owner or occupier of those premises.

2.3 General waste receptacles

(1) An owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle—

- (a) where the receptacle has a capacity of 240 litres—more than 70 kilograms of collectable waste; or
- (b) where the receptacle has any other capacity—more than the weight determined by the local government.
- (2) Where the local government supplies recycling waste receptacles, an owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle any recycling waste.
- (3) Where the local government supplies organic waste receptacles, an owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle any organic waste.

2.4 Recycling waste receptacles

An owner or occupier of premises must not deposit or permit to be deposited in a recycling waste receptacle—

- anything other than the particular type of recycling waste for which that receptacle was provided by the local government for those premises;
- (b) where the receptacle has a capacity of 240 litres— more than 70 kilograms of recycling waste; or
- (c) where the receptacle has any other capacity—more than the weight determined by the local government.

2.5 Organic waste receptacles

An owner or occupier of premises must not deposit or permit to be deposited in an organic waste receptacle—

- anything other than the particular type of organic waste for which that receptacle was provided by the local government for those premises;
- (b) where the receptacle has a capacity of 240 litres more than 70 kilograms of organic waste; or
- (c) where the receptacle has any other capacity more than the weight determined by the local government.

2.6 Direction to place or remove a receptacle

- (1) The local government or an authorised person may give a written direction to an owner or occupier of specified premises —
 - (a) to place a receptacle in respect of those premises for collection; or
 - (b) to remove a receptacle in respect of those premises after collection.
- (2) The direction under subclause (1) may specify when the placement or removal is to occur, or where the receptacle is to be placed, or both.
- (3) An owner or occupier of premises must comply with a direction given under this clause.

2.7 Duties of owner or occupier

An owner or occupier of premises must-

- except for a reasonable period before and after collection time, keep (a) each receptacle in a storage space or area that is behind the street alignment;
- take reasonable steps, if placing a receptacle for collection on the (b) verge adjoining the premises, or other area as determined by the local government, ensure that, within a reasonable period before collection time, each receptacle is
 - within 1 metre of the carriageway; (i)
 - placed so that it does not unduly obstruct any footpath, cycle (ii) way, right-of-way or carriageway; and
 - facing squarely to the edge of and opening towards the (iii) carriageway,

or in such other position as is approved in writing by the local government or an authorised person;

- take reasonable steps to ensure that the premises are provided with (c) an adequate number of receptacles; and
- if the receptacle is lost, stolen, damaged or defective, notify the local (d) government, as soon as practicable, after the event.

Exemption 2.8

- An owner or occupier of premises may apply in writing to the local government (1) for an exemption from compliance with the requirements of clause 2.7(a) or (b).
- The local government or an authorised person may grant, with or without (2)conditions, or refuse an application for exemption from compliance under this clause.
- An exemption granted under this clause must state— (3)
 - the premises to which the exemption applies; (a)
 - the period during which the exemption applies; and (b)
 - any conditions imposed by the local government or the authorised (c) person.
- An exemption granted under this clause ceases to apply -(4)
 - if the local government decides, on reasonable grounds, that there has (a) been a failure to comply with a condition of the exemption; and
 - from the date that the local government informs the owner or occupier (b) of its decision under clause 2.8(4)(a).

2.9 Damaging or removing receptacles

A person, other than the local government or its contractor, must not-

- (a) damage, destroy or interfere with a receptacle; or
- (b) except as permitted by this local law or as authorised by the local government or an authorised person, remove a receptacle from any premises to which it was delivered by the local government or its contractor.

2.10 Building Construction

In this clause

building waste receptacle means a receptacle -

- (a) that has been supplied for the use of the premises by a person other than the local government or its contractor.
- the waste from which is collected and removed from the premises by a person other than the local government or its contractor;

building work has the same meaning as in the *Building Act 2011* and includes demolition work;

building work waste means all waste from building work that is capable of being windblown; and

demolition work has the same meaning as in the Building Act 2011.

