# Minutes Ordinary Council Meeting 18 September 2019

## DISCLAIMER

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on <u>WRITTEN CONFIRMATION</u> of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. ## **Operational Matters:**

## Local Government Elections

Every two years, Local Government Elections are held. If you have thought about becoming a Local Government Councillor, and would like to investigate how to do so, you can either contact the Northam Shire Office or the WALGA website for information. You can also contact me or other Councillors for information on what is involved. Nominations Open on the 5<sup>th</sup> September and close on the 12<sup>th</sup> September.

## Seasons within the Shire

This time of the year is traditionally known as "Djilba" – The Transitional Season. What we can expect is warmer days, cool nights and a lot of wildflowers.

During Spring, I am observing an increased number of seasonal tourists throughout the Shire. Locals and Visitors alike are able to see many of the attractiveness we have to offer, including the bright yellow of Canola.

## Reporting Incidents

I've been asked a few times recently about how to report anything that you might see out of order. This might be a damaged footpath, a blocked drain, or even a damaged road sign. The Shire of Northam has an "app", Snap Send Solve – which looks like this -

This allows you to take a photo of what you see, and then report it directly to the Shire of Northam. You will then be issued with a tracking number and what will happen going forward in order to repair or fix what you have seen. If you want to check on the progress, you can use your tracking number as a reference. Any photo you take will have a GPS reference, so the location point is clearly identified.

## Strategic Matters:

The Shire Councillors will be receiving the report on the recent Community Survey. This will assist Council with some of future strategic directions.

## 5. PUBLIC QUESTION TIME

## 5.1 PUBLIC QUESTIONS Nil.

## 6. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Question raised at the Ordinary Council Meeting held on 21 August 2019:

- Name: Maren Lavery.
- Question: There are 3 types of cats being feral, stray or domestic. Does the Cat Local Law for all types or just domestic? According to the Cat Act 2011 (the Act), all feral and stray cats on Crown property must be dealt with accordingly. What is in place for the Shire to deal with these cats?
- **Response:** The purpose of the Cat Local Law is to provide for the maintenance and control of domestic and stray cats within the Shire of Northam. The Cat Act 2011 provides the overarching control, management and ownership of cats and includes the management and destruction of feral cats in a humane manner.

The Shire will provide traps mid-week for Crown land based on complaints received. The trapped cats will be taken to a registered cattery where the animal is assessed. If the animal can be identified as having an owner, the owner is notified and an impoundment fee must be paid. If the animal is identified as 'feral' it will be disposed of in accordance with the Act otherwise if it is identified as a 'stray' that can be rehomed, then it is sent to Cat Rescue.

Two typographical errors were raised on page 70, Attachment 2. The payment dates in the heading were listed as July and the direct debit total did not match the table. This has been amended in the Ordinary Council Meeting agenda accordingly.

#### 12.4.2 Financial Statement for the period ending 31 July & 31 August 2019

Clarification was sought in relation to the following:

- Page 79, whether the headings should be 19/20 and 18/19. The Executive Manager Corporate Services confirmed the headings should be listed as this. This has been updated in the Ordinary Council Meeting agenda accordingly.
- Page 88, the rates current listed at \$14.4 million, is this the current asset collect in short term? The Executive Manager Corporate Services confirmed this was correct.
- Page 89, the big difference in rates outstanding, the Executive Manager Corporate Services advised this is the net and also includes other costs such as legal and waste.
- Accrued income, The Executive Manager Corporate Services advised that \$2.5 million relates to grant funding for the swimming pool project which Council has not yet received the grant income. In addition, \$235,000 relates to the Grass Valley Bush Fire building and WANNDRA.

Council Forum Meeting Notes	
18 September 2019	

#### 12.4.3 Sale of A15399, A15662 and A313

Clarification was sought in relation to whether there was an urgency to sell the properties given the current market? The Chief Executive Officer advised that the recommendation has been framed in a way where this is not the case. Council just putting the lots to the market.

#### 12.5 COMMUNITY SERVICES

#### 12.5.1 Wundowie Community Bus Trial

Clarification was sought in relation to the following:

- Whether there is no longer a doctor service and if this is due to the bus or they decided not to service the area. The Chief Executive Officer advised it is the latter.
- Whether there is something in the pipeline for a doctor? The Chief Executive Officer advised that staff are currently working on a strategy to address the lack of a doctor and are hopeful for a positive outcome.
- Whether there were any additional public comments received that weren't electronic. The Executive Manager Community Services advised that some additional comments have been received over the past week with most of these being in support. These will be provided to Council accordingly.
- Whether a day or a certain number of appointments can be held by practices in Northam for Wundowie residents given there is no doctor in Wundowie. The Chief Executive Officer advised that as previously mentioned, staff are working on a strategy and should know the outcome in the next 4 weeks.
- Whether there is potentially funding available from the Department of Communities to run the bus. The Executive Manager Community Services advised this is unknown at this time.
- Whether charging a fee of \$5 is reasonable. The Executive Manager Community Services advised that the trial was previously a gold coin contribution to the service. It was believed that in order to make the running of the bus more viable a contribution was required. It was noted that Council was not basing this off full cost recovery and is more a contribution towards a community service as opposed to a fee for service. It was also advised that Council could determine otherwise in relation to the fee and decide not to charge this. The Chief Executive Officer advised that staff will provide some information in relation to what this may look like if based on full cost recovery.
- The Chief Executive Officer advised that the Officers recommendation will be adjusted to incorporate the recommended fee, this will also require absolute majority as it is an unbudgeted expense.

Council Forum Meeting Notes	
18 September 2019	Shire of Northam testage Centerers and Despris

 The amount TransWA charge for bus trips from Wundowie to Mundaring. The Executive Manager Community Services advised that staff have not looked at this however will make further enquiries.

#### Additional Comment

The proposed fee was based upon responses to the survey. A comparison table has been included in the report.

• Whether the bus driver will have the appropriate drivers licence. The Executive Manager Community Services confirmed that they will.

Ms Maria Girak entered the meeting at 5:44pm.

#### 12.5.2 Terms of Reference - Aboriginal Cultural Advisory Group

Clarification was sought in relation to the following:

- Whether the next meeting will be after the elections. The Chief Executive Officer advised that this is correct however the current RAP Working Group can meet in the interim. It was however noted that the RAP Plan is currently with Reconciliation Australia for comments.
- Whether this is a group or Committee of Council. The Chief Executive Officer advised that it is a Committee of Council. It was further queried whether any other committee members receive sitting fees. The Chief Executive Officer confirmed this is the only one.
- Whether the family names under membership has been exhausted. The Executive Manager Community Services advised that these were the families used to assist with the BKB project. The Chief Executive Officer advised that the Terms of Reference also have the provision for an additional 2 members that are not associated with the families listed.
- Whether 'noongar' is preferred over 'aboriginal' as this was raised at the Cultural Awareness Training held at the BKB. The Executive Manager Community Services advised that this has not been a conversation that has been held however will be clarified with the group. A response will be provided to Councillors by the Ordinary Council Meeting.

The Coordinator Governance / Administration left the meeting at 5:48pm and returned at 5:48pm.

#### 12.5.3 Fee Waiver – Avon Valley Arts Society

## 11.1 BUSH FIRE ADVISORY COMMITTEE MEETING HELD ON 10 SEPTMEBER 2019

## **Receipt of Minutes:**

**RECOMMENDATION / COUNCIL DECISION** 

Minute No: C.3758

Moved: Cr Ryan Seconded: Cr Mencshelyi

That Council receive the minutes from the Bush Fire Advisory Committee meeting held on 10 September 2019.

CARRIED 8/0

### Adoption of Recommendations:

Clarification was sought in relation to:

- Whether the proposed structure will come back to Council to endorse. The Executive Manager Development Services confirmed that Council will be required to endorse after it has been referred back to the Bush Fire Brigades.
- Whether there has been any progress or an update for the advertising for a CBFCO. The Executive Manager Development Services advised that there has been no progress as it will depend on Council's decision at this meeting. If endorsed, Officers will commence the advertising process.
- Whether the amount of the Honorarium for the CBFCO and DCBFCO varies depending on experience. The Executive Manager Development Services advised that the previous resolution doesn't stipulate experience and will therefore be paid in accordance with the previous resolution of Council. The honorarium payable will be included as part of the advertising for a CBFCO, on an 'up to basis'.
- Whether Council endorsed an honorarium for two deputies. The Executive Manager Development Services advised that Council has only endorsed an honorarium based on one CBFCO and one DCBFCO.
- Whether the advertising will be opened up to any member public? Could a Shire employee apply for this? The Executive Manager Development Services advised that the CBFCO has to be an existing FCO. The position is being advertised as a volunteer with an honorarium

as opposed to paid position. The reason for the proposed structure to have two DCBFCO's and one Senior FCO was to take some of pressure off of the CBFCO.

• Whether the process regarding the structure is going around circles given Council has already endorsed the structure and honorarium. The Chief Executive Officer advised that this is the case however if the recommendation is endorsed Council will be appointing two DCBFCO's and a Senior FCO. The Executive Manager Development Services advised that the reason for appointing a Senior FCO was for them to be a Deputy in training i.e. they will step up into a Deputy role.

Cr Little wished to move a motion to rescind the previous Council decision endorsing the honorarium for the CBFCO being \$10,000 (C.3713 on 17 July 2019). The Chief Executive Officer advised that this would require the support of three other Elected Members. No support was indicated from other Elected Members.

