## 4. DISCLOSURE OF INTERESTS

Members should fill in Disclosure of Interest forms for items in which they have a financial, proximity or impartiality interest and forward these to the Presiding Member before the meeting commences.

As defined in section 5.60A of the Local Government Act 1995, a **financial interest** occurs where a Councillor / Committee Member, or a person with whom the Councillor / Committee Member is closely associated, has a direct or indirect financial interest in the matter. That is, the person stands to make a financial gain or loss from the decision, either now or at some time in the future.

As defined in section 5.61 of the Local Government Act 1995, an **indirect financial interest** includes a reference to a financial relationship between that person and another person who requires a Local Government decision in relation to the matter.

As defined in section 5.60B of the Local Government Act 1995, a person has a **proximity interest** in a matter if the matter concerns a proposed change to a planning scheme affecting land that adjoins the person's land; or a proposed change to the zoning or use of land that adjoins the person's land; or a proposed development (as defined in section 5.63(5)) of land that adjoins the person's land.

As defined in 34C of the Local Government (Administration) Regulations 1996, an **impartiality interest** means an interest that could, or could reasonably be perceived to, adversely affect the impartiality of the person having the interest and includes an interest arising from kinship, friendship or membership of an association.

### **Operational Matters**

A Prohibited Burning Period remains in place. As reminded by the recent fires in Wundowie, we need all ratepayers and residents to be aware, and adhere to any rules and instructions that apply during emergencies. Preparedness includes inspecting firstly, then clearing of excess weeds around properties and cleaning of gutters. Know who to contact in the case of an emergency. Anyone can help by becoming a volunteer for any of our emergency responder outfits.

### **Meeting Dates and Locations for 2021 confirmed**

At one of our last 2020 Ordinary Council Meeting, dates, and locations for the 2021 Forum and Ordinary Council Meetings were determined. These meetings are planned to be held over various locations in the Shire.

### **Happy New Year and Events Calendar**

Happy New Year. As we move further into 2021, which, depending on your thoughts, is the start of a new Decade. When perusing the Visit Northam Social Media sites, there are many events already scheduled for the year ahead. These start with the Australia Day activities, then head into many other exciting events planned for the year.

### **Strategic Matters**

We continue to work with proponents who may view the Shire of Northam as a potential location. The recently announced Industry Attraction Fund remains open. Any potential businesses or industries are encouraged to speak to the Shire of Northam CEO.

**Name:** Glenn McCall, 18 Fairway Bend, Northam

**Agenda Item:** 13.3.4 – Proposed Outbuilding – 18 Fairway Bend, Northam

**Deputation:** My name is Glenn McCall and I would like to make a statement in relation to agenda item 13.3.4 as the property owner.

1. Due to the block having a significant fall of 5m from the front to the rear of the property, any development on the block and adjoining properties will be required to cut, fill and retain to create a level surface for any houses or sheds. This shed is proposed to be cut at 400 from the front and filled 1200 at the rear right hand corner. This is in line with almost all other development in this area.
2. The shed will not create any significant overshadowing and will not obstruct any view for the adjoining property that has objected. This is also confirmed in the reporting officers comment. We would also like to note that any shed on the adjoining property will require a similar cut and fill scenario.
3. The shed itself will not be visible from the street. The top of the wall height of this shed will be approximately level with the finished floor level of our rear alfresco paving. The shed also blends in with the residential landscape as it is

constructed in colourbond which is matching to the house. The shed will also be obscured by a 1.8m colourbond fence which is the standard on any residential property.

4. The golf course estate consists of residential properties which almost all require retaining and in nearly every circumstance are retained immediately adjacent to the boundary as is proposed in my application.
5. The storage shed will allow us to park our vehicle, boat and horse float away from off the street which we feel would improve the neighbouring amenity.

Hopefully from this information you can see that this proposed outbuilding will not affect or reduce the rural view to the adjoining landowners.

I kindly ask you to consider this information and ask you to approve our application.

Two members of the Gallery entered the meeting at 5:37pm.

#### BRIEF

A development application has been received to obtain approval to construct a new outbuilding at 18 Fairway Bend, Northam.

The application was advertised to the adjoining landowners and one submission was received.

In accordance with Council's Delegations (P04), the application is referred to Council for determination.

## ATTACHMENTS

- Attachment 1: Locality Plan.
- Attachment 2: Plans.
- Attachment 3: Statutory Assessment.
- Attachment 4: Schedule of Submissions.

---

## A. BACKGROUND / DETAILS

The subject land is located in the north-eastern segment of the Northam townsite and comprises a total area of 2,397m<sup>2</sup>. The property currently contains a single dwelling and slopes moderately to the east.

It is proposed to construct a new outbuilding in the rear yard in the south-east corner of the property with a retaining wall to manage the sloping terrain. The outbuilding will be used to store the owner's vehicles and horse float.

Following an inspection of the site by the reporting officer, discussions were held with the Applicant regarding concerns the overall height of the proposed outbuilding, which would result in significant variations to the Shire's Local Planning Policy No. 23.

The Applicant agreed to reduce the height of the outbuilding by 500mm and submitted amended plans resulting in the development generally complying with the provisions of LPP23.

Following receipt of the amended plans, the neighbouring landowner (i.e. No.16 Fairway Bend) was invited to comment on the proposal. In responding to the Shire the adjoining landowner raised concerns regarding the potential loss of views and overshadowing of their property.

The variations to the development standards and the issues raised in the submission received from the neighbouring landowner are the subject of this Report.

## B. CONSIDERATIONS

### B.1 Strategic Community / Corporate Business Plan

Theme Area: Governance & Leadership

Outcome: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

Objectives: Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders;

Effective and efficient two-way communication between the Shire of Northam and stakeholders;

## **B.2 Financial / Resource Implications**

There are no financial implications associated with this proposal aside from the administrative costs associated with processing the application. Town planning expenses are provided for in Council's Budget. The relevant application fee has been paid.

All costs associated with the proposed development will be met by the applicant/landowner.

Should the applicant/landowner be aggrieved by Council's final decision, they may seek a review of that decision by the State Administrative Tribunal in which case the Shire would need to respond, the cost of which cannot be determined at this preliminary stage but could be expected to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

## **B.3 Legislative Compliance**

The application has been assessed in accordance with the provisions of the Shire of Northam's Local Planning Scheme No. 6, Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (i.e. the Deemed Provisions) and all relevant Local Planning Policies. Refer to the Statutory Assessment attached to this Report (Attachment 3).

## **B.4 Policy Implications**

It is proposed to vary the provisions of LPP23 relating to the height of the proposed outbuilding. In considering this height variation, precedent needs to be considered to ensure the proposed outbuilding does not adversely affect neighbouring properties and adverse policy implications do not arise.

## **B.5 Stakeholder Engagement / Consultation**

The application was advertised to the owner of 16 Fairway Bend in accordance with the provisions of Level 2 of LPP20. As discussed in this Report, the neighbouring landowner has raised concerns regarding the development (see Attachment 4 – Schedule of Submissions).

### C. OFFICER'S COMMENT

As detailed in this assessment, there are four (4) main issues that require consideration when determining this application:

1. Variation to clauses 5.3.7 and 5.3.8 of the R-Codes (i.e. site works & retaining walls);
2. Variation to clauses 6.4 and 6.5 of LPP23 (i.e. maximum wall and ridge heights);
3. Impacts on views; and
4. Potential overshadowing.

#### Variation to the R-Codes

As part of the construction of the outbuilding, it is proposed to cut, fill and retain the land to accommodate a proposed new sand pad.

Clause 5.3.7 of the R-Codes requires excavation or filling works to be setback from a lot boundary as if it was a wall of a building with a major opening. In this case the minimum required setbacks are 2.5m from the land's southern boundary and 3.9m from its eastern boundary. The proposed setback is 1.5m from both boundaries which, although not satisfying the deemed-to-comply provision of the R-Codes, is considered to satisfy the relevant design principles of the R-Codes given the proposal responds to the land's natural slope by minimising the extent of all excavation / fill works required to accommodate the proposed development.

Similarly, clause 5.3.8 of the R-Codes requires retaining walls to be setback as per the building setback requirements. The design principles for retaining walls aim to ensure that retaining walls do not detrimentally affect adjoining properties and are engineered, designed and landscaped. Having regard for the proposed location of the new outbuilding at the rear of the subject property, it is the reporting officer's view the proposed reductions to the minimum required boundary setbacks for all fill and retaining works will not detrimentally affect the neighbouring property. A condition is however recommended regarding the design, engineering and landscaping of the proposed retaining wall to ensure it is constructed to a suitable visual standard and does not compromise the visual amenity of any adjoining properties.

#### Variation to LPP23

This Council policy provides an interpretation of the following design principle (clause 5.4.3) in the Residential Design Codes for the construction of any new outbuilding:

*“Outbuildings that do not detract from the streetscape or the visual amenity of residents or neighbouring properties.”*

LPP23 exempts outbuildings that satisfy the provisions of LPP23 from the need for development approval despite any proposed variations to the deemed-to-comply requirements of the R-Codes (i.e. LPP23 overrides the R-Code requirements). If variations are proposed to the provisions of LPP23, such as proposed in this application, then development approval is required.

This application proposes to vary the following deemed-to-comply requirements of LPP23:

**Clause 6.4** – Not to exceed a wall height (measured from NGL) of 3.5m, or 2.7m where the outbuilding is located on or less than 1.0m from a boundary.

**Clause 6.5** – Not to exceed a roof ridge height (measured from NGL) of 4.5m, or 4.2m where the outbuilding is located on or less than 1.0m from a side or rear boundary.

