Operational Matters:

The Northam Aquatic Facility opened for 2020 / 2021 operations on the 5th October. A number of visitors, including the Leisure Institute of WA, have been touring the facility over the past few months. We continue to showcase the fantastic Shire facility.

The Local Business Support Committee has ceased. The Shire of Northam COVID-19 budget response is continuing through the Community Grants Assessment Committee. This committee is meeting regularly, and successful applicants have been, and are being advised of funds allocated.

A Restricted Burning Period is now in place. With the Prohibited Burning period in place over the summer months, we need all ratepayers and residents to be aware, and adhere to the rules.

Strategic Matters:

Private Investments

Two private developments are due to open to the public over the next couple of months. Along with many existing successful Shire and private businesses and attractions, the Bunnings and KFC openings will both provide local employment and bring more visitors to our Shire.

7.3 DEPUTATIONS

Name: Maren Lavery

Deputation: Good evening Councillors and staff, my name is Maren Lavery. First, I'd like to address agenda item 12.5.1, "Representation on the Gordon Place Mural Panel". As one of the two community members who has submitted an expression of interest in joining the panel, I encourage the Council to support staff's recommendation to limit the panel to the listed eight members. Research has shown that groups with 7 members are the most efficient at decision-making, and I believe additional members could hinder the project. While I do not rescind my EOI as I do believe I can contribute positively and effectively on this panel, I support the recommendation to limit its membership. Secondly, putting on my work hat, I wanted to thank the Shire for their support alongside Wheatbelt Natural Resource Management to tidy Burlong Pool. In response to community feedback and concern about this treasured area, we are collaborating with the Northam Senior High

School to involve Disengaged Youth in maintenance out at the Pool. Our river is held dearly by many people of all ages and backgrounds and I am really pleased to see attention and care put into its protection and beautification. So on behalf of Wheatbelt NRM, thank you for your support and continued partnership.

Name: Traci Atkinson (read out by Cr Chris Antonio)

Deputation: My name is Traci Atkinson. I am the owner of the property at Lot 2 Fernie Rd, Bakers Hill that is the subject of a planning application for a main house to be placed on the property and the current one bedroom house that is there be classed as an ancillary dwelling.

I am currently in QLD recovering from an operation I had last week on Wednesday October 7 so cannot attend the council forum. Please accept my apologies.

I was only made aware that this matter would be going before council last Friday October 9 and I would just like to address some of the matters mentioned by shire officers in this agenda.

Trevor Coulson will be attending the meeting on my behalf to answer any questions council may have, as he is aware of and been involved in the building process and the timeframe of this project.

Item 12.3.5 – Relocated dwelling, Lot 2 Fernie Rd, Bakers Hill

Firstly, to address the points made by shire officers about the original one bedroom house that is on the property:

**Ordinary Council Meeting Agenda
21 October 2020
Page | 250**

"The works have not been completed to the satisfaction of the Shire and in accordance with the conditions of approval. Works outstanding include:..."

- **ATU system is incomplete;**
Septic system is complete and a certificate of compliance was granted on 08/10/18. (certificate attached)

There was some concern from the Shire that the pipes were exposed to UV in some places and may deteriorate over time when they came onsite to inspect the project for completion, if this is what they are referring to by it being incomplete. These pipes have now been either painted with UV paint or covered with dirt where possible. (Please see attached photographs)

• **Bushfire protection measures incomplete;**

The only bushfire measures incomplete are the steel bushfire mesh flyscreens covering opening and closed sections of windows. We were planning to put these screens on and the ones on the new house at the same time as this is a more economical and easier option to do it this way.

• **Rear stairs from deck are not complete or to standard;**

These standalone stairs were only temporary and have been removed from the deck.

• **External cladding has not been repainted.**

The belief that the cladding is supposed to be repainted light blue is a fallacy. This occurred in the beginning when some details from a previous development application were confused with mine. It stated that the building was to be painted light blue to match the outbuilding. I mentioned at the time that it was a mistake to shire officers and was told this requirement would be removed from the conditions. Obviously this has been overlooked. The building in question is a cream colorbond steel colour with the paint being in excellent condition. It makes no sense to paint it, especially blue. The shed (outbuilding) is Woodland Grey and I have painted the verandah posts and trims of the house Woodland Grey to match the shed.

In summary, the only thing not completed is the bush fire screens which will be completed in conjunction with the new house project.

THE TIMELINE

Ordinary Council Meeting Agenda

21 October 2020

Page | 250

THE TIMELINE

"Officers have been regularly liaising with the applicant during the construction period and concerns have been conveyed regarding the timely completion of the current development."

To explain the reason why it has taken so long to finish this project I would like to say that Trevor and I have been plagued with health problems and unforeseen financial circumstances during this period. We have completed nearly all of the work during this time, all be it slowly, but with our own labour at the pace that we have been able to manage. Our health problems during this time included me breaking my leg and being in a wheelchair for 6 months, and then a long recovery process, several auto immune diseases due to my current health issues that has left me really unwell. Trevor having a lot of health setbacks from diabetes, pain due to previous neck and back injuries, and heart problems, having an arterial stent put in late last year. These health problems have led us to be unable to do some of the work ourselves as we originally were, and in turn led to more financial problems as we have been unable to work to earn money during this time. I don't wish to disclose too much of my financial situation in a public forum but due to the sale of another property I am now in a position where I am able to finance this new project and finish the previous one and would like to take advantage of that. Also can I just say that the big difference with the new house is that other people are being paid to do the work; transporting the house, putting it back together and finishing everything to a high standard. I have the financial capacity this time around to do it, whereas with the first house Trevor and I did most of the work on our own and with a very limited budget.

Development Timeline

Note: I have copied this from the agenda pg.250 and added some events from my records in bold that were not mentioned to demonstrate that I have been keeping the shire informed of the progress of the project.

Concerns mentioned by shire about new house proposal addressed

Landscaping and vegetation is already in place (see attached photos) to screen both houses from the Northern neighbour. Originally 70 trees and shrubs were planted but only about 30 have survived due to a large rabbit population. More vegetation is planned to replace these when the rabbits are under control.

All asbestos has been removed from the house when it was fully renovated 10 years ago. Engineer David Lavell has certified this.

Placement of house will be at least 40m from northern neighbour.

A stormwater plan will be submitted.

A septic plan will be submitted.

10. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

12.3.4 Proposed Community Centre – Lot 201 Eucalypt Bend, Wundowie

Clarification was sought regarding the determination of land use and the presence of living quarters/accommodation in the proposed community centre. The Manager for Planning Services advised that the predominant use of the land was for meditation purposes and could therefore be classed as community use, and the living quarters were designated as caretaker's quarters only.

Clarification was sought regarding whether the proponents of the proposed community centre were treated as a religious or private group. The Manager for Planning Services advised that the proponents have been classed as a community organisation as the meditation sessions are not exclusive and are open to the general public, and the planning advice given to the proponents clearly states that the venue is not to be used as a place of worship.

Clarification was sought regarding the zoning of the proposed community centre. The Manager for Planning Services advised that the property is zoned

as A-use, under "community purposes" (for educational, social or recreational facilities).

Mr Gordon Tranter and Mr Aung Luy left the meeting at 5.53pm.

Cr D Galloway declared an impartiality interest in 12.3.5 – Relocated Dwelling – Lot 2 Fernie Road, Bakers Hill as the owners are known to Cr Galloway.

Cr T M Little declared an impartiality interest in 12.3.5 – Relocated Dwelling – Lot 2 Fernie Road, Bakers Hill as Cr Little has known the proponents for a number of years.

12.3.5 Relocated Dwelling – Lot 2 Fernie Road, Bakers Hill

Clarification was sought regarding the 'alternative recommendation' and what were the provisions to reject the proposed development based on the previous development not yet being completed. The Manager for Planning Services advised that the alternative 'decision' option provided to Council in the report was in the event Council formed a view it did not comply with provisions of the Local Planning Scheme, officer have not formed that view.

Clarification was sought regarding a suspected uncovered aerobic treatment unit in one of the photographs supplied in Ms Traci Atkinson's deputation. Mr Trevor Coulson advised that the unit was not aerobic and there was no power supply to the unit, therefore there was no need for it to be covered.

Clarification was sought regarding the issues concerning painting of the external cladding as put forward by Ms Traci Atkinson in her deputation. The Manager for Planning Services advised that the original determination had specified a condition in which the external cladding was required to be painted "to the satisfaction of Council", with no colour specified, and that confusion over the need to paint the cladding the colour blue may have arisen from a later report. The Manager for Planning Services advised that to her knowledge the painting of the building has not been performed "to the satisfaction of Council". The Shire President re-read Ms Traci Atkinson's deputation regarding the paint being in excellent condition and the verandah posts and trims being painted woodland-grey.

Mr Trevor Coulson left the meeting at 6.00pm.

Cr M J Girak declared an impartiality interest in 12.5.1 – Representation on Gordon Place Mural Panel as members of the proposed panel are known to Cr Girak.

12.5.1 Representation on Gordon Place Mural Panel

It was noted that the numbering was incorrect for several items. The Acting Executive Assistant to the CEO advised this would be amended.

Clarification was sought regarding the wording on page 368 concerning the selection of FORM and whether the tendering/quoting process had been followed correctly. The Chief Executive Officer advised that FORM was considered the pre-eminent consultants as there are not many other companies who provide similar services as well as the involvement they have had in Northam, and only one quote was required for this particular project as the quote amount was beneath the threshold as specified by the COVID quote threshold parameters.

Clarification was sought regarding the representatives on the panel and the ownership of the wall. The Chief Executive Officer advised that approval had been sought from the owners of the wall, and that it was the officer's recommendation to accept the owners' conditions for the panel representatives.

Ms Maren Lavery and Mr Dominic Lavery left the meeting at 6.05pm.

11. REPORTS OF COMMITTEE MEETINGS

11.1 NYOONGAR CULTURAL ADVISORY GROUP MEETING HELD ON 15 SEPTEMBER 2020

Clarification was sought regarding the first point in the officer's recommendation and whether Council should instruct the Chief Executive Officer rather than staff. The Chief Executive Officer advised that this recommendation would be amended to reflect Council instructing the Chief Executive Officer.

Clarification was sought regarding highlighted items in the attachment within the minutes. The Chief Executive Officer advised that the highlight was intended for the benefit of the committee, to indicate which items in the Reconciliation Action Plan were currently in progress.

Clarification was sought regarding further information on individual events held at the Bilya Koort Boodja. The Chief Executive Officer advised that further information would be provided to Councillors upon request.

Cr M I Girak declared an impartiality interest in 11.2 – LOCAL BUSINESS SUPPORT COMMITTEE MEETING HELD ON 17 SEPTEMBER 2020 as some of the grant applicants are known to Cr Girak.

Council Forum Notes

Clarification was sought regarding whether Councillors not in the Local Business Support Committee were expected to read all agendas, minutes and attachments related to the committee meetings. The Chief Executive Officer advised that Councillors not on the committee were not expected to read all the listed information (noting the Committee had delegated decision making powers), however the information was provided in the FTP folder if a Councillor had a query or an interest in accessing the information.

11.3 COMMUNITY GRANTS ASSESSMENT COMMITTEE MEETING HELD ON 1 OCTOBER 2020

There was no clarification sought in relation to this item.

11.4 LOCAL BUSINESS SUPPORT COMMITTEE MEETING HELD ON 8 OCTOBER 2020

Clarification was sought regarding the Northam Pharmacy application and how the application met the criteria. The Shire President advised that the committee had decided to approve the application as the Pharmacy had detailed a loss of income due to COVID and the assessment that the proposal would assist in stabilising/increasing their business.

12. OFFICER REPORTS

12.1 CEO'S Office

12.1.1 Governance Policy Review

Clarification was sought regarding irrelevant legislation appearing on p.113, within policy G 1.1. The Chief Executive Officer advised that he would take the item on notice and remove the legislation if not correct.

The legislation was removed from the policy after the meeting, as it had been included in error within policy G 1.1.

Clarification was sought regarding policies that combined Councillors and staff, including G 1.4, G 1.5, and G 1.10. The Chief Executive Officer advised that as per the workshop sentiment an endeavour had been made to separate policies between elected members and staff, however a number

Council Forum Notes

were applicable to both as a requirement of the Local Government Act 1995. The Chief Executive Officer advised it was difficult to provide a more specific response in the absence of any examples being provided and encouraged Councillors to send through a list of policies which they thought should be separated out (and why) and he would review them.

Clarification was sought regarding legislation quoted in policy G 1.5, referencing certified practitioners under the Legal Practice Act 2003, and that this is no longer current and should be replaced by the Legal Profession Act 2008. The Chief Executive Officer advised that he would update the reference.

Clarification was sought regarding whether the list of social media sites on page 149 was exhaustive. The Chief Executive Officer advised that the Shire of Northam Facebook page had been missed and would be added to the list.