- (2) During all periods of building work on a premises the owner or occupier of the premises shall:
 - (a) provide and maintain on such premises a building waste receptacle with adequate capacity suitable for the collection and disposal of building work waste;
 - ensure building work waste is deposited and kept in the building waste receptacle; and
- (3) The owner or occupier of the premises shall ensure that within 2 days of completion of works on site –
 - the site and the thoroughfare verge immediately adjacent to it is cleared of all refuse generated or originating from the building or development site; and
 - (b) that all building waste receptacles are permanently removed from the

2.11 Verge collections

(1) Where the local government has advertised a verge waste collection (such as a green waste, or a bulk waste, verge collection) a person, unless with and in accordance with the approval of the local government or an authorised person—

- (a) must deposit waste only during the period of time, and in accordance with other terms and conditions, as advertised by the local government in relation to that verge waste collection; and
- (b) must otherwise comply with those terms and conditions.
- (2) Where waste has been deposited on a verge for a verge waste collection, a person must not remove any of that waste for a commercial purpose but may remove it for any other purpose.
- (3) Except where waste is lawfully removed from a verge under this clause, a person must not disassemble or tamper with any waste deposited on a verge for a verge waste collection so as to increase the risk of harm to any person.
- (4) Clause 2.11(2) does not apply to the local government or a person engaged or contracted by the local government in relation to the verge waste collection.

Part 3 - General duties

3.1 Duties of an owner or occupier

An owner or occupier of premises must-

- take reasonable steps to ensure that a sufficient number of receptacles are provided to contain all waste which accumulates or may accumulate in or from the premises;
- (b) ensure that each receptacle is kept in good condition and repair;
- (c) take all reasonable steps to-
 - prevent fly breeding and keep each receptacle free of flies, maggots, cockroaches, rodents and other vectors of disease;
 - (ii) prevent the emission of offensive or noxious odours from each receptacle; and
 - ensure that each receptacle does not cause a nuisance to an occupier of adjoining premises; and
- (d) whenever directed to do so by the local government or an authorised person, thoroughly clean, disinfect, deodorise and apply a residual insecticide to each receptacle.

3.2 Removal of waste from premises

- (1) A person must not remove any waste from premises unless that person is—
 - (a) the owner or occupier of the premises;
 - (b) authorised to do so by the owner or occupier of the premises; or
 - authorised in writing to do so by the local government or an authorised person.

- (2) A person must not remove any waste from a receptacle without the approval of
 - (a) the local government or an authorised person; or
 - (b) the owner or occupier of the premises at which the receptacle is ordinarily kept.

3.3 Receptacles and containers for public use

A person must not, without the approval of the local government or an authorised person—

- deposit household, commercial or other waste from any premises on or into; or
- (b) remove any waste from,

a receptacle provided for the use of the general public in a public place.

Part 4 - Operation of waste facilities

4.1 Operation of this Part

This Part applies to a person who enters a waste facility.

4.2 Hours of operation

The local government may from time to time determine the hours of operation of a waste facility.

4.3 Signs and directions

- (1) The local government or an authorised person may regulate the use of a waste facility—
 - (a) by means of a sign; or
 - (b) by giving a direction to a person within a waste facility.
- A person within a waste facility must comply with a sign or direction under subclause (1).
- (3) The local government or an authorised person may direct a person who commits, or is reasonably suspected by the local government or the authorised person of having committed, an offence under this clause to leave the waste facility immediately.
- (4) A person must comply with a direction under subclause (3).

4.4 Fees and charges

(1) Unless subclause (3) applies, a person must, on or before entering a waste facility or on demand by the local government or an authorised person, pay the fee or charge as assessed by an authorised person.

- (2) An authorised person may assess the fee or charge in respect of a particular load of waste at a rate that applies to any part of that load, even if that rate is higher than the rate that would apply to any other part of the load.
- (3) Subclause (1) does not apply—
 - (a) to a person who disposes of waste in accordance with the terms of-
 - (i) a credit arrangement with the local government; or
 - (ii) any other arrangement with the local government to pay the fee or charge at a different time or in a different manner; and
 - (b) to the deposit of waste owned by the local government, or in the possession of an employee on behalf of the local government.

4.5 Depositing waste

BRIEF

For the Council to consider the schedule of fees and charges for the 2020/21 financial year.