*Note: NGL in these clauses refers to natural ground level.*

Due to the topography of the land, the owner/applicant wishes to vary the above height requirements from 450mm to 1.2m (greatest variation in the south-east corner), which includes the sand pad, to accommodate the outbuilding and provide level access for reversing their horse float.

Where a development proposal does not meet the deemed-to-comply requirements of section 6 of LPP23, it must be considered under the provisions of section 4.2 of LPP23 which states:

Council may approve a development at variance with the Policy deemed-to-comply requirements where it believes the variation and outbuilding as proposed –

- meets the stated *design principle of the R-Codes* for outbuilding development;
- meets the primary objectives of this Policy; and
- will not set an undesirable precedent for future development.

The reporting officer has formed the view the proposal satisfies the relevant design principle of the R-Codes as it will not detract from the streetscape or affect the visual amenity of residents due to its location at the rear of the land and the outbuilding's external design and finishes which are both complementary and visually attractive.

The reporting officer is also satisfied the proposal meets the primary objectives of LPP23 in that it caters for the landowners' lifestyle needs and will not detrimentally affect the amenity of the property or any adjoining properties.

In regards to setting an undesirable precedent, the proposed new outbuilding satisfies the majority of the deemed-to-comply requirements, with the exception of the proposed boundary setbacks and building height variations which are proposed to account for the land's sloping topography and provide safe and convenient access to the proposed structure. Although a precedent may be set in the locality in terms of variations to the relevant development standards, it is unlikely to have any adverse policy implications as the proposed variations can be suitably justified in the context of the relevant design principles.

#### Impact on views

As previously mentioned the neighbouring landowner (i.e. No.16 Fairway Bend) has raised concerns regarding the proposed outbuilding restricting views from his property and diminishing his land's value. A recent site inspection by the reporting officer indicates however that the primary views from the adjoining property are to the south-east in the opposite direction to the proposed development (i.e. current views will not be detrimentally impacted).

Also relevant to the consideration of views is the future use of the neighbouring property, which is zoned for Residential development, similar to the Golf Course Estate. Whilst the adjoining property is currently undeveloped, it is contended any new dwelling to be constructed in the future can be designed to take full advantage of the views available and visually screen the proposed new outbuilding if required.

View sharing principles have been well established in planning law and in this respect the proposed outbuilding will not completely restrict any views currently enjoyed from the immediately property to the south or any future dwelling to be constructed thereon. As such, the concern raised regarding the potential loss of views is not considered relevant and is therefore respectfully dismissed.

#### Overshadowing

The deemed-to-comply provisions of clause 5.4.2 of the R-Codes states that any development shall be designed so that any shadows cast at midday, 21 June onto any other property does not exceed 25% of its site area, which in this case equates to 562.50m<sup>2</sup> of No.16 Fairway Bend.

An assessment of the shadow cast by the proposed development over No.16 Fairway Bend indicates that the total length of the shadow would be approximately 7m, of which 5.5m would extend into this neighbouring property and cover a total area of approximately 40m<sup>2</sup>. Given the extent of the shadow

to be cast is well within the deemed-to-comply requirements of the R-Codes, the concern raised regarding the likely overshadowing impact is respectfully dismissed.

#### Peer Review

Due to the Applicant being employed by the Shire of Northam, an independent peer review of the Officer's Report was conducted by ExUrban, a town planning consultant who made several comments that have been incorporated into the Officer's Report with the Officer's recommendation being supported. A copy of the peer review is available to Council if required.

#### Conclusion

The Applicant has attempted to balance their needs, including the location of a future swimming pool on the property, and the potential impacts on neighbouring properties when designing the proposed development.

The reduction of the proposed outbuilding's wall height by 500mm from the original plans submitted is considered a good planning outcome.

Assessment of the application in the context of the relevant town planning requirements as well as the concerns raised by the neighbouring landowner has confirmed the proposed new outbuilding will not have any adverse impacts, will not create an undesirable precedent for future development of this type or undermine Council's policy objectives. As such, it is recommended Council approve the application subject to a range of conditions to ensure it proceeds in an orderly and proper manner.

#### **RECOMMENDATION / COUNCIL DECISION**

**Minute No: C.4131**

**Moved: Cr Mencshelyi**

**Seconded: Cr Ryan**

**That Council resolve to APPROVE the application for development approval (ref: P20099) and accompanying plans for the construction of an outbuilding at Lot 398 (No.18) Fairway Bend, Northam, in accordance with the provisions of clause 68(2)(b) of Schedule 2 (Deemed Provisions) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, and the Shire of Northam Local Planning Scheme No.6, subject to the following conditions:**

- 1. The development hereby approved shall be substantially commenced within two (2) years from the date of this determination. If the development is not substantially commenced within this period this approval shall lapse and have no further effect. Where an approval has so lapsed, the proposed development shall not be carried out without the further approval of Council having first being sought and obtained.**

2. The development hereby approved shall be constructed in accordance with the stamped approved plans.
3. Any additional development which is not in accordance with the application the subject of this approval or any condition of approval will require the further approval of Council.
4. All stormwater drainage generated by the proposed new outbuilding shall be managed and disposed of on-site to the satisfaction of the local government (i.e. no stormwater is permitted to be directed and disposed of via any immediately adjoining property).
5. The proposed retaining wall shall be designed, engineered and landscaped to the satisfaction of the local government. Prior to the commencement of any works on the land the applicants/landowners shall prepare and submit plans for the proposed retaining wall to the local government for consideration and determination by the Shire's Chief Executive Officer.
6. The outbuilding shall not be used for habitable, commercial or industrial purposes unless otherwise approved by Council.

#### BRIEF

An application has been received to amend the approved design and staging for the clubhouse to be constructed at the Northam Eco Village.

The proposed amendments can be considered under the provisions of clause 77 of the Schedule 2 (Deemed Provisions) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

In accordance with the condition 8 of Council's Delegations (P04), the application is being referred to Council for determination.

#### ATTACHMENTS

- Attachment 1: Amended Plans – Clubhouse  
Attachment 2: Approved Plans – Clubhouse

#### A. BACKGROUND / DETAILS

The original development approval (ref: P16146) to construct a Lifestyle Village was granted by Council at its Ordinary Meeting held on 15 February 2017 (C.2945). In accordance with this approval, the clubhouse was to be constructed prior to the full occupation of Stage 1. A copy of the approved plans relating to the clubhouse is attached to this Report (Attachment 2).

On 16 August 2017, Council granted approval (C.3109) for an amendment to the plans and condition 15 (ref: P16146.1) relating to the staging of the clubhouse. The amending staging enabled the proponent to construct an

initial smaller portion of the clubhouse as part of Stage 1 and the remainder as part of Stage 3.

A further amendment (ref: P16146.2) to the conditions was approved by Council on 15 August 2018 (C.3440) revising the timing of road upgrade works required as part of the development.

This application is the 3<sup>rd</sup> amendment (ref: P16146.3) to the development originally approved by Council as follows:

1. Amend the design of the clubhouse to provide a ground floor area designated for residents of the village, including the swimming pool, and an upstairs community use / function area; and
2. Amend condition 15 relating to the staging of the clubhouse to enable construction in a single stage to commence early 2021.

The proponent has advised that although the new clubhouse design will reduce the overall floor area of the clubhouse and swimming pool, it will provide a more useable space for residents and the community and enable the facility to be provided earlier than originally proposed. No changes to the location of the clubhouse is proposed.

The new design will also take better advantage of the views and topography providing usable verandah areas on both levels for residents and the community to enjoy the views of the Village and locality.

## **B. CONSIDERATIONS**

### **B.1 Strategic Community / Corporate Business Plan**

Theme Area: Economic Growth

Outcome: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objective: Pursue a range of developments in sectors including retirement living, renewable energy, agribusiness, innovation, logistics and aviation.

### **B.2 Financial / Resource Implications**

The applicable application fee has been paid.

### **B.3 Legislative Compliance**

Clause 77 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Deemed Provisions) enables an owner to:

- (b) amend or delete any condition to which the approval is subject;
- (c) amend an aspect of the development approval which, if amended, would not substantially change the development approved.

The amendment of the condition 15 to amend the staging relating to the construction of the clubhouse will result in the whole facility being provided to the residents and community earlier than originally proposed, and can be considered under clause 77(b).

In regards to the proposed design changes, the amendment of this aspect will not substantially change the approved development, and therefore can be considered under clause 77(c).

#### B.4 Policy Implications

There are no policy implications associated with the proposed amendments.

#### B.5 Stakeholder Engagement / Consultation

Initial discussions were held with the proponent regarding the amendments prior to submission.

There are no community consultation or stakeholder engagement requirements associated with the application process.

#### B.6 Risk Implications

#### C. OFFICER'S COMMENT

The proposed amendments to the design and staging of the clubhouse do not substantially change approved development and can be considered by Council under the provisions of clause 77.

Approval of the application to amend the development approved will enable the proponent to construct the clubhouse that will provide residents with a central community facility earlier than originally proposed, and potentially attract new residents and sales.

#### BRIEF

Council at its Ordinary Meeting held on 18 November 2020 resolved (C.4085) to adopt the revised draft local planning policies (LPPs) for the purposes of advertising.

The advertising period has been completed and no submissions were received regarding the proposal.

Council is now requested to finally adopt the amended local planning policies 2, 3, 13 and 17 and revoke LPP6.

#### ATTACHMENTS

Attachment 1: Final LPPs.

#### A. BACKGROUND / DETAILS

Council first considered the review, amendment and revocation of the subject local planning policies at a workshop held on 6 October 2020 as the initial stage of the review of the Shire's Local Planning Policies.

Local Planning Policies 2, 3, 6, 13 and 17 were identified as those policies most in need of attention and were included in the first stage of the review. Other LPPs will be presented to Council for considered in subsequent stages.