Clarification was sought regarding the wording within the corporate uniform policy and whether the policy allowed for a \$200 allowance annually or once only upon election. The Chief Executive Officer advised that this was an annual allowance.

12.2 ENGINEERING SERVICES

12.2.1 RFT 6 & 7 of 2020 Cleaning Contracts – Additional Costs for Inclusion in Contract Award

Clarification was sought regarding the tender's directives concerning consumables. The Chief Executive Officer advised that consumables were missed when the tender first went through Council, and the tender should have included both the provision of service cost and the provision of goods/consumables cost. The Chief Executive Officer advised that as the consumables were missed staff felt it most appropriate to bring the item back to Council for confirmation of amendment, rather than treat them as a minor contract variation.

Clarification was sought regarding what would happen if the recommendation was not approved by Council. The Chief Executive Officer advised that staff would be unable to award the contract as per the tender, and would therefore recommend that Council rescind the previous motion, reject all tenders, and recommence the tendering process.

12.2.2 Parks and Public Open Spaces Asset Management Plan

There was no clarification sought in relation to this item.

Council Forum Notes
14 October 2020

Clarification was sought regarding the history behind the dog leg. The Executive Manager for Development Services advised that the area is of historical significance and the dog leg was likely due to a previous structure being present.

Cr Tinetti re-entered the room at 6.34pm.

Cr S B Pollard declared an impartiality interest in 12.3.2 – Proposed Sale – Reserve 42594 (2C Strickland Avenue, Northam) as Mr A. Potoczny, the proposed purchaser, is known to Cr Pollard over many years.

Clarification was sought regarding the inclusion of Lot 155 as set out on page 186, and why this was not included in the officer's recommendation. The Executive Manager for Development Services advised that Lot 155 is owned free-hold by the Shire of Northam, and he would confirm this.

Clarification was sought regarding the odd shape of the lot and the disposal process. The Executive Manager for Development Services advised that the shape of the lot was likely due to an old subdivision design. The Executive Manager for Development Services advised that the Shire of Northam currently must traverse adjoining land to access the property, and the sale of the property has been in the Shire's land rationalisation strategy for a number of years. The Executive Manager for Development Services advised that information from the Department of Lands advised staff that the Shire could convert the lot to free-hold, purchase the lot for 5% of the market value, and then sell the land to the adjoining neighbours (Lot 250), who are planning on using the lot to construct a nursing home. The Executive Manager for Development Services advised that the recommendations would be amended for the Ordinary Council Meeting next week.

Clarification was sought regarding potential obstruction of access around the oval if the proposed ramp is constructed. The Executive Manager for Engineering Services advised that if fencing was erected in the future, there may be potential obstructions, but the oval could be shifted to avoid this.

Council Forum Notes
14 October 2020

Clarification was sought regarding the previous enlarging of the oval. The Executive Manager for Development Services advised that he was not aware of any previous enlargement.

Clarification was sought regarding the green, red and orange lines detailed on the locality map. The Executive Manager for Development Services advised that the green line depicted the current boundary, the red line depicted the proposed boundary, and the orange lines were contour lines.

Clarification was sought regarding what would happen if the recommendation, which was being proposed by the Department of Education, was rejected by Council. The Chief Executive Officer advised that the land is 'owned' by the State Government and only vested in Council, as such it is assumed they could simply change or cancel the vesting.

Cr C P Della declared an impartiality interest in 12.4.4 – Renewal of Licence Agreement – Northam Hockey Club and Northam Cricket Association as Cr Della is a member of the Northam Hockey Club which will be impacted by the decision of Council.

12.4.4 Renewal of Licence Agreement – Northam Hockey Club and Northam Cricket Association

Clarification was sought regarding whether the licence was solely for the pavilion, and whether the Shire of Northam gives out licences to other clubs. The Acting Governance Officer advised that the licence was solely for the pavilion, and because of the complexity of the hire (shared use, Shire also books the pavilion occasionally, not an exclusive item), a licence is utilised rather than a lease agreement. The Acting Governance Officer advised she would take the question on notice and see if any other licence agreements for clubs could be found.

The Acting Governance Officer advised after the meeting that the Shire does have other licence agreements in relation to the disposal of property, including Bakers Hill Adult Riding Club, Bakers Hill Riding for Disabled, and Wundowie Oval (Department of Education).

12.4.5 Non-compliance with section 6.16 of the Local Government Act 1995 – Adoption of AROC Toilets and Lighting Tower Fees and Charges

Clarification was sought regarding advertising in the York or Toodyay papers rather than The West Australian. The Chief Executive Officer and Acting Governance Officer advised that the notice must be circulated generally throughout the district, and there are some localities that may not receive the York or Toodyay papers (such as Bakers Hill), and therefore publishing in The West may be unavoidable. The Chief Executive Officer advised he would look into it, and that the notice would also be advertised on social media.

The Acting Governance Officer advised after the meeting that the York and Districts Community Matters newspaper outlines on their website that "York & District Community Matters is delivered to households and/or mailboxes throughout York, Northam, Beverley, Quairading and Cunderdin. Stands are located at The Lakes Roadhouse, Wundowie & Bakers Hill." The Acting Governance Officer advised after the meeting that Section 1.7 of the Local Government Act 1995 outlines the following:

1.7 Local Public Notice

(1) Where under this Act local public notice of a matter is required to be given, a notice of the matter is to be –

(a) published in a newspaper circulating generally throughout the district; and

The Acting Governance Officer advised after the meeting that given the York and District Community Matters newspaper is circulated to a number of localities within the Shire, she believes this would satisfy the requirement of Section 1.7 for local public notice.

12.4.6 Northam Playgroup Building - Bernard Park, Lot 400 Minson Avenue, Northam

Clarification was sought regarding the age and historical significance of the building. The Acting Governance Officer advised that the building was approximately 58-60 years old, and there was no major historical significance, as attested by the Senior Building Surveyor.

Clarification was sought regarding whether the building and the playground would be demolished. The Chief Executive Officer advised that presumably it would only be the building that would be removed.

Clarification was sought regarding other potential uses for the building, such as a memorabilia museum for the Flying 50's or the Avon Descent. The Chief Executive Officer advised that any museum-style development would be

Council Forum Notes

costly as the building requires a large amount of renovations to meet compliance standards.

Clarification was sought regarding whether the community should be consulted before demolishing the building. The Chief Executive Officer advised that a period of community consultation would be sought and the recommendation would be reworded to this effect.

Clarification was sought regarding the previous mentions or uses of the building. The Acting Governance Officer advised that there was no reference to the building within the Master Plan. The Executive Manager for Development Services advised that there is a plaque inside the building describing its original function as the "Apex Ladies Rest Area", but the building itself is not found in any municipal listings.

Cr C R Antonio declared an impartiality interest in 12.4.7 – Lease of Quellington Hall, Lot 28631 (Reserve 3410) Grass Valley South Road, Throssell as Cr Antonio is a member of the Quellington Progress Association.

12.4.7 Lease of Quellington Hall, Lot 28631 (Reserve 3410) Grass Valley South Road, Throssell

Clarification was sought regarding the lease period for the hall. The Acting Governance Officer advised that the Shire has received a 21-year lease period from the Minister, however the Shire will lease the hall out for two 10-year periods, according to management orders.

14.1 Proposed Funding for Mt Ommanney Redevelopment

Clarification was sought regarding whether the proposed developments fit into any adopted plan, and whether there were funds allocated to it in the budget. The Chief Executive Officer advised that there is no current Master Plan for the development, which is what the motion is attempting to address. The Executive Manager for Development Services advised that there may be

a reference in the Trails Master Plan, and he would confirm this. The Chief Executive Officer advised that there may also be a link to the developments from a tourism perspective in the Strategic Plan, and he would confirm this. The Chief Executive Officer advised that developing Mt Ommanney was a consideration in the budget but was later removed.

The Acting Executive Assistant to the CEO checked the ES-PL-08 Tracks Master Plan 2010 after the meeting and confirmed that Mt Ommanney was listed as a potential development on page 15 of the Plan and was identified as high priority. The proposed project would also fit within the Council's Strategic Community Plan;

Currently the Shire is holding a portion of the bond associated with the original dwelling application (ref: P16003). If the subject application is approved, then a new bond will be required to be lodged. To better manage any financial implications, it is recommended that the bonds be combined under a single legal agreement.

C. OFFICER'S COMMENT

As outlined in this report, Officers have concerns that the new development will not be completed to the satisfaction of the Shire in a timely manner, particularly considering that the previously approved development remains incomplete and may remain unchanged if this development takes priority.

The conditions imposed on the previous approval were very specific in regards to stages and timeframes in accordance with the provisions of LPP3. Although the situation has been regularly monitored, the applicant to date has been very slow in progressing the works despite numerous requests and site visits.

It is considered appropriate, considering that the existing dwelling is being converted to an ancillary dwelling, to establish a single legal agreement and bond to ensure that the development(s) are completed as required by Council.

Photographs of the new dwelling are attached to this report (Attachment 4), which show that it is in good condition, is suitable for the location and will not detract from the amenity. The establishment of landscaping will also assist in enhancing the development when viewed from the neighbouring (northern) property.

The application is being recommended for conditional approval as outlined in the Officer's Recommendation. However, if Council is of the mind to refuse the development due to the adverse policy implications associated with

compliance with LPP3, an alternative recommended has been drafted as follows:

ALTERNATIVE RECOMMENDATION

That Council resolve to REFUSE the application for development approval (ref: P20057) and accompanying plans to relocate a second-hand dwelling and to convert the existing dwelling to an ancillary dwelling at Lot 2 Fernie Road, Bakers Hill, in accordance with clause 68(2)(c) of Schedule 2 (Deemed Provisions) of the Planning and Development (Local Planning Schemes) Regulations 2015, and the provisions of the Shire of Northam Local Planning Scheme No. 6, for the following reasons:

1. The proposed development is inconsistent with the aims of the Shire of Northam Local Planning Scheme No. 6.
2. The proposed development is inconsistent with the objectives of the Rural Residential zone as outlined in clause 3.2.9 of the Shire of Northam Local Planning Scheme No. 6.
3. The proposed development is inconsistent with clause 4.32.2 of the Shire of Northam Local Planning Scheme No. 6.
4. The proposed development is inconsistent with the objectives and provisions of the Shire of Northam Local Planning Policy No. 3.

The legal agreement shall apply to both buildings and supersede any previous agreements.*

Clarification was sought regarding whether staff had determined if the "outstanding" items as listed in section **A. BACKGROUND/DETAILS** remained

outstanding. The Manager for Planning Services advised that to her knowledge the items remained outstanding.

RE: STRUCTURAL INTEGRITY AND SUITABILITY FOR RELOCATION OF HOUSE FROM 138 BUSHMEAD ROAD, HAZELMERE TO LOT 2 FERNIE ROAD, BAKERS HILL.

At your request, we have assessed the weatherboard, fibro cement and iron roofed home presently located at 138 Bushmead Road, Hazelmere. This building is at present located in a Region "A", Terrain Category 2 site as defined by Australian Standard 1170.2 Wind actions.

We are pleased to be able to report that we consider the building to be structurally adequate and suitable for relocation to the Bakers Hill site, also being a Region "A" Terrain Category 2 site to AS1170.2. From our knowledge of the local geology, we have assessed the site soil conditions as being Class S to AS 2870 Residential slabs and footings construction code.

Our assessment of the structural integrity is supported by the following observations. We are of the understanding that the home has been renovated extensively and during renovations all asbestos was removed. Also, all floors, walls and ceilings appear free of major distortions or excessive deflections that would indicate structural fault or movement mechanisms having occurred or still occurring.

Restumping and all work required in the relocation is to be completed in accordance with the requirements of the National Construction Code, and specifically to AS2870 for restumping on an S Class site; and to AS1684 Residential timber framed construction code for all timber framing restoration work required.

Yours faithfully,

David A Lavell

Note added to the Report on 06 Aug 2020:

We confirm that **there is no asbestos present** anywhere in the building.

A. BACKGROUND / DETAILS

The Bilya Koort Boodja is the Aboriginal Interpretive Centre in the Shire of Northam, offering visitors a visual and immersive experience into Aboriginal culture, heritage and traditions through various displays and events.

A.1 Visitor Numbers

July 2020 has seen a significant increase in the number of visitations to the Centre, this is on the back of increased regional tourism numbers generally.

Month	BKB visitations - Normal	BKB Visitations - Free Pass	BKB Visitations - Concession	BKB Visitations - Average per day	BKB Entry Fees
Aug-20	231	0	179	25.42	3,205

A.2 Programed Activities

A critical element to the BKB and future success is providing weekend activities and engagement for both locals and tourists. With this in mind a program of activities has been developed and implemented for the Centre.

While the activities are being underwritten by the Centre, numbers of attendees have been encouraging. BKB staff are working on identifying WA State Government Funding to assist in the program delivery as the Council allocated budget is only limited in this area.

