Agenda

Ordinary Council Meeting

19 July 2017

NOTICE PAPER

Ordinary Council Meeting

19 July 2017

President and Councillors

I inform you that an Ordinary Council meeting will be held in the Council Chambers, located at 395 Fitzgerald Street, Northam on 19 July 2017 at 5:30pm.

There will be a Forum meeting held in the Council Chambers on 12 July 2017 at 5:30 pm to discuss the contents of this agenda.

Yours faithfully

Jason Whiteaker
Chief Executive Officer

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

Notes

Council Forum Meeting

12 July 2017

Ordinary Council Meeting Notes
12 July 2017

Preface

When the Chief Executive Officer approves these Notes for distribution they are in essence "informal notes."

At the next Ordinary Meeting of Council the Notes will be received, subject to any amendments made by the Council. The "Received" Notes are then signed off by the Presiding Person.

Please refer to the Ordinary Council meeting agenda and minutes for further information and details in relation to the matters and items discussed at the Forum meeting.

Unconfirmed Notes

These notes were approved for distribution on 14th July 2017.

JASON WHITEAKER
CHIEF EXECUTIVE OFFICER

Received Notes

These notes were received at an Ordinary Meeting of Council held on 19th July 2017.

Signed:

Note: The Presiding Member at the meeting at which the minutes were confirmed is the person who signs above.

5. PUBLIC QUESTION/STATEMENT TIME

5.1 PUBLIC QUESTIONS

Nil.

5.2 PUBLIC STATEMENTS

Chief Bushfire Control Officer – Mathew Macqueen

Basis of Statement: Mr Macqueen introduced himself and outlined his experience in the role with this year being his second year as the Chief Bushfire Control Officer for the Shire of Northam.

Mr Macqueen explained the process for nominating FCO's advising that this is done at the Brigade's AGM through self-nomination (in writing). Concerns were raised around FCO's being recommended not having enough experience in handling a significant incident. Although the minimum training requirements may have been met it was raised that the experience should be taken into consideration when appointing an FCO.

Mr Macqueen also wished to address Council in relation to the Firebreak Notice for the 2017/18 period. The notice recommended to BFAC had a number of amendments from the previous year's notice, these are detailed on page 48 of the BFAC minutes. This recommendation was lost with a new

Ordinary Council Meeting Notes
12 July 2017

motion being proposed that the previous year's Firebreak Notice be adopted. This would mean that the amendments to setting a standard firebreak width (3x4m) would not be adopted. It was advised that these changes were recommended in order to better accommodate the Brigade's vehicle access if required (due to the size of the vehicles).

Adopting the previous year's Firebreak Notice would also mean that the deadline date for the installation of fire prevention measures would be 1st October. It was stated that this deadline was believed to be too late as those who had not complied by the deadline date would often be trying to meet the requirements in the middle of summer which is not practical or safe as it increases the risk of fires.

It was requested that Council consider reducing the number of FCO's being appointed with consideration to the training and experience requirements and also adopting the Firebreak Notice which was originally recommended to BFAC.

Response:

The Chief Executive Officer advised that staff will provide information to the Councillors in relation to the process for nominating and appointing FCO's along with the minimum training and experience requirements.

9. CONFIRMATION OF MINUTES

9.1 ORDINARY COUNCIL MEETING HELD 21 JUNE 2017

There were no questions or clarifications sought in relation to this item.

9.2 SPECIAL COUNCIL MEETING HELD 29 JUNE 2017

There were no questions or clarifications sought in relation to this item.

9.3 NOTES FROM THE COUNCIL FORUM MEETING HELD 12 JULY 2017

There were no questions or clarifications sought in relation to this item.

10. ITEMS BROUGHT FORWARD FOR THE CONVENIENCE OF THOSE IN THE PUBLIC GALLERY

Nil.

11. REPORTS OF COMMITTEE MEETINGS

Cr U Rumjantsev declared an "impartiality" interest in item 11.1 – Bush Fire Advisory Committee Meeting held on 20 June 2017 as he is a member of Bakers Hill Volunteer Bushfire Brigade.

Cr U Rumjantsev declared an "impartiality" interest in item 11.1 – Bush Fire Advisory Committee Meeting held on 20 June 2017 as he is a member of Southern Brook Volunteer Fire Brigade. His brother is the Southern Brook representative on BFAC. Impartial due to his association.

11.1 BUSH FIRE ADVISORY COMMITTEE MEETING HELD ON 20 JUNE 2017

- Clarification was sought in relation to the reason for creating new brigades. The Deputy President advised that the western side of the Shire is currently under the Bakers Hill Brigade, with the west of the Shire growing it is believed that there is a need for a Brigade in this area. In relation to the creation of the Central Brigade, the purpose of this recommendation is to advertise the proposed brigade, seeking expressions of interest before creating.
- Clarification was sought around the district for each brigade and whether hot work bans can be set around these. The Executive Manager Development Services advised that the bans can only be set for the entire Shire.

Ordinary Council Meeting Notes
12 July 2017

- It was queried who monitors the fire break compliance. The Chief Executive Office advised that Council's manages this.
- Clarification was sought in relation to whether the wording under recommendation 10 in the agenda could be misinterpreted (e.g. harvest be classified as slashing). The Chief Executive Officer advised that this is not the intent however Officers are not concerned as a firebreak is still required.
- Clarification was sought in relation to the training and experience requirements. The Chief Executive Officer advised that Council is asked to consider what has been recommended by BFAC. Officers will circulate the process and training/experience requirements to councillors, from this councillors can assess whether the process and requirements are believed to adequate or whether the process requires improvement.

Since the Council Forum meeting the process has been confirmed as follows:

1. Nomination of FCO is made by self-nomination to the Brigade;
2. The Brigade must accept the nomination at their AGM. If they do not believe the candidate is qualified or experienced for the role then the nomination should not be supported by the Brigade;

Council's adopted position/training requirements in order to qualify to the position of Bushfire Control Officer is as follows (15th July 2015 Council decision):

- Introduction to Fire Fighting
- Bush Fire Firefighting
- Structural Awareness
- Crew Leader/Advanced Firefighter and/or Sector Commander
- FCO course or a refresher within the last 5 years

The Brigade should consider this when nominating FCO's.

3. Nomination is received by Council's Community Emergency Services Manager who will then check eligibility against training requirements;
4. Recommendation is formed for BFAC's consideration based on the eligibility of the FCO's nominated (e.g. if not qualified can only be a permit officer).
5. BFAC recommends to Council the FCO's for the coming bushfire season based on the eligibility.
6. Council considers recommendation from BFAC as presented along with any Officer's comments.

Council does not currently have any adopted experience requirements or standards for appointing an FCO. Council's previous position which was

Ordinary Council Meeting Notes
12 July 2017

endorsed at its meeting held on 16th June 2016 was to be a fully operational Active FCO they must have undertaken the training requirements along with having a minimum 3 years Fire Fighting Experience within the last 5 years. However this was rescinded on 2nd November 2016 and subsequently the position adopted by Council with respect to training requirements for FCO's (as resolved on 15th July 2015) is in force. No further experience requirements have been established and the training requirements as listed under item 2 above are the only requirements in regards to training/experience (15th July 2015 decision).

Officers are in the process of developing and recommending to BFAC that a Bushfire Manual be adopted which will incorporate:

- Bushfire management;
- Brigade administration;
- Brigade procedures and guidelines;
- Brigade positions (office bearers, training and experience requirements, nomination of FCO process, length of service, number of officers etc);
- Contacts, forms, templates;
- Occupational Health and Safety; and
- Human resources (anti-bullying, grievance, discrimination, volunteer management etc).

It is proposed that this will be adopted prior to the next bushfire season.

11.2 COMMUNITY SAFETY COMMITTEE MEETING HELD ON 16 JUNE 2017

- Clarification was sought in relation to whether the CCTV cluster is a disk. The Executive Manager Development Services advised that this is a mast and already in place.

11.3 ART COLLECTION COMMITTEE MEETING HELD ON 8 JUNE 2017

There were no questions or clarifications sought in relation to this item.

11.4 LOCAL EMERGENCY MANAGEMENT COMMITTEE MEETING HELD ON 15 JUNE 2017

There were no questions or clarifications sought in relation to this item.

12. OFFICER REPORTS

12.1 CEO'S OFFICE

Nil.

