#### BRIEF

For Council to authorise a licence agreement for a portion of 2 Grey Street, Northam (Northam Visitor Centre).

#### ATTACHMENTS

Attachment 1: Map of area.

#### A. BACKGROUND / DETAILS

The WALGA RoadWise Program has been delivered for over 20 years with funding from the Road Trauma Trust Account and other sources. The RoadWise network extends across all metropolitan, rural and remote areas of Western Australia and consists of 62 local road safety committees and more than 6,000 individual stakeholders, partners and volunteers.

WALGA's Roadwise Program employs staff to support this network by building capacity and facilitating local partnerships to plan and implement road safety activities that contribute to the delivery of the State Road Safety Strategy. In 2021-22, more than 1,800 road safety activities were delivered across the State.

The RoadWise Road Safety Advisors play an important role in providing road safety advice, support and assistance to all of the Local Governments in their assigned region. The support of host Councils, like the Shire of Northam, has enabled that service.

WALGA's RoadWise Road Safety Advisor's have occupied Shire of Northam office space at the Northam Visitor Centre for approximately 12 years with no formal arrangement in place. Officers have identified the need to formalise the arrangement with WALGA and have been liaising with their office on this matter.

WALGA are utilising an area within the front office which is a shared space with the Northam Visitor Centre who utilise this space for storage. The use comprises of two desks which are used 3-5 days per week and an area for storage.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Performance Area: Performance

Outcome 12 Excellence in organisational performance and customer service.

Objective 12.3: Effectively manage the Shire's assets.

### **B.2 Financial / Resource Implications**

WALGA have utilised this space historically with no charges associated with the use. As part of formalising the arrangement, Officers are proposing to charge a licence fee of \$500 per month inclusive of outgoings such as water and electricity. Officers have calculated this fee based on similar charges at Create298 which is \$32 per desk per day or \$250 per month for 3 days per week. A valuation has not been obtained in an attempt to reduce expenses associated with the licence agreement. Should Council support the Officers recommendation, this will result in additional revenue of \$6,000 per annum.

WALGA have several offices throughout the regions and are currently paying charges from \$150 to \$250 per month.

WALGA would be responsible for the expenses relating to the preparation of a licence agreement which is approximately \$800.

### **B.3 Legislative Compliance**

*Local Government Act 1995*

*Local Government (Functions and General) Regulations 1996*

30. Dispositions of property excluded from Act s. 3.58

- (b) the land is disposed of to a body, whether incorporated or not —
  - (i) the objects of which are of a charitable, benevolent, religious, cultural, educational, recreational, sporting or other like nature; and
  - (ii) the members of which are not entitled or permitted to receive any pecuniary profit from the body's transactions;

This disposal can be treated as exempt under regulation 30 detailed above as:

- The objects of the licence agreement are for educational purposes; and
- WALGA's members are not entitled or permitted to receive any profit from the transactions as a registered not-for-profit organisation.

#### B.4 Policy Implications

A 8.5 Management of Council Property Leases

3.0 Subsidised Community Not-For-Profit: Reg 30(2)(b)

3.2 Lessee Responsibilities

3.2.1 Specified annual rent;

3.2.2 Maintenance, cleaning and operational expenses are provided by the Lessee;

3.2.3 Outgoings, utility charges, rates etc are paid by the Lessee

3.2.4 Minor and Major maintenance is managed by the Lessee.

3.2.5 All associated Lease fees are paid by the Lessee.

#### B.5 Stakeholder Engagement / Consultation

Officers have been liaising with WALGA in relation to the usage and formalising an agreement. WALGA have advised that they greatly appreciate the support of the Shire of Northam in hosting the RoadWise Road Safety Advisor's for the Wheatbelt North region for many years. WALGA also understand and recognise the need to formalise the arrangement.

#### B.6 Risk Implications

Risk Category	Description	Rating (likelihood x consequence)	Mitigation Action

### B.7 Natural Environment Considerations

Nil.

### C. OFFICER'S COMMENT

Officers are recommending that a licence agreement be the most appropriate mechanism to formalise the arrangement as the use would be non-exclusive due to the Visitor Centre's requirements to use this area for storage.