Following the workshop, a Report was presented to Council at its Ordinary Meeting held on 18 November 2020 to adopt the revised policies for the purposes of advertising. This Report provides the background of the proposed changes to the LPPs and reasons for revocation of LPP6.

The advertising period has now been completed, no submissions were received, and therefore the policies are now being presented to Council for final adoption.

## B. CONSIDERATIONS

### B.1 Strategic Community / Corporate Business Plan

Theme Area: Governance & Leadership

Outcome: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

Objective: Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders.

### B.2 Financial / Resource Implications

Costs associated with the policy review are budgeted.

### B.3 Legislative Compliance

Division 2, Part 2 – Local planning framework of the *Planning and Development (Local Planning Schemes) Regulations 2015* (Deemed provisions) sets out the requirements for adopting, amending and revoking local planning policies.

### B.4 Policy Implications

Ensuring that LPPs are up to date and reflect current legislative and community requirements will have positive policy implications.

### B.5 Stakeholder Engagement / Consultation

The proposed amendments and revocation of the local planning policies have been advertised to the community in accordance with the provisions of the Regulations for a minimum period of 14 days. Advertising included a notice in the West Australian, on the Shire's website and social media pages. No submissions were received in response to the advertising.

### C. OFFICER'S COMMENT

As outlined in the Background section of this Report, the review of the Local Planning Policies is being carried out in prioritised stages. The LPPs the subject of this Report have been identified as those policies that require the most urgent attention and updating.

The remainder of the policies will be presented to Council, and the community, in the near future. It is also worth noting that the Shire of Northam Local Planning Strategy and Local Planning Scheme No. 6 are also currently being reviewed, which will ensure that the local planning framework is up to date, current and reflects legislative and community needs.

LPP2: GENERAL DEVELOPMENT GUIDELINES

### LOCAL PLANNING POLICY

#### LPP2: GENERAL DEVELOPMENT GUIDELINES

Responsible Department	Development Services
Resolution Number	C.2190
Resolution Date	18/12/2013
Next Scheduled Review	2020
Related Shire Documents	Local Planning Scheme No. 6
Related Legislation	Planning and Development Act 2005 Planning and Development (Local Planning Schemes) Regulations 2015

#### OBJECTIVES

- (a) Ensure that no development adversely impacts upon the amenity of the area or upon vistas from public roads;
- (b) Provide certainty for landowners of the requirements within the Shire and guidance to the Shire's officers by ensuring that all development issues are considered when applying for planning approval and that the rural nature of the Shire is maintained; and
- (c) Limit the impact of development by specifying general guidelines for development and site works.

#### SCOPE

##### Definitions

The definitions that are used in this policy are the same as in the Shire of Northam Local Planning Scheme No. 6 and the Residential Design Codes.

#### POLICY

1. General Development Guidelines
  - 1.1 No building shall be so constructed, finished or left unfinished so that its external appearance would, in the opinion of the Shire, create glare or in any other way whatsoever significantly detract from the amenity of the

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP2: GENERAL DEVELOPMENT GUIDELINES**

locality. All premises shall be so used and maintained so as to preserve the local amenity to the satisfaction of the Shire.

- 1.2 Dwellings are encouraged to be designed to be environmentally sustainable using passive solar design and energy efficiency principles.

2. Earthworks and Retaining Walls

- 2.1 If earthworks are not being undertaken as a component of the building permit then separate development approval for earthworks are to be obtained. Earthworks should be contained within the setbacks applicable to each lot or within the designated building envelope (if applicable).
- 2.2 Any earthworks or retaining walls, whether proposed separately or under a building permit, in the Rural Residential, Rural Smallholdings or Rural zones that exceed 1000mm in height require development approval.
- 2.3 A retaining wall or other type of soil retaining method must be installed where the proposed finished level is more than 1.5m greater than the existing ground level, unless the land is battered at a grade of at least 1:2 (height : length) for sand and clay and at least 1:4 for silt.
- 2.4 Where the proposed top of the retaining wall is greater than 1.5m from natural ground level, terraced retaining walls spaced a minimum of 1m apart and landscaping will be required to reduce the visual impact.
- 2.5 Details of the management of stormwater as a result of earthworks and/or retaining walls shall be included in the application for development approval.

3. Dams

- 3.1 The construction of dams will generally only be supported where there is a demonstrated need for water storage associated with an agricultural use or for domestic purposes.
- 3.2 Dams should be setback an appropriate distance to ensure that neighbouring landowners are not detrimentally affected taking into consideration the standard setback requirements for the respective zone.
- 3.3 The construction of dams in Rural and Rural Smallholding Zones are exempt from development approval where the dam:
  - (a) has been approved or does not require approval from any State Government agency or authority; and
  - (b) the lower edge of the dam wall, and any other part of the dam including the stored water is further than 20 metres from all boundaries of the subject lot.

ORG-TEMP-09 Policy\_LPP2 Construction & Development

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP2: GENERAL DEVELOPMENT GUIDELINES**

3.4 Dams in the Rural Residential and Rural Smallholdings zones will only be supported where the following criteria can be met:

- (a) the dam is setback a minimum of 20 metres from the boundaries of the subject lot;
- (b) the construction does not require the clearing of any riparian vegetation;
- (c) the construction is setback a minimum of 30m from any on-site effluent disposal system and/or any watercourse;
- (d) the wall height does not exceed 1 metre and the surface area does not exceed 25m<sup>2</sup>;
- (e) the construction is off-stream and ensures that natural flows are maintained within the watercourse at all times including during construction;
- (f) there is a demonstrated need for water storage associated with an agricultural use or for domestic purposes and will generally not be supported where they are solely for aesthetic purposes or on lots with an area of less than 2 hectares, where the scale of rural activities does not normally warrant the provision of a dam.

4. Grouped Dwellings

4.1 The Shire has powers under the provisions of Clause 4.3 of the Scheme to permit development at the higher density for those lots designated as dual coded. Density bonuses will be considered in dual coded areas where the proposed developments:

- (a) are designed for aged persons' accommodation, or provide a variety of housing types for an identified market;
- (b) are connected to the Water Corporation's sewerage system;
- (c) justify the density bonus through good quality and innovative design; and
- (d) are located outside of SCA1 Avon and Mortlock River Special Control Area.

4.2 A density bonus may be allowed subject to compliance with provisions of the R-Codes.

5. Use of Second Hand Materials

5.1 The use of second hand building materials are generally not supported within the "Residential", "Rural Residential", "Rural Smallholdings", "Tourist", "Mixed Use" and "Commercial" zones and require the specific approval of the Shire of Northam.

**LPP2: GENERAL DEVELOPMENT GUIDELINES**

6. Development on Land Identified as Possibly Having Unexploded Ordnance
- 6.1 Any application for development proposal or subdivision in an area which may be considered a high danger area for unexploded ordnance, the following conditions over and above determined conditions will apply:
- (a) The area to be searched by the Western Australian Police Force (UXO) Branch and clearance given;
  - (b) The purchasers of blocks within a proposed subdivision are to be made aware of the history of the land and the likelihood of unexploded ordnance;
  - (c) A restricted covenant being placed on the title explaining the area may be subject to unexploded ordnance; and
  - (d) Statutory Declaration from the land owner, both current and future, that a restricted covenant placed on the land recognises the implications of the restricted covenant and that it is understood.
7. Battleaxe Subdivision – Rural, Rural Residential and Rural Smallholding Zones
- 7.1 Extensive use of the battleaxe configuration in the subdivision of new or broad acre areas is not favoured. Proposed battleaxe subdivision of lots shall be recommended for refusal on the following grounds:
- (a) creation of this type of subdivision results in not being able to provide for two-way access and egress to residents and emergency services;
  - (b) creation of long battle-axe legs in areas with particular physical or topographical constraints is inappropriate; and / or
  - (c) not be used within areas that are bush fire prone areas.

## LOCAL PLANNING POLICY

### LPP3: TRANSPORTABLE, REPURPOSED & SECOND-HAND DWELLINGS

Responsible Department	Development Services
Resolution Number	C.2190
Resolution Date	18/12/2013
Next Scheduled Review	2020
Related Shire Documents	Local Planning Scheme No. 6
Related Legislation	Planning and Development Act 2005 Planning and Development (Local Planning Schemes) Regulations 2015

#### OBJECTIVES

- Ensure that no development adversely impacts upon the amenity of the area or upon vistas from public roads;
- Limit the impact of this type of development by specifying general guidelines for transportable, repurposed and second hand dwellings; and
- To promote high quality, sustainable housing within the Shire of Northam.

#### SCOPE

#### DEFINITIONS

The terms in this policy have the same meaning as the Local Planning Scheme No. 6 (LPS6) and Residential Design Codes (R-Codes). The following additional term is defined for the purpose of this policy.

"**Donga**" means a transportable building typically utilised as workers' accommodation throughout the mining industry and/or utilised as site offices and/or has the general appearance of mine site accommodation.