Ordinary Council Meeting Notes
12 July 2017

12.2 ENGINEERING SERVICES

Nil.

12.3 DEVELOPMENT SERVICES

12.3.1 Proposed Ancillary Accommodation – 88 Woodley Farm Drive, Northam

- Clarification was sought in relation to the reasoning for the variation to the policy. The Executive Manager Development Services advised that this is due to privacy and Officer's support the reason for the variation.
- Clarification was sought in relation to the likelihood of the block being subdivided in the future. The Executive Manager Development Services took the question on notice as the zoning of the block was unknown however it was advised that it is unlikely. Upon further investigation, it has been confirmed that Lot 1008 (No. 88) Woodley Farm Drive is zoned Residential R2.5 under the Shire's Local Planning Scheme No. 6. The lot is a battle-axe lot with a legal area of 6,868m². Under the R-Code provisions for "R2.5" lots, the minimum lot size is 4,000m². Therefore, to subdivide Lot 1008, it has to be a minimum of 8,000m². Consequently, there is no potential for subdividing of Lot 1008.

12.3.2 Tender 3 of 2017 Cleaning Shire of Northam Facilities

- The Chief Executive Officer advised that the report will be provided to Elected Members once finalised however there has been a delay due to computer issues.

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – June 2017

There were no questions or clarifications sought in relation to this item at the meeting however the following queries have been received and responded to:

Reference	Page	Date	Details Reference	Question	Query By	Answer	Answered By
EFT26544	198	02.06.17	Quad Services Pty Ltd	Were Refunds Due to a prior overpayment?	Cr Antonio	Yes that is correct.	Colin Young

				fee charged, and then recouped from the AEIC build budget?		against the AEIC building budget	

12.4.2 Financial Statements for the Period Ending 31st May 2017

- Clarification was sought in relation to the timing differences and whether Council is on track. The Chief Executive Officer advised that those that aren't will be included in the budget document as carry overs and will also be listed in the June reports. The Executive Manager of Corporate Services advised that at this stage it is estimated that there will be a small untied surplus of approximately \$200,000. Council has a policy for allocating these funds and must either put it into reserve, allocate to another project or use to service debt.

12.4.3 Local Law Review

There were no questions or clarifications sought in relation to this item.

12.4.4 Write of Rates 20 Gregory Street

The Chief Executive Officer advised that this item will be withdrawn. Correspondence has been received from a government department clarifying whether there are encumbrances over the property, this has now been confirmed as not being the case and as a result Council will be able to service the debt with the sale of land.

11. REPORTS OF COMMITTEE MEETINGS

Cr U Rumjantsev declared an "impartiality" interest in item 11.1 - Bush Fire Advisory Committee Meeting held on 20 June 2017 as he is a member of Bakers Hill Volunteer Bushfire Brigade.

Cr U Rumjantsev declared an "impartiality" interest in item 11.1 - Bush Fire Advisory Committee Meeting held on 20 June 2017 as he is a member of Southern Brook Volunteer Fire Brigade. His brother is the Southern Brook representative on BFAC. Impartial due to his association.

11.1 BUSH FIRE ADVISORY COMMITTEE MEETING HELD ON 20 JUNE 2017

Receipt of Minutes:

RECOMMENDATION

That Council receive the minutes from the Bush Fire Advisory Committee meeting held on 20 June 2017.

Adoption of Recommendation:

RECOMMENDATION

That Council:

1. Note the Community Emergency Services Manager Report as provided;
2. Appoints the following Fire Control Officers for the 2017/18 Season subject to the individual complying with the adopted minimum training and experience standards:

Bakers Hill

- Ulo Rumjantsev
- Simon Peters
- Kristapher Brown
- Suzanne Brown
- Gordon Ashman (Weather Officer only)

Clackline / Muresk

- Mathew Macqueen
- Matthew Letch (Permit Only until training requirement met)
- Blair Wilding (Permit Only until training requirement met)
- Nick Tighe (Permit Only until training requirement met)

Grass Valley

- Phillip Lloyd
- Paul Reynolds (Permit Only until training requirement met)
- Phil Gentle (Weather Officer only)

Inkpen

- Sim Kuiper (Weather & Permit Only until training requirement met)
- Clive Owen (Permit Only until training requirement met)
- Nic Dewar

Irishtown

- Rob Herzer

Southern Brook

- Paul Antonio (Permit Only until training requirement met)

Northam

- Greg Montgomery
- Daniel Hendriksen

Wundowie

- Tyron McMahon

Jennapullin

- Aaron Smith (Weather Officer only)

3. Appoint Mr Mathew Macqueen as the Chief Bushfire Control Officer and Mr Simon Peters as the Deputy Chief Bushfire Control Officer for the 2017/18 period;
4. Create the Wundowie Bushfire Brigade under Section 41 Bushfire Act 1954;
5. Create and discuss a draft memorandum of understanding with Wundowie FRS and DFES to utilise their facilities and members in Wundowie;
6. Advertise the proposed intention to create a joint Wundowie BFB/VFRS Brigade to attract new membership of volunteer;
7. Submit a business case to DFES to fund the Wundowie joint brigade out of the ESL and supply vehicles suitable for the area (Possibly a 3.4U and LT) make the necessary adjustments to the current building; and
8. Create a specific fire district for Wundowie BFB to include the land east of Linley Valley Road, west of Coates and Sims road, and everything north of Great Eastern Highway. (See Map above).
9. Advertise the proposed Northam Central Bushfire Brigade seeking expression of interest in the Northam locality and present the findings to a Bushfire Advisory Committee Meeting;
10. Endorse the 2017/18 Fire Break Notice as previously adopted for the 2016/17 subject to the inclusion of:
 - Giving landowners of land greater than 1 hectare the options of either installing a firebreak, slashing the entire property or a combination of both; and
 - Minor streamlining changes to make the notice more readable for the general public.
 - An alteration to the restricted and prohibited burning period dates in section 9 of the Firebreak Notice to:
 - Restricted: 1st October to 30th November;
 - Prohibited: 1st December to 28th February; and
 - Restricted: 1st March to 30th April.

In addition to BFAC's recommendation above, Officers are also recommending the following changes as highlighted in the recommendation above:

- Add Council's Community Emergency Services Manager, Mr Daniel Hendriksen and Mr Aaron Smith (Weather Officer only) to the FCO's to be appointed

Since the BFAC meeting, it has been raised that these were not included in the original listing for Fire Control Officer's (FCO's) to be appointed and recommended through BFAC.

- Add an addition item under No. 10 above to alter the restricted and prohibited burning period dates in section 9 of the Firebreak Notice to:
 - Restricted: 1st October to 30th November;
 - Prohibited: 1st December to 28th February; and
 - Restricted: 1st March to 30th April.

Since the Bushfire Advisory Committee meeting held on 20th June 2017, the Fire & Emergency Services Commissioner granted the Shire of Northam's application to alter the restricted and prohibited burning period dates. This was published in the Government Gazette on 7th July 2017 as a result of Council's decision on 2nd November 2016 (Decision No: C.2856). Section 9 of the Firebreak Notice is therefore required to be amended to align with these dates.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

DISCLAIMER

This agenda has yet to be dealt with by the Council. The Recommendations shown at the foot of each item have yet to be considered by the Council and are not to be interpreted as being the position of the Council. The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

OFFICER'S COMMENT

Equipment for BFB Trucks

I have delivered to your brigade some supplies for the trucks:

For each station

- 5lt Truck wash
- Washing Broom
- Sponge

For each vehicle

- Assorted Cable ties
- 2 rolls Gaff Tape
- 2 rolls Electrical Tape
- Can WD40
- Can of Silicon Spray
- Smelly tree

Please add these items to the vehicle check lists.

Could brigades advise who has a box of coloured flagging tape in their trucks and is it short any colours as I would like to supply these to all vehicles.

Computers & Printers

Computers have arrived at the shire and are being setup for brigade use they will begin to be rolled out across the Brigades very soon! Once they are out we will look at an internet solution for each brigade.

PPE

In the new financial year I will put out a call for PPE. I will send out your current sheets of PPE when the time comes.

Stationary

In the new financial year I will be putting together a stationary pack for each brigade with the essential items.

Prescribed Burns

Burn Plans will be sent out to each brigade please start planning to complete burns. Payment for burns will be on completion of burns and will be an even amount across the brigades.