ATTACHMENTS

Attachment 1: Schedule of Fees and Charges 2020/21

A. BACKGROUND / DETAILS

Council has adopted the annual schedule of fees and charges separately from the budget document in the past to enable more time to consider each proposed charge for the forthcoming year.

Changes to proposed fees and charges adopted by Council on 30 March 2020 determined no increase in fees and charges in the 2020/21 financial year. A review will be undertaken in the first quarter to 2021 regarding the 2021/22 financial year.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3913

Moved: Cr Della

Seconded: Cr Mencshelyi

That Council:

1. Not increase any rates in the dollar for at least the 2020/21 financial year, and will reassess its position in relation to rate increases for future years in the first quarter to 2021;

- 2. Not implement any 2020 revaluations (either Unimproved or Gross Rental), which would normally be applied at 1 July 2020;
- 3. Not increase fees and charges in the 2020/21 financial year, and will reassess its position in relation to fees and charges increases for future years in the first quarter to 2021;
- 4. Will decrease its charge on overdue rates from the current 11% p.a. calculated daily, to 0% to have immediate effect and lasting until February 1 2021 at which time Council will reassess its position;
- 5. Will remove the requirement for an administration fee to be paid when paying by instalment and the 5% interest charge immediately;
- 6. Will offer a 5% discount to ratepayers who pay their 2020/21 rates in full by the due date;
- 7. Will consider future financial relief measures available to it during its 2020/21 budget deliberations;
- 8. As per Council policy G 1.7 Risk Management enters the following mitigation strategies in the organisational risk register;
 - a. Issue press release on Council position relating to COVID-19 response;
 - b. Monitor and report at least quarterly any projected cash flow issues; and
 - c. Set policy parameter to report budget variances to Council based on nature and type.

CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam Council is a sustainable,

responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Changes to proposed fees and charges as adopted by Council on 30 March 2020 C.3913, determined no increase in fees and charges in the 2020/21 financial year. A review will be undertaken in the first quarter of the 2021/22 financial year.

B.3 Legislative Compliance

Section 6.16 to 6.19 of the Local Government Act (1995) governs the imposition of fees and charges.

Many of the fees and charges listed on the attachment are statutory charges and cannot be modified by the Council. They are included on the list to provide readers of the final budget document with a complete

list of charges which the Council may levy, and may be subject to change.

Local Government (Financial Management) Regulations 1996.

B.4 Policy Implications

B. OFFICER'S COMMENT

The recommended alterations to the fees and charges adopted by Council for the financial year 2019/2020 relate to Community Amenities under Town Planning and Recreation and Culture.

- This brings the Shire fees and charges in line with Planning and Development Regulations 2009
- Where Town Planning Scheme amendments are requested. The recommendation inclusion of fees, is to provide applicants with an estimate, and ensure cost recovery. Fees are payable on application.
- Extractive Industry licenses have a new fee structure to reflect the time spent on Extractive Industry License applications, inspections and renewals.

As required by section 6.17 of the act, the following was partially taken into account in determining the amount of a fee or charge for a service due to the declaration of a State of Emergency, supporting the local economy and community was determined paramount in the COVID-19 crisis.

- (a) the cost to the local government of providing the service or goods;
- (b) the importance of the service or goods to the community; and
- (c) the price at which the service or goods could be provided by an alternative provider.

The Northam Aquatic facility fees and charges were reviewed to account for the extended pool opening season and the additional facilities now provided. Extensive research was done comparing similar facilities in other Shires and the cost to Council to operate the facility, the fees struck were considered fair and affordable.

The organisations identified in the following list are those who have regular recurrent events/programmes occurring in the Shire of Northam. They have requested fees and charges be waivered to assist their events and programmes annually with individual reports being presented to Council to write off the fees and charges.

Each of these events/programmes are perceived as having a charitable/community service benefit. In all cases previous requests for fee waiver have been approved by Council, or by delegated authority as per Policy C3.4-Write off/Waive of small fees or debts. It is felt that acknowledging these groups in the annual fees and charges will reduce the administrative requirement of producing Council reports each occasion