A.3 Marketing

The consulting firm FORM have been engaged to assist the BKB in further developing the product and marketing for the Centre. Their official engagement began early September with a teleconference to discuss the terms of their engagement and expectations. FORM will be in the Community and visiting the Centre the week of the 14th September 2020. The scope of their engagement includes:

Nyoongar Cultural Advisory Group Meeting Minutes
15 September 2020

- Development of marketing plan
- Development of assets:
 - Brochure content & design
 - Video package (allowing for online and social media marketing)
 - Printing
 - Maps distribution
 - BKB Media Kit

The second phase will be the delivery of more extensive marketing across Western Australia once the above has been completed

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 4: Environment and Heritage
Outcome 4.2: Northam honours, and is recognised for, its unique heritage and cultural identity
Objective: There is a strong, respected and valued Aboriginal community and culture in the Shire of Northam

B.2 Financial / Resource Implications

Total Operating Expenditure Budget	\$572,116
Projected YTD Budget Expenditure	\$ 91,033
YTD Actual Expenditure	\$ 91,168
Total Operating Revenue Budget	\$ 82,700
Projected YTD Budget Revenue	\$ 7,723
YTD Actual Revenue	\$ 17,041

There is a level of concern as while the current expenditure is in line with budget expectations, there is a significant commitment to the ongoing programs which will begin to impact this position. In saying this the actual year to date revenue is significant higher than projected, which reflects the increased visitations.

RECOMMENDATION

That Council receives the Bilya Koort Boodja update as presented.

Nyoongar Cultural Advisory Group Meeting Minutes
15 September 2020

COMMITTEE DECISION

Minute No: NCAG.5

Moved: Mr Jermaine Davis

Seconded: Mr Kirk Garlett

That Council receives the Bilya Koort Boodja update as presented and instructs the CEO to investigate ways of recognising significant individuals and/or sacred sites by the naming of rooms/areas at the Bilya Koort Boodja.

CARRIED 9/0

REASON FOR AMENDMENT TO OFFICER'S RECOMMENDATION:

The committee advised they would like to propose that Council instructs staff to investigate ways of recognising significant individuals and/or sacred sites by the naming of rooms/areas at the Bilya Koort Boodja. This had not been captured in the original officer's recommendation, therefore a new recommendation was sought by the committee.

Ms Deborah Moody entered the meeting at 3.11pm.

Ms Donna Moody entered the meeting at 3.12pm.

Ms Yvonne Kickett entered the meeting at 3.14pm.

Clarification was sought regarding the naming of rooms and areas at the Bilya Koort Boodja, with a suggestion to name one of the rooms after Mark 'Shadow' Davis. It was noted that staff would provide an item dedicated to this issue at the next committee meeting, and the recommendation above would be amended to reflect as such.

Clarification was sought regarding rumours that the Bilya Koort Boodja Centre was going to be closed down. The BKB Centre Coordinator advised that the Bilya Koort Boodja was not closing down and the rumours were untrue, however the centre was temporarily closed for several months during the COVID-19 pandemic, and this may be where confusion has arisen.

BRIEF

For the Community Development Officer to present an update on the Reconciliation Action Plan (RAP) to the Committee.

Attachment 1: Shire of Northam Reflect RAP 2020-2021 Actions

A. BACKGROUND / DETAILS

The Shire of Northam Reflect RAP was developed by the previous RAP Working Group and was endorsed by Reconciliation Australia in 2019.

A RAP is a strategic document that supports an organisation's business plan. It includes practical actions that will drive an organisation's contribution to reconciliation both internally and in the communities in which it operates. There are four stages of a RAP, reflect, innovate, stretch and elevate. The Shire of Northam is at the first reflect stage.

A Reflect RAP is primarily a scoping document. The Reflect RAP clearly sets out the steps the Shire should take to prepare for reconciliation initiatives in successive RAPs. Committing to a Reflect RAP allows the Shire to spend time scoping and developing relationships with Aboriginal and Torres Strait Islander stakeholders, deciding on our vision for reconciliation and exploring your sphere of influence, before committing to specific actions or initiatives. This process will help to produce future RAPs that are meaningful, mutually beneficial and sustainable.

The Reflect Reconciliation Action Plan (RAP) June 2020-June 2021 has been included as an attachment in this agenda.

C. OFFICER'S COMMENT

The Shire of Northam Reflect RAP has now been endorsed by Reconciliation Australia and Council. Shire Officers are now required to work with this committee and the community to ensure the actions of the RAP are implemented within the timeline.

The following actions currently due to be delivered are highlighted in Attachment 1.

RECOMMENDATION

Minute No: NCAG.6

**Moved: Ms Deborah Moody
Seconded: Ms Yvonne Kickett**

That Council accepts the update of the Shire of Northam Reflect RAP 2020-2021.

CARRIED 10/0

Clarification was sought regarding a spelling error within the Reconciliation Action Plan. The Executive Manager Community Services advised that the spelling error would be amended.

An update was provided by the Police Superintendent for the Wheatbelt Region regarding their own Reconciliation Action Plan – progress has been slowed due to the COVID-19 pandemic. The Police Superintendent for the Wheatbelt Region advised on progress regarding the indigenous police unit, and suggested a community day be held at the Bilya Koort Boodja facility to engage the local indigenous community in discussion with the local police force, particularly regarding cadetships. The Police Superintendent for the Wheatbelt Region advised that a presentation would be provided related to this item at the next committee meeting.

RECOMMENDATION

Minute No: NCAG.7

Moved: Ms Kathy Davis

Seconded: Mr Kirk Garlett

That Council receives the briefing from Wesfarmers Bunnings on their plans to employ local Nyoongar people.

CARRIED 7/0

Clarification was sought regarding percentage employment of local indigenous people, demographics of employees, and employment roles. The Complex Manager for Bunnings advised that Wesfarmers have set the percentage employment for indigenous people at 3%, however within the Northam Bunnings store this figure would likely be much higher. The Complex Manager for Bunnings advised that all ranges of employment would be available, including full time, part time and casual, and the demographic of employees spanned from 15 years old to 60 years old.

Clarification was sought regarding cultural awareness in Bunnings stores and the protection of employees against racial discrimination. The Complex Manager for Bunnings advised that cultural awareness training, counselling services, and other services would be provided to all employees, and should any employee encounter racial discrimination from either another employee or customer, it would not be tolerated, and would be personally managed by the Complex Manager.

Ms Elizabeth Stack left the meeting at 4.07pm.

Clarification was sought regarding the official opening day celebrations. The Complex Manager for Bunnings advised that the soft opening was expected to occur on 20 November 2020, and although celebrations would be greatly diminished due to COVID-19 restrictions, there was still expected to be some form of celebrations. The Complex Manager for Bunnings advised that Bunnings Northam would prefer to incorporate Welcome to Country, smoking ceremonies and traditional indigenous activities into the opening day celebrations, and advised that committee members should liaise with the BKB Centre Coordinator if they had any ideas or suggestions with regard to the celebrations.

Clarification was sought regarding the size and location of the new Bunnings Northam store. The Complex Manager for Bunnings advised that the store would be located at the corner of Peel Terrace and Oliver Street, and although the store would be large enough to be zoned as a warehouse format (4600m²),

Nyoongar Cultural Advisory Group Meeting Minutes
15 September 2020

the store would be zoned as a small format, as this was the most economic decision and would be better for the community.

Clarification was sought regarding the supply of items from local businesses. The Complex Manager for Bunnings advised that there was potential for local businesses to provide stock to Bunnings, however there would be a process that local businesses would be expected to adhere to.

Ms Yvonne Kickett left the meeting at 4.21pm.

Clarification was sought regarding interviews with local indigenous youth. The Complex Manager for Bunnings and the Indigenous Employment Advisor for Bunnings advised that Bunnings had already visited and interviewed several youth from the Wirripanda Foundation and Klontarf campuses, though from the interview process it was evident that the interview process itself may have to be amended, due to cultural differences.

Mr Boyd Kickett left the meeting at 4.34pm.

The Complex Manager for Bunnings and the Indigenous Employment Advisor for Bunnings advised that committee members could provide further suggestions for improving the employment of local indigenous people at the new Bunnings Northam by liaising with the BKB Centre Coordinator or by emailing the Indigenous Employment Advisor for Bunnings.

The Complex Manager for Bunnings, the Indigenous Employment Advisor for Bunnings and the Executive Manager Community Services left the meeting at 4.37pm.

B. OFFICER'S COMMENT

A summary of the application with officer's comments is included in the Grant Evaluation Report.

As part of the submitted budget for the event, the Avon Valley Vintage Vehicle Association has highlighted expenditure towards hiring of toilets, site booking fees, security, first aid, insurance and advertising for expenditure of grant funds. The budget provided is based upon verbal quotes costs associated with this year's event (February 2020). New quotes for the 2021 swap meet have not been supplied.

The event scope and budget is similar to previous years, where Council has contributed \$3,300 to the event.

It is the officer's recommendation that given this is a regular event held within the Shire of Northam and there are no plans to reduce the size and scope of the event due to COVID impacts, that the \$3,000 (excluding GST) requested be awarded to the Avon Valley Vintage Vehicle Association for the purpose of the Northam Vintage Swapmeet, on the proviso that all required event applications and COVID-19 Safety Plans are received and meet the necessary requirements.

That the Local Business Support Committee approve a grant of \$10,000 to the business 'Autopro Northam' for the upgrade of server and installation of 13 computers.

CARRIED 3/0

The AutoPro Representatives discussed their upcoming extension project (200m² extension, significant carpark upgrade, staff and public amenities upgrade) and their additional request for funding to assist with the \$400,000 investment. The AutoPro Representatives discussed their heritage (founded in the 1980s) and their operations (19 local employees, family-run business that would struggle against competition provided by Bunnings and Repco). The Chief Executive Officer advised that the additional request could not be considered by the Local Business Support Committee as the committee can only provide grant funding up to \$10,000.

There was discussion regarding the CBD Heritage grant. The Chief Executive Officer advised that AutoPro were not eligible for this grant as it was primarily for the purpose of lifting the amenity of the CBD and related more specifically to heritage buildings within the CBD area.

BRIEF

For Council to review governance policies.

ATTACHMENTS

Attachment 1: Reviewed Policies (clean copy)

A. BACKGROUND / DETAILS

An elected member workshop was held on 12 August 2020 to allow detailed discussions and input into Council's existing and proposed governance policies. The following table details the policies to be reviewed and the proposed major changes being presented to Council for consideration.

Policy Number	Policy Title	Comment / Changes	New Policy Number
G 1.1	Meeting Dates	Recommended to remove. Council resolves meeting dates in December each year, indications are this is the preferred method of setting dates.	N/A
G 1.2	Attendance by Councillors, Chief Executive Officer and Partners at Conferences	Has been split into two policies, Council Members and a separate one for the Chief Executive Officer. This was the preferred	G1.2 (Council Members)

		position of the workshop. The policy has been completed rewritten because of the December 2019 Regulation Changes. The Department of Local Government, Sport & Cultural Industries template policy has been used.	G1.3 (Chief Executive Officer)
G 1.3	Code of Conduct – Council Members & Committee Members	No major change. The Local Government Legislation Amendment Bill 2019 introduced a mandatory Code of Conduct to which all council members must comply. The Bill advises that regulations will prescribe a model Code of Conduct – this model Code of Conduct is yet to be released. Consequently it is considered prudent to wait for the model Code of Conduct prior to undertaken a significant review of Council's existing Code. In saying this, new gift provisions have been included to ensure compliance with recent legislative changes.	G1.4
G 1.4	Legal Representation for Council Members and Employees	No major changes proposed.	G1.5
G 1.5	Approval of annual & long service leave for the Chief Executive Office	Adjustments proposed to make it clear who approves CEO leave, who acts in the CEO position during periods of	G1.6

	and appointment of an Acting Chief Executive Officer	leave and remuneration of acting CEO.	
G 1.6	Senior Employees	Proposed to remove Executive Group from designated senior employee status. Two most significant implications are senior employees are 'required' to be on a fixed term contract, and the CEO is required to inform the council of each proposal to employ or dismiss a senior employee and the Council may accept or reject the CEO recommendation.	G1.7
G 1.7	Risk Management	Changes being proposed around defining Council's risk appetite and associated treatments	G1.8
G 1.8	Council Member and Staff Interactions and Requests for Information	No major change being proposed	G1.9
G 1.9	Communications and Social Media Policy	Revised the social media accounts list	G1.10
HUMAN RESOURCES		Proposed to remove this section and incorporate these policies as governance.	
HR 2.1	Corporate Uniform – Council Members	Adjusted to provide clarity around the allowance being annual	G1.11
HR 2.2	No Smoking	No major change	G1.12
HR 2.3	Alcohol Consumption	No major change	G1.13

HR 2.4	Gratuity, Gifts and Departing Employees	Removed gratuity and incorporated into gifts & gratuity section. Reduced levels of gift / gratuity.	G1.14
HR 2.5	Code of Conduct - Staff	Refer to comments relating to G1.3	G1.15
HR 2.6	Acceptable Use of the Shire's Computing & Communication Resource	Have split this into a Council Member policy and a staff policy. As per the discussion at the workshop, the recommendation is to allow private use of devices	G1.16 (Council Members) G1.17 (staff)
HR 2.7	Credit Card Use	No significant change recommended	G1.18
New	Council Member Continuing Professional Development	Requirement of LG Act	G1.19

14. **G1.17 - Acceptable Use of the Shire's Computing & Communication Resource: staff**
15. **G1.18 - Credit Card Use**

Clarification was sought regarding the requirement for section 3 – Exercise of Discretion within policy G 1.14. The Chief Executive Officer advised that section 3 was required as in some instances it may be viewed as inappropriate to provide an employee with a leaving gift.

