Shire of Northam

Minutes

Ordinary Council Meeting

18 December 2019

UNCONFIRMED

DISCLAIMER

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

All legislation in this document has been sourced from the Western Australian Legislation website at 2 December 2019. For the latest information on Western Australian legislation, visit www.legislation.wa.gov.au.

3. DISCLOSURE OF INTERESTS

Item Name	Item No.	Name	Type of Interest	Nature of Interest
Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam	12.3.1	Cr M P Ryan	Impartiality	His two children are current students of St Joseph's High School campus.
		Cr C R Antonio	Impartiality	He attended this school, as did his children and many submissions have been made from people well known to him.
		Cr A J Mencshelyi	Impartiality	His grandchildren attend St Joseph's Primary School.
		Cr S B Pollard	Impartiality	His wife is employed by the Catholic Education Office on the Primary Campus. Grandchildren attend St Joseph's School.
		Cr R W Tinetti	Impartiality	His grandson attend this school.
		Cr M I Girak	Proximity	Her property is diagonally across the road from the school and she has a close friend who lived opposite the development.
		Cr C P Della	Proximity	His residence is directly opposing the development.
		Mr C B Hunt	Impartiality	His child attends St Joseph's School and his wife is on the St Joseph's School Board.
		Cr T M Little	Impartiality	One of his granddaughters attends St Joes.
Northam Aquatic Facility - Amendment to Fees and Charges	12.5.1	Mr C B Hunt	Impartiality	His daughter is employed as a lifeguard for the Shire of Northam.
Australia Day Community Citizen of the Year Awards	13.3	Cr R W Tinetti	Impartiality	Some of the nominees are known to him.
		Cr C P Della	Impartiality	Some of the submitted nominations are known to him personally.
		Cr M I Girak	Impartiality	She knows a number of the nominees.

Item Name	Item No.	Name	Type of Interest	Nature of Interest
		Cr J E G Williams	Impartiality	Some of the nominated people are well known to her.
		Cr S B Pollard	Impartiality	A number of nominees are known to him.
		Cr C R Antonio	Impartiality	Many of the nominees are well known to him.
		Cr M P Ryan	Impartiality	Three of the candidates are known to him.
		Cr A J Mencshelyi	Impartiality	A number of people nominated are known to him.
		Cr T M Little	Impartiality	Some of the nominees are known to him.

4. ANNOUNCEMENT BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)

<u>Visitations and Consultations</u>	
22/11/19	Avon-Midland Country Zone Meeting - Dalwallinu
25/11/19	MMM Fortnightly Radio Interview
25/11/19	Avon Community Development Foundation Speech - Northam
28/11/19	Regional Capitals Alliance Meeting - Perth
30/11/19	Rotary Auction - Northam
02/12/19	AROC Meeting - Toodyay
02/12/19	Regional Innovation Showcase – Perth Town Hall
03/12/19	President's end of year Cocktail event - Perth
04/12/19	St Joseph's School 2019 Annual Presentation Night
05/12/19	International Volunteer Day 2019 event - Northam

Operational Matters:

Festive Season

Christmas and New Year are just around the corner, and I'm sure that many people will take the time to celebrate with workmates, friends and family. Please remain safe, and where needed, appoint a "Designated Driver". I want to see everyone safe into the New Year.

Meeting Dates and Locations for 2020

At a recent Council Meeting, we set the dates and locations for the Forum and Ordinary Council Meetings for 2020. Once again, these meetings will be held over various locations in the Shire, including Wundowie, Bakers Hill, Grass Valley and Southern Brook.

Prohibited Burning Period

As we are currently in the Prohibited Burning Period, no burning is permitted within the Shire of Northam. For all people, please ensure that you are bushfire ready.

Strategic Matters:

The Northam Aquatic Facility sign is up, and the slides are constructed. This facility is very nearly completed. With the official opening in late January 2020, the next few weeks will be commissioning and training of staff. Congratulations to the Shire for making the decision to construct this facility and to the staff for the management of the project.

5. PUBLIC QUESTION TIME

5.1 PUBLIC QUESTIONS

Nil.

The Shire President brought agenda item 7.3 – Deputations forward.

7.3 DEPUTATIONS

Name: Read aloud by Shire President on behalf of Sue Pederick.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Deputation: I moved to my peaceful property 30 years ago, well before BGC. This was brutally disrupted when BGC commenced with the unlawful land clearing in the year 2000. Because of BGC's quarry, I have had to endure the following;

1. Noise

To begin with the noise was shocking. The EPA's noise monitoring systems that were placed at my home continually showed noise exceedances. **But, the EPA refused to act.** The level of noise has improved considerably, but when the weather conditions are conducive it can still get very loud, which is most annoying when you come home after work to relax, Instead you are subjected to loud, banging continuous noise of the quarry working.

2. Vibration/Blasting

The continual shaking of our house from the ground vibration, caused not only from the blasts, but, also from the crusher's. On very still days, the house rattles from the ground vibration, and in doing so also creates an annoying noise. We have large cracks that just get bigger, we have pictures that will never hang straight, or have fallen off the wall, ornaments have fallen from mantles, even a heavy pallet of bricks have fallen down an embankment. We had an internal wall of our kennels collapse and crushed to death a valuable litter of Bloodhound pups. A few of the neighbours have had their ceilings collapse. BGC has contracted a company to do the structural damage report on an annual basis. But we are never given any information of these reports

3. Water

Who knows what is happening with our water. The Lakes Action Group PER submitted showed it would not be favourable. BGC has contracted a specialist company to test our dams and bores, but again, we are not given back any reports.

4. Dust

A constant issue when the wind frequently blows from the East. Dusting has to be a daily job. Because of the silica in the quartz it is a potential major health issue to the surrounding residents. As a mother I am concerned for my daughter who does not have asthma, does not smoke, but has had a continual niggling cough for the last 15 years. This is one of the most important, and dangerous issues that we are dealing with. We are still waiting for the Dust Monitoring survey to be conducted by the EPA. It now it appears that they may not proceed. Once again they have shown their alliance to the Company.

The one thing that we can count on is that the Local & State government departments turning tail when BGC's name is mentioned. We have been let down so much by all, while BGC charges on, making out they are doing nothing wrong with nothing to hide. If this is the case, why won't they allow the residents to receive the reports from the independent companies that have been hired to monitor our homes and dams, bores or water courses? History has proven that the company could not be trusted, and they were allowed to do what they like.

By reducing the License to 2 years surely there may be a chance that stronger control can be enforced. And now, BGC is selling, with an unknown entity going to take over their operations. Now it is more important than ever to enforce this 2 year license renewal. We have no idea as to what their standards are like. We want transparency where the residents are entitled to be given a copy of the monitoring reports. Most importantly we want the dust survey to be done, preferably by an independent company who won't bend over backwards for BGC like the EPA departments have, and are still doing.

We have the chance now of not letting the horse bolt before the gate is shut, which, is what happened with BGC.

We implore the Council to uphold the 2 year license renewal.

Name: Read aloud by the Shire President on behalf of Stuart Guy.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Deputation: As predicted the outcome from the previous Council vote has been presented to the SAT to overturn the council's wise decision of a 2 year duration, pending DWER dust data, to 10 years to appease the proponent.

My presentation to council was very brief and I had very little time to prepare it.

During the vote to reissue the EIL it was agreed overwhelmingly that there was strong evidence of poor dust management, emissions from the operation and I informed council that changes to the exposure standard applicable were being introduced. Big changes are being introduced yet again due to a world wide ever increasing lung cancer problem related to respirable Silica dust exposure. This respirable dust has been analysed in a NATA approved dust lab, a sample collected at my home.

3 councillors did not want any new license to be granted until the DWER PROMISED dust survey had been completed, another 3 councillors agreed that council should wait for the data from the survey before going ahead with issue of a normal license duration grant OR NOT.

Surely the SAT should see that council has genuine concerns for public health regarding these dust events that expose people for kilometres down wind by means of massive dust clouds captured and reported in photographs and video numerous times over 2 decades-complaints which have been submitted to Shire of Northam and DWER EPA etc all of which have been logged and are available for the SAT to review should they actually be responsible enough or have the desire to do so.

To award the license would display negligence on the SATs behalf without new and independent data.

The ONLY relevant dust data ever used to base decisions on exceedance is the BGC operated monitor located on Belfords property (a BGC employee) which in the past during blast dust events shows a REDUCTION of airborne dust rather than the obvious increase as logically expected.

No reason or answer has ever been given to this question when asked why. This point alone should raise concern but alas, nobody is interested.

Of course DWER has now reneged the promised dust survey, this was always too good to be true in hindsight, as we have always known that if the DWER obtains evidence of a problem they will be forced to act.

The DWER are a state govt run organisation obviously this would be counterproductive to the state Govt if evidence came to light of breaches and a risk to public health.

There are several homes within the EPA stated exclusion zone for this type of operation, it is negligent to not obtain this data.

But still here we are ready to re issue the license yet again. Just as recently as Dec 5 2019 there was a blast conducted when wind speed was recorded at 35 kph from the South East, perfectly unsuitable conditions, this was mid week, there was no forecast rain or electrical storms, why was this not postponed? This action doesn't conform with the BGC dust management plan or Industry best practice.

It was not postponed because BGC are so safe, confident and so protected by the DWER that they have nothing to fear even when the dust has been a recent point of contention with the Extractive license issuer Shire of Northam.

The DWER officer refuses to contact me regarding this when requested.

BGC do not fear the loss of license or Shire of Northam's negative attention because they know the DWER EPA and SAT has got their back.

SAT past performance

BGC's love of the SAT is nothing new. They have enjoyed remarkable success at the SAT in the past. Here is a relevant example of this;

Our previous exposure to the decision making process, logic and the justification for the decision made by the SAT with respect to the Previous operations (Voyager 1) planning approval was laughable at best.

A planning approval for a mining operation such as this requires certain criteria in its application content to make the approval valid. An IN VALID approval is not a legal approval therefore.

The planning approval (retrospectively granted) for Voyager 1 after BGC cleared the land and commenced mining with no extractive industry license or planning approval APPLICATION initially consisted of a piece or 2 of A 4 paper with some hand written notes, no water shed information, no topographical maps not even a lot number was shown. It looked like something a 10 year old would have created.

Someone had retrospectively approved it however. Why would govt reward a proponent after displaying such wreckless and careless behaviours?

The SAT representative in charge grinned at the BGC lawyer and awarded the hearing in favour of BGC because we had not stated that there was no " VALID " planning approval, we had merely stated that there was " NO PLANNING APPROVAL ", as it had never been produced when requested and proved to be non conforming in its content etc.

Further to this the SAT then awarded costs to BGC leaving the mums and dads here living next to the operation who's health, amenity and property values have been effected to pay thousands of dollars in costs effectively as a punishment or discouragement to further litigations or attempts to defend ourselves. The SAT would not normally

award punishments I would have thought, but they made an exception in our case. After all, the SAT is a govt run tribunal and the govt wants/needs the cheap product from the proponent. To allow a small number of the public to stand in the way of this is counter productive to the state govt.

Therefore the SAT acts to protect the govt whilst effectively protecting the proponent. The system is broken. The system can not be impartial by design and the above mentioned farcical outcome regarding the Voyager 1 Planning Approval is in our minds, evidence of this.

We can only hope that the new proponent doesn't have the same level of protection of its predecessors.

Name: Read aloud by the Shire President on behalf of Michael Reeves.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Deputation: I will keep this submission to a list of facts prepared without prejudice. The history of the quarry is full of unusual events and decisions.

Dust generation is proportional to output and we believe this greater than the amount licenced for. A quick calculation of the hole size would be an interesting exercise. We requested many times for the DEC to check the output from the quarry and they took no notice.

The truck movements were considerably greater than was being declared.

I mention this to strengthen my argument that the State government is a major stakeholder in this mining operation.

They also regulate the quarry operations and their interest is evident in some of their decisions. With regards to the dust monitoring.

DWER informed us they had been allocated funding to commence the monitoring and a company had been

chosen to submit its proposed plan to cover a full year of monitoring.

I was given permission by DWER to contact the company involved, which I did.

They obviously would not give any information on the proposed plan or cost. What they did say, was that the results would be conclusive.

From that point on DWER gave many excuses for delaying the monitoring and that it would be better to wait until summer. This was a moot point as a year's monitoring could start anytime.

That is the reasoning behind the 2-year licence. To give the DWER time to conduct it's monitoring.

The point that the council look to vote on raises another interesting point.

DWER the same entity that has the duty of ensuring the compliance of the quarry has already granted a licence up to 2036! How could it do this with doubt regarding its compliance.

Quote from the SAT

"In addition the respondent took into account irrelevant considerations of being objections unsupported by evidence, being irrelevant by reason of the environmental regulation of the quarry by the DWER."

My photos of dust airborne that settles on the floor of my residence is crushed granite and I do not know of any other granite crushing plant within many tens of kilometres. I refute this statement. DWER have failed to regulate the quarry as is evident by their reluctance to perform dust monitoring. Are they afraid of the outcome!

Summary.

My deceased wife and I have pursued our viticulture way of life for almost 20 years here. This involves working outside for a great amount of time and we have been exposed and I continue to be, what is now recognised as a deadly dust.

I believe that the Shire of Northam has every right to stick to the 2 year licence. Even extend it another 2 years.

The monitoring period should be 12 months as originally proposed by DWER

Our evidence will always be not proven whilst ever the DWER refuse to operate in the manner they are required.

The cost when evaluating danger to the public should be irrelevant. In this instance, it is insignificant when looked at the overall cost of the project.

All the entities involved in the manufacturing facility have a duty of care. I applaud and thank the Shire of Northam for theirs.

The major stakeholder that all this concern about, the Government of Western Australia are the same entity that is delaying this process.

I would also like the residents to have some say into who performs this study, as DWER cannot now be trusted!

Name: Peter Yates and Carlson Daniels, BGC Quarries.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Summary of Deputation:

- Advised that a lot of points have been made by residents in their deputations however there are a number of matters which aren't correct. For example, the blasts not being in accordance with their management plan (i.e. when the wind is blowing in an easterly direction). It was advised that they are approved to blast when there is an easterly.
- Raised that there was accusations of dust landing on their properties and the health concerns associated. It was advised that you cannot see respirable dust.
- Advised that whenever there is an application to change their licence or renew the licence the complaints increase.
- Advised that they work within extremely tight conditions, including a Ministerial Statement along with

legislation which is extremely regulated and they are always compliant.

- Raised that they have dust monitors on their properties (not the resident's properties) and have a duty of care to provide a safe working environment for their employees.
- Advised that they blast two times per week with each blast lasting approximately two seconds. Sometimes he cannot feel the blast and can only hear the siren.
- Raised concerns about the licence only being issued for two years.
- Advised that the complaints and residents are important to them and they take their concerns seriously. Want to look at it pragmatically and find a way to collaborate together/co-exist.

Cr M I Girak and Cr C P Della declared a "Proximity" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as their properties are opposite the development. Cr Girak and Cr Della left the meeting at 6.02pm.

The Coordinator Governance / Administration left the meeting at 6.0pm and returned at 6.06pm.

Name: Sandra Lloyd.

Agenda Item: 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam

Summary of Deputation: I would ask Council to please consider that the awning be moved back from the boundary and that more than adequate provision has been made by the architect to provide protection from the elements for the students with the covered walk ways at both sides of the administration building. The amenity of my neighbourhood is my main concern with this protruding structure.

We are not asking for the buses to be moved, they are in the best position for the welfare of students, bus drivers and road users while the development is underway.

We are not asking for the tradies or contractors to be removed from the street.

We are simply asking for considerations that should really already be in place.

- that the developers ensure that their contractors are parked legally on both sides of the road.
- that contractors don't park in the bus zone at pick up and drop offs, causing significant congestion on the road
- that the trucks are not delivering to site at bus times and in the bus zone, adding to the already congested street at these times.
- that building materials not, be stored on the road
- that the protective fencing not, be built on the road
- that rubbish on site be managed to reduce it blowing out of overflowing skips
- that tradies and contractors are managed by the developers to abide by basic littering laws
- that the developer with all reasonable care adhere to early morning noise regulations and manages it's on site tradies.
- that all reasonable consideration is given to reduce the impact of dust and debris.
- that lighting is maintained to reduce invasive illumination.

Over the course of the next 6 months I can only hope that communication channels are effective and endeavour to inform and encourage my neighbours to express their concerns as I will through the appropriate channels.

I am proud to be an ongoing supporter of the school my children attended and of this community and I wish the school well in the proposed development. The facilities they are developing have been dreamed of since my children were in primary school there and they are well deserved. I know they work incredibly hard for our community.

I would like to thank the Shire staff and Councillors for their time. The planning department has done an amazing job, very thorough, and I would like to thank Jackie for her availability, several people have commented on her friendly, courteous and professional manner, we are very lucky to have you here. To the Councillors who make themselves available so readily and spend such an enormous amount of time offering service to our

community, thank you. I certainly appreciate it and I sing your praises at every opportunity. Over the last 18 months I have personally been made to feel heard and supported. I am so grateful to past Councillor John Proud, current Councillors Steve Pollard, Michael Ryan, Rob Tinetti, Julie Williams, Attila Mencshelyi. Thank you for taking the time, to wander down our street or stopping for a chat downtown.

Thank you, Chris Antonio for your eye contact, your smiling face and happy demeanour at every meeting and at every event, I don't know how you do it, well done.

Even in his absence, I would like to thank Jason Whitaker for his frank, honest and open communication style, I know he makes himself available, I just hate the idea of wasting his time. He does such an outstanding job and works so hard he is a great asset to our community.

Chadd Hunt, thank you, I know you have a tough job and I know I couldn't do it. Thank you for every effort that you make under what I'm sure are often difficult circumstances especially dealing with people like me in your day.

To Alysha McCall thank you for your patience, professional, bright happy demeanour, always.

Thank you.

Cr Girak and Cr Della returned to the meeting at 6.08pm

6. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Name: Sandra Lloyd, Northam.

Question 1: Who can help me with my concern now and ongoing ramifications of the natural underground watercourse being disrupted and damaging my property? I believe my driveway is being significantly damaged as a direct result of the architects, schools and builders' direct disruption to natural subsurface watercourses. I'm not referring to the visual appeal I'm referring to the accessibility for wheelchairs when I do respite, the disables maxi taxi being able to unload, and the safety of toddlers into and out of my early childhood setting.

Response 1: With respect to the control and management of underground watercourses it is understood that this is the responsibility of the Department of Water and Environmental Regulation. Further clarification is being sought from this Department and will be forwarded once received. Following the queries and discussion at the Forum Meeting the Applicant has confirmed that the engineering solutions for the structural design of the building to manage groundwater was designed and approved by their structural and hydraulic engineers before commencement of construction to ensure that the natural flow of groundwater would progress downstream unimpeded.

Question 2: How can you help me with this problem I am experiencing as a direct result of the current development across the road from me? In January of this year I paid a substantial amount of money to the same professionals that have done work for the Shire and school to have my patio and driveway relayed to repair damage, raised and dipped surfaces.

Response 2: Please refer to the response to question 1 if the damage relates to the concerns regarding groundwater. If there is other damage to private property as a result of the development, this issue will need to be raised with the Applicant, School and/or Builder.

Question 3: Does the Shire have a policy to cover works done to underground watercourses, that then restrict, divert or backup flow and cause damage to upstream properties?

Response 3: No. The Shire has not adopted a policy specifically relating to groundwater. Groundwater is an issue that is researched and assessed by the Department of Water and Environmental Regulation (DWER). In the case of individual developments, it is common practice to refer to policies and guidance from State agencies, such as DWER. In this instance the relevant document is the DWER's Guidance Note on "Water resource considerations when controlling groundwater levels in urban development" (2013).

7. RECEIVING OF PETITIONS, PRESENTATIONS AND DEPUTATIONS

7.1 PETITIONS

Nil.

7.2 PRESENTATIONS

Council Forum Meeting

11 December 2019

DISCLAIMER

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Council Forum Meeting Notes
11 December 2019

Preface

When the Chief Executive Officer approves these Notes for distribution they are in essence "informal notes."

At the next Ordinary Meeting of Council the Notes will be received, subject to any amendments made by the Council. The "Received" Notes are then signed off by the Presiding Person.

Please refer to the Ordinary Council meeting agenda and minutes for further information and details in relation to the matters and items discussed at the Forum meeting.

Unconfirmed Notes

These notes were approved for distribution on 13 December 2019.

**CHADD HUNT
ACTING CHIEF EXECUTIVE OFFICER**

Received Notes

These notes were received at an Ordinary Meeting of Council held on 18 December 2019.

Signed:

Note: The Presiding Member at the meeting at which the minutes were confirmed is the person who signs above.

11 December 2019

One (1) member of the Gallery entered the meeting at 5:35pm.

3. DISCLOSURE OF INTERESTS

Item Name	Item No.	Name	Type of Interest	Nature of Interest
Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam	12.3.1	Cr M P Ryan	Impartiality	His two children are current students of St Joseph's High School campus.
		Cr C R Antonio	Impartiality	He attended this school, as did his children and many submissions have been made from people well known to him.
		Cr A J Mencshelyi	Impartiality	His grandchildren attend St Joseph's Primary School.
		Cr S B Pollard	Impartiality	His wife is employed by the Catholic Education Office on the Primary Campus. Grandchildren attend St Joseph's School.
		Cr R W Tinetti	Impartiality	His grandson attend this school.
		Cr M I Girak	Proximity	Her property is diagonally across the road from the school and she has a close friend who lived opposite the development.
		Cr C P Della	Proximity	His residence is directly opposing the development.
Proposed LED Sign – 125 Fitzgerald Street East, Northam	12.3.2	Mr C B Hunt	Impartiality	The family of the owner is well known to him.
		Cr C R Antonio	Impartiality	The owner of the building is well known to him as is a submitter of the application.
Northam Aquatic Facility - Amendment to Fees and Charges	12.5.1	Mr C B Hunt	Impartiality	His daughter is employed as a lifeguard for the Shire of Northam.
Australia Day Community Citizen of the Year Awards	13.3	Cr R W Tinetti	Impartiality	Some of the nominees are known to him.
		Cr C P Della	Impartiality	Some of the submitted nominations are known to him personally.

Council Forum Meeting Notes
11 December 2019

	Cr M I Girak	Impartiality	She knows a number of the nominees.
	Cr J E G Williams	Impartiality	Some of the nominated people are well known to her.
	Cr S B Pollard	Impartiality	A number of nominees are known to him.
	Cr C R Antonio	Impartiality	Many of the nominees are well known to him.
	Cr M P Ryan	Impartiality	Three of the candidates are known to him.
	Cr A J Mencshelyi	Impartiality	A number of people nominated are known to him.

4. ANNOUNCEMENT BY THE PRESIDING MEMBER (WITHOUT DISCUSSION)

There were no queries raised in relation to this item.

5. PUBLIC QUESTION TIME

Cr Ryan entered the meeting at 5:38pm.

Cr Della and Cr Girak left the meeting at 5:38pm as they declared a proximity interest in agenda item 12.3.1 which the public question and deputations related to. All impartiality declarations were acknowledged.

5.1 PUBLIC QUESTIONS

Name: Sandra Lloyd, Northam.

Question 1: Who can help me with my concern now and ongoing ramifications of the natural underground watercourse being disrupted and damaging my property? I believe my driveway is being significantly damaged as a direct result of the architects, schools and builders' direct disruption to natural subsurface watercourses. I'm not referring to the visual appeal I'm referring to the accessibility for wheelchairs when I do respite, the disables maxi taxi being able to unload, and the safety of toddlers into and out of my early childhood setting.

Response 1: Question was taken on notice.

Question 2: How can you help me with this problem I am experiencing as a direct result of the current development across the road from me? In January of this year I paid a substantial amount of money to the same

Council Forum Meeting Notes
11 December 2019

professionals that have done work for the Shire and school to have my patio and driveway relayed to repair damage, raised and dipped surfaces.

Response 2: Question was taken on notice.

Question 3: Does the Shire have a policy to cover works done to underground watercourses, that then restrict, divert or backup flow and cause damage to upstream properties?

Response 3: The Acting Chief Executive Officer advised that Council does not have a policy for underground water however does have a policy for surface water.

Name: Garry Orr, Northam.

Question 1: Do the Shire have engineering specs of the underground watercourses that are commonly known to run across Duke Street on the way to the river, if not can they acquire them?

Response 1: The Acting Chief Executive Officer advised that Council does not currently have any details on underground watercourses throughout the town. Officer's will contact the Department of Water and Environmental Regulation to see whether they have done any underground mapping and will provide further details at next week's Ordinary Council Meeting.

Question 2: Does the Shire have a policy to cover works done to underground watercourses, that then restrict, divert or backup flow and cause damage to upstream properties?

Response 2: The Acting Chief Executive Officer advised that there is no specific Council policy on this matter. Officer's will contact the Department of Water and Environmental Regulation to see whether they have done any underground mapping and will provide further details at next week's Ordinary Council Meeting.

7.3 DEPUTATIONS

Name: Sandra Lloyd, Northam.

Agenda Item: 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam.

Deputation: I wish to object to the proposed development in its current form. I am asking that the agreed setback of 2.7 meters be maintained and that any verandas, awnings or pergolas also be included and set back no closer than 2.7 meters from the boundary as to maintain the look and appeal of my neighbourhood.

With the awning included in its current form to the boundary line, it will impact on the street scape and as such on my amenity. The bulk, scale, orientation and appearance of the building, will be intrusive and dominate the street scape.

I have concerns in regard to the traffic flow and safety of both drivers and pedestrians. The awning if built to the boundary will be imposing and may be distracting especially as in that area there is no verge and the bitumen footpath melds into the bitumen road. There is no signage or defined bus bay and no marked parking bays. Simply one white painted line.

I strongly feel that the proposed development in its current form is overreaching and not taking into account the impact of an awning or similar structure. I sincerely appreciated the consultation meeting the school invited the neighbours to, however I immediately raised the proximity of the awning and both the school and architect chose to dismiss my concerns as soon as I raised them and ongoing to this point.

On the plans I can see that there is already 2 covered walkways, one between the 2 buildings where we have been told that the students will enter and exit, and one between the newly proposed building and the courts. I am confused as to why the architect on the 29th of November presented to interested parties that "in this day and age acceptable provision is expected by parents for sun and weather protection" and that the 2 covered walkways designed to provide this would be inadequate and the additional awning up to the boundary is required.

I strongly oppose the development in its current state and ask that council please remove any structure that comes to the boundary and uphold the 2.7 meter setback that was compromised on from 3 meters previously.

I don't understand why the floor height of this building is raised higher than the footpath. Installing a door facing towards the natural flow of water won't be alleviated by 1 brick height especially in an unseasonal rain event or the 100 year flood. A side facing door can pool and flood as easily as a front facing door and so why can't this building be built at the previously set height.

It has been explained to me, that there will be a site management plan which is designed to reduce the impact of dust, rubbish, noise and traffic hazards and congestion. I am confused as to how this could have changed from the current developments impact on my neighbourhood and I am confused as to how this will be any different to what I have experienced since the 14th of June 2019, regularly over the last 6 months and I am currently experiencing, There have been trucks air brakes at 5.30am. Diggers and machinery being unloaded and moved at 6.45am on weekdays and weekends. Rubbish such as earplugs, cigarette butts, wall plugs, screws, insulation, cable ties, cardboard and plastics in many forms struin down both sides of my street daily. Not all of this material blows out of the skip bin. Tradesmen have been parking both sides of the street facing in the wrong direction, which I thought was illegal parking. Building materials being stored on the road and the safety fence moved around this and built on the road. All when on many occasions the site manager and the school principal and architect have been on site.

I am wondering if there is a formal plan moving forward that will address the busses arriving and departing at the same time as trucks unloading bricks and materials, tradies parked on both sides of the road in the wrong direction and building materials being stored on the road. Parents collecting their children from school and students walking in-between busses to cross the road.

I feel let down after assurances have been made that these issues would be managed, and I am anxious that the current proposal will see no different outcome for my comfort and amenity in my home and my street. I am concerned that with the seasonal changes and with hot dry windy conditions it will worsen, picking up dust and debris and that complaisance will just roll over into the next stage of the development to the secondary campus.

So as I stand here and ask you, my Shire Staff and My Shire Councillors to please uphold my rights of amenity, please understand I am doing so with genuine recognition that I don't have the knowledge or the skills that you do to protect my rights and my amenity.

Name: Al Santelli, Santelli Architects.

Agenda Item: 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam.

Deputation: 1. INTRODUCTION
1.1 The following report outlines the school's proposed project requiring development approval. It outlines the reason for the development, as well as brief background and considerations relating to a previous development approval, including addressing neighbours' objections submitted the Shire of Northam.
1.2 THE CORE OF THE APPLICATION IS THE DEVELOPMENT OF:
{See 3D image in Annexure 1}
1.2.1 The new Administration building fronting onto Duke Street and presenting the Senior Campus's new entry statement to the public and the first point of contact for access to

the school. This is the building which attracted objections from the neighbours.

- 1.2.2 The new Staffroom & Staff Workroom Building in the central quadrangle.
- 1.2.3 Senior Secondary Toilet block as an extension to the northern block, fronting the central quadrangle to its south.
- 1.2.4 Upgrade of the existing quadrangle to form a passive, landscaped recreation.

1.3 OVERVIEW

1.3.1 The Development outlined above forms the second stage of the school's Masterplan designed to retain students currently leaving each year, after year 10, due to limited course choices available. This limitation is a result of the insufficient student numbers to support more specialized course choices which in turn perpetuates the problem. In order to address this issue, the school needs to retain as well as attract more students in Years 10 to 12. The first Stage, namely the New Classroom Block consisting of four classrooms with a shared central Spill-out Space is currently nearing completion and will be ready for the 2020 scholastic year.

1.3.2 The facilities being provided in this stage are the Staff facilities which will replace those currently housed in the old stone building which was originally built as a Convent in 1980. This building is now considered an unhealthy work environment due to high moisture levels in the old stonework.

1.4 ZONING & COMPLIANCE

1.4.1 Local Planning Scheme No. 6 (LPS 6 / the Scheme) identifies the land as "Reserve - Public Purposes (Church)".

1.4.2 Pursuant to the Scheme and the Deemed Provision, the application is consistent with the purpose of the reserve and longstanding use of the site as an independent Catholic School operating from the site since 1889.

1.4.3 The application is highly compliant with the Shire's Scheme and local planning

framework, confirmed by the Officer's thorough assessment of our application.

- 1.4.4 This proposed development Stage 11 has complied with the parameters established by the previous stage, Stage 9a & 9b, and details of this will be addressed as part of our responses to objections.

1.5 BUILDING AESTHETIC

- 1.5.1 **THE ADMINISTRATION BUILDING** incorporates building materials which reflect the theme established with the construction of the classroom block with additional aspects such as the entry awning to establish an entry statement for the school.

1.5.1.1 The building facade consist of a combination of sections of red face brickwork, cream and other colours of painted cement render and the additional stud walls clad in painted fibre cement cladding to give the building a flavour of its own whilst still relating to the classroom block. The roof is lined with a "surfmist" colorbond custom orb roof sheeting. (See 3D image in Annexure 1)

1.5.1.2 As a concession to adjacent residents, the façade of the building has been designed with varying materials as mentioned above to reduce the building's perceived visual mass.

1.5.1.3 **THE STAFF ROOM AND STAFF WORKROOM BUILDING** incorporates a lightweight construction using painted fibre cement panels incorporating the school, house-colours to establish a presence as the focal point in the central quadrangle. (See 3D image in Annexure 1)

1.5.1.4 The building is attached to the southern classroom block and away from the original convent building separated by the existing walkway

and a ramp as a sign of respect for the Convent's historical significance.

1.5.2 SENIOR TOILET BLOCK

1.5.2.1 Has been included to serve the senior students and provide an alternative to the single toilet block currently on the campus. The building has been added as an extension to the building along the northern side of the quadrangle. (See 3D image in Annexure 1)

1.5.3 UPGRADE OF CENTRAL QUADRANGLE

1.5.3.1 With the addition of the new Oval at the corner of Duke Street & Gordon Street built in the previous stage the grassed volley-ball court in the central quadrangle will now be relocated to the remaining portion of the original oval. The central quadrangle can now be converted to form a communal, passive, partially shaded and landscaped recreation area as the central focus of the school. (See 3D image in Annexure 1).

2. RESPONSE TO THE OBJECTIONS

2.1 On 18th November 2019 we forwarded our response to the email from the Shire of Northam dated 5th November 2019, which contained the Schedule of Submissions at the end of DA Advertisement period for the Stage 11 development.

2.2 All the objections received associated with stage 11, related to the Administration building as it is the only building in the proposed development that has frontage to Duke Street.

2.3 In that email we grouped the objections into 4 categories:

2.3.1 Category 1- Stage 11: Objection the proposed awning not being considered in relation to the proposed Administration building set-back from the Duke Street road reserve.

- 2.3.2 Category 2- Stage 11: Lack of landscaped spaces along the street frontage in front of the Proposed Administration building.
- 2.3.3 Category 3- Stage 11: The statement that the setback, floor level of the building and height are not in accordance with the approved Stage 9 planning conditions.
- 2.3.4 Category 4- Stage 9: Issues such as floor level and height of the building not being in accordance with the DA conditions and items related site management issues.

2.4 COMMUNICATION WITH NEIGHBOURS

- 2.4.1 We pre-empt the response to the submissions by commenting on the process to date in relation to the Stage 11 development, during which the school had been communicating with the owners of the neighbouring properties about the proposed buildings.
- 2.4.2 The process commenced with the school organizing a meeting with the neighbours on 4th July 2019. This was early in the process and was held to discuss and explain the proposed Stage 11 scope and answer any questions neighbours had. Most of the neighbours attended. As the Architects for the project we explained the design of the building with the aid of a 3D presentation and addressed any issues and answered questions they had. At the time the neighbours were appreciative of the consultation and voiced only minor concerns relating to: the potential for a security light to disturb one particular neighbour's sleep and the awning on the Duke St elevation adjacent the entry gates to the Administration building.
- 2.4.3 We believe these concerns were allayed at the meeting by explaining that any lights on the roadside of the building under the awning would be directed back to the building and not across the road. It was also explained that the awning adjacent the Administration entry gates off Duke Street

was to provide some protection to the students while waiting for buses.

2.4.4 Since this initial meeting the school has been liaising with the neighbours. Copies of letters from the school with records of dates of meetings & community letters/notices sent were submitted with our response 18th November 2019.

2.4.5 The builder Rivett Construction has also been proactive in keeping the neighbours informed and responding to issues. This is addressed below under "Stage 9's Site Management". A letter from Rivett Construction was also with our aforementioned response.

2.5 RESPONSES TO OBJECTIONS

2.5.1 Category 1 Stage 11: The awning not being considered as part of the Building Setback for the Proposed Administration Building (See 3D image in Annexure 1). The proposed awning has been included to provide shelter for students awaiting school buses and as a protected entry to welcome visitors to the School. In addition to serving the school, the awning will provide weather protection for general pedestrians as an amenity as well as contributing to the character of Duke Street. We believe the building setback to be to the face of the building, not the face of the awning. This has been confirmed both by the Planning Department at the Shire of Northam and Schwanke Consulting our BCA consultants. In our interpretation, the awning is aligned with the traditional public/semi-public buildings along Wellington and Fitzgerald Streets and that it is the Shire of Northam's policy to encourage such awnings as a public amenity.

2.5.2 Category 2 – Stage 11 Insufficient Landscape Spaces (See 3D image in Annexure 1) Stage 9 has incorporated landscaping to over 100 lineal meters of street verge, or 50% of school street

frontage along Duke Street, with total of 10 new street trees and associated shrubs and groundcovers with reticulation. The proposed street frontage associated with the Stage 11's Administration building, 16.9m, represents 8% of school street frontage to Duke Street. Within the width of the Administration building, we have incorporated a 6m long planter recessed into the building's façade which represents over 35% of building frontage. As with Stage 9 the school site has a Class M soil classification (moderately reactive clay soil). This limits the proximity of trees to buildings. Trees are required to be at least $\frac{1}{4}$ of their mature height, in distance, away from buildings. This requirement prevents any trees being planted between the buildings and the boundary. Both Stages 9 & 11, have planters with shrubs and groundcovers proposed along the façade of the buildings. An additional parameter preventing landscaping in this area is the presence of the school's bus bays which require an unimpeded space to facilitate groups of students accessing buses in a safe and effective manner. In our opinion, further planting in this required clear zone, as suggested by one of the submissions, will reduce safety and functional requirements which would not be acceptable to the school due to their duty of care

- 2.5.3 Category 3 Stage 11: The Administration Building not conforming to Approved Stage 9's Planning Conditions (See 3D image in Annexure 1). We confirm that the Administration building setback, the building height and the Finished Floor levels relative to the boundary verge levels conform to the requirements established with the approval of Stage 9. **SITE MEETING FOR COUNCILORS AND NEIGHBOURS TO VIEW THE LOCATION OF THE PROPOSED ADMINISTRATION BUILDING – 28th November 2019** String lines were established on site representing the

boundary line and the 2.7metre setback line and an outline of the proposed building was depicted in blue spray paint on the ground. This was done so that councillors and neighbours could view the relationship between the proposed building and the minimum setback requirement. We therefore confirm that the building setback to the proposed Administration building from the Duke Street boundary ranges from a minimum of 2.9 metres at the external front edge of masonry wall, to maximum of 4.8m to the furthest point of the planter. The proposed setback of 2.7 metres to which we were requested to adhere as a result Stage 9 has therefore been complied with. (See 3D images in Annexure 1) The highest point of the building is 426 mm below the apex of the Classroom building which conforms with the height requirement resulting from the stage 9 approval. As requested at the site meeting on the 28th November 2019, we have forwarded a drawing indicating the as-constructed finished floor level of the building, the level at the boundary and proposed levels of the paving between these two points. This further confirms that Stage 9's setback is in accordance to approved drawings and conditions issued by the Shire as part of DA on 26th February 2019 namely 2.7 metres.

2.5.4 Category 4 -Stage 9: Setback, Finished Floor level and Site, Management issues:

We confirm that the drawings issued to the Stage 9's Contractor, Rivett Construction, contain information that is consistent with approved DA drawings issued by the Shire of Northam on 26th February 2019. The approved building slab level is 156.75m AHD. There have been no changes to this approved building slab level. We have previously forwarded a letter issued by Rivett Construction dated 08th November 2019 confirming that the building was built

in accordance with the approved drawings.

SITE MEETING FOR COUNCILORS AND NEIGHBOURS TO VIEW THE LOCATION OF THE PROPOSED ADMINISTRATION BUILDING – 28th November 2019 (See 3D image in Annexure 1).

The aforementioned String lines were established on site representing the boundary line and the 2.7metre setback. This demonstrated that the setback to the classroom block was in fact 2.7metres as per the condition of the DA for Stage 9.

In addition the brick paving connecting the entrance of the classroom block to the adjacent street boundary had been laid for councillors to view the relationship between the levels at these two points. It was explained at that meeting that we had established a 1:100 fall to the paving from the main entrance to the entry gate and then a rise of 1:100 from there to the boundary. This is the minimum fall allowed to paving in order for the rainwater not to puddle.

Most issues raised regarding management of the site were requests to the Shire, with the two exceptions being the issue of the port-a-loo being visible from the neighbour's property and the second being the storage of materials on the roadside. These were addressed by Rivett Construction in their letter issued with our submission and were expeditiously dealt with. We are confident that Rivett Construction has been managing the construction site in a professional and courteous manner. Since neighbours comments of the Meeting on 28th November 2019 re materials from the building site being found outside the defined site daily Photos have been taken

at the end of the day which indicate the area beyond the site has been cleaned daily. These have been forwarded to the Planning Department on a daily basis.

3. CONCLUSION

- 3.1 We believe that all the requirements established with the final DA approval for Stage 9a & 9b and which were subsequently questioned in the objections received by the Shire of Northam, have in fact been fulfilled.
- 3.2 In our professional opinion, the proposal appropriately considers all the stakeholders concerns and will result in an improvement in the Duke Street streetscape in terms of the visual aesthetic and public amenity without detrimental impact to residential neighbours. The proposal as outlined in the documents currently before the Shire of Northam awaiting DA, represents a modest, respectful and reasonable development worthy of approval without modifications.

Cr Della and Cr Girak returned to the meeting at 6:04pm.

Council Forum Meeting Notes
11 December 2019

Name: Nigel Oakey, DOME.

Agenda Item: 12.3.2 - Proposed LED Sign – 125 Fitzgerald Street East, Northam.

Summary of Deputation:

- Support Officer's Recommendation.
- Outlined that the proposed sign is a threat to Council's three pillars, heritage, commerce and lifestyle.
- Outlined that it impacts and doesn't fit within the town planning framework with respect to heritage precincts and fails to meet Council's policy objectives of the heritage precinct policy and adversely affects the policy area.
- Discussed the commercial zone objectives and uses and also the purpose of signage in these areas. It was raised that the proposed sign is not for advertising and is for broadcast media.
- Raised that it is proposed in a heritage precinct, and the sign is a modern LED sign.
- Raised that it is at a T junction on a main road and will distract road users.
- Discussed the heritage impact statement and outlined that these do not take into account the impact on the area, only the premise it is located.
- Raised that there is a policy in place to protect heritage. The proposal is opposite one of the oldest hotels which is a state heritage listed building, this proposal would have a detrimental impact on this significant building.

Name: Peter Yates, BGC Quarries.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Summary of Deputation:

- Outlined their support of the Officer's recommendation.
- Advised that there has been a number of changes within organisation and they now have a new General Manager.
- Advised that the licence should be granted for 10 years.
- Outlined that there were concerns raised by residents at the previous meeting and they were not given an opportunity to respond before Council made a

Council Forum Meeting Notes
11 December 2019

decision on the matter and reduced the licence to two years.

- Outlined that their organisation deal with a lot of complaints and have had no non-compliances. This is evident through the investigation undertaken by the State Government. The blasting allegations have been investigated and no issues were identified.
- It was advised that their organisation has provided free product to a resident who came to the previous meeting objecting to the application and provided photos of dust accumulating on their car. Their product is evident on their driveway and it is believed this is the dust that has accumulated.
- It was requested that any allegations should be investigated prior to Council making a determination on the matter. It was advised that they are happy for DWER to investigate their operations.
- If the state government believes that the licence is not adequate the Minister will amend the ministerial statement.

Name: Carlson Daniels, BGC Quarries.

Agenda Item: 12.3.3 - SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019).

Summary of Deputation:

- Provided an overview of his background with the organisation and the industry.
- Raised that they take concerns of stakeholders seriously and spend a lot of money knowing and complying with the legislation.
- Outlined that their organisation provide employment and material to local resident and Shire's.
- Raised their operational issues due to only having a two year licence which is restricting them from quoting or tendering on projects.
- Outlined the period of their licence does not diminish their commitment or responsibility to community.

The Executive Manager Community Services left the meeting at 6:20pm and returned at 6:21pm.

8. APPLICATION FOR LEAVE OF ABSENCE

It was raised that the year was listed incorrectly and this should be 2020.

Council Forum Meeting Notes
11 December 2019

9. CONFIRMATION OF MINUTES

9.1 ORDINARY COUNCIL MEETING HELD 20 NOVEMBER 2019

There were no queries raised in relation to this item.

9.2 NOTES FROM THE COUNCIL FORUM MEETING HELD 11 DECEMBER 2019

There were no queries raised in relation to this item.

9.3 NOTES FROM THE STRATEGIC COUNCIL MEETING HELD 27 NOVEMBER 2019

There were no queries raised in relation to this item.

10. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

The Shire President advised that agenda item 12.3.1 and 12.3.3 would be brought forward.

Cr M P Ryan declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his two children are current students of St Joseph's High School campus.

Cr C R Antonio declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as he attended this school, as did his children and many submissions have been made from people well known to him.

Cr A J Mencshelyi declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his grandchildren attend St Joseph's Primary School.

Cr S B Pollard declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his wife is employed by the Catholic Education Office on the Primary Campus. Grandchildren attend St Joseph's School.

Cr R W Tinetti declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his grandson attend this school.

Council Forum Meeting Notes
11 December 2019

Cr M I Girak declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as her property is diagonally across the road from the school and she has a close friend who lived opposite the development.

Cr C P Della declared a "Proximity" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his residence is directly opposing the development.

Mr C B Hunt declared an "Impartiality" interest in item 12.3.1 - Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam as his child attends St Joseph's School and his wife is on the St Joseph's School Board.

Cr Della and Cr Girak left the meeting at 6:33pm.

12.3.1 Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room & Toilet Facilities – 77 Wellington St, Northam

Clarification was sought in relation to:

- The drainage, it was raised that there have been issues in Bakers Hill in the past. If there are potentially drainage issues and an interference with underground water courses with this proposal, how can Council negate the impact? It was advised that it is hard to monitor or gauge what the impact are or will be. In the previous stage there was sub soil drainage installed and it is assumed that this will be the case for the current stage proposed. It was queried how deep the footings will be. The query was taken on notice.

Since the Council Forum meeting, it has been confirmed that the footings, according to the approved Structural Engineer's details indicate that the footings are a minimum of 700mm deep for Stage 9.

The following response has been received by the proponent's through their Architects to the questions raised –

Stage 9 related geotec reports, dated June & August 2018, where total of 8 investigation holes were dug up to the depth of 1800mm below natural levels show no indication of ground water. Geotec report has classified the site as Class 'M' and recommended sub-soil drainage be installed to cut-off the water flowing under the new building.

Both structural and hydraulic engineers have design the footings and recommended sub-soil drainage in accordance with relevant codes for

Council Forum Meeting Notes
11 December 2019

masonry construction & site classification Class 'M – moderately reactive clay'.

Below is the account of encountered suspected groundwater and actions we have taken.

Suspected groundwater was witnessed in the area between existing sport court and Church's carpark during site visit in September 2019. It was in the nature of wet and boggy soil in the mentioned area and shallow puddling of at a couple of locations associated with services trenches.

Santelli Architects consulted Ms Rebecca Epworth @ Coterra Environmental, a hydrogeologist, in a meeting on 27th September 2019. The solution recommended to move forward was to include a geofabric wrapped layer of even sized gravel as support for the low retaining walls to the ramp system. This solution/system was to allow natural flow of water to progress downstream unimpeded.

The proposed solution was reviewed by both the structural and hydraulic engineers before implementation. The contractor was then instructed implement the solution in mid- October 2019.

- The difference between the finished floor level and footpath. Mr Al Santelli from Santelli Architects explained the levels to manage the stormwater which will ensure that the school does not have stormwater exiting the site, nor will stormwater from the road reserve enter.
- Whether it is possible to make the road for local traffic only. It was advised that school buses will need access, in addition, given that an entrance is proposed to be on Duke Street, it will be assumed that this will need to be maintained. It was further queried whether the school buses can be relocated. It was advised that these were previously relocated from Wellington Street due to safety issues. Mr Al Santelli from Santelli Architects clarified that there was much more construction vehicles with previous stage due to nature of works, it is anticipated that there will be less vehicles on the site for this stage.
- From a planning perspective, does the verandah fit the criteria? It was advised that this fits the criteria and is outlined in the Officers report.
- Whether the cleanliness of the site has improved since the recent site visit. It was advised that the observation is that the builders have made an effort to improve the cleanliness of area. It was requested by the residents that the management plan include the requirement for them to manage the contractors.
- Whether it will be included in the management plan for tradies to park in the correct section and direction. It was advised that this matter will be covered in the construction management plan.