Officers are proposing to incorporate an exit clause within the deed should this space be needed by the Shire of Northam in the future.

#### RECOMMENDATION/COUNCIL DECISION

**Minute No: C.4646**

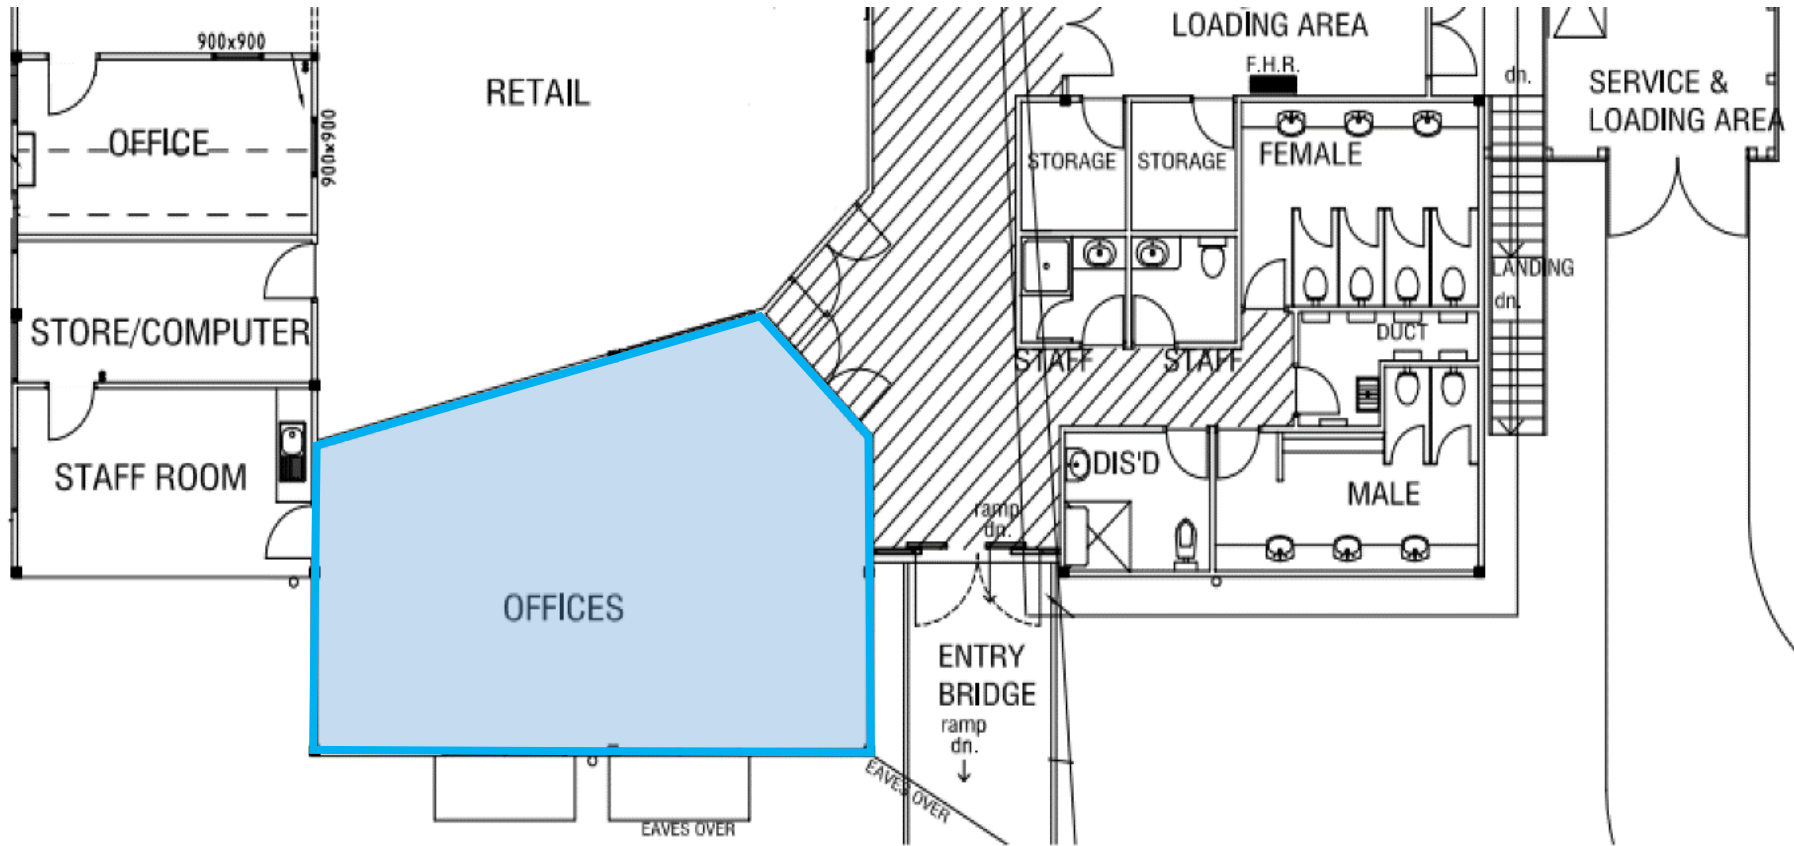

**Moved: Cr Tinetti**

**Seconded: Cr Appleton**

**That Council in accordance with Policy A 8.5 Management of Council Property Leases, section 3.0 Subsidised Community Not-For-Profit, approve a licence agreement for the WA Local Government Association to utilise office space at 2 Grey Street, Northam (Northam Visitor Centre) for a period of five (5) years with a five (5) year renewal option and a monthly licence fee of \$500 inclusive of GST and outgoings.**

#### BRIEF

For Council to consider deferring Grass Valley South Road project to utilise the funds from this project to correct an oversight of 21/22 carry forward projects when preparing this financial years budget.

#### ATTACHMENTS

Nil

---

#### A. BACKGROUND / DETAILS

When preparing this financial year's budget there was an oversight of a few projects that should have been carried forward, namely:

Lyon St SLK 0.00 – 0.60	\$8,383
Markey St SLK 0.00 - 0.11	\$8,942
Southern Brook Road SLK 16.33 – 17.30	\$197,000

The oversight was due to each of the above three projects being complete, however, all costs/invoices were not yet charged to the project.