An amendment was proposed to adopt the officer's recommendation subject to the removal of section 3 from policy G 1.14. The Chief Executive Officer advised that the amendment would result in the policy then applying to all employees, regardless of the circumstances around the end of their employment.

AMENDMENT

Moved: Cr Williams

Seconded: Cr Ryan

That section 3 of policy G 1.14 be removed in its entirety.

OBJECTIVE

To promote an acceptable standard of conduct among Council Members and members representing the community on Council committees.

SCOPE

Applies to all Council Members and members representing the community on Council committees.

POLICY

Preamble

The Code of Conduct provides Council Members of the Shire of Northam with consistent guidelines for an acceptable standard of professional conduct. The Code addresses in a concise manner the broader issues of ethical responsibility and encourages greater transparency and accountability.

The Code is complimentary to the principles adopted in the *Local Government Act 1995* and *Local Government (Rules of Conduct) Regulations 2007* which incorporates four fundamental aims to result in:

- Better decision making;
- Greater community participation in the decisions and affairs of Council;
- Greater accountability of Council to its community; and
- More efficient and effective local government

Shire of Northam Policy Manual (Section 1)
Policy
G1.3 Code of Conduct – Council Members & Committee Members

The Code provides a guide and a basis of expectations for Council Members. It encourages commitment to ethical and professional behaviour and outlines principles in which individual and collective local government responsibilities may be based.

Statutory Environment

The Code of Conduct observes statutory requirements of the Local Government Act 1995 (s5.103 – Codes of Conduct) and *Local Government (Rules of Conduct) Regulations 2007*.

Rules of Conduct

Council Members acknowledge their activities, behaviour and statutory compliance obligations may be scrutinized in accordance with prescribed rules of conduct as described in the *Local Government Act 1995* and *Local Government (Rules of Conduct) Regulations 2007*.

Role of Council Members

The role of Council Members as set out in section 2.10 of the Act is as follows: "A Councillor — (a) represents the interests of electors, ratepayers and residents of the district; (b) provides leadership and guidance to the community in the district; (c) facilitates communication between the community and the Council; (d) participates in the local government's decision-making processes at council and committee meetings; and (e) performs such other functions as are given to a Councillor by this Act or any other written law."

A Councillor is part of the team in which the community has placed its trust to make decisions on its behalf, and the community is therefore entitled to expect high standards of conduct from its elected representatives.

In fulfilling the various roles, Council Members' activities will focus on:

- Achieving a balance in the diversity of community views to develop an overall strategy for the future of the community
- Achieving sound financial management and accountability in relation to Council's finances
- Ensuring that appropriate mechanisms are in place to deal with the prompt handling of residents' concerns
- Working with other governments and organisations to achieve benefits for the community at both a local and regional level
- Having an awareness of the statutory obligations imposed on Councillors and on the Shire of Northam

1. Conflict and Disclosure of Interest

1.1 Conflict of Interest

Shire of Northam Policy Manual (Section 1)
Policy
G1.3 Code of Conduct – Council Members & Committee Members

- (a) Members will ensure that there is no actual (or perceived) conflict of interest between their personal interests and the impartial fulfilment of their professional duties.
- (b) Members will lodge written notice with the Chief Executive Officer describing an intention to undertake a dealing in land within the Shire of Northam or which may otherwise conflict with Council's functions (other than purchasing the principal place of residence).
- (c) Members who exercise a function will make disclosure before dealing with relatives or close friends and will disqualify themselves from dealing with those persons.
- (d) An individual's rights to maintain their own political convictions are not impinged upon by this clause. It is recognised that such convictions cannot be a basis for discrimination and this is supported by anti-discriminatory legislation.
- (e) A Council Member is to disclose any interest he or she has in the matter to be discussed at a Council or committee meeting that will be attended by the member. Any disclosure is to be made at the meeting immediately before the matter is discussed and is to be recorded in the minutes of the relevant meeting.

1.2 Pecuniary Interest

Members will adopt the principles of disclosure of pecuniary interests as contained within the Local Government Act 1995.

1.3 Conflicts of Interest – Gifts (including travel)

Receipt of a gift – any gift, whether or not in a person's capacity as Council Member or member of a committee – will create a relationship of a closely associated person and therefore an interest (sections 5.60 and 5.62).

The following situations are specifically excluded from the interest provisions:

- where the gift (or gifts over a 12-month period from the one donor) do not exceed \$300 in value;
- where the gift is a ticket to or otherwise relates to attendance at an event, and the local government approves the person's attendance in accordance with Council policy G1.2; or
- where the gift is received from one of the following organisations:
 - WALGA (but not LGIS)
 - Local Government Professionals Australia (WA)
 - Australian Local Government Association

Shire of Northam Policy Manual (Section 1)
Policy
G1.3 Code of Conduct – Council Members & Committee Members

- o A department of the public service
- o A government department of another state, territory or the Commonwealth
- o A local government or regional local government.

(The gifts referred to in the second and third points above must still be disclosed in accordance with sections 5.87A and 5.87B, as described above).

This interest creates a perceived or actual conflict which prevents the Council Member from participating in the meeting on the matter to be discussed (see sections 5.67 and 5.71A), unless approval has otherwise been given.

If the amount of the gift(s) is less than \$1,000, under section 5.68 Council will consider allowing the disclosing Council Member to participate if:

- The Council Member discloses the extent of the interest they have; and
- Council decides that the interest is so trivial or insignificant as to be unlikely to influence the disclosing person's conduct in relation to the matter; or
- The interest is common to a significant number of other electors or ratepayers

The interest, Council's decision, and the reasons for that decision will be recorded in the minutes.

If an interest valued at over \$1,000 is disclosed, under section 5.69 Council or the Chief Executive Officer may apply to the Minister to allow the disclosing member to participate in meetings or parts of meetings relating to that matter.

Similar provisions are contained in sections 5.71A and 5.71B in relation to the Chief Executive Officer providing advice or a report, directly or indirectly, to Council or a committee.

1.4 Disclosure of Interest

- (a) Members will disclose, in a written return or at the relevant meeting, the interests which might be in conflict with their public or professional duties.
- (b) Whenever disclosure is required, recommended in this Code, or otherwise seems appropriate, it will be made promptly, fully, and in writing within the register provided.

2. Personal Benefit

2.1 Use of Confidential Information

Members will not use confidential information to gain improper advantage for themselves or for any other person or body, in ways which are inconsistent with their obligation to act impartially, or to improperly cause harm or detriment to any person or organisation.

2.2 Improper or Undue Influence

Members will not take advantage of their position to improperly influence other Council Members or staff in the performance of their duties or functions, in order to gain undue or improper (direct or indirect) advantage or gain for themselves or for any other person or body.

2.3 Gifts

In accordance with sections 5.87A and 5.87B of the Act, Council Members will disclose gifts that are received in their capacity as a Council Member and:

- are valued over \$300; or
- are of a cumulative value that exceeds \$300 where the gifts are received from the same donor in a 12-month period

Additionally, a gift given by two or more related bodies corporate (as defined in the Corporations Act 2001 (Cth)) is considered to have been given by a single corporation (donor).

3. Conduct of Members

3.1 Personal Behaviour

3.6 Corporate Obligations

- (a) Communication and Public Relations

As a representative of the community, Council Members need to be not only responsive to community views, but to adequately communicate the attitudes and decisions of Council. In doing so, Council Members should acknowledge that:

- As a member of Council there is respect for the decision making processes of Council which are based on a decision of the majority of Council
- Information of a confidential nature ought not be communicated until it is no longer treated as confidential

- Information concerning adopted policies, procedures and decisions of Council is conveyed accurately.

3.7 Relationships between Members and Staff

An effective Council Member will work as part of the Council team with the Chief Executive Officer and other members of staff. That teamwork will only occur if Council Members and staff have a mutual respect and cooperate with each other to achieve Council's corporate goals and implement Council's strategies.

To achieve that position Council Members need to:

- Accept that their role is a leadership one, not a management or administrative one
- Acknowledge that they have no capacity to individually direct members of staff to carry out particular functions
- Refrain from publicly criticising staff in any way that casts aspersions on their professional competence and credibility

3.8 Appointments to Committees

As part of their representative role Council Members are often asked to represent Council in external organisations.

It is important that Council Members:

- Clearly understand the basis of their appointment; and
- Provide regular reports on the activities of the organisation

Complete loss of plant, equipment & building	Uncontained, irreversible impact

As defined by the Australian Standard, consequence is the outcome of an event affecting corporate objectives. The above identifies outcomes in seven main categories: health and safety; financial impact; service interruption; compliance; reputation; property; and environment. A level of 1 - 5 is applied based on the severity of the outcome, ranging from insignificant to catastrophic. Combined with measures of likelihood, measures of consequence form the evaluation of risks in the risk matrix (see below).

Measures of Likelihood

Description	Examples	Frequency
Almost Certain (5)	The event is expected to occur	More than once per year
Likely (4)	The event will probably occur	At least once per year
Possible (3)	The event could occur	At least once in five years
Unlikely (2)	The event could occur but probably won't	At least once in ten years
Rare (1)	The event is not expected to occur	Less than once in 20 years

Measures of likelihood form part of the risk matrix to determine the 'risk rank' and the 'level of risk'.

A level of 1 – 5 is applied based on the likelihood of an event occurring, ranging from rare to almost certain. The likelihood can be determined objectively or subjectively, qualitatively or quantitatively, and described using general terms or mathematically such as probability or a frequency over a given time period.

Risk Appetite

Risk appetite is the amount of risk exposure, or potential adverse impact from an event, that the Shire of Northam is willing to accept in pursuit of its objectives. Once the risk appetite threshold has been breached, risk management controls and actions are required to bring the exposure level back within the accepted range.

The Shire of Northam has a level of risk appetite that it tolerates, consisting of low, medium, high and extreme risks, as detailed in the below table:

Risk rating	Minimum treatment required	Description
Extreme	Reject and avoid or mitigate	Immediate action required in consultation with Chief Executive Officer of Executive Manager to either avoid the risk entirely or to reduce the risk to a low, medium or high rating. Council decision, or at a minimum advice, required

Shire of Northam Policy Manual (Section 1)
Policy
G1.7 Risk Management

High risk	Accept and mitigate	These risks need to be mitigated with actions as required and managers need to be assigned these risks
Medium risk	Accept	Manage by specific monitoring or response procedures
Low risk	Accept	Manage by routine procedures

Risk Matrix

Consequence / Likelihood	Insignificant (1)	Minor (2)	Medium (3)	Major (4)	Extreme (5)
Almost Certain (5)	Moderate (5)	High (10)	High (15)	Extreme (20)	Extreme (25)
Likely (4)	Low (4)	Moderate (8)	High (12)	High (16)	Extreme (20)
Possible (3)	Low (3)	Moderate (6)	Moderate (9)	High (12)	High (15)
Unlikely (2)	Low (2)	Low (4)	Moderate (6)	Moderate (8)	High (10)
Rare (1)	Low (1)	Low (2)	Low (3)	Low (4)	Moderate (5)

The risk matrix will determine a risk ranking and level of risk based on the measurement of the likelihood and consequence of a particular event. Any event with a risk ranking of 'high' or 'extreme' will be recorded in the Shire's Risk Register and reported to the Audit and Risk Management Committee on a periodic basis. These events require regular monitoring and risk treatment actions which may involve the following:

- Avoiding the risk by deciding not to start or continue with the activity that gives rise to the risk;
- Accepting risk in order to pursue an opportunity;
- Removing the risk source;
- Changing the likelihood;
- Changing the consequences;
- Sharing the risk with another party or parties (including contracts and risk financing); and
- Retaining the risk by informed decision

Risk treatments that deal with negative consequences are sometimes referred to as risk mitigation, risk elimination, risk prevention and risk reduction. Risk treatments will be particularly important where existing controls are deemed to be inadequate.

Council Members must have the approval of the Chief Executive Officer, or relevant Executive Manager, to meet with staff in relation to Council business.