Council Forum Meeting Notes
11 December 2019

- Dust mitigation and who is responsible for managing this. It was advised that the contractor will provide information on how this will be managed, Council will monitor the same as any other development.
- Whether the start times can be included in the management plan. It was advised that these can be reiterated however it is listed in legislation.
- Whether the 40km signs will be installed for school hours. It was advised that Officers have initiated this process and approached Main Roads. This matter will be progressed with them in the very near future.

Cr Della and Cr Girak returned to the meeting at 6:51 pm.

One (1) member of the Gallery left the meeting at 6:37pm and returned at 6:38pm.

Six (6) members of the Gallery left the meeting at 6:51 pm.

12.3.3 SAT Order – BGC (Australia) Pty Ltd T/As BGC Quarries & Shire of Northam (Matter No. CC 1047/2019)

The Executive Manager Corporate Services left the meeting at 6:52pm.

Clarification was sought in relation to the following:

- The SAT order requiring Council to liaise with Department of Water and Environmental Regulation (DWER) in relation to a dust management study. It was advised that they are currently going through a process of calling tenders, Officers have been advised that they have received tenders and are currently assessing these however there has been no commitment as to when and if this study is going ahead.
- Whether Council is not complying with the SAT requirements by not obtaining advice. It was advised that Officers have received this from the applicant who has provided a draft condition which is included within the recommendation.

Two (2) members of the Gallery left the meeting at 6:54pm.

The Executive Manager Corporate Services returned to the meeting at 6:54pm.

11. REPORTS OF COMMITTEE MEETINGS

11.1 AUDIT AND RISK MANAGEMENT COMMITTEE MEETING HELD ON 4 DECEMBER 2019

There were no queries raised in relation to this item.

12. OFFICER REPORTS

Council Forum Meeting Notes
11 December 2019

12.1 CEO'S Office

12.1.1 Adoption of Integrated Workforce Plan 2019

- Clarification was sought in relation to whether there will be adjustments in the Long Term Financial Plan to account for the proposed staff increases. It was confirmed that this will be accounted for however noted that it does not bind Council.
- It was advised that some confidential information will be removed from the document which relates to salaries.

12.2 ENGINEERING SERVICES

Nil

12.3 DEVELOPMENT SERVICES

Mr C B Hunt declared an "Impartiality" interest in item 12.3.2 - Proposed LED Sign – 125 Fitzgerald Street East, Northam as the family of the owner is well known to him.

Cr C R Antonio declared an "Impartiality" interest in item 12.3.2 - Proposed LED Sign – 125 Fitzgerald Street East, Northam as the owner of the building is well known to him as is a submitter of the application.

12.3.2 Proposed LED Sign – 125 Fitzgerald Street East, Northam

Agenda item deferred at the request of the applicant.

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – November 2019

Reference	Amount	Details Reference	Question	Query By	Answer
34902	540.10	Andys Plumbing - unblock basin	4 hours labour + ?	Cr Pollard	25 hrs labour materials of \$241.00, job was to unblock basin plus replace time delayed pillar tap to basin and associated fittings
	363.00	Andys Plumbing - tap replacement	\$10 tap + \$353 labour?	Cr Pollard	1.5hrs labour \$180 materials, replace time delayed pillar tap and associated PRV Valve

Council Forum Meeting Notes
11 December 2019

Credit card	1045.00	Facebook boosting	Worth it?	Cr Pollard	Yes, part of the Ready Set Go program
	1045.00	Facebook boosting	Worth it?	Cr Pollard	Yes, part of the Ready Set Go program

12.4.2 Financial Statement for the period ending 30 November 2019

Details Reference	Question	Query By	Answer
FAG's untied grants down	How much impact will this have on our budget?	Cr Antonio	\$144,244 this financial year plus an additional \$50,293 for the 2020/21 year, would expect the impact to be high, will account for at the 19/20 budget review will analyse impacts as part of LTFP later in the financial year
Item 4 - Community Amenities Over	How are we collecting more tipping and sewerage fees?	Cr Antonio	Due to dry conditions we have been able to accept more seplage waste. The volume accepted and therefore income collected are very weather dependant as the ponds as evaporative. Wundowie foundry has increased production and we have received more monthly loads of them (Extra \$45,000). Undertaken a bin audit this financial year added extra kerbside services on as well as new services (Extra \$6640). Slight increase in other Council Tipping Fees due to increase volume (Roughly extra \$2000 per month).
Item 5 - Transport	Extractive Industries over budget. Is this good and are funds received permanent?	Cr Antonio	This contribution was paid for road maintenance relating to Spencers Brook road by the operators of the local quarry, it was overlooked during the budget process, as such the budget will be amended during the budget review process.
Item 6 - Economic Services	Will this balance out?	Cr Antonio	Grants and festivals income under budget, staff are continuing to identify possible grant and sponsorship opportunities to offset event expenses. BKB under Budget. Entry fees remain under budget, however programs income is over budget Building permits under budget due to a downturn in the building industry, a gradual recovery is anticipated
Item 12 - Transport	Is this to do with Avon Bridge - depreciation?	Cr Antonio	Depreciation increased greater than expected due to the gifting of the Newcastle road bridge from Main Roads 12.8m
Item 24 - Capital Expenditure	Looking for a more	Cr Antonio	Spencers Brook Road, detailed memo sent to Cr Antonio. In summary,

Council Forum Meeting Notes

Details Reference	Question	Query By	Answer
	detailed explanation of this		budgeted days for completion were 20. It took 193 days, 62 complete days. This added internal labour and plant costs. Bad weather and crew resignation added additional hours for completion. Additional \$104k to relocate a water line including clearing vegetation work unforeseen. Additional time delays caused complications with the contractor and additional resources and materials to maintain and rework prior to surfacing. Additional materials needed to rectify new problems identified once work commenced
3 Acquisition of Assets	What are the reasons we have not yet acquired these budgeted assets?	Cr Antonio	Please see attached spreadsheet with details
4. Disposal of Assets	Victoria Street Oval sale was fully budgeted for this?	Cr Antonio	Yes
5 Information on Borrowings	Loan 228 - what is 19/20 Budget Figure?	Cr Antonio	The Budget anticipated to take the loan later in the financial year. Repayments are every 6 months, hence no budgeted repayments in the 19/20 financial year. A budget amendment is required
	When do principal repayments start?	Cr Antonio	Loan 228 repayment is 3 March 2020
	Loan 221 note, but no Loan in schedule above?	Cr Antonio	Note to be removed.
"30 days hath September, April, June and Nov"	A useful mnemonic aid for # days	Cr Pollard	Typo
Note 1 - Lower FAGS grant - noted		Cr Pollard	As above
Note 7 - Lower Election Expenses	Why?	Cr Pollard	Timing, invoiced December
Note 13 - Noxious weeds over budget	Why? Amounts were budgeted	Cr Pollard	Noxious Weeds- Timing Seasonal for fire hazard reduction?

12.4.3 Waste Local Law 2019

Clarification was sought in relation to:

- Whether the local law is changing completely to WALGA model local law? It was advised that this is essentially what has occurred, with the exception of clause 2.10.
- Whether clause 2.10 is supported by the Legislative Council? It was advised that the Legislative Council has advised it can be included however recommended a change to the wording.
- The reason for adding clause 2.10. The question was taken on notice.

Since the Council Forum meeting it has been confirmed that the local law only enforces the collection of waste from domestic/ residential sources. Therefore all commercial, industrial and building waste are not covered by the local law unless expressly mentioned. This is standard in a local law as municipal waste (residential waste) which needs to be provided and coordinated by a local government to be both efficient and cost effective. The more services on the route the cheaper it is for the community and reduces the public health risks from poor waste management. It is not possible for the local law to enforce commercial services as this would be considered anti-competitive behaviour and is prohibited in other law.

The reason for the previous local law clause relating to builders bins is thought to be relevant to include in the latest version of the local law, is to enforce all builders (owner builders and professional builders) to have adequate storage and disposal for the waste generated from building activities. If they do not have this then there tends to be issues with windblown waste and untidy sites.

One (1) member of the Gallery entered the meeting at 7:02pm and left at 7:02pm.

12.5 COMMUNITY SERVICES

Council Forum Meeting Notes
11 December 2019

Mr C B Hunt declared an "impartiality" interest in item 12.5.1 - Northam Aquatic Facility - Amendment to Fees and Charges as his daughter is employed as a lifeguard for the Shire of Northam.

12.5.1 Northam Aquatic Facility - Amendment to Fees and Charges

Clarification was sought in relation to:

- The slide cost per session. How does our Aquatic Facility compare in relation to the total cost – entry fee and slide fee? It was advised that our entry fee is in the bottom 30% of standard entry fees. The table showing comparable fees is to be adjusted to show a total cost, including entry and slide fees.
- The management of the slides. Will the slides be closed for periods throughout the season? It was advised that at this stage the slides will be open all season at set times. This will be assessed based on the statistics from the remainder of the current season.
- How the data regarding slide usage will be captured? It was advised that it will be based on numbers of slide sessions sold.
- Concessional rates for entry and slide fees. It was advised that concessional rates are offered for pool entry, they are listed in the fees and charges. Concessional rates are not currently offered on slide fees.
- The cost of season passes, will these change? It was advised that season pass costs will not alter this financial year however they may change in future years. Historically the season pass allows access to both Wundowie and Northam Facilities, as of next financial year they will be separated due to the increase in services offered at the Northam Aquatic Facility. It is likely that the season pass cost for the Northam Facility will increase.
- The table on page 396 of the Agenda proposing the slides open for two hours per day on a weekday, can this be altered? Why can't the slides be open later in the day? It was advised that the table is based on 'best guess' at the moment as we don't have any statistics to work from. Times can be varied, however staffing costs need to be factored in. Considering opening the pool at 9am on weekends whereas it currently opens at 12pm. Closing at 7pm rather than 6pm is also being considered. Both opening and closing times will vary according to the season. All changes to opening times will be considered along with the calculated staffing costs with the aim to be flexible depending on the numbers and season.
- The heating of the pools. Are they heated individually can one be shut down while the other is open? It was advised that they are heated individually and therefore it is possible to shut down the 50 metre pool and only operate the 25metre pool all year round. Considering implementing a Management Plan to cover this.
- Concessions for low income / large families, will this be introduced? It was advised that as per the fees and charges we do offer concessional

Council Forum Meeting Notes
11 December 2019

pool entry fees and these can be adjusted as part of the annual budget review. The Shire is not recommending concessional rates for the slides, however Council can make the decision to offer concessional slide rates.

- Incentive based vouchers, prizes being offered in particular to disadvantaged youth, is this something that is being considered? It was advised that the 'No School – No Pool' type incentives are being considered. Vouchers and or prizes can be offered should Council decide to do so.

BRIEF

A development application has been received to obtain approval for the next stage of upgrades (Stage 11) to the St Joseph's Secondary School located at 77 Wellington Street, Northam.

The application was advertised to nearby landowners and 10 submissions were received raising concerns regarding the current proposal, and construction activities related to previously approved stages. The issues raised in the submissions have been considered in the assessment of this application.

It is recommended that the application be approved, subject to the recommended conditions listed at the end of this Report.

ATTACHMENTS

- Attachment 1: Application documents & plans
- Attachment 2: Schedule of submissions (full copies of submissions provided to Council separately)
- Attachment 3: Applicant's response to submissions
- Attachment 4: Officer's Assessment

A. BACKGROUND / DETAILS

Current Proposal

A development application was received by the Shire on 14 October 2019 from Santelli Architects on behalf of St Joseph's School to obtain approval to carry out works on the secondary campus located at 77 Wellington Street, Northam.

The school currently has 282 students and 24 staff including administration staff, and expects to grow in student numbers in the coming years. The proposed upgrades will improve facilities for students and staff to cater for the expected growth.

The proposed works, known as Stage 11, consisting of the following:

- New administration building facing Duke Street;
- Remote Staffroom in the centre of the School;
- Senior Toilet facilities; and
- Courtyard refurbishment.

Previous Stages

Current construction activities on the site, known as Stage 9 and consisting of 4 classrooms and an oval, are nearing completion. This stage was approved by Council at its Ordinary Meeting held on 20 February 2019 (Minute C.3589) following an invitation to reconsider its original decision of 17 October 2018 (Minute C.3499), as part appeal proceedings to the State Administrative Tribunal.

Relative to this application is the street setback and building heights for the classroom building facing Duke Street, which will be discussed in this Report.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.1: The Shire of Northam is recognised as a desirable place to live and residents are proud to live here.

Objective(s): Positive internal and external perceptions about the Shire of Northam.

B.2 Financial / Resource Implications

There are no financial implications or resource implications in making the recommendation.

B.3 Legislative Compliance

The land on which the existing school is located is zoned Reserve – Public Purposes (Church) under Local Planning Scheme No 6. Clause 2.3 of LPS6 applies to development proposals on reserved land and requires the local

government to have due regard to the ultimate purpose of the reserve and the matters set out in clause 67 of the deemed provisions.

An assessment has been carried out in accordance with the requirements of clause 2.3 to determine the application for development approval, which has concluded that conditional approval can be recommended. Refer **Attachment 4** – Officer Technical Assessment.

B.4 Policy Implications

There are no policy implications associated with this Report.

B.5 Stakeholder Engagement / Consultation

Consultation regarding the proposed development was conducted in the following ways:

- The Applicant and School conducted an information session with local residents prior to submitting the application to provide them an initial opportunity to comment on the development proposal and design.
- Once submitted, neighbouring landowners were formally notified in writing of the application and invited to provide comments. In response, a number of telephone calls and 10 written submissions, which included a joint submission with 14 signatures, were received by the Shire raising concerns regarding the current proposal, and previous stages under construction.
- Following close of the submission period, an on-site information session was held on 28 November 2019 for Councillors and neighbours. The Applicant presented their proposal to the attendees, including background information to their design, and answered questions from Councillors and a neighbour. A walk-through of the site was also conducted where the setbacks for the current and previous stages were depicted on the ground in the location of the proposed administration building to provide a comparison with the approved classroom. The height of the proposed building was also discussed.

The main issues raised by the residents relate to the following:

- proposed setback of building and cantilevered verandah;
- height of the proposed administration building;
- effects of the setback and verandah on visual amenity;
- lack of landscaping proposed;
- traffic safety; and
- impacts of the ongoing construction activities, such as dust, litter, noise and traffic on local amenity.

A Schedule of Submissions is attached to this Report (**Attachment 2**) that summarises the issues raised in the submissions and in response, the Officer's comments. The Applicant was provided an opportunity to respond to the

issues raised, and their response is attached to this Report (**Attachment 3**). A full copy of the submissions received have been provided to Council separately.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Potential costs associated with SAT appeal.	Minor (2)	Resolve any issues in Mediation.
Health & Safety	Risks during compliance activities.	Insignificant (1)	Carry out risk assessments prior to entering site.
Reputation	Possible adverse publicity.	Medium (3)	Communication with the community.
Service Interruption	N/a	N/a	N/a
Compliance	Increased monitoring required of site.	Minor (2)	Implementation of construction management plan.
Property	Damage during construction.	Minor (2)	As above.
Environment	Impacts during construction.	Insignificant (1)	As above.

C. OFFICER'S COMMENT

As indicated earlier in this Report, 10 submissions were received in relation to the proposal. The main issues raised by the residents relate to the following:

- proposed setback of building and cantilevered verandah;
- height of the proposed administration building;
- effects of the setback and verandah on visual amenity;
- lack of landscaping proposed;
- traffic safety; and
- impacts of the ongoing construction activities, such as dust, litter, noise and traffic on local amenity.

The above issues related to this development proposal raised are addressed as follows:

1. Setbacks – objections have been received regarding the proposed setback of the Administration building from Duke Street, particularly regarding the proposed cantilevered verandah.

In the submissions it is argued that the setback should be measured from the outer edge of the verandah to the property boundary. This would result in the verandah being setback a minimum of 2.7m, which is the distance that was established for the adjacent

classroom currently under construction as part of the SAT review process.

The administration building is proposed to have a setback ranging from 2.9m to 3.7m, which the Applicant states "is in excess of the established Stage 9's setback of 2.7m".

There appears to be confusion regarding the measurement of a setback and therefore it is appropriate to clarify this situation by providing the following definition:

Setback – *"The horizontal distance between a wall at any point and an adjacent lot boundary, measured at right angles (90 degrees) to the boundary."* (Residential Design Codes 2019).

As indicated by the Applicant, the proposed setback of the administration building from Duke Street is greater than the setback approved in Stage 9, regardless of the proposed cantilevered verandah. Noting the verandah will be located wholly within the property boundary.

Another consideration relative to this issue, is the fact that property is 'reserved' and not 'zoned' and therefore does not have development standards, such as setbacks, stipulated in the Scheme.

In these situations the setbacks are determined by the local government appropriate for the location to ensure the proposed structure will not have an adverse impact on the local amenity.

2. Building height – concerns have been raised that the proposed administration building will be higher than the classroom and that the classroom has been constructed higher than approved.

The highest point of the façade (the apex) of the administration building will be 6.2m above natural ground, which is 600mm lower than the apex of the Stage 9 classroom.

In regards to the concerns regarding the classroom levels, the Applicant has advised that surveys confirm that the finished floor levels and heights are in accordance with the approved plans.

3. Visual amenity – the objections regarding setbacks and heights also relate to the potential impacts on the visual amenity of the locality connected to the inclusion of the cantilevered verandah.

The Applicant has advised that the design is intended to continue that established in earlier Stages of the development, and that the inclusion of a cantilevered verandah will provide an undercover area for students whilst waiting for buses, and for the general public at other times. Additionally, the design is aligned with the traditional public/semi-public buildings along Wellington and Fitzgerald Street.

The inclusion of a cantilevered verandah does not impact the visual amenity of the locality. It provides visual interest to the design,

designates the entrance to the school, and enhances the streetscape when compared to an alternative design without.

4. Landscaping – the inclusion of landscaping has been suggested as one way to improve the visual amenity for residents opposite the development.

Landscaping has been incorporated into the design through the inclusion of a 6m long planter box, which covers 33% of the frontage as depicted in the submitted plans. The incorporation of the planter box builds on the design from Stage 9, which also includes over 100m of street verge planting, including 10 new trees.

Additional landscaping in the vicinity of the verandah and entrance would result in a potential hazard for pedestrians and traffic, particularly during student bus times, and due to the class M soils, a hazard to the building.

5. Traffic – concerns have been raised regarding the traffic being generated as a result of the school bus activities in Duke Street. It has been suggested that a 'school zone' should be established in Duke Street, similar to that on Wellington Street. The Shire and School support this request and will formally make a request to Main Roads.

In regards to traffic generated by parents, the main car parking for the school will remain accessible from Wellington Street. The Applicant has advised that a conscious decision was made to orientate the access to the Office for students and parents from the existing car park area in an effort to deter parents from using Duke Street.

6. Construction activities – concerns/complaints have also been raised in the submissions regarding the current construction activities, the impacts on residents and on the amenity of the locality.

It is alleged that numerous complaints have been made to the school, builder and the Shire, and that there has been a general lack of response to those complaints, which leads to current concerns that the future stage proposed in this application will continue to impact them.

A check of Shire records indicate that 3 complaints have been received during the current construction period, which have been responded to and resolved in a timely manner. The School and Builder have advised similarly.

To manage any potential impacts resulting from future construction activities, it is recommended that a condition of approval require that a construction management plan, including location of site facilities, complaints handling procedures and monitoring, be approved by the Shire prior to the commencement of any works.

Potential impacts on amenity and the compatibility of the development are matters identified in clause 67 of the Deemed Provisions, which have been considered in the assessment of this application as detailed in the Officer's Assessment (**Attachment 4**).

In conclusion, taking into consideration the assessment, issues raised, and the Applicant's supporting information, the application is being recommended for conditional approval.

RECOMMENDATION

That Council resolve to grant development approval (ref: P19080) for the construction of an administration building, staff room, senior toilet facilities and courtyard refurbishment at St Joseph's Secondary School located at Lot 54 (77) Wellington Street, Northam, subject to the following conditions:

- 1. The development hereby permitted must substantially commence within two years from the date of determination.**
- 2. The development hereby permitted taking place in accordance with the approved plans – SK.0SP.2 (Existing & Proposed Site Plan); SK.0SP.3 (Site Demolition Plan); SK.0SP.4 (Proposed Site Plan); SK.1ADM.1PL.1 (New Admin – Proposed Floor Plan); SK.1ADM.1PL.2 (New Admin – Proposed Roof & Ceiling Plans); SK.1ADM.2EL.1 (New Admin – Proposed Elevations); SK.2SR.1PL.1 (New Staffroom – Proposed Floor Plan); SK.2SR.1PL.2 (New Staffroom – Proposed Roof & Ceiling Plans); SK.2SR.2EL.1 (New Staffroom – Proposed Elevations); and SK.3TO.1PL.1 (New Toilet – Proposed Floor Plan & Elevations).**

In the event of an inconsistency between the approved plans and the conditions of this approval, the requirement of the conditions prevail.

- 3. Prior to the commencement of any works, a construction management plan shall be submitted to the local government for approval addressing the following matters:**
 - a. How materials and equipment will be delivered and removed from the site;**
 - b. How materials and equipment will be stored on the site;**
 - c. Parking arrangements for contractors;**
 - d. Construction waste disposal strategy, including litter collection, and location of waste disposal bins;**
 - e. Details of cranes, large trucks or similar equipment which may block public thoroughfares during construction;**
 - f. How risks of wind and/or water borne erosion and sedimentation will be minimised during and after the works; and**
 - g. Other matters likely to impact on the surrounding properties, including location of site facilities.**
- 4. The approved construction management plan shall be implemented for the duration of works to the satisfaction of the local government**
- 5. Security lighting is to be designed, baffled and located to prevent any increase in light spill onto any nearby residential properties.**

6. Prior to commencement of any works, a Stormwater Management Plan shall be prepared by a suitably qualified person demonstrating how stormwater will be managed on-site and those plans must be submitted to the local government for approval.
7. At all times during construction of the development all works and construction activities must be undertaken so as to avoid noise, vibration and dust nuisance to occupiers of land in the vicinity to the satisfaction of the local government.
8. Prior to occupation or use of the development, landscaping shall be completed in accordance with the approved plans to the satisfaction of the local government.
9. All landscaped areas and irrigation shall be maintained on an ongoing basis to the satisfaction of the local government.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3832

Moved: Cr Ryan
Seconded: Cr Mencshelyi

That Council resolve to grant development approval (ref: P19080) for the construction of an administration building, staff room, senior toilet facilities and courtyard refurbishment at St Joseph's Secondary School located at Lot 54 (77) Wellington Street, Northam, subject to the following conditions:

1. The development hereby permitted must substantially commence within two years from the date of determination.
2. The development hereby permitted taking place in accordance with the approved plans – SK.0SP.2 (Existing & Proposed Site Plan); SK.0SP.3 (Site Demolition Plan); SK.0SP.4 (Proposed Site Plan); SK.1ADM.1PL.1 (New Admin – Proposed Floor Plan); SK.1ADM.1PL.2 (New Admin – Proposed Roof & Ceiling Plans); SK.1ADM.2EL.1 (New Admin – Proposed Elevations); SK.2SR.1PL.1 (New Staffroom – Proposed Floor Plan); SK.2SR.1PL.2 (New Staffroom – Proposed Roof & Ceiling Plans); SK.2SR.2EL.1 (New Staffroom – Proposed Elevations); and SK.3TO.1PL.1 (New Toilet – Proposed Floor Plan & Elevations).

In the event of an inconsistency between the approved plans and the conditions of this approval, the requirement of the conditions prevail.

3. Prior to the commencement of any works, a construction management plan shall be submitted to the local government for approval addressing the following matters:
 - a. How materials and equipment will be delivered and removed from the site;
 - b. How materials and equipment will be stored on the site;

- c. **Parking arrangements for contractors;**
 - d. **Construction waste disposal strategy, including litter collection, and location of waste disposal bins;**
 - e. **Details of cranes, large trucks or similar equipment which may block public thoroughfares during construction;**
 - f. **How risks of wind and/or water borne erosion and sedimentation will be minimised during and after the works; and**
 - g. **Other matters likely to impact on the surrounding properties, including location of site facilities.**
 - h. **How complaints are to be received, actioned, resolved and monitored.**
4. **The approved construction management plan shall be implemented for the duration of works to the satisfaction of the local government**
 5. **Security lighting is to be designed, baffled and located to prevent any increase in light spill onto any nearby residential properties.**
 6. **Prior to commencement of any works, a Stormwater Management Plan shall be prepared by a suitably qualified person demonstrating how stormwater will be managed on-site and those plans must be submitted to the local government for approval.**
 7. **At all times during construction of the development all works and construction activities must be undertaken so as to avoid noise, vibration and dust nuisance to occupiers of land in the vicinity to the satisfaction of the local government.**
 8. **Prior to occupation or use of the development, landscaping shall be completed in accordance with the approved plans to the satisfaction of the local government.**
 9. **All landscaped areas and irrigation shall be maintained on an ongoing basis to the satisfaction of the local government.**

CARRIED 8/0

Whether the Local Planning Scheme provisions extend to underground water or if this is for stormwater. It was also queried whether consideration has been given to underground water as part of the assessment against the scheme and Department of Water and Environmental Regulation (DWER). The Acting Chief Executive Officer advised that the reference within the Scheme is generic in terms of managing water. The Manager Planning Services advised that initially the proposal was not assessed against the DWER guidelines, since becoming aware of these guidelines the application has been assessed and Officers are confident that the proposal addresses the guidelines.

Cr Della and Cr Girak returned to the meeting at 6.20pm.

Four members of the gallery left at 6.20pm.

Attachment 1

14th October 2019

SHIRE OF NORTHAM
PO Box 613
NORTHAM WA 6100

ATTENTION: Planning Department – Manager of Planning Services

Dear Sir/Madam,

RE: APPLICATION FOR DEVELOPMENT APPROVAL – STAGE 11 – NEW ADMINISTRATION, REMOTE STAFFROOM, SENIOR TOILET AND COURTYARD REFURBISHMENT AT: St JOSEPH'S SECONDARY SCHOOL, WELLINGTON STREET EAST, NORTHAM.

Please find attached the following documents and drawings forming part of our submission for Development Approval of the above:

- 1) A completed and duly signed, by the Owner, the Application for Development Approval, and Development Application checklist,
- 2) Latest Certificate of Title issued by Landgate for the property,
- 3) Toilet facilities calculations,
- 4) Architectural Drawings as per transmittal,
- 5) External Finishes schedule,
- 6) Perspectives of the proposed buildings.

The school have organized an electronic payment to the Shire of Northam of \$5,752.10 based on the following calculations for the construction cost of \$2,076,693.00 excl. GST

Planning Application fee = \$1,700 + (0.257% x 1,576,693.00) in excess of \$500,000 =
\$5,752.10

The scope of works for Stage 11 consists of the following:

- i) New Administration building facing Duke Street,
- ii) Remote Staffroom in the centre of School,
- iii) Senior Toilet block,
- iv) Courtyard refurbishment.

HERITAGE IMPACT STATEMENT – ADJACENCY OF NEW STAFFROOM TO EXISTING CONVENT

The proposed Staffroom building is to be built on current raised lawn area adjacent to the Convent Building on the School side. It will not be physically touching or physically impacting the Convent Building.

It is necessary to build the new Staffroom at the proposed location due to site constraints and its need to facilitate supervision of the surrounding buildings while student are not in classrooms.

The plan and form of the new Staffroom is chamfered and tapered to: -

- i) keep the openness of access of the Convent to the courtyard,
- ii) preserving sightlines to the Convent from the courtyard as much as possible,
- iii) reducing and softening overall presence of the new Staffroom when in conjunction to existing Convent.

The proposed external material for the Staffroom building is light weight compressed fibre cement sheets with 50% of these panels prefinished with pastel colours reflecting the house colours at the School. The choice of material is to draw distinction to the age of the development in a complimentary manner. The panels finished in fragmented pastel colours further aiming to reduce the overall perceived volume of the development by reducing its monolithic nature. There will be use of brick podium to the Staffroom aiming to tie the development into the campus.

Accessibility to the Convent is not altered as part of this development. The presence of the Convent on Wellington Street is not affected by the development as the proposed Staffroom is on the School's side.

New shade sails proposed in the courtyard are articulated to preserve sightlines to Convent building as much as possible.

COURTYARD REFURBISHMENT & SENIOR STUDENT TOILET BLOCK

The proposal includes refurbishment of existing courtyard. The objective is to reemphasise the courtyard being the central activity area and the heart of the School. The refurbishment will create passive recreation areas with shades, raised garden beds and composition of lawn & paved area. The new geometry of the courtyard aims to enhance relationships of historic, recent and new buildings on site.

The senior student toilet block is proposed by minor modification and extension to existing Sport Store. The Sport Store is a relatively new addition to the campus, non-historical in nature. This toilet block aims to ease congestion at current ablution building as well as increasing number of amenities to the campus.

STUDENT & STAFF NUMBERS

w www.santelliarchitects.com.au

The School currently has 282 students and 24 staff including administration staff.

The School is expected to growth in student numbers in coming years. The proposed Stage 11 development is to keep pace with the expected growth.

TOILET FACILITIES

With added amenities in Stage 11 development, the staff toilet facilities on the campus is able to cater for at least 80 teachers and administrative staff assuming equal gender split.

With added amenities in Stage 11 development, the student facilities on the campus is able to cater for at least 600 students assuming equal gender split.

CARPARKING

With regards to the staff car parking, the school currently uses the adjoining Church car park which accommodates 86 vehicles and any increase in staff numbers can easily be accommodated in this parking area. No proposed changes to parking facility to Stage 11 development.

DUKE STREET SETBACK / APEX

The proposed new Administration building has set back ranging from 2.9m to 3.7m which is in excess of the established Stage 9's setback of 2.7m. The proposed apex, the highest point of façade is 6.2m above natural ground which is 600mm lower than the apex of Stage 9's Classroom Block.

Your assistance in expediting this submission for approval would be greatly appreciated.

Should you have any queries in the process of reviewing this application, please do not hesitate to contact Al Santelli on (08) 93283711 for assistance or further information.

Yours Faithfully,

Alj A Santelli AIA

Attachment 2

Shire of Northam Local Planning Scheme No. 6

Proposed St Joseph's Secondary School – Stage 11 Administration Building, Staff Room and Toilet Facilities

Schedule of Submissions

No.	Name	Summary of Submission	Applicants Response	Officers Comment
1.	Owner, 71 Duke St, Northam	<ul style="list-style-type: none"> Constantly collecting rubbish from work site affecting lifestyle and property. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Statement/Letter. 	<ul style="list-style-type: none"> Shire records indicate that no complaints regarding rubbish have been received. Recommend construction management plan be submitted for approval, which includes waste management.
		<ul style="list-style-type: none"> Heights and setbacks agreed have not been adhered to affecting confidence in the Shire. 	<ul style="list-style-type: none"> Confirming Stage 11's setback is more than 2.7m. Confirming Stage 9 is adhering to agreed 2.7 metres setback established as part of DA. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Applicant, and builder, have confirmed that the development has been constructed in accordance with the approved plans.
		<ul style="list-style-type: none"> To not have green corridors separating brick/concrete structure and footpath affects amenity; provides no screening; and no noise absorption. Example 	<ul style="list-style-type: none"> Stage 11 included a 6 meters long planter box, more than 1/3 of total building frontage to Duke Street. The area in front of Admin is intentionally keep clear as it is where the 	<ul style="list-style-type: none"> Dismiss. Agree with Applicant's submission that sufficient landscaping has been provided in earlier stages and that the establishment

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		<p>provided of suggested landscaping.</p>	<p>school bus bay is located. Moderately reactive clay soil limits planting options. Refer to architect's letter.</p>	<p>of an undercover area in this application is supported.</p>
		<ul style="list-style-type: none"> Safety is compromised if speed limit is not reduced appropriately. Questions whether request for speed limit reduction during school times and days has been assessed yet. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Support. Recommend Council makes a submission to Main Roads to request a school zone be established on Duke Street.
2.	Residents of Duke Street (14 signatures)	<ul style="list-style-type: none"> Despondent and disappointed at the latest submission from the school. 	<ul style="list-style-type: none"> Not in the position to comment. Note that the proposed scheme was presented with 3D images to owners of neighbouring properties in meeting organised by the School 4th July 2019. No real objections received – refer to architect's letter and Letter from School. 	<ul style="list-style-type: none"> Noted.
		<ul style="list-style-type: none"> Under impression that a minimum 2.7m setback had been agreed and future stages would follow. 	<ul style="list-style-type: none"> Confirming Stage 11's setback is in excess of 2.7 meters. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Setback proposed for Administration Centre is at the closest point 2.9m, which

No.	Name	Summary of Submission	Applicants Response	Officers Comment
			<ul style="list-style-type: none"> Confirming Stage 9 is adhering to agreed 2.7 meters setback established as part of DA. Refer to architect's letter. 	<ul style="list-style-type: none"> is greater than the agreed setback for Stage 9.
		<ul style="list-style-type: none"> Many residents have complained about early starts; height of building pad; weekend construction; dust; rubbish; light from shed; damage to kerbing, footpaths and roads; ongoing mud and dirt on Duke St; traffic; congestion; and disregard for traffic regulations. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Statement/Letter. 	<ul style="list-style-type: none"> Shire records indicate that no complaints regarding rubbish have been received. Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Many residents confused at height of pad, floor and roof of new classroom. Believed height of floor was to be no higher than footpath level and fee that this has been overlooked. 	<ul style="list-style-type: none"> Stage 9 related – Confirming that building floor level is as per approved DA drawings. Refer to architects' & Contractor's letters. 	<ul style="list-style-type: none"> Dismiss. Applicant, and builder, have confirmed that the development has been constructed in accordance with the approved plans.
		<ul style="list-style-type: none"> Have major changes been granted that we aren't aware of? 	<ul style="list-style-type: none"> Stage 9 related – Confirming that there had been no change to building level and elevation between DA & 	<ul style="list-style-type: none"> No changes to the development approval have been sought or granted.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
			construction. Refer to architects' & Contractor's letters.	
		<ul style="list-style-type: none"> Given up hope about being heard over these everyday issues from the Shire and school. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> The previous and current development applications have included and considered the outcomes of the community consultation.
		<ul style="list-style-type: none"> Take very early and weekend wake ups in our stride; ring and text each other to warn when dust mitigation is non-existent; call and ask the Shire to street sweep; pick up rubbish ourselves; and be vigilant on the road. 	<ul style="list-style-type: none"> Stage 9 related – Refer to Contractor's letter. 	<ul style="list-style-type: none"> Shire records indicate that no complaints regarding noise, dust or rubbish have been received. Recommend supporting establishment of school zone. Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Disregard for our voices and our amenity needs to be addressed. Have State laws and Shire regulations to protect us. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Shire records indicate that very few (3) complaints have been received regarding construction activities. Submissions received regarding amenity have been considered in the assessment of this

No.	Name	Summary of Submission	Applicants Response	Officers Comment
				application and recommendations.
		<ul style="list-style-type: none"> Our amenity should be protected by the Shire and not stripped away by the school. 	<ul style="list-style-type: none"> Not in the position to comment other than we believe the proposed design provides added amenity & further enhances Duke Street's streetscape. 	<ul style="list-style-type: none"> Dismiss. Noting however that submissions received regarding amenity have been considered in the assessment of this application and recommendations.
		<ul style="list-style-type: none"> Feel our concerns over dust mitigation, excess rubbish, cigarette butts and early wake up issues will be worse in summer. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Statement/Letter. 	<ul style="list-style-type: none"> Shire records indicate that no complaints regarding noise, dust or rubbish have been received. Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Our objections are based on real issues and see no reason why they will be managed differently in Stage 11. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Shire records indicate that no complaints regarding noise, dust or rubbish have been received. Recommend construction management plan be submitted for approval to minimise any impacts.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		<ul style="list-style-type: none"> Deliberately chosen to submit this objection as a united neighbourhood group. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Noted.
		<ul style="list-style-type: none"> Shire is well aware of the damage, mistakes and issues and ask them to consider our concerns with next stage. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Bonds have been established to restore any damage to the footpath and roadway. Issues raised in the submissions have been considered in the assessment of the application. Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Totally confused why the architect and school insists the setback for Stage 11 is from the wall and not the verandah, which is over the previously agreed setback. 	<ul style="list-style-type: none"> Refer to BCA consultant's letter on clarification on verandah and building setback interpretation. 	<ul style="list-style-type: none"> Setbacks are measured from wall to boundary. The proposed wall to boundary setback of the Administration building is consistent with the previous stage.
		<ul style="list-style-type: none"> Residents object and call on the Shire to uphold the setback negotiated through 	<ul style="list-style-type: none"> Confirming Stage 11's setback is in excess of 2.7 meters. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Setback of the Administration building at the closest point is 2.9m.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		arbitration to an absolute minimum of 2.7m.		
		<ul style="list-style-type: none"> Object to cantilevered verandah coming to boundary. 	<ul style="list-style-type: none"> Refer to BCA consultant's letter on clarification on verandah and building setback interpretation. The verandah offers both the school and general public weather protection at the same time. It adheres to the tradition of local street facing buildings even behind setback. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Support the reasons for the cantilevered verandah.
		<ul style="list-style-type: none"> Object to verandah not be considered as part of building envelope. 	<ul style="list-style-type: none"> Refer to BCA consultant's letter on verandah and building setback interpretation. 	<ul style="list-style-type: none"> Dismiss. Setbacks are measured from wall to boundary. LPS6 does not specify setbacks or building envelopes for reserved land. The proposed wall to boundary setback of the Administration building is consistent with the previous stage.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		<ul style="list-style-type: none"> Object to negating of the agreed setback. 	<ul style="list-style-type: none"> Confirming Stage 11's setback is more than 2.7m. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Setback of the Administration building at the closest point is 2.9m.
		<ul style="list-style-type: none"> Object to school and architect totally disregard arbitration decision regarding Stages 9a and 9b. 	<ul style="list-style-type: none"> Confirming arbitration decisions were addressed as part of DA approval of Stage 9a & 9b. Current Stage 9's drawings issued to contractor is consistent to the DA approved drawings. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Setback of the Administration building at the closest point is 2.9m. Height is 600mm less than the adjacent classroom approved in Stage 9.
		<ul style="list-style-type: none"> Object to total lack of planned landscaping on the boundary and in front of the administration building. 	<ul style="list-style-type: none"> Stage 11 includes a 6 meters long planter box, more than 1/3 of total building frontage to Duke Street. The area in front of Admin is intentionally keep clear as it is where the school bus bay is located. Refer to architect's letter. 	<ul style="list-style-type: none"> Dismiss. Agree with Applicant's submission that sufficient landscaping has been provided in earlier stages and that the establishment of an undercover area in this application is supported.
		<ul style="list-style-type: none"> Object to our amenity being disregarded and stripped away. 	<ul style="list-style-type: none"> Not in the position to comment other than we believe the proposed design provides added amenity & further enhances Duke Street's streetscape. 	<ul style="list-style-type: none"> Dismiss. Noting however that submissions received regarding amenity have been considered in the assessment of this application and recommendations.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		<ul style="list-style-type: none"> Object to impacts that Stage 11 will have on the look and amenity of our neighbourhood. 	<ul style="list-style-type: none"> Not in the position to comment other than we believe the proposed design provides added amenity & further enhances Duke Street's streetscape. 	<ul style="list-style-type: none"> Dismiss. Noting however that submissions received regarding amenity have been considered in the assessment of this application and recommendations.
		<ul style="list-style-type: none"> Object to delays in traffic management. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Recommend construction management plan be submitted for approval to minimise any impacts. Recommend Council makes a submission to Main Roads to request a school zone be established on Duke Street.
		<ul style="list-style-type: none"> Object to lack of dust mitigation. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Letter. 	<ul style="list-style-type: none"> Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Object to lack of rubbish management. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Letter. 	<ul style="list-style-type: none"> Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Object to continued light pollution. 	<ul style="list-style-type: none"> Stage 9 related – refer to Contractor's Letter. 	<ul style="list-style-type: none"> Recommend construction management plan be submitted for approval to minimise any impacts.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
		<ul style="list-style-type: none"> Object to damage on kerbing, footpaths and roads. 	<ul style="list-style-type: none"> Part of Building Permit requires the contractor to repair any damage that occurs. 	<ul style="list-style-type: none"> Bonds have been established to restore any damage to the footpath and roadway.
		<ul style="list-style-type: none"> Why has the school and architect chosen to ignore our concerns and not hear us? 	<ul style="list-style-type: none"> Not in the position to comment, but the design and proposal has not been carried without consideration of streetscape/amenities to Duke Street. Refer to architect's letter. Note that the proposed scheme was presented with 3D images to owners of neighbouring properties in meeting organised by the School 4th July 2019. No real objections received – refer to architect's letter and Letter from School. 	<ul style="list-style-type: none"> Refer to Applicant's response.
		<ul style="list-style-type: none"> Why does the architect and school think we would give up our amenity further? 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Refer to Applicant's response.
		<ul style="list-style-type: none"> Asks the Shire to monitor development more closely and upholds our amenity. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Recommend construction management plan be

No.	Name	Summary of Submission	Applicants Response	Officers Comment
				submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Ask the Shire to demonstrate they are willing to support us residents and hold developers accountable for damage to Shire facilities. 	<ul style="list-style-type: none"> Not in the position to comment. 	<ul style="list-style-type: none"> Recommend construction management plan be submitted for approval to minimise any impacts.
		<ul style="list-style-type: none"> Express strong concern that the school will lead us back to arbitration and unnecessary costs. 	<ul style="list-style-type: none"> The School community too hopes that DA process will not come to unnecessary arbitration. 	<ul style="list-style-type: none"> Noted.
		<ul style="list-style-type: none"> Disappointed and dejected of this ongoing merry-go-round imposed by the school on setback and landscaping. 	<ul style="list-style-type: none"> Not in the position to comment, but the design and proposal has not been carried without consideration of streetscape/amenities to Duke Street. Refer to architect's letter. Note that the proposed scheme was presented with 3D images to owners of neighbouring properties in meeting organised by the School 4th July 2019. No real objections received – refer 	<ul style="list-style-type: none"> Refer to earlier comments regarding setbacks and landscaping.

No.	Name	Summary of Submission	Applicants Response	Officers Comment
			to architect's letter and Letter from School.	
3.	Owners, 75 Duke St, Northam	<ul style="list-style-type: none"> Strongly object to administration building not being setback. Object to verandah not be considered as part of the building envelope. Attached residents' letter of objection. 	<ul style="list-style-type: none"> Refer to letters by architect, school, Stage 9's contractor & BCA consultant. 	<ul style="list-style-type: none"> Dismiss objection regarding setback. Refer to above comments.
4.	Owner, 79 Duke St, Northam	<ul style="list-style-type: none"> Objects to administration building extending to the footpath when it was agreed that it would be setback 2.7m. Lack of consideration is disappointing and shows arrogance towards residents. As is dust, rubbish, trucks and early morning noise. Attached residents' letter of objection. 	<ul style="list-style-type: none"> Refer to letters by architect, school, Stage 9's contractor & BCA consultant. 	<ul style="list-style-type: none"> Dismiss objection regarding setback. Refer to above comments.
5. Attachment 3

18th November 2019

Ms. Jacky Jurmann
Manager Planning Services
SHIRE OF NORTHAM
PO Box 613
NORTHAM WA 6100

Dear Ms. Jurmann,

RE: RESPONSE TO SUBMISSIONS - APPLICATION FOR DEVELOPMENT APPROVAL – STAGE 11 DEVELOPMENT AT St JOSEPH'S SECONDARY SCHOOL, WELLINGTON STREET EAST, NORTHAM.

Please find attached:

- i) The response to the to the public submissions on the chart provided
- ii) Letter from Principal of St. Joseph's School including attachments regarding the notifications and liaising with the neighbours and ongoing contact over the construction period.
- iii) an initial response from Rivett Construction addressing the issues raised regarding the construction issues associated with Stage 9a & 9b and addressing the issues of the building being constructed in accordance with the DA conditions
- iv) an email from the Planning department regarding formal issues raised by neighbours during the construction period to date.
- v) An email from our BCA consultant that the code does not include a verandah as part of the setback. Therefore, the street setback varies from 2.9m to 4.8m which is in excess of the 2.7m required. It therefore complies to the required setback.

In response to the email from the Shire dated 05th November 2019 which contains the Schedule of Submissions at the end of DA Advertisement period for the Stage 11, we respond as follows and are summarised on the chart referred to in attachments item i) above:

We understand that the submission items can be grouped in to 4 categories: -

- 1) Objections to Stage 11 proposed awning in relation to building set-back of proposed Administration Building along Duke Street,
- 2) Lack of landscaped spaces in Stage 11,
- 3) The statement that the setback & floor level of the building are not in accordance with the approved Stage 9 planning conditions,
- 4) Stage 9 related site management issues.

w www.santelliarchitects.com.au

We pre-empt the response to the submissions by commenting on the process to date in relation to the Stage 11 development, during which the school had been communicating with the owners of the neighbouring properties about the proposed buildings.

The process commenced with the school organizing a meeting with the neighbours on 4th July 2019. This was early in the process and was to discuss and explain the proposed Stage 11 scope and answer any questions they had. As the Architects we attended the meeting and explained the design of the building with the aid of a 3D presentation and addressed any issues and answered questions they had. At the time the neighbours were appreciative of the consultation and voiced only minor concerns relating to:

- i) the potential for a security light to disturb one particular neighbour's sleep.
- ii) the awning on the Duke St elevation adjacent the entry gates to the Administration building.

We believe these concerns were allayed at the meeting by explaining that any lights on the roadside of the building would be directed back to the building and not across the road. It was also explained that the awning (called a verandah by the objectors) adjacent the Administration entry gates off Duke Street was to provide some protection to the students while waiting for the bus.

Since this initial meeting the school has been liaising with the neighbours. Refer to attached Letter from the school with records of dates of meetings & community letters/notices sent.

The builder Rivett Construction have also been proactive in keeping the neighbours informed and responding to issues. This is addressed below under "Stage 9's Site Management".

Category 1 Stage 11's Building Setback and Proposed Awning on Proposed Administration Building

We confirm that the setback to proposed Administration building from the Duke Street site boundary ranges from a minimum of 2.9 metres at the external front edge of masonry wall, to maximum of 4.8m to the furthest point of the planter. The proposed setback is therefore in excess of the established Stage 9 setback of 2.7 metres to which we were requested to adhere.

The proposed awning welcomes visitors to the School, and also provides a shelter for students waiting for the school buses.

In our interpretation, the proposed awning is aligned with the traditional public/semi-public buildings along Wellington and Fitzgerald street. In addition to serving the school, the awning will provide weather protection for general pedestrians as an amenity as well as contributing to the

Page 2 of 4

w www.santelliarchitects.com.au

character Duke Street.

In addressing whether the awning should be considered as building envelope, please refer attach Letter of Clarification issued by BCA consultant.

Also our understanding is that it is the Shire of Northam's policy to encourage such awnings as a public amenity.

Category 2 Landscape Spaces

Stage 9 has included landscaping to over 100m of street verge, or 50% of school street frontage along Duke Street, with total of 10 new street trees with reticulation. The proposed street frontage associated with the Stage 11's Administration building, 16.9m, represents 8% of school street frontage to Duke Street.

Furthermore, within the street frontage of proposed Administration building is the inclusion of a 6m long planter which covers 35% of building frontage.

As with Stage 9 the school site has a Class M soil classification (moderately reactive clay soil). This limit the proximity of trees to buildings. Trees are required to be at least $\frac{3}{4}$ of their mature height in distance away from buildings. Stage 9, and now Stage 11, have planters near the building which require concrete bases to prevent water infiltrating the soil in proximity to the building footings to prevent potential cracking.