#### POLICY

- Transportable Dwellings

ORG-TEMP-09 Policy\_LPP3 Transportable, Repurposed & Secondhand Dwellings

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP3: TRANSPORTABLE, REPURPOSED & SECOND-HAND DWELLINGS**

- 1.1 All new purpose built transportable dwellings under 100m<sup>2</sup> require development approval.
- 1.2 Repurposed and second-hand dwellings require development approval as per the Zoning Table in the Scheme.
- 1.3 Repurposed dwellings constructed using dongas will not be supported in the "Residential", "Rural Residential", "Rural Smallholdings", "Rural" (under 40ha) and "Development" zones.
2. Design Criteria for Transportable Dwellings
  - 2.1 All transportable dwellings:
    - (a) shall be designed to reflect the existing character of development surrounding the subject site;
    - (b) shall have a minimum roof pitch of 15 degrees if the majority of the surrounding dwellings are of similar design;
    - (c) shall have cladding of materials to the satisfaction of the Shire. Finishes such as brick veneer, hardiplank sheets, spray render and factory painted steel are acceptable materials. Other finishes will require consideration by the Shire.
    - (d) where deemed necessary by the Shire, verandah(s), carports and/or painting/recladding shall be undertaken to enhance the dwelling;
    - (e) where deemed necessary by the Shire, landscaping shall be undertaken around the dwelling.
3. Repurposed or Second Hand Dwellings
  - 3.1 Application for development approval shall be accompanied by plans, photographs of each elevation and a report of the condition of the dwelling to be relocated or repurposed.
  - 3.2 Second hand dongas will not be supported for repurposing within the "Residential", "Rural Residential", "Rural Smallholdings", "Rural" (under 40ha) and/or "Development" Zones.
4. Preservation of Amenity
  - 4.1 The Shire may refuse to approve the transportation of a repurposed or second-hand dwelling if, in its opinion, the proposed building would have an adverse effect on the amenity of the locality. The Shire shall have regard to, but not limited to, the following:
    - (a) The external appearance of the repurposed or second-hand dwelling and any associated structures and landscaping;
    - (b) Whether the structure is a donga;

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP3: TRANSPORTABLE, REPURPOSED & SECOND-HAND DWELLINGS**

- (c) The design of all elevations of the repurposed or second-hand dwelling where applicable, particularly those visible from a public road;
- (d) The dimensions and proportions of the repurposed or second-hand dwelling;
- (e) The use of compatible building and landscape materials, taking into consideration tone, texture, scale, shape and colour;
- (f) The effect on existing buildings on nearby properties and on the occupants of those buildings;
- (g) The environment resulting from the repurposed or second-hand dwelling itself and the effect of that environment, on the occupants of the building and the Shire's intentions for the development of the surrounding locality;
- (h) The effect of the building on existing and future services and community facilities. In particular, drainage, sewerage, water reticulation and existing or proposed community facilities such as schools, parks, civic buildings and pedestrian links;
- (i) The effect on the landscape and environment generally; and
- (j) Any other matter which, in the opinion of the Shire, is relevant to the amenity of the locality.

5. Removal of Asbestos

- 5.1 Removal of asbestos materials from any dwelling(s) is to be carried out in compliance with the Health (Asbestos) Regulations 1992, by a licensed contractor and at the expense of the applicant/landowner.
- 5.2 Should the dwelling require transport from a location outside of the Shire boundaries, all asbestos materials are to be removed from the dwelling prior to transportation.
- 5.3 Should the dwelling require transport from a location within the Shire, every reasonable effort must be made to remove the asbestos materials from the dwelling prior to transport. If the removal of asbestos materials prior to transport is not possible, permission from the Shire must be obtained prior to transport of the dwelling.
- 5.4 All asbestos materials disposed within the Shire shall be at a Shire authorised disposal facility and at the cost of the applicant.

6. Legal Agreement requiring the payment of bonds

- 6.1 For repurposed or second-hand relocated dwellings in the "Residential", "Rural Residential", "Rural Smallholdings" and "Development" zones, a legal agreement, at the cost of the applicant, is required to be entered into to ensure that there is a bank guarantee for the full amount of the bond (amount specified in the Shire's adopted Fees and Charges)..

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP3: TRANSPORTABLE, REPURPOSED & SECOND-HAND DWELLINGS**

6.2 Upon completion of specified stages, the bond will be progressively released as follows:

6.2.1 Stage 1:

Release 25% if, within 6 months of the date of the development approval being granted:

- (a) The dwelling is correctly positioned on site as depicted on the approved plan;
- (b) The dwelling is correctly stumped or suitably affixed to the ground and the site is filled and/or drained satisfactorily, such that it is structurally adequate in accordance with the engineer's certification; and
- (c) The dwelling is up to lock up stage (all external windows, doors and fittings/fixtures installed/repaired).

6.2.2 Stage 2:

Release 25% if, within 8 months of the date of development approval being granted:

- (a) All gutters, fascia and downpipe work is completed to the satisfaction of the Shire;
- (b) All roof end/roofing work is completed (flashings on ridge and gable ends installed); and
- (c) All external surfaces are painted or re-clad to a tradesman like standard in accordance with the painting and building approvals (including wall, doors, windows surrounds, sills etc.).

6.2.3 Stage 3:

Release 40% if, within 10 months of the development approval being granted:

- (a) Compliance with all development conditions;
- (b) An approved effluent disposal system has been installed and the system has been inspected by the Shire's Environmental Health Officer and a permit to use has been issued;
- (d) Completion and certification of all electrical work;
- (e) Completion and certification of all plumbing work;
- (f) All wet area tiling completed in accordance with the Building Code of Australia;
- (g) Kitchen fit-out completed (cupboards/benches and stove/hotplate installed etc); and
- (h) Building has reached practical completion stage, including construction of any verandahs.

6.2.4 Stage 4:

Release 10% if, within 12 months of the development approval being granted:

- (a) Landscaping is planted and established to the Shire's satisfaction.

ORG-TEMP-09 Policy\_LPP3 Transportable, Repurposed & Secondhand Dwellings

*Shire of Northam Planning Policy Manual (Section 1)*  
*Local Planning Policy*  
**LPP3: TRANSPORTABLE, REPURPOSED & SECOND-HAND DWELLINGS**

- (b) Landscaping has measures in place to ensure its maintenance to the Shire's satisfaction.

**Note:** Landscaping may not be required if the second hand relocated dwelling is located in the "Rural Smallholdings" or "Rural" zones. Land size and prevailing landuse will govern whether the landscaping component is applicable and is at the discretion of the Shire. Should landscaping be determined to be irrelevant in the circumstances, the 10% applicable to Stage 4 will be refunded at the completion of Stage 3.

7. Time Limit of Works and Forfeiture of Bond

- 7.1 The time for completion of all work is twelve (12) months from the commencement of works or prior to occupation, whichever comes first. Should the Shire not be satisfied with works undertaken to date at the time of expiry of the time limit, the Shire will take measures to ensure the works are completed as soon as is practicable. These measures may include the use of the bond to complete outstanding works.
- 7.2 Failure to comply with the conditions imposed by the Shire on the development approval will result in forfeiture of the bond (full or part) and removal of the building unless otherwise determined by the Shire. The Legal Agreement in relation to the Bond is required to contain a clause relating to forfeiture of the bond to the Shire for failing to comply with conditions imposed.

### Definitions

The following are definitions that may be used as part of this policy in addition to the definitions included in Local Planning Scheme No 6:

**"Council"** means the elected members of the Shire.

**"Dwelling"** means a building or portion of a building being used, adapted, or designed or intended to be used for the purpose of human habitation on a permanent basis by a single person, a single family, or no more than six persons who do not comprise a single family.

**"Donga"** means a transportable building typically utilised as workers' accommodation throughout the mining industry and/or utilised as site offices and/or has the general appearance of mine site accommodation.

**"LPS 6"** means Local Planning Scheme No 6.

**"Scheme"** means Local Planning Scheme No 6.

**"Setback"** means the distance from boundaries as defined in Local Planning Scheme No 6.

**"Shire"** means the Shire of Northam.

### **POLICY**

1. On land zoned "Rural", the Shire may permit the construction of an additional dwelling provided that:
  - (a) The lot has an area of not less than 50 hectares;
  - (b) The total number of dwelling houses on the lot will not exceed two; and
  - (c) Where the second dwelling is to be used for purposes other than rural worker accommodation, the Shire is satisfied that:
    - (i) The additional dwelling is to be occupied only by an owner of the land or a member of the family;
    - (ii) The land does not have a high or very high capacity for agricultural activities;
    - (iii) The lot is capable of accepting a second dwelling by reason of soil type and stability, access to adequate roads and services, drainage, disposal and absorption of effluent and such other matters as shall be deemed appropriate by the Shire in the circumstances of the case.
2. Notwithstanding subclause (a) above, the Shire may approve a second dwelling on a lot of less than 50 hectares, but not less than 40 hectares, in an area where the Shire is satisfied that the second dwelling is to be used solely for the purposes of worker accommodation.

3. In considering an application for a second dwelling, the Shire shall have regard for the maintenance and enhancement of the rural landscape and shall take into consideration:
  - (a) The location of the second dwelling on the lot;
  - (b) Compliance with minimum construction guidelines;
  - (c) The type and colour of exterior building materials;
  - (d) The requirement for a second dwelling in any area to be located or screened so as not to be visible from a public street or way and are not encroaching on the relevant boundary setbacks; and
  - (e) Such other matters as shall be deemed appropriate by the Shire in the circumstances of the case.
4. In assessing the capability of the land for agricultural activities, the Shire may seek advice from appropriate Authorities and may have regard for land capability studies prepared by such Authorities.
5. The Shire may refuse its consent or grants its consent with or without conditions.
6. The grant of consent by the Shire to the erection of a second dwelling does not, in any way, indicate that the Shire considers or will consider the subject land to be suitable for future subdivision.
7. A third or more dwellings may be permitted on a property where it can be shown and proved to the Shire the development will not be detrimental to the aesthetics to the area. In considering an application for more than two dwellings, the following must be taken into consideration:
  - (a) The lot to have an area of 100 hectares or more;
  - (b) The dwellings must be so located as to ensure they are not obtrusive and are not encroaching on the relevant boundary setbacks;
  - (c) The dwellings should not create "ribbon development" on any road within the Shire or "residential" style development;
  - (d) The type of construction and the size of the dwellings;
  - (e) Approval to allow more than two dwellings is not a prelude or indication that subdivision would be supported; and
  - (f) The accessibility to water and the provision of adequate water supply either by way of supply from a reticulated water supply or tank with at least 90,000 litre storage.