In addition to the above, the Shires Emergency Works Claim (DRFAWA) for \$144,357 has only been part approved to date for \$72,724. This leaves a shortfall in expected revenue of \$72,034. Although it is possible for the remaining \$71,633 to be received in the future following a request for additional information, it is not guaranteed. As such, this opportunity is being taken to cover this potential shortfall and should the further funds be received, Council can then decide what do with those funds at that point in time.

The above missed carry forward costs as well as the DRFAWA revenue shortfall total \$285,958.

It is proposed to defer Grass Valley South Road SLK 0.00 - 1.10 to next financial year as it is the least likely to be constructed this financial year as initially planned due to the construction teams current committed schedule as well as the design and vegetation clearing extents still being determined. Grass Valley South Road is a 100% municipally funded project on this current year's program with a budget of \$280,000 which aligns very closely to the shortfall needing to be covered.

These works were also deferred from the 2021/22 budget by resolution of Council on 16 February 2022.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Nil

### **B.2 Financial / Resource Implications**

The adopted budget included \$280,000 for Grass Valley South Road which is unlikely to be delivered this financial year. It is proposed to defer this project and reallocate the funds to cover the below unexpected expenditure/revenue reduction:

Lyon St SLK 0.00 – 0.60	\$8,383
Markey St SLK 0.00 - 0.11	\$8,942
Southern Brook Road SLK 16.33 – 17.30	\$197,000
Emergency works (WANDRRA) revenue decrease	\$71,633
<b>Total</b>	<b>\$285,958.</b>

The remaining \$5,958 to be absorbed within current budget constraints.