A further parameter preventing landscaping in this area is the presence of the school's bus bays. We believe that a clear standing space is required for groups of students getting on and off the buses in a safe and effective manner.

In our opinion, further planting in this required clear zone, as suggested by one of the submissions, will reduce the functional requirements and affect student safety by reducing visibility.

Category 3 Approved Stage 9's Planning Conditions

We confirm that the drawings issued to the Stage 9's Contractor, Rivett Construction, contain information that is consistent with approved DA drawings issued by the Shire on 26th February 2019. Approved building slab level is 156.75m AHD. There have been no changes to this approved building slab level. Please also refer the letter issued by Rivett Construction dated 08th November 2019 confirming that they have built the new slab on site is in accordance to drawings. There have been no change to building levels and elevations.

Page 3 of 4

r:\01_projects\01_schools\sc josephs - northam\1902 - stage

e info@santelliarchitects.com.au
p 61 8 9328 3711 | f 61 8 9227 1042
w www.santelliarchitects.com.au

As requested on site meeting on the 14th November 2019, we will forward a drawing indicating the as-constructed finished floor level of the building, the level at the boundary and proposed levels of the paving between these two points.

We confirm that Stage 9's setback is in accordance to approved drawings and conditions issued by the Shire as part of DA on 26th February 2019 namely 2.7 metres.

Category 4 Stage 9's Site Management

Most issues raised regarding management of the site were requests to the Shire (see attached email), with the two exceptions, the first being the issue of the portaloos being visible from the neighbour's property and the second being the storage of materials on the roadside. These are addressed by Rivett Construction. Please refer to Rivett Construction's Letter on comments & replies to raised issues in the submission.

We are confident that Rivett Construction has been managing the construction site in a professional and courteous manner.

Should you have any queries in the process of reviewing this response, please do not hesitate to contact Al Santelli on (08) 93283711 for assistance or further information.

Yours Faithfully,

Alis A Santelli AIA

To whom it may concern,

This letter is to outline the contact that St Joseph's School has had with the neighbours on Duke Street throughout the building process in 2019.

I had only been in my new role as Principal for one day when I received a phone call from Sandra Lloyd requesting that I meet with the neighbours to hear what their concerns were. I expressed that I was very happy to meet with them, however, they must understand that the decision making for Stage 9 was already out of my hands as it had gone too far for changes to occur. We arranged a meeting for the evening of the 23rd January at Sandra's house. At this meeting they explained how disappointed they were that there was no consultation about the build happening and that the first they knew was when they received papers from the Shire. I let them know that I would do everything that I could to make sure that it did not happen again and that when it came time to start looking at the next stage we would make sure that they were included. I also showed them a draft of the plans for the Administration building and explained how, in light of their concerns over parents parking on Duke Street, we had decided to flip the plans of the building so that there was no doorway access directly from Duke Street. Our hope was that this would encourage parents to continue parking in the church carpark as they are now. I also talked about how I was very different to my predecessor and that I was more than willing to meet with them or speak over the phone whenever they needed to contact me.

After the SAT mediation meeting and subsequent Shire meeting in which the Stage 9 development was approved, I had no contact from the neighbours until the building works started.

Just before the builders were due on site I wrote a letter to all of the residents on Duke Street (within proximity to the school) to let them know the date of the expected start and to reiterate my availability should something not be to their liking. (see attached) I received several messages of thanks from the neighbours for keeping them in the loop.

After that most of the dealings between myself and the neighbours had been informal. I called in to see Sandra at her house on several occasions, most being in June and July as the building project was starting. There were issues around the port-a-loo location on the 17th & 18th June that required my intervention. During this time I not only spoke on the phone with Sandra on several occasions but I also went to see her each day until it was rectified. From that point I called in to see her every 10 days or so for the next month. That slowed down as there did not seem to be any issues.

Sandra and Michelle Allerdycce have both contacted me over a couple of small issues that were mainly issues that needed to be attended to by the builders – timing of trucks etc. I was more than happy to speak to both of them and with the help of the Site Manager they were resolved quickly.

I have also chatted informally to Jodie Ingram when she had concerns about trucks blocking her driveway. This was within the first two weeks of the build starting. Once she pointed it out to us what

had happened, the Site Manager tried to ensure that the trucks did not pull up on that side of the road and I have heard nothing since from Jodie.

At no point have we had any communication from the neighbours regarding the dust, the rubbish or the lights being an issue.

Early in July, the school and the architects decided to be proactive about Stage 11 and invited the neighbours to a meeting at the school to show them the plans and discuss any issues that they could foresee. At this meeting the neighbours appeared to be very receptive to the plans. They commented that they appreciated the change in design to discourage parking on Duke Street. We discussed the 40km school zone signage and decided that when the time came we would put in dual submissions at the same time to show the Shire/Main Roads that we all wanted the same thing. At this meeting Sandra Lloyd questioned the awning (verandah) and what the purpose was and why it was right up to the fence line. We explained that we wanted to have a space that could be used in bad and/or hot weather by both parents, students and other town residents as a place to shelter. The same neighbour also expressed her concern about the lighting and we assured her that whatever was put in would point downwards and towards the building. No other concerns were expressed at the time and in fact they left saying that it looked like it was going to be a lovely addition to the street and that it was exciting to see the development in the school. At no point since then have any of the neighbours asked to discuss the plans.

Early in October, once approval had been given by CEWA for the school to begin the process for Stage 11, I put a card in each neighbours' letterbox (see attached) thanking them for their patience and informing them that we had been given approval and that we would begin the process of application in the hope that we might be able to start work in late January or February.

I feel that the school has been as open and transparent as possible and have given the Duke Street residence every opportunity to contact us with their concerns.

Please do not hesitate to contact me for more information if required.

Yours sincerely,

Andrea Woodgate

Principal

Primary Campus: Lance Street – Telephone (08) 9621 3500 Fax (08)9622 5188
Secondary Campus: Wellington Street – Telephone (08) 9621 3550 Fax (08) 9622 3655

Dear St Joseph's School neighbours,

I am writing to you to let you know that our building program at the Secondary campus is due to begin work shortly. All going to plan, the builders (Rivett Construction) are due to commence on Tuesday 4th June.

We have had lengthy discussion with them about the concerns you expressed based on your experience with previous builds undertaken at the school. They understand that they are not to be on site until 7:00am, that they must have a dust management plan and that they are to communicate with us, so that we can communicate with you if there are going to be disruptions to power or water in the street.

They have asked me to let you know that they will be occasionally needing to take photos and/or drone footage to record the progress of the build. All images will be of the St Joseph's Site only

I wanted to make you aware of some of the short term changes that we will be needing to be put in place.

1. Buses will need to drop off and pick up at the Eastern end of the oval near the service gate as of Wednesday 5th June. This will be for the rest of the year.
2. The Duke Street entrance to the church and school will be closed for several months while the new oval is developed and the new driveway is realigned. All access to the church, parish office, Kirby Hall and the school will need to be made from Wellington Street. This will be as of Monday 10th June.

At this stage the builders are aiming to be completed before Christmas, so all going well you will have little or no disruption over the January school holidays.

I would like to thank you in advance for your patience during this time. Please do not hesitate to contact either Steve Johnson or myself if you have any issues with what is happening on site and we will do our best to rectify them.

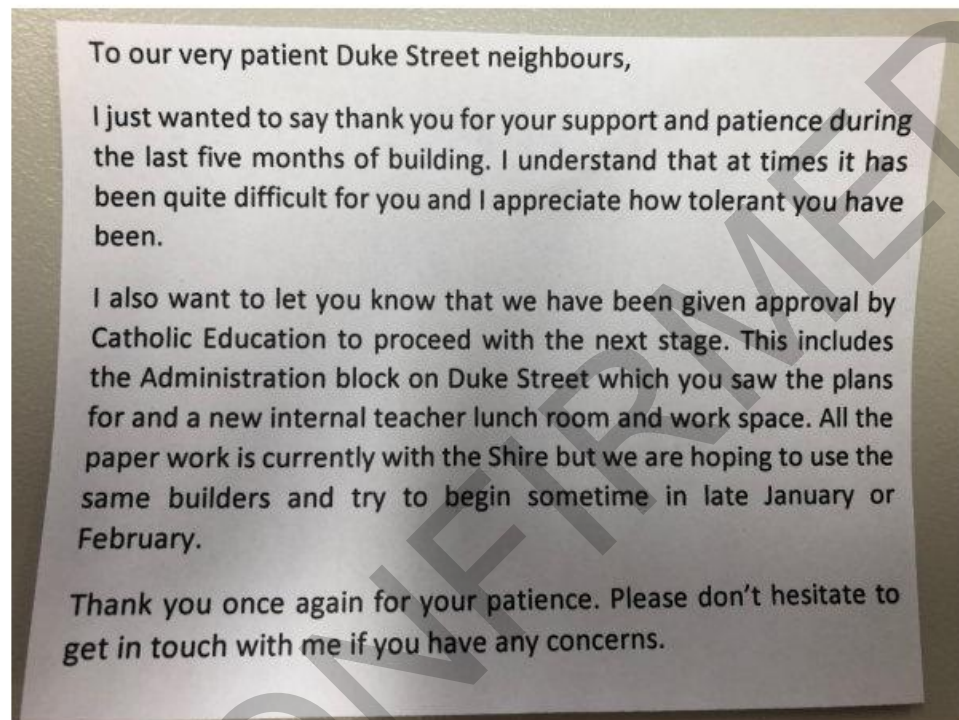

Take care,

Andrea Woodgate

Attention: Mr C Chong

Dear Chun

ST JOSEPHS SECONDARY SCHOOL, STAGE 11 – PROPOSED ADMINISTRATION BUILDING

I refer to the Planning submission for St Joseph's Secondary School, Stage 11. The proposal consists of a new administration building, staff room, courtyard and new external access ramps and stairs.

With regard to the verandah to the administration building on the south-eastern boundary the verandah does not form part of the building area as it is open on three sides and is a clear area not used for storage. The Building code of Australia does not deem an open verandah to be calculated in the building area.

The setback for this building is measured to the face of the building wall not the verandah edge. In this case the verandah is located on the street frontage and the BCA defines the far boundary of the road to be the fire source feature.

In accordance with the requirements of the BCA the open verandah is not included in the floor area of the administration building and is permitted to be located on the property boundary of Duke Street East as it maintains the required setback for fire separation to the far side of the road.

Should you require any further clarification on these matters please do not hesitate to contact me.

Yours sincerely

SANTELLI ARCHITECTS
13/101 FRANCIS STREET
NORTHERIDGE WA 6003

Attn: MR AL SANTELLI

ST JOSEPH'S SCHOOL SECONDARY CAMPUS – STAGE 11 PROPOSAL COMMENTS

We refer to your email dated 5th November 2019 outlining submission comments regarding the proposed Stage 11 works.

We reiterate our verbal comments regarding the neighbour objections to the Stage 11 works as being baseless and a lacking all merit. We have continued to maintain the site in a professional manner as with our dealings with the school and the neighbours. We are disappointed that our efforts seem to have been in vain.

We recognise that there are other issues that the neighbours have with the school that are influencing these comments.

Our response for the submission is as follows:

Stage 9 Levels

We confirm that the current building stage has been constructed in accordance with the levels as detailed in the Architectural drawings. We have reviewed these levels onsite and confirm that it complies with the approved drawing set. Please advise if additional confirmation of this work is required and we can arrange for our surveying contractor to formally review the site.

Shire of Northam Stage 9 Comments

We note the comments from Shire of Northam comments contained within your email dated 7th November 2019. We have maintained positive relations with all neighbours of the site and have not received any feedback from the council regarding any negative issue onsite. That said, our comments are as follows:

- Speed Limit for School zone – This is unrelated to the construction works;
- Street sweeper request – This is unrelated to the construction works. We have endeavoured to keep both Duke and Gordon Streets clean and free of dust and dirt.
- Location of Portaloo – This was discussed in the first week of the project with a neighbour. We relocated the site toilet away from their view and shielded it from the site boundary;
- Storage of construction materials on the roadway – Limestone blocks were placed of the footpath adjacent to the site entrance as part of the delivery to site. They were in this position for a total of 5 mins and then brought into site. We believe that this was not an issue for the neighbours or public.

Schedule of Submission Comment Response

In response to Schedule of Submissions presented, our responses are as follows:

- Submission 1, 71 Duke St Northam

RIVETT CONSTRUCTION
ATF ANGULAREM PTY LTD

BCR 14141
DIRECTOR
Steven Rivett
BBUSIMANI MBA MAIB

- o Item 1- We have maintained the site in a professional and clean manner since the commencement of works in May 2019. We have had no complaints from either the council or neighbours in the seven months of the current project. These are unrelated comments to the current Development Application.
- Submission 2 Residents of Duke St Northam
 - o Item 3 – Work commences onsite at 7.00am in accordance with the council requirements. There is a dust mitigation plan that has been followed for the project. There is no problem with security lighting for the site facilities. This is not unreasonable given the location of the site. There has been minimal damage to the existing footpath and driveways. There are currently in very poor condition prior to any works on the current project. There has been no issue with traffic regulations with the current project.
 - o Item 7 – There is a dust mitigation plan that has been followed for the current project. There has been no issues onsite with rubbish throughout the current project. Issues related to the council actions are not under the control of the head contractor.
 - o Item 10 – These comments have been dealt with above.
 - o Item 23 - These comments have been dealt with above.
 - o Item 24 - These comments have been dealt with above.
 - o Item 25 - These comments have been dealt with above.
 - o Item 27 - These comments have been dealt with above.
- Submission 4 79 Duke St Northam
 - o Item 3 - Work commences onsite at 7.00am in accordance with the council requirements. There is a dust mitigation plan that has been followed for the project.
- Submission 5 17 Gordon St Northam
 - o Item 1 - Work commences onsite at 7.00am in accordance with the council requirements. There is a dust mitigation plan that has been followed for the project.

Do not hesitate to contact the undersigned for any additional information required to enable the reports to be completed.

We await your advice.

For and on behalf of RIVETT CONSTRUCTION,

STEVEN RIVETT
DIRECTOR

OFFICER'S ASSESSMENT

PROPOSED ST JOSEPH'S SECONDARY SCHOOL – STAGE 11 ADMINISTRATION BUILDING, STAFF ROOM & TOILET FACILITIES – 77 WELLINGTON ST, NORTHAM (P19080 / A15185)

Clause	Provision	Proposal	Assessment
cl. 2.2, LPS6	Local reserves delineated on the Scheme Map. Property delineated as Public Purposes – Church.	Alterations and extensions to St Joseph's Secondary School.	No changes proposed. Complies.
cl. 2.3.1, LPS6	A person must not use or develop a reserve without approval.	Development application submitted to obtain approval for works.	Complies.
cl. 2.3.2, LPS6	Determination of an application must have due regard for – a) matters set out in clause 67 of deemed provisions. b) ultimate purpose of reserve.	Alterations and extensions to St Joseph's Secondary School.	Matters in clause 67 have been assessed (refer following). Purpose of reserve is for church (or religious purposes). The school is for the purpose of Catholic education, which is consistent with the ultimate purpose of the reserve. Complies.
cl. 67(a), DP	Aims and provisions of Scheme.	To carry out extensions to cater for future growth of school.	Proposal is consistent with the aims and provisions of LPS6, in particular (b), (e) and (g), which relate to provision of education facilities and heritage conservation.

Clause	Provision	Proposal	Assessment
cl. 67(b), DP	Requirements of orderly and proper planning, including any proposed scheme or amendment.	Alterations and extensions to St Joseph's Secondary School.	There are no proposed schemes or amendments that apply to this proposal.
cl. 67(c), DP	Any approved State planning policy.	Alterations and extensions to St Joseph's Secondary School.	Proposal is consistent with SPP3.0 – Urban growth and settlement and SPP3.5 – Historic heritage conservation.
cl. 67(d), DP	Any environmental protection policy.	Alterations and extensions to St Joseph's Secondary School.	Nil apply.
cl. 67(e), DP	Any policy of the Commission	Alterations and extensions to St Joseph's Secondary School.	Proposal is consistent with Element 8 of the Liveable Neighbourhoods Policy. Proposal is consistent with DCP2.4 – School sites.
cl. 67(f), DP	Any policy of the State	Alterations and extensions to St Joseph's Secondary School.	Nil apply.
cl. 67(g), DP	Any local planning policy	Alterations and extensions to St Joseph's Secondary School.	LPP20 applies. The application was advertised by directly notifying nearby neighbours of the development proposal in writing.
cl. 67(h), DP	Any structure plan, activity centre plan or local development plan	Alterations and extensions to St Joseph's Secondary School.	Nil apply.
cl. 67(i), DP	Any report of the review of the Scheme	Alterations and extensions to St Joseph's Secondary School.	It is proposed to review LPS6 and the Strategy in the near future, however

Clause	Provision	Proposal	Assessment
			there are no foreseen amendments that will affect this proposal or property.
cl. 67(j), DP	The objectives for the reserve and the additional and permitted uses.	Alterations and extensions to St Joseph's Secondary School.	Land is reserved for public purposes, specifically a church (religious purposes). The development proposal is consistent with the ultimate purpose of the reserve. LPS6 does not contain any specific objectives for the reserve nor does it contain any additional or permitted uses.
cl. 67(k), DP	Built heritage conservation	Alterations and extensions to St Joseph's Secondary School. Heritage Impact Assessment (HIA) submitted in support of the application.	The convent located on the site is listed on the Municipal Heritage Inventory and is a significant building on the site. The Officer concurs with the HIA submitted, which indicates that the proposed development will not impact the heritage significance of the site.
cl. 67(l), DP	Effect on cultural significance of the area	Construction of a new administration centre, staff room and toilet facilities.	No impacts have been identified. The proposal is consistent with the approved uses of the site.

Clause	Provision	Proposal	Assessment
cl. 67(m), DP	Compatibility of the development, including height, bulk, scale, orientation and appearance.	The overall height (apex) of the administration centre will be 600mm lower than the classroom under construction. The appearance of the building is consistent with classroom also fronting Duke Street.	<p>The proposed design, height and setbacks are consistent with the earlier stages of the school upgrades, in particular the classroom in Stage 9. The proposed varying setback will provide visual interest and enhance the streetscape.</p> <p>Cantilevering the verandah will provide an undercover area for students, parents and pedestrians.</p>
cl. 67(n), DP	Amenity of the locality, including environmental impacts, character and social impacts.	Construction of a new administration centre, staff room and toilet facilities. Design continues from previous stages. Inclusion of an awning to provide an undercover waiting area for students.	<p>This stage is a continuation of the redevelopment of the school site. Earlier approvals have established the design and character of the site, and will result in a positive social outcome for the community.</p> <p>A condition requiring a construction management plan is recommended to minimise short-term impacts on the amenity of the locality.</p>
cl. 67(o), DP	Effect on natural environment or water resources	Stormwater will be managed on site as approved by the Shire.	No impacts identified. Stormwater management methodology established in earlier stages. Stormwater management plan to be approved for this stage.

Clause	Provision	Proposal	Assessment
cl. 67(p), DP	Adequate provision of landscaping and whether any trees should be preserved.	6m long planter box proposed on the Duke Street frontage. Internal landscaping provided in courtyard. No existing trees to be removed. Extensive landscaping established in Stage 9.	Landscaping provided for Stage 11 is considered sufficient in context of development taking into consideration design, safety of students and site constraints. Inclusion of undercover area is supported in lieu of additional street landscaping.
cl. 67(r), DP	Suitability of land taking into account risks, such as bushfire or flooding.	Construction of a new administration centre, staff room and toilet facilities.	No risks have been identified that will affect the suitability of the site for this development.
cl. 67(s), DP	Adequacy of access, egress, loading, manoeuvring and parking.	Centralised access for loading and unloading from Duke St provided as part of previous development. No changes proposed to student drop off and parent/staff car parking from Wellington St. Administration building access oriented to encourage use of Wellington Street.	Complies. Car parking was assessed and approved as part of earlier stages. 86 spaces available. No additional car parking requirements required in this stage.
cl. 67(t), DP	Amount of traffic generated and capacity of road system	Proposed development to cater for future increase in student numbers. BRIEF

Council at its Ordinary meeting held on 19 June 2019 (Minute No. 3685) resolved to approve the issue of an Extractive Industries Licence to the Applicant, subject to a number of conditions, including limiting the period of the licence to two (2) years (condition 13).

The Applicant lodged an application to appeal condition 13 with the State Administrative Tribunal (SAT) with a view of being granted an amended licence for 10 years.

Following mediation held on 10 October 2019, Senior SAT Member Brian Hunt issued four (4) Orders (**Attachment 1**) in relation to the matter, including an invitation to Council to reconsider its decision, which is the subject of this Report.

Due to the confidential nature of the SAT Mediation proceedings, a number of the attachments to this Report are confidential.

ATTACHMENTS

- Attachment 1: SAT Orders
- Attachment 2: SAT Application - Confidential
- Attachment 3: DWER Tender Document - Confidential
- Attachment 4: Applicant's Submission - Confidential

A. BACKGROUND / DETAILS

As indicated earlier in this Report, Council resolved to approve the Applicant's application for an Extractive Industries Licence at its Ordinary Meeting held on 19 June 2019, subject to 26 conditions.

Condition 13 has been appealed to the State Administrative Tribunal, which limits the Licence to a period of two (2) years.

The Applicant's application to the State Administrative Tribunal is requesting that a period of ten (10) years, rather than two (2) years, is granted.

The reason the Applicant is seeking the review in the application (**Attachment 2**) is stated as:

"The decision of the Shire of Northam to condition the renewal of Extractive Industries License as being for a period of two years rather than 10 years (as was sought by the applicant), fails to take into account relevant considerations arising from the nature of the operations and industry conducted by the applicant, and having regard to (inter alia):

- (a) the scale and scope of the operation, including the importance of the quarry to the supply of basic raw materials to major infrastructure projects in the metropolitan area and surrounds;*
- (b) the time frames within which certain of the infrastructure projects supplied by the applicant are conducted exceeding the granted licence extension period;*
- (c) the investment of the applicant being made in fixed plant and equipment, and its operating life;*
- (d) the granting of an approval to operate by the DWER until 2036; and*
- (e) the regulation of the environmental aspects of the operation by the DWER and its capacity to impose conditions dealing with an environmental issues that may be raised during the operation of the extractive industry.*

In addition the respondent took into account irrelevant considerations of being objections unsupported by evidence, being irrelevant by reason of the environmental regulation of the quarry by the DWER."

A Directions Hearing was held on 12 August 2019 where it was agreed to hold Mediation on-site to discuss the issues of the appeal. Shire President Antonio, Deputy Shire President Williams and Councillors Little and Mencshelyi, the Executive Director Development Services, Chadd Hunt and Manager Planning Services, Jacky Jurmann, attended the Mediation on behalf of the Shire together with the applicant's legal representative, Mr Gilbert Flynn, Peter Yates, BGC's Health, Safety, Environmental & Training Manager and Paul Berkhout, BGC's Quarry Manager.

Extended discussion pursued regarding the issues raised by nearby residents during the consultation period for the application and at the Council Forum and Meeting, and particularly regarding dust emissions and impacts. These discussions included the role of the Department of Water and Environmental

Regulation (DWER) who have advised the Shire that they have requested quotes for an appropriately qualified and experienced consultant to undertake ambient air monitoring at and around the BGC site over the 2019-2020 summer/autumn period for the purposes of identifying sources, pathways, impacts and reasons for community dust complaints.

The Mediation resulted in the SAT Senior Member issuing the following Orders:

1. *"The respondent is to liaise with the Department of Water and Environmental Regulation (DWER) regarding the timing and scope of the planned 'Dust Study' of the BGC Quarry and advise the applicant on or before 28 October 2019.*
2. *The applicant, on receipt of the above advice is to draft a condition for possible inclusion in a reconsidered Council resolution, that reflects the outcomes of the DWER study, and provide this to the respondent on or before 1 November 2019.*
3. *Pursuant to s 31(1) of the State Administrative Tribunal Act 2004 (WA) the respondent is invited to reconsider its decision with regard the matters in Orders 1 and 2 above, and the applicant requested 10 year licence period at its meeting on/or before 20 November 2019.*
4. *The matter is listed for a directions hearing at 2 pm on 4 December 2019 at 565 Hay Street, Perth, Western Australia."*

In accordance with the requirements of Order 1, Council Officers have liaised with the DWER regarding the scope and timing of the proposed dust study. The DWER Officer has advised that, although the period for inviting quotations has closed, the assessment process has not yet commenced and therefore they are not in a position to confirm whether there were any acceptable quotations received. Given the scope and likely cost of the monitoring, there may be a need for the DWER to further consider the proposed monitoring from a financial perspective. Although it is DWER's intention to conduct the monitoring, at this time they could not confirm if, and when the monitoring would be undertaken.

The applicant was advised of the DWER responses and Quotation document in accordance with the requirements of Order 2. Officers then advised that it would be the Shire's preference that the matter be deferred until such time confirmation from the DWER that the dust monitoring will proceed and advice of the timing prior to the matter being re-presented to Council for reconsideration.

In response to the Shire's request, the Applicant agreed to request a deferral of the month for one month. SAT agreed to the request and the previous orders were amended to enable consideration at Council's Ordinary December

Meeting. As a consequence, the Directions Hearing Listed for 4 December 2019 was vacated.

Further liaison with the DWER has occurred where it has been confirmed that the tender period has closed and the submissions were being assessed. However, the DWER could still not confirm if and when the dust monitoring would proceed.

In response to Order 2, the Applicant's legal representative has made a submission (**Attachment 4**), including provision of the following draft condition, which they contend is appropriate to ensure that the obligation to comply with the DWER requirements is included in the conditions of the EIL for the duration of the licence:

"In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020."

In support of their position, a copy of BGC's monthly dust monitoring summary report has been provided for the month of January 2019 as an example that could be provided to the Shire if requested.

It is the Applicant's position that the DWER is the appropriate party to prescribe limits, and monitor and regulate emissions from a major asset such as the quarry, and although the DWER have not yet placed a tender for the additional monitoring, this should not be impede Council's reconsideration of the matter.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 1: Economic Growth

Outcome 1.1: The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objective: Pursue a range of developments in sectors including retirement living, renewable energy, agribusiness, innovation, logistics and aviation.

Theme Area 6: Governance & Leadership

Outcome 6.2: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

Objectives: Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders;
Complaints are heard and resolved transparently;
Effective and efficient two-way communication between the Shire of Northam and stakeholders.

B.2 Financial / Resource Implications

Should the matter go to hearing, there may be additional financial and resource implications.

B.3 Legislative Compliance

The Licence was approved and issued in accordance with the provisions of the Shire of Northam's Extractive Industries (Amendment) Local Laws 2018.

B.4 Policy Implications

Clause 3.1 (3) states "Where the local government approves an application for a licence, it shall –

- (a) determine the licence period, not exceeding 10 years from the date of issue; and
- (b) approve the issue of a licence in the form determined by the local government from time to time."

B.5 Stakeholder Engagement / Consultation

The SAT Mediation has been held with participation of the applicant and their legal representation, including reconsideration of this matter.

As discussed in this Report, the DWER has been consulted by Shire Officers as part of the mediation proceedings.

Mediation proceedings are confidential and anything said in mediation cannot be later used in a hearing, hence the confidential status of this Report. If settlement is reached, the details of the settlement is usually published on the SAT Decisions Database.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	The SAT appeal could go to hearing, which would result in legal costs.	Minor (2)	Continue to advocate for an amicable outcome.
Health & Safety	N/a	N/a	N/a

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Reputation	Appeal of Council's decision following reconsideration of this matter.	Minor (2)	Continue to communicate with residents.
Service Interruption	N/a	N/a	N/a
Compliance	Satisfy requirements of SAT Orders.	Insignificant (1)	Comply with SAT Orders.
Property	N/a	N/a	N/a
Environment	Potential for dust emissions & impacts.	Medium (3)	DWER regulation & monitoring.

C. OFFICER'S COMMENT

The Officer's original recommendation was for the licence to be granted for a period of ten (10) years, which is the maximum period that can be granted under the provisions of the Shire of Northam's Extractive Industries (Amendment) Local Laws 2018.

However, following consideration of the submissions received, the questions raised in Public Question Time and Deputation made, Council resolved to change the Officer's recommendation for the following reason: "Council formed a view that in light of the concerns raised by members of the community a shorter license approval timeframe to allow an opportunity to review the approval in a shorter timeframe".

In addition to the Development Approval and Extractive Industries Licence granted by the Shire, the premises are also regulated by the Environmental Protection Authority (Ministerial Statement), Department of Water and Environmental Regulation (Licence) and the Department of Mines Industry and Regulation (Worksafe).

As indicated in this Report, the DWER are proposing to employ a consultant to conduct ambient air quality monitoring to program to provide data which will enable them to make an informed assessment regarding the identity of potential sources of dust, the pathways of dust emitted in the area, dust impacts and the reasons for community dust complaints. A copy of the DWER's Request for Quotation is attached (**Attachment 3**) to this Report, which provides the background and parameters of the proposed monitoring.

Ideally, prior to Council determining whether it will reconsider its original decision, the DWER would not only confirm the monitoring will proceed and when, but the results of the monitoring to also be available, which was the intent of the orders following discussions at mediation. Unfortunately, the DWER

are unable to provide confirmation within the timeframes stipulated on the original and amended SAT Orders.

Taking into consideration the information provided by the DWER, the fact that the environmental aspects of BGC's operation are regulated by the DWER and EPA, and the requirements of the additional condition recommended by the applicant's legal representative, it is recommended that Council accept the SAT's invitation to reconsider their decision.

If Council resolves to reconsider its decision, the applicant may then choose to withdraw the proceedings.

If Council resolves not to reconsider its decision, then a second Directions Hearing will be listed for some time in December 2019, which is likely to result in the matter being listed for a Final Hearing. If the matter is listed for a Final Hearing, legal representative may be required to defend Council's position.

There are 3 recommendations provided to assist Council in its decision making process as follows:

ALTERNATE RECOMMENDATION NO. 1

That Council:

1. **ACCEPT** the invitation of the State Administrative Tribunal to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **AMEND** condition 13 of the Extractive Industries Licence to read: "The extractive industry licence will be valid for a period of ten (10) years, expiring on 30 June 2029."
3. **ADD** a new condition, condition 27 as follows: "*In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020.*"

ALTERNATE RECOMMENDATION NO. 2

That Council:

1. **DOES NOT ACCEPT** the invitation of the State Administrative Tribunal to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **REAFFIRMS** its decision of 19 June 2019 (Minute No: C.3685) in regards to condition 13 of the Extractive Industries Licence, which reads: "The extractive industry licence will be valid for a period of two (2) years, expiring on 30 June 2021."

ALTERNATE RECOMMENDATION NO. 3

That Council:

1. **DOES NOT ACCEPT** the invitation of the State Administrative Tribunal (at this point in time) to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **REQUESTS** the applicant to place the matter on hold until such time that the Department of Water and Environmental Regulation can confirm the timing of the proposed dust monitoring and provides the Shire of Northam with the results of the monitoring for consideration in determining an appropriate licence period.
3. **REQUESTS** the State Administrative Tribunal to invite the Department of Water and Environmental Regulation to participate in the SAT proceedings.

The Officer's recommended the issue of a 10 year licence in their original recommendation regarding this matter, and therefore Alternate Recommendation No. 1 is the Officer's Preference and is therefore recommended.

However, Council may decide to err on the side of caution and therefore it would be reasonable for Council to adopt Alternate Recommendation No. 3 taking into consideration the reasons behind the original resolution.

RECOMMENDATION

That Council:

1. **ACCEPT** the invitation of the State Administrative Tribunal to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **AMEND** condition 13 of the Extractive Industries Licence to read: "The extractive industry licence will be valid for a period of ten (10) years, expiring on 30 June 2029."
3. **ADD** a new condition, condition 27 as follows: "*In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020.*"

MOTION / COUNCIL DECISION

Moved: Cr Pollard
Seconded: Cr Mencshelyi

That Council:

1. **ACCEPT** the invitation of the State Administrative Tribunal to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **AMEND** condition 13 of the Extractive Industries Licence to read: "The extractive industry licence will be valid for a period of ten (10) years, expiring on 30 June 2029."

LOST 6/4

Clarification was sought in relation to whether item 3 of the Officer's recommendation could be removed. The Acting Chief Executive Officer advised that this was a recommendation from SAT, not direction and therefore it is believed that it can be removed.

Debate was held around the motion. Cr Pollard and Cr Mencshelyi spoke for the motion. Cr Williams, Cr Ryan, Cr Little and Cr Tinetti spoke against the motion. Cr Pollard used his right of reply to close the debate.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3833

Moved: Cr Ryan
Seconded: Cr Little

That Council:

1. **ACCEPT** the invitation of the State Administrative Tribunal to reconsider its decision of 19 June 2019 (Minute No: C.3685) in relation to condition 13 of the Extractive Industries Licence issued to BGC Quarries at Lot 100 (portion formerly known as Lot 14), No. 387 Great Southern Highway, Woottating.
2. **AMEND** condition 13 of the Extractive Industries Licence to read: "The extractive industry licence will be valid for a period of ten (10) years, expiring on 30 June 2029."
3. **ADD** a new condition, condition 27 as follows: "*In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020.*"

CARRIED 8/2

Debate was held around the motion. Cr Ryan and Cr Della spoke for the motion. Cr Williams and Cr Tinetti spoke against the motion. Cr Ryan used his right of reply to close the debate.

Cr Little, Cr Ryan, Cr Pollard, Cr Antonio, Cr Girak, Cr Galloway, Cr Mencshelyi and Cr Della voted for the motion.

Cr Williams and Cr Tinetti voted against the motion.

Four members of the gallery left the meeting 6.48pm.

Attachment 1

Jurisdiction:	<i>Local Government Act 1995</i>
Application:	Review if objection not lodged
Parties:	BGC (AUSTRALIA) PTY LTD T/AS BGC QUARRIES (Applicant) Shire of Northam (Respondent)
Matter Number:	CC 1047/2019
Application Lodged:	16 July 2019
Hearing Type:	Mediation Conference between parties to a matter
Date of Decision:	10 October 2019
Decision of:	Senior Sessional Member Brian Hunt

1. The respondent is to liaise with the Department of Water and Environmental Regulation (DWER) regarding the timing and scope of the planned 'Dust Study' of the BGC Quarry and advise the applicant on or before 28 October 2019.
2. The applicant, on receipt of the above advice is to draft a condition for possible inclusion in a reconsidered Council resolution, that reflects the outcomes of the DWER study, and provide this the respondent on or before 1 November 2019.
3. Pursuant to s 31(1) of the State Administrative Tribunal Act 2004 (WA) the respondent is invited to reconsider its decision with regard the matters in Orders 1 and 2 above, and the applicant requested 10 year licence period at its meeting on/on or before 20 November 2019.
4. The matter is listed for a directions hearing at 2 pm on 4 December 2019 at 565 Hay Street, Perth, Western Australia.

REVIEWABLE DECISION

Who made the reviewable decision? | Shire of Northam

On what date was it made? | 19 June 2019 (communicated by letter dated 27 June 2019)

Please attach a copy of the decision.

DECISION SOUGHT

What decision do you want the SAT to make?

To condition the approval of a renewal of the Applications Extractive Industries Licence for an operation of a hard rock quarry by BGC Quarries at Lot 100 (portion formally known as Lot 14) No. 387 Great Southern Highway, Woottating, for a period of 10 years, rather than a period of 2 years.

UNCONFIRMED

GROUNDS

On what grounds are you seeking review?

The decision of the Shire of Northam to condition the renewal of Extractive Industries License as being for a period of two years rather than 10 years (as was sought by the applicant), fails to take into account relevant considerations arising from the nature of the operations and industry conducted by the applicant, and having regard to (inter alia):

- (a) the scale and scope of the operation, including the importance of the quarry to the supply of basic raw materials to major infrastructure projects in the metropolitan area and surrounds;
- (b) the time frames within which certain of the infrastructure projects supplied by the applicant are conducted exceeding the granted licence extension period;
- (c) the investment of the applicant being made in fixed plant and equipment, and its operating life;
- (d) the granting of an approval to operate by the DWER until 2036; and
- (e) the regulation of the environmental aspects of the operation by the DWER and its capacity to impose conditions dealing with any environmental issues that may be raised during the operation of the extractive industry.

In addition the respondent took into account irrelevant considerations of being objections unsupported by evidence, being irrelevant by reason of the environmental regulation of the quarry by the DWER.

SUPPLEMENTARY INFORMATION

DOCUMENTS THAT MUST BE SUBMITTED WITH THIS APPLICATION
See Practice Note 2 : Review Proceedings.

SAFETY AND SECURITY

Please contact the Tribunal on 9219 3111 if you wish to identify a specific safety or security issue relevant to this application.

NOTES & INSTRUCTIONS

Please see Practice Note 2 - Review Proceedings. Please also note that where you provide a postal address on your application form, that address will be used as an address for service unless you advise SAT otherwise.

PROCEDURAL REQUIREMENTS

Notes to applicant:

- (1) You are required to serve a copy of your application on -
 - (a) each other party;
 - (b) any other person entitled to a copy; and
 - (c) any other person the SAT directs you to give a copy to.
- (2) If you are required to file any supporting documents, they must be filed with your application. Note to respondent - You will receive notice from SAT of a first directions hearing or when SAT will direct what steps must be undertaken.

Submissions and applications may now be sent to SAT via email: sat@justice.wa.gov.au

Submissions by email must contain:

Filer's name.
Postal address.
Email address.

Relevant matter number.
Telephone number.
Matter number (if known).

Applications submitted by email where there is an application fee must have the Credit_Card_Authorisation_Form attached with the application and be completed.
All emails documents and attachments must be formatted for printing in A4 and be of a size which is legible. Emails cannot exceed 10 megabytes in size.

LODGEMENT FEE

Application fee of \$550.00. Hearing fee (for each day or part of a day allocated, other than a first day) for an application by a person \$550.00.

DECLARATION

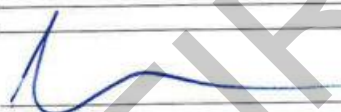

- To the best of my knowledge, all information provided in this application is true and correct and no details relevant to the application have been left out.
- I understand it is an offence under section 98 of the State Administrative Tribunal Act 2004 to knowingly give false or misleading information to SAT.

ADDENDUM TO REQUEST DOCUMENTS

Request No.:	DWER103719
Request Title	Site Specific Ambient Air Quality Monitoring Services
Addendum No.:	1
Date of issue:	4 October 2019
No. of pages and/or attachments	2

IMPORTANT :

By submitting an Offer, a Respondent will be deemed to have reviewed and understood this Addendum.

Addendum to Request DWER103719

ADDENDUM No. 1
to the Request document for

Request for DWER103719 Site Specific Ambient Air Quality Monitoring Services

Question 1 Does Standard and Non-Standard mean that **BOTH** Australian Standard and NON Australian Standard PM10 Monitoring is required; or should it be either Standard or Non Standard?

Site C – Upwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard and non-standard equipment to be used.
Site D – Downwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard and non-standard equipment to be used.

Response That was an error. The corrected table is below. Standard or non-standard equipment may be used.

Site C – Upwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard or non-standard equipment to be used.
Site D – Downwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard or non-standard equipment to be used.

Question 2 Are the nominated monitoring sites powered (240v/50Hz)? Or will solar power be required?

Response The onus is on the Contractor to provide the required infrastructure for the monitoring equipment, including power.

Question 3 Is Dust Deposition Required at Site C and Site D?

Response Deposited dust monitoring will be required at both Sites A and B. Not at sites C and D.

PART A – QUOTATION NO DWER103719

1.1 BACKGROUND

The Department of Water and Environmental Regulation (DWER; the Customer) is seeking a suitably skilled and experienced supplier for an ambient air quality monitoring program to provide data which will enable make an informed assessment regarding the identity of potential sources of dust, the pathways of dust emitted in the area, dust impacts and the reasons for community dust complaints.

1.2 SUBMISSION OF OFFER

1.2.1 HAND AND POST LODGEMENT

The Respondent may submit the Offer:

BY HAND OR COURIER AT:
Department of Water and Environmental Regulation Tender Box Reception, Prime House, 8 Davidson Terrace, Joondalup, WA 6027 Marked: Response to Request DWER103719
BY POST AT:
Department of Water and Environmental Regulation Tender Box Locked Bag 10, Joondalup DC, Joondalup WA 6919 Marked: Response to Request DWER103719

If the Respondent submits the Offer by post or hand, the Respondent must provide **four (4) copies** with one copy marked "original" and three (3) marked "copy".

Late offers will not be accepted unless it conforms to the criteria for admitting a late offer as stated in the Request Conditions.

Late offers will not be accepted unless it conforms to the criteria for admitting a late offer as stated in the Request Conditions

1.2.2 Offers may not be submitted by facsimile.

1.2.3 The Respondent may submit the Offer electronically **by email** to **tenders@dwer.wa.gov.au**

The Offer can only be submitted if the size of the Offer is equal to or less than 35 megabytes.

1.2.4 Conditions regarding the submission of Offers (including late lodgement and mishandling) are contained in the Request Conditions.

1.3 OFFER VALIDITY PERIOD

The Offer Validity Period is for a period of three (3) months.

1.4 CONTACT PERSONS

Different enquiries can be best dealt with by the most appropriate contact, shown in the following table. The Respondent must not contact any other person within Government or any consultant engaged in relation to this Request to discuss this Request.

1.5 REQUEST CONDITIONS

The "Request Conditions" are contained in the Part A of the *Request Conditions and General Conditions of Contract* [August 2019] located at www.finance.wa.gov.au (select Government Procurement, then "Goods and Services Templates, Guides and Conditions of Contract" from the Quick Links menu) and contain important provisions regarding the nature of this Request and the consequences of the Respondent submitting an Offer. The Respondent is deemed to have read and considered the Request Conditions prior to submitting an Offer.

1.6 SELECTION PROCESS

Value for Money is a key State Supply Commission policy objective to ensure that when purchasing services, Public Authorities achieve the best possible outcome, for every dollar spent, by assessing the costs and benefits of, and the risks inherent in, an Offer, rather than simply selecting the lowest Offered Price.

In determining Value for Money, the Customer will:

- a) apply relevant State Supply Commission and Government policies to the assessment of Offers;
- b) require Offers to meet any Compliance and Disclosure, Qualitative and Insurance Requirements detailed herein; and
- c) assess the Offered Prices.

The determination of Value for Money will require a consideration of all of the above factors and any other matters that the Customer considers relevant.

1.7 STATE SUPPLY COMMISSION AND GOVERNMENT POLICIES

State Supply Commission Policies and the Buy Local Policy, including the addenda, can be viewed and downloaded at www.ssc.wa.gov.au or copies are available from the State Supply Commission (telephone 08 6551 1500).

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

SCHEDULE 1 - CUSTOMER CONTRACT DETAILS

1. Customer	The Customer is the Director General, Department of Water and Environmental Regulation.
2. The Term of the Customer Contract	The Term will commence on the Commencement Date and will expire when the Services have been supplied in accordance with Clause 6 of the General Conditions.
3. Commencement Date	The Customer will notify the Contractor of the Commencement Date in the Letter.
4. Price Variation	The Price is fixed for the Term.
5. Public Liability	Public liability insurance covering the legal liability of the Contractor and the Contractor's Personnel arising out of the Services for an amount of not less than \$20 million for any one occurrence and unlimited in the number of occurrences happening in the period of insurance.
6. Professional Indemnity	Professional indemnity insurance covering the legal liability of the Contractor and the Contractor's Personnel under the Customer Contract, if awarded, arising out of any act, negligence, error or omission made or done by or on behalf of the Contractor, or any subcontractor in connection with the Contract for a sum of \$1 million for any one claim and in the annual aggregate, with a provision of one automatic reinstatement of the full sum insured in any one period of insurance. Professional indemnity insurance required under this clause must include: a) fraud and dishonesty; b) defamation; c) infringement of intellectual property rights; d) loss of or damage to documents and data; and e) breach of Australian Consumer Law.
7. Workers' Compensation	Workers' compensation insurance in accordance with the provisions of the <i>Workers' Compensation and Injury Management Act 1981 (WA)</i> , including cover for common law liability for an amount of not less than \$50 million for any one occurrence in respect of workers of the Contractor. The insurance policy must be extended to cover any claims and liability that may arise with an indemnity under section 175(2) of the <i>Workers' Compensation and Injury Management Act 1981</i> .
8. Motor vehicle third party	Motor Vehicle Third Party Liability insurance covering legal liability for property loss or damage and bodily injury to, or death of, persons (other than compulsory third party motor vehicle insurance) caused by motor vehicles used in connection with the Services in the Contract for an amount not less than \$30 million for any one occurrence or accident.
9. Compulsory third party	Compulsory Third Party insurance as required under any statute relating to motor vehicles used in connection with the Services provided in the Contract.
10. Contract Management Requirements	Customer's Representative Constance Dewan, Senior Environmental Officer Customer's Representative Contact Details Phone: 08 6364 7075 Email: constance.dewan@dwel.wa.gov.au] Reporting In accordance with Schedule 2, clause 3.4. Meetings In accordance with Schedule 2, clause 3.6. Key Performance Indicators In accordance with Schedule 2, clause 3.3.

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

<p>11. Confidential Information</p>	<p>The Customer specifies the following information to be "Confidential Information" under paragraph (b) of the definition of "Confidential Information" in clause 2.1 of the General Conditions:</p> <p>(a) All data, including raw data and information, partly or wholly included in reports generated by the Customer or Contractor, as well as information collected and collated during the Term by the Contractor, or provided to the Contractor, is deemed to be confidential and may not be passed to any other party or retained by the Contractor without the written authority of the Customer; and</p> <p>(b) All papers, documents and reports associated with the Services, including all drafts and finals unless and until any final reports or documents are released publicly by the Customer. All drafts must be kept confidential at all times regardless of any release of final documents.</p>

<p>17. Publicity</p>	<p>For the purposes of clause 24.4 of the General Conditions, no other Public Authority is specified.</p>
<p>18. Government Policies</p>	<p>For the purposes of clause 32 of the General Conditions, no obligations relating to Government procurement policies are specified.</p>

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

SCHEDULE 2 – SPECIFICATION / STATEMENT OF REQUIREMENTS

1. BACKGROUND

The Department of Water and Environmental Regulation (DWER; the Customer) is responsible for the regulation of emissions and discharges from premises which have implementation conditions under Part IV 'Environmental Impact Assessment' of the Environmental Protection Act 1986 (EP Act) or are licenced under Part V 'Environmental Regulation of the EP Act.

2. STATEMENT OF REQUIREMENTS

The Customer is seeking a suitably skilled and experienced supplier to conduct a site specific ambient air quality monitoring program to investigate dust sources and impacts from the BGC Quarry, approximately one (1) hour's drive from Perth and located at The Lakes, north-east of the corner of Horton Road and Great Southern Highway. See the aerial photographs at Figure 1 and Figure 2.

The Customer requires the site specific ambient air quality monitoring must be conducted over a period of approximately four (4) months between early summer 2019 and autumn 2020. The ambient air quality monitoring program must provide robust air quality monitoring data to facilitate informed assessment regarding the identity of potential sources of dust, the pathways of dust emitted in the area, dust sources and the reasons for community dust complaints.

Upon completion of the monitoring program, the Contractor must provide a report on the findings of the program to the Customer's Representative.