## **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3759

Moved: Cr Mencshelyi Seconded: Cr Williams

That Council:

- 1. Note the Community Emergency Services Manager Report as provided.
- 2. Note the Chief Bushfire Control Officer Report as provided.
- 3. Appoints Kristafer Brown as a Fire Control Officer for the 2019/20 Season in accordance with the criteria set in section 5 of the Shire of Northam Bush Fire Manual.
- 4. Contact the Rural Fire Division (RFD) to request:

#### C. OFFICER'S COMMENT

The 2019/2020 season is fast on its way, with the season starting to show signs of turning early it is an opportune time to look at what pre-season training brigades require. Please ensure that Training Officers and/or Captains advise of any requests or requirements from your brigades as soon as convenient.

Pre-season servicing of the appliances is under way with the operational certification process and annual hose testing commencing and will continue until the fleet has been completed and certified as ready for the current season.

Appliance reallocation – The outcome from the R2R process that initiated the reallocation of appliances in an effort to improve efficiency and provide capability to any identified gaps in coverage is nearing completion.

The appliances have all be renamed in the DFES RMS and P1 CAD system including the AVL, and the signwriting will be completed by the end of August 2019.

Any appliance that was reallocated has been cleaned and detailed as best as possible with all lockers cleaned & stocked as per the original stowage lists.

If a brigade is a recipient of an appliance that is of a different type, it is strongly recommended that a familiarisation session be held with your members to ensure that everyone knows where all the stowage items are, and how to operate the appliance systems including pumping, draughting etc.

Staff are happy to assist all brigades with any training needs prior to the season.

**Bushfire Forum** – On 29<sup>th</sup> November 2019 Council will be holding the inaugural Shire of Northam Bushfire forum. This is a pre-season briefing that is open to all members about the expected outlook for the coming fire season as well as just brushing up on some basics for the season ahead. The Forum will have guest speakers from LGIS and the DFES wellness branch. An invite will be going out in the near future.

**Emergency Services Family Fun Day** – 20<sup>th</sup> October 2019 is the day to be in Northam, the family fun day replaces the firefighters dinner due to feedback received from the brigades and is open to all volunteer emergency service personnel and their families. We will have a range of activities on the day including an animal farm etc. as well as some 'competitions' between our services that are all designed to capture the competitive spirit of all of our volunteers in a relaxed atmosphere.

<u>Captains meetings</u> – Due to a suggestion of one of our Captains it has been highlighted that the Captains, CESM, Chief & the Deputy should get together more regularly both prior to, during and after the season to ensure that things are tracking along, and provide a platform for any issues that need addressing.

The proposed schedule for the Captains meetings are as follows;

1 - Dec 3rd 2019 @ Spencers Brook Tavern from 1800;

2 - Feb 7th 2020 @ Grass Valley Tavern from 1800;

3 – Apr 3<sup>rd</sup> @ Loose foot Saloon (El Caballo) from 1800; and

4 - May 29 @ Northam Tavern from 1800.

<u>Annual Calendar</u> – in August an annual calendar was prepared that was emailed to brigades to keep all members informed of important dates such as BFAC's etc. It is hoped that this is a useful tool for the brigades and if there is anything that is suggested to be added please contact staff to arrange.

It is also proposed to publish it online to ensure that all members are able to access the information readily. Brigades are welcome to add information to it for important dates within their brigades.

**2019/2020 Bushfire Season - Regional Deployments** - Last season was particularly busy in the Goldfields, which meant that there was an increase in request for assistance coming from the region.

It is important to mention that there is never any expectations that volunteers make themselves available for deployment. When a request comes through it is offered to any volunteers who would like to go for a 5 day deployment only if they are willing and able to be deployed.

Staff want to ensure that all volunteers are aware that they are not under any obligation to go on deployments, any assistance from volunteer firefighters is gratefully received, and very much appreciated by our regional partners.

<u>Appliances on deployment</u> – as with previous years it is highly likely that the Shire of Northam will receive requests for assistance in providing appliances for fire suppression activities. As is always the case, once a request comes through, staff contact the CBFCO & DCBFCO to make a decision on how much assistance we can offer, and if an appliance is identified as being able to be released, staff contact the Captain out of courtesy to brief them on the request and the decision of the Chief.

Unfortunately due to the often difficult terrain in the Goldfields some damage may occur, which will be rectified upon return prior to the appliance being returned to the Brigade in a clean and tidy manner. To prevent any issues arising, all cleaning and repair work must be completed prior to the appliance being sent back to the Brigade. This ensures that all remediation works are completed in a timely manner.

<u>Agenda Items from Brigades</u> - Officers have received several agenda items that due to either not requiring a decision from council or having already been addressed have not been placed into the agenda. I'll provide a brief description of the agenda item and the reason for not being included below.

#### Wundowie VFRS - Council to purchase electronic weather stations.

"The purchase of these weather stations will eliminate the liability issues currently had by supplying live and accurate weather data 24/7 that will be recorded and used to implement harvest movement bans.

Also, unlike the current process of volunteer members giving up their time by making them-selves available to obtain weather data manually to calculate if a HMV should be activated.

Having these stations active and placed strategically located around the shire the CBFCO can remotely obtain all information on demand and place bans if required.

The Shire purchases electronic weather stations and fit them to fire stations or weather officer's property to gather the correct information to implement harvest bans for the 2019/20 fire season"

#### Officer Comment

In the 2019-2020 Annual Budget Council have made provisions to co fund the rollout of 7 x Davis Instruments Weather link IP systems. This co funding is reliant on a successful application through the National Disaster Resilience Programme (NDRP) funding that will be released later in the year.

Should the funding not be successful, staff will utilise the current budgeted amount to rollout 50% of the project with further funding sources to be investigated in an effort to fund the remaining 50% project the following year.

#### Northam VFRS - Electronic Fire Danger Rating Signs

"The Northam VFRS feel these should be placed at the main entrances to the town of Northam (East and West).

The exact locations can be debated during the meeting by delegates in order to get the best coverage.

The Northam VFRS feel this can go a long way to keeping the public better informed on fire danger ratings.

Some electronic signage models even have the ability to advise the public of other important fire/weather information etc. depending on model purchased."

#### Officer Comment

In the 2019-2020 Annual Budget Council have made provisions to co fund the rollout of electronic LED FDR signage. This co funding is reliant on a successful application through the National Disaster Resilience Programme (NDRP) funding that will be released later in the year.

Should the funding not be successful, staff will utilise the current budgeted amount to rollout 50% of the proposed project with further funding sources to be investigated to fund the remaining 50% of the rollout of 6 signs in strategically placed locations through the Shire of Northam.

#### Irishtown BFB - Constitution & Charitable Entity Registration

"The need to be incorporated to be an Australian Charities & Not-For-Profit Commission charitable entity. This need to be brought up at BFAC to understand how brigades stand.

We have been registered under Australian Charities & Not-For-Profit Commission charitable entity but we need to be incorporated to comply. This registration allow any donors to the brigade to claim a tax deduction.

How do the brigades allow any donors to claim the tax deduction given we are governed by the Bushfire Manual and not a constitution?"

#### Officer Comment

Officers are of the understanding that to be registered as a charitable organisation, there is no longer a requirement to be incorporated, Brigades would need to demonstrate the existence of brigade rules in place of a constitution which exists in the form of the Shire of Northam Bush Fires Manual.

Officers have provided a handout "Charity Information Pack" in an electronic copy attached the agenda email for brigade perusal. Although the package was distributed on 2013, Officers confirmed the information is valid.

#### DISCUSSION

In relation to appliances for deployment, Captains should be consulted on deployment, not briefed on the decision. Discussion was held around an audit before it goes out, e.g. photos being taken. It was also raised that it should be recorded who is using the appliances so there is a level of accountability, the CESM advised that this has been raised with DFES. In addition, DFES are trying to minimise use of local government appliances.

### OFFICER'S COMMENT

Chief's Report BFAC 10 September 2019

<u>R2R</u>. After nearly 3 years it's great to see units re-named and moved around the Shire to their new home for the 2019/20 fire season. I do hope the brigades will take good care of their appliance that they might have gained. Please take the time before the season kicks off to have a good look over the unit and how it works. If your brigade has any questions about the appliance, please let myself or the CESM know and we're are more than happy to come out to your brigade.

<u>2019/20</u> Fire Season. As you can see it look like the fire season will start earlier than usual. With the low rain fall and warmer temperature we might be attending incidents sooner than expected. I do ask brigades to update their SMS list and if you could let us know if your brigade will be running a roster.

<u>Permits/FCO's</u>. An FCO meeting has been called for the 13<sup>th</sup> September to discuss dates, times and brigade burns for the restricted period. Also we'll be running through rolls and responsibilities of an FCO and also incident management.

FCO's will be expected to fulfil their roles and responsibilities under the act, and will be required to operate as incident controllers. For this coming season all FCO's are encouraged to attend fires within their district, but may be called upon to assist at other incidents within the Shire.

FCO's are expected to operate in accordance all relevant DFES SOP's and in line with standard incident management procedures to alleviate the CBFCO, DCBFCO or CESM from having to attend an incident, such as:

- FCO must chose a control point and remain in place for entire incident, location of control point must be advised to all personnel and to Comcen.
- 2- FCO must not be on the fire ground under any circumstances, you are there to run the incident, not squirt water that is not your role, direct your crews, that's your job.
- 3- Incident notes have to be kept in your incident diary, there is no exceptions it is a requirement of running an incident
- 4- White copies of notes are to be provided to Shire for filing after each incident, you are accountable for your decisions, so make sure you take good notes.
- 5- Comcen must be kept informed of what is happening, they need a sitrep every 30 minutes otherwise you will have the CBFCO/DCBFCO/CESM attend.
- 6- All fire must be extinguished to DFES standards, nothing can be left burning or smouldering to prevent re-ignition, otherwise it is your responsibility to attend and extinguish again.
- 7- You are in control of the incident until it is closed, it is the responsibility of the FCO to arrange for relief crews, patrols at defined intervals, request welfare/logistics support through the CESM etc.
- 8- As FCO in charge you will not leave the fire ground until all other members have left, you must be prepared to stay overnight if required.
- 9- You must be aware of weather conditions and be able to justify your decisions to the CBFCO/DCBFCO/CESM if requested.
- 10-If you need help, ask for it, the CBFCO/DCBFCO/CESM are happy to assist, however will not necessarily step in, you will still be in charge unless you are out of your depth.
- 11-All back burning must be approved by you BEFORE ignition, if it goes bad, you are responsible, so make sure you are happy to accept responsibility for the back burn, otherwise do not approve it.
- 12-The CBFCO/DCBFCO/CESM will step in and take control if the incident is being run poorly, or if it is escalating beyond your capacity, they are ultimately responsible so if you're not doing the job correctly, don't be surprised if they stand you down.