R2R for New brigades & Trucks

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

I am preparing a report as requested by BFAC to establish the Wundowie BFB and Northam Central BFB this report will hopefully go up to the next BFAC.

Appliance R2R, will also be completed in the next few months. Some brigades will need to decide which vehicle would suit their district.

3.4 U Dual Cab	4.4 Rural
Dual Cab	Single Cab
3000lt	4000lt
Large volume high pressure diesel pump	Low volume low pressure diesel pump
Smaller monitor deck	Larger monitor deck
Large lockers with lots of extra space	Small lockers with some space
Built in Foam tank 200lt? plus drums	2 drums foam and inductor
Built in fridge on drop slide	No fridge
Loads of hoses equipment and ladders	Small amount hoses. Some equipment
Slightly more complex pump panel	Simple pump panel
18- 22ton 9m long	18- 22ton 8m long

The report will go to DFES and they will decide on the final outcome based on risk and growth in the area.

Bushfire Procedures Manual

Please be aware of the procedure on Structural Firefighting and Vehicle fires. I will print them out and hang them in the sheds.

I will be working on the extension of a procedure manual by the beginning of next year. It will cover the basics of what we do such as driving, insurance, incident reporting, SOPs, Social media and photos, Harvest Bans and brigade admin. This manual should help members and assist them with their role in the brigade.

Volunteer Firefighters Dinner

On the 17th of June the Shire of Northam hosted the first Volunteer Firefighters Dinner. It was a chance for the Shire of Northam to thank you, the volunteers for their time and efforts over the last fire season and for all the brigades to come together for some good food and a couple drinks. We hope to continue this in years to come.

BART App

We are researching the costs and viability of purchasing the BART App. The app controls callouts and responses to an incident and allows all users to see instantly who will be attending so brigades know when they are sitting in the

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

truck waiting for crews they will know who and how many members are attending.

RUI Exercise

The Department of Fire and Emergency Services in conjunction with the Shire of Northam are conducting a "Rural Urban Interface" (RUI) Exercise. The exercise "Exercise Discuus" is intended to give volunteers practical experience into the Rural Urban Interface.

9am - 1pm on the 28th October 2017.

The Rural Urban Interface is any area in which manmade structure and the natural environment border on each other as such the area chosen is the town site of Wundowie

Bush Fire Brigades from all over the Avon region and the Volunteer Fire and Rescue Services will be involved in this exercise.

I will be conducting RUI Training in all bushfire brigades in the lead up to the exercise. Dates for the training will be determined and sent out to brigades.

This year the RUI Exercise will be held in Wundowie but we are hoping to continue the exercise each year at different Avon towns such as Toodyay, York, Beverley etc.

Bakers Hill BFB Roller Doors

Bakers hill BFB Roller doors have now been replaced with new doors. A reminder to all brigade members to ensure the door is all the way open before driving out

Southern Brook BFB Communications

In the coming weeks the Southern Brook BFB will be fitted with a landline telephone and a 3G Signal Booster to create Mobile coverage in and around the shed.

Inkpen 2.4

I had put in to DFES for the 17/18 budget to restore the Inkpen 2.4. This included some paint touch ups and new stripping and decals. DFES contacted the Shire and advised we have approval to conduct the works this financial year! I look forward to the return of the truck to the brigade.

Crew Protection Upgrades

There is still no set date to when the trucks will be returned to us. What we do know is that all of the 2.4's were overweight. The two centre rear seats in each truck have been removed effectively making the truck a 4 seater and have been replaced with a permanent Engel fridge mount.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

RECOMMENDATION / COMMITTEE DECISION

Minute No: BFAC.158

Moved: Cr Ulo Rumjantsev

Seconded: Mr Murray McGregor

That Council note the Community Emergency Services Manager Report as provided.

CARRIED 10/0

Committee Discussion

The CESM briefly discussed/explained the items outlined in the report as detailed in the above Officer's Comment.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Attachment 1

Date	Motion No	Item No	Subject	Motion	Action By	Comment	Date Completed	Status
16/03/2016	C.2655	11.4	ADOPTION OF THE RECOMMENDATIONS OF THE BUSHFIRE ADVISORY COMMITTEE MEETING	<p>That Council:</p> <ol style="list-style-type: none"> 1. Review all (any) current Local Laws that are bush fire related, including those that apply to fire breaks, and if they are found to be out-of-date or not applicable that they be rescinded or amended. 2. Request BFAC to investigate and report back to Council regarding the adoption of WALGA's Model Bush Fire Brigade Local Laws as adopted by several other Shires to better reflect the current BUSH FIRES ACT 1954, LOCAL GOVERNMENT ACT 1995 and the FIRE AND EMERGENCY SERVICES ACT. Should Council decide that the adoption of "Local Laws" may be appropriate then these be developed in conjunction with the Shire of Northam's Bush Fire Brigades Administration Procedures Manual. 3. Note the progress on the BFAC Terms of reference working party. 4. Endorse that the following restriction apply to the burning of garden refuse in accordance with Section 24G (2) of the Bush Fires Act 1954- <ol style="list-style-type: none"> i. During the prohibited period no burning without a permit, this includes incinerators and on the ground burning. ii. During the restricted period no burning on a property less than 2000m² with in the Shire of Northam without a permit. iii. During the restricted period properties 2000m² and above can light a fire under the conditions of Section 24F (3) of the Act without a permit. 5. Following the adoption of the above recommendation, place public notice of the new restrictions and include within the future firebreak Orders for the Shire of Northam. 6. Note the content of the fire Permits report. 7. Create a subcommittee to undertake a review of the existing and future structure of the Bush Fire Brigades as 	CFSM	<p>1. Complete 2- Next BFAC 3. Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Cr U Rumjantsev declared an "Impartiality" interest in item 5.3 – Nomination for Bush Fire Control Officers (FCO) 2017/18 as he is a member of the Bakers Hill Volunteer Bushfire Brigade and has been nominated as a S.O.N FCO.

5.3 NOMINATIONS FOR BUSH FIRE CONTROL OFFICERS (FCO) 2017/18

Address:	N/A
Owner:	N/A
File Reference:	5.1.3.1
Reporting Officer:	Daniel Hendriksen Community Emergency Services Manager
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Simple Majority

BRIEF

For the committee to recommend to Council the appointment of Fire Control Officers (FCO) for the following 12 month period.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

Council resolved at its meeting held on 15 July 2015 the following (in part)–

5. *Endorse that the minimum standard to be appointed a FCO include the recommendation to complete the following DFES training modules prior to 1st November 2015 and become a requirement in order to qualify to the position of Bushfire Control Officer for the 2016 and future fire seasons.*
 - Introduction to Fire Fighting
 - Bush Fire Fire fighting
 - Structural Awareness
 - Crew Leader/Advanced Firefighter *and/or* Sector Commander
 - FCO course or a refresher within the last 5 years

The issue that both Council and the Committee need to deal with is that fact that a number of nominated FCO's do not meet the above criteria at the current time.

CONSIDERATIONS

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Strategic Community / Corporate Business Plan

- Objective C2: Provide services and processes to enhance public safety.
Strategy C2.1: Provide community services to uphold public safety standards.
Strategy C2.2: Support provision of emergency services.
Strategy C2.3: Provide, monitor and improve adequate Bush Fire Protection provisions.

Financial / Resource Implications

Advertising costs.

Legislative Compliance

Section 38 (1) Bush Fire Act 1954 which states as follows:

38. *Local government may appoint Bush fire control officer*

- (1) A local government may from time to time appoint such persons as it thinks necessary to be its Bush fire control officers under and for the purposes of this Act, and of those officers shall subject to section 38A(2) appoint 2 as the Chief Bush fire Control Officer and the Deputy Chief Bush fire Control Officer who shall be first and second in seniority of those officers, and subject thereto may determine the respective seniority of the other Bush fire control officers appointed by it.

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Once the Fire Control Officer have been endorsed by Council public notice will be provided.

Risk Implications

Council are requested to endorse the Fire Control Officers as detailed in the recommendation which is in accordance with the position set by Council in relation to the minimum training requirements in order to minimise any potential risks.