3. SPECIFICATION

3.1 Service Requirements

a) General Requirements

The Contractor must:

- Provide all appropriate equipment for the ambient air quality monitoring program (equipment should not be purchased);
- Install the monitoring equipment, and any necessary infrastructure for security and air conditioning, at locations selected in consultation with the Customer's Representative;
- Conduct the ambient air quality monitoring;
- Remove all equipment and associated infrastructure on conclusion of the monitoring period;
- Provide the collected raw data to the Customer's Representative;
- Process the collected data and analyse it in relation to the relevant criteria; and
- Document the findings of the ambient air quality monitoring in a report to the Customer's Representative.

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

b) Requirements for Specific Monitoring Sites

The Contractor must conduct monitoring in accordance with Table 1.

Table 1: Monitoring site requirements

Monitoring Site	Site Monitoring Requirement
Site A – Sensitive Receptors (residential home)	Collection of one hourly ambient PM ₁₀ data and deposited dust data close to a sensitive receptor for comparison against the NEPM criterion of 50µg/m ³ and the NSW deposited dust criterial of 4g/m ² per month above background. Standard equipment to be used.
Site B – Background Site	Collection of one hourly ambient PM ₁₀ data and deposited dust data at a background site unaffected by dust sources for comparison against the NEPM criterion of 50µg/m ³ and the NSW deposited dust criterial of 4g/m ² per month and 2g/m ² per month above background. Standard equipment to be used.
Site C – Upwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard and non-standard equipment to be used.
Site D – Downwind (close to the quarry boundary)	Collection of ambient PM ₁₀ data every five (5) to ten (10) minutes. Standard and non-standard equipment to be used.
Site C – Upwind or Site D – Downwind	Collection of 10m meteorological data for wind speed, wind direction, wind direction standard deviation (sigma theta) and temperature in accordance with AS 3580.14:2014 <i>Methods for sampling and analysis of ambient air – Part 14 Meteorological monitoring for ambient air quality monitoring applications</i>

The Contractor must use the same air monitoring standard equipment at Site A and Site B.

The Contractor must use the same air monitoring equipment at Site C and Site D.

The Contractor must ensure air monitoring equipment is sited in accordance with AS/NZS 3580.1.1:2016 *Methods for sampling and analysis of ambient air Guide to siting air monitoring equipment*.

c) Ambient Air Quality Monitoring Program Deliverables

On completion of the air quality monitoring program, the Contractor must provide the following deliverables to the Customer's Representative:

- Raw and processed data in comma delimited text files (csv format), as:
 - 5-10 minute PM₁₀ data for the boundary sites;
 - 1 hour PM₁₀ data for the receptor and background sites;
 - Meteorological data; and
 - Monthly deposited dust data;
- Percent of data recovery;
- All instrument calibration data;
- Analytical reports, where applicable; and
- A final report in accordance with clause 3.4.

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

3.2 Anticipated Timeframe

The Contractor must complete and report on the ambient air quality monitoring program of the prescribed premises for a period of approximately four (4) months between early summer 2019 and autumn 2020 in accordance with the following table.

Milestone	Anticipated Delivery
Monitoring program commencement	Mid December 2019
Monitoring program completion	Mid April 2020
Delivery of raw data at 95% data collection	Mid April 2020
Delivery of final report and all data	Early May 2020

3.3 Key Performance Indicators

The Contractor must complete all of the Services to a high standard of quality in accordance with the following:

- Ability to meet timing requirements to complete monitoring program and report on the ambient air quality monitoring program;
- Compliance with Australian Standards, AS 3580.14:2014 and AS/NZS 3580.1.1:2016
- A minimum of 95% data collection for each item of monitoring equipment;
- Quality of the collected data (raw and processed data); and
- Quality and completeness of all reports.

3.4 Reporting Requirements

On completion of the ambient air quality monitoring program, the Contractor must provide a final report to the Customer's Representative, comprised of:

- Introduction and scope of the objectives and requirements;
- An overview of the air quality monitoring program undertaken, including a description of the equipment used;
- A discussion of the findings against the criteria;
- Maps which show the location of dust sources, sensitive receptors and monitoring equipment; and
- A description of any non-compliance with standards for monitoring and siting.

The Contractor must submit a draft report in electronic format to the Customer's Representative for review and feedback. The Customer's Representative will provide the feedback within four (4) weeks of receipt of the draft report.

The Contractor must prepare and deliver a final written report, which incorporates the feedback.

The Contractor must ensure that all reports, data and deliverables are of a high standard of quality to ensure that the Customer is able to make informed decisions on or about the findings of the investigation into dust sources and impacts from the prescribed premises. The Contractor must also ensure that all information deliverables are based on verifiable and validated data capable of withstanding independent, external scrutiny.

PART A SPECIFICATION/REQUIREMENTS - RESPONDENT TO READ AND KEEP THIS PART PART A

An electronic copy of any maps, graphs, data and other material that could potentially be used in the final report must be provided to Customer with the final report.

All working papers and/or supporting documents related to the required Services are the property of the Customer and must be returned to the Customer's Representative on completion of the project or as requested.

The Contractor must prepare and deliver the final report in the following formats:

- One (1) electronic copy in a format compatible with Microsoft Office 365; and
- One (1) electronic copy in portable document format (PDF).

3.5 Role of the Customer's Representative

The Customer's Representative will be responsible for:

- Liaising with the Contractor on provision of information for the required Services and delivery of the final report and deliverables;
- Meeting with the Contractor to discuss any issues that arise; and
- Provision of feedback on the draft review report.

3.6 Meetings

The Contractor must attend an initial meeting with the Customer's Representative on Commencement of the Contract.

The Contractor may also be required to attend additional meetings with the Customer's Representative, if requested. These meetings will be arranged in consultation with the Contractor and may be conducted in person or by telephone.

The Contractor must attend a meeting with the Customer's Representative, to deliver its findings and final report. This meeting will be arranged in consultation with the Customer's Representative.

PART B RESPONDENT TO COMPLETE AND RETURN THIS PART PART B

PART B – CONTENT REQUIREMENT AND RESPONDENT'S OFFER

Part B should be completed by the Respondent and returned to the Customer (refer to 'submission of offer' requirements of clause 2.1 in the Request Conditions).

1. NOTE TO RESPONDENT

In preparing its Offer, the Respondent must:

- Address each requirement in the form set out in this Part B;
- Take into account the Customer Contract requirements, as explained in Schedule 1. The Respondent must read these in conjunction with the General Conditions;
- In respect of the Qualitative Requirements, provide full details of any claims, statements or examples; and
- Assume that the Customer has no knowledge of the Respondent, its activities, experience or any previous work undertaken by the Respondent for the Customer or any other Public Authority.

2. IDENTITY OF RESPONDENT

The Respondent must provide the following details:

RESPONDENT TO COMPLETE:	
(a) Name of Legal Entity:	
(b) Australian Company Number (ACN – if an Australian company):	
(c) Australian Business Number (ABN):	
(d) Registered address or address of principal place of business:	
(e) Business Name:	
(f) Contact Person:	
(g) Contact Person Position Title	
(h) Email:	
(i) Telephone:	
(j) Address for service of contractual notices:	

Note: The Offer does not require the Respondent's signature.

PART B RESPONDENT TO COMPLETE AND RETURN THIS PART PART B

3. PRE-QUALIFICATION REQUIREMENTS

There are no pre-qualification requirements for this Request.

4. COMPLIANCE AND DISCLOSURE REQUIREMENTS

The Customer will, in its Value for Money assessment, consider the extent to which the Offer satisfies the following Compliance and Disclosure Requirements.

The Customer reserves the right to reject any Offer that does not properly address any of the Compliance and Disclosure Requirements, and/or which contains material departures from the Customer Contract Details and/or General Conditions.

(a) **COMPLIANCE**

(i) **Customer Contract**

The Respondent must confirm whether it will comply with the Customer Contract (excluding the General Conditions and Schedules). If the Respondent will not comply with any clause of the Customer Contract, the Respondent must set out: (A) the clause it will not comply with; (B) the extent of non-compliance – including the alternative clause, if any, or a description of any changes it requires to the Customer Contract; and (C) the reason for non-compliance. RESPONDENT TO COMPLETE: Does the Respondent agree to the Customer Contract?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If no, provide details:	

(ii) **General Conditions / Schedules**

The Respondent must confirm whether it will comply with the General Conditions and Schedules. If the Respondent will not comply with any of the General Conditions and Schedules, the Respondent must set out: (A) the General Condition / Schedules it will not comply with; (B) the extent of non-compliance – including the alternative clause, if any, or a description of any changes it requires to the General Conditions / Schedules; and (C) the reason for non-compliance. RESPONDENT TO COMPLETE: Does the Respondent agree to the General Conditions/Schedules?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If no, provide details:	

PART B RESPONDENT TO COMPLETE AND RETURN THIS PART PART B

b) DISCLOSURES

(i) Participants (including subcontractors)

RESPONDENT TO COMPLETE:	
Is the Respondent acting as an agent or trustee for another person or persons?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, provide details:	
AND	
Is the Respondent acting jointly or in association with another person or persons?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, provide details:	
AND	
Has the Respondent engaged, or does the Respondent intend to engage, another person or persons as a subcontractor in connection with the supply of the Services?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, provide details:	

(ii) Criminal Convictions

The Respondent must confirm that neither the Respondent nor any person included in the Specified Personnel has been convicted of a criminal offence that is punishable by imprisonment or detention.	
RESPONDENT TO COMPLETE:	
Has the Respondent or any person included in the Specified Personnel been convicted of a criminal offence that is punishable by imprisonment or detention?	
Yes <input type="checkbox"/>	No <input type="checkbox"/>
If yes, provide details:	

PART B RESPONDENT TO COMPLETE AND RETURN THIS PART PART B

(iii) **Conflict of Interest**

The Respondent must declare and provide details of any actual, potential or perceived conflict of interest.

RESPONDENT TO COMPLETE:

Does the Respondent have any actual, potential or perceived conflict of interest in relation to the performance of the Customer Contract (if awarded) by the Respondent?

Yes No

If yes, the reasons why:

(iv) **Small Business, Australian Disability Enterprise (ADE) and/or Aboriginal Business**

RESPONDENT TO COMPLETE:

Respondent is required to disclose whether it is a:

(A) small business that employs fewer than twenty (20) people; and/or

Yes No

(B) registered Australian Disability Enterprise (ADE) – registered means to be listed as an approved ADE on the Australian Disability Enterprises website, *Buyability Directory*, and/or

Yes No

(C) registered Aboriginal business – the business is to be registered on the *Aboriginal Business Directory WA* and/or on *Supply Nation's Indigenous Business Direct*.

Yes No

If Yes, registered on:

- Aboriginal Business Directory WA
- Supply Nation's Indigenous Business Direct
- Both

The Respondent should note that its response to this Compliance and Disclosure Requirement will be used by the Department of Finance for statistical purposes only and will not be used by the Customer in its evaluation of the Offer.

PART B RESPONDENT TO COMPLETE AND RETURN THIS PART PART B

5. QUALITATIVE REQUIREMENTS

The Customer will, in its Value for Money assessment, consider the extent to which the Offer satisfies the following Qualitative Requirements. The Customer reserves the right to reject any Offer that does not properly address and satisfy any of the Qualitative Requirements.

The Qualitative Requirements are not weighted equally. Refer to the % weighting (xx% weighting) for each Requirement listed below.

a) SUITABILITY OF PROPOSED SERVICES AND METHODOLOGY (40% WEIGHTING)

The Respondent must:

- (i) Demonstrate the proposed Services meet the description set out in Schedule 2 – Specification / Statement of Requirements;
- (ii) Demonstrate understanding of the requirements of the Request in an outline of its proposed methodology to meet the requirements, as set out in Schedule 2 – Specification / Statement of Requirements. Details of the methodology should include:
 - (A) the scope of work/requirements broken into components with the estimated number of hours required to complete each one;
 - (B) details of the roles of the Specified Personnel and an estimated percentage of time each will spend in completing the requirements; and
 - (C) a description of critical issues and quality control mechanisms to be used in undertaking the requirements; and
- (iii) Provide a timeframe for the delivery of the proposed Services, which identifies key dates and milestones and outlines how any timing requirements set out in Schedule 2 – Specification / Statement of Requirements will be met.

RESPONDENT TO COMPLETE:

Respondent to demonstrate suitability of proposed Services and Methodology.

b) SPECIFIED PERSONNEL (40% WEIGHTING)

The Respondent must:

- (i) Identify any proposed Specified Personnel and provide a brief curriculum vitae for each, including a description of professional accreditations, qualifications and experience;
- (ii) Describe the skills and industry experience of the proposed Specified Personnel with reference to air quality monitoring and the requirements set out in Schedule 2 – Specification / Statement of Requirements and the Specified Personnel's role in the proposed methodology; and
- (iii) Detail the availability of the proposed Specified Personnel for the Customer Contract during the Term.

PART B

RESPONDENT TO COMPLETE AND RETURN THIS PART

PART B

RESPONDENT TO COMPLETE:

Respondent to provide the Specified Personnel information required under this clause.

c) **ORGANISATIONAL CAPACITY AND DEMONSTRATED EXPERIENCE (20% WEIGHTING)**

- (i) The Respondent must demonstrate it has the organisational capacity to perform the Contract in a short overview of the company, its resources, systems and NATA accreditations, its major clients and an approximate number of similar contracts per year.

RESPONDENT TO COMPLETE:

Respondent to provide the organisational capacity information required under this clause.

- (ii) The Respondent must provide details of contracts for similar services for other clients, which are relevant to the requirements of this Request, including:
 - (A) a detailed description of the services provided;
 - (B) similarities between the previous contract and this Request;
 - (C) when the previous contract was performed; and
 - (D) the outcome of the previous contract.
- (iii) The Respondent must also provide a minimum of two (2) referees in respect of the contracts detailed. Referee details should include the:
 - (A) referee's name and position;
 - (B) company name;
 - (C) contact email address and telephone number; and
 - (D) contract or project title.

RESPONDENT TO COMPLETE:

Respondent to provide the demonstrated experience information required under this clause.

PART B

RESPONDENT TO COMPLETE AND RETURN THIS PART

PART B

6. CUSTOMER CONTRACT INSURANCE REQUIREMENTS

The Respondent must demonstrate that it has the insurances required under Schedule 1 – Customer Contract Details.

RESPONDENT TO COMPLETE

Does the Respondent have the insurance requirements set out in Schedule 1 – Customer Contract Details?

(Yes / No)

If **Yes**, the Respondent **must include** copies of its certificates of currency for the required insurance policies **and** complete the following table:

	Insurer	ABN	Policy No	Insured Amount	Expiry Date	Exclusions, if any
Public Liability Insurance						
Professional Indemnity						
Workers' Compensation including common law liability of \$50 million						
Motor Vehicle Third Party Liability						

OR

If **No**, does the Respondent confirm that prior to being awarded a contract, they will obtain the insurance policies set out in Schedule 1 – Customer Contract Details before the Commencement Date?

(Yes / No)

If **No**, the Respondent must provide the reasons why.

SCHEDULE 3 – PRICING – RESPONDENT TO COMPLETE AND RETURN THIS PART

SCHEDULE 3 PRICING

The Customer will, in its Value for Money assessment, consider the extent to which the Offer satisfies the following Offered Price and Pricing Requirements. The Customer reserves the right to reject any Offer that does not properly address and satisfy any of the Offered Price and Pricing Requirements.

(a) **OFFERED PRICE AND PRICE SCHEDULE**

- (i) The Respondent must include in the Offer this completed Schedule 3 – Pricing.
- (ii) The Respondent must state the basis of its Offered Price in Australian Dollars.
- (iii) The Offered Price will be deemed to include the cost of complying with this Request (including the Customer Contract Details) and the General Conditions and the cost of complying with all matters and things necessary or relevant for the due and proper performance of the Customer Contract. Any charge not stated as being additional to the Offered Price will not be payable by the Customer.
- (iv) If the Offered Price is consideration for a taxable supply under the GST Act, the Offered Price will be deemed to be **inclusive of all GST** applicable to the taxable supply at the rate in force for the time being.

RESPONDENT TO COMPLETE:

Price Table A – Total Costs for Ambient Air Quality Monitoring Program

Requirements	Specified Personnel			Cost (including GST)
	Name	Role	No. Hours	
Conduct of a site specific air quality monitoring program for 4 months				
Draft report preparation and feedback				
Delivery of the final report and deliverables				
Other costs associated with the provision of the specified service, if any. (Respondent to identify individual and their costs.)				
Travel to monitoring program site 1 hour's drive from Perth				
Equipment hire				
Monitoring equipment infrastructure setup				
Total Cost (Lump Sum) including GST				

Note: All costs must be fully declared in your response. Any costs that are not clearly identified in your response will not be accepted when approving payments under this contract.

SCHEDULE 3 – PRICING – RESPONDENT TO COMPLETE AND RETURN THIS PART

Price Table B – Rates for Additional Services, If Required

Hourly Rates for Specified Personnel			Hourly Rates (including GST)
Name	Title	Role	

- (v) The rates listed above shall also apply to any additional work agreed to by the Customer not included in Schedule 2 - Statement of Requirements / Specification but relevant to complete the Project.
- (vi) The Rate shall include but not be limited to, all normal business expenses, any regional or interstate phone calls or faxes, any travel in the Perth metropolitan area, and provision of all reports and advice.

Hello Jacky,

I confirm your advice to me that by COB today you need to be provided with materials for inclusion in the next Shire meeting materials.

As discussed, it is and remains our client's position that the DWER is the appropriate party to prescribe limits, and monitor and regulate emissions from a major asset such as the quarry. If the DWER have not yet placed a tender for the additional monitoring, this should not be an impediment to the reconsideration due to occur in the December meeting.

The proposed new condition in the email below is and remains appropriate to ensure that the obligation to comply with DWER requirements is included in the conditions of approval – this will endure for the duration of the licence (as the DWER may impose new or varied conditions from time to time) hence the recommended licence duration of 10 years is not a material issue for the Shire. There may be movements to the regulatory regime within this time, including but limited to any that might arise from any additional monitoring currently being considered by the DWER. This monitoring would take months in any event, and so the results would not be known before a reconsideration even if the tender was already awarded (and we have no information in this regard)

Also as discussed at the conference, our client can provide monthly summary reports showing the results of its monitoring of PM10, and related data about wind speed and direction. This is not the "raw" data, rather a summary of the month's data in graphic form. An example is attached – this shows the data from January 2019.

A graph in this particular form is able to be provided monthly if this assists in a redetermination, as was discussed.

Accordingly, the proposal we suggest is put forward for the reconsideration is a new condition 13 (with the subsequent existing conditions being re-numbered)

- "13. In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020."

If the provision of a graphic of the monthly data is required to be a condition, this could be added to require a report in the form attached. However the provision of a graph was not intended to be a condition in the formal sense, as it was discussed at the meeting. Rather it was a proposal that allowed the Shire officers to have some visibility as to conditions at the quarry each month.

Please call if you wish to discuss this or require any clarification.

Kind regards

Hello Jacky,

The idea is to locate the additional condition within the existing conditions in an appropriate position; adding a new condition 13 is in my view the right place. Condition 13 becomes 14 etc.; however condition 13 as it stands is also amended, becoming a 10 year period (and being re-numbered as condition 14). The other conditions are likewise re-numbered.

Re-numbering could be avoided of course if you were to add the new condition as "12A" for example; or adding it at the very end so existing numbers do not change.

As for other issues, I note that dust from all activities (and indeed dust from off-site) is captured by the existing monitors. Monitoring is of dust the quarry emits (and more often than not it emits less than enters the quarry site). It is measured against NEPM standards. Dust suppression generally is dealt with by the dust management plan. These matters can be clarified later.

I am instructed that our client will allow the matter to be deferred until the December meeting to see how the DWER tender progresses – we can file consent orders at SAT for the deferment of the reconsideration. However it

needs to be reconsidered at that point – if the DWER does not consider this issue to warrant the proposed further study because to issue is not believed to be an actual risk, then the reconsideration should still proceed.

Kind regards

Gilbert Flynn

Subject: RE: I91533 - BGC - Shire of Northam - Ms Jacky Jurmann - confidential communication

Hi Gilbert,

Thank you for your email.

In regards to your suggested condition, it was the Shire's understanding that the condition would be an additional condition on the Extractive Industries Licence, not a replacement.

Condition 13 cannot be replaced as it stipulates the time period of the Licence, and was to be the subject of Council's reconsideration should they accept the SAT's invitation.

Without certainty from the DWER that the monitoring will go ahead, it will be difficult for Council to reconsider their position. The condition you have drafted relies on compliance with a third party's requirements, namely the DWER. However, the Shire also has a role to ensure that any dust emissions from extraction activities that are not licensed by the DWER do not adversely impact nearby residents or the amenity of the locality.

We need to finalise the Report to Council today to ensure that it is included in the Agenda for the November OCM to meet the SAT deadline. An extension of time in these proceedings would enable further liaison with the DWER to seek confirmation that the monitoring will go ahead, which would support the request for reconsideration.

Regards,

Jacky Jurmann

Subject: I91533 - BGC - Shire of Northam - Ms Jacky Jurman - confidential communication

Dear Ms Jurman,

DRAFT CONDITION FOR INCLUSION IN A RECONSIDERED COUNCIL RESOLUTION

Pursuant to Order 2 of the SAT Orders on mediation, the following is put forward as a draft condition for inclusion in a council resolution on a reconsideration.

This draft condition reflects the current status of the proposed study of the Department of Water and Environmental Regulation (DWER), namely that it is subject to an application for tender and request for quote, however, there is yet to be a tender awarded or a study completed.

The proposition reflected in the proposed condition is that the applicant shall separately be required to comply with DWER conditions imposed and binding on the applicant, including those conditions that may be imposed (if any) following the completion of the study. The DWER remains the principle regulatory authority, however, and is the party that is responsible for enforcing compliance with the conditions that it may impose.

On this basis, the proposed condition should be included as a new condition 13 of the current conditions (following other conditions relating to the oversight of the DWER).

The proposed new condition 13 is:

"13. In addition to the requirements of conditions 10 – 12 above, the applicant must further comply with any additional or amended conditions imposed pursuant to any applicable law by the Department of Water and Environmental Regulation from time to time for the duration of this licence following completion of a study that is proposed to be conducted by that Department involving dust monitoring in 4 locations in or around the quarry site proposed to be conducted from mid-December 2019 to mid-April 2020."

The above condition captures any changes that may occur to the conditions imposed by the DWER on the applicant as a consequence of this study. This is intended to provide the Shire with the assurance it is seeking that the applicant is required to comply with those conditions as part of its extractive industry license.

Kind regards

BRIEF

For Council to consider and receive the Audit Concluding Memorandum Report for the year ended 30 June 2019 for the Shire of Northam.

ATTACHMENTS

- Attachment 1: Audit Concluding Memorandum to for the year ended June 2019(confidential) - provided to Elected Members as a separate attachment to this agenda and minutes.
Attachment 2: Draft Financial Report for the year ended June 2019

Audit Committee Meeting Agenda
4 December 2019

BACKGROUND / DETAILS

The draft Financial Report for the year ended 30 June 2019 has been completed and presented to the Office of the Auditor General for audit. The audit was carried out on-site between 9th & 11th September 2019 with the draft Financial Report being ready for signoff on the 27th November 2019. Final signoff is expected to take place within 5 working days from the Auditor General's Audit Concluding Memorandum being presented to the Audit Committee.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

- Maintain a high standard of corporate governance; and
- Undertake our regulatory roles in a safe, open, accountable and respectful manner.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

- Open, accountable and effective decision making.

Financial / Resource Implications

Nil, however, it is estimated that additional staff resources may be needed if the more extensive audit requirements are ongoing. It is estimated staff resources associated with the annual audit tripled this year.

Legislative Compliance

Local Government (Audit) Regulations 1996 Section 9A

CEO to provide documents to Auditor General carrying out financial audit

(1) In this regulation — audit document means — (a) the strategic community plan as defined in the Local Government (Administration) Regulations 1996 regulation 19BA; or (b) the corporate business plan as defined in the Local Government (Administration) Regulations 1996 regulation 19BA; or (c) another plan or informing strategy specified by the Auditor General; or (d) another document specified by the Auditor General.

(2) The CEO must provide a copy of an audit document to the Auditor General within 14 days after the Auditor General requests it for the purposes of a financial audit under Part 7 Division 3A of the Act.

Local Government Act 1995 Section 5.53 Annual Reports;

(1) The local government is to prepare an annual report for each financial year.

Audit Committee Meeting Agenda
4 December 2019

- (2) The annual report is to contain -
- (a) a report from the mayor or president; and
 - (b) a report from the CEO; and
 - [(c), (d) deleted]
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year; and
 - (f) the financial report for the financial year; and
 - (g) such information as may be prescribed in relation to the payments made to employees; and
 - (h) the auditor's report for the financial year; and
 - (ha) a matter on which a report must be made under section 29(2) of the Disability Services Act 1993; and
 - (hb) details of entries made under section 5.121 during the financial year in the register of complaints, including —
 - (i) the number of complaints recorded in the register of complaints;
 - (ii) how the recorded complaints were dealt with; and
 - (iii) any other details that the regulations may require; and
 - (i) such other information as may be prescribed.

Local Government Act 1995 Section 5.54 Acceptance of Annual Reports;

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

* Absolute majority required.

- (2) If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Compliance	The Report is to be presented to the Audit Committee annually in order to comply with relevant legislation	Low	There are processes in place to ensure compliance with relevant legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

OFFICER'S COMMENT

This year was the first year the Shire of Northam was audited by the Office of Auditor General. The process was more rigorous and prolonged than was expected by finance staff.

This was compounded with the mandatory adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income of Not-for-Profit Entities.

The Office of Auditor General also made a ruling relating to monies held in trust, this resulted in the transfer of \$831,382 from Councils trust to Councils municipal fund.

The preparation of the Financial Report adopted methodology in calculating the asset consumption ratio has been updated to align with the Current Long-Term Financial Plan and Asset Management Plans and now better reflects the condition of Councils infrastructure. Subsequently this ratio has weakened slightly dropping from 0.56 to 0.53, however it is still within the accepted standard.

The table below outlines the reconciliation between the budgeted surplus and the actual surplus as presented in the Financial Report, the required timing adjustments will be carried out as part of the budget review process.

Audit Committee Meeting Agenda
4 December 2019

Surplus Reconciliation	2018/19	Adjustment
Budgeted Surplus	4,463,884	
WANDRRA Accrued Income	(237,220)	This income had been initially accounted for as accrued income, however as not yet received, it will be accounted for as revenue in the 2019/20 financial year
Aquatic Centre Grant	(375,000)	This income had been initially accounted for as accrued income, however as not yet received, it was considered as having an element of risk should there be any complications prior to its completion, it will be accounted for as revenue in the 2019/20 financial year
Prepaid Rates	280,140	Prepaid rates were recognised as a liability at 30 June 2019 under AASB 9. From 1 July 2019 AASB 1058 applies as such this will be accounted for as a liability as of the 1 July 2019
Adjusted Total	4,131,804	
Financial Report Actual Surplus	(4,162,558)	
Unallocated	(30,754)	

C Greenough, Governance / Administration Coordinator departed the meeting at 4.45pm.

G Godwin, Moore Stephens departed the meeting at 4.55pm.

A Lei, Office of the Auditor General departed the meeting at 4.55pm.

C Young, Executive Manager Corporate Services departed the meeting at 4.55pm

C Young, Executive Manager Corporate Services entered the meeting at 4.57pm

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.137

Moved: Cr Mencshelyi

Seconded: Cr Pollard

That Council accept the Audit Concluding Memorandum for the year ended 30 June 2019 for the Shire of Northam.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 27 to these financial statements.

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

2. REVENUE AND EXPENSES

(a) Revenue

Grant Revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Operating grants, subsidies and contributions			
Governance	0	4,000	0
General purpose funding	3,375,216	1,646,848	3,284,568
Law, order, public safety	268,532	160,204	197,682
Education and welfare	1,123,412	1,103,357	1,162,127

Total grants, subsidies and contributions	23,725,649	11,603,565	9,953,699

SIGNIFICANT ACCOUNTING POLICIES

Grants, donations and other contributions

Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over

Grants, donations and other contributions (Continued)

a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 23. That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

4 RESERVES CASH BACKED (CONTINUED)

In accordance with Council resolutions in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Leave Reserve	Ongoing	For the provision for employees' future liability commitments i.e. Annual leave, long service requirements and negotiated gratuities and sickness payouts. Funds are not expected to be used in a set period as further transfers to the reserve account are expected as funds are utilised.
(b) Aged accommodation reserve	Ongoing	For the provision of future capital works requirements for aged units at Kinningal Village, Wandooia and other sites within the Shire of Northam. Funds not expected to be used in a set period as further transfers to the reserve account are expected.
(c) Housing reserve	Ongoing	This is a reserve established for future construction of Community Housing in Wandooia. Funds are not expected to be used in a set period of time.
(d) Office equipment reserve	Ongoing	For the acquisition and upgrading of Council offices, furniture, computers and general equipment.
(e) Plant & Equipment reserve	Ongoing	For the acquisition and upgrading of the Council works plant and general equipment in accordance with the plant replacement program. Funds are not expected to be used in a set period of time as further transfers to the reserve account are expected as funds are utilised.
(f) Road and bridgework reserve	Ongoing	For the provision of upgrading of road and bridge infrastructure within the Shire of Northam. Funds not expected to be used in a set period as further transfers to the reserve account are anticipated.
(g) Refuse site reserve	Ongoing	For the development of refuse sites and related expenditure on infrastructure and equipment, including the provision for a future replacement facility and/or site. Funds are not expected to be used in a set period as transfers to the reserve account are anticipated.
(h) Regional development reserve	Ongoing	To provide for future projects whereby a broader range of development ideas may be required to be encouraged on a regional basis, in consultation with other stakeholders and/or Local Governments. Funds are not expected to be in a set period as future transfers to the reserve are anticipated.
(i) Speedway reserve	Ongoing	For the provision of funds for the possible future rehabilitation works required at the Northern Speedway site on Fox Road Northam. No date has been specified for the use of this reserve.
(j) Community bus replacement reserve	Ongoing	For the future replacement of the Shire of Northam Community Buses. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated.
(k) Septage pond reserve	Ongoing	For the future upgrades and maintenance to septage ponds and related infrastructure. Funds are not anticipated to be used in the set period as further transfers to the reserve account are anticipated.
(l) Killara reserve	Ongoing	To provide a reserve for surplus funds from Killara operations and restricted cash for any unspent Killara grants. No date has been specified for the use of this reserve.
(m) Stormwater drainage projects reserve	Ongoing	To provide funds for the stormwater drainage projects in the Shire. No date has been specified for the use of this reserve.
(n) Rec and Community Facilities Res	Ongoing	For Recreation and Public facilities. 2% of the net rates levied each year are set aside for the provision of recreation and sporting facilities.
(o) Administration office reserve	Ongoing	To provide funds for the expansion or relocation of the Shire of Northam Administration Centre. No date specified for the use of this reserve.
(p) Council building & amenities reserve	Ongoing	For the maintenance and upgrading of Council buildings and amenities. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated.
(q) River town pool dredging reserve	Ongoing	For the provision of dredging and maintenance of the River Town Pool. Funds are not expected to be used in a set period as further transfers are anticipated.
(r) Parking facilities reserve	Ongoing	For the provision of future car parking facilities. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated.
(s) Art collection reserve	Ongoing	Provision for the care and maintenance of the Shire of Northam's Art Collection, including the acquisition and disposal of artworks. Funds are not expected to be used in a set period as further transfers to the reserve account are anticipated.
(t) Retiulation scheme reserve	Ongoing	Provision for future replacement/upgrading of water reuse and reticulation infrastructure. Funds are not expected to be used in a set period as further transfers to the reserve account are expected as funds are utilised.
(u) Election reserve	Ongoing	Provision for the biannual Elections of Council.
(v) Revaluation reserve	Ongoing	Provision for the 4 yearly revaluation of the Shires GRV properties.

Non-current

Pensioner's rates and ESL deferred	403,701	408,638
	403,701	408,638

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 26.

In the prior year, the impairment of trade receivables was assessed based on the incurred loss model. Individual receivables which were known to be uncollectable were written off by reducing the carrying amount directly. The other receivables were assessed collectively to determine whether there was objective evidence that an impairment had been incurred but not yet identified. For these receivables the estimated impairment losses were recognised in a separate provision for impairment.

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

6. INVENTORIES

Current

Fuel

	2019	2018
	\$	\$
Fuel	0	1,224
	0	1,224
The following movements in inventories occurred during the year:		
Carrying amount at 1 July	1,224	1,224
Inventory expensed during the year	(1,224)	0
Carrying amount at 30 June	0	1,224

The following movements in inventories occurred during the year:

Carrying amount at 1 July

Inventory expensed during the year

Carrying amount at 30 June

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

7. OTHER CURRENT ASSETS

Other current assets

Accrued Revenue

	2019	2018
	\$	\$
Accrued Revenue	1,933,962	71,474
	1,933,962	71,474

SIGNIFICANT ACCOUNTING POLICIES

Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

8. OTHER FINANCIAL ASSETS

	2019 \$	2018 \$
(a) Current assets		
Other financial assets at amortised cost		
- Financial assets at amortised cost - self supporting loans	15,758	16,818
	15,758	16,818
(b) Non-current assets		
Other financial assets at amortised cost		
- Financial assets at amortised cost - self supporting loans	150,518	174,553
Financial assets at fair value through profit and loss		
Units in Local Government House Trust	210,205	0
	360,723	174,553

The 2018/2019 financial year was the first year the investment in Local Government House Trust Units were recognised in the Shire's Financial Report.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 26

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Previous accounting policy: available for sale financial assets

Available-for-sale financial assets were non-derivative financial assets that were either not suitable to be classified as other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Previous accounting policy: Loans and receivables

Non-derivative financial assets with fixed or determinable payments that were not quoted in an active market and are solely payments of principal and interest were classified as loans and receivables and are subsequently measured at amortised cost, using the effective interest rate method.

Refer to Note 28 for explanations regarding the change in accounting policy and reclassification of available for sale financial assets to financial assets at fair value through profit and loss.

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2	Market approach using recent observable market data for similar properties	Independent registered valuers	June 2017	Price per hectare/ available market information
Land - freehold land	3	Improvements to land valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs.
Land - vested in and under the control of Council	3	Improvements to land valued using cost approach using depreciated replacement cost	Management valuation	June 2017	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs.
Buildings - non-specialised	2	Improvements to buildings valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Market price per item
Buildings - non-specialised	3	Improvements to buildings valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Buildings - specialised	2	Improvements to buildings valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Price per square metre/ available market information
Buildings - specialised	3	Improvements to buildings valued using cost approach using depreciated replacement cost	Independent registered valuers	June 2017	Improvements to land using construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Furniture and equipment					
- Management valuation 2016	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Plant and equipment					
- Management valuation 2016	3	Cost approach using depreciated replacement cost	Management valuation	June 2016	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
- Management valuation 2016	2	Market approach using recent observable market data for similar assets	Management valuation	June 2016	Market price per item
Bushfire Equipment					
- Management valuation 2016	2	Market approach using recent observable market data for similar assets	Management valuation	June 2016	Market price per item

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

10. INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure Roads	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Footpaths	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Drainage	3	Cost approach using depreciated replacement cost	Management valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Playground Equipment	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Other	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Streetscape	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Bridges and Culverts	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Infrastructure Aerodrome	3	Cost approach using depreciated replacement cost	Independent valuation	June 2018	Construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

11. PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE)

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of fixed assets is determined at least every three years and no more than five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of *AASB 1051, Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below.

Asset Class	Useful life		
Buildings	20 to 55 years	Playground Equipment	5 to 15 years
Furniture & Equipment	4 to 10 years	Bridges & Culverts	75 to 100 years
Plant & Equipment (Bush fire)	3 to 15 years	Parks, Reserves and other infrastructure	4 to 55 years
Sealed Roads & Streets		Infrastructure-Aerodrome	5 to 50 years
Formation	Not depreciated	Footpaths	
Pavement	80 years	In situ concrete & slabs	32 years
Seal		Drainage	85 years
bituminous seals	23 to 30 years		
asphalt surfaces	23 to 30 years		
Streetscape	15 to 55 years		
Gravel Roads			
Formation	Not depreciated		
Pavement	80 years		
Gravel Sheet	33 years

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 26.

Expected reimbursements from other WA local governments	58,311	67,741	
	1,430,235	1,336,109	

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits
Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits
The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions
Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

- not later than one year	6,579,846	228,427
	<u>6,579,846</u>	<u>228,427</u>

The commitment as at 30 June 2019 relates to the tendered contracts for Northam Aquatic Centre construction.

The commitment as at 30 June 2018 relates to the tendered contracts for the Bilya Koot Boodja Centre interpretation implementation.

(b) Operating Lease Commitments

Non-cancellable operating leases contracted for but not capitalised in the accounts.

	2019	2018
	\$	\$
Payable:		
- not later than one year	13,008	11,420
- later than one year but not later than five years	11,395	22,841
	<u>24,403</u>	<u>34,261</u>

SIGNIFICANT ACCOUNTING POLICIES

Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

21. RELATED PARTY TRANSACTIONS

Elected Members Remuneration

The following fees, expenses and allowances were paid to council members and/or the President.

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Meeting fees	201,600	201,350	201,350
President's allowance	45,000	45,000	45,000
Deputy President's allowance	11,250	11,250	11,250
Travelling/other expenses	14,794	22,000	13,035
Telecommunications allowance	34,427	35,000	41,435
	307,071	314,600	312,070

Key Management Personnel (KMP) Compensation Disclosure

The total of remuneration paid to KMP of the Shire during the year are as follows:

	2019 Actual	2018 Actual
	\$	\$
Short-term employee benefits	880,287	865,853
Post-employment benefits	90,419	83,762
Other long-term benefits	20,303	19,875
	991,009	969,490

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire of Northam's superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service benefits accruing during the year.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

21. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire of Northam are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

The following transactions occurred with related parties:

	2019 Actual	2018 Actual
	\$	\$
Sale of goods and services	260	420
Purchase of goods and services	1,471	1,898

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

ii. Other Related Parties

The associate person of KMP was employed by the Shire under normal employment terms and conditions.

iii. Entities subject to significant influence by the Shire

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

22. JOINT ARRANGEMENTS

(a) Carrying amount of investment in joint operations

The Shire together with the Department of Housing and Works have a joint venture housing arrangement for the provision of eight aged care accommodation units at Lot 410 Kurringal Road Wundowie. The joint venture has been established since 1996.

Share of joint operations

	2019 \$	2018 \$
Land and buildings fair value 30 June 2017	1,062,175	1,062,175
Other infrastructure fair value 30 June 2018	8,800	8,800
Additions at cost	20,285	20,285
Less: accumulated depreciation	(43,549)	(21,249)
Total assets	1,047,711	1,070,011
Statement of comprehensive income		
Other revenue	43,819	48,041
Other expenditure	(55,482)	(69,115)
Net result for the period	(11,663)	(21,074)
Total comprehensive income for the period	(11,663)	(21,074)

SIGNIFICANT ACCOUNTING POLICIES

Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

Interests in joint arrangements (Continued)

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

26. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits, investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2019					
Cash and cash equivalents	1.10%	8,123,774	0	8,120,344	3,430
2018					
Cash and cash equivalents	1.60%	9,699,752	0	9,696,522	3,230

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2019	2018
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	81,238	96,998

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs.

The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings.

Details of interest rates applicable to each borrowing may be found at Note 14(b).

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

26. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2018 or 1 July 2019 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for rates receivable and sundry receivables.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2019					
Rates receivable					
Expected credit loss	0.64%	0.88%	1.29%	9.30%	
Gross carrying amount	720,098	501,541	298,426	761,079	2,281,144
Loss allowance	4,622	4,403	3,861	70,787	83,673

01 July 2018					
Rates receivable					
Expected credit loss	0.71%	0.98%	1.42%	10.59%	
Gross carrying amount	658,542	428,717	241,389	662,858	1,991,506
Loss allowance	4,681	4,183	3,421	70,185	82,470

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for sundry receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2019					
Sundry Receivables					
Expected credit loss	1.09%	8.40%	10.35%	58.38%	
Gross carrying amount	766,807	10,287	30,283	105,475	912,852
Loss allowance	8,366	864	3,135	61,577	73,942

01 July 2018					
Sundry Receivables					
Expected credit loss	0.76%	6.82%	8.74%	53.69%	
Gross carrying amount	1,309,043	56,413	20,001	73,307	1,458,764
Loss allowance	10,003	3,847	1,748	39,356	54,954

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

26. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 14 (d).

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
2019					
Payables	3,879,205	0	0	3,879,205	3,879,205
Borrowings	399,952	1,042,427	1,601,235	3,043,614	2,280,681
	4,279,157	1,042,427	1,601,235	6,922,819	6,159,886
2018					
Payables	1,698,187	0	0	1,698,187	1,698,187
Borrowings	347,159	957,198	1,524,961	2,829,338	2,008,062
	2,045,346	957,198	1,524,961	4,527,525	3,706,249

Resited Dwelling	21,834	452	(5,000)	(17,286)	0
Deposits Extractive Industries	242,599	5,751	0	(248,350)	0
Other	12,479	2,888	0	(15,367)	0
BCTIF	409	34,724	(33,476)	(1,657)	0
BRB	847	42,258	(39,966)	(3,139)	0
Animal Traps	330	100	(430)	0	0
Storm Damage	175	0	0	(175)	0
AROC	139,323	36,667	(10,750)	(165,240)	0
	1,010,013	281,896	(231,033)	(831,382)	229,494

In previous years, customer bonds and deposits were held as trust monies. They are now included in restricted cash at Note 3 and shown as a liability at Note 13.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

28. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associated with the amendment of existing standards, the only new standard with material application is AASB 9 *Financial Instruments*.

AASB 9 Financial instruments

AASB 9 *Financial Instruments* replaces AASB 139 *Financial Instruments, Recognition and Measurement* for annual reporting periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The Shire applied AASB 9 prospectively, with an initial application date of 1 July 2018. The adoption of AASB 9 has resulted in changes in accounting policies however there were no adjustments to the amounts recognised in the financial statements. In accordance with AASB 9.7.2.15, the Shire has not restated the comparative information which continues to be reported under AASB 139. Differences arising from adoption have been recognised directly in accumulated surplus/(deficit).

There was no effect of adopting AASB 9 as at 1 July 2018 for the following reasons:-

- No additional remeasurement needed to be done for the expected credit losses under AASB 9 (see note 26(b)).
- The Shire does not hold any available for sale financial assets.

(a) Classification and measurement

Under AASB 9, financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (fair value through OCI) or fair value through profit or loss (fair value through P/L). The classification is based on two criteria: the Shire's business model for managing the assets; and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The assessment of the Shire's business model was made as of the date of initial application, 1 July 2018. The assessment of whether contractual cash flows on financial assets are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

28. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The classification and measurement requirements of AASB 9 did not have a significant impact on the Shire. The following are the changes in the classification of the Shire's financial assets:

- Trade receivables and Loans and advances classified as loans and receivables as at 30 June 2018 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as Financial assets at amortised cost beginning 1 July 2018.

In summary, upon the adoption of AASB 9, the Shire had the following required (or elected) reclassifications as at 1 July 2018:

	AASB 139 value	AASB 9 category financial assets at amortised cost	Financial assets at fair value through OCI	Financial assets at fair value through P/L
	\$	\$	\$	\$
Trade receivables (note 5)	3,721,484	3,721,484	0	0
Loans and advances (note 8)	191,371	191,371	0	0
	3,912,855	3,912,855	0	0

(b) Impairment

The adoption of AASB 9 has fundamentally changed the Shire's accounting for impairment losses for financial assets by replacing AASB 139's incurred loss approach with a forward-looking expected credit loss (ECL) approach. AASB 9 requires the Shire to recognise an allowance for ECLs for all financial assets not held at fair value through P/L.

Set out below is the reconciliation of the ending impairment allowances in accordance with AASB 139 to the opening loss allowances determined, in accordance with AASB 9:

	Impairment under AASB 139 as at 30 June 2018	Remeasurement	ECL under AASB 9 as at 01 July 2018
	\$	\$	\$
Loans and receivables under AASB 139 / Financial assets at amortised cost under AASB 9	137,424	0	137,424
	137,424	0	137,424

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

29. NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION IN FUTURE YEARS

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

This note explains management's assessment of the new and amended pronouncements that are relevant to the Shire, the impact of the adoption of AASB 15 *Revenue from Contracts with Customers*, AASB 16 *Leases* and AASB 1058 *Income for Not-for-Profit Entities*. These standards are applicable to future reporting periods and have not yet been adopted.

(a) Revenue from Contracts with Customers

The Shire will adopt AASB 15 *Revenue from Contracts with Customers* (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019.

(b) Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has applied this Standard to its leases prospectively, with the cumulative effect of initially applying AASB 16 recognised on 1 July 2019. In applying the AASB 16 under the specific transition provisions chosen, the Shire will not restate comparatives for prior reporting periods.

On adoption of AASB 16, the Shire will not recognise a right-of-use asset in relation to lease liabilities which previously were classified as an operating lease applying AASB 117.

On adoption of AASB 16 *Leases* (issued February 2016), for leases which had previously been classified as an 'operating lease' when applying AASB 117, the net impact on retained earnings on 1 July 2019 will not be significant. The Shire is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

(c) Income For Not-For-Profit Entities

The Shire will adopt AASB 1058 *Income for Not-for-Profit Entities* (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance, give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates will be recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the Shire. When the taxable event occurs the financial liability will be extinguished and the Shire will recognise income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

30 OTHER SIGNIFICANT ACCOUNTING POLICIES

g) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cashflows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cashflows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current if it is not expected to be settled within the next 12 months. Liabilities held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation to the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item or disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. arm's length) transaction between knowledgeable, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 113 requires the disclosure of fair value information by level of the fair value hierarchy, with categories of fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Meas urements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Meas urements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Meas urements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and the values are developed using the best information available about such assumptions are considered unobservable.

Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash-generating non-specialised assets, other than investments, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the assets carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash-generating specialised assets that are measured under the valuation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

Audit Committee Meeting Agenda
4 December 2019

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

31. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME	OBJECTIVE	ACTIVITIES
GOVERNANCE	To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of Council and the administrative support available to the Council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services
GENERAL PURPOSE FUNDING	To collect revenue to allow for the provision of services	Rates, general purpose government grants and interest revenue
LAW, ORDER, PUBLIC SAFETY	To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services
HEALTH	To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, pest control, immunisation services, noise control and health inspections
EDUCATION AND WELFARE	To provide services to disadvantaged persons, the elderly, children and youth.	Assistance with playgroup centres, senior citizen hall and respite care centre. Provision of home and community care programs and youth services
HOUSING	To provide and maintain elderly residents housing	Provision and maintenance of rental housing, including elderly residents housing
COMMUNITY AMENITIES	To provide services required by the community	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE	To establish and effectively manage infrastructure	Maintenance of public halls, civic centres, aquatic centres, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities
TRANSPORT	To provide safe, effective and efficient transport services to the community	Construction and maintenance of roads, streets, bridges, drainage works, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc. Licensing transactions under contract with the WA Government
ECONOMIC SERVICES	To help promote the Shire and its economic wellbeing	The regulation and provision of tourism, area promotion and building control. Provision of rural services including weed control, vermin control and standpipes
OTHER PROPERTY AND SERVICES	To monitor and control Shire's overheads operating accounts	Private works operation, plant repair and operation costs and engineering operation costs

SHIRE OF NORTHAM
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

32. FINANCIAL RATIOS

	2019 Actual	2018 Actual	2017 Actual
Current ratio	1.76	2.29	2.89
Asset consumption ratio	0.53	0.56	0.58
Asset renewal funding ratio	0.98	1.08	0.98
Asset sustainability ratio	1.31	0.98	1.10
Debt service cover ratio	14.45	12.23	16.90
Operating surplus ratio	0.06	0.01	0.16
Own source revenue coverage ratio	0.74	0.71	0.72

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

Audit Committee Meeting Agenda
4 December 2019

7. DISCUSSION WITH AUDITOR GENERAL

A Lei, Office of the Auditor General confirmed that the OAG are proposing to contract Moore Stephens for Council's Audit in the 2019/20 financial year. Anne mentioned the OAG is aware that staying with the same Auditors is preferred given that there are so many changes to the Accounting Standards. At the completion of the 2019 / 2020 Audit the OAG will re-assess.