### C. OFFICER'S COMMENT

It is recommended to defer Grass Valley South Road SLK 0.00 – 1.10 road project to next financial year and undertake a budget amendment to reallocate this projects funds, \$280,000, to cover the below unanticipated amounts:

Lyon St SLK 0.00 – 0.60	\$8,383
Markey St SLK 0.00 - 0.11	\$8,942
Southern Brook Road SLK 16.33 – 17.30	\$197,000
Emergency works (DRFAWA) revenue decrease	\$71,633
<b>Total</b>	<b>\$285,958.</b>

The remaining \$5,958 is to be absorbed within current budget constraints.

**RECOMMENDATION/COUNCIL DECISION**

**Minute No: C.4647**

**Moved: Cr Mencshelyi**

**Seconded: Cr Hughes**

**That Council:**

1. Defer Grass Valley South Road, \$280,000 SLK 0.00 – 1.10 to the 2023/24 financial year and incorporate in the 2023/24 draft budget.
2. Authorise an unbudgeted expenditure from Job 3125 (Grass Valley South Road SLK 0.00 – 1.10) to allocate to the following capital works:
  - a. Lyon St SLK 0.00 – 0.60 \$8,383
  - b. Markey St SLK 0.00 - 0.11 \$8,942
  - c. Southern Brook Road SLK 16.33 – 17.30 \$197,000
3. Reduce DRFAWA AGN 962 revenue by \$71,633.
4. Authorise the remaining \$5,958 to be absorbed within the current budget.

#### BRIEF

The purpose of this Item is to request expenditure of unbudgeted funds from the Septage Pond Reserve to bring forward the Relining of Pond 1 to ensure capacity and continuity of service.

#### ATTACHMENTS

Attachment 1: Location Plan

#### A. BACKGROUND / DETAILS

The Shire of Northam operates 5 liquid waste ponds at the Old Quarry Road Waste Management Facility, which provides a facility for the disposal of liquid wastes generated locally within the Shire and further afield.

Over recent years there has been an increase in the use of the ponds by licensed liquid waste carters outside the Shire area that has resulted in the ponds reaching full capacity, particularly during periods of wet weather.

To cater for the continued increased in use of the facility, Officers commenced investigating options to operate the facility more commercially, including the increase in fees to ensure that they are competitive, and the facility is not being used as a cheap option for commercial operators.

It was proposed to present a report to the November 2022 Ordinary Council Meeting to amend the fees and charges to introduce a scaled fee system where local wastes would be less than regional and metropolitan generated

wastes. The report was removed from the agenda due to issues associated with Pond 3 that required immediate attention.

In mid-November 2022, air bubbles were detected in Pond 3, which were monitored and continued to grow over a period of approximately a week where additional air bubbles appeared.

Further investigations, in consultation with the Shire's Waste Consultant, resulted in the pond being closed and drained. It was originally thought that the bubbles contained air, however once the pond was drained it became evident that there was liquid underneath the liner, which rendered rectification works unviable to due to safety concerns.

Due to the need to drain Pond 3, the remaining ponds reached their permitted freeboard as specified in the DWER Licence, which resulted in temporary closure of the facility.

As a temporary measure and taking into consideration the weather conditions, which maximises evaporation, the ponds have been re-opened to cater for local wastes only until such time one of the other ponds can be emptied and relined.

The purpose of this Report is for Council to consider amending the fees and charges and to bring forward funds from the Septage Ponds Reserve to enable the emptying and relining of Pond 1, which will enable the facility to be fully operational. Noting that Pond 3 will also require relining in the next financial year.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Theme Area: Planet

Outcome 6.2: Provide sustainable waste management.

### **B.2 Financial / Resource Implications**

Cost of repairs – refer to the Officer's comments for an outline of the options and associated estimated costs. It is proposed to utilise the Septage Pond Reserve (current balance \$282,908).

The increase in fees and charges for use of the liquid waste facility will provide additional income to ensure additional capacity for continuity of the service.

### **B.3 Legislative Compliance**

The facility is licensed (ref: L6977/1997/10) by the Department of Water and Environmental Regulation as a Class 61 – Liquid waste facility under the provisions of *Environmental Protection Act 1986*.

*Local Government Act 1995, Section 6.8.*

Expenditure from municipal fund not included in annual budget

- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —
- (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
  - (b) is authorised in advance by resolution\*; or
  - (c) is authorised in advance by the mayor or president in an emergency.