There is defined triggers that if met you may get the CBFCO/DCBFCO/CESM/DFES or a combination of all based on the incident at hand, any incident can trigger attendance at the discretion of the officer but some of the major ones are:

- All Structure Fires
- All vehicle fires involving road closures

- Anything involving zone 3 response trigger
- Any incident occurring on day of "SEVERE" and above
- Any incident impacting state/federal infrastructure or facilities
- Any incident that has life involvement
- Any incident where media is present
- Any incident that is of a political nature
- Any incident where would be in the best interest of Council
- Any incident 3rd alarm and above
- Any incident involving a multi-agency response
   The end of the day, you have put your hand up to become an FCO, everything here is your responsibility if you disagree with anything in this list perhaps re think your decision. An FCO is an important job and one that has been taken lightly for years, there has been little interest in fulfilling the role correctly or managing an incident to any sort of standard.

FCO's who fail in their duties will be held accountable by the CEO of the Shire, multiple failures will result in your appointment being revoked, it's time to step up and do the job properly otherwise you'll only burn out the next person who takes on the Chief role.

#### Minutes from Captains Meeting – 19th August 2019 – Inkpen Shed

#### Chief's comments and recommendation's

Electronic Fire Danger Rating Signs (see photo on page 5).

It is something I have brought up at BFAC and the shire doesn't want to know anything about it as it costs money.

The Electronic Fire Danger Rating Signs can be installed anywhere as long as there is mobile signal. The LED board can be automatic linked to the BOM web site so as the FDR changers for the shire the board is updated. Also messages can be posted on the board if a harvest ban goes on or other massagers like TFD's and restricted & prohibited times.

Locations should be at main entrances to the shire and also into the town side of Northam.

- GEH east and west of the shire
- Yilgarn Ave, Mitchell Ave
- York, Goomalling roads after other install have been done.

#### **Recommendations**

- The Shire purchase 2 Electronic Fire Danger Rating Signs for the 2019/20 season.
- The Shire approach WALGA to fund 2 other Electronic Fire Danger Rating Signs for the 2020/21 season.

Bush Fire Advisory Committee Meeting Minutes	
10 September 2019	

## Fire Weather Officers & Weather Stations

We are heavily reliant on volunteer fire weather officers, who are not officially recognised under the act due to not undertaking the official training that runs for several weeks and being officially gazetted under the Act (there is officially 2 in WA), this places a lot of responsibility on the volunteers to remain available during the high threat period.

The Shire should install professional weather stations at each brigade shed or where necessary, this would give a better understanding of the accurate weather conditions, as all stations are linked to a central website and would provide up to 10 locations to ensure bans are implemented based on professionally calibrated instruments, everyone has access to the website to see for themselves what the readings are at each location. The calculation can also be done automatically so weather officers don't have to enter any information.

#### **Recommendations**

 The Shire purchases electronic weather station and fit them to the fire stations or weather officer's property to gather the correct information to implement harvest bans for the 2019/20 fire season.

#### 2010 Toodyay fire

- Murray McBride was on holidays at the time of the fire. He was instructed to pack up and to come back to Toodyay, that phone call was at 5pm Murray was back in Toodyay at 10 that night.
- Murray stayed on that fire ground for 10 weeks assisting in recovery even though back then there wasn't a recovery plan, so it all had to be made up as they went along.
- Murray was self-employed at the time.

The Chief has a great role to fill, these days there are plans in place to assist with a major incident, but this means more meetings and training for the Chief. LMAC meeting are held every couple of months to go through the procurers if and when a major incident happens. Storm, flood, fire, earthquake, outbreak of dieses and whatever else might happen.

Horton Road the Lakes is an example. I was there for 5 full days and over the weekend I had Simon cover for me as I had family commitments. This job had myself and the CESM dealing with the property owner, the very disgruntled property owner where the fire started, EPA, DWER, Main Roads, LG Mundaring and Northam, DFES, local VBFB and the list goes on. 5 days of repeatedly going over and over the same phone call and emails as well as monitoring the incident. This incident went for just over 2 weeks.

## Turnout & Communication

A lot don't know what happens before and after an incident and why communication has to always be flowing.

- 1) 000 caller ends up being put through to Comm's (6IP) in Cockburn.
- 2) The job gets allocated to the closest or suitable Shire/ brigade/ station.
- Selected people (Chief, DCBFCO & CESM) get a group call on the phone.
- 4) Whoever takes that call will decide within seconds (e.g. Chief),
  - What brigades to turn out, Shire officers/equipment, DFES officers, Air Support, police, DFES emergency warnings, road closures?
  - What's the weather for the day, what was the weather the day before and what's coming up, does a harvest ban need to go on?
  - What else is going on within the shire, other Shire's or other major incidents within the state?
  - Have our crews been out the past 24 hours and need a rest so look at other appliances from other brigades or Shire's?
  - Zone 3 response.
- 5) Call goes out. If the brigade calls haven't been answered within 3 minutes or less the messages will keep being sent out. The Chief will be contacted by Comm's with "what's going on, why we haven't had a response yet. Do you want us to send other brigades"?
- 6) Once the brigade have turned out they must contact Comm's to let them know,
  - What units are turning out with how many crews from that brigade?
  - What incident they are attending.
  - If late turnout, is it still emergency road conditions.
  - Notify the Chief.
- 7) On arrival the first arriving appliances must,
  - · Contact Comm's to notify they have arrived.
  - Give a brief PAFTAC of the incident and classification.
  - Contact Chief to notify them that you have arrived, what's going on, is there any property under threat, what resourcing is needed. All other units attending that incident must do the same apart from the PAFTAC.
- 8) In the initial part of the incident Comm's must be updated every 5 to 10 minutes. Now if none of that gets done from the start this is where the Chief will either turnout, turnout another officer or be on the phone or radio to the brigade on scene with what's going on.
- Throughout the incident the Chief (on scene or not) will be dealing with.

- DFES commutations, air op's, emergency warnings (public notification), spot weather forecasts and managers.
- Shire, Shire depo, equipment, Rangers and managers.
- Local brigades, crew changeover.
- Other agents that might be involved in e.g. police, ambulance, main roads, environmental groups, red cross (catering), evacuation centres and many others.
- Upcoming days- weeks.

10) When things start to become under control everything that has happened has to be undone, it's a matter of going back over everything that has happened and start to undo it.

- Contacting DFES to start downgrading the incident.
- Shire resources.
- Local and brigades that have come in to assist.

11)If something major has happened a LEMC meeting may be called with all the departments that have been involved to start recovery.

12)The Chief will be involved right to the point of the incident being closed and any matters that arise after the incident has been closed.

- Damage to equipment, private, Shires.
- Damage to private property and infrastructure.
- Meetings, debriefs.

This only briefly explains some of what goes on with one job. Think of all of that if there was 5 jobs across the Shire in one week.

Whoever takes the Chief position needs to understand the limitations of the Fire Brigades Act 1942 as this will determine what is possible within the Bushfires Act 1954 - again the VFRS are unable to legally operate outside their gazettes townsites, they must be under control of an IC/BFCO to ensure they are protected under the Bush fires act. There may be times the chief needs to have an understanding of the emergency management act 2005 as well.

#### Recommendations for the 2019/20 Fire Season

. Rural Fire Service. Brigades put forward to BFAC that Council approach DFES to take over the VBFB.

From what I've heard through the grape vine it's only going to be 2 years until the RFS will come in to play. As the Shire has very little understanding and intrust of bushfire why not hand the VBFB to the RFS and be under one hat instead of being split between two.

Brigades would have to put up a motion at BFAC to go to Council to look at that option. If that was the case, I would stay on for another 12 months to assist with the transition.

2. 2019/20 Fire season

i) CESM becomes acting Chief for 2019/20 until training requirements are met for other countenance. Day to day management of the service, and brigades falls to the CESM/Chief. Operation is on an oncall system, predominantly left to Deputy Chief and FCO's until any of the standard triggers are met that require attendance of CESM/Chief who has overall responsibility and accountability of all incidents under the Bush Fires Act 1954.

Harvest bans, burning times and other major decisions are made in line with existing processes in consultation Deputy Chiefs and FCO's as per current SOP's and the Bush Fires Manual.

- ii) I stay in place for the 2019/20 fire season until other countenance have the chance to get their training up to date to meet the training requirements.
- iii) Simon Peters is unavailable to steps up and take the Chief position for 2019/20. Simon still needs to catch up on training to meet the requirements and he will concentrate on getting that done for fire seasons to come.
- 3. CEO, In the absent of a Chief the CEO is in charge until another Chief is appointed (as to the Bush Fires Act 1954). You could say no to all the above and let it full onto the CEO and see how he handles it. This is what I mean about lack of understanding and intrust, BFAC puts up a motion for Chief with or without the training requirements it gets accepted. It goes through council and gets accepted. The CEO had just dodged a bullet, He can wipe his hands from the matter. BFAC has just given him an escape route out. Nothing has been resolved regarding the workload on the Chief.