OFFICER'S COMMENT

The recommendation for FCO's that have been received are as follows:

Bakers Hill

- Ulo Rumjantsev
- Simon Peters
- Kristapher Brown
- Suzanne Brown
- Gordon Ashman (Weather Officer Only)

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Clackline / Muresk

- Mathew Macqueen
- Matthew Letch
- Blair Wilding
- Nick Tighe

Grass Valley

- Phillip Lloyd
- Paul Reynolds
- Phil Gentle (Weather Officer Only)

Inkpen

- Sim Kuiper (including Weather Officer)
- Clive Owen

Irishtown

- Rob Herzer

Jennapullen

- Lynton Smith (Weather Officer Only)

Southern Brook

- Paul Antonio

Northam

- Greg Montgomery

Wundowie

- Tyron McMahon

It is apparent from the nominations received that a number of Brigade members do not meet the minimum standards as prescribed by the current resolution of Council. Staff have previously advised Brigade Captains of which nominations have not met the minimum standards.

It is proposed that the Committee recommend to Council those nominations received on the proviso that prior to being officially appointed the individual must provide evidence that they comply with the stipulated training requirements. If the members cannot achieve that standard then they will not be eligible to hold that position.

The nominated FCO's have been listed in the recommendation below with reference to their eligibility/appointment.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

RECOMMENDATION / COMMITTEE DECISION

Minute No: BFAC.159

Moved: Mr Murray McGregor

Seconded: Mr Steve Gray

That Council appoints the following Fire Control Officers for the 2017/18 Season subject to the individual complying with the adopted minimum training and experience standards:

Bakers Hill

- Ulo Rumjantsev
- Simon Peters
- Kristopher Brown
- Suzanne Brown
- Gordon Ashman (Weather Officer only)

Clackline / Muresk

- Mathew Macqueen
- Matthew Letch (Permit Only until training requirement met)
- Blair Wilding (Permit Only until training requirement met)
- Nick Tighe (Permit Only until training requirement met)

Grass Valley

- Phillip Lloyd
- Paul Reynolds (Permit Only until training requirement met)
- Phil Gentle (Weather Officer only)

Inkpen

- Sim Kuiper (Weather & Permit Only until training requirement met)
- Clive Owen (Permit Only until training requirement met)
- Nic Dewar

Irishtown

- Rob Herzer

Southern Brook

- Paul Antonio (Permit Only until training requirement met)

Northam

- Greg Montgomery

Wundowie

- Tyron McMahon

CARRIED 10/0

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Committee Discussion

Clarification was sought in relation to the training requirements. The CESM advised that the nominated FCO's have been listed in the recommendation with reference to their eligibility/appointment (i.e. Permit Officer only until the training requirements have been met). Once the training requirements have been met they will be appointed as a fully operational FCO.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

**5.4 NOMINATION FOR 2017/18 CHIEF BUSH FIRE CONTROL OFFICER (CBFCO)
AND DEPUTY CHIEF BUSH FIRE CONTROL OFFICER (DCBFCO)**

Address:	N/A
Owner:	N/A
File Reference:	5.1.3.1
Reporting Officer:	Daniel Hendriksen Community Emergency Services Manager
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Simple Majority

BRIEF

Upon appointment of the Fire Control Officer's for the 2017/18 period, Council is required to appoint a Chief Bush Fire Control Officer (CBFCO) and Deputy Chief Bush Fire Control Officer (DCBFCO).

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

Mr Mathew Macqueen is the current CBFCO and Mr Simon Peters is the DCBFCO.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

- Objective C2: Provide services and processes to enhance public safety.
- Strategy C2.1: Provide community services to uphold public safety standards.
- Strategy C2.2: Support provision of emergency services.
- Strategy C2.3: Provide, monitor and improve adequate Bush Fire Protection provisions.

Financial / Resource Implications

Advertising costs.

Legislative Compliance

Section 38 (1) Bush Fire Act 1954 which states as follows

- 38. *Local government may appoint Bush fire control officer*
 - (1) A local government may from time to time appoint such persons as it thinks necessary to be its bush fire control officers under and for the

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

purposes of this Act, and of those officers shall subject to section 38A(2) appoint 2 as the Chief Bush fire Control Officer and the Deputy Chief Bush fire Control Officer who shall be first and second in seniority of those officers, and subject thereto may determine the respective seniority of the other Bush fire control officers appointed by it.

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Officers have sought interest from eligible FCO's. The only interest that has been received has been from the current CBFCO and DCBFCO to retain their positions.

Risk Implications

Council is requested to appoint a CBFCO and DCBFCO who meet the minimum training requirements set by Council in order to minimise any potential risks.

OFFICER'S COMMENT

It should be noted that in order to appoint an Officer to this position they must have met the minimum training requirements set by Council for a Fire Control Officer.

RECOMMENDATION / COMMITTEE DECISION

Minute No: BFAC.160

Moved: Cr Ulo Rumjantsev

Seconded: Mr Murray Bow

That Council appoint Mr Mathew Macqueen as the Chief Bushfire Control Officer and Mr Simon Peters as the Deputy Chief Bushfire Control Officer for the 2017/18 period.

CARRIED 9/1

Mr Blair Wilding voted against the motion.

Committee Discussion

Discussion was held around whether the Brigade's had submitted their nominations for the CBFCO and DCBFCO. The CESM advised that all qualified FCO's were consulted in relation to seeking their interest in nominating for the positions. There was no interest from other FCO's and therefore the

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

recommendation was formed on the basis of the existing CBFCO and DCBFCO wishing to continue wishing to retain/re-nominate for their positions.

Clarification was sought in relation to whether the CBFCO and DCBFCO are required to undertake the Chief Bush Fire Control Officer training course through DFES. The CESM advised that the existing and recommended CBFCO and DCBFCO have not undertaken the course as this has not been held in approximately 3-4 years. In addition, there is no current pre-requisite or resolution for them to have undertaken further training than what has been established as the minimum training requirement for FCO's.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

5.5 CREATION OF NORTHAM CENTRAL BUSH FIRE AND WUNDOWIE BUSH FIRE BRIGADE

Address:	N/A
Owner:	N/A
File Reference:	5.1.3.1
Reporting Officer:	Daniel Hendriksen Community Emergency Services Manager
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Simple Majority

BRIEF

Council is requested to consider the creation of the following brigades which have been identified through the Feasibility Report which was undertaken as per the resolution of Council on 15th June 2016:

- Northam Central Bush Fire Brigade; and
- Wundowie Bush Fire Brigade.

ATTACHMENTS

Attachment 1: Feasibility Report.

BACKGROUND / DETAILS

At the Bushfire Advisory Committee meeting held on 31st May 2016 it recommended that Council endorse the creation of the Northam Central and Wundowie Bush Fire Brigade's. Council considered this at the Ordinary Council meeting held on 15th June 2016 where it resolved that the Chief Executive Officer is to prepare a detailed feasibility report on the proposed creation of both the Brigade's and the report is to be submitted to the BFAC prior to further considerations by Council.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

- Objective C2: Provide services and processes to enhance public safety.
Strategy C2.1: Provide community services to uphold public safety standards.
Strategy C2.2: Support provision of emergency services.
Strategy C2.3: Provide, monitor and improve adequate Bush Fire Protection provisions.

Financial / Resource Implications

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

There will no financial or resource implications to Council. Once the Brigade is created, the Risk to Resource report will be forwarded to Department of Fire & Emergency Services (DFES) who will assess this against the risk and need of the Brigade and make a determination in relation to funding. Should DFES not support funding the Brigade it will stay in 'name only' until such time DFES make a determination to provide funding.

Legislative Compliance

Bushfire Act 1954 and relevant subsidiary legislation.

Policy Implications

Nil.

Stakeholder Engagement / Consultation

Officers have consulted with DFES and Wundowie Volunteer Fire & Rescue Service in relation to this matter.

Risk Implications

Nil.

OFFICER'S COMMENT

The Feasibility Study has been provided in Attachment 1 of this report.