\* Absolute majority required.

#### **B.4 Policy Implications**

Nil

#### **B.5 Stakeholder Engagement / Consultation**

- Consultation has occurred internally and with the Shire's Waste consultant.
- LGIS has also been consulted regarding insurance.
- Users of the facility have been kept up to date with the investigations and closures.

The Shire of Northam have reviewed other Local Governments Fees including:

- Shire of East Pilbara
- Shire of Bridgetown
- Shire of Moora
- Shire of York
- Redhill Waste Management Facility

It is proposed to amend the fees and charges to ensure that the facility can self-fund operating commercially and are competitive with similar facilities to ensure that we are not targeted as a cheap disposal option as follows:

<b>Liquid Waste Source</b>	<b>Proposed new charge:</b>	<b>Previous charge:</b>
<b>Local</b>	\$0.10 per litre	\$0.08 per litre
<b>Regional</b>	\$0.12 per litre	\$0.08 per litre
<b>Metro</b>	\$0.14 per litre	\$0.08 per litre

### Relining Pond 1

It is proposed to empty and reline Pond 1 as soon as possible to enable the facility to reopen completely, which will enable Pond 3 to be decommissioned so that it can dry out and relined in 2023/24.

The funds required to empty and reline Pond 1 are unbudgeted and approval is being requested from Council to utilise funds from the Septage Ponds reserve to carry out these works in the current financial year.

Quotes obtained indicate that the works will cost \$100,000 and including a 10% contingency, a total of \$110,000 is requested.

Following the completion of these works, the facility will fully reopen. A request will then be submitted to the next budgetary cycle for the allocation of additional funds to reline Pond 3.

### Conclusion

The proposed increase in fees and charges will provide the additional funds to create an ability to strategically manage the facility to provide continuity of a high level of service by ensuring that the ponds always have sufficient capacity.

#### BRIEF

A request for comments has been received from the Department of Planning, Lands and Heritage (DPLH) regarding the proposed transfer of land under the South West Native Title Settlement.

#### A. BACKGROUND / DETAILS

DPLH have provided the following information:

“The South West Native Title Settlement (Settlement) is a landmark native title agreement reached between the State Government (State) and the six Noongar Agreement Groups. The six requisite Indigenous Land Use Agreements (ILUAs) were conclusively registered, leading to the Settlement commencing on 25 February 2021 after some years of delay. The Settlement recognises the Agreement Groups as the Traditional Owners of the south west of Western Australia, while resolving native title in exchange for a negotiated package of benefits. The area subject to the Settlement is depicted in the attached maps.

A key negotiated benefit is the delivery of a 320,000 hectare Noongar Land Estate, in accordance with the Noongar Land Base Strategy ([Annexure J to](#)

[the ILUAs](#)). The Noongar Land Estate will contain up to 300,000 hectares of land transferred in reserve or leasehold, and up to 20,000 hectares of land transferred in freehold. The Landholding Body for all land transferred is the Noongar Boodja Land Sub Pty Ltd, which will hold and manage the land in the Noongar Land Estate in consultation with the soon to be established Noongar Regional Corporations. All land will be used and managed in line with Noongar cultural, social and economic aspirations for the benefit of generations to come.

Over the next five years, DPLH will progress selected land parcels through to transfer under the Settlement, subject to all necessary consultation and approvals with stakeholders. Land eligible for inclusion in the Noongar Land Estate includes:

- unallocated Crown land;
- unmanaged reserves;
- land owned or held by the Aboriginal Lands Trust / Aboriginal Affairs Planning Authority; and
- land owner or held by State agencies or Local Government Authorities, at the discretion of the State agency or Local Government Authority.

A key part of the process being followed by the DPLH involves the referral of land under consideration for inclusion in the Noongar Land Estate to relevant State agencies and Local Government Authorities."

9. Please provide any additional comments on the proposed transfer of this land as part of the Settlement.

There have been a number of previous requests received by the Shire from DPLH. Due to the increasing number of proposals, it was determined that the Council should provide guidance on responding to these requests, particularly regarding question 1.

The spreadsheet attached to this Report details the proposed land to be transferred and the Shire's responses to the above questions.