# C. OFFICER'S COMMENT

At the Ordinary Council Meeting held Wednesday 17<sup>th</sup> July 2019, Council received late advice from the Bakers Hill BFB Captain on behalf of the membership raising some concerns.

As a result of the late information Council resolved to refer all BFCO nominations back to the brigade for further discussion with the exception of Simon Peters who is our current deputy.

At the time of completing this report no formal feedback had been received from the Bakers Hill BFB.

## A. BACKGROUND / DETAILS

For many years it has become evident of the multiple issues surrounding the management of the Bush Fire Service by local government across the state. A large portion of the issues surround the lack of consistency within each local government in relation to minimum training requirements, policies and procedures etc.

I have suggested for a number of years that the bushfire service should be all run under the one umbrella by DFES as the HMA for all fire incidents within WA.

Having DFES manage the bush fire service will ensure that there is consistency amongst all brigades, and will finally ensure that all bush fire volunteers have access to the same level of training and resourcing as their DFES managed counterparts.

This will assist with reducing the often toxic us & them mentality that currently exists and will ensure that the volunteers from all disciplines can get on with the job of serving their communities.

Attachment 1: SOP 19 - Brigade

# A. BACKGROUND / DETAILS

The proposed SOP was raised in the CESM report at the last BFAC meeting where it was proposed that it be circulated to Brigades for comment prior to being presented to this meeting. Brigade representatives were asked to seek comment from their brigades and provide to officers to be tabled at the next BFAC meeting.

In the absence of any feedback from brigades and in the interest of further development of the Shire of Northam Bush Fire Manual.

SOP 19 – Brigade Burns has been developed to ensure that a consistent approach is applied in relation to Brigade Burns on private property as a fund raising activity. The process has been developed to ensure compliance with the Bush Fires Act 1954 to ensure that any brigade activity is appropriately recorded for insurance purposes.

Bush Fire Advisory Committee Meeting Minutes	
10 September 2019	

# C. OFFICER'S COMMENT

Burning off private land is not a power of a Bush Fire Brigade or a Bush Fire Control Officer unless directed by Local Government in the circumstances described in Section 33 (4) and (6) of the Bush Fires Act.

In other words, a property owner who is subject to a Local Government notice to remove hazards and does not want to do the work personally may request the Local Government to do the work. The Local Government can also act in default of the owner or occupier. In both circumstance the brigade/contractor can directed by the Local Government to carry out the work as specified in the notice.

There is no other way in which brigades can carry out burning of private land and still enjoy the immunity conferred by the Bush Fires Act.

Local Governments have a crucial role in ensuring that proper direction is given to brigades and that appropriate notices have been issued to landholders as required by Section 33.

In summary, a brigade operating in accordance with the powers and duties described in the *Bush Fires Act*, enjoys immunity from liability. If a brigade operates outside these parameters, members may well have liability for damage caused as a result. Accordingly, all requests direct from landholders to brigades must be referred to the Local Government so that Local Government may lawfully direct the brigade to act.

#### RECOMMENDATION

That Council:

- Endorse Standard Operating Procedure 19, and acknowledge that this Standard Operating Procedure will be included in the future Section 8 of the Bush Fire Manual.
- Ensure that brigades are adequately informed and trained on the new process to ensure compliance with obligations under the Bush Fires Act 1954

#### DISCUSSION

The CESM provided an overview of the document and outlined its purpose. It was advised that if the Bush Fire Brigades are not performing the burns under direction of the local government there is no immunity as the Bush Fire Act does not cover nor provide this. There were concerns raised in relation to mitigation works being completed as landowners will not apply for permits. It was discussed that potentially the permit could be applied for by the brigade on

the landowner's behalf. As there were concerns in relation to the process, the committee discussed further consultation being undertaken with FCO's and brigades.

Cr Carl Della entered the meeting at 5:53pm.

Accordingly, all requests direct from landholders to brigades must be referred to the Local Government so that Local Government may lawfully direct the brigade to part. may lawfully direct the brigade to act. Procedure The land owner / occupier (applicant) makes contact with the Brigade. The FCO (or their delegate) must visit the proposed burn site with the applicant and establish the aims and objectives of the burn and identify any risks. Alternatives to burning should be identified and considered if practical. The Brigade is to cost the burn and provide a quote to the applicant on behalf of the local 4

- government for the work to be carried out by the Brigade.
- 5. If the scope and cost of the burn is agreed to by the applicant, the applicant is required to send a written request through to the CESM.
- 6. The PCO is to prepare a burn plan in consultation with the brigade members and the property owner/occupier and submit the plan with a private works request form to the CESM for approval.
- The CESM in consultation with the CBFCO is to assess the burn plan with any proposed variations to the conditions to be discussed with the FCO prior to being recorded on the burning plan. Any alterations are to be dated and initialled by the CESM and/or CBFCO,
- Once the plan is approved, the CESM and/or CBFCO is to approve the plan in writing, which will authorise the brigade to carry out the works.
- A 'permit to burn' must be issued to the applicant (Not the Brigade) before any burning is carried out during the Restricted Burning period.
- The Shire of Northam will invoice the applicant and receive the outstanding monies.
- On receipt of payment, the local government will forward the monies to the Brigade upon receipt of a brigade invoice

## 6. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

#### 6.1 SECTION 4.2G AND 4.4G OF THE BUSH FIRE MANUAL - VOTING RIGHTS

### MOTION

Submitted by:

That Council amend section 4.4G of the Shire of Northam Bushfire Manual, to remove any requirement for brigade members to be 'active' in order to have voting rights.

#### DISCUSSION

The CESM advised that an annual review of the Bush Fire Manual is undertaken each year and this potentially can be included in this process to obtain feedback from brigades.

Discussion was also held around who determines if a brigade member is inactive. The CESM advised that this is determined by the Brigade Captain.

MOTION / COMMITTEE DECISIC	COMMITTEE DECISION	MOTION
----------------------------	--------------------	--------

Minute No: BFAC.228

Moved: Mr Murray McGregor Seconded: Mr Sam Moss

That Council hold a workshop with brigade representatives to review section 4.2G and 4.4G in relation to active and voting members as part of the annual review process.

CARRIED 11/0

#### BACKGROUND

Issue of Brigade members not having attended 4 activities (relevant to being a firefighter) to be reclassified as Auxiliary Member under 4.2G of Bush Fire Brigades (Shire of Northam Bushfire Manual) & denied voting rights under 4.4G to be removed.

Given the stats in the risk to resource most members would not be eligible to vote. We find this unworkable as only a very limited number of people were able to vote. The intent is to stop not active members stacking meeting but we need to have this clause removed if not then re defined to have more participation.

#### OFFICERS COMMENT

This matter has also been raised by a member of the Clackline / Muresk Bush Fire Brigade and has been included as Attachment 1.

At the BFAC meeting held on 20<sup>th</sup> August 2018 Section 4 of the Brigade manual was endorsed by the committee and referred to Council for endorsement.

The relevant section of Clause 4.2G is as follows – Membership of the Bush Fire Brigade can be terminated at the discretion of the brigade executive group if the member –

- Gives written notice of resignation to the Brigade Secretary;
- is, in the opinion of the Brigade, permanently incapacitated by mental or physical ill-health;
- Is dismissed by the Brigade; or
- Ceases to be a member or is taken to have resigned;
- Has not been active with the Brigade for a period of twelve (12) months that a member will be taken to have resigned from the Bush Fire Brigade. A member may be considered inactive if they fail to attend a minimum of one (1) Brigade activity relevant to the member's role within a twelve (12) month period;
- A firefighter, who in a twelve (12) month period, does not attend at least four (4) Brigade activities relevant to their role as a firefighter, can be reclassified as an Auxiliary Member in the Brigade;
- Brigade activities that relate to the fire-fighting role include but are not limited to; Brigade training, turning out to an incident and hazard reduction burns;

Similarly the relevant section of Clause 4.4G is as follows -

## 4.4G Voting

Page | 59

To be eligible to one vote a Brigade Member must have attended a minimum of 4 Brigade activities such as hazard reduction burns, incidents, brigade training or DFES training within that year.

If issues arise due to a clause in the manual that brigades believe need to be addressed, brigade reps are encouraged to put a motion forward with a recommended change to be tabled at BFAC for discussion.

Discussion Intent for brigades to manage in house.

BACKGROUND DETAILS \_\_\_\_\_CLACKLINE MURESK BFB 18967+ Brende

Blair Wilding is regarded by the Shire of Northam as a "NON ACTIVE " Brigade member. ---

That is - he has not attended [according to the Shire] Brigade events or fires.

This is completely wrong. He was a frontline fire fighter at two fires at least as well as attending

Brigade events-but was out of the district for the O'Brien fire.

It seems that attendance at these fires, with one or both of his units was not recorded. Why this was so is a matter for future investigation.

Blair Wilding is one of the best and most experienced fire fighters in the Shire of Northam.

This assertion that he is "Not Active" is an insult to him and the Brigade.

The Clackline Muresk Bush Fire Brigade requires his immediate reinstatement.

Mr Blair Wilding entered the meeting at 6:06pm.

## 6.2 RESTRICTED BURNING DATES / CREATION OF TWO ZONES

# MOTION

Submitted by: Irishtown Bush Fire Brigade

That Council investigate what is required to reinstate a 2 zone system to allow better management of bushfire risk at the turn of the seasons.

#### DISCUSSION

The CESM advised that the Bush Fires Act does not provide provisions for the district to be split. It is believed that this could be managed through permits.

