# Bicycle Identification Card

Your bicycle is a valuable item and it can be an easy target for thieves. Thousands of bikes are stolen each year and many of these are recovered by the Police. Most cannot be identified and returned to their rightful owner because the identifying features are not recorded.

Record your bicycle details below using this card and file it away. If your bicycle is ever stolen you can provide this card to the Police and increase the chance of your bicycle being returned to you.

## Bicycle Security Tips:

Do not leave your bicycle unsecured, even only for a minute. It takes only a few seconds to steal!

Lock your bicycle to a fixed object using a high quality D-lock, securing the back tyre and the frame. Many thieves carry bolt cutters that will easily cut through standard cable or chain locks.

Try not to lock your bicycle in the same place all the time. Thieves may notice the pattern.

Take your helmet and easily removed accessories with you.