In the event a Council Member/Committee Member forms a view that they require access to additional documents, information or staff not already specifically provided, the following guidelines are to be adhered to;

- Council Members wishing to obtain information on a Council matter or wishing to arrange a meeting with Shire Officer/s, relating to the business of the Shire, must seek the approval of the Chief Executive Officer.
- Where research may be required to satisfy the Council Member's enquiry, it is preferable that the Council Member give appropriate advance notice of their requirements. Council Members with such a request should put their request in writing and forward it to the Chief Executive Officer or the appropriate Executive Manager.
- The Chief Executive Officer or Executive Manager is to ascertain from the Council Members seeking access to such information the precise nature of the request, the information being sought, and the reason why the information is requested. If the request establishes motivation outside the general guidelines of assisting the Council Members in the proper discharge of their responsibilities, the Chief Executive Officer may refuse such a request, in accordance with division 7 of the *Local Government Act 1995* and part 7 of the *Local Government (Administration) Regulations 1996*.
- If the request for information complies with the intent of this policy and the prevailing legislation, however it places an unreasonable demand on staff time and resources so as to render the research reasonably disruptive to the administration, the Chief Executive Officer may refuse to comply with the request.

Mr Jason Whiteaker
CEO, Shire of Northam
PO Box 613
NORTHAM WA 6401

RE: RE-ALIGNMENT OF PROPERTY BOUNDRIES.

Dear Mr Whiteaker,

As a proprietor of Purslowe Tinetti Funerals, 264 Fitzgerald Street Northam, I wish to express an interest in purchasing a portion of Lot 200 Minson Avenue, Northam from the Shire of Northam.

This lot shares a common boundary with our Lot 27 on Plan 697 (Volume 1960, Folio 632) also Lot 28 on Plan 697 (Volume 2230 Folio 22), both known as 264 Fitzgerald Street and Lot 201, deposited Plan 55424 (Volume 2230 Folio 22) known as 270 Fitzgerald Street, Northam.

The sale subject to valuation and Shire approval would add 2.45metres from Lot 200 to our existing lot thus removing the current dog leg and re-aligning the boundary.

This would allow us extra room for any future expansion and hopefully compliment proposed development of the Beavis Place precinct by the Shire. I believe that by re-aligning the boundary this will also enhance the work in progress of beautifying Minson Avenue. We have recently installed new fencing as a starting point of this project.

Please advise the best way forward in progressing this expression of interest.

If there is anything further that you would like to discuss, please do not hesitate to contact our office in Northam on (08) 9622 1411.

Yours Sincerely,

Dianne Tinetti

A. BACKGROUND / DETAILS

Reserve 42594 has an area of 1,962m² and is accessible from Lot 155 (9R) Throssell Street. A locality plan is attached to this Report (Attachment 2).

The reserve was created as part of the original subdivision in 1980 and ceded to the Crown for the purposes of recreation together with the pedestrian access-way (Lot 155). The pedestrian access-way is also Crown land, which

has no management order and is not identified in the Shire's Laneway Strategy.

Council has previously endorsed a similar application in 2009/10 however the cancellation and sale of the Reserve did not proceed.

The Applicant in their EOI have advised that the purpose of their request is to amalgamate the land into 2B Strickland Avenue to facilitate the construction of a nursing home. Draft plans of the development have been provided and are attached to this report (Attachment 1).

The pedestrian access way was created for the sole purpose of accessing the reserve and has been included in the recommendation for sale as it will become redundant and will enable the Applicant to manage drainage from the proposed development.

B.2 Financial / Resource Implications

It is recommended that any costs associated with the proposal, such as advertising, should be borne by the applicant.

B.3 Legislative Compliance

Planning and Development Act 2005

The reserve was created under section 20A of the *Town Planning and Development Act 1928* (section 152 of the PDA). The Shire may apply to the Minister to purchase a section 20A reserve Shire at either \$500 or 5% of the land's current unimproved market valuation (as determined by the Valuer General's Office), whichever is greater. Statutory fees will be payable by the Shire.

Land Administration Act 1997

The Shire must request the Minister cancel the reserve under the provisions of section 51 of the LAA and purchase it under section 86 of the LAA.

Prior to the transfer of a section 20A reserve to the Shire needs to agree to establish a trust fund for this purpose. A trust fund for the proceeds from sale of all surplus s20A lands can be established subject to:

- a) Community consultation, including where funds are likely to be expended.
- b) Community being given an opportunity to comment on where funds are likely to be expended; and
- c) Establishment of a separate trust fund for a particular purpose, where community attitude is that disposal should be allocated to a specific project.

WAPC Position Statement: Expenditure of Cash-in-Lieu of Public Open Space (May 2020)

Section 5.8 of the Position Statement (PS) relates to expenditure of funds from the sale of reserves that have been dedicated under section 152 of the *Planning and Development Act 2005*. The PS outlines the circumstances that a reserve may be sold and the use of the proceeds from the sale of the reserve, including acquisition of other land for POS or for capital improvements to existing areas of open space.

B.4 Policy Implications

The proposed sale of the Reserve 42594 is consistent with the recommended action in the Shire's Land Rationalisation Strategy adopted in 2016 (excerpt of Strategy provided in Attachment 3).

B.5 Stakeholder Engagement / Consultation

The applicant has commenced the acquisition process with the Department of Planning, Lands and Heritage by lodging a Crown Lands Enquiry.

DPLH have advised that for any requests related to the disposal of section 20A Reserves, the request must be initiated from the Shire including written evidence that the future uses are optimised in the interests of the State and local community, and are in line with planning objectives and land use priorities. In addition, the Shire will need to undertake due diligence including advertising of the proposed disposal of Reserve 42594.

As part of the request to the Minister, the Shire will need to provide evidence it has undertaken extensive public consultation with the local community, involving:

- arranging signposting of the reserve.
- publishing the proposal in a local newspaper.
- notifying nearby landowners, informing them of the proposed change to the reserve.

B.6 Risk Implications

Refer to Risk Matrix [here](#).

C. OFFICER'S COMMENT

It is recommended that Lot 155 should be included in the proposal as it will become redundant as a pedestrian access-way and is likely to be required as part of the development to ensure that stormwater can be managed appropriately.

The WAPC's Position Statement provides guidance on the circumstances on the sale of reserves dedicated for public recreation purposes where it is considered, such as if the reserve is not in a suitable location, or not of an appropriate size, and does not meet the needs of the community.

Reserve 42594 adjoins privately owned land and can only be accessed by pedestrians from the access-way off Throssell Street. The reserve could appear to be part of the larger parcel owned by the applicant's client, and as a result is not used for recreation. No improvements have been made to the reserve by the Shire.

The Shire's Land Rationalisation Strategy (adopted in 2016) recommends the Reserve (No. 22) is free-held and sold (preferably to an adjoining landowner for residential development).

The *Land Administration Act 1997* governs the disposal of land set aside as a reserve for public recreation and requires that a request from local government must be supported by the following:

- Reasons for requesting the disposal of the reserve; and
- Details of public consultation and results of the consultation.

Funds from the sale of the reserve can be used to purchase more appropriate replacement land in the locality to consolidate or rationalise recreation areas.

Alternatively, if replacement or consolidation is not the best solution to the local community's needs, the proceeds from the sale of the reserve may be used (with the prior approval of the Minister for Lands) to fund capital improvements to other recreation reserves in the general locality. However, the proceeds from the sale of reserves cannot be a source of general revenue.

It is the Officer's recommendation that the proceeds from the sale of the reserve be used to fund capital improvements at the Northam Recreation Centre, which is less than one (1) kilometre from the site. A specific trust fund will need to be established to demonstrate that the funds have been used for this purpose.

If the disposal for this purpose is approved by the Minister, the land will be transferred freehold to the Shire for sale to the applicant for amalgamation into the adjoining property (No. 2B).

That Council resolves to:

1. Request the Minister for Lands to cancel Reserve 42594 and convert to freehold for acquisition by the Shire of Northam at either \$500 or 5% of the land's current unimproved market valuation (as determined by the Valuer General's Office), whichever is the greater.
2. Request the Minister for Lands to cancel the pedestrian access way known as Lot 155 Throssell Street for sale in conjunction with Reserve No. 42595.
3. Advertise the proposed cancellation of the reserve and pedestrian access way in accordance with the provisions of the *Land Administration Act 1997*.
4. Consider the matter again following the conclusion of the public advertising.

Expression of Interest to Northam Shire Council From Stadium Assets PTY LTD

30 August 2020

Proposed Nursing Home
Lot N84 and Reserve 42594, Lot 424 Strickland Avenue
Northam WA

On behalf of Stadium Assets Pty Ltd

Stadium Assets Pty Ltd expresses an interest in the purchase of the land legally known as Reserve 42594, Lot 424 Strickland Avenue Northam to enable the development of a new and much needed nursing home on the above land.

The site of the proposed nursing home currently comprises a parcel of land in the middle of a subdivision bounded by East Street, Throssell Street, Gibbings Street and Strickland Avenue known as Lot N84 Strickland Street and includes the adjoining Reserve 42594, Lot 424 Strickland Avenue and 10 metres of the access way to the reserve leading from Throssell Street.

Stadium Assets (SA) and its associates are currently planning to develop N84 and seek support from the Shire of Northam to purchase the Reserve 42594, Lot 424 and the short section of access way to enable the nursing home to be developed successfully to its full potential.

To date SA have carried out substantial needs analysis within the Shire which show a shortfall in the number of beds available for aged care clients of all abilities and those suffering the ravages of dementia. SA concludes that the development of a new nursing home will provide the local community with a much-needed facility.

SA has had concept designs prepared which show that a facility of up to 60 en suite rooms and support facilities can be accommodated on the total land area of the combined lots in addition to three residential lots.

Access to the facility and the residential lots is proposed from Strickland Avenue, a traffic study is planned to show that this access will not unduly disadvantage the residents of the location.

To date studies have shown that the development of Lot N84 as a residential subdivision is not a viable option.

SA are currently in the early stages of negotiations with a number of aged care operators prior to requesting their expressions of interest on the proposal and see their early involvement as crucial to ensuring a successful resolution to the design and development of the facility.

Key to the whole development is SA's ability to secure the purchase of the reserve so that a planning approval can be lodged for a facility which fully utilises the available land and benefits the community.

SA trust that the Shire will look favourably upon this expression of interest and support the proposal.

4.197.2 Comment

Northam Reserve No.22 (Lot 424 Throssell/Strickland Avenue) is currently unutilised vacant residential R15 land. This land is located approximately 2 kilometres the Northam town centre. The properties only access at the current time is via a 3m PAWV from Throssell Street. There are some lots that are still to be developed in the adjoining subdivision thus access may be possible from East Street. The first preference would be to sell to an adjoining land-owner so that the PAWV access is not an issue. Alternatively staff would apply to convert the PAWV to a public road and sell the property to the market in accordance with the Local Government Act.

4.197.3 Recommendation

It is recommended the lot is freeholded and sold since there is residential development potential for the site.

BRIEF

A development application has been received to construct a Community Centre to accommodate the traditional meeting and meditation requirements of the Western Australian Burmese community at Lot 201 Eucalypt Bend, Wundowie.

Three (3) submissions were received in response to the advertising of the proposal.

- Attachment 5: Assessment Report

A. BACKGROUND / DETAILS

Background

Lot 201 has an area of 11,940m² and is located at the intersection of Eucalypt Bend and Werribee Road. The Lot is zoned Rural Residential (RR5) in the Shire of Northam Local Planning Scheme No 5 (LPS 6).

The Lot is currently vacant and was created as part of a seven (7) lot subdivision in 2014 (ref: S145191) with each lot having a designated 2,000m² building envelope.

Details

The Land Use Report submitted by the applicant with the application prepared by Ferraro Planning and Development consultancy describes the proposed use as follows:

"The primary purpose for the building is to accommodate the traditional meeting and meditation requirements of the Western Australian Burmese community. Attending meditation is an important and regularly cultural practice in Burma, which provides significant health and well-being benefits to its communities. Between five and six times every year, the Western Australian Burmese community propose to invite an internationally renowned mediation expert, generally from Burma, to run meditation sessions on Lot 201. These sessions run for approximately seven to ten days, with participants attending sessions that run for approximately one hour at the time. A number of sessions may be run on each day during that week, with approximately 20 – 30 participants at each session.

All mediation sessions are open to the public.

The meditation expert and his assistances will also live on-site during the week. This will enable the expert to run sessions efficiently and provide for comfortable accommodation during the stay.

It is important to note that the building will not be used for religious ceremonies. There will be no figures, paintings or statutes of deities and the like and the building will not be consecrated for any religion.

Outside of the time used for meditation sessions, the building, including the main hall and the kitchen, will be available for hire for community use. The on-site caretaker will be able to take bookings and arrange for the hire of the hall on a day to day basis."

Mr Ferraro describes the building design as:

"a simple rectangular masonry structure 15m wide and 35m long with single pitch metal roof. The building will be located entirely within the designated building envelope. The main body of the building includes a large hall 18m x 15m and five smaller meeting rooms on either ends. These smaller rooms can be used for meeting rooms, storage and will also be used as bedrooms for the meditation expert during his stay.

A small caretakers dwelling (15m x 10m) has been included on the western wing of the proposed building.