## LOCAL PLANNING POLICY

### LPP13: ANCILLARY DWELLINGS & WORKERS ACCOMMODATION

Responsible Department	Development Services
Resolution Number	C.3390
Resolution Date	20/06/2018
Next Scheduled Review	2020
Related Shire Documents	Local Planning Scheme No. 6
Related Legislation	Planning and Development Act 2005 Planning and Development (Local Planning Schemes) Regulations 2015

#### OBJECTIVES

- (a) Establish appropriate criteria for the consideration of applications for the development of ancillary dwellings and workers accommodation in areas not subject to the R-Codes.
- (b) Ensure ancillary dwellings and workers accommodation does not compromise the amenity of the surrounding properties and the streetscape.
- (c) Minimise amenity impacts, including vistas from public roads and the primary agricultural functions of land.

#### SCOPE

##### Application

This Policy applies to proposals for ancillary dwellings in the Shire of Northam within the Rural, Rural Residential and Rural Smallholding zones.

Development proposals for ancillary dwellings on lots subject to the R-Codes, are dealt with under the R-Codes.

##### Relationship of this Policy to the Scheme

This Local Planning Policy is not part of the Scheme and does not bind Council in respect of any application for development approval. However, Council shall have due regard to the provisions of the Policy and the objectives which the Policy is designed to achieve before making its determination.

LPP13: ANCILLARY DWELLINGS & WORKER'S ACCOMMODATION

## POLICY

### 1. General Provisions

- 1.1. The ancillary dwelling or workers accommodation must be appropriately located within the approved building envelope for the property (where one exists), or comply with the setbacks required in the Scheme.
- 1.2. The ancillary dwelling or workers accommodation is to be finished with a material of similar colour to the primary dwelling and shall incorporate habitable design elements such as awnings, verandahs and patios.
- 1.3. A sustainable water supply for all occupants shall be demonstrated at the time of application.
- 1.4. One uncovered or covered hardstand car parking bay shall be provided to the ancillary dwelling or workers accommodation.
- 1.5. Ancillary dwellings and workers accommodation shall share the same driveway as the main dwelling unless otherwise required under State Planning Policy 3.7 – Planning in Bushfire Prone Areas.

### 2. Ancillary Dwellings

- 2.1. Not more than one (1) ancillary dwelling shall be approved on any lot.
- 2.2. The maximum floor area of the ancillary dwelling shall not exceed 100m<sup>2</sup>. The 100m<sup>2</sup> is the total living area only and does not include verandahs, patios, pergolas, alfresco areas or carports / garages.
- 2.3. The ancillary dwelling is to be located within 50m to the main dwelling.
- 2.4. The ancillary dwelling should not be located between the street setback and the main residence unless otherwise approved by the local government.
- 2.5. When approving ancillary accommodation dwellings, the local government will provide advice notes, including but not limited to the following:  
*"The landowner is advised that approval and construction of the ancillary dwelling shall not be regarded as a basis for subdivision of the property."*

### 3. Workers Accommodation

- 3.1. Rural workers' accommodation shall not be approved except where the dwelling is associated with an approved and genuine rural use. The Shire must be satisfied in each case that the intentions of the landowner are genuine and the need for the dwelling is capable of being maintained for a reasonable period of time. Justification as to why the rural workers' dwelling is warranted shall be provided as part of the development application.

- 3.2. The occupiers of the existing dwelling and proposed rural workers' dwelling are to be employed or engaged in conjunction with the approved rural use.
4. Repurposed or Second-Hand Dwellings
- 4.1. Proposals for repurposed or second-hand dwellings as ancillary dwellings or for workers accommodation are also the subject of the provisions of LPP3: Transportable, Repurposed and Second Hand Dwellings.
5. Bushfire Prone Areas
- 5.1. Ancillary dwellings or rural worker's accommodation located in designated bushfire prone areas shall be constructed to AS3959.
- 5.2. An application for development approval within an identified bushfire prone area must be accompanied by a bushfire attack level assessment prepared by a suitably qualified person.
- 5.3. In addition to the provision of a sustainable water supply, a minimum of 10,000 litres storage shall be provided for firefighting purposes.

Resolution Date	20/05/15
Next Scheduled Review	2020
Related Shire Documents	Local Planning Scheme No. 6
Related Legislation	Planning and Development Act 2005 Planning and Development (Local Planning Schemes) Regulations 2015

#### OBJECTIVES

- To achieve a high standard of visual amenity in relation to colour, tone, materials and landscaping, particularly for those parts of a development which can be viewed from public areas or nearby residential properties.
- To ensure a consistent and high quality approach to the development of the visual landscape.
- To ensure screening of aspects of a development considered unsightly by the Shire and may prejudice the amenity of an area.
- To provide convenient, functional and safe access arrangements into and out of industrial sites.

#### SCOPE

##### Application

This Policy applies to all land zoned General Industry and Light and Service Industry as identified in the Shire of Northam's Local Planning Scheme No. 6 (LPS6).

##### Definitions

Unless otherwise noted, terms used in this policy have common meanings and include those defined in the *Planning and Development Act 2005*, *Planning*

**LPP17: INDUSTRIAL DEVELOPMENT**

and Development (Local Planning Schemes) Regulations 2015, and the Residential Design Codes.

Prescribed Premises shall have the same meaning as in the Environmental Protection Act 1986.

**POLICY**

1. **Building Design**

- 1.1 New industrial development is encouraged to be constructed to a higher quality standard and ensure that buildings facing the street maintain an attractive façade that enhances the amenity of the streetscape.
- 1.2 Secondary street facing façades should be of similar architectural quality as the primary street façade.
- 1.3 Long windowless façades should be avoided especially where they face the street. Any tilt up concrete panels, rendered or plain block masonry walls should be treated (painting, detail panels, etc.) to provide visual relief.
- 1.4 Buildings should be adaptable in their design which allows an industrial development to evolve as market conditions change over time reducing the need to retrofit buildings. Adaptable design should also consider the social elements of built form that aim to improve workspaces for employees such as indoor air quality, natural lighting, break-out spaces and visual access to landscape areas.
- 1.5 Buildings located on corner sites are encouraged to give additional prominence to the street corner by using landmark features such as architectural roof features that protrude above the normal roof line and increased parapet heights with additional detail, colour and textures.
- 1.6 Zincalume or reflective materials are not permitted on façades addressing a street. Façades not addressing a street may be constructed of low reflective pre-painted materials, such as Colorbond or Unicote.
- 1.7 Pitched roofs (as opposed to flat or concealed roofs) particularly on smaller buildings are encouraged where they are most visible to provide an interest to the building line.
- 1.8 Parapet walls may be permitted by the Shire if in its opinion the proposed development is of a high architectural standard and provides adequate access to the rear of the lot. Parapet walls with

*Shire of Northam Planning Policy Manual (Section II)*  
*Local Planning Policy*  
**LPP17: INDUSTRIAL DEVELOPMENT**

pitched gables or similar shapes may be used to create interest in the roof line.

1.9 Utilities infrastructure (e.g. air conditioner machinery and the like) shall be screened from public view.

1.10 Factory unit developments shall comply with clause 4.28.1 of LPS6.

2. Variation to Building Setbacks

2.1 The Shire may allow a reduction in the front setback where it is considered by the Shire to improve the attractiveness of the street, better accommodate car parking and servicing requirements.

2.2 Reduced side and rear setbacks may be considered where it can be demonstrated that there is no impact on adjoining properties and that it is necessary to maximise the use of the site.

3. Caretaker's Dwellings

3.1 A caretaker's dwelling incidental to an approved use may be approved in the light and service zone.

3.2 A caretaker's dwelling is not to be developed and/or occupied on a lot unless that lot has been developed and is being used in accordance with the Scheme.

3.3 Only one [1] caretaker's dwelling is to be permitted on a lot; for the purposes of this clause "lot" excludes a strata lot or survey-strata lot created under the *Strata Titles Act 1985*.

3.4 A caravan or park home is not permitted as a caretaker's dwelling for either permanent or temporary occupation.

3.5 A caretaker's dwelling is to be screened and/or fenced from the street frontage of the lot to the satisfaction of the local authority and wherever possible is to be sited at the rear of other buildings on the lot.

3.6 The total floor area of a caretaker's dwelling should not exceed 100 square metres.

3.7 Open verandahs may be permitted but must not be enclosed by any means unless the total floor area remains within the maximum total floor area of 100 square metres as referred to above.

4. Vehicle Access

4.1 To reduce the total number of vehicle crossovers and promote efficient and safe traffic management, the Shire may require adjoining owners to enter into reciprocal rights agreements relating to access ways and car parking where appropriate.