#### MOTION / COMMITTEE DECISION

Minute No: BFAC.229

Moved: Mr Murray McGregor Seconded: Mr Nic Dewar

That Council refer the matter relating to the restricted burning date / creation of two zones to Fire Control Officer meeting on 13 September 2019 for further discussion.

CARRIED 11/0

#### BACKGROUND

Discussion to bring restricted burning dates forward, or create 2 zones within the Shire such as East and West. Fire risk is different to each of those areas. Matter for BFAC.

I have been asked to raise this again by our brigade. The nature of our Shire means that the risks and needs to burn are different during the restricted burning period. As identified in the Risk to Resource report 2019, members feel the creation of a two fire zones will allow more appropriate fire risk controls to be implemented across the shire. This allow the lower risk are to undertake activities which would be considered too risky in the other district.

#### **OFFICERS COMMENT**

There are provisions under the Bush Fires Act 1954 where due to seasonal conditions the Prohibited & Restricted period's commencement dates can be

varied for a specific period by agreement of the CBFCO & Shire of Northam President with the support of a gazetted CALM Officer.

Officers are aware that historically the Shire was split into an east & west zone, and the inherent complexities that come with splitting a district. While the Bush Fires Act 1954 allows provisions for the local government to vary dates based on seasonal conditions, the act specifies that a local government may alter the dates for "its District" the Act does not provide provisions for the district to be split.

This can be addressed through management of the permit issuing process, a workshop has been tabled for 13<sup>th</sup> September 2019 for the BFCO's to discuss the coming permit season and will identify strategies that could address a lot of these concerns, further advice can be tabled at the Nov BFAC.

#### Discussion

Act cannot split, manage through permit system for agricultural sector.

#### 6.3 STRUCTURE

#### MOTION

Submitted by: Wundowie Volunteer Fire and Rescue Service

That Council endorse Chief position to become a paid role under the Shire of Northam CESM and x2 deputies and x1 snr FCO (deputy in training) Honorarium stays in place for the x2 deputies

#### DISCUSSION

Clarification was sought in relation to the intent of the motion. It was clarified that the CBFCO would be a paid role under the Shire of Northam and the appointment of 2 deputies and a senior FCO.

Minute No: BFAC.230

Moved: Mr Nic Dewar Seconded: Mr Sam Moss

The Council refer the following structure to the Bush Fire Brigades to endorse:

- Chief Bush Fire Control Officer position is to become a paid role under the Shire of Northam;
- Appointment of 2 Deputy Chief Bush Fire Officers; and
- 1 Senior FCO (deputy in training); and
- Honorarium stays in place for the x2 deputies

CARRIED 11/0

#### BACKGROUND

The recommended structure has been included as Attachment 1.

#### OFFICERS COMMENT

The position of Chief Bush Fire Control Officer is an integral part of the management of fie incidents within the Shire of Northam.

Officers appreciate the role has evolved in recent years due to the current climate and focus on emergency services both locally and interstate.

Officers believe the position of Chief Bush Fire Control Officer should remain a position held from within the volunteer Bushfire Brigade, albeit with some major changes to reduce the impact the position can take on the volunteer in the

role. This includes the reduction of administrative duties currentky being undertaken by the CBFCO position.

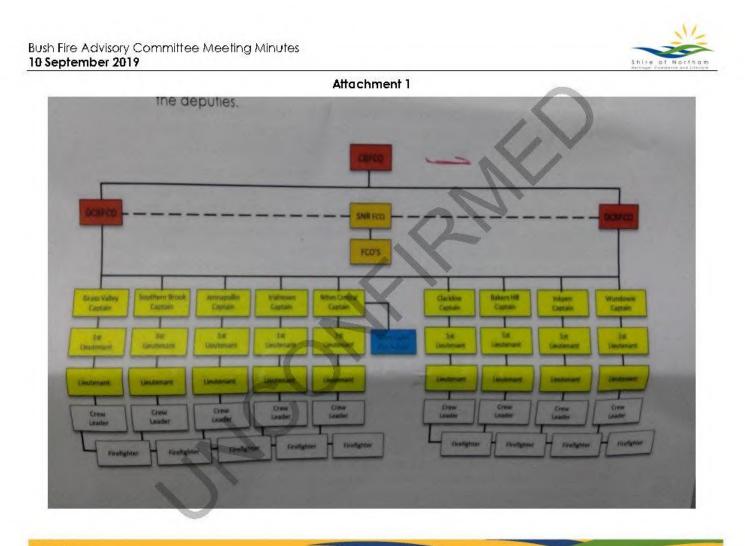

Discussion with the current CBFCO have also indicated that a strategy needs to be developed to assist the incoming CBFCO to reduce the load, by sharing responsibility with the DCBFCO (s), BFCO's and Captains of each brigade.

At this current point in time Officers are not recommending the position of Chief Bush Fire Control Officer should be filled by a paid employee of council.

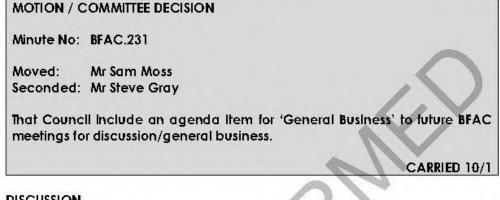

Shire of Northam

Mr Simon Peters and Jeffrey Roberts departed the meeting at 6:20pm and returned at 6:20pm.

#### 6.4 GENERAL BUSINESS AT BFAC MEETINGS

#### DISCUSSION

Discussion was held around the value of holding a session to discuss ideas and general matters outside the formal meeting processes. The Executive Manager Development Services advised that general business can be included at the end of the meeting however this would not be a decision making forum.

#### BACKGROUND

Grass Valley BFB believes the inclusion of a general business session would be invaluable for discussion between brigades where we can look at motions for future BFAC meetings, discuss ideas/issues that individual brigades have had and want to send back to other brigades for feedback prior to a motion being submitted.

#### OFFICERS COMMENT

The Bush Fire Advisory Committee has been formed by Council in accordance with s67 Bush Fires Act 1954. The Committee is an official advisory committee of Council and is therefore bound by Councils Standing Orders and as such there is currently no "general business" section on any committee of council agenda.

Agenda items of an urgent nature can be discussed by decision of the chairperson, a decision will be made on a case by case basis.

Discussion was held around the functioning and effectiveness of the current BFAC processes. A number of Brigades believe that having an opportunity to discuss current issues at BFAC might negate the need for matters being referred back from BFAC to brigades or to a further meeting.

The current process regarding notices of motion from Brigades was explained and that in general business no decisions could be made by the meeting.

It was agreed that the general business could include items of a more strategic nature and issues that would be subject to future reports of the committee.

# 6.5 SUCCESSION PLANS FOR CBFCO AND DCBFCO POSITIONS

MOTION / COMMITTEE DECISION

Minute No: BFAC.232

Moved: Mr Sam Moss Seconded: Mr Murray McGregor

That Council develop a detailed and fully supported succession plan/s for the Chief and Deputy/s positions.

CARRIED 11/0

#### DISCUSSION

Discussion was held around the value of having a succession plan in order to avoid the situation that the Shire is currently in and also provide opportunities for brigade members. Discussion was also held around FCO's fulfilling their role and responsibilities to support the CBFCO and DCBFCO. It was also raised that there is a lack of training held at suitable times, there is insufficient notice of this training and a lack of training quality (i.e. is repetitive).

#### BACKGROUND

Grass Valley BFB believe the Shire of Northam need to draw up succession plans with the various brigades and FCO's for filling FCO positions and the Chief and Deputy/s positions, discussing opportunities for advancement and training, and taking advantage of any volunteer who wishes to advance their capabilities and the depth of their involvement in the BFB system. This plan should also outline how these positions will be supported to minimise the burden of these roles on volunteers.

# OFFICERS COMMENT

Whilst staff agree succession planning is important, what is unclear is what additional 'planning' is required. The system / structure as it currently exists is in place, from a theoretical perspective, whereby the Chief Bushfire Control Officer would be chosen from amongst existing brigade Fire Control Officers.

So the succession plan should be that the Fire Control Officers within each brigade are qualified, and using their current positions to gain experience with the view of potentially taking on the Chief position in a future year. While this is the current theoretical structure it is also the most logical succession planning structure moving forward. Issues may arise from time to time whereby you have Fire Control Officers who are unwilling, or unable, to take on the Chief position, leaving a void. Staff would recommend that brigades be mindful of this when electing their Fire Control Officers.

## 6.6 NOMINATIONS FOR CHIEF BUSH FIRE CONTROL OFFICER

#### MOTION

Moved: Mr Sam Moss

That Council endorse the Grass Valley BFB nominations for the 2019/2020 season.

- Chief Bush Fire Control Officer Matt Macqueen
- Deputy Chief Bush Fire Control Officer West Simon Peters
- Deputy Chief Bush Fire Control Officer East Chris Marris

### LAPSED FOR WANT OF A SECONDER

#### BACKGROUND

The Grass Valley BFB believes that it is in the best short and long term interest of the community and the local bush fire service to see the Chief Bush Fire Control Officer remain in volunteer hands. In saying that, we believe the chief role is one which must be supported strongly by both the Brigades and in particular the Shire.

On the basis that this support is more forthcoming, we understand that the current Chief, Matt Macqueen, is prepared to consider continuing as Chief for a further 12 months, while other members of the fire service are supported and encouraged to build up their training and experience.

As such, the Grass Valley BFB wish to make the following nominations for the 2019/2020 season.

Chief Bush Fire Control Officer - Matt Macqueen Deputy Chief Bush Fire Control Officer - West - Simon Peters Deputy Chief Bush Fire Control Officer - East - Chris Marris

The Grass Valley BFB believe the inclusion of a second deputy will aid in sharing the workload of the Chief, as well as provide for a greater pool of potential candidates for future succession to the chief as was the case in the past. In saying this, the Brigade believes that members outside of the chief/deputy chief roles should be supported and encouraged to build their skillset/experience for consideration of the senior roles into the future. Competition for these roles would be a great outcome.