RECOMMENDATION

That Council:

1. Create the Wundowie Bushfire Brigade under Section 41 Bushfire Act 1954.
2. Create and discuss a draft memorandum of understanding with Wundowie FRS and DFES to utilise their facilities and members in Wundowie.
3. Advertise the proposed intention to create a joint Wundowie BFB/VFRS Brigade to attract new membership of volunteers
4. Submit a business case to DFES to fund the Wundowie joint brigade out of the ESL and supply vehicles suitable for the area (Possibly a 3.4U and LT) make the necessary adjustments to the current building.
5. Create a specific fire district for Wundowie BFB to include the land east of Linley Valley Road, west of Coates and Sims road, and everything north of Great Eastern Highway. (See Map above)
6. That Council creates the Northam Central Bushfire Brigade under Section 41 Bushfire Act 1954.
7. Advertise the Brigade as an expression of interest in the Northam locality to see what interest there is to join. Begin training volunteers utilising Shire facilities and surrounding brigade's appliances.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

- 8 Put forward a business case to DFES to fund the Northam Central brigade out of the ESL and supply facilities and vehicles suitable for the area.**
- 9. Create a new fire district for Northam Central Brigade which is not bounded to its own area but covers the entire Shire of Northam. Allowing them to be called to incidents across the Shire as a Primary or Secondary Brigade to assist other brigades with more firefighters on the ground.**

Committee Discussion

The CESM provided an overview and summary of the report and recommendations presented.

Greg Montgomery from the Northam Volunteer Fire and Rescue Service advised that they often feel underutilised and therefore do not support the creation of a Northam Central Bushfire Brigade. There was discussion around how the Brigade could work with the Northam Volunteer Fire and Rescue Service (e.g. dual membership).

Clarification was sought in relation to whether there was sufficient interest/demand for the creation of a Northam Central Bushfire Brigade. The CESM advised that the recommendation proposes to advertise seeking interest from the communities.

Discussion was held around the process for creating the Brigade's. The CESM advised that the process to first 'create' the Brigades is required by DFES (i.e. Formal process). The CEO confirmed that although this is the formal process it should be noted that there is nothing stopping interest first being sought to gauge whether there is enough interest/volunteers to support the Brigade before initiating the creation.

Clarification was sought in relation to the level of discussion held with both Wundowie and Northam Volunteer Fire and Rescue Service. The CESM advised that discussion has been limited with both groups however they are aware that this creation of the Brigade's is in the process of being completed.

The Committee agreed to consider the creation of each Brigade individually.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

RECOMMENDATION / COMMITTEE DECISION

Minute No: BFAC.161

Moved: Mr Steve Gray

Seconded: Cr Ulo Rumjantsev

That Council:

1. Create the Wundowie Bushfire Brigade under Section 41 Bushfire Act 1954;
2. Create and discuss a draft memorandum of understanding with Wundowie FRS and DFES to utilise their facilities and members in Wundowie;
3. Advertise the proposed intention to create a joint Wundowie BFB/VFRS Brigade to attract new membership of volunteer;
4. Submit a business case to DFES to fund the Wundowie joint brigade out of the ESL and supply vehicles suitable for the area (Possibly a 3.4U and LT) make the necessary adjustments to the current building; and
5. Create a specific fire district for Wundowie BFB to include the land east of Linley Valley Road, west of Coates and Sims road, and everything north of Great Eastern Highway. (See Map above).

CARRIED 10/0

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

RECOMMENDATION / MOTION

Minute No: BFAC.162

Moved: Mr Murray Bow

Seconded: Mr Steve Gray

That Council:

1. **Creates the Northam Central Bushfire Brigade under Section 41 Bushfire Act 1954;**
2. **Advertise the Brigade as an expression of interest in the Northam locality to see what interest there is to join. Begin training volunteers utilising Shire facilities and surrounding brigade's appliances;**
3. **Put forward a business case to DFES to fund the Northam Central brigade out of the ESL and supply facilities and vehicles suitable for the area; and**
4. **Create a new fire district for Northam Central Brigade which is not bounded to its own area but covers the entire Shire of Northam. Allowing them to be called to incidents across the Shire as a Primary or Secondary Brigade to assist other brigades with more firefighters on the ground.**

LOST 5/5

BY THE CHAIRPERSONS CASTING VOTE

Further discussion was held around creating this brigade and whether this should be pursued. The following motion was put forward to first establish whether there is sufficient interest before initiating the process for developing the Northam Central Bushfire Brigade.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

MOTION / COMMITTEE DECISION

Minute No: BFAC.163

**Moved: Mr Blair Wilding
Seconded: Mr Sam Moss**

That Council advertise the proposed Northam Central Bushfire Brigade seeking expression of interest in the Northam locality and present the findings to a Bushfire Advisory Committee Meeting.

CARRIED 10/0

Reason for change to Officer Recommendation

The Committee formed the view that it would be more prudent to see if there was any interest from the public in joining a Central Bushfire Brigade prior to commencing the process of establishing one.

Attachment 1

FESABILITY STUDY – CREATION OF BUSHFIRE BRIGADES

Background

At the Bushfire Advisory Committee meeting held on 31st May 2016 it was recommended that Council endorse the creation of the Northam Central and Wundowie Bush Fire Brigade's. Council considered this at the Ordinary Council meeting held on 15th June 2016 where it resolved that the Chief Executive Officer is to prepare a detailed feasibility report on the proposed creation of both the Brigade's and the report is to be submitted to the BFAC prior to further considerations by Council.

It is inevitable given the current and future development occurring within the western sector of the Shire that a review of the brigades with in the Shire will be required. Also the concept of potentially creating additional brigades that may increase volunteer numbers is worthy of further investigations.

Local Brigades are coming under increasing pressure due to the lack of volunteers who are able to crew fire trucks particularly the heavier units that require drivers who have heavy vehicles licences. The factors around the diminishing volunteer base are well known and include a changing demographic, fly in-out / ageing population and generally a reluctance for people to volunteer.

Purpose

The two new brigades are put forward for two completely different reasons. Wundowie BFB is based on the high bushfire risk and growing population in the area. Northam Central BFB is to gain more resources in the form of volunteers and a brigade located in the centre of the shire to support the outlying brigades.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

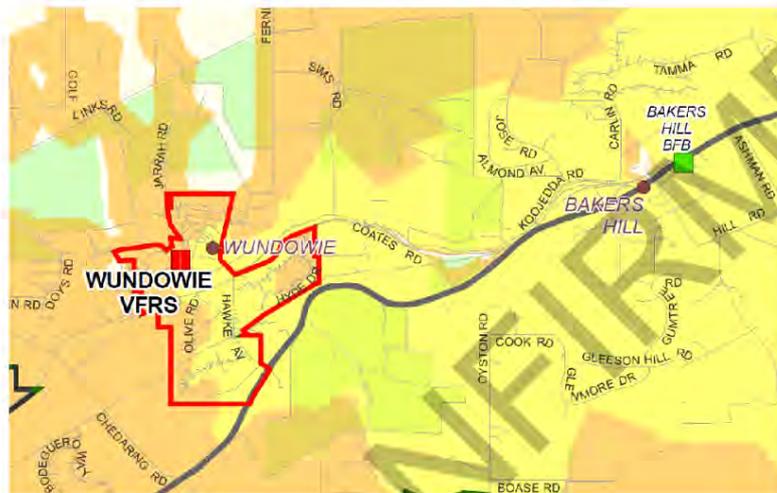

Wundowie Bushfire Brigade

Wundowie area Issues & Risks

The Wundowie area has the highest bushfire risk with in the Shire of Northam. The Wundowie gazetted town site is covered by the Wundowie Fire and Rescue Service shown in red in the map below

There are many large housing estates such as Maurivillo, Bodeguero and El Cabello Estate that are all outside the gazetted town site. These estates are covered by the Bakers Hill Bushfire Brigades District.

Bakers Hill Bushfire Brigade has limited resources and members with a 600lt light tanker and a 2000lt truck which are stationed in Tame Road Bakers Hill.

Desktop analysis of expected response times contained in the following table:

	Road Distance	Travel Time @ 70km/h Av.	Total Elapsed Time (+20 min Turnout)
El Cabello	15 km	13 min	33 min
Maurivillo	18 km	16 min	36 min
Hawke Ave	10 km	9 min	29 min
Sims Road	15 km	13 min	33 min

The above table indicates average arrival times. The map above also shows in orange arrival times over 30 minutes. A request for backup assistance upon arrival and initial incident size-up would result in a 40 minute lead period (+/- 10%) before backup arrives.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

The Wundowie area will continue to develop with many more blocks being subdivided.