While the roof structure is a simple gable, a monitor roof raised 100mm above the main roof line creates a visual interest and softens the large roof line. In addition, a small three roof tower is proposed on the south western corner of the building. This tower reflects the cultural aspirations of the Burmese community and adds interest to the simple building."

The full report is appended at Attachment 3.

Further to the initial information submitted in support of the application, the following supplementary information was received in response to an additional information request to assist Officers to assess the potential intensity of the use and any resulting amenity impacts:

“The client anticipates that for the foreseeable future, mediation sessions will be held once every quarter for a maximum of 10 days (total 40 days per year). In future, should the organisation wish to increase frequency of events, they understand that the further approval of the Shire will be required.

In terms of the hall for public use, this is difficult to quantify. For example it is foreseeable that local groups such a bridge club, CWA or other such group may want to use the hall for regular use. And it is also foreseeable that the hall may be used for festive events such as birthdays or wedding celebrations. The client agrees that a management plan needs to be put into place to manage the uses and having a full time caretaker on the site will assist in the day-to-day management of the building.

As for numbers, the expectations are that the hall should not exceed 100 guests at any one time.”

C. OFFICER'S COMMENT

The main points for consideration when determining this application can be generally categorised as:

1. Land use definition
2. Amenity impacts
3. Environmental impacts
4. Traffic impacts

1. Land use definition

There are a number of land use definitions in LPS6 that could apply to this development proposal:

- Club premises – “means premises used by a legally constituted club or association or other body of persons united by a common interest”;
- Community purpose – “means the use of premises designed or adapted primarily for the provision of educational, social or recreational facilities or services by organisations involved in activities for community benefit”;
- Place of worship – “means premises used for religious activities such as a church, chapel, mosque, synagogue or temple”.

In the Rural Residential zone, ‘club premises’ is a prohibited use; ‘community purposes’ is an advertised discretionary use and ‘place of worship’ is a prohibited use.

The applicant’s planning consultant, as described in the Background section of this report, contends that the proposed land use is most appropriately defined as “community purpose” for the following reasons:

- the building will not be consecrated for religious purposes and that the meditation to be undertaken on site is a non-religious activity; and
- the building will be used for meditation open to the public and at other times by the community for social purposes.

The classification of the land use as ‘community purposes’ is supported by the assessing officer and the application has therefore been assessed on this basis.

Conditions are recommended to restrict and manage the use of the building for meditation and community activities.

2. Amenity impacts

Submitters have raised concerns regarding the potential amenity impacts from the proposed activities as a result of the number of persons attending the meditation sessions and the hire of the centre to the general community.

Potential amenity impacts have been considered in the assessment of this application. Meditation activities are generally quiet in nature and will be held within the building. General community hire and special events can be managed through conditions relating to the number of persons and hours permitted. Discussions with the applicant have resulted in the agreement that a management plan will be established to manage the uses and for the on-site full-time caretaker to assist in day-to-day management of the building.

3. Environmental impacts

As indicated in this report and statutory assessment, potential environmental impacts relate to the proposed septic system and stormwater management.

The Shire's EHO has indicated that the land is capable of on-site effluent disposal, however further investigation is required to determine the appropriate location and type of system. Amended plans have been submitted indicating that a more suitable location for the system is available.

In regards to stormwater, the Shire's Engineering section have assessed the proposal and have raised concerns regarding the potential impacts. The amended plans now indicate the potential location of rainwater tanks to become part of the stormwater management system. It is considered further assessment is required and therefore a condition has been recommended requiring the preparation, submission and approval of a stormwater management plan.

4. Traffic impacts

Submitters have also raised concerns regarding the amount of traffic generated as a result of the development and the potential impacts on the road infrastructure. The Shire's Engineering section have assessed the proposal and advised that the local traffic network is adequate to cater for the anticipated traffic generated as a result of the development.

The application is being recommended for conditional approval, however if Council do not consider that the application is consistent with the objectives of the Rural Residential zone, then the application could be refused for this reason.

RECOMMENDATION

That Council resolves to APPROVE the application for development approval (ref: P20043) and accompanying plans to construct a meditation and community centre at Lot 201 Eucalypt Bend, Wundowie, in accordance with clause 68 of Schedule 2 (Deemed Provisions) of the *Planning and Development (Local Planning Schemes) Regulations 2015*, and the provisions of the Shire of Northam Local Planning Scheme No. 6, subject to the following conditions:

Dear Sir

APPLICATION FOR PLANNING APPROVAL – LOT 201 EUCALYPT BEND, WUNDOWIE - PROPOSED COMMUNITY CENTRE

I have been engaged by *Vizawadya Theinn Australia Perth* to assist with the progress of the abovementioned planning application currently before the Shire and is in response to the email received from your Planning Manager on 8 June 2020. In considering the application, the landowner has respectfully requested the Shire consider the following.

Vizawadya Theinn Australia Perth is an Australian Burmese not for profit Association, established to provide meditation and other services for the Burmese community.

Lot 201 is a 11,940m² lot located at the intersection of Eucalypt Bend and Werribee Road. The Lot is zoned Rural Living 5 in the Shire of Northam Local Planning Scheme No 5 (LPS 6).

Building Use

The primary purpose for the building on Lot 201 is to accommodate the traditional meeting and meditation requirements of the Western Australian Burmese community. Attending meditation is an important and regularly cultural practice in Burma, which provides significant health and well-being benefits to its communities. Between five and six times every year, the Western Australian Burmese community propose to invite an internationally renowned meditation expert, generally from Burma, to run meditation sessions on Lot 201. These sessions run for approximately seven to ten days, with participants attending sessions that run for approximately one hour at the time. A number of sessions may be run on each day during that week, with approximately 20 – 30 participants at each session.

All meditation sessions are open to the public.

- 2 -

The meditation expert and his assistances will also live on-site during the week. This will enable the expert to run sessions efficiently and provide for comfortable accommodation during the stay.

It is important to note that the building will not be used for religious ceremonies. There will be no figures, paintings or statues of deities and the like and the building will not be consecrated for any religion.

Outside of the time used for meditation sessions, the building, including the main hall and the kitchen, will be available for hire for community use. The on-site caretaker will be able to take bookings and arrange for the hire of the hall on a day to day basis.

In light of the activities that are anticipated for the proposed building, the use building should be determined as being "community purposes" under the (LPS 6).

"community purpose" means the use of premises designed or adapted primarily for the provision of educational, social or recreational facilities or services by organizations involved in activities for community benefit;

As a not for profit entity, *Vizawadya Theinn Australia Perth* meets the definition of an organisation involved in activities for community benefit. In addition, the building will be available for hire for the majority of the time by wider community for recreational and social uses.

Community Purpose is listed as an 'A' use in the Rural Living zone in Table 1 Zoning Table of LPS 6, which means that:

"that the use is not permitted unless the local government has exercised its discretion by granting development approval after giving special notice in accordance with clause 64 of the deemed provisions;"

Clause 64 of the deemed provisions require applications for this use in the Rural Living Zone to be advertised for public inspection and comment.

Building Design

The building has been designed as a simple rectangular masonry structure 15m wide and 35m long with single pitch metal roof. The building will be located entirely within the designated building envelop.

The main body of the building includes a large hall 18m x 15m and five smaller meeting rooms on either ends. These smaller rooms can be used for meeting rooms, storage and will also be used as bedrooms for the meditation expert during his stay.

A small caretakers dwelling (15m x 10m) has been included on the western wing of the proposed building.

While the roof structure is a simple gable, a monitor roof raised 100mm above the main roof line creates a visual interest and softens the large roof line. In addition, a small three roof tower is proposed on the south western corner of the building. This tower reflects the cultural aspirations of the Burmese community and adds interest to the simple building.

- 3 -

The building is proposed to be cut into the landscape, as this would avoid the need for extensive earthworks on the site. With a five metre fall from the front to the rear of the building envelop, extensive earthworks beyond the building envelopment would have been required to provide a level surface and a workable surrounds. The resulting layout of the building on one level that seeks to minimise the cut and fill requirements. An undercroft parking area has been provided as an effective alternative to a traditional the cut and fill approach.

Number of People

It is anticipated that a maximum of 100 people will be on-site at any one time. While only 20 – 30 people are likely to attending meditation at any one time, it could be possible that a larger number may attend the site, particularly as it is available for public hire.

Car parking

A total of forty four (44) car parking including 6 minibus parking bays are proposed for the site.

As the building has been designed primarily for the provision of social/recreational services, at a rate of one car parking per four persons, the 44 bays could accommodate up to 166 people on the site. Given that a maximum occupancy of 100 people is being sought by this application, the amount of car parking would exceed the Shire's minimum requirements.

Three universal access bays have been provided in a location that will provide the most convenient access to the building.

Accommodation

The design includes provision for a live-in caretaker, who will be the only permanent resident on the site. The design of caretaker's accommodation is of sufficient size to accommodate a modest family, should the Association wish to permit the family of the caretaker to also reside on the site.

During the week in which the international mediation expert is in attendance, he/she will reside on-site, together with any assistants that have accompanied the expert. Meals for the expert and the assistance will be provided by the community and/or the caretaker. No other persons will reside on the site. Upon the expert completing the mediation sessions, the building will become available for community hire.

The rooms to be used as temporary bedrooms for the expert and his/her assistants will be available as break out rooms or smaller meeting rooms as part of the main hall hire.

Building Colours and Materials

The building is proposed as a masonry building rendered in an off-white colour.

The roof will be a metal roof finished in Colorbond Manor Red.

- 4 -

Bushfire

A bushfire attack level report has been prepared for the site, which confirms a BAL rating of 12.5.

Conclusion

This application seeks the Shire's approval for a community purpose building for the use of the *Vizawadya Theinn Australia Perth Association* for the purposes as a public meditation. The association will use the building some five to six weeks per year. Outside of these times, the building will be available for hire as a public hall.

The meditation undertaken on the site is a non-religious activity and there are no deities or other features associated with any religion placed in or around the building and it will not be consecrated for any religion. The building will remain as a hall, available for public use for the vast majority of the time.

The proposed building will be simple brick wall and metal roof building, with a monitor styled roof. A small feature element is proposed to satisfy the cultural aspirations of the association.

The hall can accommodate up to 100 people, which will be sufficient to meet the needs of the association. The building can be described as a small modest hall, which will have the capacity to provide a useful facility for local residents for the majority of the time.

Some 44 car parking bays are proposed, which will comfortably accommodate 100 people. The small number of vehicles and the low frequency of events within the hall will ensure that there is no additional traffic safety issues associated with the development.

The Association looks forward to the matter proceeding to the public comment period, prior to its favourable determination by the Council.

Please do not hesitate to contact me if you have any further queries regarding this matter.

Yours sincerely

To Whom It May Concern

Dear Madam/Sir

We are writing in support to our application for Development Approval for a Meditation and Community Center for Vizawadaya Theinn Australia.

Firstly, We would like to share some information and background of Vizawadaya Theinn. It is a non-profit religious group led by Burmese Buddhist Monk, our Venerable Sayadaw Ashin Siri Dhamma who provides Buddha teaching methods of meditation for all people from different backgrounds or religions. The meditation technique is a systematic and precise approach on how to achieve inner peace by learning step by step throughout the process. It is originally located in Pyay City, Yangon Division in Myanmar. Sayadaw held several meditation retreats around Myanmar and different parts of the world such as Singapore, Thailand, United Kingdom, the United States. All of the Vizawadaya Theinn centres are non-profit organisation and they are solely running by donations.

Venerable Sayadaw Ashin Siri Dhamma teaching method is extremely popular among meditation yogis around the world. His meditation centers in Myanmar, are currently running all years around and need to book 6 months ahead. All the meditation centres are monitoring systematically. They do not over crowded the facility. All the followers from around the world give their time to do pilgrimage to his meditation center minimum of once per year and also The Vizawadaya Theinn group visit to different countries and offer the best approach of meditation for all the attended yogis yearly as well. As we (followers form Western Australia) do our pilgrimage minimum of twice per years.

We (followers form Western Australia) approached Venerable Sayadaw Ashin Siri Dhamma and requested him to visit western Australia as the third time and he came to Perth on February 2020 and taught meditation to more than a hundred yogis who has attended to meditation retreat.

From there on, We (followers form Western Australia) has decided to have a meditation center for Vizawadaya Theinn Australia. While the Venerable Sayadaw Ashin Siri Dhamma was in Australia, we had shown him more than a couple of lands to develop Meditation Center for Western Australian, the followers from Eastern States and around the world. He has chosen the Lot 201 (HN2) Eucalypts Bend, Wundowie, due to the nature location, quiet and peaceful community, the nature of land position and most of all it is so close to nature (as this a part of Buddha teaching). The land owner (Mr Aye Zaw Win) so happy and delighted. He decided to donate his land to Vizawadaya Theinn Australia. The Venerable Sayadaw Ashin Siri Dhamma was so excited to build a meditation center in Western Australia and willing to teach meditation to Western Australian and other people who come to this center.