Cr Pollard asked about the preparation for all the revenue adjustments and whether our system can do this. The Executive Manager Corporate Services responded it is certainly to his knowledge a manual process. G Godwin mentioned it is difficult to template as all Shire Local Laws and fees and charges are different, but they are looking at it. Cr Pollard hopes that there are software options to make things more streamlined.

G Godwin explained this meeting is an informal audit exit meeting, even though its format is that of a formal meeting. It is seen by the Auditors as an opportunity to discuss the draft financial report.

Cr Pollard asked about the ratios being within guidelines and an acceptable range, he asked if the benchmark range can be entered in the Annual Report. G Godwin stated that the audit document confirms it is all within acceptable ranges. A Lei responded that it is not a requirement and she would be mindful of including it as there are too many variables.

G Godwin spoke about the Audit Concluding Memorandum.

The main points raised were:

- The audit is substantially complete.
- No qualifications recommended.
- The Financials are materially correct.
- Interim Audit Item 1 outstanding, 2 and 3 are concluded, 1 the ICT disaster recovery plan is still outstanding.
- Concurred accounting policies are complied with.
- Management controls are sufficient.
- Risk is at an acceptable level.
- Comfortable with disclosures
- No significant adverse trends.
- No deficiencies.
- Anti-Fraud and compliance measures acceptable.
- New standards with leases and revenue will be significant.
- Revenue matching principal meets reporting principles the anomalies for each Shire regarding their own fees and charges

Audit Committee Meeting Agenda
4 December 2019

would need looking at i.e. Dog licences for 1 year, 3 years or a lifetime would need considering for the 2019/20 financial year.

- Excess rates and timing was also another change.

Cr Pollard asked when the Disaster Recovery Plan will be in place. The Executive Manager Corporate Services explained there are three backups - onsite, cloud and JH Computer Services. Tests are conducted every three months. The plan was in place 12 months ago. Management are happy it works, the plan just needs formalising. Requested a written document within next couple of months from JH Computer Services, then the policy will be written. This relates to ICT, everything else is covered by the Business Continuity Plan. Cr Pollard asked about cyber-attacks. The Executive Manager Corporate Services explained about gates, and antiviruses. He explained minimum business interruption is the key as you can't guarantee an attack won't happen.

Cr Antonio asked about all devices being on the same version i.e. office 365 and the updates. What about Councillors iPads? Are they at risk with updates? Can they be attacked being external devices? The Executive Manager Corporate Services advised that devices were upgraded automatically when they logged in to the server.

8. URGENT BUSINESS APPROVED BY PERSON PRESIDING OR BY DECISION

Nil.

9. DATE OF NEXT MEETING

The next Audit Committee meeting is to be confirmed.

10. DECLARATION OF CLOSURE

There being no further business the Presiding Member, Cr Antonio declared the meeting closed at 5.10 pm.

"I certify that the Minutes of the Ordinary Meeting of Council held on Wednesday, 4 December 2019 have been confirmed as a true and correct record."

_____ President

_____ Date

11.2 AUDIT AND RISK MANAGEMENT COMMITTEE MEETING HELD ON 12 DECEMBER 2019

Receipt of Minutes:

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3836

Moved: Cr Antonio

That Council receive the minutes from the Audit and Risk Management Committee meeting held on 12 December 2019.

CARRIED 10/0

Adoption of Recommendations:

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3837

Moved: Cr Antonio

That Council endorse by Absolute Majority:

1. In accordance with Sections 5.53 and 5.54 of the Local Government Act 1995, accepts the Annual Report for the 2018/19 financial year; and
2. In accordance with Section 5.55 of the Local Government Act 1995, authorise the Chief Executive Officer to give public notice of the availability of the Annual Report from Saturday, 21 December 2019.
3. Endorse that the untied surplus of \$30,754 be transferred to the Recreation and Community Facilities Reserve.

CARRIED 10/0
BY ABSOLUTE MAJORITY

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3838

Moved: Cr Antonio

That Council:

1. Holds the Annual Electors General Meeting on Wednesday, 22 January 2020 at 5.00pm in the Shire of Northam Council Chambers and authorise the Chief Executive Officer to give public notice of the meeting from Saturday, 21 December 2019.
2. Adopt the 2019 Regulation 17 Review, undertaken by the Chief Executive Officer for systems and procedures relating to;
 - Risk Management
 - Internal Controls
 - Legislative Compliance

Subject to the following amendment:

- 1.3.3 - An action being identified to document the internal fraud risk and associated treatments within Promapp.
3. Request the Chief Executive Officer to report to the Committee on the progress towards the recommended actions from the Regulation 17 Review.
 4. Receive the report;
 5. Refer works associated with the Arnold Street Access to the 2020/21 Budget Consideration List; and
 6. Request the Chief Executive Officer to document a risk treatment signoff in Promapp for updating Motion Tracker to ensure that all Council decisions are documented and actioned appropriately.

CARRIED 10/0

The Coordinator Governance / Administration left the meeting at 6.55pm and returned at 6.55pm.

Clarification was sought in relation to item 5 and this being added to the consideration list rather than the draft budget. The Chief Executive Officer advised that it is recommended to be included on the consideration list as Officers can assess whether there is a need for this.

BRIEF

For Council to consider and if acceptable receive the Annual Report for the year ended 30 June 2019 for the Shire of Northam.

ATTACHMENTS

The below attachment has been provided to Elected Members as a separate attachment to this agenda and minutes.

Attachment 1: Annual Report 2018/19 (supplied as a separate document).

A. BACKGROUND / DETAILS

The Annual Financial Report for the year ended 30 June 2019 was completed and presented to the Shire of Northam's auditor for audit. The Audit was completed and signed off on 5 December 2019.

Section 5.54 'Acceptance of Annual Reports' of the Local Government Act 1995 requires an Annual Report to be accepted by Council by 31 December in each year unless the Auditors Report is not available in time. The Local Government Act 1995 Section 5.54(2) requires that if the Annual Report is not accepted by the Local Government by 31 December then it must be presented within two (2) months of the Auditors Report becoming available.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.2: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.

- Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders; and
- Effective and efficient two-way communication between the Shire of Northam and stakeholders.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

- Improve community access to information to ensure they are able to be informed of our activities;
- Encourage active community participation in our local government;
- Maintain a high standard of corporate governance; and
- Undertake our regulatory roles in a safe, open, accountable and respectful manner.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

- Open, accountable and effective decision making.

B.2 Financial / Resource Implications

It is estimated that advertising costs for the availability of the Annual Report and Annual Electors General meeting will be approximately \$1,500.00 including GST which will be charged to account 040521920 (Advertising).

B.3 Legislative Compliance

Local Government Act 1995 Section 5.53 Annual Reports:

- (1) The local government is to prepare an annual report for each financial year.
- (2) The annual report is to contain -
 - (a) a report from the mayor or president; and
 - (b) a report from the CEO; and
 - [(c), (d) deleted]
 - (e) an overview of the plan for the future of the district made in accordance with section 5.56, including major initiatives that are proposed to commence or to continue in the next financial year; and

Audit & Risk Management Committee Meeting Minutes
12 December 2019

- (f) the financial report for the financial year; and
- (g) such information as may be prescribed in relation to the payments made to employees; and
- (h) the auditor's report for the financial year; and
- (ha) a matter on which a report must be made under section 29(2) of the Disability Services Act 1993; and
- (hb) details of entries made under section 5.121 during the financial year in the register of complaints, including —
 - (i) the number of complaints recorded in the register of complaints;
 - (ii) how the recorded complaints were dealt with; and
 - (iii) any other details that the regulations may require; and
 - (i) such other information as may be prescribed.

Local Government Act 1995 Section 5.54 Acceptance of Annual Reports;

- (1) Subject to subsection (2), the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.

* Absolute majority required.

- (2) If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than 2 months after the auditor's report becomes available.

Local Government Act 1995 Section 5.55 Notice of Annual Reports;

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Should the 2018/19 Annual Report be endorsed at the Ordinary Council meeting held on 18 December 2019, it is intended that local public notice be published advising of the Annual Electors Meeting and 2018/19 Annual Report availability. The notice shall be placed into the following;

- West Australian – Saturday, 21 December 2019;
- Avon Valley Advocate – Wednesday, 8 January 2020.

Notices will also be placed on our Notice Boards, Facebook and the Shire of Northam website.

Audit & Risk Management Committee Meeting Minutes

Financial	N/A	N/A	N/A
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	The Report is to be presented to the Audit Committee annually in order to comply with relevant legislation	Low (3)	There are processes in place to ensure compliance with relevant legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

This year was the first year the Shire of Northam was audited by the Office of Auditor General. The process was more rigorous and prolonged than was expected by finance staff.

This was compounded with the mandatory adoption of AASB 15 Revenue from Contracts with Customers, AASB 16 Leases and AASB 1058 Income of Not-for-Profit Entities.

The Office of Auditor General also made a ruling relating to monies held in trust, this resulted in the transfer of \$831,382 from Councils trust to Councils municipal fund.

The preparation of the Financial Report adopted methodology in calculating the asset consumption ratio has been updated to align with the Current Long-Term Financial Plan and Asset Management Plans and now better reflects the condition of Councils infrastructure. Subsequently this ratio has weakened slightly dropping from 0.56 to 0.53, however it is still within the accepted standard.

The table below outlines the reconciliation between the budgeted surplus and the actual surplus as presented in the Financial Report, the required timing adjustments will be carried out as part of the budget review process.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Surplus Reconciliation	2018/19	Adjustment
Budgeted Surplus	4,463,884	
WANDRRA Accrued Income	(237,220)	This income had been initially accounted for as accrued income, however as not yet received, it will be accounted for as revenue in the 2019/20 financial year
Aquatic Centre Grant	(375,000)	This income had been initially accounted for as accrued income, however as not yet received, it was considered as having an element of risk should there be any complications prior to its completion, it will be accounted for as revenue in the 2019/20 financial year
Prepaid Rates	280,140	Prepaid rates were recognised as a liability at 30 June 2019 under AASB 9. From 1 July 2019 AASB 1058 applies as such this will be accounted for as a liability as of the 1 July 2019
Adjusted Total	4,131,804	
Financial Report Actual Surplus	(4,162,558)	
Unallocated	(30,754)	

Council is requested to accept the Annual Report for the year ended 30 June 2019 for the Shire of Northam.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Cr M P Ryan entered the meeting at 4:22pm.

RECOMMENDATION

That Council endorse by Absolute Majority;

1. In accordance with Sections 5.53 and 5.54 of the *Local Government Act 1995*, accepts the Annual Report for the 2018/19 financial year; and
2. In accordance with Section 5.55 of the *Local Government Act 1995*, authorise the Chief Executive Officer to give public notice of the availability of the Annual Report from Saturday, 21 December 2019.

ABSOLUTE MAJORITY VOTE OF SIX (6) REQUIRED

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.139

Moved: Cr Pollard

Seconded: Cr Mencshelyi

That Council endorse by Absolute Majority;

1. In accordance with Sections 5.53 and 5.54 of the *Local Government Act 1995*, accepts the Annual Report for the 2018/19 financial year; and
2. In accordance with Section 5.55 of the *Local Government Act 1995*, authorise the Chief Executive Officer to give public notice of the availability of the Annual Report from Saturday, 21 December 2019.
3. Endorse that the untied surplus of \$30,754 be transferred to the Recreation and Community Facilities Reserve.

**CARRIED 4/0
BY ABSOLUTE MAJORITY**

Discussion was held around the asset consumption ratio and how this is based on fair value. It was outlined that this was different in previous years however the calculation now used is a more accurate reflection of the replacement costs. It is not believed this ratio will vary substantially however there could be an impact on buildings e.g. if property values increase/decrease at the next fair valuation.

Discussion was held around the extra workload associated with the process involving the Office of the Auditor General (OAG). It was advised that this was due to a range of matters including:

- Advice from Council's Auditor and the OAG varying which caused confusion and re-work.
- Matters which were new and required staff to calculate which in some cases was time consuming.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

- Amendments were required, for example with Council's grants. These are recorded as accrued income as the funds were not received but the expense was incurred. There is a signed contract in place ensuring the commitment to receiving the income.. The OAG believed this is not the correct method to record grants until the contract is completed. The OAG accepted this method with the Building Better Region Fund, but not the Department of Sport and Recreation this resulted in some inconsistencies and extensive discussion.
- The requirement to take off all assets under \$5,000. As items were reflected at fair value in the asset register, not purchase cost, significant time was spent on this process. This was a once off. Once staff had identified the purchase cost, they then had to calculate the depreciation for the year and reduce the year to date depreciation and written down value to write off. It was a time consuming process however it didn't alter the financial report.
- Amendments to how bonds/trusts are held. The OAG required that all bonds, other than Public Open Space, be moved into the municipal account. This will result in ongoing additional work to manage however staff will document a process for this. It was also advised that a policy will be presented to Council on how to manage the interest received from these bonds/trusts.
- Overall it was noted that there was extra accounting work as opposed to the audit aspect.

Discussion was held around pre-paid rates at the 30th June. It was advised that this is still a liability at 30 June 2019 however is to be reported as of 1st July. The OAG advised that this can be reported from 1st January when the accounting standards came into effect or by the financial period, however then advised that it must be based on the financial period to ensure consistency. This has to be accounted for as revenue but comes into effect as of 1st July, 2019 which result in a difference between the opening and closing surplus.

Discussion was held around the \$30,754 being unallocated. It was advised that this is untied surplus. The application of the policy for untied surplus requires this to be allocated to reserve, debt reduction or a one off project. It was advised at this stage this is unallocated as it is believed that this will be needed at budget review due to the reduction in the FAGs Grant. There was discussion about placing this into the Recreation and Community Reserve to comply with the policy. Discussion held around complying with the policy in the first instance and then if this is required at budget review it can be sourced from reserve accordingly.

Cr M P Ryan left the meeting at 4:28pm and returned at 4:28pm.

Audit & Risk Management Committee Meeting Minutes

5.2 2018/19 ANNUAL ELECTORS GENERAL MEETING

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	8.2.7.1
Reporting Officer:	Chadd Hunt, Acting Chief Executive Officer
Responsible Officer:	Chadd Hunt, Acting Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	Yes – public notice

BRIEF

For Council to consider and endorse the date for the Annual Electors General Meeting set by the Acting Chief Executive Officer.

ATTACHMENTS

Nil.

A. BACKGROUND / DETAILS

The Annual Electors General Meeting is to be held within 56 days of the local government accepting the Annual Report.

A requirement of setting the date is that 14 days local public notice is required for advertising the meeting. Providing the Annual Report is endorsed at the Ordinary Council Meeting held on 18 December 2019, it is recommended that this be held prior to the January Council Meeting which is scheduled on 22 January 2020.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

- Outcome 6.2: Residents and other stakeholders are actively listened to and their input into decision-making processes is valued.
- Decisions made by the Shire of Northam are communicated and the reasoning clearly articulated to residents and stakeholders; and
 - Effective and efficient two-way communication between the Shire of Northam and stakeholders.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

- Improve community access to information to ensure they are able to be informed of our activities;
- Encourage active community participation in our local government;
- Maintain a high standard of corporate governance; and
- Undertake our regulatory roles in a safe, open, accountable and respectful manner.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

- Open, accountable and effective decision making.

B.2 Financial / Resource Implications

It is estimated that advertising costs for the availability of the Annual Report and Annual Electors General meeting will be approximately \$1,500 including GST which will be charged to account 040521920 (Advertising).

B.3 Legislative Compliance

Local Government Act 1995 Section 5.27 Electors' general meetings;

- (1) A general meeting of the electors of a district is to be held once every financial year.
- (2) A general meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report for the previous financial year.
- (3) The matters to be discussed at general electors' meetings are to be those prescribed.

Local Government (Administration) Regulation No 15 Matters for discussion at general electors' meetings - s. 5.27(3)

For the purposes of section 5.27(3), the matters to be discussed at a general electors' meeting are, firstly, the contents of the annual report for the previous financial year and then any other general business.

Local Government Act 1995 Section 5.29 Convening Electors' Meetings;

- (1) The CEO is to convene an electors' meeting by giving –
 - (a) at least 14 days' local public notice; and
 - (b) each council member at least 14 days' notice, of the date, time, place and purpose of the meeting.
- (2) The local public notice referred to in subsection (1)(a) is to be treated as having commenced at the time of publication of the notice under

Audit & Risk Management Committee Meeting Minutes
12 December 2019

section 1.7(1)(a) and is to continue by way of exhibition under section 1.7(1)(b) and (c) until the meeting has been held.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Providing the 2018/19 Annual Report is endorsed at the Ordinary Council Meeting held on 18 December 2019. It is intended that public notice shall be placed into the following;

- West Australian – Saturday, 21 December 2019;
- Avon Valley Advocate – Wednesday, 8 January 2020.

Notices will also be placed on our Notice Boards, Facebook and the Shire of Northam website.

B.6 Risk Implications

5.3 REGULATION 17 REVIEW

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	8.2.7.1
Reporting Officer:	Colin Young, Executive Manager Corporate Services
Responsible Officer:	Chadd Hunt, Acting Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For the audit committee to receive the Regulation 17 Review report that was conducted by the Chief Executive Officer between the 4 November and the 22 November 2019.

This report aims to establish an ongoing level of accountability to ensure that Council's risk management, internal controls and legislative compliance is appropriate and effective.

ATTACHMENTS

ATTACHMENT 1: Regulation 17 Review.

A. BACKGROUND / DETAILS

Section 17 of the Local Government (Audit) Regulations requires the Chief Executive Officer to review the appropriateness and effectiveness of the Council's systems and procedures as they relate to the following areas:

- Risk management
- Internal controls, and
- Legislative compliance

The Chief Executive Officer carried out the review internally, the attached report is supplied to Council with the findings and recommendations.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

B.2 Financial / Resource Implications

Staffing resources are required in order to action the recommendations detailed within the Regulation 17 review.

B.3 Legislative Compliance

Local Government (Audit) Regulations 1996 Section 17 sets out the following:

17. CEO to review certain systems and procedures
 - (1) The CEO is to review the appropriateness and effectiveness of a local government's systems and procedures in relation to —
 - (a) risk management; and
 - (b) internal control; and
 - (c) legislative compliance.
 - (2) The review may relate to any or all of the matters referred to in sub-regulation (1)(a), (b) and (c), but each of those matters is to be the subject of a review at least once every 2 calendar years.
 - (3) The CEO is to report to the audit committee the results of that review.

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

Executive Management and relevant Officers as required to carry out the review.

B.6 Risk Implications

	and legislative compliance.		
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

In assessing the Council's risk management, internal controls and legislative compliance a risk based approach has been applied to assert identifiable risks from the following areas;

- Risk management
- Internal controls, and
- Legislative compliance

The assessment undertaken looked at potential causes of risk to Council within each of these areas, the key controls which currently exist to mitigate the risk, an assessment of the quality of the controls and an overall assessment of the risk rating for the area. Additionally the assessment looked at the key indicators currently in place to ensure we are monitoring the controls and a risk tolerance level, which implies the organisations appetite for risk in each of the areas. Finally, the report / assessment undertaken identified the actions required to improve areas which are deemed inadequate or requiring attention.

There are a number of areas highlighted within the report that have been assessed as requiring either updating or improvement. These are clearly identified within the appended report, along with the necessary strategies to bring these up to an acceptable standard.

Each of the areas that require improvement will receive attention to ensure that adequate controls/documentation are in place into the future.

The report also highlights positive outcomes, with the Shire being proactive in the management of risk, internal controls and legislative compliance.

RECOMMENDATION

That Council adopt the 2019 Regulation 17 Review, undertaken by the Chief Executive Officer for systems and procedures relating to;

- Risk Management
- Internal Controls
- Legislative Compliance

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Discussion was held around whether an additional item was required in the recommendation to require the Committee to work with CEO to identify a timeline to action the identified actions. It was advised that it is recommended to report the actions in the same format as other audits, as a table. Reviews of which items have been undertaken, this includes reporting on the progress to each committee meeting until all actions are completed.

Discussion was held around whether four meetings a year is sufficient. It was advised that meetings are held as needed. It was noted that if the meetings are held too frequently, it will not give staff sufficient time to complete the actions identified from the review. It was advised that there is no issue calling extra meetings if these are required.

Discussion was held around the process for undertaking the review. It was advised that the CEO put together the document and then circulated this to staff to provide their comments. Once these were received, samples were requested to check the items. Concerns were raised in relation to self-auditing, it was advised that this was more of a combined effort.

It was noted that there has been several audits undertaken over the past 3 years. The Financial Management Review was undertaken in May which was a duplication of some of the items being audited in this review. Clarification was sought in relation to the frequency of this review and whether there has been a heavy audit workload. It was advised that this review is undertaken at least every three years and the workload is no more than usual.

Discussion was held around the following actions:

- WALGA risk policy and how this can be further improved by including further risk tolerances. It was queried who will complete this (i.e. Committee or CEO). It was advised that staff will provide timeframes for actions to be completed and report this to the committee. It is believed that given this is the CEO's policy, amendments will be made and then be presented to the Audit Committee for consideration.
- The testing of the Business Continuity Plan. It was advised that this was tested in a real life scenario when IT was down, from a cyber attack, it was tested. Apart from this, it is not believed to be tested since the plan was first developed.
- Fraud action to be taken. It was advised that this is assessed daily however there is nothing formally documented for this. An overview was provided of the Promapp Risk Module detailing how risk are identified and managed through treatments. It was acknowledged that there is a risk identified for external fraud and theft however nothing documented

Audit & Risk Management Committee Meeting Minutes
12 December 2019

for internal fraud. It was raised that a risk and associated treatments could be documented for this item. Discussion was held around the framework and purpose of this, i.e. provides the overarching guideline however is not necessarily detailed currently.

- A typographical error was identified in section 1.2, it was raised that, '20120' should be listed as '2020'.
- Variations for major projects. Discussion was held around the definition of a variation and the recent example with the Aquatic Facility project was discussed. The 'Manage Major Projects' process was demonstrated to the Committee which details variations and includes a form for approving these. It was suggested that the approval section require two signatories for each variation.
- Section 2. It was raised that the reference to 'tax invoice' should be amended to 'invoice' as it is not a tax invoice if the business or individual is not registered for GST. It was advised the word 'tax' will be removed.
- Section 2.1, payment of creditors, item 1. It was raised that the word 'Officers' need to be added after the word 'Creditors'.
- It was raised whether payments are in accordance with the contract terms and whether any associated documents are attached. It was confirmed that payments are in accordance with the contract terms, an overview was provided of the payment process which requires all documents to be attached to the payment and invoice.
- Section 2.8 and the two actions detailed. It was advised that this relates to petty cash and the actions listed are proposed to ensure a consistent process for managing petty cash across the Organisation.
- Section 3.3, complaints management process. It was advised that amendments are recommended to include provisions around the treatment of confidential and anonymous complaints.

The Acting Chief Executive Officer and Cr M P Ryan left the meeting at 4:58pm.

Cr M P Ryan returned to the meeting at 5:19pm.

The Acting Chief Executive Officer returned to the meeting at 5:25pm.

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.141

Moved: Cr Ryan

Seconded: Cr Mencshelyi

That Council:

1. Adopt the 2019 Regulation 17 Review, undertaken by the Chief Executive Officer for systems and procedures relating to;
 - Risk Management
 - Internal Controls
 - Legislative Compliance

Subject to the following amendment:

- 1.3.3 - An action being identified to document the internal fraud risk and associated treatments within Promapp.
2. Request the Chief Executive Officer to report to the Committee on the progress towards the recommended actions from the Regulation 17 Review.

2.2 Control of approval of documents, letters and financial records;	17
2.3 Limit of direct physical access to assets and records;	17
2.4 Limit access to make changes in data files and systems;	18
2.5 Regular maintenance and review of financial control accounts and trial balances;	18
2.6 Comparison and analysis of financial results with budgeted amounts;	18
2.7 Report, review and approval of financial payments and reconciliations; and	18
2.8 Comparison of the result of physical cash and inventory counts with accounting records.	18
3. Legislative compliance	19
3.1 Reviewing the annual Compliance Audit Return and reporting to council the results of that review;	19
3.2 How management is monitoring the effectiveness of its compliance and making recommendations for change as necessary;	20
3.3 Reviewing whether the local government has procedures for it to receive, retain and treat complaints, including confidential and anonymous employee complaints;	20
3.4 Obtaining assurance that adverse trends are identified and review management's plans to deal with these;	20
3.5 Reviewing management disclosures in financial reports of the effect of significant compliance issues;	20
3.6 Monitoring the local government's compliance frameworks dealing with relevant external legislation and regulatory requirements; and	20
3.7 Complying with legislative and regulatory requirements imposed on audit committee members, including not misusing their position to gain an advantage for themselves or another or to cause detriment to the local government and disclosing conflicts of interest.	21

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

The Department of Local Government, Sport and Cultural Industries provide an operation guideline (No.9), which focuses on audit committees. As part of this guideline, appendix 3 provides a framework for Chief Executive Officers in conducting the required Regulation 17 review. This guideline has been used as the basis for undertaking this review in 2019.

On the previous two occasions this review has been undertaken, being 2016 and 2013, external groups have been utilised. On this occasion the Chief Executive Officer has undertaken the review, it is anticipated in future years external groups will be utilised to provide fresh perspectives and insights.

1. Risk management

Internal control and risk management systems and programs are a key expression of a local government's attitude to effective controls. Good audit committee practices in monitoring internal control and risk management programs typically include:

1.1 Reviewing whether the local government has an effective risk management system and that material operating risks to the local government are appropriately considered;

Council has recently adopted the use of a software application, Promapp, to use as the basis for developing, monitoring and reporting on controls within its risk register.

The use of the Promapp system is supported by the recently adopted Risk Policy which provides a detailed framework as to how risks are identified and considered for inclusion of the organisational risk register.

In essence risks are identified and assessed formally through a range of mechanisms including;

- Council reports
- Council plans
- Council projects

Any risks identified as being high or extreme are automatically escalated to the Shire of Northam risk register in Promapp. The Shire of Northam Audit & Risk Committee are provided with reports on the Council risk register. These reports are a full disclosure of the risk register annually and a report on non-compliance with risk mitigation action timeframes at each meeting of the committee.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

Action to be taken:

Review Risk Policy - While the risk policy is relatively recent, it is felt it could be improved by further defining the Council's risk tolerances.

1.2 Reviewing whether the local government has a current and effective business continuity plan (including disaster recovery) which is tested from time to time;

The Shire of Northam has a current business continuity plan, adopted in 2016. The plan is due for review in 2020. While the business continuity plan is in place and an IT Disaster Recovery is briefly referenced in the Business Continuity Plan, the detail is considered insufficient. Further to this there are no formal mechanisms in place to test the recovery of data.

Action to be taken:

- 1. Business Continuity Plan needs to be tested annually to ensure efficacy;**
- 2. IT Disaster Recovery Plan to be developed and implemented by the Shire of Northam including a mechanism for annual testing. This will require the development of an ICT test environment separate from our live environment and will also provide for the mirroring of systems and data to alternative office locations for the purpose of training as well as testing and Disaster Recovery.**

1.3 Assessing the internal processes for determining and managing material operating risks in accordance with the local government's identified tolerance for risk, particularly in the following areas;

1.3.1 Potential non-compliance with legislation, regulations and standards and local government's policies;

The Promapp risk system provides for compliance reporting/sign off for all risk treatments. In relation to potential legislative non-compliances a monthly compliance calendar has been developed and is audited by the Governance Officer which is also signed off monthly. Any non-compliances are brought to the attention of the relevant Executive Manager and Chief Executive Officer.

In relation to policy, application thereof is monitored at a number of levels;

- Reporting to Council – a separate section relating to policy application is provided, this ensure staff are actively reminded of need to assess policy implications
- Purchasing Policy – The Promapp risk system has documented the process with attached current documentation and checklists to ensure the purchasing policy is adhered to. All checks and balances and authorisations are in place, including a section to cover exceptions where non-compliance to the policy occurs. Only authorised purchases are processed and paid
- General Policy – All critical processes within the Shire of Northam are mapped utilising the Promapp system. As part of the mapping a procedure is in place for each of the processes, which includes links and references to all key policies.

1.3.2 Litigation and claims.

Council has a documented process and procedure in place for the management of insurance claims.

1.3.3 Misconduct, fraud and theft;

Fraud

The WA Office of the Auditor General has recently undertaken an audit of a select number of local authorities. While the Auditor General acknowledges their assessment framework is not exhaustive, it has been used for the purposes of this report to Council;

Objective	Principle	What we would expect	Chief Executive Officer Comment
Planning Develop a coordinated approach to manage fraud risks	Risks are understood	<ul style="list-style-type: none"> • Fraud risks across organisations are assessed, documented and controls are put in place. 	<ul style="list-style-type: none"> • Not formally assessed
	Approach is documented	<ul style="list-style-type: none"> • Fraud and Corruption Control Plan (Plan) is in place and reviewed at least once every 2 years. 	<ul style="list-style-type: none"> • Not in place
	Internal audit considers fraud risks	<ul style="list-style-type: none"> • Audit committee engages with internal audit plan to ensure fraud 	<ul style="list-style-type: none"> • Is existing. However audit committee would be recommended to

Action to be taken:

In accordance with the Department of Local Government I/T framework, policies and procedures are to be developed, outlining terms and conditions in respect to personally owned devices, and access to documented and approved policies implemented and monitored on an ongoing basis.

Policies and procedures relating to access and use of Shire CCTV systems also needs to be developed, documented, approved, implemented and monitored.

Related ongoing and/or planned projects include (but not limited to):

- Access to the Shire's network requiring a user to single-click an acknowledgment notification relating to terms of (fair) use and activity monitoring before access to Shire resources is granted. This will assist with the protection of the Shire as an organisation in relation to indemnity and liability related to any incidents of misconduct, fraud, theft, workplace bullying, etc.
- Simplified wireless network access in all offices, segregated into Staff, Councillors, Services (such as retic and security), and Guest layers

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

that can be utilised by Shire resources as well as Bring Your Own Device (BYOD).

- Data encryption of all mobile Shire resources such as laptops, tablets, mobiles, and USB drives.
- "Follow me" printing and simplified user workstation access that allows all staff to access print resources, scanned data, usual/favourite browser links and shortcuts (etc) from any workstation within the organisation.

It is recommended that a risk be identified within Promapp to document the internal fraud risk along with any associated treatments to manage this.

1.3.4 Significant business risks, recognising responsibility for general or specific risk areas, for example, environmental risk, occupational health and safety, and how they are managed by the Local Government;

Captured in the organisational risk register which is reported to the audit and risk committee.

1.4 Obtaining regular risk reports, which identify key risks, the status and the effectiveness of the risk management systems, to ensure that identified risks are monitored and new risks are identified, mitigated and reported;

In accordance with newly adopted Council policy, risks register non compliances are reported to the Audit Committee for their information/action.

The risk register is reported to the Audit Committee by exception, focusing on the top ten risk each quarter (by score).

1.5 Assessing the adequacy of Local Government processes to manage insurable risks and ensure the adequacy of insurance cover, and if applicable, the level of self-insurance;

Following mitigation actions in place within risk register;

1. Review of past 5 year Insurance performance (comparing premium contributions against claims). May result in assessing a range of factors including current level of cover, excesses and structure of workers compensation premium
2. Insurance coverage reviewed internally prior to presenting to Chief Executive Officer for sign off

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

3. Insurance coverage assessed independently for adequacy (ever two years)

1.6 Reviewing the effectiveness of the local government's internal control system with management and the internal auditors;

1. It is considered that the Shire of Northam has a strong level of internal control over management of both strategic and operating risks, utilising the Promapp software package;
 - a. Risks identified
 - b. Risk treatment is recorded in Promapp, which includes sign off owners, frequency of review, due date
 - c. Promapp generates automatic email to sign off owners on due date.
 - d. Owner required to sign off and insert comment, may also be required to provide an attachment
 - e. In event owner does not sign off in required timeframe escalation email is sent to the risk owner.
 - f. All outstanding / overdue treatments are reported monthly to Executive Management meeting
 - g. All outstanding / overdue treatments are reported quarterly to Audit & Risk Committee

1.7 Assessing whether management has controls in place for unusual types of transactions and/or any potential transactions that might carry more than an acceptable degree of risk;

The newly adopted Policy in relation to risk management provides clear guidance on assessing risk and how matters are escalated into the organisational risk register.

Key risks are identified through a range of areas, being Council reports, project plans, Council plans & strategies.

1.8 Assessing the local government's procurement framework with a focus on the probity and transparency of policies and procedures/processes and whether these are being applied;

Council has an adequate procurement framework in place, which is underpinned by the Promapp procurement process. The process and associated procedure provide a full and extensive guide to procurement within the Shire of Northam including identifying and linking to key elements of the framework including legislation, policy and internal guidelines.

A review of the tender variation process has been carried out, currently the variation form is to be signed by the project manager and the Chief

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

Executive Officer, the procedure does not address the situation if the Chief Executive Officer is the project manager.

ACTION TO BE TAKEN

Cost Variation Form – Add the following comment: 'In the event that the CEO is project manager, the variation is to be authorised or approved by another executive or a project superintendent, effectively requiring two signatures'

1.9 Should the need arise, meeting periodically with key management, internal and external auditors, and compliance staff, to understand and discuss any changes in the local government's control environment;

The Promapp system allows for, and promotes, the continual identification and implementation of improvements or changes in control environments. This being the case immediate improvements are suggested and assessed by process owners as soon as staff become aware. In addition to this processes are required to be reviewed and signed off by process owners on an annual basis.

Additionally the Executive Management Team review risks and outstanding treatments monthly, whilst a report is provided quarterly on any outstanding treatments to the Shire of Northam Audit & Risk Committee. A full copy of the risk register is provided to the Audit & Risk Committee annually for review.

1.10 Ascertaining whether fraud and misconduct risks have been identified, analysed, evaluated, have an appropriate treatment plan which has been implemented, communicated, monitored and there is regular reporting and ongoing management of fraud and misconduct risks.

The following fraud and misconduct risks have been identified;

Internal

- Corporate card misuse, such as payment for personal expenses
- Fictitious names on the payroll system.
- Delayed terminations.
- Abuse of position and power, including accepting or offering bribes or gifts.
- Nepotism.
- Submitting false travel claims.
- Consistently recording incorrect hours of work on timesheets.
- Unauthorised use of Shire vehicles.
- Fuel card misuse

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

- Theft or unauthorised use of public funds or physical resources, such as office supplies and stationery.

External

- Customers deliberately claiming benefits for which they are ineligible.
- External providers making claims for services that were not provided.
- The provision of false or misleading information. Failure to provide information when obliged to do so.
- Inappropriate influence over grants and funding applications.
- Manipulation of a procurement process.

Collusion

- Inappropriate involvement with suppliers, including unlawful or unauthorised release of information.
- Knowingly making or using forged or falsified documentation.
- Failing to declare and appropriately manage conflicts of interest.

The treatment strategies in place for these identified risks is varied ranging from adequate to inadequate.

Action to be taken:

Development of a Fraud and Misconduct Control Framework to be endorsed by the Audit & Risk Committee.

2. Internal control

Internal control is a key component of a sound governance framework, in addition to leadership, long-term planning, compliance, resource allocation, accountability and transparency. Strategies to maintain sound internal controls are based on risk analysis of the internal operations of a local government.

An effective and transparent internal control environment is built on the following key areas:

- Integrity and ethics;
- Policies and delegated authority;
- Levels of responsibilities and authorities;
- Audit practices;
- Information system access and security;
- Management operating style; and
- Human resource management and practices.

The following are the controls that have been reviewed:

- Ledger Reconciliations monthly signed and dated by Officers and Managers

- Audit reports signed by Accountant for payroll, creditors, debtors, and payroll
- ABN's checked on receipt of a new creditor application to ensure the business is legitimate
- Credit card statements signed and authorised by the card holders, Executive Managers and the CEO (all statements are co-signed by the CEO and the Executive Manager Corporate Services Co-signs the CEO's statement.)
- Signed receipt is given to the deliverer of cash from the external sites by the receiving officer who counts the money immediately
- Signing of all Journals raised in Synergy
- Payment Runs, feedback to Executive Managers regarding the timeliness and accuracy of the paperwork processed
- Any changes to Synergy permissions is only processed by the ICT Officers or Accountant
- Any payments by any means other than an invoice have a signed statutory declaration, supporting Council Resolution or copy of the endorsed budget item

2.1 Separation of roles and functions, processing and authorisation;

The Shire of Northam endeavours to have distinct separation of roles and functions, processing and authorisations, which appropriate. As a medium sized local government it is not always possible to have complete separation of duties, however in the following key areas it is in place;

Payment of Creditors	<ul style="list-style-type: none"> • Creditors Officers create invoices batches, linked to authorised purchase orders or signed cheque requisitions. Compliance and authorisations are checked. • Creditors Officers Batches are checked by SFO. • EFT/ cheque run is created by Creditors Officer based on due dates. System driven. Corresponding invoices are matched to each payment by Creditors Officer, collated into a boxed file. • Payment Run is uploaded to the Bank by the Creditors Officer, summary completed, and corresponding bank transfer where insufficient funds are in the Muni account is created. The bank account file is uploaded directly from Synergy to the Bank. • The payment run is checked invoice by invoice, Po by Po to ensure coding, bank accounts and authorisation is complete by the Accountant and One Executive Manager or CEO. Once checked as correct it is then authorised by two signatories.
----------------------	--

<p>Receipting and Banking</p>	<ul style="list-style-type: none"> • Monthly reconciliations and audit trails are signed by an Officer and the Accountant. • Receipting is undertaken by Customer Services Officers. All receipts and banking is balanced at the close of business daily. Each Officer signing for their balances and banking. • A different Administration Officer counts and balances the cash daily and records it in the bank receipt book. • The Officer takes the cash to the Bank or where the cash balance is significant, two Officers will go to the Bank. • The SFO balances the Bank Reconciliation daily. • All batches processed by satellite centres are emailed to SFO daily to ensure balance details for receipting into the bank are correct.
<p>Journal Processing</p>	<ul style="list-style-type: none"> • All GL journals for code corrections or allocations are raised with supporting documentation and emails by SFO, Accountant or Executive Manager of Corporate Services. • Each journal is signed by a different Officer in that group to authenticate its accuracy including the printout from Synergy of each journal that is signed by that person.
<p>Payroll</p>	<ul style="list-style-type: none"> • Payroll processing is undertaken under the supervision of the Payroll Officer. • Any data entry performed by any other Shire Officer is checked by the Payroll Officer. • Any ad hoc calculations for termination pays, leave payouts or annual leave are checked by the Accountant. • Once the payroll has been processed in variations, the Payroll Officer and SFO then check the current pays to the previous fortnight and compare and note any differences. • This is then checked and signed by the Accountant. • Once authorised the pay run is generated. The Payroll Officer uploads the Synergy file to the Bank and creates a corresponding bank transfer. • This is checked, signed and authorised by two signatories, usually the Accountant and an Executive Manager. • Monthly reconciliations are checked and signed by the Executive Manager of Corporate services.

	<ul style="list-style-type: none"> Fortnightly audit trails are checked and signed by the Accountant.
Bank Reconciliations	<ul style="list-style-type: none"> Bank Reconciliations are undertaken daily by the SFO. All investments and payments are always authorised by the Accountant and an Executive Manager or CEO. Any changes of Bank Limits are done through phone banking using token and identity checks including an SMS message to a mobile phone. Monthly reconciliations are checked and signed by both the SFO and Accountant.

2.2 Control of approval of documents, letters and financial records;

The Shire of Northam ensures that all documents are recorded and stored in a secure room. A register is in place to enable the tracking of records and files. Electronic records have varying degrees of access depending on delegations allocated to staff within the organisation.

I did undertake an audit of several registered documents and found that some documents that were considered to be sensitive, were not appropriately registered as limiting view.

Action to be taken;

1. Process suggestion has been made to make provision for registering sensitive document
2. Staff to be provided with training/reminder of need to register certain documents whilst limiting access.

2.3 Limit of direct physical access to assets and records;

All physical records are held in a separate records room, which is administered by the Shire of Northam records officer. Any and all records which are required by staff are signed out through the records officer. The records officer has sight of all records within the room.

Access to Council buildings is limited by either the use of a 'fob' or hierarchical key system. Staff entering or leaving buildings using the 'fob' can be tracked via the requirement to enter a unique code into the various alarm systems.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

2.4 Limit access to make changes in data files and systems;

- Synergy access is limited and locked down for areas to minimise changes, Audit trails are in place and reviewed monthly with names times and Officers who have made changes.
- Access to G: (hosts majority of Council staff working documents) is limited on a hierarchical basis
- Promapp: (hosts risk register, processes, OHS reports and inspections and document depository). Access is available to majority of people within organisation however whenever changes are made multiple signs off are required prior to being published. Extensive audit trails are available

2.5 Regular maintenance and review of financial control accounts and trial balances;

Monthly management and financial reporting by the Accountant, Managers and Executive team ensures any anomalies are investigated, captured and corrected.

2.6 Comparison and analysis of financial results with budgeted amounts;

- Reports developed start of each financial year
- Structured around Department, function and sub function, general ledger and job
- Available to all staff (focused on executive management, management and supervisor level)
- All Departments reviewed monthly by Chief Executive Officer & Executive Manager of Corporate Services – exception reporting provided (identifying areas of concern)
- Executive Managers required to review their Departments monthly
- Monthly reporting to Council at function level, with reporting at G/L level for capital items

2.7 Report, review and approval of financial payments and reconciliations; and

Extensive process and procedure are in place which I considered adequate

2.8 Comparison of the result of physical cash and inventory counts with accounting records.

Physical cash and inventory is held at numerous sites under the control and management of the Shire of Northam;

- Northam Recreation Centre
- Northam Swimming Pool

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

- Wundowie Swimming Pool
- Bilya Koort Boodja
- Northam Visitor Centre
- Northam Library
- Wundowie Library
- Create 298
- Killara Day Care Centre

Action to be taken;

Develop a single process for receipt of all 'offsite' money, inclusive of a mechanism to ensure accuracy of takings to banking.

Action to be taken;

Develop process and procedure for offsite stock management.

3. Legislative compliance

The compliance programs of a local government are a strong indication of attitude towards meeting legislative requirements. Audit committee practices in regard to monitoring compliance programs typically include:

- Monitoring compliance with legislation and regulations;
- Monitoring the Compliance Audit Return and reporting; and
- The credibility and objectivity of external financial reporting

3.1 Reviewing the annual Compliance Audit Return and reporting to council the results of that review;

Compliance Audit Return (CAR) is assessed internally (Governance Officer) and submitted to Council, via the Audit & Risk Committee Annually. To add further rigour around the compliance return, the Governance Officer has an internal audit framework in place which includes assessing monthly requirements of the CAR. This has been implemented to ensure that any non-compliances are identified in a timely manner, enabling prompt resolution, rather than waiting for the 'annual' audit.

In preparing the CAR for signoff by the CEO the Governance Officer is required to provide documentation to support the assertions made within the CAR.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

Action to be taken;

Have the CAR undertaken independently once in every three years.

3.2 How management is monitoring the effectiveness of its compliance and making recommendations for change as necessary;

Per above, in addition this is tracked through the Promapp system, which requires the Governance Officer to sign off on CAR assessment, Purchasing Policy compliance assessment, and other Legislative internal audit reviews.

3.3 Reviewing whether the local government has procedures for it to receive, retain and treat complaints, including confidential and anonymous employee complaints;

Extensive complaints management process and procedure is in place.

Action to be taken;

Complaints management process to be amended to include provisions around treatment of confidential and anonymous complaints (internal / external).

3.4 Obtaining assurance that adverse trends are identified and review management's plans to deal with these;

Where possible statistics are tracked through measurable indicators such as;

- Building approvals, time taken
- Financial performance, financial ratios
- Customer request, time taken to resolve

3.5 Reviewing management disclosures in financial reports of the effect of significant compliance issues;

Any significant disclosures would be reviewed at Audit Committee level.

3.6 Monitoring the local government's compliance frameworks dealing with relevant external legislation and regulatory requirements; and

Audit & Risk Management Committee Meeting Minutes
12 December 2019

Shire of Northam Regulation 17 Review

As per 3.2 – the Governance Officer monitors compliance with relevant legislation via the monthly compliance report and in turn the Annual Compliance Audit Return.

3.7 Complying with legislative and regulatory requirements imposed on audit committee members, including not misusing their position to gain an advantage for themselves or another or to cause detriment to the local government and disclosing conflicts of interest.

Member's interests in relation to financial interests, impartiality interests and proximity interests are disclosed in accordance with section 5.65 of the Local Government Act 1995

BRIEF

This report is to address an issue raised relating to an element of a Council Decision not being adequately implemented due to staff oversight

ATTACHMENTS

Refer to email sent to Councillors 30 November 2019 by the Chief Executive Officer.

A. BACKGROUND / DETAILS

At a Special Council Meeting 5 December 2018 Council made the decision to accept tender 2 of 2018 made by Cooper & Oxley Builders Pty Ltd incorporating a variation to create additional access to the proposed car park from Arnold Street.

In that same motion Council authorised the CEO to discuss potential cost savings without the loss of any facility. Six days later, discussions were held between the CEO, the Executive Manager Engineering Services and Cooper & Oxley regarding potential cost savings. At this stage the variation should have been raised with Cooper & Oxley but was not.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Audit & Risk Management Committee Meeting Minutes
12 December 2019

An estimated \$10,000 for the driveway installation inclusive of Council Resources.

B.3 Legislative Compliance

Local Government Act 1995 and relevant subsidiary legislation.

Local Government (Functions and general) Regulations 1996

21A. Varying a contract for the supply of goods or services If a local government has entered into a contract for the supply of goods or services with a successful tenderer, the contract must not be varied unless —

(a) the variation is necessary in order for the goods or services to be supplied and does not change the scope of the contract;

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

N/A

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	N/A	N/A	N/A
Health & Safety	N/A	N/A	N/A
Reputation	Potential damage to reputation	Low (2)	Continual improvement
Service Interruption	N/A	N/A	N/A
Compliance	N/A	N/A	N/A
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

There has been an element of human error through this process firstly with the staff member who replaced the CEOPA whilst she was on holidays by not following the process of putting open motions into Motion Tracker and the Chief Executive Officer for not ensuring the process was being followed.

Motion Tracker is a control used by staff to ensure all elements of a motion are completed prior to closing the motion off. In this instance the open motion was not placed in Motion Tracker and therefore not providing the visual trigger to complete all actions.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

As there has been an oversight and the variance was not included in the contract, it is suggested that the best way to move forward would be for Council staff to make the driveway access off Arnold Street into the carpark.

Staff have reviewed current controls and consider they are effective; in this instance we believe there were two main oversights.