In the last 10 years around 200 lots have been created

- Hyde Dr – 60
- Brown road – 20
- Maringer and Acacia – 53
- Bodegeuro way – 50

In the last 5 years a further 150 lots have also been created

- Maurivillo - 124
- Sims Road – 20
- Weribee Road sub division – 7

In the next year we are expecting see a further 30 lots in Mauravillo plus others in the area

El Cabello lifestyle village has a further 40 houses with most residence are over the age of 50 years old.

Many of these estates also have large reserves of bushland directly behind blocks creating further issues and stretching resources.

Brigade Structure Options

There are several options with respect to the structure of any new brigade in the area

Option 1 – Stand-alone BFB

Option 1A - a new BFB is created completely separate to the VFRS. This would be in name only as the brigade would be used as support to existing BFB in the Shire (i.e there will not be a new BFB area)

Option 1B – a new BFB is created completely separate to the VFRS and other Brigades and operate in a designated Brigade area. This would require the redefinition of the existing brigade areas.

Option 2 – Combination Brigade

Option 2A – the brigade becomes a Volunteer Emergency Service Unit (VES)
Option 2B – the brigade becomes a joint Bush Fire and Fire and Rescue Brigade, both brigades operate from the same facility under an MOU.

Wundowie FRS have indicated that they are not willing to become a VES as they would lose their heritage as a Fire and Rescue Service.

It is apparent from discussion with DFES officers that should this option be pursued then the requirement is for the brigade to be created prior to a business case being submitted.

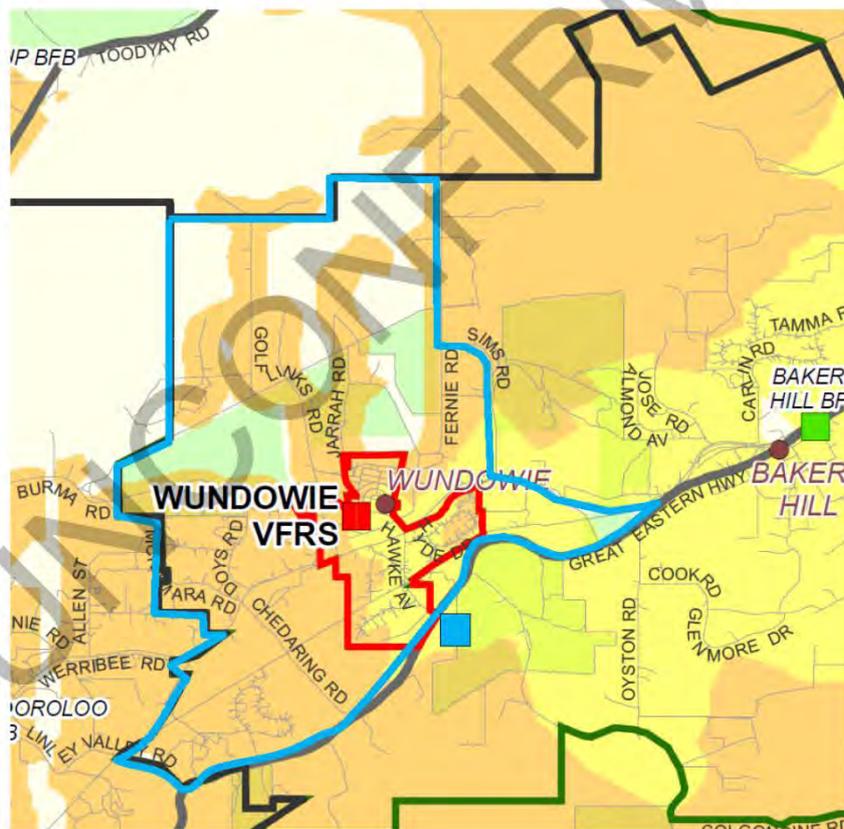

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Recommended Option – 2B – Proposed Wundowie FRS Memorandum of Understanding

The proposed MOU will cover all aspects of how the joint brigade will operate. In its basic form the current members of the FRS would become dual registered as BFB members. The Captain, Lieutenants, and other officers would be elected into both positions in the VRS and BFB. There has been good interest from the Wundowie community that if a BFB forms in the area they would join. A member could choose to be in only one brigade or be a dual member. DFES would provide and maintain the building. The Shire (funded out of the ESL) would supply and maintain the bushfire appliances and provide bushfire PPE that would not otherwise be supplied by DFES as the FRS.

Proposed Joint Brigade Boundaries

Given the location of the subdivisions in relation to the town site of Wundowie the following is suggested as being a suitable brigade area.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Recommended Actions

1. That Council creates the Wundowie Bushfire Brigade under Section 41 Bushfire Act 1954.
2. Create and discuss a draft memorandum of understanding with Wundowie FRS and DFES to utilise their facilities and members in Wundowie.
3. Advertise the proposed intention to create a joint BFB/VFRS Brigade to attract new membership of volunteers
4. Put forward a business case to DFES to fund the brigade out of the ESL and supply vehicles suitable for the area (Possibly a 3.4U and LT) make the necessary adjustments to the current building.
5. Create a specific fire district for Wundowie BFB to include the land east of Linley Valley Road, west of Coates and Sims road, and everything north of Great Eastern Highway. (See Map above)

Advantages of Recommended Strategy

The recommended solution/strategy cites the following advantages and benefits to the brigade and wider community:

- Faster response times to the Wundowie area
- Increased water capacity increases initial suppression duration minimising risk and duration of down time in suppression operations while awaiting for backup.
- Increased productivity in both suppression and mop-up phases.
- Extra man power with the addition of Wundowie volunteers.
- Minimal impact on ongoing operating cost/budget.
- As the Shire's western most brigade, Wundowie brigade will be well positioned to assist the high risk Shires of Northam, Toodyay and Mundaring – thus the additional investment to improve capability would have a wider regional benefits beyond the Shire of Northam.

Funding

No funding will be required by the Shire of Northam other than the initial gazettal and advertising of the brigade. All funding and appliances will be on application to DFES to approve funding for the brigade out of the (ESL) Emergency Service Levi.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Northam Central Bushfire Brigade

Northam Issues & Risks

The creation of Northam Central Brigade is primarily based on resourcing. The town site of Northam is a centrally located and can provide the outlying shire brigades with a fast responding support brigade as well as servicing its own area. A second benefit of having the brigade within the town site is a large population should attract larger volunteer base.

This Brigade is proposed to be setup similar to the existing Toodyay Central & Mundaring Co-Location brigade. A support resource with the possibility of requesting a 12.2 unit from DFES and housing the regional (ICV) Incident Control Vehicle (shown below).

The future of the Bush fire service was discussed with the previous Irishtown Captain David Russell as part of the subcommittee first put together to look at this brigade. One of the big reasons was that in the next 5 to 10 years the Irishtown Brigade may not have the member base to provide its current service. To future proof this area appliances could be rotated or relocated to the Northam Central Brigade once the member base could support the appliances.

As yet there is no facilities that could be utilised for the brigade. A funding application could be approved by DFES for the new brigade facility (similar to the one shown below) but in the interim the brigade could be run from any of the Shire's sporting facilities or Shire Depot with approval and could utilise surrounding bushfire vehicles for training such as Grass Valley and Irishtown.

Quinns Rock BFB with a 12.2, ICV and 3.4U and LT (out the rear)

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Brigade Structure Options

There are several options with respect to the structure of any new brigade in the area

Option 1 – Stand-alone BFB

Option 1A - a new BFB is created completely separate to the VFERS. This would be in name only as the brigade would be used as support to existing BFB in the Shire (i.e there will not be a new BFB area)

Option 1B – a new BFB is created completely separate to the VFERS and other Brigades and operate in a designated Brigade area. This would require the redefinition of the existing brigade areas.

Option 2 – Combination Brigade

Option 2A – the brigade becomes a Volunteer Emergency Service Unit (VES)

Option 2B – the brigade becomes a joint Bush Fire and Fire and Rescue Brigade, both brigades operate from the same facility under an MOU.

At this stage Northam FRS are not interested in becoming a joint brigade but members will be asked if they would join Northam Central as a dual member and possibly if the model shows promise in Wundowie it may be an option to reconsider. Some members of Northam FRS have indicated they would join the BFB as long as it did not clash with their responsibilities at the Northam FRS.