Lot 201, Eucalypt Bend, Wundowie, WA, 6560 vizawdayatheinnperth@gmail.com

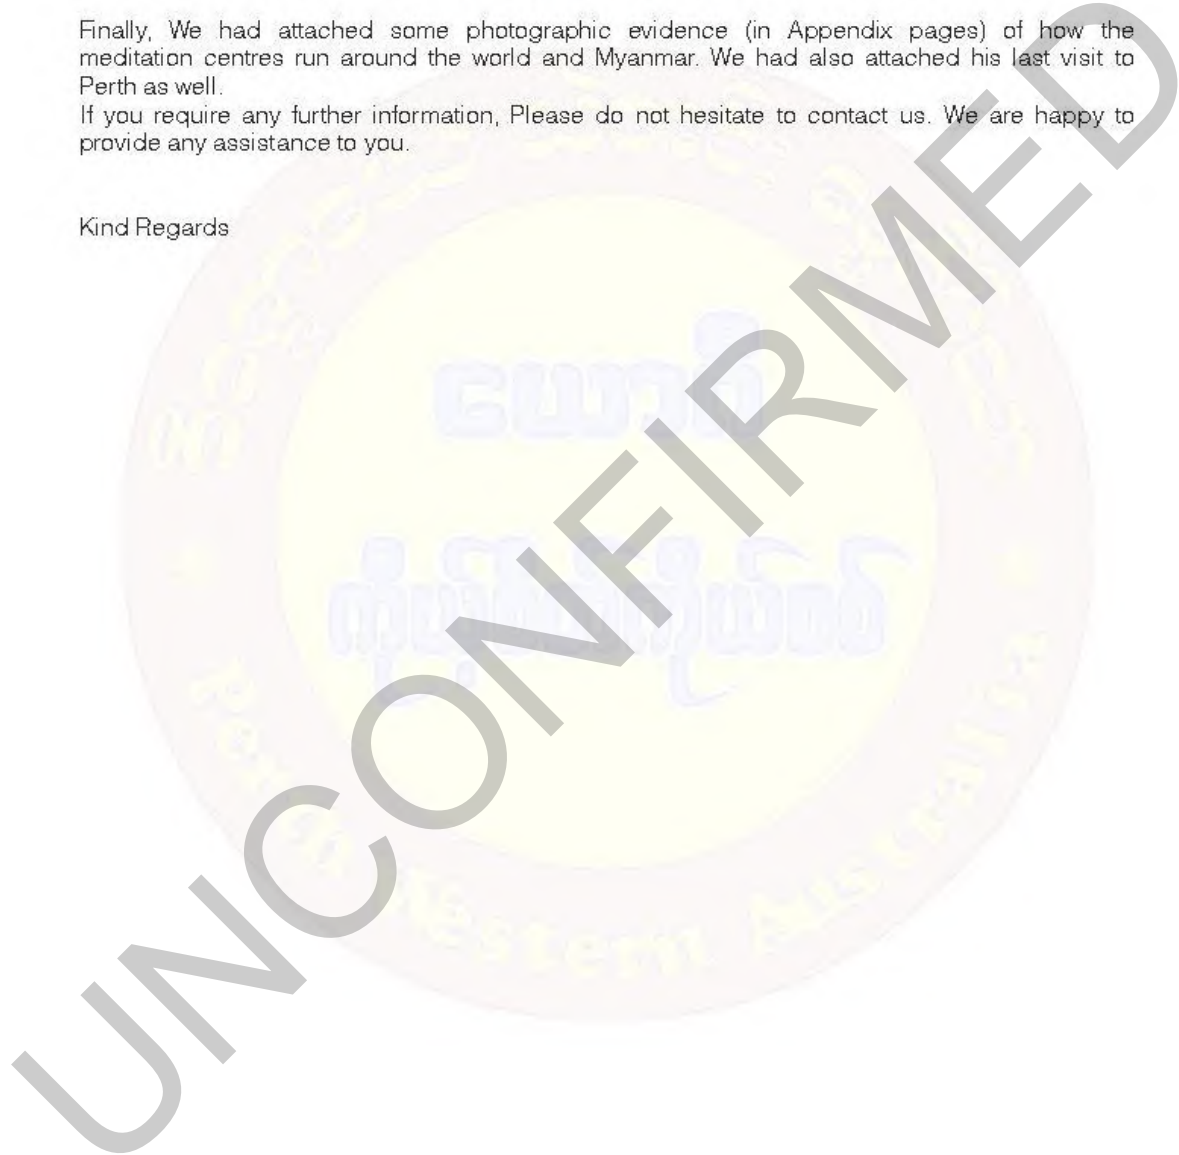

Each meditation clinic runs around 10 days. We'd get visitors from Eastern States, Singapore, United States and United Kingdom and it will be help for our tourism in the area.

Finally, We had attached some photographic evidence (in Appendix pages) of how the meditation centres run around the world and Myanmar. We had also attached his last visit to Perth as well.

If you require any further information, Please do not hesitate to contact us. We are happy to provide any assistance to you.

Kind Regards

Attachment 5 – Assessment Report

Statutory Assessment P20043

An assessment of the applicable provisions of LPS6, including the Deemed Provisions and LPPs have been carried out as follows:

Clause	Provision	Proposal	Assessment
Shire of Northam Local Planning Scheme No. 6			
3.3	Zoning Table – RR: Community purpose – A. Definition: “community purpose” means the use of premises designed or adapted primarily for the provision of educational, social or recreational facilities or services by organizations involved in activities for community benefit. (Note: Place of worship – X.)	The Applicant's planning consultant submits that the building should be determined as being “community purposes” under LPS6. As a not for profit entity, Vizawadya Theinn Australia Perth meets the definition of an organisation involved in activities for community benefit. In addition, the building will be available for hire for the majority of the time by wider community for recreational and social uses.	Agree with the land use definition. Discussions have been held throughout the application process with the Applicant to ensure that they understand that the building cannot be used for religious purposes, which would be defined as a 'place of worship' (prohibited use in the zone). Condition recommended.
4.5	Site and development requirements: setbacks – 15m front, 10m side and rear; landscaping to be determined in each individual case.	Building located within building envelope, which is setback 15m from Eucalypt Bend; and 10m from east boundary.	Complies with setback requirements with the exception of the septic tanks and leach drains, which is discussed later in the Report together with compliance with building envelope and landscaping provisions.

4.13	Car parking – as per Table 3. 1 per 4 persons accommodated required for similar uses.	44 car parking including 6 minibus parking bays and 3 universal access bays are proposed for the site.	Complies with the numerical requirements. The design requires further assessment, particularly in relation to access and location of the disabled/universally accessible bays. Condition recommended to require submission of further details in relation to car parking design.
4.14	Traffic entrances – may refuse more than one; or require separate entrances and exits.	Utilise crossover installed at time of subdivision.	Site inspection indicates crossover may be inappropriate due to steepness of grade, particularly for mini-buses. Amended plans indicate the location of an alternative access point, which may be suitable. Condition recommended to require submission of further details in relation to vehicular access.
4.18	Development of lots with more than one street frontage – front setback applies to all street frontages; side setback applies to other boundaries. Table 2: front 15m and side 10m.	Building: 16m Eucalypt Bend frontage; >15m Werribee Rd; 20m east; ~42m south. Septics: 4m Eucalypt Bend; ~6m Werribee Rd.	Building setbacks comply with the exception of the septic system and leach drains, which is discussed later in the Report together with compliance with building envelope.
4.19	Land in front setback can be used for gardens; landscaping; driveways; and parking.	Septic system located in front setback. Driveway in front (street) setback.	Location and design of septic system discussed later in this Report. Driveway location complies.

Clause	Provision	Proposal	Assessment
		Parking area located outside building envelope.	Parking design subject to further consideration as indicated earlier in this Report.

	4.30.5 – demonstrated sustainable water supply.	Connection to scheme water.	Complies. Scheme water considered a sustainable water supply. Condition recommended to ensure that water is connected prior to occupation.
	4.30.6 – LG may require building envelopes.	Building to be constructed within building envelope.	Building envelope plan was approved as part of subdivision. Refer to clauses 4.30.7 and 4.30.8.
	4.30.7 – variation to building envelope may be permitted if not detrimental to residential amenity and landscape / environmental qualities.	Building to be constructed within building envelope. Car parking, driveway and septic system located outside building envelope.	No variation to building envelope proposed. Refer to clause 4.30.8.
	4.30.8 – unless otherwise approved, buildings and on-site effluent disposal system to be within building envelope.	Building is to be constructed within the building envelope. Car parking, driveway and septic system located outside building envelope.	The car parking and septic system is proposed outside of the building envelope.

Clause	Provision	Proposal	Assessment
			<p>To comply with the car parking requirements and to ensure there are no impacts on the locality, the location of the car parking is considered acceptable. Further detailed designs are required.</p> <p>The Shire's EHO has advised that although the site has sufficient capability for on-site effluent disposal. The location and system requires further details as part of a separate approval process.</p> <p>Conditions have been recommended in this regard.</p>

	uses; character of locality; visual impacts and proposed screening.		generally single storey dwellings and associated outbuildings. The Applicant has advised that the form and scale of the building has been designed to minimise any visual impacts by cutting into the site to avoid the need for extensive earthworks, including locating the majority of the car parking underneath the building. Landscaping is recommended to reduce the visual impacts from Werribee Rd, Eucalypt Bend and the adjoining lots.
	4.31.2 – LG to have due regard to: external appearance; dimensions and proportions; materials; effect on nearby properties, landscape and environment; any other matter.	Meditation and community centre consisting of 2 storeys, including a caretakers dwelling and undercroft car parking. Design includes features of traditional Burmese architectural style and colours.	The building has been designed for the purpose and to reflect the Burmese community's culture. The proportion of the building is larger than the typical development in the locality. Locating the building at the rear of the building reduces potential effects on neighbouring properties. As indicated above, landscaping is recommended to reduce any visual impacts.
4.37	SPP3.6 – Development Contributions to be read as part of LPS6. Contributions for public infrastructure can be sought if sufficient nexus.	Meditation and community centre catering for up to 100 persons.	Contribution towards the upgrade of drainage may be required. G	Any local planning policy		
	LPP2 – Site construction, general development and subdivision guidelines: earthworks exceeding 1m require development approval.	Meditation and community centre, and associated infrastructure.	Earthworks will exceed 1m due to topography of the land, which has a fall of 5m. The design of the building minimises the extent of earthworks, and is considered acceptable.
	LPP19 – RR design guidelines		
	5.1 – house to be located within building envelope and minimises vegetation removal.	Main building to be located within the designated building envelope.	Although not a house, the main building has been located in the envelope.

Clause	Provision	Proposal	Assessment
M	Compatibility of development with its setting; relationship to development on adjoining land; likely effect of bulk and scale, orientation and appearance.	Community centre consisting of 2 storeys and a caretakers dwelling with car parking.	The proposed development could be considered out of character and scale with the typical rural living type development (i.e. single storey dwellings) in the locality, particularly the design and scale of the building. Locating the building at the rear of the property assists in reducing impacts on adjoining land. Landscaping will assist with the appearance of the development.
N	Amenity of locality including environmental impacts; character of locality; social impacts.	Community centre consisting of 2 storeys and a caretakers dwelling with car parking.	The proposed development could be considered out of character and scale with the typical rural living type development (i.e. single storey dwellings) in the locality. 7. Requires that all legal fees relating to the execution of the licence are to be paid by both clubs.

On 24th October 2018, a new licence agreement was entered into with the Northam Hockey Club as a result of the Avon Hockey Association surrendering their licence and granting permission for this to be transferred to the Avon Hockey Club. The existing licence agreements for the Northam Hockey Club and Northam Cricket Association expired on 31st August 2020.

Item 6 above details that a renewal may be entered into at Council's discretion and therefore the matter is being presented to Council for its consideration.

The existing agreements list the land as Lot 50, Lot 51 and Lot 1 however Officers are of the view that the licence agreement should be for a portion of Lot 51 only, being the Bert Hawke Pavilion. This is due to the hockey pitch and oval being managed through Council's bookings process and are subject to an annual hire fee which is separate to the licence agreement.

Fees were waived for the 2020/21 period as a result of COVID-19.

Local Government (Functions and general) Regulations 1996.

BRIEF

For Council to rectify a non-compliance with section 6.16 of the *Local Government Act 1995* which requires a local government to impose a fee or charge by absolute majority.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

At the Ordinary Council meeting held on 19 August 2020, Council adopted fees and charges associated with the AROC mobile toilets and lighting tower by simple majority. In accordance with section 6.16 of the *Local Government Act 1995*, this decision must be resolved by absolute majority. The decision was carried 9/0.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership.
Outcome: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

B.2 Financial / Resource Implications

Before imposing the proposed fees and charges, Council must give local public notice of its intention to do so and the date that the fees and charges will be imposed. Given that the Avon Valley Advocate is not currently circulating a newspaper within the district, public notice must be placed within the West Australian. It is estimated this will cost approximately \$500 and will be allocated to general ledger account 1040521920.