1. An error of judgement occurred from a junior staff member by not entering the requirement in motion tracker, had this occurred correctly chances of point two below remaining undetected would have been mitigated.
2. The contract variation was missed through an oversight from the Project Manager and other Senior Officers involved with the project.

Staff are of the opinion that this occurrence is not systemic and therefore rate the risk of it reoccurring is unlikely.

RECOMMENDATION

That Council:

1. **Receive the report**
2. **Refer works associated with the Arnold Street Access to the 2020/21 Draft Roads Program.**

Discussion was held around the reason for this occurrence. It was discussed what actions can be put in place to prevent this reoccurring. The process for preparing the minutes for Council meetings was demonstrated to the Committee, this includes a section to update motion tracker, this task was not undertaken which has resulted in the occurrence. The possibility of documenting Council decision not being actioned as a risk was discussed and including this task as treatment in Process Mapping which requires sign off each month by the Executive Assistant – CEO.

Audit & Risk Management Committee Meeting Minutes
12 December 2019

RECOMMENDATION / COMMITTEE DECISION

Minute No: AU.142

Moved: Cr Pollard

Seconded: Cr Ryan

That Council:

1. Receive the report;
2. Refer works associated with the Arnold Street Access to the 2020/21 Budget Consideration List; and
3. Request the Chief Executive Officer to document a risk treatment signoff in Promapp for updating Motion Tracker to ensure that all Council decisions are documented and actioned appropriately.

12.1 CEO'S Office

12.1.1 Adoption of Integrated Workforce Plan 2019

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	2.3.1.7
Reporting Officer:	Beverley Jones, Human Resources Manager
Responsible Officer:	Chadd Hunt, Acting Chief Executive Officer
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to consider and adopt the Integrated Workforce Plan 2019.

ATTACHMENTS

Attachment 1: Shire of Northam Integrated Workforce Plan 2019.

A. BACKGROUND / DETAILS

In August 2011 new Local Government Act regulations were gazetted, requiring all Local Governments to develop a Workforce Plan as an instrumental part of the Integrated Planning requirements that replaced the Plan for the Future regulations.

Workforce planning can be defined as a continuous process of shaping the workforce to ensure that it is capable of delivering organisational objectives now and in the future. Through the utilisation of this living document the Shire of Northam will be in a position to maximise the capacity of our organisation's workforce and respond to challenges.

Effective workforce planning involves all levels of the organisation, including Council and associated service providers. It is also important that Workforce Planning is an integral part of the management and operations of the organisation so that Council policy and decision making supports Workforce Planning. This will ensure that workforce considerations are included in all

strategic community planning, corporate business planning, reports and proposals to council and structured monitoring and reporting of outcomes.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance and Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objective: Implement systems and processes which deliver quality outcomes for our community.

Maintain a high standard of corporate governance.

Outcome 6.4: The Elected Members of the Shire of Northam provide accountable, strong and effective community leadership.

Objective: Develop clear policy settings to guide our organisation and community;

Ensure effective and well-utilised long term planning.

B.2 Financial / Resource Implications

Consultants Strategic Human Resources were procured to assist in the development of the plan at a cost of \$19,196.07 excl GST.

The future projected staff costs total \$142,874 in phase one and \$257,126 in phase two respectively.

Quotations are currently being sought for assistance in a comprehensive review of the organisational structure.

B.3 Legislative Compliance

In accordance with section 5.56 of the Local Government Act 1995 all local governments in Western Australia are required to effectively plan for the future. The components of this plan are contained in the Integrated Planning and Reporting Framework (IPRF).

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

A workshop to present and discuss the plan was held for Elected Members and Executive Managers. In addition the plan has been circulated to all staff for feedback.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Inadequate funds to implement strategy	Low (2)	Ensure that Council endorses the plan & that it is included in the Long Term Financial Plan
Health & Safety	Inadequate safety & security practices	Extreme (16)	Ensure that existing policies and processes are followed & implemented
Reputation	Misconduct by employees	Extreme (12)	
	Errors, Omissions & Delays	Extreme (12)	
Service Interruption	Ineffective People Management / Employment Practices	High (9)	Review Corporate Business Plan annually to ensure reflects strategic community plan
	Inappropriate Organisational Structure	Extreme (12)	Review Human Resource Plan to ensure it is reflective of strategic community plan
			Corporate Business Plan clearly articulates how organisational objectives will be achieved
	Turnover	Extreme (16)	Implement HR Plan strategies
	Inadequate Personal & Unpaid Leave Management	Extreme (12)	Implement HR Plan strategies
Compliance	Nil	N/A	N/A
Property	Nil	N/A	N/A
Environment	Nil	N/A	N/A

C. OFFICER'S COMMENT

The Workforce Plan identifies as an evolving document which reflects the current position of the Shire's workforce. It also however signals a clear intent to undertake a regular review of the plan to better integrate workforce planning with financial and service planning. It is understood that resources in some areas may be seasonal, fixed term or casual to address service requirements but that the addition of new permanent staff every year is not sustainable.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3839

Moved: Cr Williams

Seconded: Cr Mencshelyi

That Council endorse the Integrated Workforce Plan 2019 as attached.

CARRIED 10/0

1. INTRODUCTION

The role of Local Government is to oversee the delivery of a diverse range of programs, services, facilities and projects for their community. Effective workforce planning is fundamental in meeting the community's needs now and into the future. Achieving the optimum combination of staffing, volunteers and contractors is vital.

Workforce Planning is a key component of the Integrated Planning and Reporting Framework which was introduced to Western Australian local governments in 2011. The Shire of Northam Workforce Plan 2019-2021 is both an informing document to the Shire's Strategic Community Plan, Corporate Business Plan and long term Financial Plan as well as being an output of those plans. It provides a consolidation of workforce requirements and strategies for current and future operations.

It is intended for the Workforce Plan to be significantly reviewed in 2021-2022 to consider efficiencies and innovation to improve the sustainability of the Shire's workforce. This review will set the framework for future structure and recruitment with strategies and accompanying actions aligned with the major reviews of the Strategic Community Plan and Corporate Business Plan.

Currently the Workforce Plan will be implemented from 2019-2022 and comprises of 10 key strategies. Throughout the life of the Plan the Shire will undertake annual reviews to ensure the Workforce Plan strategies are implemented, monitored and reported against.

Opportunities for improvement identified within the Plan focus around staff turnover, youth employment, disability employment and organisational training. Implementation of the Workforce Plan will support the Shire in delivering on its Attraction and Retention Strategy which demonstrates why people are attracted to work for the Shire, why they choose to remain employed by the Shire and why they make discretionary efforts in their roles. In doing so it will position the Shire as a sustainable local government authority that achieves excellence through a well-resourced, skilled and effective workforce.

2. SHIRE OF NORTHAM – WHO WE ARE AND WHAT WE DO

The Shire of Northam (the Shire) is a diverse regional local government situated in the Avon Valley within the Western Australian Wheatbelt Region, and is bounded by the Local Governments of Mundaring, York, Toodyay, Goomalling and Cunderdin.

The Shire encompasses the townships of Northam, Wundowie, Bakers Hill, Clackline, Irishtown, Spencers Brook and Seabrook. The most western of these townships is Wundowie, which is only 70kms from the Perth Central Business District. The total area of the Shire is 1,430 km² and is a mix of residential, rural residential and rural lifestyles.

With an estimated population of 11,230 people (ABS 2017), the Shire is spread across a diverse range of communities. The main town site of Northam, situated on the Avon River, 96 kilometres from Perth is the main urban and commercial hub of the Shire. The Shire of Northam is known for its Nyoongar culture, this is reflected in a Nyoongar population of approximately 5.8% of the population (ABS 2016).

Northam has been clearly established by the State Government as a Regional Centre, resulting in many Government agencies having a strong 'regional' presence in the town site, including the Wheatbelt Development Commission, Department of Primary Industry & Regional Development, WA Main Roads and WA Police. The presence of Government departments in Northam provides the opportunity for the Shire to work closely with these agencies on a range of strategies, initiatives and projects.

Northam acts as the regional centre for the Avon area, which includes servicing communities including, Toodyay, York, Beverly, Goomalling, Quairading, Cunderdin, Tammin, Dowerin, Wyalkatchem and Koorda. Consequently the population catchment area for Northam is approximately 26,000.

The Shire of Northam recognises the importance of planning for the future and consequently has developed a Strategic Community Plan (SCP). The SCP establishes a clear vision for the Shire of Northam as being *'a vibrant growing community that is safe, caring and inclusive. We are recognised as a community that values heritage, preserves our environment and promotes our commerce'*.

In order to deliver on this vision the SCP establishes an organisational mission:

'To deliver responsive, sustainable services in a manner that preserves and enhances our environment and lifestyle whilst respecting our heritage and facilitating economic growth'

It is this vision and mission which establishes the 'agenda' for the Shire of Northam, clearly articulating our aspirations and purpose. In order to achieve these aspirations the SCP establishes six (6) key theme areas, being;

THEME AREA 1: ECONOMIC GROWTH

Diversifying and growing the economy for prosperity and employment

THEME AREA 2: COMMUNITY WELLBEING

A cohesive community with access to quality services

THEME AREA 3: SAFETY AND SECURITY

A community without fear of crime or antisocial behaviour

THEME AREA 4: ENVIRONMENT & HERITAGE

Preserving the natural and historic beauty of the Shire of Northam

THEME AREA 5: INFRASTRUCTURE AND SERVICE DELIVERY

Liveable, connected communities with well-maintained assets

THEME AREA 6: GOVERNANCE & LEADERSHIP

Leading with accountability, connection and openness

The SCP has been established by the Shire of Northam to guide and give direction to the Chief Executive Officer, who has developed a Corporate Business Plan (CBP), endorsed by Council, which details how the organisation will achieve the aspirations, goals and objectives established in the SCP.

The CBP identifies that the Shire of Northam has 42 distinctive service areas, ranging from financial services, to Nyoongar culture, tourism and roads & infrastructure services. The full extent of these 42 service areas is detailed in section four (4) of this plan.

3. ORGANISATIONAL STRUCTURE

The Service Delivery Model

The Shire recognises that it has a range of service delivery models across the organisation, including;

Own Right Service Provision – Council exclusively uses its internal resources to provide services.

Contestability - assessing and comparing the efficiency and effectiveness of a current means of service provision by comparison with other providers (private and/or public).

Competitive Tendering - exposing the provision of Council services to competition through a formal tendering process irrespective of whether the service has been traditionally provided by Council employees or an external provider. The tendering process may involve "in house" staff teams tendering with external providers for specific projects, services and activities.

Contracting Out - contracting with an external organisation to provide a service for Council.

Collaborative Ventures - undertakings or projects which have been developed as a result of two or more parties (Councils, Governments, private sector, community groups) working together to achieve common objectives. This is the model relied upon by the various Councils engaged in resource sharing activities (i.e. shared service delivery).

Historically, for important services, Council has adopted an 'own right' service provision model, whereby it is delivering its services utilising its own internal resources exclusively. This is becoming increasingly challenging as the complexity and competitiveness in the private market has grown significantly in recent times. As a consequence the Shire will continue to explore opportunities to provide its services and facilities utilising the most efficient and cost effective model possible.

In assessing the current mix of own right service provision, the Shire delivers external and internal services. External services refer to those that are considered front line or direct service delivery such as programs, projects, civil works and day to day operations through a workforce of 98 employees (74% of the work force) which includes full time, part time and casual employees.

Internal support services, also referred to as back office functions, support the delivery of front line services and are delivered by a workforce of 35 (26%). This ratio of approximately 1:3 is within the known public service parameter, with back / front office ratios ranging from 1:2 to 1:4 across Australian Government operations generally (Australian Public Service Commission Strategic Workforce Analysis (<https://www.apsc.gov.au/strategic-workforce-analysis-and-reporting-guide>)).

In order to deliver the required services and projects the Council has endorsed an organisational structure consisting of the following divisions:

Office of the Chief Executive Officer

Office of the CEO, Human Resources and OSH

Community Services

Recreation Services, Aged Care, Tourism and Events, Heritage and Arts, Library Services and Community Development

Corporate Services

Administrative processes for the Shire including Governance, Finance, Licensing, Cemeteries, Records, Information Communication & Technology, and Customer Service

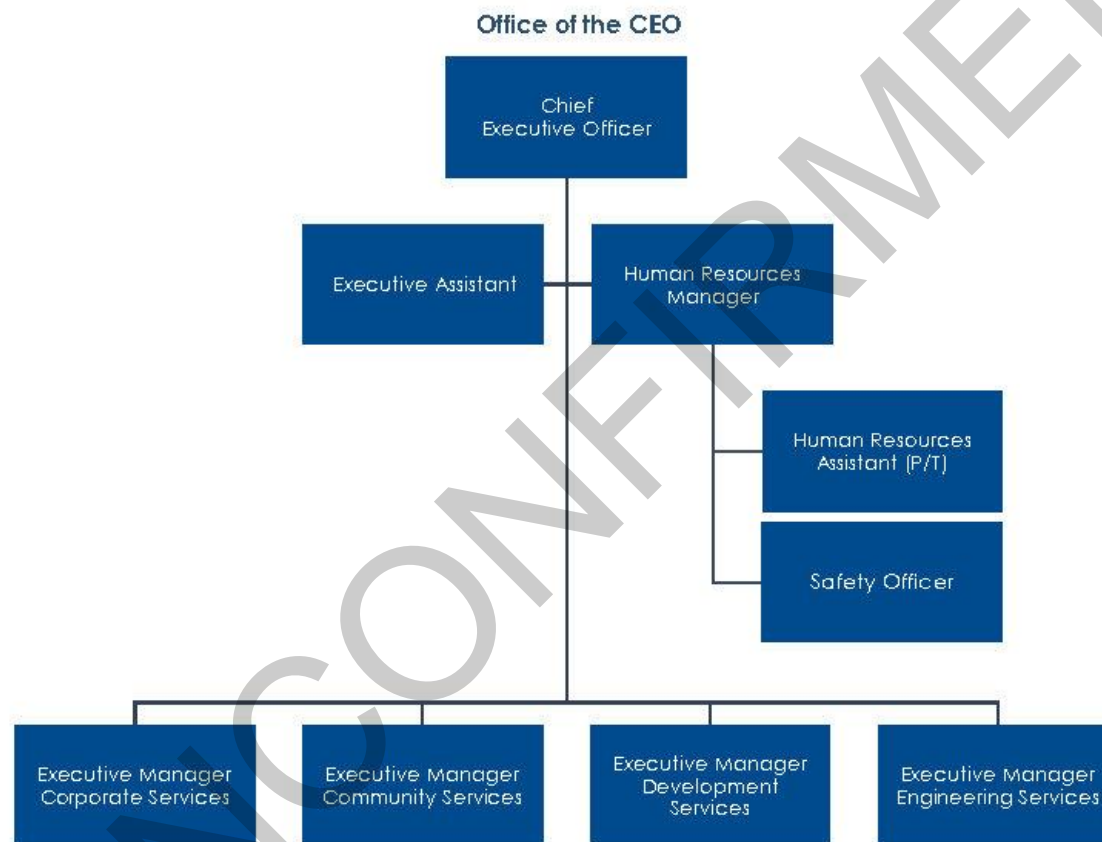

Development Services

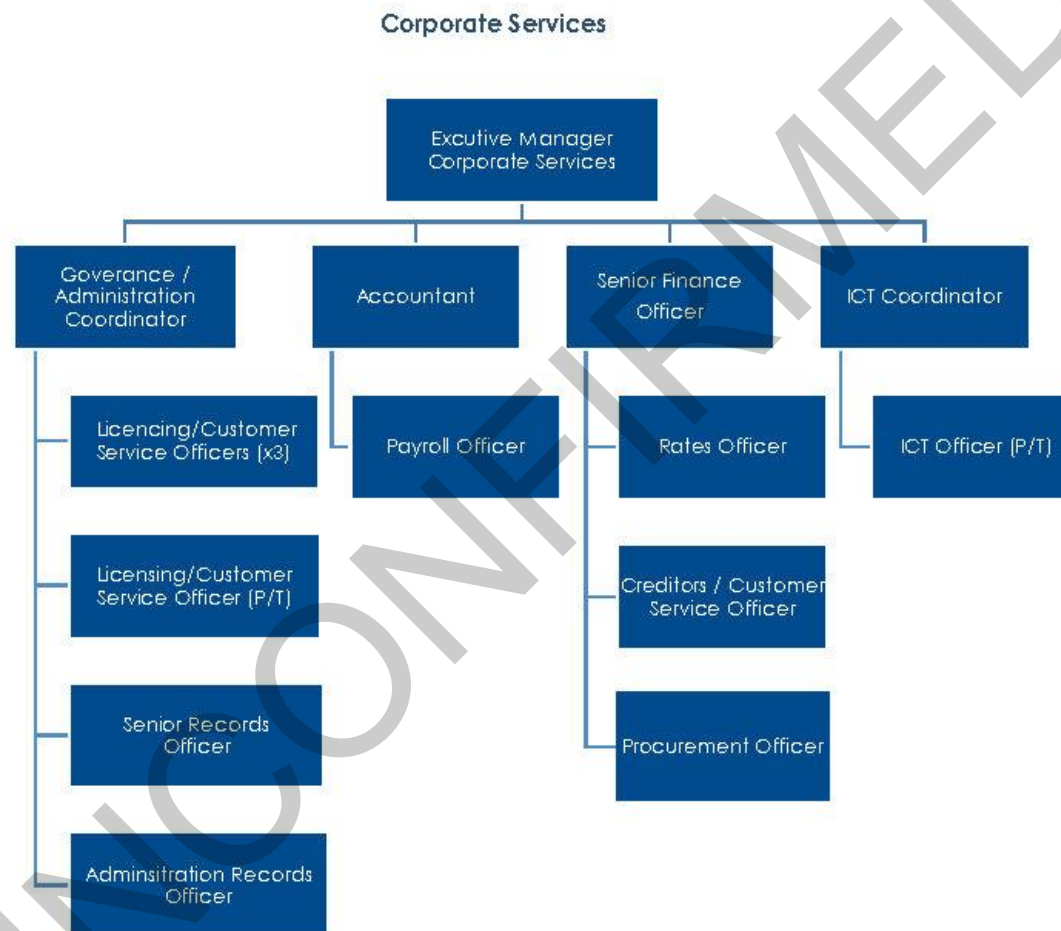

Planning & Building applications, Environmental Health Services, Waste Management, Ranger and Emergency Services

Engineering Services

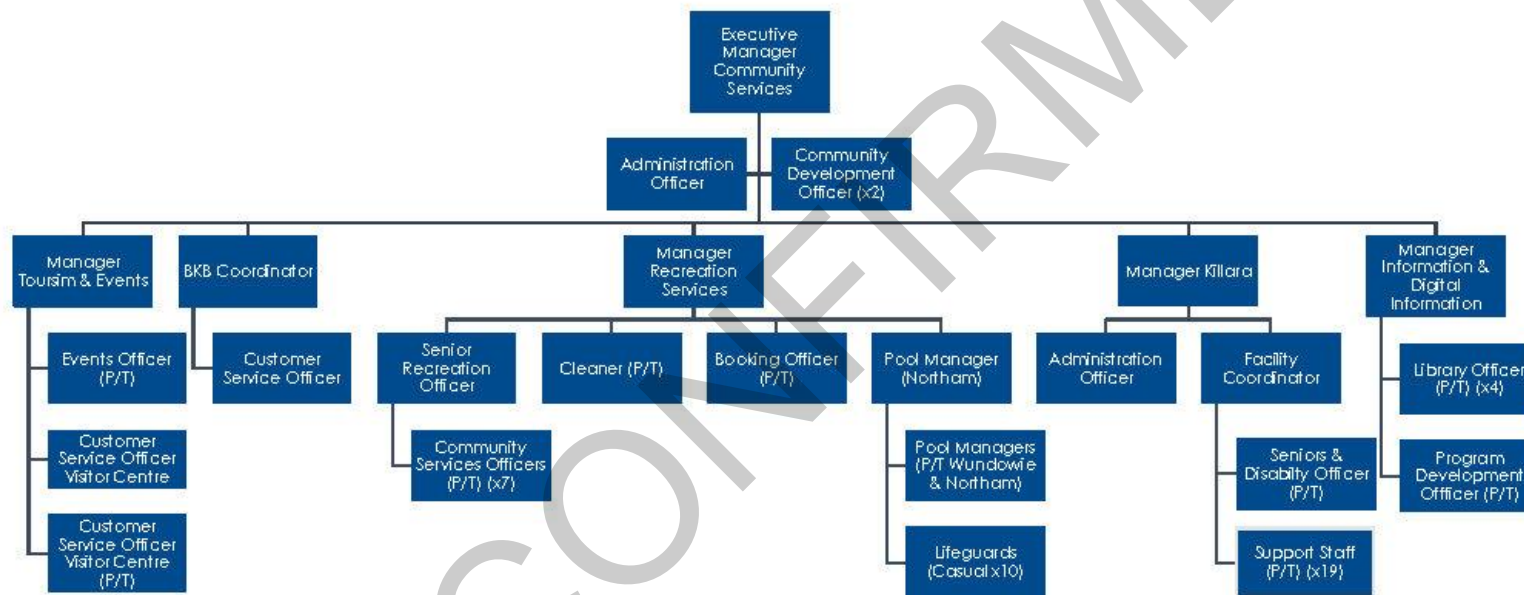

Road construction and maintenance, Parks & Gardens Maintenance, Procurement & Project Delivery, Airport Maintenance, Building Maintenance and Cemetery Maintenance. Asset Management (broader term)

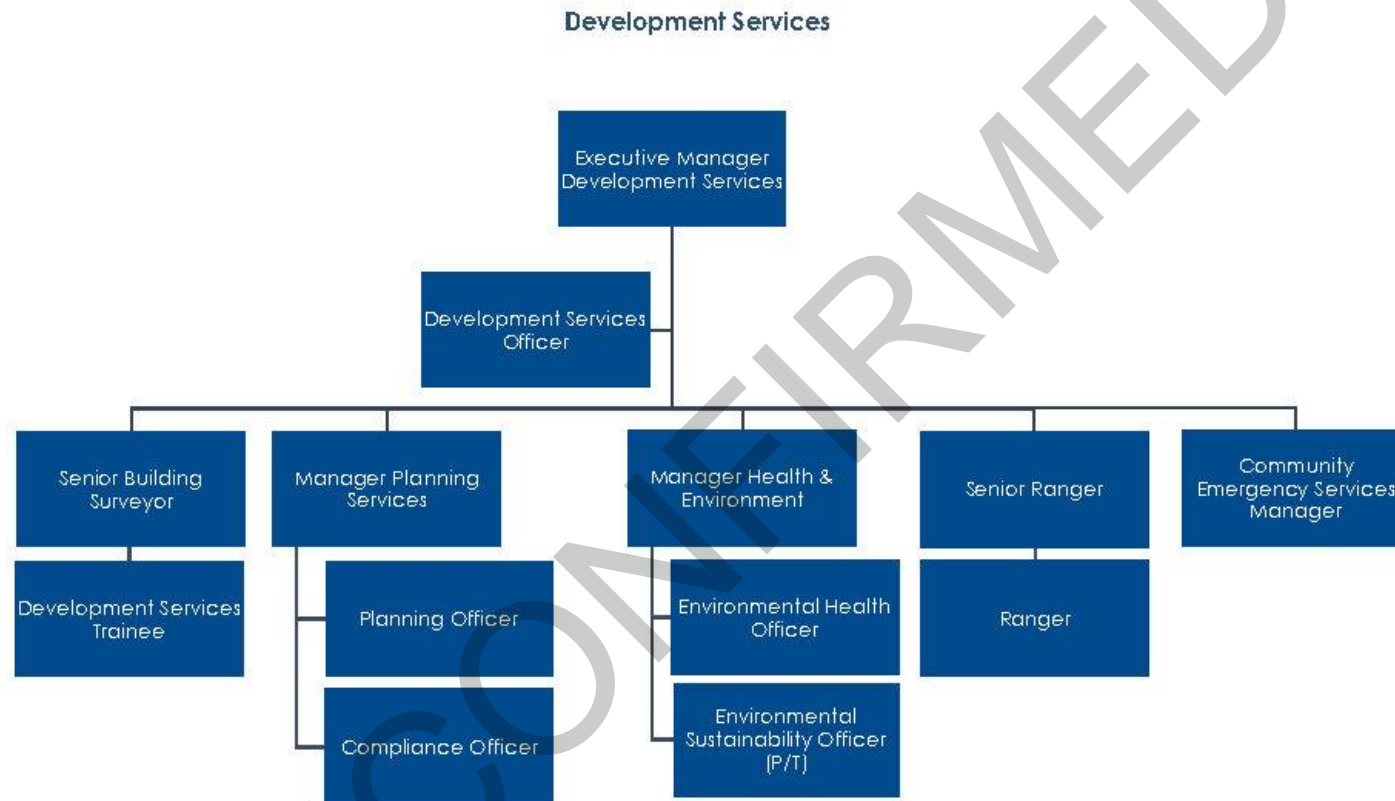

CURRENT ORGANISATIONAL STRUCTURE BY DIVISION

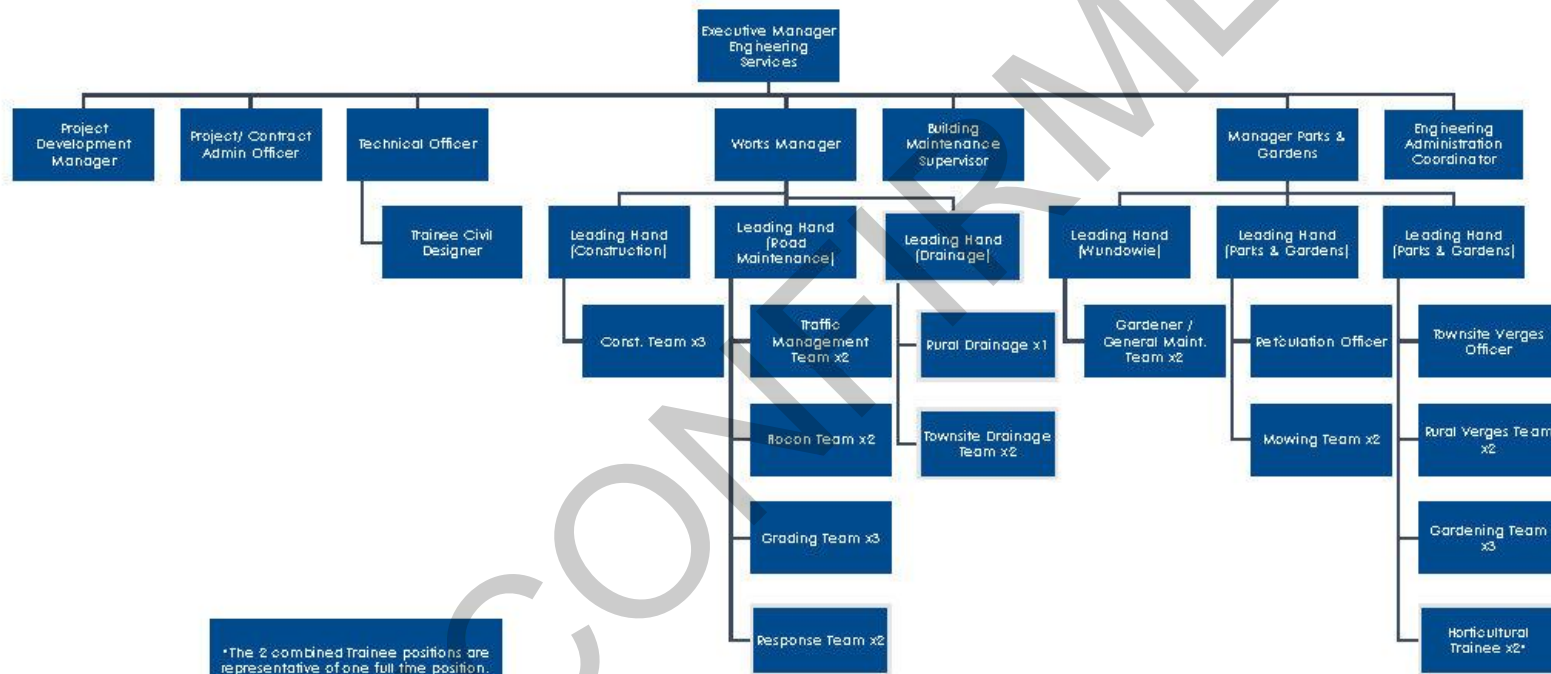

Community Services

Engineering Services

*The 2 combined trainee positions are representative of one full time position.

4. ASSESSMENT OF WHAT WE DO AGAINST OUR CURRENT STRUCTURE

In order to assess the current structure against the strategies and objectives of the organisation, two methods have been adopted. Firstly an assessment of the alignment between the organisational structure and SCP strategies has been undertaken. To make this task easier, the Shire of Northam has a Corporate Business Plan that clearly articulates each action which will be undertaken by the organisation. It also provides a clear insight into exactly what it is as, an organisation, that the Shire of Northam does, and how this aligns to the strategy established by the Shire of Northam through the SCP.

Major themes Outlined in the SCP, 2017 – 2027

- Economic Development
- Community Wellbeing
- Safety & Security
- Environment & Heritage
- Infrastructure & Service Delivery
- Governance & Leadership

The organisation has been arranged into five departments (refer to section 3 "Organisational Structure"), each of which has its own roles and responsibilities, aligned with the strategic direction established by the Shire of Northam. The following is an excerpt from the Corporate Business Plan which illustrates this alignment;

OFFICE OF THE CEO

Service Area	Responsibility	Description	Service Delivery Model
Governance	Chief Executive Officer	Provide leadership to the organisation, liaise with all appropriate stakeholders, and ensure compliance within the legislative framework	Own Right
Councillor Activity / Liaison	Chief Executive Officer	Provide support services for the Shire President, Elected Members and Full Council	Own Right
Regional Development	Chief Executive Officer	Provide input into projects and initiatives on a regional basis	Collaborative Venture with State Government including Wheatbelt Development Commission
Economic Development	Chief Executive Officer	Facilitate and promote economic development in the Shire	Collaborative Venture with State Government including Wheatbelt Development Commission
Human Resources	Human Resources Manager	Manage human resources policies, procedures and services for the organisation	Own Right
Occupational Health and Safety	Human Resources Manager	Manage occupational health and safety policies, procedures and services for the organisation	Own Right
Risk Management	Chief Executive Officer	Provide risk management services for the Shire	Own Right
Communications	Executive Assistant - CEO	Manage the Shire's internal and external communication	Own Right

CORPORATE SERVICES

Service Area	Responsibility	Description	Service Delivery Model
Administration	Executive Manager Corporate Services	Provide and manage Corporate Services for the Shire	Own Right
Cemetery	Administration Officer	Administration of Cemetery	Own Right
Customer Service	Executive Manager Corporate Services	Provide internal and external customer service for the Shire	Own Right
Finance	Accountant	Provide financial services for the Shire	Own Right
Information Technology	ICT Coordinator	Provide information and communication systems for the Shire	Own Right
Records Management	Senior Records Officer	Provide record management services for the Shire that meet compliance requirements.	Own Right

ENGINEERING SERVICES

Service Area	Responsibility	Description	Service Delivery Model
Engineering Services Administration	Executive Manager Engineering Services	Manage and administer Engineering services for the Shire	Own Right
Infrastructure Design	Technical Officer	Manage and co-ordinate internal engineering design	Own Right
Asset Management	Technical Officer	Manage the Shire's assets in accordance with asset management principles	Own Right
Building Maintenance	Building & Project Supervisor	Maintain Council buildings to an acceptable standard	Own Right / Contracting out
Engineering Operations	Works Manager	Provide construction and maintenance services for the Shire's roads, drainage, bridges and pathway networks	Own Right / Contracting Out
	Project Development Manager	Performs planning and development of capital works projects to be delivered both internal and externally.	Own Right
	Parks & Gardens Manager	Provide maintenance and improvement services for POS, Cemetery and Northam Airport.	Own Right

COMMUNITY DEVELOPMENT

Service Area	Responsibility	Description	Service Delivery Model
Administration	Executive Manager Community Services	Manage and administer Community Services for the Shire	Own Right
Aquatic	Manager Recreation Services	Provide and manage Northam and Wundowie town pools	Own Right
Arts & Culture	Community Development Officer 2	Provide appropriate services and facilities which recognise the importance of art & culture to the community	Own Right
Community Events	Community Events Officer	Provide ongoing support to Council authorised events and activities in the Shire Provide a coordination role for all external events and support community groups in the application process	Own Right
Community	Community Development Officer 2	Coordinate initiatives to ensure a safe community.	Own Right
	Community Services Admin	Assist in the delivery of the Shire's external communications.	Own Right
Information & Digital Innovation (Library)	Manager Information & Digital Innovation	Provide library and information services in Northam & Wundowie	Own Right
Tourism and Promotion	Manager Tourism and Events	To contribute to the marketing of Northam Shire as a tourism destination and provide services to assist Visitors to the area	Own Right

Service Area	Responsibility	Description	Service Delivery Model
Recreation	Manager Recreation Services	Manage Active Recreation spaces, services and facilities	Own Right
Youth	Manager Recreation Services	Provide opportunities to recognise achievements and facilitate the engagement of youth within the community	Own Right
Respite	Killara Manager	Provide respite opportunity to the Shire of Northam Community	Own Right
Aged/Disability	Killara Manager	Provide opportunities to recognise achievements and facilitate the engagement of the aged & disabled within the community	Own Right
Grants Management	Community Development Officer (Joint)	To identify and facilitate the securing and management of grants both to and from the Shire of Northam	Own Right
Place Activation	Community Development Officer 1	Coordinate the activation of community and CBD plans.	Own Right
Nyoongar Culture	BKB Coordinator	Establish the needs of the local Nyoongar Community, and align with the desired cultural experiences of visitors	Own Right

DEVELOPMENT SERVICES

Service Area	Responsibility	Description	Service Delivery Model
Statutory Land Use Planning	Executive Manager Development Services	Provide development control in accordance with the Local Planning Scheme #6	Own Right
Strategic Planning	Manager Planning Services	Manage all matters that relate to strategic land use planning, primarily with respect to land use planning for the future development of the Shire	Contracting Out
Building Services	Senior Building Surveyor	Manage building services to ensure overall compliance with all statutory building related legislation, codes and standards	Own Right
Environmental Health	Manager Health and Environment	Manage health services to ensure overall compliance with all statutory environmental health related legislation, codes and standards Manage all matters that relate to strategic environmental health planning for the future development of the community as identified.	Own Right
Environment	Environmental Sustainability Officer	Provide natural environmental services for the Shire and wider community	Own Right

Service Area	Responsibility	Description	Service Delivery Model
Emergency	Community Emergency Services Manager	Coordinate emergency management services to provide safety and security to the local community	Own Right
Ranger	Senior Ranger	Administer Ranger Services in accordance with state and local legislation to ensure compliance and safety of the local community	Own Right / Contracting Out
Waste collection & Recycling services	Manager Health and Environment	Provide and manage waste collection and recycling services for the Shire	Contracting Out

The Corporate Business Plan then clearly identifies each action to be taken by Council in order to achieve its strategic theme and objectives as per the example below;

THEME AREA 1: ECONOMIC GROWTH

Diversifying and growing the economy for prosperity and employment

- **Key indicators of success:**
- **Grow labour force as measured by DEEWR by 10% over 5 years**
- **Increase Gross Regional Product by 10% over 5 years**

OUTCOME 1.1

The Shire of Northam is an attractive investment destination for a variety of economic sectors.

Objectives:

- Ensure the Shire of Northam is a welcoming and easy place for quality investment to occur
- Communicate clearly and widely the benefits of doing business in the Shire of Northam
- Pursue a range of developments in sectors including retirement living, renewable energy, agribusiness, innovation, logistics and aviation
- Embrace technology as an enabler for development, and lobby for high speed internet connectivity
- Promote the business case for Government offices servicing the Wheatbelt to choose to locate in Northam

Actions and Projects	Informing Plan/Legislation	Service Area	2018/19	2019/20	2020/21	2021/22	2022/23
Lobby LandCorp to undertake Avon Industrial Park Stage 3 development, if existing Industrial Park at 80% capacity	Northam Regional Centre Growth Plan	Economic Development					
Develop incentives for relocation of existing businesses to established industrial area, physical improvements to sites, encourage private investment							
Pursue the further development of NBN / broadband into Northam (areas Aim to have at least 300mbps upload speed in CBD)							
Encourage increase in professional services to the community							

Actions and Projects	Informing Plan/Legislation	Service Area	2018/19	2019/20	2020/21	2021/22	2022/23
Assess opportunities in equestrian development area	Northam Regional Centre Growth Plan (Page 153)						
IIA Capacity Assessment (key infrastructure requirements)	Northam Regional Centre Growth Plan (Page 153)	Strategic Planning					
Review Local Planning Strategy to acknowledge mineral resources in and adjacent to the Shire of Northam	Local Planning Strategy						
Develop a POS Strategy that identifies existing areas of POS (undeveloped and developed) in relation to current and future development including timeframes for proposed development/rationalisation							
Develop Northam Smart Cities/Regions Plan	Strategic Community Plan	Information & Innovation					
Lobby Government to establish & maintain Regional Government Offices and potential State Government Departments in Northam	Strategic Community Plan	Economic Development					
Develop Shire of Northam investment prospectus	Strategic Community Plan						
Actively encourage employers to employ local residents	Strategic Community Plan						

The above highlights a focus on promoting a strong alignment between the organisational strategy and objectives and the structure put in place by Council to achieve outcomes in these areas. An assessment of the alignment between structure and strategy has been undertaken, which highlighted a number of areas for potential improvement.

Whilst environment and heritage are identified as key themes, until recently insufficient human resources were allocated to these areas, making it a challenge to achieve outcomes. In recent times however the Shire have employed an environmental officer and provided additional resources to achieve the stated objectives of Council. This commitment is set to continue with a recommendation in this report to further bolster this area increasing the part time nature of the environmental officer to a full time position into the future.

Community safety and security is identified as a critical theme / objective, however in the context of the other key theme areas, resourcing requirements are minimal. Based on the actions within this theme, there are limited human resource requirements. This could change in the event Council made a decision to extend the actions within this area to include initiatives such as security patrols.

In order to promote a strong strategy and structural alignment there may also be an opportunity to align the organisational department structure to more closely reflect the identified key themes. Whilst this will provide more clarity in terms of the alignment, the current view of Council is that a restructure to focus on this outcome is not warranted. It will however be look at as part of a future review of the SCP and Corporate Business Plan.

In addition to the question of alignment to strategy, an assessment has also been undertaken by consultants Livingstones & SHR Group, of our current resource levels with the view of identifying current and future organisational needs.

Critically this process allowed an independent assessment of the current resourcing of the organisation with a view of identifying gaps which were impacting service delivery, in strong consultation with the Executive Management Team. The results of this assessment are provided in detail below, which highlight our current employment levels against what opportunities to create what may be considered a more optimal structure in order to deliver effective and efficient outcomes;

The current long term financial plan makes provision for additional staff, however not until 2023 and 2028. The financial provisions made within the LTFP would accommodate the quantum increase in staff being considered in the above table, however the timing may be problematic from an organisational perspective. As part of the review of the LTFP in 2019/20, a scenario will be developed to bring the additional staffing requirements forward to 2020, 2021 and 2022 for Council to consider.

The following financial implications highlight the current alignment with the Shire of Northam Long Term Financial Plan

Long Term Financial Plan	2023/24	2028/29
	200,000	200,000
	Phase 1	Phase 2
Senior Finance Trainee	40,000

Ranger		67,126
CDO		15,000
		257,126

5. ORGANISATIONAL PROFILE

With 106 FTE working within the Shire it is recognised that this will be reflected in a diverse work force. The Shire is committed to developing an efficient and effective workforce which is reflective of the community within which we work. The Shire also recognises the importance and benefits a diverse and well balance organisation to bring and further to this the need to understand our current workforce profile.

The following table provides an insight into our current workforce:

	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20
Number of Employees (FTE)	91	98	98	99	99	106	106
Total Sick Leave Taken 28/6/2018 - 28/3/2019 (hours)	3180.59	3282.84	4933.98	4584.7	5047.18	3971.08	TBD

% of Employees Living outside Northam but within the Region (Toodyay, York, Cunderdin, Goomalling, Beverley etc)	5%
Length of Service:	Number of Staff inclusive of casuals
>1-5 years	96
>6-10 years	29
>10 years	10

Table 1 – Workplace Profile

The Shire recognises the importance of a strong organisational culture. In late 2017 staff were asked to complete a survey that covered position responsibilities & capacity, training & development and staff satisfaction. The response rate of the survey was a pleasing 95%.

The survey results showed that the Shire had a largely satisfied and very highly motivated workforce and appeared to have made improvements in a range of areas since the inaugural survey undertaken in 2013. The responses and comments made by the workforce emphasised that the Shire was a workplace that promoted safety and wellbeing, and provided meaningful and satisfying work, along with learning and development opportunities. Overall the relationships within teams, with the immediate supervisors, and with the Executive Managers were seen as effective.

However, there was a common perception of some in the workforce that the Shire was in a phase of limited and stretched resources and work overload, with the demands generally being seen as increasing. Communication, performance related feedback along with organisational change, conflict and hazardous workplace behaviours were areas that were seen as needing to be managed more effectively.

The following table summarises the key positive findings and the key areas for improvement findings of the survey. It is envisaged that the survey will be again undertaken in 2020.

Key Positive Overall Findings	Key Areas for Improvement
<ul style="list-style-type: none"> • Nearly all staff reported that they were motivated to do their best in their jobs. • A significant majority of the staff had the intention to remain with the Shire in the next 12 months. A considerable proportion reported that they had job security. • Two elements of communication were rated favourably by the majority of staff, namely communication and regular staff meetings within their work teams. • Overall staff indicated that they had easy access and a positive relationship with their immediate supervisor in terms of the person they reported to demonstrating the Shire's values. Considerable effectiveness was also reported in regards to participants' feeling that they were able to raise issues and concerns with their immediate supervisor. A positive relationship with their immediate supervisor was crucial to workforce retention. • The Executive Managers were rated positively overall as approachable, demonstrating the Shire's values and treating staff with respect. • All staff reported that they were aware of and understood policies on hazardous workplace behaviours and there was a sound level of familiarity with the grievance management procedure. A considerable proportion of staff agreed 	<ul style="list-style-type: none"> • Communication was one of the key areas for improvement, particularly around communication between different teams and the flow of information across divisions within the Shire. Only half of the staff considered that the Shire supported open and honest communication and nearly half indicated that they did not feel that they had ready or effective access to knowledge and information that was relevant to their work. • This was consistent with the perception that the Shire's immediate supervisors were less effective (albeit at an average level) in regards to providing feedback and managing the performance of their direct reports, compared with the relational aspects of their roles. A constructive focus on these areas was also likely to bring about needed improvements in morale within the work teams and in enhancing the feelings of staff that they were important to the Shire • Echoing this concern was the poor to average assessment of Performance Management as an organisational factor. In addition to some concerns about the fairness of performance review process, many indicated the apparent lack of regular performance conversations. The review process was not being seen as effectively serving its purpose of improving performance and developing staff. • There was a need to enhance staff' perception of how the Shire managed conflict within the workplace and (to a lesser degree) dealt with hazardous workplace behaviour. To maintain the other very positive elements of workplace safety, there would be advantages to be gained from focussing on ensuring that the Shire responds in a timely manner and deals with safety issues seriously, along with promoting a

Key Positive Overall Findings (continued)	Key Areas for Improvement (continued)
<ul style="list-style-type: none"> • That they were able to share work related concerns with their colleagues. • There was an excellent level of role clarity and, aside from concerns about resource adequacy, the job demands (having set and realistic deadlines, stimulating and interesting work, and a mostly manageable workload) were viewed positively, with the requirement to use a variety of skills and knowledge reported by nearly all staff. • Professional development by way of support for continuous learning, the development of new skills and access to training was reasonably well regarded. • Overall staff reported a high degree of effectiveness in balancing their work at the Shire with other life commitments and the majority experience stress at work as manageable and motivating. • The workforce generally had a very positive perception about the Shire's management of safety and wellbeing, indicating excellent awareness of the Shire's Safety Management System and safety procedures; a very strong reporting intention; and feeling comfortable raising safety issues with supervisors. • Overall the survey showed that a considerable portion of staff felt that the Shire supported flexible work arrangements. • The vast majority of the workforce were aware of the following benefits available to staff: annual leave and nine day fortnight for full time staff; training and development opportunities; and enhanced Superannuation, and found those to be considerably useful. There was also awareness of the Health and Wellbeing package by the majority, who reported it to be useful. 	<ul style="list-style-type: none"> • Strong and consistent message that everyone needs to take responsibility for safety in the workplace. • Although the questions around Leadership received good results, there was some level of consensus that the Executive Managers could be more visible, more clearly communicate the mission and vision of the Shire, and build staff confidence in the leaders' capacity to guide the organisation to a better future. • There was considerable room for improvement in planning and communicating around organisational change, ensuring effective consultation so that changes are well implemented and resulting in improvements and better outcomes.

6. PROFILE ASSESSMENT – WHAT DO WE HAVE, WHAT ARE WE AIMING FOR

– WHAT ARE THE OPPORTUNITIES?

What do we want from our workforce?

At the Shire of Northam we are focused on delivering responsive, sustainable services in a manner that preserves and enhances our environment and lifestyle whilst respecting our heritage and facilitating economic growth.

To achieve this we have a clear set of well-established cultural values which are critical to our organisational performance;

- Safe
- Open
- Accountable
- Respectful

Being able to deliver on our organisational mission and achieve this through our cultural values there are certain requirements which have been identified as being in our workforce. It is these requirements which will drive the focus of the organisation and position us to deliver on our communities expectations.

It is our desire to ensure that we are a diverse, skilled, flexible, stable and local workforce.

- **Diverse**
 - Gender equality - Workplace gender equality is achieved when people are able to access and enjoy the same rewards, resources and opportunities regardless of gender.

As assessment has been undertaken of the perceived equity within the Shire, which has shown positive results in regard to women in the workplace, earning and promotional opportunities.

In relation to the numbers of women in the workplace, table 1 highlights that the Shire workforce is made up of 58% females. This compares favourably to the ABS data which at 2016, indicated that the communities within Northam were made up of 48% of females. Similarly the Australasian LG Performance Excellence benchmarking Program highlights that the Shire compares favourably with program cohort, who have an average female head count of 45%, whilst the Western Australia cohort are represented by 49% of females in their workforces. This indicated that the Shire of Northam is performing well in the context of its overall gender diversity.

Breaking this analysis further into work areas, does highlight areas where we do not perform in line with other local governments with regard to gender.

Occupation	Survey Male	Shire of Northam Male	Survey Female	Shire of Northam Female
Machinery operators & drivers	91.3%	100%	8.7%	0%
Labourers	76.7%	81%	23.3%	19%
Technicians & trade workers	76.5%	100%	23.5%	0%
Managers	67.1%	52%	32.9%	48%
Professionals	48.1%	64%	51.9%	36%
Customer Service	73.8%	0%	26.2%	100%
Community & personal service workers	30.6%	3%	69.4%	97%
Clerical & administrative workers	17.0%	23%	83.0%	77%

In the context of rewards / remuneration an assessment has been undertaken at both management level and within the general workforce. This assessment clearly indicates that employees within the Shire of Northam are not disadvantaged as a result of gender.

In relation to managerial levels there are mixed results for the Shire. At Executive level within the organisation (including the Chief Executive Officer), there is no female representation, while at management level females are represented by 56% and males 44%. The Shire of Northam does perform favourably when compared with Australasian LG Performance Excellence benchmarking program cohort who are represented on average by 31% of managers being female, whilst the Western Australian cohort are only represented by only 29% of females at managerial level or higher.