ORG-TEMP-09 Policy\_LPP17 Industrial Development REPLACES EXISTING

*Shire of Northam Planning Policy Manual (Section II)*  
*Local Planning Policy*  
**LPP17: INDUSTRIAL DEVELOPMENT**

- 4.2 The Shire requires that vehicle access driveway systems facilitate all vehicles being able to leave the site in forward gear. Therefore, appropriate turning areas and/or through movement of traffic shall be provided to facilitate this.
- 4.3 All roads and trafficable pavements areas shall be designed in accordance with the requirements of the current Local Government Guidelines for Subdivisional Development (IPWEA WA Division Inc.), and the Shire of Northam's annexure to these guidelines.
5. Car Parking
  - 5.1 Car parking shall be provided in accordance with the provisions of clause 4.13 of LPS6.
  - 5.2 Large areas of at-grade parking should be located behind the building and away from the street environment where they do not diminish the quality of the streetscape.
  - 5.3 Car parking areas must be available at all times and shall not be used for storage.
  - 5.4 Disabled / universally accessible spaces may be required in accordance with the provisions of the Building Code of Australia.
6. Fencing
  - 6.1 The minimum standard fence for lots zoned General Industry or Light and Service Industry is 1.8 metres high to 2.4 metres high link mesh fence constructed to comply with the Shire's Fencing Local Law.
  - 6.2 'Feature' perimeter fencing should be incorporated into the design in lieu of chain-mesh where the development fronts major roads, recognised tourist routes, or recreation or conservation reserves.
7. Outdoor Storage Areas
  - 7.1 Outdoor storage areas shall be fenced, screened and landscaped to the satisfaction of the Shire to ensure that the area does not detract from the visual amenity of the locality.
  - 7.2 Proposals for 'storage' as defined in LPS6 and/or external ancillary storage shall be accompanied with details of screening measures, fencing and landscaping.
8. Landscaping
  - 8.1 All applications for development approval shall include a landscaping plan that is prepared by a suitably qualified person and complies with the provisions of LPS6.

ORG-TEMP-09 Policy\_LPP17 Industrial Development REPLACES EXISTING

*Shire of Northam Planning Policy Manual (Section II)*  
*Local Planning Policy*  
**LPP17: INDUSTRIAL DEVELOPMENT**

- 8.2 The Shire may reduce the percentage of landscaping required where the applicant is willing to undertake landscaping and reticulation of the verge area adjoining the property to the Shire's satisfaction.
- 8.3 Parking areas abutting a property boundary (other than the front) will require a 0.5 metre minimum landscaping strip between the parking area and the boundary.
9. Effluent Disposal
- 9.1 All applications for development approval shall demonstrate that effluent disposal can be managed on site to the satisfaction of the Shire's Environmental Health Officers and if applicable, the WA Department of Health.
- 9.2 A land capability assessment may be required at development application stage to demonstrate the capability of the site to manage wastewater and the suitability of the proposed system.
- 9.3 The use of fill and drains to achieve the required separation from groundwater is to be limited.
- 9.4 A suitable and unencumbered land application area is to be set aside to distribute treated sewage.
- 9.5 Within sewerage sensitive areas, secondary treatment systems with nutrient removal are to be utilised.
- 9.6 Industrial development is to be restricted to 'dry industry' being land uses that intend to dispose of wastewater on site to the environment of a kind and volume ordinarily discharged from a habitable building at a daily volume of less than 540 litres per 1,000m<sup>2</sup> of the site area.
- 9.7 Where trade waste is to be managed and/or disposed of on-site or off-site the associated risks must be identified and addressed, at development application stage including the vulnerability of the receiving environment.
10. Use of Second-Hand Materials
- 10.1 The use of second hand material within the General Industry and Light and Service Industry zones may be considered by the Shire providing the following criteria are met:
- (a) The location of the development proposed to utilise second hand material is not visually prominent and is not easily seen from a public road;
  - (b) All materials must be near new in appearance and be free of rust, damage and be of the same colour or finish;
  - (c) All cladding is to be of the same profile and colour. If the same colour cannot be achieved or the colours have

ORG-TEMP-09 Policy\_LPP17 Industrial Development REPLACES EXISTING

*Shire of Northam Planning Policy Manual (Section II)*  
*Local Planning Policy*  
**LPP17: INDUSTRIAL DEVELOPMENT**

significantly faded then the cladding is to be painted to the satisfaction of the Shire;

- 10.2 An inspection of the materials may be carried out prior to any approval being granted.

**11. Stormwater Management**

- 11.1 All applications for development shall include a stormwater management plan that is prepared by a suitably qualified person.
- 11.2 Installation of rainwater tanks to provide on-site detention and re-use are preferred methods of management. Soakwells are not considered to be a suitable method of stormwater management.
- 11.3 Stormwater egress from the site post-development must not exceed pre-development flows.

**12. Advertising Signage**

- 12.1 Signage to be in accordance with LPP16 – Advertising Signage.

**Special Industrial Precincts**

In addition to the general provisions of this policy, the following special provisions apply to the Special Industrial Precincts. In the event of any inconsistencies, these provisions prevail.

**13. Avon Industrial Park**

- 13.1 Setbacks – minimum 20 metres from any road; 7.5 metres from the rear boundary and 5 metres from the side boundaries.
- 13.2 Building orientation and shading – prevailing breezes should be utilised to provide cross-ventilation to warehouse spaces; passive solar design should be used to locate windows and skylights together with shade devices.
- 13.3 Site levels – the undulating rural character of the site should be maintained. Cut and fill greater than 500mm requires Shire approval.
- 13.4 Landscaping – minimum of 1 shade tree per 4 car parking bays to be provided; landscaping is to be used around refuge and service areas; corner lots shall have a 5 metre landscaping strip to both frontages; existing trees are to be retained where possible; local species should be used in the landscaping.
- 13.5 Service and storage areas – are to be located behind the street setback area and be screened so as not to be visible from the street.

ORG-TEMP-09 Policy\_LPP17 Industrial Development REPLACES EXISTING

*Shire of Northam Planning Policy Manual (Section II)*  
*Local Planning Policy*  
**LPP17: INDUSTRIAL DEVELOPMENT**

13.6 Advertising signage – a uniform approach should be used on each site, including consistency in design elements such as size, graphics, colours and details of mounting or support.

14. Avon Logistics Hub

14.1 Retaining – extensive cut and fill and construction of large retaining walls should be avoided. There is a general presumption against retaining walls greater than 2 metres in height.

14.2 Parking Areas – shall be constructed and drained to ensure stormwater is disposed of on-site.

14.3 Access – shall be provided for loading and unloading of vehicles to the rear including any part of the development where provision is made in the external walls of the building. A paved access way shall be provided unless otherwise approved by Council.

14.4 Entry and Egress – shall allow for all service and delivery vehicles to enter the lot and return to the street in forward gear with access ways being a minimum 4.5 metres in width for each direction of travel (i.e. two way access is to be 9 metres in width).

## C. OFFICER'S COMMENT

As part of the WA Government's COVID19 planning initiatives, the *Planning and Development (Local Planning Schemes) Regulations 2015* were amended to allow the Minister to exempt specific planning requirements for the purposes of responding to an emergency declared under the *Emergency Management Act 2005*.

Considering the State government initiatives and in order to be able to react quickly to encourage development in the Shire in response to the current pandemic LPP7, LPP8 and LPP20 were suspended.

Following the lifting of the Shire's local state of emergency status, it is now appropriate to lift the suspension of these local planning policies.

#### BRIEF

For Council to receive the Financial Statement for the period ending 31<sup>st</sup> December 2020.

#### ATTACHMENTS

Attachment 1: Financial Statement for the period ending 31<sup>st</sup> December 2020.

#### A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 31<sup>st</sup> December 2020 is included as Attachment 1 to this agenda and includes the following reports:

- Statement of Financial Activity
- Operating Statements
- Balance Sheet
- Acquisition of Assets
- Disposal of Assets
- Information on Borrowings
- Reserves
- Net Current Assets
- Cash Position
- Rating Information
- Cash Flow Information

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council finance staff prior to the meeting.

### **Operating Income**

1. General Purpose Funding Rates is under year to date budget projections because of a greater than estimated take up of discounts, \$42,291. Additionally, a back rates credit has been issued for \$7,211, this is the result of a reclassification /re-valuation for a commercial property based on a change in land use, which was applied as from 1 July 2019.
2. Recreation and Culture is over year to date budget projections as a result in stronger admissions than projected into the Northam Aquatic Facility (\$20,043). Staff are projecting that this trend will continue throughout the season which will result in additional revenues at the end of financial year. Oval fees revenue is \$4,823 over budget. In addition, a \$21,882 unbudgeted contribution was received from the Southern Brook Progress Association to assist with the completion of the Southern Brook Nature Playground. This additional contribution is offset by the additional costs associated with the project, as such there is a nil overall impact on the Councils financial position.
3. Other Economic Services \$56,835 in additional revenue has been received to December 2020. This is the result of additional lease fees on Council buildings \$13,304 and additional revenue through the BKB of \$17,520, Visitors Centre sales are also in excess of year to date projections, \$12,263. Projections are that additional revenues will continue to be generated through the BKB and Visitor Centre, however the lease revenue is mainly a result of timing.
4. Other property and services revenue is over budget projections as a result of \$82,589 in additional revenue being received for worker's compensation reimbursements.

### **Operating Expenditure**

5. Governance is \$130,888 under budget projections. This is predominantly due to the admin allocation of \$127,721 (internal, non-cash).
6. General Purpose Funding is under budget by \$40,385 due to valuations and title searches being under projected costs of \$46,570. This appears to be more an error in the budget projections as an assessment of previous year trends indicates that valuation and title search costs are incurred toward the end of the financial year (last quarter)
7. Law Order and Public Safety is under budget projections for \$224,419, this predominantly relates to fire mitigation expenditure, \$211,723, which was projected to be incurred however has been deferred until after the current fire season. In addition, the timing of Bush Fire Brigade general expenditure resulted in the expense being over budget by \$17,419. Animal Control salaries and wages are also under \$30,224 As a result of a staff worker's compensation claim which

- results in their salaries being allocated to 'other property & services – workers compensation'.
8. Health is \$25,286 under budget due to salaries and wages of \$9,374 due to the staff vacancy that has now been filled, and legal fees of \$12,498.
  9. Other property and services is over budget by \$228,751 predominantly due to the timing of internal allocations public works overheads and plant allocations \$92,129 (non-cash) and workers compensation expense of \$111,622. The workers compensation expense is fully recovered from LGIS Insurance.