B.3 Legislative Compliance

Section 6.16 and 6.19 of the *Local Government Act 1995*.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Local public notice will be undertaken in accordance with section 6.19 of the *Local Government Act 1995*. This will require a public notice to be placed in the West Australian and on the notice boards at the Shire of Northam Administration Centre and libraries.

12.4.6 Northam Playgroup Building - Bernard Park, Lot 400 Minson Avenue, Northam

Address:	Bernard Park, Lot 400 Minson Avenue, Northam
Owner:	Shire of Northam
Applicant:	N/A
File Reference:	A15922
Reporting Officer:	Alysha McCall, Acting Governance Support Officer
Responsible Officer:	Colin Young, Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Absolute Majority
Press release to be issued:	No

BRIEF

For Council to consider the future of the previous Northam Playgroup building located at Bernard Park.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAIL

The Northam Playgroup leased the premises from 2004 however has now disbanded and moved out of the building on 1st October 2020. Given the building has now become available it is believed to be a good opportunity for Council to review the future of the building.

Council's Building Surveyor undertook a public building inspection on 7th July 2020 which revealed that there were significant costs in order for the building to be compliant as a public building. It should also be noted that Northam is within the earthquake zone and the building is not constructed to withstand an earthquake should this occur.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 5: Infrastructure and Service Delivery.
Outcome 5.3: To have a safe, well maintained community infrastructure and services to a standard expected of a Regional Centre.

Objective: Build on community service delivery models to ensure services are continuously improved and modernised to meet community needs.

B.2 Financial / Resource Implications

In order for the building to be compliant as a public building, Council would be required to allocate approximately \$114,765 (including contingency). The summary of works required is provided in Attachment 1.

In the 2020/21 Annual Budget, Council allocated a total of \$3,020 for repairs and maintenance. The breakdown is as follows:

- Air-conditioning Maintenance \$100
- Roof & Gutter Maintenance \$200
- Weed & Pest Control \$120
- Carpentry Repairs \$500
- Electrical Repairs \$500
- Plumbing Repairs \$1,000
- Fire Control \$100
- General Building Maintenance \$500

In addition, \$15,000 has been allocated in the 2020/21 budget to render the building.

The cost to demolish the building would be approximately \$20,000 plus GST and it is estimated that an additional \$10,000 would be required to turf and reticulate the area. Should Council resolve to proceed with the demolition it is recommended that the annual maintenance budget and render of the building be reallocated and any additional funds required be identified through the mid-year budget review process.

Advertising expenses calling for expressions of interest and also the potential disposal of property may also be applicable.

B.3 Legislative Compliance

The building currently does not comply with the requirements for a public building under the *Health Act 1911 & Health (Public Buildings) Regulations 1992*.

There is also non-compliance in relation to disability access under the *Disability Discrimination Act 1992* due to the building access ramp being on a steep incline which is not compliant with current standards.

The current kitchen is non-compliant under the *Food Act 2008* and would require upgrade.

Should Council resolve to dispose of the property through lease, section 3.58 of the Local Government Act 1995 – Disposing of Property will apply.

B.4 Policy Implications

Council policy A 8.5 Management of Council Property Leases applies to all commercial entities, community groups, not for profit organisations and government organisations.

Delegated authority reference F06 – Disposal of Property by Lease or Licence allows for the disposal of property within the parameters detailed in the Delegated Authority Register.

B.5 Stakeholder Engagement / Consultation

There has been some interest to utilise the building from community groups, however should Council resolve to retain the building, it is recommended that the required work be undertaken and Council call for expressions of interest.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Future financial requirements for building unknown.	Minor (2) x Possible (3) = Moderate (6)	Up to date and accurate building asset management plan in place. Long Term Financial Plan aligned to asset management plans. Long Term Financial Plan in Place. Annual Budget adopted and aligned with long term financial plan.
	Financial exposure should Council determine to lease the building.	Medium (3) x Almost Certain (5) = High (15)	Identify available funds and budget for the required maintenance.
Health & Safety	Liability exposure should Council determine to lease the building without completing the necessary building maintenance.	Extreme (5) x Possible (3) = High (15)	Ensure the required maintenance work is incorporated into the building asset management plan

Reputation	Potential negative perception from the community should Council resolve to demolish the building.	Minor (2) x Possible (3) = Moderate (6)	Clearly communicate reasons for demolition to the community.
Service Interruption	Nil.		
Compliance	Various compliance issues should the building be used as a public building.	Medium (3) x Almost Certain (5) = High (15)	Complete the required maintenance.
Property	Nil.		
Environment	Nil.		

C. OFFICER'S COMMENT

Officers have reviewed the Bernard Park Masterplan and the Northam Town Centre Connectivity Strategy however there is no reference to whether the building should be retained or removed.

Given the significant costs to Council to complete the required maintenance work and there being no historical value to the building, it is recommended that Council demolish the building.

Should the Council wish to retain the building it is recommended that this be undertaken by expression of interest with the condition that all building maintenance and upgrades be undertaken by the lessor.

ALTERNATIVE RECOMMENDATION

That Council call for expressions of interest to lease the former Northam Playgroup Building - Bernard Park, Lot 400 Minson Avenue.

RECOMMENDATION/COUNCIL DECISION

Minute No: C.4064

Moved: Cr Ryan

Seconded: Cr Tinetti

That Council:

- 1. Requests the Chief Executive Officer to undertake public consultation with respect to the proposed demolition of the former Northam Playgroup Building located at Bernard Park, Lot 400 Minson Avenue, Northam;**
- 2. Subject to there being no significant objections to the proposed demolition, authorises expenditure of up to \$25,000 (ex GST), for the demolition of the former Northam Playgroup Building located at Bernard Park, Lot 400 Minson Avenue, Northam; and**
- 3. Incorporates the demolition and site rehabilitation costs into the 2020/21 mid-year budget review process.**

**CARRIED 10/0
BY ABSOLUTE MAJORITY**

Clarification was sought regarding the definition of "significant objection", and whether this meant simply large, or also included the notion of validity. The Chief Executive Officer advised that staff would interpret "significant" to include the notion of validity, however all objections would be passed on to Councillors to allow input into whether any issues are considered significance and validity.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth.

Outcome: Northam central business area is a strong and vibrant centre with a variety of cultural/art, retail and hospitality choices on offer every day of the week.

Objective: An activated and attractive town centre with lower retail vacancy rates.

B.2 Financial / Resource Implications

A budget to deliver the mural at Gordon Place has been developed for \$34,100.

B.3 Legislative Compliance

N/A

B.4 Policy Implications

Council's Art Collection Policy provides the mechanism for recommendations to Council on Art Acquisition and Development, particularly that all acquisitions will be made on recommendation of the Shire of Northam Art Advisory Committee. As this Committee has been disbanded, Council resolved to establish a selection panel specifically for this mural.

Council Policy F4.2 Purchasing & Tender Policy provides the mechanism to ensure consistency and efficiency for purchasing and procurement across all the Shire of Northam's operational areas in order to maximise value for the Shire and the community by obtaining the best balance of conditions of supply, quality and price.

FORM are considered to be the pre-eminent consultants in Public Art projects, particularly those that are creating tourism generation initiatives. As FORM were the project managers for the silo project, and the mural art proposal for the CBD will be complimentary to this project, It is believed that FORM are the best suited to project-manage this mural project, and as such no other quotes have been received for this proposal.

B.5 Stakeholder Engagement / Consultation

Expressions of Interest were promoted via the Shire's social media and website. AVAS and the Northam Chamber of Commerce were contacted for nominations.

The owner of the building was consulted about the selection panel of the proposed mural.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	The financial cost to Council exceeds the proposed amount	Unlikely (2) x Minor (2) = Low (4)	Council has budgeted costs associated with the Gordon Place mural and street-scaping works. Ensure project agreement is strict on budget parameters.
Health & Safety	Nil		
Reputation	Council does not deliver on its CBD Connectivity Strategy	Possible (3) x Insignificant (3) = Low (3)	Report to Council recommending further action.
Service Interruption	Access to Gordon Place restricted whilst project is underway	Likely (4) x Insignificant (1) = Low (4)	Ensure works are carried out in a timely manner and access restrictions are advertised appropriately to the community.
Compliance	Nil		
Property	Property owner does not agree with proposed designs		Ensure owner is represented on the selection panel. Council officers to communicate and liaise with owner throughout the project.
Environment	Nil		

C. OFFICER'S COMMENT

Although the Council decision was made for one Gordon Place business owner to be represented on the mural selection panel, the building owner has specifically requested four owners be included on the panel. If Council does not comply with the wishes of the building owner, the project may be placed in jeopardy.

Two nominations have been received for community representation on the selection panel. Details of these nominations have been provided to Councillors as a confidential attachment. There were more nominations

received than positions available, therefore officers have considered ways to resolve the community representation on the panel. These include:

1. Council voting on the community representative
2. Allowing two (2) community representatives on the panel
3. Appointing neither of the two nominating community members, given the community is well represented by nominees associated with the owner of the building

Staff are recommending Option 3, primarily due to the number on the selection panel already being significant and considered excessive for the decision being made.

One representative has been nominated by AVAS, and another by the Northam Chamber of Commerce.

Two Elected Members have nominated, and the two Shire staff members will include the Chief Executive Officer or nominated representative, and the Community Development Officer.

RECOMMENDATION/COUNCIL DECISION

Minute No: C.4066

Moved: Cr Ryan

Seconded: Cr Mencshelyi

That Council appoints the following members to the Gordon Place Mural Selection Panel:

Shire of Northam Elected Members:

- Cr Julie Williams
- Cr Michael Ryan

Avon Valley Arts Society:

- Holley Lamey

Gordon Place Business Owners/ Community representatives:

- Sue Smith
- Chris Smith
- Kaz Morgan
- Paul Morgan

Northam Chamber of Commerce:

- Leonie Knipe

Clarification was sought regarding the differing structure of the officer's recommendation as compared with the original motion accepted by Council in July 2020, and the combining of community representatives and business owners. The Chief Executive Officer advised that the community representatives and business owners had been combined and the original intent to have community representatives as a separate entity had been removed due to the requirements of the owners of the wall, being that two business owners and two community representatives selected by the owners are appointed to the panel, removing the need for a separate community representative.

AMENDMENT - WITHDRAWN

Moved: Cr Pollard

That Council appoints the following members to the Gordon Place Mural Selection Panel:

Gordon Place Business Owners:

- Community representatives
 - Maren Lavery

The Chief Executive Officer advised that the amendment as proposed was incomplete as it proposed to amend the Business owner section however did not nominate a representative, which is the entire intent of the original motion. The Chief Executive Officer advised that for an amendment to be valid it must add, delete or substitute words in the original motion.

There were a range of clarifications sought in order to assist in development the proposed amendment.

Cr Pollard withdrew the proposed amendment

13. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

13.1 Proposed Funding for Mt Ommanney Redevelopment

Within the Shire of Northam's recent COVID-19 response and setting of the 2020/2021 budget, an allocation of \$50,000 was initially included to be put towards the development of a Mount Ommanney Master Plan. This item was later withdrawn from the budget.

It is important to continually consider the future of the Shire, from both a development and aesthetic point of view. Mount Ommanney is a historical site and a feature point of the Shire of Northam, and would benefit the community greatly if it was further developed. Potential developments could include walk trails (including a "Jacob's ladder"-style staircase), beautifying the facilities, scenic lookouts, and even residential development. With a master plan outlining a development strategy, the Shire of Northam will be in a better position to consider and implement these developments.

Following the disbanding of the Local Business Support Committee and the enabling of funding through the COVID-19 budget response, the following motion is proposed.

NOTICE OF MOTION

Moved: Cr Antonio

Seconded: Cr Tinetti

That Council allocates \$50,000 in the 2020/21 financial year (sourced from the Council's COVID-19 budget response) for the development of a Mount Ommanney Development Master Plan.

C. OFFICER'S COMMENT

The project was considered to align with the direction of Council as it relates to the Northam CBD. Staff reviewed a range of other projects to ascertain which were positioned for success.

Council is under no obligation to accept the grant funding. In the event it does not wish to accept the grant it could resolve to advise the following:

That Council advise the RAC that it is with regret that Council is unable to accept the \$65,580 grant fund offer through the Reconnect WA initiative, thanking the RAC for their support.

**CARRIED 9/1
BY ABSOLUTE MAJORITY**

Clarification was sought regarding the recommended cash expenditure amount of \$100,000 and where this would be funded from. The Chief Executive Officer advised that \$65,000 of the \$100,000 would be provided by the grant funding, and the remaining funds would be sourced from Council funds as part of the midyear budget review.

Clarification was sought regarding whether other grant funding was also available for the proposed development. The Chief Executive Officer advised that staff would explore additional funding sources.

The Chief Executive Officer advised Council that if Council were to support the officer's recommendation, staff would sign the grant agreement and accept the funds.