Further to this a more detailed assessment highlighted that of the last four internal promotions which have occurred within the Shire all have involved women (Senior Ranger, Manager Health Services, Human Resource Manager, and Visitor Centre Manager).

- o Age diversity (baby boomers 55 and older; Gen X 55 – 24; Gen Y 25 and younger) – The Shire of Northam has a relatively well balanced workforce when it comes to age diversity. The Australasian LG Performance Excellence benchmarking program highlights that our workforces is made up of 38% of baby boomers, 58% of Generation X and 15% of Generation Y. This age profile is in line with other benchmarking participants generally and the Western Australian cohort specifically.

The statistic do however highlight that while the balance is representative, there are future challenges which require planning around baby boomers as they close in on retirement age. With 30% of our employees aged 55 years or older succession planning is identified as a gap within our workforce planning framework. With this in mind the training and development of young employees is a major focus throughout the organisation.

Whilst the Shire has a reasonably well balanced aged demographic within its workforce, it is noteworthy of the current challenges around community youth unemployment. It is estimated that while the Shire of Northam unemployment rate is around 6%, youth unemployment is significantly higher at between 15% - 20%. This represents an opportunity for the Shire of Northam to not only show leadership in youth employment, but to also take a proactive approach to managing for future skill requirements.

- o Nyoongar employment - the Shire of Northam has placed a significant focus in this area over recent times. This being the case it is very encouraging that our Nyoongar employment is currently near or at 11%, which is a significant improvement on 1.83% in 2013. The employment rate of 11% also outperforms the internal aim of having Nyoongar employment as representative our of community profile, which indicates that our population is made up of 6% Nyoongar people. The employment of local Nyoongar people will continue to be an organisational focus with the organisation looking to put strategies in place to ensure that this commitment continues with a particular focus on youth who are over represented in our unemployment data.
- o Disability employment – the Shire has no recorded employees with disabilities in the organisation. This represents a significant opportunity for the Shire of Northam to show community leadership in this area.

- **Skilled**

- Attracting skilled employees - Due to the regional location of the Shire of Northam certain roles within the organisation are rarely filled through local appointment. The following positions have historically proven to be particularly difficult to fill through the recruitment of local residents:

Position	Date Last Advertised (If within last 3 Years)	Number of Applicants	Number Shortlisted
Chief Executive Officer	-	-	-
Executive Manager Positions	-	-	-
Manager Planning Services	March 2019	8	4
Senior Building Surveyor	December 2018	5	5
Senior Ranger	-	-	-
Planning Officer	June 2017	15	2
Environmental Health Officer	May 2019	7	3
Works Manager	June 2017	6	2
Manager Parks & Gardens	-	-	-
Technical Officer	October 2017	31	5
Manager Recreation Services	October 2018	9	2
Seasonal Pool Managers	August 2018	3	1
Final Trim Grader Operator	-	-	-

While the local employment for these positions has been problematic the most recent advertising for these positions when vacant has indicated that the pool the Shire has to choose is strengthening. The challenge for the Shire of Northam is to ensure that the new employees to the organisation from outside of the Shire, make a decision to live in the Shire of Northam, this can be achieved by a combination of incentives and disincentives, whilst trying to create strong community family oriented amenity, to support our good education and health systems.

- New appointees to professional/skilled positions not residing within the Shire of Northam are encouraged to relocate through a negotiated employment package and the incentives offered through the attraction and retention strategy (see above). A contribution to relocation expenses is available where applicable which is paid subject to conditions in relation to continued service with the organisation.

- o Retaining skilled employees – staff turnover is a significant challenge for the Shire and while the turnover rates have been reduced over the last five years they are still considered to be higher than what is the ideal. A review of the last three years turnover indicates a significant concern in relation to 'professionally skilled' employees, with no less than 24 leaving during the period. The leaking of skilled professionals is further compounded by the challenge in attracting certain professions, as highlighted below.

Western Australia Local Government Skills Shortages Urban Regional WA

- Engineers
- Environmental Health Officers
- Town Planners
- Buildings Surveyors

(Source: Local Government Skills Shortage Survey 2017, LGWDG)

Given that remuneration is viewed as a critical element of retention the WALGA remuneration survey has been utilised to assess a range of positions within the organisation to provide an indication as to the competitiveness of the Shire of Northam in its remuneration structures;

Position	Shire of Northam package	WALGA Survey Band 3 (Agricultural Rural)	WALGA Survey Band 2 (Rural)	WALGA Band 2 (Regional Centre)
Parks Crew Member	100%	1.25%	14.80%	n/a
Planning Officer	100%	(11.21%)	0.1%	13.70%
Community Development Officer	100%	9%	(5.2%)	8.53%
Senior Building Surveyor	100%	n/a	(26.21%)	(5.06%)
Plant Operator	100%	n/a	11.54%	14.42
Grader Driver	100%	4.18	n/a	(11.75%)
Governance Administration Coordinator	100%	(23.14%)*	(24.90%)*	(34.03%)*
Rates Officer	100%	(7.14%)	(3.2%)	(3.15%)
* Officer position only				

It is difficult to make direct comparisons of positions across local governments, due to complexity of specific roles, roles may vary from local government to local government, whilst experience, skills and qualifications of individuals are also not taken into account. However assessing this sample of employees indicates that the professional employees are remunerated in the general quantum of their peers, however the outlier appears to be in the general plant operators and parks crew members and who appear to be up to 13% under current market rates.

- a. Developing our employees – the Shire is committed to investing in and developing our employees. This is reflected in the following table, which indicates that across the organisation there is a strong level of formal qualifications;

	Without Cert 3 or Higher	Cert 3/Cert 4	Diploma or Above
Office of the CEO	20%	20%	60%
Corporate Services	29%	36%	35%
Development Services	0%	8%	92%
Engineering Services	66%	19%	15%
Community Services	38%	35%	27%
Breakdown of Community Services:			
Community Development	33%	17%	50%
Killara	19%	75%	6%
Rec Services	60%	0%	40%
Library Services	50%	0%	50%
Tourism & Events	75%	0%	25%

Table 2 – Employee qualifications

In relation to actual investment in development of staff, when compared with the Australasian LG Performance Excellence cohort, the Shire of performing strongly;

2015/2016	2016/2017	2017/2018	
\$987	\$962	\$1,500	Shire of Northam Actual Training & development Spend per FTE
\$1,103	\$975	\$1,125	Survey Median Training Spend per FTE
\$1,614	\$1,624	\$1,624	Shire of Northam Actual Training Budget per FTE
\$1,393	\$1,407	\$1,627	Survey Median Training Budget per FTE

Table 3 - Source: The Australasian LG Performance Excellence Program FY18

- **Flexible**

- o Recognising our fast changing environment – The Shire of Northam currently provides a level of flexibility within the organisations. The majority of employees are provided with 9 day fortnights, positions have been moved from full time to part time to accommodate individual needs, in some instances school hours have been offered to accommodate and attract parents with schools aged children, and most recently a 4 day week has been introduced into the works and services area.

The 4 day week has been introduced as a productivity improvement trial (saving on mobilisation and de-mobilisation time/costs). The trial is currently also assessing whether the introduction of a 4 day week has a positive correlation with the amount of personal leave taken. Whilst the data set is small, the indication is that it does have a positive effect on sick leave taken. One employee on the 4 day week has been with the organisation for a number of years, took an average of 5 days sick leave per year prior to the 4 day week. In the 9 months of the 4 day week trial this employ has taken 2 days only. This correlation will continue to be monitored until a reasonable data set can be put together to establish any real correlation between the 4 day week and sick leave reduction.

The recent introduction of an innovation team, made up of individuals from across the organisation, is promoting the organisation to think and acting innovatively. The innovation team are due to present their findings and recommendations on a range of organisational strategies in mid-2019.

Training and development plays a key role in not only providing opportunities for employees, but also for allowing flexibility across the organisation. Table two highlights that overall the level of

qualifications within the organisation is good, with the exception of works & services, while table 3 indicates strong organisational investment in training and development.

- **Stable**

- Turnover rates of between 5% & 15% - the Shire of Northam recognises the benefit that well managed turnover can bring to an organisation. The inflow of new staff with different perspectives and experiences can add significant value to the organisation. However current turnover rates are still considered to be excessive and disruptive to the efficiency of the organisation.

To put the Shire of Northam turnover into an Industry context, according to the 2018 WALGA remuneration survey a turnover rate of 12% (which was recorded by the Shire at June 2018) places the Shire the lowest 10% of local governments, while an average of 17% over the last four year places the Shire at the median figure for local government in the sample.

Turnover remains a significant risk to the organisation and whilst it has improved significant, turnover remains a concern as highlighted in Table 1 – workplace profile.

- A measure of stability in our day to day operations is around the amount of sick leave being taken by our employees. Unplanned days leave has a significant impact on our ability to deliver well planned services and projects. With this in mind an assessment of our sick leave patterns highlights a major area of concern.

An assessment (WALGA remuneration survey) of days of unscheduled absences per full time equivalent employee (excludes casuals) to 30 June 2018 has been undertaken, unscheduled absences include paid and unpaid personal/carer's leave and compassionate leave. It highlights that on average Shire of Northam employees, as defined above, take 11 days leave per year, which is in the highest 10% of local governments in the survey. This is of considerable concern and is an area we must focus on improving as an organisation. To highlight the extent of the challenge, in order for the Shire to be at the other end of the scale and in the lowest 10% of local governments, the 11 days would need to be reduced to 6 days.

- **Local**

- o Providing our residents within the Shire of Northam with first employment opportunities - Local residents are encouraged to apply for all vacant positions with a strong preference towards these applicants in the appointment of all non-professional roles. With a current local employment rate of 85% the Shire of Northam continuously strives to improve this ratio through the driving of the existing recruitment process and the regular evaluation of statistics in relation to staff geographical location.

Finding the balance between getting the 'best' person for the job and supporting the local community can be difficult. Council maintain that first and foremost the best person for the job is the priority, however it also recognises that for certain positions, where an individual has the personal attributes the organisation is seeking and they can be quickly developed from a skills perspective, and in such cases local people will be given very strong preference.

- o Providing residents within our region with opportunities where local residents cannot be sourced – as outlined above local employment is the primary focus, however in circumstances where there are no suitable 'local' candidates, candidates from within the region will be given the preference, in a similar context as outlined above.
- o Attracting new employees to our community – The Shire of Northam is committed to attracting new employees to our communities wherever possible. This can at times be challenging given our proximity to Perth, which means that potential employees can consider commuting as a viable option. The 'commuter' prospective employee does bring potential benefits to the Shire of Northam, in that it significantly increases the potential talent pool which Council is selecting from.

What are our opportunities for organisational improvement?

- **Staff Turnover**

Turnover has been a significant challenge for the Shire of Northam for the past 7 – 10 years. In order to address this issue a wide range of strategies have been put in place, firstly to try and understand the reasons for turnover and then to develop strategies and initiatives which will assist in staff retention. Further to this, a range of risk mitigation strategies have been put in place to assist the organisation in the event turnover is unable to be managed down to appropriate levels.

The following tables outline turnover experienced by the Shire of Northam;

Financial Year	Staff Turnover
2011-2012	32%
2012-2013	34%
2013-2014	24%
2014-2015	19%
2015-2016	18%
2016-2017	24%
2017-2018	12%
2018-2019	17%

TURNOVER BY YEAR (note this is a raw figure and does not account for employees who were 'assisted' out of the organisation)				
Department	2015/16	2016/17	2017/18	2018/19 (to June)
Development Services	29%	38%	21%	21%
Engineering Services	20%	24%	22%	8%
Community Services	18%	28%	29%	15%
Corporate Services	14%	7%	13%	18%
CEO Office	0%	0%	0%	0%
TOTAL	19%	24%	22%	17%
Adjusted for employees 'assisted' out of the organisation	13%	22%	12%	17%

In order to understand the reasons staff are leaving the Shire of Northam, exit interviews are undertaken by Shire Human Resources staff. The outcomes of exit interviews are made known to the Chief Executive Officer, and if appropriate the relevant Executive Manager. A review of the last two years of exit interviews highlights the following themes amongst staff's reasons for leaving:

- Salary
- Personal family reasons
- Career development opportunity
- Sourced work closer to home (Skilled staff who commute or live in Northam Monday to Friday)

To highlight the importance of staff turnover management, Strategic Human Resources Group developed a cost turnover calculator, which recognises that the replacement of staff is an expensive process as it encompasses several costs:

- Staff time in replacing an employee
- Advertising
- Staff time in training replacement staff
- External training
- Loss of productivity and engagement during the transition period
- Cultural impact on staff
- Hiring of temporary/contract staff to provide relief

In the financial year 2018/2019 staff turnover totalled 17% which resulted in a cost of \$336,258 (exclusive of estimated loss of productivity costs of \$134,166 based on a median annual base salary of \$70,000 per annum.

In the financial year 2013/2014 staff turnover totalled 34% which resulted in a cost of \$619,423 (exclusive of estimated loss of productivity costs of \$247,149) based on the 2017/2018 median annual base salary as above.

As is highlighted with the cost implications of turnover outlined above, reducing turnover represents a significant saving to the organisation. Over the past five years the Shire has been able to significantly reduce the turnover through a range of strategies, including;

- A more streamlined recruitment process
- Improved induction process
- Operational leadership training
- The introduction of corporate values
- Health and wellbeing program
- Staff recognition program
- Introduction of learning and development opportunities

A further 2% reduction in turnover to the levels considered appropriate by the Shire of Northam (15%), would result in an estimated financial efficiency saving to the organisation in the order of \$53,094 per annum.

- **Youth Employment**

According to the Western Australian Government Department of Training & Workforce Development youth unemployment is at a 20 year high in Western Australia at not less than 14%. It is expected that this is the case in the Shire of Northam, which is further compounded by the loss of youth who migrate away from Northam after their schooling has finished to either find work or attend University.

<https://www.dtwd.wa.gov.au/workforce-development/workforce-information>

There are a range of traineeships and funding available to assist bringing young people into organisations, which needs to be explored by the Shire of Northam. Moving forward youth employment should be a focus of the Shire of Northam

- **Disability employment**

In the past the Shire of Northam has employed people with disabilities, with good success. However currently there are no known employees with disabilities working for the Shire of Northam. As part of being a diverse and community focused work place this is an anomaly that needs to be addressed.

While the Shire of Northam has a disability access and inclusion plan, which is currently being reviewed, this is more a focus on the physical environment as opposed to employment opportunities. As an organisation that strongly advocates and supports people with disabilities, the current employment, or lack thereof, situation needs to be addressed.

The Western Australian Department of Communities (Disability Services) say that according to the Survey of Disability, Ageing and Carers (SDAC) 2009, Small area estimates, an estimated 4,855 (2.7%) of the private dwelling population have a severe or profound core activity limitation (ABS 2012c). In reality most areas do not deviate hugely from 3.1% because the numbers are so small.

<http://www.disability.wa.gov.au/Global/reform/Sector%20Development%20Plan/Accessible%20consultation%20documents/Wheatbelt%20-%20accessible.docx>

There are programs available to assist bringing people into the organisation with disabilities, such as the Lighthouse Project. The Lighthouse Project is a partnership project between the Disability Services Commission and Local Government Professionals Australia WA to increase the employment of people with disability in local government. Funding for the Lighthouse Project Grants Program was provided by the Disability Services Commission and administration of the grants was coordinated by LG Professionals WA.

- **Organisational training**

As expressed previously the expenditure on training and development within the Shire of Northam is currently considered adequate, however there is a lack of formal qualification in the works and services area in particular. There is an opportunity to focus in on works and services to provide more opportunities for staff to obtain a qualification which will assist them and the organisation.

Review of the current systems and processes within the organisations indicates that attempts to develop an organisational wide training and development plan have been made, however more work needs to be done to finalise this and ensure that training at the Shire of Northam is well planned, budgeted and critically needs based from both the employee and organisational perspectives.

7. EXTERNAL ENVIRONMENTAL SCAN

THE SHIRE'S EXTERNAL ENVIRONMENT

- **State**

Western Australia has a population of around 2.6 million people, of which more than half make up the State's workforce of some 1.4 million people. WA has the fourth largest workforce in Australia, and the highest rate of workforce participation of all the states (excluding ACT and NT).

- Nyoongar Australians make up 1.9% of the State's workforce, while those born overseas make up 39.8%.
- Youth aged 15–24 comprise about 14.3%, while those over 60 comprise 9.8%.
- WA's male to female workforce ratio is 55% to 45%.
- Many Western Australians in the workforce hold post school qualifications, with 25.1% holding a university degree and 33.5% a VET Certificate or Diploma.
- 39.1% have no post school qualifications.

The vast majority (around 79%) of the State's population and workers reside in Greater Perth (including Mandurah). However, the regions are quite diverse in nature and incorporate a variable mix of employment in areas such as services, resource projects, agribusiness and tourism.

<https://www.dtwd.wa.gov.au/workforce-development/workforce-information>

The labour market in the next two decades will be shaped by technological advances, digital connectivity, globalisation, an ageing population and changing economic structures. These five trends are driving change and are expected to lead to the restructuring of labour markets throughout Australia, including local government.

Internal/External Factors that will impact on Future Skilling Needs & Staffing Requirements in Local Government WA:

Internal/External Factors	Impact
Ageing Workforce	<ul style="list-style-type: none"> • Loss of corporate knowledge • Alter methods so as to source/attract new staff from further afield • Need for succession planning to share knowledge • No young staff to refresh ageing staff • People staying in positions longer – no capacity to bring on young trainees • Skills gap in civil teams • Difficulty in filling gaps as older staff leave
Technological Change and Digitisation	<ul style="list-style-type: none"> • Need a cultural shift in some areas • Need to upskill current employees • New data analysis and interpretation skills required • Change in the way we work – more automation • Upgrade of equipment and software programs • Change service delivery
Increase in Governance and Compliance Levels	<ul style="list-style-type: none"> • Requires more time for reporting and audits • Increase in knowledge base essential • Change in operating processes • Change in management practices
Change in Community Expectations	<ul style="list-style-type: none"> • Change what roles are needed and at what level • Continuous review of council resources to meet changing needs of community • Increasing need for community engagement
New Legislation/Regulation	<ul style="list-style-type: none"> • Changes to Community Care System • Children Services - Increased qualification requirements • Duty of Care – potential increase in litigation • Takes time and ability to learn and implement changes • Results in increased governance and management related roles • Asset Management – statutory requirements • WHS “chain of responsibility” – increased training need
Growth within local government area	<ul style="list-style-type: none"> • Increased workloads – burn out of staff • Taking over new properties/facilities – increase in staff and cost of training • New building construction – increases in project/admin/parks/maintenance staff needed • New infrastructure - need project management skills
Waste Management	<ul style="list-style-type: none"> • New recycling centre – increase in staff in sustainability area • New site will require increased contracts

Internal/External Factors	Impact
Change in Funding Level	<ul style="list-style-type: none"> • Reduced FAGs and road funding • Cost shifting by government – increasing staffing required • Decreased budget for training
Government Funding Changes	<ul style="list-style-type: none"> • Change to Government Apprenticeship policy and funding change will result in a lack of tradespeople for future outdoor roles • Change to Commonwealth Funding for HACC – shift in which organisations will undertake this role in future
Population Decrease	<ul style="list-style-type: none"> • Taking skilled young people out of the district

Source: ALGA Local Govt Workforce & Future Skills Report September 2018

In a local government context, competition for talent in Western Australia is high. Many professional are attracted to City local government or local governments located along the coastal strip. While the size and scale of Northam puts it in the largest quartile of local governments in Western Australia, it is significantly smaller in scale than the local governments it may be competing with for talent, being the 'other' regional centres such Bunbury, Busselton, Albany, Kalgoorlie, Geraldton, Port Hedland etc. Compounding this challenge is Northam's proximity to Perth, which results in direct competition with this market for talent.

Whilst proximity to Perth, as mentioned above, is a perceived disadvantage, it also provides some potential short term opportunities in attracting talent. As has been mentioned previously in this plan, a risk within staff retention is heightened when employees live within the City limits and travel to Northam to work. Historically this has resulted in higher turnover rates as young professionals have in the past viewed Northam as an opportunity to start their career or get into the Industry and as soon as opportunity arrives in the City they leave.

In relation to salaries and wages and other employment projections, the 2019/20 Western Australian State Budget has;

- a. estimated that wages growth will be in the order of;

2018/19	1.75%
2019/20	2.25%
2020/21	2.75%
- b. estimated that unemployment will remain stable at approximately 6%
- c. estimated that employment growth will be in the order of;

2018/19	1.00%
2019/20	1.75%
2020/21	2.00%

- **Regional**

Northam is the regional centre for the Avon Valley. The Avon Valley is made up of the communities of Toodyay, York, Beverley and Goomalling, providing a population catchment of approximately 22,000. While the labour force in each of the other communities is significantly smaller than in Northam, the unemployment rate in Northam is 50% higher than in the other communities.

- **Local**

As a larger regional centre with a larger labour force (compared with other regional local governments), significant number of Government Agencies, and a range of other professional opportunities, competition for talent within Northam is significant.

While the Shire of Northam is one of the larger employers in the community, competition with other agencies such as Main Roads WA, Department of Primary Industry & Regional Development, a significant number of banks and agri-businesses and a range of contractors servicing the region, represents a challenge to both attract and retain quality local staff.

It is difficult to analyse the competitiveness of rewards offered by the Shire of Northam in comparison to other major employers within the Community, however anecdotally the Shire is competitive. This assertion is made as over the past five years very few, if any employees, have left the Shire of Northam to take positions with the other mentioned employers.

Of some concern is the fact that many of the employees in the works and services department are remunerated below the annual average earning within Northam, which according to the Australian Bureau of Statistics was \$61,250 in 2016.

8. RISK MANAGEMENT

Risk Category	Description	Inherent Rating (consequence x likelihood)	Mitigation Action	Residual Risk Rating
Financial				
Health Safety	& Inadequate safety & security practices	Extreme (16)	Undertaken regular OH Audits	Moderate (4.8)
			Implement recommendations from OHS Audit & Report to Audit & Risk Committee	
			OHS Committee Meeting Regularly	
			Toolbox meetings occurring and discussing safety (attach minutes/notes to sign off)	
			Senior Management Meeting (where the OSH system is reviewed and KPI's are measured as an agenda item)	
Reputation	Misconduct	Extreme (12)	OHS Policy Framework in place and reviewed	Low (3.6)
			Manage Inductions - Conduct New Employee Induction. All new employees are provided with adequate inductions	
	Errors, Omissions & Delays	Extreme (12)	Manage Purchasing - Request approval. Process minimises opportunity for misconduct	Low (3.6)
			Compliance calendar in place and audited monthly by the Governance officer.	
			Manage Inductions - Conduct New Employee Induction. All new employees are provided with adequate inductions	
			Monthly random internal audit of five (5) purchases to be performed to ensure compliance with purchasing requirements.	
			Have critical processes mapped to assist staff eliminate errors, omissions and delays (wastage)	

Risk Category	Description	Inherent Rating (consequence x likelihood)	Mitigation Action	Residual Risk Rating
Service Interruption	Ineffective People Management / Employment Practices	High (9)	Manage Inductions - Conduct New Employee Induction. All new employees are provided with adequate inductions 100% of annual performance reviews undertaken Manage Employee Termination - Receive notification. Ensuring that employee terminations are managed appropriately and equitably to minimise risk of further action Manage Staff Training - Identify Training Needs. Ensure staff training needs are identified and met Managing Staff Misconduct and Discipline - Identify Misconduct or Breach of Discipline. Ensure any / all staff misconduct in managed effectively and consistently	Low (2.7)
	Inappropriate Organisational Structure	Extreme (12)	Review Corporate Business Plan annually to ensure reflects strategic community plan Review Human Resource Plan to ensure it is reflective of strategic community plan Corporate Business Plan clearly articulates how organisational objectives will be achieved	Low (3.6)
	Turnover	Extreme (16)	Implement HR Plan strategies	Moderate (4.8)
	Inadequate Personal & Unpaid Leave Management	Extreme (12)	Implement HR Plan strategies	Low (3.6)
Compliance	Nil			
Property	Nil			
Environment	Nil			

9. OUR STRATEGIES

Analysing the information available around our workforce, the Shire of Northam has established a range of strategies, goals and objectives which will be endorsed and used to guide the organisation into the future.

For the purposes of this Human Resources Plan, the term strategy is being used to describe a range of statements which articulate what we are trying to achieve over the life of the plan.

The Shire of Northam will;

- a. Provide a safe working environment for all staff;
- b. Improve attraction & retention of employees;
- c. Provide opportunities for our employees to position themselves for promotion;
- d. Encourage diversity within the organisation by providing opportunities for our local youth, Nyoongar's and people with disabilities;
- e. Where there is an opportunity, we will always employ locally (Shire of Northam) first, regionally second and more broadly on an as needs basis in order to attract and retain appropriate skills and experience within the organisation;
- f. Ensure gender diversity in our organisation and that all our staff are treated fairly and equitably;
- g. Ensure all employees are remunerated / rewarded fairly and equitably, in the context of both our own organisation and the broader local government industry;
- h. Reduce personal leave taken per employee;
- i. Improve communication between Management and our employees and across our Departments; and
- j. Continue to ensure a strong alignment between organisational strategy & structure.

10. ACTION PLAN

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
Provide a safe working environment for all staff	Implement Safety Risk Management Plan based on 2019 OSH audit recommendations	Executive Management	30 June 2020	To achieve greater than 80% compliance in all areas of OSH
	Undertake biennial OSH Audits and report outcomes to Audit & Risk Committee	Human Resources Manager	30 June 2021	
	Tailor OSH requirements in individual position descriptions	Human Resources Manager	30 June 2020	To have loss time injury rate of less than 10
Improve the attraction and retention of staff strategies	Develop an attraction & retention plan which will identify our brand and value proposition for employees, to be endorsed by the Chief Executive Officer	Human Resources Manager	30 June 2020	Reduce staff turnover to less than 15% per annum
	Continue to offer flexible working arrangements for staff, including the possible expansion of 4 day week opportunities where practical and beneficial to both the employee and the organisation	Human Resources Manager	30 June 2022	
	Regularly report to Executive Management information on why people have joined and / or left our organisation	Human Resources Manager	Ongoing	
	Interview all staff on their 3 month anniversary to seek feedback on their experience at the Shire of Northam and provide employees with an opportunity to outline their career / development aspirations	Human Resources Manager	Ongoing	

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
	Undertake biennial staff perception survey	Human Resources Manager	30 June 2020	
Provide opportunities for our employees to position themselves for promotion	Executive Managers will be required to attend the LG Professionals – Executive Leadership Program, or similar	Human Resources Manager	Ongoing	
	Managers will be required to attend either the LG Professionals – Executive Leadership Program OR LG Professionals Ignite Program, or similar	Human Resources Assistant	Ongoing	
	Supervisors, team leaders and coordinators will be required to attend the LG Professionals Ignite Program, or similar	Human Resources Assistant	Ongoing	
	Staff , who are aspiring to become a supervisor or Manager may be provided with the opportunity to attend the LG Professionals Ignite Program	Human Resources Assistant	Ongoing	
	Investigate the possibility to develop a customised program for potential Supervisors, Manager & Executive Managers	Human Resources Manager	30 June 2020	
	Ensure we are aware of all employees who are aspiring to be promoted.	Human Resources Manager/ Executive Team	Annual	

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
Encourage diversity within the organisation by providing opportunities for our local youth, Noongars and people with disabilities	Review our advertising/recruitment process to ensure we our vacancies are accessible to all members of our community, particularly members from diverse background	Human Resources Manager	June 30 th 2020	Ensure that young people, Noongars and people with disabilities receive equal opportunities in relation to employment
	Liaise with local High Schools & other youth focused organisations to provide work experience opportunities for our youth	Human Resources Assistant	30 June 2020 & ongoing	
	Develop a mentorship program for new employees, focusing on our youth, Nyoongars and people with disabilities	Human Resources Manager	30 June 2020 & ongoing	
	Provide workforce diversity training for key staff	Human Resources Manager		
	Develop a fixed term traineeships program to provide opportunities for our youth, Nyoongars and people with disabilities	Human Resources Assistant	30 June 2020	
Where there is an opportunity, we will always employ locally (Shire of Northam) first, regionally second and more broadly on an as needs basis	Advertise locally – Website, social media, Avon Valley Advocate, radio, Facebook, schools, TAFE	Human Resources Manager	July 1, 2019 and ongoing	Not less than 85% local employment base
	When vetting applications, individuals with a local address will be given preference provided they meet the minimum requirements for the position	Human Resources Manager	30 June 2020 & ongoing	

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
	Will provide prospective employees with information relating to the benefits and opportunities of living locally within the Shire of Northam	Human Resources Assistant	30 June 2020 & ongoing	
	Focus on personal attributes when employing general staff who may not require specific technical skills	Human Resources Manager / Executive Team	Ongoing	
Ensure gender diversity in our organisation and that all staff are treated fairly and equitably	Ensure that competitive merit based selection processes are in place for recruitment and promotion	Human Resources Manager	30 th June 2020	Ensure women and men are provided with equal opportunities at the Shire of Northam
	Implement guidelines to ensure that the workplace is free from discrimination	Human Resources Manager	30 th June 2020	
Ensure all employees are remunerated / rewarded fairly and equitably, in the context of both our own organisation and the broader local government industry	Monitor remuneration levels within the region and across WA local governments to ensure our remuneration remains competitive.	Human Resources Manager	30 th June 2020 & ongoing	Maintain a wage & salary framework that is in line with comparable local governments & outside agencies
	Maintain a step system of remuneration which builds on the current award levels, providing opportunities for valued employees to be rewarded above award.	Human Resources Manager	Ongoing	
	Undertake a full review of wages for our engineering works staff to they are being remunerated appropriately	Human Resources Manager	March 2020	

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
Reduce personal & unpaid leave taken per employee	Ensure all employees are aware of expectations in regard to taking of sick leave and/or unpaid leave	Human Resources Manager	30 th June 2020 & ongoing	Reduce absenteeism & increase productivity
	Develop clear process regarding work absence expectations	Human Resources Manager	30 th June 2020	
	Analyse attendance records monthly	Executive Team	30 th June 2020 & ongoing	
	Develop an irregular attenders policy	Human Resources Manager	30 th June 2020	
	Ensure all employees are aware of the organisational impacts taking of sick leave and/or unpaid leave	Human Resources Manager	30 th June 2020 & ongoing	
	Ensure all employees who take regular sick or unpaid leave are actively followed up on return to work	Human Resources Manager	30 th June 2020 & ongoing	
Improve communication between Management and our employees and across our Departments	Develop an internal communications framework in consultation with staff	Executive Team	30 th June 2020 and ongoing	Majority of staff positive about method and frequency of internal communication
	Provide staff with opportunities to contribute to special projects or focuses (such as the innovation group)	Executive Team	30 th June 2020 and ongoing	
	Identify opportunities to improve staff amenity and develop spaces which encourage staff to come together	Executive Team	30 th June 2020 and ongoing	
	Hold at least three (3) out of work functions for employees to attend in a social setting	Chief Executive Officer	31 December 2020, ongoing	

Strategy	Action	Responsible Officer	Date to be Implemented or Completed	Performance Objectives
Continue to ensure a strong alignment between organisational strategy & structure	Have an external party review the organisational structure to ensure it is the most efficient, effective and aligned possible	Chief Executive Officer	2020	Review completed prior to December 2020

BRIEF

For Council to receive the accounts for the period from 1 November 2019 to 30 November 2019.

ATTACHMENTS

Attachment 1: Accounts & Statements of Accounts – November 2019.
Attachment 2: Declaration.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

Pursuant to Financial Management Regulation 13, a list of payments made from Municipal and Trust accounts is required to be presented to Council on a periodical basis. These details are included as Attachment 1. In accordance with Financial Management Regulation 12, the Chief Executive Officer has delegated authority to make these payments.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 6: Governance & Leadership.

Outcome 6.3: The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

B.2 Financial / Resource Implications

Payments of accounts are in accordance with Council's 2019/20 Budget.

B.3 Legislative Compliance

Section 6.4 & 6.26(2) (g) of the Local Government Act 1995.
Financial Management Regulations 2007, Regulation 12 & 13.

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

Not applicable.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Figures not reflecting the true financial situation	Low (3)	There are processes in place to show compliance with relevant legislation
Health & Safety	N/A	N/A	N/A
Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Report not being accepted by Council	Low (3)	There are processes in place to show compliance with relevant legislation
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

The matter of Council 'supporting local business' has been raised over a long period. To assist in providing a greater understanding of the purchasing patterns of the Shire of Northam, the following graph summarises the payments made locally for the month of November 2019;

- Purchased from Shire of Northam Businesses or Individuals
- No Organisation or Business in Shire of Northam that can offer service required
- Purchase from Businesses or Individuals outside Shire of Northam
- Contract has gone to Tender

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3840

Moved: Cr Della

Seconded: Cr Williams

That Council endorse the payments for the period November 2019, as listed, which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

CARRIED 10/0

The following queries were raised and responded to prior to the Ordinary Council meeting:

- EFT34729 - Landmark - T8040 TEE. Officers advised that this is a reticulation part.
- INV48825 - AVAS - \$2294.82 - Stock purchases for visitor centre - large amount? Officers advised that this was 4 invoices including 6 paintings and artworks ranging from \$68 to \$810 each in value.
- EFT34817 - The Entertainment Bank - \$4161.30 for Emergency Services Family Day - Is this being reimbursed by anyone? Officers advised that this is not being reimbursed and it is a Shire cost.
- EFT34853 - JTB Quarry - \$84952.54 - Refund of rehabilitation bond? Officers confirmed this was a bond held in trust.

_____ CHIEF EXECUTIVE OFFICER

12.4.2 Financial Statement for the period ending 30 November 2019

Address:	N/A
Owner:	N/A
Applicant:	N/A
File Reference:	2.1.3.4
Reporting Officer:	Zoe Macdonald, Accountant
Responsible Officer:	Colin Young, Executive Manager Corporate Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Simple Majority
Press release to be issued:	No

BRIEF

For Council to receive the Financial Statement for the period ending 30 November 2019.

ATTACHMENTS

Attachment 1: Financial Statement for the period ending 30 November 2019.

A. BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 30 November 2019 is included as Attachment 1 to this Agenda and includes the following reports:

- Statement of Financial Activity;
- Operating Statements;
- Balance Sheet;
- Acquisition of Assets;
- Disposal of Assets;
- Information on Borrowings;
- Reserves;
- Net Current Assets;
- Rating Information

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council Finance staff prior to the meeting, **new items this month are in bold.**

Notes to the Financial Statements

Operating Income

1. **General Purpose Funding revenue is over budget by \$28,464. The FAGs untied grant received was \$73,452 under budget due to the change in funding structure introduced when distributing the funding pool based on Local Government equalisation needs. They are reducing all Local Governments to a 65% funding base. For the 2019/20 Financial year Council will receive \$144,244 less than budgeted for the FAGs grant this will be amended at the Budget Review. Projections from the Western Australian Grants Commission predict Council's FAG grant will reduce by a further \$50,293 for the 2020/21 financial year before stabilising in the 2021/22 financial year. Late payment and instalment interest are over budget by \$38,034 and legal fees are over budget by \$63,325.**
2. **Law and Order is under budget by \$45,749 due to the timing of BFBs and SES grant.**
3. **Education and Welfare is over budget by \$57,137 due to the timing of the receipt of Killara Brokerage Fees of \$53,317.**
4. **Community Amenities is over budget by \$87,549 predominantly due to tipping Fees being over budget by \$55,764 and septage fees of \$33,320.**
5. **Transport is over budget by 8.91% predominantly due to the receipt of unbudgeted funds from extractive industries road maintenance contribution of \$42,525.**
6. **Economic Services is under budget by \$58,278, predominantly relating to the timing of grants and festivals income \$38,000, building permits \$6,300 and BKB Income of \$6,807.**

Operating Expenditure

7. **Governance is under budget by 22.91% due to the items presented below;**
 - **Computer Consultancy is under by \$10,380**
 - **Salaries and wages are under budget by \$34,243 (timing)**
 - **Election expenses are under by \$30,802**
 - **Internal allocation is under budget by \$81,797 due to the timing and lower than anticipated costs (non cash)**
8. **General Purpose Funding is over budget by \$31,539. This is legal costs recoverable of \$40,700 offset by an under budgeted valuations and title searches of \$10,171.**
9. **Law and Order are under budget by 7.09%, fire hazard reduction expenses being \$55,122 under (timing).**
10. **Community Amenities are under budget by \$64,384. Rubbish site maintenance is currently \$53,553 under (timing) Refuse collection is \$8,550 under budget.**

11. Recreation and culture is under budget \$80,163 due predominantly to timing of Pools and water parks \$75,468 (timing)
12. Transport is over budget by \$133,247 due to depreciation expense of \$93,085, bridge maintenance is over \$28,399 (timing) and street trees \$15,869.
13. **Other Economic Services is over budget by 2.99%, being over budget by \$27,890 expensed to noxious weeds and pest plants.**
14. **Other property and services is the timing of internal allocations and expenses for \$27,213 (non cash).**

Operating Income by Nature and Type

15. Operating grants and contributions revenue are under budget by \$51,442 due to the items disclosed at Item 1.
16. Fees and charges are over budget by 10% due to the items disclosed in items 3 and 4 above.
17. Other Revenue is over budget \$72,527 predominantly relating to the items disclosed below;
 - Rates legal Fees \$63,325
 - DEFES Reimbursements \$18,373.

Operating Expenditure by Nature and Type

18. **Employee costs are under budget by 1% as disclosed in item 7 above**
19. **Materials and contracts are under budget by 10% relating to items 7,9,10,12 and 13 disclosed above**
20. Utility charges are under budget \$68,722 (timing).
21. Depreciation is over budget predominantly relating to item 12 disclosed above.
22. **Other Expenditure is under budget 76% due to the timing of internal allocations, (non-cash)**

Loss on Asset Disposals

23. **The unbudgeted loss on the Hino water truck of \$58,474 will be adjusted at budget review. This transaction was expected to occur in the 18/19 financial year.**

Capital Expenditure

24. **Spencers Brook Road SLK 5400 -7360 is over budget by \$168,092 due to additional Shire labour and overheads costs predominantly due to delays in contracts works being carried out.**

BRIEF

For Council to approve recommencing the S3.12(1-3) process as significant changes have been made to the local law since it was presented in July.

ATTACHMENTS

- ATTACHMENT 1: Letter from DWER with changes requested.
ATTACHMENT 2: Guidance Note – Template Local Law
ATTACHMENT 3: Waste Local Law 2019

A. BACKGROUND / DETAILS

On 17 July 2019 Council repealed the 2008 Waste Local Law in favour of commencing a new 'Waste Local Law 2019' which was advertised for the statutory six weeks. The local law was sent to DLGSC and the Minister for the Department of Water and Environmental Regulation (DWER) for comment.

The local law was outsourced to a Solicitor who used the model/template local law as a basis but added extra items to the local law. This was sent out for comment to DLGSC and the Minister for DWER.

DLGSC did not comment other than to say DWER preferred Local Governments to use the model local law. This information was conveyed to staff and to Councillors present at the workshop held Friday 23 August 2019.

The DWER provided an extensive list of required changes, most of which requested that the Shire revert to the model Waste Local Law. DWER also advised that clause 2.10 in the presented local law should be replaced

with a clause linked to the *Building Act 2011* however advised they may still not approve it.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area

OUTCOME 4.3

Residents and organisations within the Shire of Northam are supported to reduce their environmental impact.

Objectives:

Sustainable waste management with the aim of reducing and reusing waste effectively

OUTCOME 6.3

The Shire of Northam Council is a sustainable, responsive, innovative and transparent organisation.

Objectives:

Maintain a high standard of corporate governance

B.2 Financial / Resource Implications

Local newspaper advertising \$272.00

B.3 Legislative Compliance

Sourced from the Western Australian Legislation website at 2 December 2019. For the latest information on Western Australian legislation, visit www.legislation.wa.gov.au.

Local Government Act 1995 section 3.12

3.12. Procedure for making local laws

(1) In making a local law a local government is to follow the procedure described in this section, in the sequence in which it is described.

(2A) Despite subsection (1), a failure to follow the procedure described in this section does not invalidate a local law if there has been substantial compliance with the procedure.

(2) At a council meeting the person presiding is to give notice to the meeting of the purpose and effect of the proposed local law in the prescribed manner.

(3) The local government is to —

(a) give local public notice stating that —

(i) the local government proposes to make a local law the purpose and effect of which is summarized in the notice; and

(ii) a copy of the proposed local law may be inspected or obtained at any place specified in the notice; and

(iii) submissions about the proposed local law may be made to the local government before a day to be specified in the notice, being a day that is not less than 6 weeks after the notice is given;

and;

(b) as soon as the notice is given, give a copy of the proposed local law and a copy of the notice to the Minister and, if another Minister administers the Act under which the local law is proposed to be made, to that other Minister; and

(c) provide a copy of the proposed local law, in accordance with the notice, to any person requesting it.

(4) After the last day for submissions, the local government is to consider any submissions made and may make the local law* as proposed or make a local law* that is not significantly different from what was proposed.

3.13. Procedure where significant change in proposal

If during the procedure for making a proposed local law the local government decides to make a local law that would be significantly different from what it first proposed, the local government is to recommence the procedure.

B.4 Policy Implications

N/A

B.5 Stakeholder Engagement / Consultation

6 weeks consultation was advertised on 24 July 2019 in the West Australian and the local newspaper and expired on 6 September 2019.

Consultation has taken place internally with Councillors and staff, and the Minister.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	\$272.00 fee to re advertising the local law should JSC not approve it.	Minor (2)	Ensure the local law is compliant with the Act so that it does not have to be re-done.

Reputation	N/A	N/A	N/A
Service Interruption	N/A	N/A	N/A
Compliance	Not completing local laws would	Medium (3)	Comply with all legislation

	create non-compliance issues		
Property	N/A	N/A	N/A
Environment	N/A	N/A	N/A

C. OFFICER'S COMMENT

The Waste Local Law 2019 is the final local law from the 2016 eight year review process to be presented to Council. As required by the Act, the local law was sent to the Minister for DWER, and the Minister has requested significant changes to the Waste Local Law. In almost every change the Minister has requested we revert to the template (model) local law.

As such it is considered prudent to go with the model local law as requested. As a result of the requested changes, section 3.13 of the Act 'Procedures where significant change in proposal' must be adhered to.

Council should consider if there is any real value in inserting section 2.10 Building Construction as there is no guarantee that the Joint Standing Committee or the Minister for DWER will approve the clause on Building Construction and the Shire may be asked to remove the clause which would require restarting this whole process again.

Below is a table explaining which stage each local law is currently at:

2019 Local Laws	Local	Stage 2	s3.12 (2-4)	Council moved to make changes to the local law and advertise changes for 6 weeks	Ministerial Approval Received	Stage 3	s3.12 (5-7)	Council adopt the new local law, advertise & send for Gazettal	Final Stage	Send to JSC for final approval
Parking Local Law					N/A					With the JSC
Cats Local Law					N/A					With the JSC
Fencing Local Law					N/A					With the JSC
Pest Local law	Plant				Yes					Going to the Gazette
Waste Local Law				recommence						

The Shire's Manager of Health and Environment requested the existing clause 2.10 from the previous 2008 version of the waste local law, with the inserted requested legislative amendments be included in the new 2019 version of the waste local law. This was to ensure that during all building construction, contractors and builders are held accountable for the refuse from their building sites.

President to read aloud the purpose and effect.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3842

Moved: Cr Ryan
Seconded: Cr Mencshelyi

That Council

- 1. Recommence section 3.12 of the Local Government Act 1995 which involves re-advertising the Waste Local Law 2019 with the**
Purpose: The Shire of Northam Waste Local Law 2019 provides for the management of organic waste, recycling waste, waste facilities and waste receptacles within the Shire of Northam.
Effect: The effect is to provide greater control on waste and waste facilities within the district.
Providing a further six week consultation period; and;
- 2. Authorise the CEO to advertise the model local law as provided by WALGA with the insertion of item 2.10 Building Construction.**

CARRIED 10/0

Attachment 1

Government of Western Australia
Department of Water and Environmental Regulation

Our ref: DWERDG671/19
Enquiries: Leanne Reid, 6364 7028

Mr Jason Whiteaker
Chief Executive Officer
Shire of Northam
PO Box 613
NORTHAM WA 6401

records@northam.wa.gov.au

Dear Mr Whiteaker

SHIRE OF NORTHAM PROPOSED WASTE LOCAL LAW 2019

I refer to the correspondence dated 28 August 2019 in relation to the Shire of Northam proposed Waste Local Law 2019 (Draft Local Law).

I have reviewed the Draft Local Law in relation to my role in providing consent.

There are some issues that would have to be resolved before I could consider providing my consent. These include variations from the Western Australian Local Government Association template waste local law to which the Joint Standing Committee on Delegated Legislation has provided its general approval.

Clause numbering throughout the Draft Local Law and Schedule 2

- Many of the clauses and referenced clauses within a clause throughout the local law do not include the 'dot', i.e. 1.7 rather than 1.7. Please number clauses and referenced clauses using 'dots'.

Contents page

- Please include Schedule 1 in the contents page.

Enacting formula

- The wording in the Draft Local Law should be replaced with the wording in the template so that it reads as follows:
"Under the powers conferred on it by the Waste Avoidance and Resource Recovery Act 2007, the Local Government Act 1995 and under all other enabling powers, the Council of the Shire of Northam resolved on the [insert date] to make the following local law."

Clause 1.1 Short title

- The heading of clause 1.1 should be amended to read "Short Title" to align with the template waste local law.

Prime House, 8 Davidson Terrace Joondalup Western Australia 6027
Locked Bag 10 Joondalup DC WA 6919
Telephone: 08 6364 7000 Facsimile: 08 6364 7001
www.dwer.wa.gov.au

Clause 1.4 Repeal

- The text of clause 1.4 should be deleted and replaced with the following: "*The Shire of Northam Waste Local Law 2009, published in the Government Gazette on 28 July 2009 and all amendments from time to time, including the Shire of Northam Waste Amendment Local Law 2011, are repealed.*"

Clause 1.5 Meaning of terms used in this local law

- The heading of clause 1.5 should be amended to read '1.5 Meaning of terms in this local law', to make it more certain and clear.
- The references to "authorised person" throughout the Draft Local Law have been capitalised. It is recommended to not capitalise the term as it is not capitalised in the template waste local law.
- It is recommended that the Shire delete the definition of 'bulk waste' as this term is not defined in the template waste local law.
- The definition of "commercial purpose" in the Draft Local Law should be deleted and not defined as it is not defined in the template waste local law.
- It is recommended that the definition of 'right of way' be deleted as the term is not defined in the template.
- The definition of 'street' in the Draft Local Law as "the same meaning as in the LG Act 1995" is problematic as there is no definition of street in the LG Act. It is recommended that the definition of 'street' be deleted from the Draft Local Law.
- It is recommended that the definition of 'vectors of disease' be deleted so that it is consistent with the template.
- It is recommended that the definition of 'vehicle' be deleted from the Draft Local Law as it is not defined in the template.
- It is recommended that the definition of 'green waste' be deleted from the Draft Local Law as it is not defined in the template.

Clause 1.6 Local public notice of determinations

- The Shire has used the term 'paragraph' instead of 'subclause' in subclauses (c) & (d). The term 'paragraph' should be replaced with the term 'subclause'.