#### **Operating Revenue by Nature and Type**

10. Other revenue is over year to date budget projections by \$79,135. This is reflective of note 4 for workers compensation reimbursement \$85,089.

#### **Operating Expenditure by Nature and Type**

11. Materials and Contracts are under year to date budget projections by 23%, predominantly due to the items disclosed at notes 7 and 9 above as well as
  - \$46,569 valuations and title searches
  - \$139,480 rubbish site maintenance (timing of receipt of monthly invoice)
  - \$18,461 Street bin collection
  - \$37,938 Public parks and gardens
  - \$20,914 Festivals and events
  - \$219,069 Bridge maintenance
  - \$10,500 Engineering consultants
  - \$19,916 Environmental works
  - \$19,998 Town Planning consultants
  - \$15,000 Governance consultants
  - \$11,736 Governance subscriptions
  - \$11,770 Organisation software

Projections are that there have been no significant material cost savings to date and as such the end of year position will be unchanged (outside of any incomplete projects)

12. Other Expenditure is over budget by \$61,671. This is predominantly due to Progress and Community Association being under budget by \$46,800 and the internal allocations being over budget \$92,129 (non-cash).

#### **Disposal of Assets**

13. The 2007 Volvo Backhoe Loader was sold at auction. It was budgeted to be sold in the 2019 2020 financial year. This will be adjusted at Budget Review.

#### BRIEF

That Council endorse the Long Term Financial Plan (LTFP) for the period 2021/22 to 2032/33 developed under the Integrated Planning and Reporting Framework.

#### ATTACHMENTS

Attachment 1: Long Term Financial Plan 2022 – 2033.

#### A. BACKGROUND / DETAILS

As part of the Integrated Planning and Reporting Framework (IPRF), all local governments in Western Australia are required to have developed and adopted a 'Plan for the Future' under S5.56(1) of the Local Government Act 1995, comprising of a Strategic Community Plan and Corporate Business Plan. Several informing documents support these plans, including the Workforce Plan, the Asset Management Plan and the Long Term Financial Plan (LTFP). The Shire's draft LTFP was presented at a workshop to Council on 12 November 2020.

## C. OFFICER'S COMMENT

The LFTP demonstrates the capacity of the Shire to deliver on its strategies over the long term. While it is based on a number of assumptions and best information available at the time, Council understands that external factors and demands of the community change, hence annual reviews of the LFTP are essential to maintain relevance.

The LFTP provides a reasonably positive outlook over the 10 years with the Financial Health Indicators being relatively stable over time and expected to improve greatly in 2028 and 2030 onwards as a result of forecast operating surplus.

### RECOMMENDATION / COUNCIL DECISION

## Purpose of the Plan

The Shire of Northam's Long Term Financial Plan (LTFP) details the financial strategy Council has put in place to ensure delivery on its Strategic Community Plan commitments. While Council understands that the external factors change, as do priorities, this long term financial plan is based on the best information which is currently available to the Shire of Northam. Information contained in other key strategic documents, including various asset management plans and the Shire's workforce plan have informed the LTFP, which will be used as the basis for preparation of future Shire of Northam Annual Budgets.

The LTFP covers the period 2021/22 to 2032/33. There is a high level of accuracy and detail in the first 4 years of the LTFP, however it is also underpinned by a number of assumptions which have been made by the Shire of Northam. The remaining 8 years of the LTFP, while based on the available information are believed to be reflective of what may occur, should be viewed in this context as reasonable estimations.

The Shire undertakes a broad review of its Strategic Community Plan every two years and a full review is planned every four years. The next full review of the Shire of Northam Strategic Community Plan will be undertaken in 2021. This LTFP will be reviewed in conjunction with those reviews to ensure the plan remains reflective of the direction and aspirations of the Council. As Annual Budgets are developed from the LTFP there may be annual variations, these variations will be detailed in our Annual Budgets, to allow our community to track Council against its long term commitments and projections.

## About the Shire of Northam

The Shire of Northam is located within the picturesque Avon Valley and comprises some 1,400 square kilometres. The western Shire boundary commences 60 kilometres east of Perth, with the townsite of Northam situated a further 35 kilometres to the east.

The Shire has a diverse cultural history which is valued by its community. The Avon River is strongly linked to the Aboriginal heritage and this continues to be acknowledged. European settlement commenced in the mid 1830s, and a diverse migration over time has resulted in a vibrant community base.

Whilst the Shire of Northam has historically been considered to have a mono economy based on agriculture, its economic base has been diversifying to include tourism, retail, manufacturing, light industrial and mineral resources, as well as an expanding service industry. The Shire of Northam maintains a significant local road network, which links to the Great Eastern Highway that joins Perth with the eastern states. The town of Northam is serviced by both freight and passenger train services, as well as a bus service link to Perth.

## Our Vision

*Shire of Northam is a vibrant growing community that is safe, caring and inclusive. We are recognised as a community that values our heritage, preserves our environment and promotes our commerce.*

In order to achieve this Vision, the Council will commit to display;

- **LEADERSHIP**  
To recognise the community's expectations to provide leadership
- **RESPECT**  
To respect differences in age, culture, values and opinion
- **TEAMWORK**  
To achieve through the efforts of the team
- **EXCELLENCE**  
To aspire to one standard
- **OPENNESS**  
To engender trust through openness

### Our Mission

To deliver responsive, sustainable services in a manner that preserves and enhances our environment and lifestyle whilst respecting our heritage and facilitating economic growth.

In order to achieve this Mission, the Organisation will commit to being;

- **SAFE**  
Focus on importance of safety in the organisation
- **OPEN**  
Engage in two way communication, with transparency and trust
- **ACCOUNTABLE**  
Know what you are responsible for, take ownership and deliver accordingly
- **RESPECTFUL**  
Demonstrate respect for other's skills, knowledge and differing value systems

In order to deliver on our vision and mission the Shire has developed a Strategic Community plan which has five key focus areas being;

- **Governance** – To lead our community with openness, efficiency and proficiency
- **Community** – For the residents to enjoy living in a safe, caring and healthy community
- **Economy** – A prosperous community supported by diverse and sustainable industry and commerce
- **Natural Environment** – An environmentally aware and pro-active community
- **Infrastructure and Resources** – To provide an effective and efficient road network.

### Service Delivery

Over the past six years there has been a significant focus on improving service standards within the Shire of Northam. The Council has established a range of service level commitments, which have been incorporated into the various asset management plans, and which clearly articulate what the community should expect in the way of service delivery.

This increased commitment has resulted in a range of initiatives, supported by an increase in staffing levels across the organisation. Staff increases over this

Shire of Northam

time have been focused in and around the Engineering Services area, with the addition of engineering technical officers, a rural verge crew, a drainage crew, additional parks & gardens staff and a dedicated traffic management team. In saying this Council has also invested in areas such as governance, environmental health and information technology.

### Asset Management

The Shire of Northam has developed asset management plans based on the total life cycle of assets. The Asset Management Plans have assisted Council in predicting infrastructure consumption and asset renewal needs and identifies the financial requirements to renew or preserve the asset (renewal gap). This renewal gap is being addressed in the LTFP and will continue to be the focus of future annual budgets.

Funding for the renewal of assets is currently considered adequate to ensure sustainability in the longer term. However Council remains mindful of its renewal expenditure and the need to maintain the current level of projected expenditures. The asset management plans clearly indicate that while a level of expansion can be accommodated into the future, these decisions very much need to be in the context of full lifecycle costs and our ability to maintain existing assets.

### Financial Plan Considerations

#### Rates

The Shire of Northam is aware of financial pressures which are currently being experienced within the community. This is being reflected by a significant increase in outstanding rates at the end of financial years. The following table summarises the trend and challenges facing the Shire.

Outstanding Rates Previous 5 Years					
Year	2015/16	2016/17	2017/18	2018/19	2019/20
Rates Outstanding	\$1,440,123	\$1,890,598	\$1,996,581	\$2,281,144	\$2,407,570
Increase/decrease per annum		\$450,475	\$105,983	\$284,563	\$126,426
<b>Total Increase 2015/16 to 2019/20</b>					<b>\$967,447</b>

High levels of outstanding rate debt can indicate a range of issues, including affordability and historically poor debt recovery processes. It has been a priority of Council to ensure that the current increasing trend is controlled

Shire of Northam  
Long Term Financial Plan 2022 - 2033

through an active debt recovery process ensuring that all possible avenues are used to receive the debt including;

- o The promotion of payment plans for those residents in financial hardship
- o Legal action where necessary

It is projected that the COVID-19 pandemic, and associated financial pressures this has placed on segments of the community, will add further pressure to residents' financial capacity. Council adopted a COVID-19 policy in April 2020, the policy is short-term and covers the 2020/21 financial year only. The Shire of Northam will assess the implications and outcomes of the policy and look to potentially developing a longer-term financial hardship policy to assist any members of our community are facing financial difficulties.

While there has been an increase in rate debt over the 2019/20 period, this increase has been limited largely to the equivalent of the annual penalty interest revenue. This is indicating to Council that the current debt collection strategy has started to stabilise the outstanding debt issue.

It is projected that the Shire of Northam's population growth will present opportunities as well as a range of challenges. With growth being experienced in the western 'rural residential' areas, expectations for services and facilities in areas such as Wundowie are projected to increase. This does have the potential to impact the Shire financially.

The Wundowie, Bakers Hill and Grass Valley Community Plans are fully reflected in the long term financial plan. This ensures that service and infrastructure delivery in these growing areas will be recognised and funded during the annual budget process.

The Shire of Northam also has an extensive Growth Plan for the town site of Northam. This growth plan recognises Northam as the Regional Centre for the Avon Valley and highlights the growth potential of Northam. This plan has been and will continue to be accommodated in the Council's financial planning.