In regards to Chris Marris's nomination, this is on the basis as presented above, with the chief role remaining as a volunteer. Since the below email, Chris has completed both his Ground Controller and AllMS 2017 Gap (already had AllMS 4) training, along with his On-road driving course. He is committed to completing the remaining two courses required at the earliest

suitable opportunity. Chris will have lots to learn but looks forward to doing so alongside two experienced chief and deputy chiefs should his nomination be supported.

#### OFFICERS COMMENT

The current Chief Bush Fire Control Officer Mat Macqueen has tendered his resignation from the position as of October 31<sup>st</sup> 2019 as a consequence the above resolution will be unable to be implemented if it were passed by the Committee.

# 6.7 MANAGEMENT OF THE 2019/2020 BUSH FIRE SEASON

#### MOTION / COMMITTEE DECISION

Minute No: BFAC.233

Moved: Mr Sam Moss Seconded: Mr Nic Dewar

That Council develop a plan on how they will manage fires in the 2019/2020 season.

CARRIED 11/0

#### BACKGROUND

At a meeting of Bush Fire Brigade Captains and representatives it is noted that there are no volunteers with suitable qualifications to be the Chief Bushfire Control Officer.

# OFFICER COMMENT

Officers are working in accordance with the process as outlined in the email sent to all brigades 20 August 2019. Should a resolution not be made tonight officers will prepare a report for Council on the options available to meet Councils obligations under the Bush Fires Act 1954.

At this point in time if a resolution is not reached and no one is to be appointed to the position of CBFCO within one month after the resignation of the current CBFCO (1ª November 2019) the provisions section 382(C) and (D) of the Bush Fires Act 1954 may apply. The section of the act states as follows –

- (2C) The local government shall fill any vacancy occurring in the office of Chief Bush Fire Control Officer or Deputy Chief Bush Fire Control Officer within one month after the vacancy occurs and if the local government fails or neglects to do so within that time, the FES Commissioner may by notice in writing require the local government to appoint a person to the vacant office within one month after service on it of such notice.
- (2D) Where a local government that has been served with a notice pursuant to subsection (2C) fails or neglects to comply with the requirements of that notice, the FES Commissioner may appoint a person who is not employed in the Department to the vacant office.

Any outcome from Council decisions will be advertised to brigades accordingly.

## 7. URGENT BUSINESS APPROVED BY DECISION

MOTION / COMMITTEE DECISION

Minute No: BFAC.234

Moved: Mr Mathew Macqueen Seconded: Mr Sam Moss

That the committee consider urgent business in relation to the CBFCO and DCBFCO for the 2019/20 season.

CARRIED 11/0

#### DISCUSSION

Discussion was held around who should be CBFCO. It was advised that as of 1 October there is no CBFCO and the CEO is required to appoint someone.

Discussion was held around the current CBFCO and DCBFCO not wanting/being unable to fulfil the role.

Issues were raised that brigade members don't take instruction from FCO's, only senior officers (i.e. the CBFCO).

Issues were also raised from members in the gallery in relation to the system and processes impacting the number of volunteer within brigades. In addition, some brigades feel they are being railroaded, losing autonomy (e.g. sending their vehicles to trusted repairers, losing hose testing). It was raised that they are no longer able to do what was done for 20 years. Shire and system is developing a Shire entity which is dictating.

Discussion was held around the process of how to identify a suitable CBFCO. A number of suggestions were made including approaching surrounding district CBFCO's and also advertising.

Attachment 1: G1.11 Risk Management Policy (Draft).

# A. BACKGROUND / DETAILS

As a local government, the Shire of Northam has exposure to a range of risks that if unmanaged, may have an adverse impact on the achievement of organisational objectives.

The Shire will implement an enterprise-wide risk management framework and systems to identify and manage potential risk to minimise adverse outcomes. The policy intent is to build a risk mature environment where Council, management and employees take responsibility for risk management through systemic practices to:

- Safeguard the Shire people, assets, property, environment, reputation, finances and information;
- Promote an environment where risk management principles and practices are the tools to the achievement of organisational goals; and
- Provide the resources required to minimise adverse reaction to risks.

### Attachment 1

Shire of Northam Planning Policy Manual (Section I) Policy G 1.11 Risk Management

#### OBJECTIVE

As a local government, the Shire of Northam has exposure to a range of risks that if unmanaged, may have an adverse impact on the achievement of organisational objectives.

The Shire will implement an enterprise-wide risk management framework and systems to identify and manage potential risk to minimise adverse outcomes. The policy intent is to build a risk mature environment where Council, management and employees take responsibility for risk management through systemic practices to:

- Safeguard the Shire people, assets, property, environment, reputation, finances and information;
- Promote an environment where risk management principles and practices are the tools to the achievement of organisational goals; and
- Provide the resources required to minimise adverse reaction to risks.

SCOPE

Organisational wide.

#### POLICY

The Shire of Northam is committed to managing risk in accordance with the principles, framework and guidelines detailed in AS/NZS ISO 31000:2009 and will:

- Implement an Enterprise Risk Management Framework and Plan;
- Identify strategic, operational and project risks using systematic tools and based on the level of risk ensure effective Risk Treatment Plans, to minimise such risks, are in place;

- Ensure any item with a risk ranking of greater than 10, categorised as either High or Extreme risk and is apparent to be ongoing, be listed on the Shire's Risk Register;
- Align risk management systems and processes with current strategic and operational planning processes;
- Implement a range of risk management key performance indicators to monitor responsibility and accountability.

#### Report, Monitor and Review

In accordance with Local Government (Audit) Regulations 1996, regular reporting of systems and procedures in relation to risk management will be submitted to the Shire's Audit and Risk Committee and that Committee has the Shire's Risk Register as a standing agenda item.

Performance of Shire of Northam risk management will be measured against;

- o % of High or Extreme Risks without mitigation strategies in place
  - Reported quarterly to Audit & Risk Committee
  - % of risk mitigation strategies overdue
    - Reported quarterly to Audit & Risk Committee

#### **Risk Criteria and Evaluation**

Risk criteria also needs to be defined to evaluate the significance of risk. Factors to be considered include the following:

- The nature and types of causes and consequences that can occur and how they will be measured;
- How likelihood will be defined;
- · The timeframe (s) of the likelihood and/or consequence (s);
- · How the level of risk is to be determined;
- The views of stakeholders;
- The level at which risk becomes acceptable or tolerable.

Risk evaluation always involves the assessment of the likelihood (chance of something happening) and consequence (outcome of an event affecting objectives) of an event.

### **Risk Assessment Tool**

### Measures of Consequence

Level Description	Financial Impacts	Health & Safety	Reputation	Service Interruption	Compliance	Property	Environment
Insignificant (1)	<\$10,000	Medical type injuries	Unsubstantiated, low impact, low profile, or no news item	No material service interruption	No noticeable regulatory or statutory impact	In consequential damage.	Contained, reversible impact managed by on site response
Minor (2)	\$10,001 - \$25,000	Lost Time Injury <30 days	Low impact, low news item	Short term temporary interruption – backlog cleared < 1 day	Some temporary non compliances	Localised damage rectified by routine internal procedures	Contained, reversible impact managed by internal response
Medium (3)	\$25,001 - \$250,000	Lost time Injury >30 Days	Substantiated, public embarrassment, moderate impact, moderate news profile	Medium term temporary interruption – backlog cleared by additional resources <1 week	Short term non- compliance but with significant regulatory requirements imposed	Localised damage requiring external resources to rectify	Contained, reversible impact managed by external agencies
High (4)	\$250,001 - \$650,000	Long term disability / multiple injuries	Substantiated, public embarrassment, high impact news profile, third party actions	Prolonged interruption of services – additional resources; performance affected < 1 month	Non-compliance results in termination of services or imposed penalties	Significant damage requiring internal & external resources to rectify	Uncontained, reversible impact managed by a coordinated response from external agencies
Extreme (5)	> \$650,000	Death or permanent disablement	Substantiated, public embarrassment, very high multiple impacts, high, widespread multiple news profile, third party actions	Indeterminate prolonged interruption of services – non- performance > 1 month	Non-compliance results in litigation, criminal charges or significant damages or penalties	Extensive damage requiring prolonged period of restitution. Complete loss of plant, equipment & building	Uncontained, irreversible impact

As defined by the Australian Standard consequence is the outcome of an event affecting corporate objectives. The above identifies outcomes in seven main categories being health & safety, financial impact, service interruption, compliance, reputation, property and environment. A level of 1 - 5 is applied based on the severity of the outcome, ranging from insignificant to catastrophic. Combined with measures of likelihood, measures of consequence form the evaluation of risks in the Risk Matrix (see below).

#### Measures of Likelihood

Description	Examples	Frequency
Almost Certain (5)	The event is expected to occur	More than once per year
Likely (4)	The event will probably occur	At least once per year
Possible (3)	The event could occur	At least once in five years
Unlikely (2)	The event could occur but probably won't	At least once in ten years
Rare (1)	The event is not expected to occur	Less than once in 20 years

Measures of likelihood form part of the risk matrix to determine the 'risk rank' and the 'level of risk'.

A level of 1-5 is applied based on the likelihood of an event occurring, ranging from rare to almost certain. The likelihood can be determined objectively or subjectively, qualitatively or quantitatively, and described using general terms or mathematically such as probability or a frequency over a given time period.