Clause 2.7 Duties of owner or occupier

- Subclause 2.7(1) should be deleted from the Draft Local Law.
- Subclause 2.7(2)(b) should be amended to align with the template and delete the words "if a receptacle requires to be emptied of waste,".
- Subclause 2.7(c) in the template has not been included in the Draft Local Law. The Shire should reinstate this clause into the Draft Local Law.

Clause 2.8 Exemption

- The Shire should amend the Draft Local Law to align with the template and delete clause 2.7(5).

Clause 2.9 Suitable enclosure

- This clause is not in the template waste local law and should be deleted.

Clause 2.10 Building construction

- Clause 2.10 of the Draft Local Law should be replaced with the following clause so that the local law is linked to the *Building Act 2011*:

Building construction

(1) In this clause

building waste receptacle means a receptacle-

(a) that has been supplied for the use of the premises by a person other than the local government or its contractor

(b) the waste from which is collected and removed from the premises by a person other than the local government or its contractor.

building work has the same meaning as in the *Building Act 2011* and includes demolition work;

building work waste means all waste from building work that is capable of being windblown; and

demolition work has the same meaning as in the *Building Act 2011*.

(2) During all periods of building work on a premises the owner or occupier of the premises shall:

(a) when requested by an authorised person, provide and maintain on such premises a building waste receptacle with adequate capacity suitable for the collection and disposal of building work waste;

(b) ensure building work waste is deposited and kept in the building waste receptacle; and

(c) maintain the street verge immediately adjacent to such premises so that it is cleared of all refuse generated or originating from the premises.

(3) The owner or occupier of the premises shall ensure that within 2 days of completion of works on the site –

(a) the site and the thoroughfare verge immediately adjacent to it is cleared of all refuse generated or originating from the building or development site; and

(b) that all building waste receptacles are permanently removed from the site.

- The Shire may wish to consider removing the requirement for an authorised person to request a receptacle for every building site (in which case the words "when requested by an Authorised Person" would be removed).

Clause 2.11 Burning waste

- This clause is potentially beyond the scope of section 64 of the *Waste Avoidance and Resource Recovery Act 2007*. It is recommended that this clause be deleted.

Clause 2.12 Damaging or removing receptacles

- This clause should be amended to align with the template waste local law.

Clause 3.1 Duties of an owner or occupier

- Subclause (b) is modified from the template. The Shire should amend the Draft Local Law to mirror the template.

Clause 3.3 Receptacles and containers for public use

- The format for subclause (b) differs to the template. Please use the same format as the template waste local law.

Clause 5.1 Objection and appeal rights

- Include all recommended subclauses of the objection and appeal rights clause from the template waste local law -
Division 1 of Part 9 of the LG Act applies to a decision under this local law to grant, renew, vary or cancel-
 - (a) an approval under clause 2.7(b)
 - (b) an exemption under clause 2.8(2);
 - (c) an approval under clause 2.9(b);
 - (d) an approval under clause 2.10(1);
 - (e) an authorisation under clause 3.2(1)(c);
 - (f) an approval under clause 3.2(2); and
 - (g) an approval under clause 3.3.
- **Note:** Align clause reference at (d) above with clause 2.10 of the template waste local law being 'Verge collections.'

Clause 6.1 Offences and penalties

- It is recommended that clause 6.1 of the Draft Local Law is replaced with clause 5.2 of the template.

I have been advised that these issues have been discussed with Ms Cheryl Greenough, Governance/Administration Coordinator at the Shire of Northam.

The Department of Water and Environmental Regulation is not able to provide legal advice to the Shire regarding the validity of the local law.

Once the amendments to the local law have been made, please forward two copies of the final draft for consideration of my consent. Please note that I am required to provide my consent before the Council of the Shire of Northam resolves and publishes the waste local law in the *Government Gazette*.

Yours sincerely

Mike Rowe
DIRECTOR GENERAL

23 October 2019

Attachment 2

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Introduction

WALGA received funding from the Waste Authority, through the Waste Avoidance and Resource Recovery Levy, to develop a Template Waste Local Law.

This Guidance Note has been developed to explain the rationale used to develop this Template Local Law, and to assist Local Governments in applying it to their local situation. It contains comments about the local law-making process, the head of power for the Template Local Law and a detailed rationale for the inclusion / exclusion of a range of clauses in the Local Law.

Background

In 2011, the Joint Standing Committee on Delegated Legislation disallowed the City of Gosnells and the Shire of Derby/West Kimberley Waste Local Laws that were based on the former WALGA Template Waste Local Law 2010¹. This occurred, despite the Committee previously approving some Local Laws based on the WALGA Template.

This disallowance resulted in a situation where Local Governments were unable to introduce Waste Local Laws, and had to continue using the refuse provisions of their Health Local Laws, as per the transition arrangements in the *Waste Avoidance and Resource Recovery (WARR) Act 2007*.

The process of creating a new Template Waste Local Law that addresses the concerns of the Joint Standing Committee, has involved working closely with:

- Lawyers experienced in drafting Local Laws
- Joint Standing Committee on Delegated Legislation
- Waste Authority
- Department of Local Government and Communities.

This level of collaboration has been an essential means of ensuring the Template Waste Local Law is legally robust and includes provisions relevant to the local law making head of power under Section 64 of the WARR Act.

The Joint Standing Committee has considered the Template Waste Local Law and made some recommendations for changes (Report 77 – 27 November 2014²). The review of the Template Local Law by the Committee is a new process, as previously the Joint Standing Committee under its then Terms of Reference could only consider Local Laws as they were put forward by an individual Local Government.

The great advantage to the new approach is that if Local Governments follow the Template Waste Local Law, then it is highly likely to meet the expectations of the Joint Standing Committee. However, if a Local Government changes the current form of the Template Waste Local Law, or adds additional content, it is likely to undergo greater scrutiny from the Joint Standing Committee to the extent that justification for any alterations is likely to be requested, with the ultimate potential for disallowance to arise.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

When Making a Local Law

As with other Local Laws, a Waste Local Law cannot operate outside of the district of the Local Government it has been created for. Additionally, a Waste Local Law that is inconsistent or duplicates the provisions of the WARR Act, or any other written law will be inoperative to the extent of the duplication.

When making a Local Law, Local Governments must follow the steps outlined in section 3.12 of the *Local Government Act 1995*. For further information, refer to the Department of Local Government and Communities *Operational Guidelines Number 16 "Local Laws"* available from <http://dlg.wa.gov.au/Content/Publications/LGGuidelines.aspx>

Please note that any local law made under the WARR Act is required to be sent to the Minister for the Environment as well as the Minister for Local Government and Communities in accordance with s. 3.12(3)(b) of the Local Government Act.

Head of Power

Section 61 of the WARR Act provides Local Governments with the power to make Local Laws so that it can perform its functions under the WARR Act. The Template Local Law has been drafted in a manner that clearly reflects this head of power.

Section 64(2) of the WARR Act states that a Local Law may be made for all or any of the following purposes —

- a) the provision and administration of waste services and related matters;
- b) the establishment, provision, use and control of receptacles for the deposit and collection of waste, whether temporary or otherwise;
- c) if a local government itself undertakes or contracts for removal of waste from premises, imposing on the owner or occupier of the premises requirements in connection with the removal so as to facilitate the removal, and prescribing the manner in which the requirement is to be complied with;
- d) if a local government or the holder of a waste collection permit does not itself undertake or contract for removal of waste from premises, imposing on the owner or occupier of the premises a requirement to remove waste from the premises, and prescribing the manner in which the requirement is to be complied with;
- e) if a local government itself undertakes or contracts for the removal of waste, requiring the waste to be placed in waste receptacles provided by the local government;
- f) prescribing intervals at which the contents of the receptacles will be removed by a local government;
- g) requiring the temporary placing of waste receptacles in streets or lanes by owners or occupiers of property for collection of waste, and requiring the replacement of the receptacles on the property;
- h) providing for the maintenance by owners and occupiers of waste receptacles provided by a local government;
- i) providing for the issue of approvals to collect local government waste and remove it from premises;
- j) fixing fees and charges in relation to waste services provided by a local government and the issue of approvals under paragraph (i), and prescribing the persons liable and the method of recovery of amounts not duly paid.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Why are the provisions of the new Template Waste Local Law different to those of the Health Local Law and WALGA's former Waste Local Law 2010?

The new Template Waste Local Law is different to previous Waste Local Laws because it seeks to address the concerns raised by the Joint Standing Committee. In designing the Template Waste Local Law, WALGA has only included items that are provided for by the head of power in the WARR Act.

The Local Law has been drafted in a way that accommodates the variety of services that a Local Government may provide to the community. If a Local Government does not offer a particular service that is included in the Template Waste Local Law, that section of the Template can be deleted when creating your own Waste Local Law.

Clause / Rationale

The following table provides background and rationale for selected clauses of the Template Waste Local Law. Remaining clauses are for a self-evident purpose therefore no commentary is included.

Part 1 - Preliminary

Clause: 1.5(1) 'Collectable waste'

Rationale: This definition has been amended so there is a link with the head of power provided to Local Governments in the WARR Act. Note the definition of *Local Government waste* in the WARR Act when considering this definition. All material from households is considered 'Local Government waste' however some of this material may be recoverable (recyclables and organic material). Therefore these types of 'waste' are further defined.

The definition of 'collectable waste' also highlights that there are some wastes which, although they may have traditionally been regarded as 'Local Government waste', such as liquid refuse and liquid waste, are inappropriate for collection by a Local Government. See Schedule 1 of the Template for categories of 'non-collectable waste'.

Clause: 1.5(1) 'Collectable waste receptacle'

Rationale: The use of the term receptacle reflects the terminology in the WARR Act. The definition covers all types of material which are commonly collected through a kerbside collection system; non-recyclable waste, recyclable waste and organic material.

Clause: 1.5(1) 'Non-collectable waste'

Rationale: This definition has been simplified from the previous Template Local Law and included in Schedule 1. It reflects Local Government practice of not collecting a range of materials through the kerbside or vergeside collection systems.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Clause: 1.5(1) 'Organic waste'

Rationale: The term organic waste is used to designate the organic material from the household, including garden and food waste. Under the WARR Act it is considered to be part of the Local Government waste stream.

This definition has been included to reflect changes in the suite of waste management services provided by Local Government, in line with the Waste Authority's *Better Bins: Kerbside Collection Guidelines*. Local Governments that do not provide a dedicated organics collection service can remove all references to organic waste from their Local Law.

Clause: 1.5(1) 'Recycling waste'

Rationale: The term recycling waste is used to designate the material from the household which can be recycled. Under the WARR Act it is considered to be part of the Local Government waste stream.

This definition has been included to reflect changes in the suite of waste management services provided by Local Government, in line with Waste Authority's *Better Bins: Kerbside Collection Guidelines*.

The definition has been updated to reflect current practice – however Local Governments will need to carefully examine the list of materials included in this definition and ensure it is consistent with any contractual arrangements they may have. For example, only two types of plastic have been included in the Template, whereas some Local Governments collect all types of plastics. This section includes the ability for the Local Government to make a 'determination' regarding adding additional materials in future.

Clause: 1.6 Local public notice of determinations

Rationale: Clause 1.6 provides for a 'determination device' which involves the sub-delegation of law-making power to a resolution of a simple majority of the Council of the Local Government. The making of local laws by contrast requires an absolute majority of Council members.³

There are a number of clauses within the Template Waste Local Law that provide a Local Government the ability to make determinations as to specific matters affecting the operation of the local law. These are clause 1.5 (definition of recycling waste), 2.3(1)(b), 2.4(c), 2.5(c), 2.7(b) and 4.5(2).

In terms of clause 4.5(2) (Depositing waste) it is the Joint Standing Committee's preference that "as far as reasonably practicable" a local law state the classification of waste that may be deposited at a waste facility, rather than utilising the determination device for this purpose.

If Local Governments give due consideration when establishing a local law, there will be limited need for determinations. If intending to utilise the determination device it is crucial that in practice, all steps (a) to (e) under clause 1.6 are followed to ensure any determination has legal effect and that determinations are recorded in a publicly accessible register.

³ Joint Standing Committee on Delegated Legislation (2014) Report 77, Page 11, Paragraph 6.30.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Clause: 1.7 Rates, fees and charges

Rationale: This section clearly identifies the relevant sections of the WARR Act which relate to Local Governments ability to impose rates, fees and charges. When considering which section to use, Local Governments need to consider the type of activity that the rate, fee or charge will fund.

For example s. 66 of the WARR Act relates to a rate for 'waste services' which is a very broad range of services (as defined in Section 3 of the WARR Act) whereas s. 67 of the WARR Act relates to applying a 'receptacle charge' which is for a much narrower range of services.

Clause: 1.8 Power to provide waste services

Rationale: This section of the Template Local Law clearly identifies where Local Governments power to provide, or enter into a contract for the provision of waste services comes from in the WARR Act.

Part 2 - Local Government Waste

Clause: 2.1 Supply of receptacles

Rationale: This clause relates to situations where Local Governments supply receptacles for use at residential properties. Local Governments that do not provide receptacles do not need to include this clause.

Clause: 2.3 General waste receptacles

2.4 Recycling waste receptacles

2.5 Organic waste receptacles

Rationale: These clauses are intended to provide provisions for collection of a range of Local Government waste, in line with Waste Authority's *Better Bins: Kerbside Collection Guidelines* and guided by definitions under clause 1.5. A Local Government may simply delete reference to any category of waste it does not specifically collect.

These clauses also provide a consistent definition of the weight for each bin. If a Local Government has a range of bin sizes other than 240L it is advised that each of the bin sizes and the maximum weight are included when the Local Government is making the new Local Law.

These clauses also prohibit residents from depositing in receptacles the wrong type of waste where more than one receptacle is provided. There is also a provision for the Local Government to make a 'determination' under clause 1.6 for a different range of services should they be introduced in the future.

Clause: 2.6 Direction to place or remove a receptacle

Rationale: The Joint Standing Committee is of the view that the former Waste Local Law provided no limit on the mandatory directions which Local Governments could make in relation to the placement and removal of receptacles. The word 'specified' before 'premises' was therefore required to be included in the Template Waste Local Law to ensure a limit on directions exists.

Removal of the word 'specified', or other action effectively broadening the mandatory direction beyond specified premises, may therefore cause the local law to come under the scrutiny of the Committee.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Clause: 2.7 Duties of owner or occupier

Rationale: This clause addresses a number of issues with the former Waste Local Law, being that there was previously a prescriptive requirement to place bins for collection, and remove after collection, within a strict timeframe.

Clause 2.7 is more carefully worded as a consequence. Owners and occupiers are now permitted 'a reasonable period' before and after collection time to keep receptacles on their property, and are not compulsorily required to place their receptacle for collection. Local Governments have powers under clause 3.1 to enforce owners/occupiers to ensure receptacles do not become vectors of disease or omit offensive and noxious odours.

Clause: 2.10 Verge collections

Rationale: This clause has been drafted to prohibit persons removing, for a commercial purpose, waste deposited for verge collection. In Report 77, the Joint Standing Committee expressed a view that, other than for commercial purposes, interference with items placed for verge collection should not in itself be an offence.

The prohibition against interference/disassembly is therefore limited to situations in which it may increase the risk of harm to a person. For example, disassembling electrical or mechanical appliances may expose others to harm from broken or sharp materials left behind.

It should be noted that any amendment to the Template Waste Local Law to include a provision that prohibits any person from looking through and removing items from bulk rubbish collections *for non-commercial purposes* is likely to be closely scrutinised by the Joint Standing Committee.

GUIDANCE NOTE – TEMPLATE WASTE LOCAL LAW

Former Waste Local Law - Sections Removed

The following section includes outline of subject matter from the former Waste Local Law 2010 that do not appear in this Template Waste Local Law. Each of the subjects include commentary on reasons for their removal and (where appropriate) an alternative head of power / mechanism for the Local Government to use in managing the particular issue.

Subject: Liquid refuse and liquid waste

Commentary: Definitions have been removed as the reference to these types of wastes is limited in the WARR Act. When considering the definition of Local Government waste in the WARR Act, 'sewage or waste of a kind prescribed by the regulations' are excluded from the definition. Additionally, liquid wastes are covered by separate heads of power under other legislation such as the *Environmental Protection (Unauthorised Discharges) and (Controlled Waste) Regulations 2004*.

There is no reference, as a consequence of this deletion, to the licensing provisions associated with liquid waste removal.

Subject: Septic tank

Commentary: This definition has been removed in line with the removal of all references to liquid waste, liquid refuse etc.

Subject: Waste from non-residential sources

Commentary: All references to waste generated at commercial, industrial and food business premises have been removed to reflect the fact that the WARR Act does not provide Local Government with the head of power to collect waste from non-residential sources.

Additionally, specific mention of the construction of waste corrals ('suitable enclosure') in relation to group dwellings has been removed, as this issue should be addressed by the planning/building approval process rather than through a Waste Local Law.

Waste Avoidance and Resource Recovery Act 2007
Local Government Act 1995

SHIRE OF NORTHAM

Waste Local Law 2019

Under the powers conferred on it by the *Waste Avoidance and Resource Recovery Act 2007*, the *Local Government Act 1995* and under all other enabling powers, the Council of the Shire of Northam resolved on **[insert date]** to make the following local law.

Part 1 - Preliminary

1.1 Short title

This is the Shire of Northam Waste Local Law 2019

1.2 Commencement

This local law commences 14 days after the day on which it is published in the *Government Gazette*.

1.3 Application

This local law applies throughout the district.

1.4 Repeal

The Shire of Northam Waste Local Law 2009, published in the *Government Gazette* on 28 July 2009 and all amendments from time to time, including the Shire of Northam Waste Amendment Local Law 2011, are repealed.

1.5 Meaning of terms used in this local law

(1) In this local law—

authorised person means a person appointed by the local government under section 9.10 of the LG Act to perform any of the functions of an authorised person under this local law;

collectable waste means local government waste that is not—

- (a) liquid refuse;
- (b) liquid waste; or
- (c) non-collectable waste;

collectable waste receptacle means a receptacle for the deposit and collection of collectable waste that is—

- (a) a recycling waste receptacle;
- (b) a general waste receptacle; or
- (c) an organic waste receptacle;

collection, when used in relation to a receptacle, means the collection and removal of collectable waste from the receptacle by the local government or its contractor;

collection day means the day determined by the local government for the collection of collectable waste in the district or a part of the district;

collection time means the time on the collection day determined by the local government for the collection of collectable waste in the district or a part of the district;

costs of the local government include administrative costs;

Council means the council of the local government;

district means the district of the local government;

general waste receptacle means a receptacle for the deposit and collection of collectable waste that is not recycling waste;

LG Act means the *Local Government Act 1995*;

LG Regulations means the *Local Government (Functions and General Regulations 1996*;

local government means the Shire of Northam;

local government waste has the same meaning as in the WARR Act;

non-collectable waste has the meaning set out in Schedule 1;

occupier in relation to premises, means any or all of the following—

- (a) a person by whom or on whose behalf the premises are actually occupied; or
- (b) a person having the management or control of the premises;

organic waste means waste that decomposes readily, such as garden waste or food waste;

organic waste receptacle means a receptacle for the deposit and collection of organic waste ;

owner has the same meaning as in the LG Act;

public place includes a place to which the public ordinarily have access, whether or not by payment of a fee;

receptacle, means a receptacle—

- (a) that has been supplied for the use of the premises by the local government or its contractor, or which has otherwise been approved by the local government; and
- (b) the waste from which is collected and removed from the premises by the local government or its contractor;

recycling waste receptacle means a receptacle for the deposit and collection of recycling waste;

recycling waste means—

- (a) paper and cardboard;
- (b) plastic containers comprised of polyethylene terephthalate or high density polyethylene;
- (c) glass containers;
- (d) steel containers;
- (e) aluminium containers;
- (f) liquid paper board; and
- (g) any other waste determined by the local government to be recycling waste;

specified means specified by the local government or an authorised person, as the case may be;

street alignment means the boundary between the land comprising a street and the land that abuts the street;

WARR Act means the *Waste Avoidance and Resource Recovery Act 2007*;

WARR Regulations means the *Waste Avoidance and Resource Recovery Regulations 2008*;

waste has the same meaning as in the WARR Act;

waste facility means a waste facility, as defined in the WARR Act, that is operated by the local government; and

waste service has the same meaning as in the WARR Act.

- (2) Where, in this local law, a duty or liability is imposed on an owner or occupier, or on an owner and occupier, the duty or liability is taken to be imposed jointly and severally on each of the owners or occupiers.

1.6 Local public notice of determinations

Where, under this local law, the local government has a power to determine a matter –

- (a) local public notice, under section 1.7 of the LG Act, must be given of the matter determined;
- (b) the determination becomes effective only after local public notice has been given;
- (c) the determination remains in force for the period of one year after the date that local public notice has been given under subclause (a);
- (d) after the period referred to in subclause (c), the determination continues in force only if, and for so long as, it is the subject of local public notice, given annually, under section 1.7 of the LG Act; and
- (e) the determination must be recorded in a publicly accessible register of determinations that must be maintained by the local government.

1.7 Rates, fees and charges

The local government's powers to impose rates, fees and charges in relation to waste services are set out in sections 66 to 68 of the WARR Act and sections 6.16 and 6.17 of the LG Act.

1.8 Power to provide waste services

The local government's power to provide, or enter into a contract for the provision of, waste services is dealt with in section 50 of the WARR Act.

Part 2 - Local government waste

2.1 Supply of receptacles

- (1) The local government is to supply, for the use of each premises that are, or are capable of being, occupied or used for residential purposes, one or more receptacles for the collection and removal, from those premises, of collectable waste.
- (2) The owner of premises to which subclause (1) applies must—
 - (a) ensure that the fee or charge (if any) imposed by the local government in relation to each receptacle is paid to the local government; and
 - (b) ensure that each receptacle is used, in respect of those premises, in accordance with this local law.

2.2 Deposit of waste in receptacles

- (1) An owner or occupier of premises must not deposit or permit to be deposited in a receptacle any non-collectable waste.
- (2) A person must not deposit waste in a receptacle that has been provided for the use of other premises without the consent of the owner or occupier of those premises.

2.3 General waste receptacles

- (1) An owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle—

- (a) where the receptacle has a capacity of 240 litres—more than 70 kilograms of collectable waste; or
 - (b) where the receptacle has any other capacity—more than the weight determined by the local government.
- (2) Where the local government supplies recycling waste receptacles, an owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle any recycling waste.
- (3) Where the local government supplies organic waste receptacles, an owner or occupier of premises must not deposit or permit to be deposited in a general waste receptacle any organic waste.

2.4 Recycling waste receptacles

An owner or occupier of premises must not deposit or permit to be deposited in a recycling waste receptacle—

- (a) anything other than the particular type of recycling waste for which that receptacle was provided by the local government for those premises;
- (b) where the receptacle has a capacity of 240 litres— more than 70 kilograms of recycling waste; or
- (c) where the receptacle has any other capacity—more than the weight determined by the local government.

2.5 Organic waste receptacles

An owner or occupier of premises must not deposit or permit to be deposited in an organic waste receptacle—

- (a) anything other than the particular type of organic waste for which that receptacle was provided by the local government for those premises;
- (b) where the receptacle has a capacity of 240 litres - more than 70 kilograms of organic waste; or
- (c) where the receptacle has any other capacity - more than the weight determined by the local government.

2.6 Direction to place or remove a receptacle

- (1) The local government or an authorised person may give a written direction to an owner or occupier of specified premises —
- (a) to place a receptacle in respect of those premises for collection; or
 - (b) to remove a receptacle in respect of those premises after collection.
- (2) The direction under subclause (1) may specify when the placement or removal is to occur, or where the receptacle is to be placed, or both.
- (3) An owner or occupier of premises must comply with a direction given under this clause.

2.7 Duties of owner or occupier

An owner or occupier of premises must—

- (a) except for a reasonable period before and after collection time, keep each receptacle in a storage space or area that is behind the street alignment;
- (b) take reasonable steps, if placing a receptacle for collection on the verge adjoining the premises, or other area as determined by the local government, ensure that, within a reasonable period before collection time, each receptacle is —
 - (i) within 1 metre of the carriageway;
 - (ii) placed so that it does not unduly obstruct any footpath, cycle way, right-of-way or carriageway; and
 - (iii) facing squarely to the edge of and opening towards the carriageway,or in such other position as is approved in writing by the local government or an authorised person;
- (c) take reasonable steps to ensure that the premises are provided with an adequate number of receptacles; and
- (d) if the receptacle is lost, stolen, damaged or defective, notify the local government, as soon as practicable, after the event.

2.8 Exemption

- (1) An owner or occupier of premises may apply in writing to the local government for an exemption from compliance with the requirements of clause 2.7(a) or (b).
- (2) The local government or an authorised person may grant, with or without conditions, or refuse an application for exemption from compliance under this clause.
- (3) An exemption granted under this clause must state—
 - (a) the premises to which the exemption applies;
 - (b) the period during which the exemption applies; and
 - (c) any conditions imposed by the local government or the authorised person.
- (4) An exemption granted under this clause ceases to apply –
 - (a) if the local government decides, on reasonable grounds, that there has been a failure to comply with a condition of the exemption; and
 - (b) from the date that the local government informs the owner or occupier of its decision under clause 2.8(4)(a).

2.9 Damaging or removing receptacles

A person, other than the local government or its contractor, must not—

- (a) damage, destroy or interfere with a receptacle; or
- (b) except as permitted by this local law or as authorised by the local government or an authorised person, remove a receptacle from any premises to which it was delivered by the local government or its contractor.

2.10 Building Construction

- (1) In this clause
building waste receptacle means a receptacle –
 - (a) that has been supplied for the use of the premises by a person other than the local government or its contractor;
 - (b) the waste from which is collected and removed from the premises by a person other than the local government or its contractor;**building work** has the same meaning as in the *Building Act 2011* and includes demolition work;
building work waste means all waste from building work that is capable of being windblown; and
demolition work has the same meaning as in the *Building Act 2011*.
- (2) During all periods of building work on a premises the owner or occupier of the premises shall:
 - (a) provide and maintain on such premises a building waste receptacle with adequate capacity suitable for the collection and disposal of building work waste;
 - (b) ensure building work waste is deposited and kept in the building waste receptacle; and
 - (c) maintain the street verge immediately adjacent to such premises so that it is cleared of all refuse generated or originating from the premises.
- (3) The owner or occupier of the premises shall ensure that within 2 days of completion of works on site –
 - (a) the site and the thoroughfare verge immediately adjacent to it is cleared of all refuse generated or originating from the building or development site; and
 - (b) that all building waste receptacles are permanently removed from the site.

2.11 Verge collections

- (1) Where the local government has advertised a verge waste collection (such as a green waste, or a bulk waste, verge collection) a person, unless with and in accordance with the approval of the local government or an authorised person—
 - (a) must deposit waste only during the period of time, and in accordance with other terms and conditions, as advertised by the local government in relation to that verge waste collection; and
 - (b) must otherwise comply with those terms and conditions.
- (2) Where waste has been deposited on a verge for a verge waste collection, a person must not remove any of that waste for a commercial purpose but may remove it for any other purpose.
- (3) Except where waste is lawfully removed from a verge under this clause, a person must not disassemble or tamper with any waste deposited on a verge for a verge waste collection so as to increase the risk of harm to any person.
- (4) Clause 2.11(2) does not apply to the local government or a person engaged or contracted by the local government in relation to the verge waste collection.

Part 3 - General duties

3.1 Duties of an owner or occupier

An owner or occupier of premises must—

- (a) take reasonable steps to ensure that a sufficient number of receptacles are provided to contain all waste which accumulates or may accumulate in or from the premises;
- (b) ensure that each receptacle is kept in good condition and repair;
- (c) take all reasonable steps to—
 - (i) prevent fly breeding and keep each receptacle free of flies, maggots, cockroaches, rodents and other vectors of disease;
 - (ii) prevent the emission of offensive or noxious odours from each receptacle; and
 - (iii) ensure that each receptacle does not cause a nuisance to an occupier of adjoining premises; and
- (d) whenever directed to do so by the local government or an authorised person, thoroughly clean, disinfect, deodorise and apply a residual insecticide to each receptacle.

3.2 Removal of waste from premises

- (1) A person must not remove any waste from premises unless that person is—

- (a) the owner or occupier of the premises;
 - (b) authorised to do so by the owner or occupier of the premises; or
 - (c) authorised in writing to do so by the local government or an authorised person.
- (2) A person must not remove any waste from a receptacle without the approval of –
- (a) the local government or an authorised person; or
 - (b) the owner or occupier of the premises at which the receptacle is ordinarily kept.

3.3 Receptacles and containers for public use

A person must not, without the approval of the local government or an authorised person—

- (a) deposit household, commercial or other waste from any premises on or into; or
- (b) remove any waste from,

a receptacle provided for the use of the general public in a public place.

Part 4 - Operation of waste facilities

4.1 Operation of this Part

This Part applies to a person who enters a waste facility.

4.2 Hours of operation

The local government may from time to time determine the hours of operation of a waste facility.

4.3 Signs and directions

- (1) The local government or an authorised person may regulate the use of a waste facility—
 - (a) by means of a sign; or
 - (b) by giving a direction to a person within a waste facility.
- (2) A person within a waste facility must comply with a sign or direction under subclause (1).
- (3) The local government or an authorised person may direct a person who commits, or is reasonably suspected by the local government or the authorised person of having committed, an offence under this clause to leave the waste facility immediately.
- (4) A person must comply with a direction under subclause (3).

4.4 Fees and charges

- (1) Unless subclause (3) applies, a person must, on or before entering a waste facility or on demand by the local government or an authorised person, pay the fee or charge as assessed by an authorised person.
- (2) An authorised person may assess the fee or charge in respect of a particular load of waste at a rate that applies to any part of that load, even if that rate is higher than the rate that would apply to any other part of the load.
- (3) Subclause (1) does not apply—
 - (a) to a person who disposes of waste in accordance with the terms of—
 - (i) a credit arrangement with the local government; or
 - (ii) any other arrangement with the local government to pay the fee or charge at a different time or in a different manner; and
 - (b) to the deposit of waste owned by the local government, or in the possession of an employee on behalf of the local government.

4.5 Depositing waste

- (1) A person must not deposit waste at a waste facility other than—
 - (a) at a location determined by a sign and in accordance with the sign; and
 - (b) in accordance with the direction of an authorised person.
- (2) The local government may determine the classification of any waste that may be deposited at a waste facility.

4.6 Prohibited activities

- (1) Unless authorised by the local government, a person must not—
 - (a) remove any waste or any other thing from a waste facility;
 - (b) deposit at a waste facility that is a landfill site any waste that is toxic, poisonous or hazardous, or the depositing of which is regulated or prohibited by any written law;
 - (c) light a fire in a waste facility;
 - (d) remove, damage or otherwise interfere with any flora in a waste facility;
 - (e) remove, injure or otherwise interfere with any fauna in a waste facility; or
 - (f) damage, deface or destroy any building, equipment, plant or property within a waste facility.
- (2) A person must not act in an abusive or threatening manner towards any person using, or engaged in the management or operation of, a waste facility.

Part 5 - Enforcement

5.1 Objection and appeal rights

Division 1 of Part 9 of the LG Act applies to a decision under this local law to grant, renew, vary or cancel –

- (a) an approval under clause 2.7(b);
- (b) an exemption under clause 2.8(2);
- (c) an approval under clause 2.9(b);
- (d) an approval under clause 2.110(1);
- (e) an authorisation under clause 3.2(1)(c);
- (f) an approval under clause 3.2(2); and
- (g) an approval under clause 3.3.

5.2 Offences and general penalty

- (1) A person who fails to do anything required or directed to be done under this local law, or who does anything which under this local law a person is prohibited from doing, commits an offence.
- (2) A person who commits an offence under this local law is liable, on conviction, to a penalty not exceeding \$5,000, and if the offence is of a continuing nature, to a further penalty not exceeding \$500 in respect of each day or part of a day during which the offence has continued.

5.3 Other costs and expenses

- (1) A person who is convicted of an offence under this local law is to be liable, in addition to any penalty imposed under clause 5.2, to pay to the local government the costs and expenses incurred by the local government in taking remedial action such as—
 - (a) removing and lawfully disposing of toxic, hazardous or poisonous waste; or
 - (b) making good any damage caused to a waste facility.
- (2) The costs and expenses incurred by the local government are to be recoverable, as a debt due to the local government, in a court of competent civil jurisdiction.

5.4 Prescribed offences

- (1) An offence against a clause specified in Schedule 2 is a prescribed offence for the purposes of section 9.16(1) of the LG Act.
- (2) The amount of the modified penalty for a prescribed offence is that specified adjacent to the clause in Schedule 2.

5.5 Form of notices

- (1) Where a vehicle is involved in the commission of an offence, the form of the notice referred to in section 9.13 of the LG Act is that of Form 1 in Schedule 1 of the LG Regulations.
- (2) The form of the infringement notice given under section 9.16 of the LG Act is that of Form 2 in Schedule 1 of the LG Regulations.
- (3) The form of the infringement withdrawal notice given under section 9.20 of the LG Act is that of Form 3 in Schedule 1 of the LG Regulations.

Schedule 1 - Meaning of 'non-collectable waste'
[Clause 1.5(1)]

non-collectable waste means –

- (a) hot or burning material;
- (b) household hazardous waste, including paint, acids, alkalis, fire extinguishers, solvents, pesticides, oils, gas cylinders, batteries, chemicals and heavy metals;
- (c) any other hazardous material, such as radioactive waste;
- (d) any explosive material, such as flares or ammunition;
- (e) electrical and electronic equipment;
- (f) hospital, medical, veterinary, laboratory or pathological substances;
- (g) construction or demolition waste;
- (h) sewage;
- (i) 'controlled waste' for the purposes of the *Environmental Protection (Controlled Waste) Regulations 2004*;
- (j) any object that is greater in length, width, or breadth than the corresponding dimension of the receptacle or that will not allow the lid of the receptacle to be tightly closed;
- (k) waste that is or is likely to become offensive or a nuisance, or give off an offensive or noxious odour, or to attract flies or cause fly breeding unless it is first wrapped in non-absorbent or impervious material or placed in a sealed impervious and leak-proof container; and
- (l) any other waste determined by the local government to be non-collectable waste.

Schedule 2 - Prescribed offences

Item No.	Clause No.	Description	Modified Penalty
1	2.1(2)(a)	Failing to pay fee or charge	\$350
2	2.1(2)(b)	Failing to ensure lawful use of receptacle	\$350
3	2.2(1)	Depositing non-collectable waste in a receptacle	\$350
4	2.2(2)	Depositing waste in another receptacle without consent	\$350
5	2.3(1)	Exceeding weight capacity of a general waste receptacle	\$350
6	2.3(2) and (3)	Depositing unauthorised waste in a general waste receptacle	\$350
7	2.4(a)	Depositing unauthorised waste in a recycling waste receptacle	\$350
8	2.4(b) and (c)	Exceeding weight capacity of a recycling waste receptacle	\$250
9	2.5(a)	Depositing unauthorised waste in an organic waste receptacle	\$350
10	2.5(b) and (c)	Exceeding weight capacity of an organic waste receptacle	\$350
11	2.6(3)	Failing to comply with a direction concerning placement or removal of a receptacle	\$250
12	2.7(a)	Failing to keep a receptacle in the required location	\$250
13	2.7(b)	Failing to place a receptacle for collection in a lawful position	\$250
14	2.7(c)	Failing to provide a sufficient number of receptacles	\$250
15	2.7(d)	Failing to notify of a lost, stolen, damaged or defective receptacle	\$50
16	2.9(a)	Damaging, destroying or interfering with a receptacle	\$400
17	2.9(b)	Removing a receptacle from premises	\$400
18	2.10(1)	Failing to comply with a term or condition of verge waste collection	\$400

39	4.6(2)	Acting in an abusive or threatening manner	\$300

12.5 COMMUNITY SERVICES

Mr C B Hunt declared an "Impartiality" interest in item 12.5.1 - Northam Aquatic Facility - Amendment to Fees and Charges as his daughter is employed as a lifeguard for the Shire of Northam.

12.5.1 Northam Aquatic Facility - Amendment to Fees and Charges

Address:	Northam Aquatic Facility 44 Peel Terrace Northam
Owner:	Shire of Northam
Applicant:	Shire of Northam
File Reference:	1.3.8.8
Reporting Officer:	Jack Little, Manager Recreation Services
Responsible Officer:	Ross Rayson, Executive Manager Community Services
Officer Declaration of Interest:	Nil
Voting Requirement:	Absolute Majority
Press release to be issued:	Yes

BRIEF

For Council to consider amending its fees & charges to include some new and amended charges for the use of the new Northam Aquatic Facility.

ATTACHMENTS

Attachment 1: Scenario Analysis

Attachment 2: Fees and Charges Comparison Table

A. BACKGROUND / DETAILS

In 2019, Council employed contractors commenced construction of the new Northam Aquatic Facility, adjacent to the existing Recreation Centre at 44 Peel Terrace.

The facility consists of:

- 50 metre, 8 lane outdoor heated Olympic pool.
- 25 metre, 4 lane heated leisure pool
- 4 slides.
- Splash pad and children's play area.

- Change rooms, showers, grandstands and viewing areas.
- Small function/ meeting hall.
- General shaded areas and BBQ's.

Due to the increased size and offerings the new facility provides, Shire Officers have conducted an industry analysis of fees and charges (attachment A) to determine whether:

- The Shire of Northam's current entry fees are in line with similar standard aquatic facilities
- Additional fees should be charged for the use of the Water Slides, and what that charge might be.

The table below shows a comparison of several other Aquatic Centres that have slides, including their operating times, cost, management systems, and supervision requirements

Shire/City:	Shire of Kulin:	City of Canning:	City of Cockburn
Hours of operation	Thurs & Fri 3.30pm-5.30pm *Only during school holidays* Weekend & PH 1pm-5pm All other times closed.	2, 2 hr sessions daily	During school terms 1 and 4 Mon – Fri 4pm-6pm Sat /Sun/ PH-10am-4pm School terms 2 and 3 Mon – Thurs – no slides Fri – 4pm-6pm Sat/Sun/PH 10am-4pm School Holidays Mon-Sun 10am-4pm
Cost (Water slides)	\$9 per session	\$3 per session	\$7.50 per session.
Cost (entry fee)	Adult \$4.00 Child \$2.00	Adult \$7.00 Child \$5.00	Adult \$7.20 Child \$5.20
Management system	Wrist bands	Wrist bands	Wrist bands
Supervision	Lifeguard at bottom	Lifeguard at top	Lifeguard at bottom, Supervisor on each slide at top.

It is apparent there is no industry standard for operating and charging for the use of Water Slides.

Officers have assessed the new facility and have made a determination in relation to required staff to safely operate the slides, as well as the rest of the complex.

According to 'Guidelines for Safe Pool Operations - Aquatic Supervision SV30 - 30.2.13' (Royal Life Saving) the following should be considered:

Lifeguards - Slide Management:

- A dedicated lifeguard will be required at the bottom of the slides when in use at all times.
- Lifeguards will also be required to supervise the 50m, 25m leisure, & play areas concurrently.

Additionally, due to the different levels of the slides, officers believe that the safest operation is to have a staff member positioned at the start of each slide initially, to ensure safety. The operation of the slides will be monitored and adapted dependent on actual numbers using the slides at any one time and any identified ongoing safety requirements.

Therefore, to run the complete facility safely & compliantly, it is anticipated that there will be 10 staff (1 x facility manager and 9 x lifeguards) required during weekend and other anticipated busy times.

As such, there will be an anticipated increase in staffing costs that will need to be offset by income generated by the slide operation.

By calculating the staff costs to safely operate the facility Officers have calculated that a breakeven price of \$2.50 p/h per session is required to cover expenditure associated with the slide operations, which is where additional staff costs are being generated.

Whilst the exact times may vary, based on demand, the table below outlines an operational scenario for the use of the new slides to be a cost neutral exercise:

Day:	Opening Hours	# staff	Entry cost	Staff Cost	KPI slide users (p/d)
Mon - Fri	3:30pm – 5:30pm	5 staff per hour	\$5.00 per session	\$300 ex super	60*
Sat – Sun**	10:00am - 12pm 2.00pm - 4.00pm	5 staff per hour	\$5.00 per session	\$600 ex super	120*

Weekly total:	18 hrs per week	5 staff per hour		\$2700 ex super	540*
---------------	-----------------	------------------	--	-----------------	------

*Minimum number required to cover staff costs

**This calculation is based on proposed facility opening of 9am on weekends.

Appendix 1 sets out 3 scenarios to give Council a snapshot of the possible financial impacts and additional staff requirements to run the new facility. The scenarios are based on the remainder of the season being 15 weeks from when the Aquatic Facility is anticipated to open 25/1/2020 with closure expected mid May 2020.

Scenario 1 is recommended by staff, based on 60 slide users per session at \$5 per user it will raise an additional \$40,500 in revenue and additional gate revenue of \$5,000, both will be offset with the additional staffing requirements.

In relation to general entry fees, the Shire has always maintained a price parity between both Wundowie and Northam Swimming Pools. The alignment of fees has enabled both facilities to operate in parallel, with no requirement to have separate season passes, in particular, for both pools.

With the impending opening of the new facility, officers believe it is appropriate to review the entry fee for Northam Aquatic Facility.

A review of pool entry fees across a range of metropolitan and country regional facilities shows that Northam is currently on the low end of entry fees.

As a result of the review, officers believe that it is appropriate at this time to amend the entry fee (for Northam Aquatic Facility only), with the adult entry fee increased from \$4.50 to \$5.00, Children fee increased from \$3.50 to \$4.00, as well as the introduction of a separate fee for the water slides.

As well as the current fee amendments being proposed, a complete review of swimming pool entry fee structure will be conducted, with recommendations for any fee adjustments put forward for consideration as part of the 2020/21 budget.

B. CONSIDERATIONS

B.1 Strategic Community / Corporate Business Plan

Theme Area 2: Community Wellbeing

Outcome 2.1 People in the Shire of Northam feel that their community is caring and inclusive.

Objectives:

- Improved facilities and activities for youth are available within the Shire.

Outcome 2.2 There are a variety of recreation and leisure activities available for all ages, across the Shire of Northam.

Objectives:

- Maintain a range of sporting facilities in Northam, as expected of a Regional Centre.
- Maintain local facilities in other local communities in the Shire of Northam
- Facilitate the provision of varied cultural and artistic activities.
- Provide a range of quality activities for specific demographics, including seniors and youth.
- A range of outdoor leisure activities available throughout the Shire.

Theme Area 6: Governance and Leadership

Outcome 6.3 The Shire of Northam council is a sustainable, responsive, innovative and transparent organisation.

Objectives:

- Provide outstanding customer service.
- Ensure robust financial management.
- Implement systems and processes which deliver outcomes for our community.

B.2 Financial / Resource Implications

The increased operating costs of the new Aquatic facility will be offset by a projected increase in income.

B.3 Legislative Compliance

Section 6.16 to 6.19 of the WA Local Government Act (1995) governs the imposition of fees and charges.

Specifically Section 6.16 (3) *Fees and Charges are to be imposed when adopting the annual budget but may be:*

- (a) imposed* during a financial year, and*
- (b) Amended* from time to time during a financial year.*

*Absolute Majority required.

Section 6.19 *If a local government wishes to impose any fees and charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of –*

- (a) *Its intention to do so, and*
- (b) *The date from which it is proposed the fees and charges will be imposed.*

B.4 Policy Implications

Nil.

B.5 Stakeholder Engagement / Consultation

The Recreation Services department has consulted with a range of other facilities that are currently operating slides.

B.6 Risk Implications

Risk Category	Description	Rating (consequence x likelihood)	Mitigation Action
Financial	Increase in fees and charges may cause community unrest.	Low (3)	Don't increase fees and charges however limit opening hours and access to slides.
Health & Safety	Inadequate staffing levels are put in place to ensure patron safety.	Moderate (3)	Monitor capacity of facility and increase/reduce staffing levels based upon usage levels.
Reputation	Proposed fee structure makes full use of the facility unaffordable to some sections of the community.	Low (3)	Communicate with members of public how price point is competitive in comparison to other LG's.
Service Interruption	N/A		
Compliance	Council does not comply with legislation when adopting fees and charges.	Low (3)	Ensures relevant legislation is followed when adopting the fees and charges.

Property	N/A		
Environment	N/A		

C. OFFICER'S COMMENT

Due to the scale of infrastructure being provided at the new Aquatic Facility, Shire Officers are satisfied that the proposed increase to fees and charges including the new slide charge are fair and reasonable taking into account market conditions and like for like facilities.

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3843

Moved: Cr Ryan
Seconded: Cr Della

That Council;

1. Endorse the following fees and charges for the use of the new Northam Aquatic Facility:
 - Adult entry fee -\$5.00 per person per day.
 - Child entry-\$4.00 per person per day
 - Water slides -\$5.00 per session
2. Amend the following budgets;
 - Increase Salaries Account from \$179,245 to \$224,745
 - Increase General Admissions from \$41,000 to \$46,000
 - Increase Slide Revenue from \$0 to \$40,500

**CARRIED 7/3
BY ABSOLUTE MAJORITY**

Debate was held around the motion. Cr Ryan, Cr Della, Cr Tinetti spoke for the motion. Cr Pollard, Cr Williams, Cr Little spoke against the motion. Cr Ryan used his right of reply to close the debate.

UNCONFIRMED

13. MATTERS BEHIND CLOSED DOORS

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3844

Moved: Cr Ryan

Seconded: Cr Della

That Council, in accordance with section 11.1(i) of the Shire of Northam Standing Orders Local Law 2018 and Section 5.23 (2) (a) and (b) of the Local Government Act 1995, meet behind closed doors to consider agenda items:

- 13.1 – Chief Executive Review Committee Meeting held on 18 November 2019 as it relates to a matter affecting an employee.
- 13.2 – Chief Executive Review Committee Meeting held on 25 November 2019 as it relates to a matter affecting an employee.
- 13.3 – Australia Day Community Citizen of the Year Awards as it relates to the personal affairs of a person/s.

CARRIED 10/0

The staff and gallery left the meeting at 7.13pm.

13.1 CHIEF EXECUTIVE REVIEW COMMITTEE MEETING HELD ON 18 NOVEMBER 2019

Receipt of Minutes:

RECOMMENDATION / COUNCIL DECISION

Minute No: C.3845

Moved: Cr Antonio

Seconded: Cr Williams

That Council receive the minutes from the Chief Executive Officer Review Committee meeting held on 18 November 2019.

CARRIED 10/0

Adoption of Recommendations:

RECOMMENDATION

That Council:

- 1. The Council endorse that the CEO receive feedback from consultant Sue Pedersen on KPI's discussed at the CEO review committee meeting with the aim of formalising the KPI's for resolution at the next CEO Review Committee. Meeting – for presentation and approval by Council;**
- 2. Request the consultant, Sue Pedersen to consolidate the comments from the 360 Degree feedback for the CEO Review Committee to present to the CEO;**
- 3. Notes that the appraisal of Mr Jason Whiteaker, Chief Executive Officer, has been undertaken for the period of July 2018 to June 2019;**
- 4. Accepts the outcome of 'Meets Expectations to a high level' and thanks Mr Whiteaker for his efforts;**
- 5. Endorses Professional Development, such as the AICD (Australian Institute of Company Directors) or equivalent;**
- 6. Recommends an increase of 2% to the CEO's Total Remuneration Package, effective 21 August 2019; and**
- 7. Approves the CEO's Performance Criteria for the 2019-2020 year, as attached (to be finalised at meeting on 25 November 2019).**