Given the feedback from the Northam FRS it is recommended that Option 1A. It is apparent from discussion with DFES officers that should this option be pursued then the requirement is for the brigade to be created prior to a business case being submitted. This brigade is proposed to be a longer term strategy due to the logistics and funding arrangements required from DFES. Options to be investigated include - Using other bridges and appliances to supply training to new members, Establishing and training a leadership structure, Identifying an area to operate from (could possibly be based at a council facility) and securing funding.

Recommended Solution/Objectives

1. That Council creates the Northam Central Bushfire Brigade under Section 41 Bushfire Act 1954.
2. Advertise the Brigade as an expression of interest in the Northam town site to see what interest there is to join. Begin training volunteers utilising Shire facilities and surrounding brigade's appliances.
3. Put forward a business case to DFES to fund the brigade out of the ESL and supply facilities and vehicles suitable for the area.
4. Create a new fire district for Northam Central Brigade which is not bounded to its own area but covers the entire Shire of Northam. Allowing them to be called to incidents across the Shire as a Primary or Secondary Brigade to assist other brigades with more firefighters on the ground.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Advantages of Recommended Strategy

The recommended solution/strategy cites the following advantages and benefits to the brigade and wider community:

- Faster response times to the Northam area and rapid support to other brigades
- Increased water capacity and appliances increases initial suppression duration minimising risk.
- Extra man power with the addition of Northam volunteers.
- Minimal impact on ongoing operating cost/budget.
- The central location allows the Brigade to be well positioned to assist in the Shire of Northam, and surrounding regional shires of Toodyay, Goomalling, York, Beverly and Cunderdin.

Funding

No funding will be required by the Shire of Northam other than the initial gazettal and advertising of the brigade. All funding and appliances will be on application to DFES to approve funding for the brigade out of the (ESL) Emergency Service Levy.

Avon Regional Support Unit

Avon Regional Support Unit

The Department of Fire and Emergency Service is developing a volunteer emergency service unit called the Avon Regional Support Unit. This unit will be based in Northam created to manage the (ICV) Incident Control Vehicle for the Avon Region. Bushfire Brigade members from across the region will be invited to join the brigade. To manage communications, reporting and computer support for larger Incidents. If there are any brigade or SES members interested please advise your local CESM.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Summary

This report was produced by Daniel Hendriksen Northam CESM in consultation with Sven Andersen (DFES DO Northam), Wundowie FRS, Shire Staff and the two sub committees first created to investigate the risk and response to fire across the shire. These members are listed below.

David Russell
Ulo Rumjantsev
Robert Herzer
Greg Montgomery

I would like to personally thank the above people for their time, efforts and input into the creation of this report.

Yours sincerely
Daniel Hendriksen
Community Emergency Service Manager

5.6 FIREBREAK NOTICE 2017/18

Address:	N/A
Owner:	N/A
File Reference:	5.1.3.1
Reporting Officer:	Daniel Hendriksen Community Emergency Services Manager
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Simple Majority

BRIEF

The Purpose of the Fire Break Notice is to provide the community with a set of guidelines that we as a Council believe is required to reduce the risk of a Bush Fire on life and property. The Committee and ultimately Council is being requested to endorse the Firebreak Notice for the 2017/18 period.

ATTACHMENTS

- Attachment 1: Firebreak Notice 2017/18.
- Attachment 2: Revised Firebreak Notice as recommended by Committee.

BACKGROUND / DETAILS

These changes will bring The Shire of Northam Fire Break Notice into line with current practices and guidelines.

As with previous years, BFAC have been provided the opportunity to comment of the Shire of Northam Fire Break Order. A copy of the proposed Firebreak Order is attached to this agenda/minutes.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

- Objective C2: Provide services and processes to enhance public safety.
- Strategy C2.1: Provide community services to uphold public safety standards.
- Strategy C2.2: Support provision of emergency services.
- Strategy C2.3: Provide, monitor and improve adequate Bush Fire Protection provisions.

Financial / Resource Implications

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Council is required to advertise the Firebreak Notice which forms part of the operating costs of the Shire of Northam Annual Budget.

Legislative Compliance

Council are Responsible for the development and enforcement of Firebreak requirements in accordance with Section 33 of the Bush Fires Act 1954 -

33. Local government may require occupier of land to plough or clear fire break
- (1) Subject to subsection (2) a local government at any time, and from time to time, may, and if so required by the Minister shall, as a measure for preventing the outbreak of a bush fire, or for preventing the spread or extension of a bush fire which may occur, give notice in writing to an owner or occupier of land situate within the district of the local government or shall give notice to all owners or occupiers of land in its district by publishing a notice in the Government Gazette and in a newspaper circulating in the area requiring him or them as the case may be within a time specified in the notice to do or to commence to do at a time so specified all or any of the following things -
- (a) to plough, cultivate, scarify, burn or otherwise clear upon the land fire breaks in such manner, at such places, of such dimensions, and to such number, and whether in parallel or otherwise, as the local government may and is hereby empowered to determine and as are specified in the notice, and thereafter to maintain the fire breaks clear of inflammable matter;
 - (b) to act as and when specified in the notice with respect to anything which is upon the land, and which in the opinion of the local government or its duly authorised officer, is or is likely to be conducive to the outbreak of a bush fire or the spread or extension of a bush fire, and the notice may require the owner or occupier to do so
 - (c) as a separate operation, or in coordination with any other person, carrying out a similar operation on adjoining or neighbouring land; and
 - (d) in any event, to the satisfaction of either the local government or its duly authorised officer, according to which of them is specified in the notice

Policy Implications

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Risk Implications

Should a Firebreak Notice not be endorsed by the Council it may be in breach of legislation and at risk of not having effective measures in place to manage and reduce the fire risk in the district.

OFFICER'S COMMENT

As with previous years the BFAC is provided with an opportunity to provide feedback. The Firebreak Notice is first and foremost a Council document written to reduce fire risk in the area and to support the Council Officers that enforce it.

The significant changes are primarily in relation to

- amending the deadline date for the installation of fire prevention measures to the 1st of October (currently 1st November) to align with the proposed modifications to the restricted burning period and to be more aligned with adjoining Shires
- Removal of the section for properties greater than 100,000m² (10 hectares) which is now incorporated into the section of all properties over 1 hectare.
- Setting the standard firebreak width of 3 metres and 4 metre height (including all farming properties)
- Modifying the definition of a firebreak to include that in pastoral areas it is considered acceptable if a vehicle can travel through crop area within 10m of the firebreak to traverse around low branches or limbs.
- Giving landowners of land greater than 1 hectare the options of either installing a firebreak, slashing the entire property or a combination of both
- other minor changes including streamlining the notice to make it more readable for the general public.

In support of the proposed changes to the firebreak width to 3 metres, officers advise that approximately 80% of the properties in the eastern section of the Shire that received a fire permit already had 3m wide breaks already installed.

RECOMMENDATION / MOTION

Minute No:

Moved: Cr Ulo Rumjantsev

Seconded: Mr Murray McGregor

That Council endorse the 2017/18 Fire Break Notice as provided in Attachment 1 of this report.

LOST 3/7

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

MOTION / COMMITTEE DECISION

Minute No:

Moved: Mr Blair Wilding

Seconded: Mr Sam Moss

That Council endorse the 2017/18 Fire Break Notice as previously adopted for the 2016/17 subject to the inclusion of:

- Giving landowners of land greater than 1 hectare the options of either installing a firebreak, slashing the entire property or a combination of both; and
- Minor streamlining changes to make the notice more readable for the general public.

CARRIED 8/2

Reason for Change

The Committee believe that the previous firebreak order was more appropriate and practical.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

BUSH FIRES ACT 1954

Firebreak and Fuel Load Notice

Shire of Northam

Pursuant to the powers contained in Section 33 of the *Bush Fires Act 1954* (as amended), notice is hereby given to all owners and occupiers of land within the Shire of Northam adopted the following requirements as a measure to assist in the control of bush fires, or preventing the spread or extension of a bush fire which may occur within the Shire.

All owners and/or occupiers of land within the Shire of Northam are required to carry out fire prevention work in accordance with this notice by 1 October each calendar year and maintained until 30 April the following calendar year, or within 14 days of becoming an owner or occupier of land if after that date, to comply with the requirements set out in this notice.