#### **Risk Appetite**

EEXTREME RISK: Immediate action required by CEO and/or Council

HHIGH RISK: Executive Management attention required, CEO & Council notified

M MODERATE RISK: Management by specific monitoring or response procedures

LLOW RISK: Manage by routine procedures, unlikely to need specific application of resources

#### **Risk Matrix**

Consequence / Likelihood	Insignificant (1)	Minor (2)	Medium (3)	Major (4)	Extreme (5)
Almost Certain (5)	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely (4)	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible (3)	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely (2)	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare (1)	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

The risk matrix will determine a risk ranking and level of risk based on the measurement of the likelihood and consequence of a particular event. It is recommended that any event with a risk ranking of 'high' or 'extreme' be recorded in the Shire's Risk Register and reported to the Audit Committee on a periodic basis. These events require regular monitoring and risk treatment actions which may involve the following:

- Avoiding the risk by deciding not to start or continue with the activity that gives rise to the risk;
- Accepting risk in order to pursue an opportunity;
- Removing the risk source;
- Changing the likelihood;
- Changing the consequences;
- Sharing the risk with another party or parties (including contracts and risk financing); and
- · Retaining the risk by informed decision.

Risk treatments that deal with negative consequences are sometimes referred to as risk mitigation, risk elimination, risk prevention and risk reduction. Risk treatments will be particularly important where existing controls are deemed to be inadequate.

# A. BACKGROUND / DETAILS

On 20 March 2013 the Land Rationalisation Strategy was adopted and the above four properties were identified to be disposed of by way of Public Tender.

On 16 April 2014 Council resolved to commence the tender process for disposing of the properties.

One and two submissions were received on each parcel. All submissions offered were considerably lower than the asking price of \$125,000 per parcel in Wundowie, with only one offer being made for \$24,000 per parcel. For the two Northam properties \$113,000 per parcel was being asked however only one offer was received for \$50,000 per parcel.

A recommendation was presented to Council to auction the properties at 75% of their value to expedite sale and if unsuccessful Council authorised the CEO to enter into private treaties at or above 90% of valuations. There were no submissions received.

At the Ordinary Meeting on 16 March 2016 Council decided to have valuations conducted on the properties and dispose of them via tender and a report was requested to go back to Council at the end of the tender process.

A request for Tender was placed in the West Australian on 21 January 2017 with no tenders received. A further advertisement was placed in the local paper on 4 May 2017 for private sale, with no tenders received.

# **B. CONSIDERATIONS**

# B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

<u>Objectives:</u>

- Provide outstanding customer service
- Ensure robust financial management
- Implement systems and processes which deliver outcomes for our community
- Maintain a high standard of corporate governance
- Improve community access to information to ensure they are able to be informed of our activities

# B.2 Financial / Resource Implications

There are no negative financial implications for the Council to hold these properties, except forgone rates.

# B.3 Legislative Compliance

The Act specifies the following procedure for the disposal of local government property:

"3.58. Disposing of property

- (2) Except as stated in this section, a local government can only dispose of property to—
  - (a) the highest bidder at public auction; or
  - (b) the person who at public tender called by the local government makes what is, in the opinion of the local government, the most acceptable tender, whether or not it is the highest tender.
- (3) A local government can dispose of property other than under subsection (2) if, before agreeing to dispose of the property
  - (a) it gives local public notice of the proposed disposition(i) describing the property concerned; and

- (ii) giving details of the proposed disposition; and
- (iii) inviting submissions to be made to the local government before a date to be specified in the notice, being a date not less than 2 weeks after the notice is first given; and
- (b) it considers any submissions made to it before the date specified in the notice and, if its decision is made by the council or a committee, the decision and the reasons for it are recorded in the minutes of the meeting at which the decision was made.
- (4) The details of a proposed disposition that are required by subsection (3)(a)(ii) include
  - (a) the names of all other parties concerned; and
  - (b) the consideration to be received by the local government for the disposition; and
  - (c) the market value of the disposition
    - (i) as ascertained by a valuation carried out not more than 6 months before the proposed disposition; or
    - (ii) as declared by a resolution of the local government on the basis of a valuation carried out more than 6 months before the proposed disposition that the local government believes to be a true indication of the value at the time of the proposed disposition."

# C. OFFICER'S COMMENT

To facilitate the sale of the aforementioned properties, it is suggested that Council authorise the Chief Executive Officer to call for expressions of interest from local real estate agents to provide costings of their agent's fees and the potential value of the properties. The real estate agent providing the cheapest fees and the closest valuation should be chosen to manage the sale of the properties for a period of six (6) months.

There is concern that the properties at lot 237 Balga Terrance and lot 233 Kinga Road may be contaminated by asbestos, this will be investigated before these properties are listed for sale.

# **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3763

Moved: Cr Ryan Seconded: Cr Mencshelyi

That Council authorise the Chief Executive Officer to:

- 1. Call for expressions of interest from local real estate agents to manage the sale of the properties listed below stating their agent's fees and valuation of the properties.
- 2. Appoint, in accordance with Council Policy, a local real estate agent or agents to manage the sales on behalf of Council
- 3. Dispose of the following lots, in accordance with the Local Government Act 1995, by private treaty at a minimum of 90% of the most recent valuations.
  - Lot 234 Balga Terrace Wundowie
  - Lot 233 Kingia Road Wundowie

# BRIEF

To provide Council with a report on the Wundowie Community bust trial, which concluded in August 2019.

# ATTACHMENTS

Attachment 1: Bus Trial Survey Report.

# A. BACKGROUND / DETAILS

Council received grant funding of \$4000 from Department of Communities to conduct a trial of community transport from Wundowie to Northam, with the option of collecting passengers from stops in Bakers Hill and Clackline if the need was there. During the trial, approximately 200 passengers utilized the service. This equated to approximately 50 individuals who used the service. The main reasons for visiting Northam included medical appointments, Shire and other government business, and social outings. The majority of the users were from Wundowie, with a small number of passengers from Bakers Hill, Clackline and Mokine.

The trial was conducted between November 2018 and August 2019. Initially twice per week, but altered to once per week approximately half way through the trial.

# **B. CONSIDERATIONS**

# **B.1** Strategic Community / Corporate Business Plan

Theme Area 2: Community Wellbeing.

- Outcome 2.3: A needs-driven public transport system is available for residents of the Shire of Northam.
- Objective: Review the trial community bus from Wundowie to Northam, via Bakers Hill and Clackline.

# **B.2** Financial / Resource Implications

To operate the service for the remainder of the financial year will cost approximately \$5,000. As this is unbudgeted expenditure, Council needs to approve a budget variation to accommodate this project.

# B.3 Legislative Compliance

Section 6.8 of the Local Government Act 1995 provides for circumstances where expenditure can be incurred that is not included in the annual budget:

- "6.8. Expenditure from municipal fund not included in annual budget
- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure —
  - (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
  - (b) is authorised in advance by resolution\*; or
  - (c) is authorised in advance by the mayor or president in an emergency."
  - \* Absolute majority required.

Section 6.16 of the Local Government Act 1995 provides for the imposition of fees and charges:

- "6.16. Imposition of fees and charges
- A local government may impose<sup>\*</sup> and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.
   \* Absolute majority required.
- (2) A fee or charge may be imposed for the following
  - (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;
  - (b) supplying a service or carrying out work at the request of a person;
  - (c) subject to section 5.94, providing information from local government records;
  - (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;
  - (e) supplying goods;

- (f) such other service as may be prescribed.
- (3) Fees and charges are to be imposed when adopting the annual budget but may be
  - (a) imposed\* during a financial year; and
  - (b) amended\* from time to time during a financial year.

\* Absolute majority required.

# **B.4** Policy Implications

Nil.

# B.5 Stakeholder Engagement / Consultation

A community survey was conducted at the conclusion of the trial, both electronically and in hard copy form. Approximately 35 responses to the survey were received.

The survey report is attached.

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	There is a small risk that costs of the service exceed the anticipated budget	Low (1)	Ensure bus service is conducted within established parameters
Health & Safety	Nil		
Reputation	Continuation of the bus service could attract negative feedback from some members of the community in relation to the service having adverse effect on local business	Low(1)	Ensure bus service is conducted within established parameters.
Service Interruption	Nil		
Compliance	Nil		
Property	Nil		
Environment	Nil		

# B.6 Risk Implications

# C. OFFICER'S COMMENT

The bus trial was well received by those participating, although there was some community concern expressed about the possibility of the bus being used as a shopper bus, therefore affecting local business in Wundowie and Bakers Hill.

Respondents to the survey have expressed an interest in keeping their bus going, with concerns about access to medical and government services being the main issues addressed. The service has increased in value given that the regular doctor service to Wundowie has now ceased, and residents need to access services in Northam.

Officers believe that evidence shows that there is a demonstrated need for the service, and are recommending that the service continue to operate one day per week.

Officers believe that the service will cost approximately \$5,000 to operate for the balance of the 2019/20 financial year. Officers are also proposing to charge \$5.00 for the bus, to assist in offsetting the costs.

In setting the proposed fee, officers noted the survey response which showed 48% of respondents were prepared to pay \$5, whilst 31% suggested \$3 was the appropriate fee.