Levying rate increases at, or below, CPI is considered unsustainable in the long term. The recommended LTFP model developed by the Council indicates rate increases based on 3.5% for the life of the plan, with exception of the 2021/22 year that is factored in at 2.2%. In addition to the quoted rate increase, the rate base is estimated to grow by 1% each year through until 2033 as new development in both residential and commercial properties occurs.

### **Budget Surpluses**

The Shire of Northam is aiming to adopt a 'balanced budget' each year, however this does include funds being set aside into reserves for future requirements. Of particular note is the commitment to increase the waste reserve to ensure the Council is positioned to provide for ongoing rehabilitation of the site, whilst also having funds for future site cell development.

Whilst the overall budget is focused on being 'balanced' it is the intention of Council to deliver operating surpluses of between 0% and 10%. Achieving a small operating surplus highlights that Council will generate sufficient revenues to offset asset consumption (i.e. depreciation) and providing opportunities for expansion of existing assets as previously discussed. On average and over time the Shire of Northam will also have sufficient capacity to accommodate asset renewal requirements without the need to raise additional borrowings. Without generating larger ongoing operating surpluses over time, Council will require additional borrowings to facilitate the purchase and development of additional or replacement assets.

The focus on generating small operating surplus results, also reflects the Council's desire to ensure a level of intergenerational equity. That is to say Council is of the view that if it were to generate large ongoing operating surpluses this may indicate an inter-generational inequity in its rating, pricing and service level decisions. Effectively, this would indicate that ratepayers and service recipients during times of 'large' surpluses would be paying more than the costs associated with current service provision.

### **Cost recovery of services**

Discretionary fees and charges are planned to be increased approximately by the forecast CPI (2.5%) to match estimated additional costs in service delivery. The Shire does not recover have a full cost recovery philosophy, except in the area of waste management.

### **Use of debt as finance**

The Shire of Northam currently has a level of debt which is within its financial capacity. Council recognises the importance of debt in its capital structure and has no underlying philosophy to become a debt free Council. Rather Council has a view that debt plays an important role in enabling the Shire of Northam to deliver on the expectations and aspirations of the Community. Within the current plan, Council is projecting that an additional \$1,000,000 in debt will be required around 2024/25 to assist in delivering an expansion of the community water re use scheme.

## Cash Reserves

Cash Reserves are maintained by the Shire to manage the impact of future capital expenditures in any one year. The principal capital purpose and current level of cash reserves are:

Reserves Cash Backed Budget 2020/21	
Reserve	Closing Balance
Employee leave reserve	\$984,584
Plant & equipment reserve	\$121,114
Refuse site reserve	\$351,310
Speedway reserve	\$151,160
Septage pond reserve	\$269,482
Killara reserve	\$439,869
Revaluation reserve	\$2,934
COVID-19 Reserve	\$1,052,404
<b>Total Reserves</b>	<b>\$3,372,857</b>

Over the life of the LTFP cash reserves are projected to remain relatively stable reducing from \$3,372,857 to \$3,134,725. During COVID-19 many reserves balances were transferred to the response package, the Shire of Northam will continue to monitor its level of reserve funds to ensure it has sufficient cash reserves to provide part of the capital structure in delivering community outcomes.

## Workforce planning

The Shire of Northam Workforce Plan 2019 proposes that net staff levels will remain relatively stable in line with current service provision levels. Staff numbers will increase over time to maintain service provision levels as new developments and additional growth occurs.

Projected additional Employees are shown in the following table:

Additional Employees within the LTFP	
Position	Expenditure
<b>Phase 1 (2023/24)</b>	\$140,000
<b>Phase 2 (2028/29)</b>	\$260,000
<b>Total</b>	<b>\$400,000</b>

## Measuring our Long Term Financial Sustainability

Financial sustainability is critical for the Shire of Northam and the future of our Communities. Several statutory key performance indicators (KPIs) have been prescribed in the Local Government (Financial Management) Regulations 1995 to measure the financial sustainability of local governments. The LTFP has been assessed against these KPIs and will be compared with KPIs measured from the Annual Budgets and Annual Financial Statements to provide clear targets for the Town to report its progress to the community each year.

The KPIs, target rates and results measured from the LTFP are tabled below:

### Scenario Modelling and Sensitivity Analysis

While the previous financial indicators are based on the Councils adopted Long Term Financial Plan, it is considered important to also look at a number of scenarios. In developing this LTFFP it is recognised that there are a range of variables which could impact the baseline projections. In order to understand these variables and their impacts a number of scenarios have been developed. It is important to recognise that the scenario modelling does not purport to cover every possible scenario or event, it is merely an attempt to highlight the financial exposure Council may have in a range of areas. The results of the modelling are highlighted in the context of the financial sustainability of the Shire of Northam.

The most significant variables identified and modelled are:

- Rate increase/decrease
- Decreases in operational expenditure
- Service levels for infrastructure delivery (increasing and decreasing)
- Inability to secure external funding for major projects

**SCENARIO 1 (5 years provided, full 10 year assessment appended)**

The Council is mindful of its financial sustainability. While the recommended financial plan will see the Council strongly positioned, the one area where the Shire of Northam could perform more strongly is in operating results. This scenario includes adjustments designed to give the reader an indication of what would be required to improve the Councils financial ratios to reflect an advanced standard, predominantly focusing on returning operating surpluses.

Variable adjusted:

4.5% rate increase annually from the years 2023 – 2033, 1% growth retained

Increase fees and charges by 4.25% for the life of the plan.

Reduce material expenditure in the 2021/21 financial year by \$300,000

Council is mindful of its utility consumption, particularly around power and water consumption. In addition to the environmental benefits of decreasing these utility charges, modelling has been undertaken to project the financial benefits, in the event the Council were to establish a targeted reduction in these.

Variables adjusted

Utilities expenditure reduced 30% by 2027, utilities inflation of 3% retained.

**Scenario 3 (5 years provided, full 10 year assessment appended)**

Rating is always an issue which is widely discussed within the community and reported on. However rating represents the most significant revenue stream for the Council. Scenario 3 has been developed to highlight the implications to Council in the event it wished to reduce projected rate increases by as little as 1% per annum.

Rate revenue reduced to an increase of 2.5% for the years 2023 – 2033, 1% growth increase retained.

## Risk Management

The following are the major risks identified as associated with this LTFP;

- Rates
  - Inability of Council to recover
  - Becoming unaffordable
  - Insufficient to cover financial requirements
- Projects
  - The Shire is undertaking a range of projects, which it will be required to underwrite. As a consequence there is an intrinsic risk associated with this. While each project will have its own risk management plan Council needs to be aware that delivery of each project has the potential of impacting the LTFP
- Funding
  - The Council has a reliance on external funding in both the delivery of special projects and the delivery of its annual programs. The risks associated with the special projects has been explored in the previous section, however the risk of reduced government funding for roads has the potential to impact Council significantly.
- Interest Rates
  - Debt
    - Future interest rate movements up or down (particularly over the medium and longer-term) are always uncertain and a council's exposure to interest rate risks cannot be eliminated. However, interest rate risk can be, and should be, managed.

Council is exposed to interest rate risk whenever it borrows, or lends money, regardless of whether the interest rates are fixed or variable.

Locking into a long-term fixed interest rate borrowing, for example, effectively means that a council is taking a gamble that variable interest rates over the period of the borrowing will be higher than the fixed rate negotiated. If a council takes out a fixed interest rate loan and interest rates on average fall over the duration of the loan, then the council will be worse off than it would have been if it had taken out a variable interest rate loan. Such as Council might not have been intending to gamble on interest rate movements, or it may not realise that it is doing so, but choosing a fixed interest rate borrowing does not obviate risk. It removes only one risk – the risk from higher average variable interest rates for the term of the loan, fixed loans still have a government guarantee fee associated with them, this is variable.

Long Term Financial Plan 2022 - 2033

---

- Alignment
  - An important premise of 'success' for the Shire is to ensure there is a strong alignment between the strategy of the Council and the organisational and financial structure. Whilst the current alignment is relatively strong, there are perceived gaps in the areas of economic development and environmental management.

### Key Assumptions Underpinning the Long Term Financial Plan

The estimates in the LTFP are based on a number of assumptions and Council strategies. The base point for the modelling is the adopted 2020/21 budget and assumptions have been applied to the model. The assumptions are:

- Existing service levels will be maintained with a view to improvement in the longer term
- Net staff levels will increase in years 2023/34 and 2028/29. These increase over time are aimed at meeting the needs of an increasing population and growth in development within the Shire and increasing statutory compliance, these are in line with the Integrated Workforce Plan 2019.
- CPI will be approximately 2.5% per annum over the life of the LTFP and is based on the current State budget estimates and the local government price index.
- Annual rate increases of 3.5% plus growth per annum are planned for the life of the plan, ensuring that Councils own source revenue remains strong.
- The rate base will increase by an average 1% per annum through new development and growth.
- Discretionary fees and charges will increase by CPI.
- Full cost recovery for provision of waste and recycling services is achieved with additional revenue of \$250,000 raised in 2021/22 and \$50,000 raised in 2022/23 to fund the running of the new Tip Shop, Transfer Station, this will be funded by increasing commercial fees to be in line with metropolitan facilities
- Interest rates for new borrowings will be in line with indicative prices issued by WATC October 2020, 2.5%.
- Interest rates for invested funds will be 1% over the life of the LTFP
- Roads to Recovery funding is expected to continue.
- Other government grants will increase by up to CPI
- Materials and contracts will increase by CPI per annum
- Utility costs will increase by State Budget future estimates to reflect a continuation of recent increases in energy and water costs
- The Shire's expenditure on renewal of road infrastructure from its own sources is in line with the Council adopted Infrastructure Asset Management Plan.