As a comparison, the fees for the Transperth bus service to Midland and Mundaring from Wundowie are as follows:

	Standard fare	Concession fare
Midland to Wundowie (5 Zones)	\$8.50	\$3.70
Mundaring to Wundowie (3 Zones)	\$5.80	\$2.50
Wundowie to Northam (Proposed)	\$5.00	\$2.50

# **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3764

Moved: Cr Little Seconded: Cr Ryan

That Council endorse:

- 1. A budget amendment of \$5,000 for the conduct of the Community bus service from Wundowie to Northam one day per week.
- 2. An amendment to the fees and charges schedule to include bus fare from Wundowie to Northam as follows:
  - Standard fare \$5.00
  - Concession fare \$2.50

a community service does not need to run on a profit. I have noticed when I'm on the bus how areas with limited mobility have been able to access the bus that brings me to a major probl information. I live in Wundowie and I am a senior and there seems to be a consensus with so they couldn't use it as this is a seniors only service if you continue with the service I would s that the service is for all and there should not be a priority for us seniors not being able to a age	em with the service lack of me people that I've spoke to th uggest a letter box drop to clar	at ify

I have seen the impact that the "Community Bus Service" has had on the towns (Bakers Hill & Wundowie) shops and services already - for the sake of providing services for the businesses of NORTHAM - But without these "Local Shops and Services" the Towns would be non-existent and the "Business Owners and Rate Payers" would move to city suburbs or other communities as the "Community Bus Service" would not be a viable prospect to support the towns people if the "Local Shops and Services" closed their doors.

### 12.5.2 Terms of Reference - Nyoongar Cultural Advisory Group

### BRIEF

For Council to consider the terms of Reference for the proposed Nyoongar Cultural Advisory Group (NCAG), which on formation will replace the Bilya Koort Boodja Advisory Group (formerly Aboriginal Advisory Group) and Reconciliation Working Group.

### ATTACHMENTS

Attachment 1: Draft Terms of Reference - NCAG

Attachment 2: Terms of Reference – Reconciliation Action Plan (RAP) Working Group

Attachment 3: Terms of Reference-Draft Bilya Koort Boodja Advisory Group.

# A. BACKGROUND / DETAILS

Council currently has two committees/Working groups that deal specifically with providing advice and input on decision making relating to matters relating aboriginal culture within the Shire of Northam.

Specifically Council has an operational RAP Working Group, whose main focus is to advise and assist the Shire of Northam in developing a RAP in consultation with Reconciliation Australia.

The Bilya Koort Boodja Advisory group's primary objective is to provide guidance and recommendations to the Shire of Northam on all Nyoongar related focussing on the BKB Centre for Nyoongar Culture and Environmental knowledge.

As many of the members of both groups cross over, officers have considered the most efficient and effective manner to operate these committees/working groups to ensure they are each meeting their objectives.

Officers believe that there is capacity to amalgamate the two groups, and form a group with the overarching responsibility of providing guidance and recommendations to the Shire of Northam on all Nyoongar related matters including:

- Focussing on the BKB Centre for Nyoongar Culture and environmental knowledge,
- Development of the Reconciliation Plan,
- Discussion on any other related local Aboriginal issues.

# **B.** CONSIDERATIONS

# B.1 Strategic Community / Corporate Business Plan

Theme Area 4: Environment & Heritage

Outcome 4.2: Northam honours, and is recognised for, its unique heritage and cultural identity

Objective/s: Manage Bilya Koort Boodja Develop Reconciliation Action Plan

# **B.2** Financial / Resource Implications

There is a sitting fee to attend the meetings.

# **B.3 Legislative Compliance**

Local Government Act 1995

# 5.8. Establishment of committees

A local government may establish\* committees of 3 or more persons to assist the council and to exercise the powers and discharge the duties of the local government that can be delegated to committees.

\*Absolute majority required

# **B.4** Policy Implications

Nil.

# **B.5** Stakeholder Engagement / Consultation

Members of both committees will be consulted on the proposed changes.

# B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Nil		

Health Safety	&	Nil		
Reputation		Council perceived as not being serious about establishment of a RAP or community input into matters relating to Aboriginal cultural issues	Low (4)	Council establishes formal committee and Terms of Reference to and ensures committee is operated within established frameworks

# C. OFFICER'S COMMENT

Currently there are 2 groups operating, and members of each group overlap. Officers see this as an opportunity to formulate one committee that provides input and advice to Council across a broad section of issues. Officers are recommending that Council endorse the formation of the Nyoongar Cultural Advisory Group to achieve these aims.

It is also recommended that Council advertise for members of this committee, with recommended committee members being presented for endorsement by Council in November 2019.

# **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3765

Moved: Cr Ryan Seconded: Cr Williams

That Council:

- 1. Endorse the Terms of Reference for the Nyoongar Cultural Advisory Group
- 2. Authorise Officers to advertise for Members to sit as part of this committee,
- 3. Appoints the members as part of the Appointment of Committees in November 2019.

### CARRIED 8/0 BY ABSOLUTE MAJORITY

Cr Proud requested that it be noted in the minutes that this is the only Committee of Council where committee members receive sitting fees. Clarification was sought in relation to whether other committees have the ability for their members to receive sitting fees if Council determined this. The Chief Executive Officer confirmed that it is possible however this is the only committee currently.

### 12.5.3 Fee Waiver – Avon Valley Arts Society

### BRIEF

For Council to consider a waiver of fees for the use of Northam Lesser Hall for Avon Valley Art Society to conduct the 2019 Northam Art Prize and Exhibition.

### ATTACHMENTS

Nil.

# A. BACKGROUND / DETAILS

The Avon Valley Art Society (AVAS) annual art prize was held between 31 August 2019 and 8 September 2019.

The organisers, Avon Valley Art Society (AVAS), are requesting Council waive fees as below:

Description	Start Time	End Time	Comments	Start Date	Finish Date	Fee Charged
Hire-Lesser Hall	8.00am	6.00 pm	Avon Valley Arts Society	26/08/2019	09/09/2019	\$ 1050 (inc. GST)
					Total	\$1050 (Inc. GST)

AVAS corresponded with Council prior to the exhibition requesting a fee waiver unfortunately the request was not actioned prior to the event, and officers are now submitting the request for Council consideration at this time.

# B. CONSIDERATIONS

# B.1 Strategic Community / Corporate Business Plan

Theme Area 2:Community Wellbeing

Outcome 2.2: There are a variety of recreation and leisure activities available for all ages, across the Shire of Northam.

Objective: Facilitate the provision of varied cultural and artistic activities.

# **B.2** Financial / Resource Implications

The fees that Council resolve to waive will represent foregone income. This will be to a maximum of \$1050 (inc GST).

# B.3 Legislative Compliance

Local Government Act 1995, Section 6.12 - Power to defer, grant discounts, waive or write off debts.

# **B.4** Policy Implications

The Chief Executive Officer is delegated authority to make a determination to waive or grant concessions in relation to any amount of money or write off any amount of money that is owed to the local government up to a maximum of \$500. Any other requests for fee waiver above this amount are submitted for the consideration of Council.

Council Policy-C3.4-Write Off/Waive Small Fees and Debts provides clear guidelines for the equitable assessment of requests to write off or waive small fees or debts within the parameters set by Council under delegated authority.

The policy also outlines when waivers or debt write offs will not be granted:

# <u>Exclusions</u>

The Chief Executive Officer <u>will not</u> consider a write off or waiver for small fees or debts for:

- 3.1 Any activity, event or program that contravenes Council's existing policies;
- 3.2 The bond associated with the use of Council Facilities (only the waiver of fees for an activity, event or function will be considered);
- 3.3 Retrospective applications;

In this circumstance Officers believe that Council should consider the application as it was received well in advance of the event, but was not actioned. Therefore the retrospectivity clause does not apply.

# **B.5** Stakeholder Engagement / Consultation

N/A

### B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Not providing a fee waiver limits the ability of AVAS to conduct the annual Art Prize under present parameters	Low (1)	Council provides fee waiver
Health & Safety	Nil		
Reputation	Council suffers loss of reputation by not supporting local groups	Low (1)	Council continues to support this event.
Service Interruption	Nil		
Compliance	Free hire given without approval	Low (3)	Fee waiver policy followed.
Property	Nil		
Environment	Nil		

# C. OFFICER'S COMMENT

Avon Valley Art Society conduct this event annually. Additionally Council budgets an annual amount to support AVAS as well as sponsoring the open prize at the awards. Officers believe that the waiving of the fees for this event assists AVAS in continuing to stage this event, and provide the opportunities for artists to exhibit to the public.

It should be noted that the Lesser Hall currently has no regular bookings in place, so there has been no disruption to other groups with this booking.

# **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3766

Moved: Cr Ryan Seconded: Cr Tinetti

That Council waive the \$1,050 hire fees for Northam Lesser Hall to assist Avon Valley Arts Society with the conduct of the 2019 Northam Art Prize and Exhibition.

# 13.2 SALE OF 239 YILGARN AVENUE TO PROCON DEVELOPMENTS

### **RECOMMENDATION / COUNCIL DECISION**

Minute No: C.3768

Moved: Cr Della Seconded: Cr Tinetti

That Council accepts Procon Developments request to extend the date of settlement for 239 Yilgarn Avenue, subject to:

- (a) A Deed of Variation being executed by the parties before 30 September 2019 and including the following variations:
  - 1. Amending definition of 'Latest Date" in clause 1.1 of Annexure A to reflect the following intention:
    - (a)Latest Date to mean the latest date for obtaining a Subdivision Approval (from the WA Planning Commission) on terms that are satisfactory to the Buyer: and
    - (b)Settlement occurring on subdivision approval and no later than 30 days thereafter; or such later date agreed by the parties under special condition 3.4."
  - 2. The following definition be inserted in clause 1.1 of Annexure A (after the definition of 'Repurchase Price' and before the definition of "Written Law")

"Subdivision Approval Date means the date the Western Australian Planning Commission grants approval for the subdivision of the Property irrespective of whether or not that approval is subject to a condition."

(b) The further deposit of \$40,250 being paid to the Shire on the date of execution of the deed.

CARRIED 8/0

### Reason for Change to Officer Recommendation

To ensure the resolution clearly reflected the Councils intent of having settlement occur 30 days after subdivision approval is granted.

The Chief Executive Officer left the meeting at 6:15pm.