FAILURE TO COMPLY WITH THE REQUIREMENTS OF THIS ORDER MAY RESULT WITH THE ISSUE OF AN INFRINGEMENT NOTICE PENALTY \$250.00 OR PROSECUTION IN A COURT OF LAW WITH A MAXIMUM PENALTY OF \$5,000 AND BE LIABLE WHETHER PROSECUTED OR NOT TO PAY THE COSTS OF PERFORMING THE WORK DIRECTED BY THE NOTICE.

1. Building Protection Zone

The Building Protection Zone is an area of very low fuel levels and managed vegetation 20 metres out from habitable buildings (As defined in the Residential Design Codes of WA and in AS 3959) and must meet the following requirements.

Habitable building means a dwelling, workplace, place of gathering or assembly, a building used for the storage or display of goods or produce for sale by wholesale in accordance with classes 1-9 of the Building Code of Australia. The term habitable building includes attached and adjacent structures like garages, carports, verandahs or similar roofed structures that are attached to, or within 6 metres of, the dwelling or primary building.

- Building Protection Zones for habitable buildings must extend a minimum of 20 metres out from any external walls of the building, attached structures, or adjacent structures within 6 metres of the habitable building.
- On sloping ground the Building Protection Zone distance shall increase at least 1 metre for every degree in slope on the sides of the habitable building that are exposed to down slope natural vegetation.
- Building Protection Zones must consist of non-flammable managed vegetation, reticulated lawns and gardens and other non-flammable features.
- All grass in Building Protection Zones must be maintained to or under 5cm in height.
- Fuel loads within Building Protection Zones must be maintained at 2 tonnes per hectare or lower.
- The crowns of trees must be separated to create a clear separation distance between adjoining or nearby tree crowns. The separation distance between tree crowns is not required to exceed 10 metres.
- A small group of trees within close proximity to one another may be treated as one crown provided the combined crowns do not exceed the area of a large or mature crown size for that species.
- Trees are to be low pruned (or under pruned) to at least a height of 2 metres from ground.
- No tree, or shrub over 2 metres high are to be within 2 metres of a habitable building.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

- Trees and shrubs over 2 metres high must not be planted in groups close to the habitable building and there must be a gap of at least 3 times the height (at maturity) of the shrub away from the habitable building.
- There must be no tree crowns or branches hanging over habitable buildings.
- Firewood and flammable materials must be stored 20m from habitable buildings
- Driveways and access ways are to be a minimum of (3) metres wide with a vertical clearance of (4)metres to allow for the safe passage of a fire appliance to all buildings and assets on the land
- Roof gutters should be free of leaves and other combustible material.
- Roof mounted evaporative air coolers should be fitted with ember proof screens to the filter medium to reduce the possibility of bushfire embers igniting the air cooler

YOUR PROPERTY

2. Land with area less than 10,000m² (1 hectare)

- Maintain all grass on the land to a height no greater than 10cm all windrows or dead flammable material must be removed.
- Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land
- Land with a habitable building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.

3. Land with an area greater than 10,000m² (1 hectare)

Options (selected one out of the three options)

1. Install bare earth firebreaks three (3) metres wide immediately inside within (10) metres of all boundaries in a continuous form. All overhanging branches, trees, limbs etc. to be trimmed back from over the firebreak area to a minimum height of four (4) metres to allow for the safe passage of a fire appliance or;
 2. Maintain all grass on the land to a height no greater than 10cm all windrows and or dead flammable material must be removed. An access area within (10) metres of the boundary with a minimum width of (3) metres with a vertical clearance of (4) metres were all overhanging branches are trimmed back to allow for the safe passage of a fire appliance or;
 3. A combination of the above two options for properties with natural bush sections and pastured land sections
- Land with a building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.
 - On land for the use of tendering livestock a level of feed can be maintained to last the season. All grass a distance of 5m from any firebreak must be maintained to a height no greater than 10cm.
 - Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land.

Firebreak

Means a strip or area of trafficable ground, which is at least three (3) metres wide with a minimum height of four (4) metres, which is kept and maintained totally clear of all inflammable matter. Any living or dead trees, scrub or any other material encroaching within the minimum height of the firebreak must be pruned or removed. In Pastoral areas it is considered acceptable if a vehicle can travel through crop area with in 10m of the firebreak to traverse around low branches or limbs.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

4. Fuel Depot and Storage Areas, Haystacks, Chaff Dumps, Stockpiled Flammable Materials and Stationary Machinery.

- Remove all flammable matter within (10) metres of Fuel Depot and Storage Areas of where fuel drums whether containing fuel or not, fuel ramps or fuel dumps are located, Haystacks, Chaff Dumps, Stockpiled Flammable Materials, Stationary Machinery are stored.
- Install bare earth firebreaks three (3) metres wide immediately inside and along all boundaries of land in a continuous form with a vertical clearance of (4) metres where overhanging branches are trimmed back immediately adjacent to Fuel Depot and Storage Areas, Haystacks, Chaff Dumps, Stockpiled Flammable Materials and Stationary Machinery.

**5. Bushfire or Emergency Management Plans
(Compliance is required throughout the year, every year)**

Means a bushfire management plan, emergency management plan or an approved Bushfire attack level (BAL) assessment that has been developed and approved to reduce and mitigate fire hazards as part of a Town Planning Scheme, subdivision approval, development approval or a building permit

- All properties with a Bush Fire, Fire or Emergency Management Plan shall comply with the plan in its entirety.
- Any requirements identified in a Bush Fire, Fire or Emergency Management Plan are in addition to the requirements of this notice.

6. Application to vary the Firebreak Requirements with Alternative Arrangements

If it is considered impracticable for any reason whatsoever to implement any of the requirements of this Notice, you may apply in writing to the Shire of Northam by no later than the 7th September each year for permission to implement alternative measures. If permission is not granted in writing you must comply with the requirements of this notice.

7. The Burning of Garden Refuse

Pursuant to the powers contained in section 24G (2) of the *Bush Fires Act 1954*, the Shire of Northam prohibits the burning of all garden refuse within its district during the Prohibited Burning Times. This prohibition applies to all persons within the Shire's district.

- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited absolutely on all land within the district during the Prohibited Burning Time.
- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited on all land under 2000m² (square metres) in size during the Restricted Burning Time, without a Fire Permit issued under Regulation 15 of the *Bush Fires Act 1954*.
- During the Restricted Burning Time, residents of the Shire may burn the bush for fire mitigation purposes by following the conditions of a valid permit to burn.
- During the Restricted Burning Time, residents on land that is greater than 2,000m² in area it is permissible to undertake the burning of garden refuse (dry leaves, small branches, off cuts, etc.) in

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

separate piles on the ground no larger than 1.0 m³ between the hours of 18:00 (6pm) and 23:00 (11pm) by complying with all the conditions of section 24F (3) in the *Bush Fires Act 1954*.

8. Restricted and Prohibited Burning times

- The "Prohibited Burning Time" means the 1 November each calendar year through until 21 February the following calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).
- The "Restricted Burning Time" means the 19 September through until 31 October and the 22 February through until 5 April each calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).

9. Permits to burn

Means a "Permit to Burn the Bush" as issued by an Authorised Officer under section 18 of the *Bush Fires Act 1954*.

- Applications for Permits are available from the Shire of Northam at no cost.
- You must comply with all conditions imposed by the Shire or an Authorised Officer in respect of any Permit issued by the Shire.
- Permits will not be valid on days of "very high", "severe", "extreme" or "catastrophic" fire danger.
- Permits may also be revoked if in the opinion of an authorised officer the conditions are not deemed suitable for prescribed burns.

10. Harvest, Movement of Vehicles and Hot Works Bans

All persons within the Shire are required to comply with these bans under the provisions of the Bush Fires Act.

- A Harvest Ban requires the cessation of all harvesting operations within the Shire of Northam.
- A Vehicle Movement ban does not permit the movement of vehicles on properties within the Shire of Northam except for the essential watering of stock in a diesel powered vehicle.
- A Hot Works ban is defined as a ban on the outdoor use of all welding, grinding and abrasive tools on properties within the Shire of Northam. Exemptions in accordance with Council Policy may be available. Further information is available by contacting Shire of Northam (08) 9622 6100.

A Harvest Vehicle Movement and Hot works Ban will be advertised on the Shire of Northam Website or Emergency Information Line on (08) 9621 1120. Where possible on ABC Radio 531AM, Radio West 864 AM and. Ban updates can be obtained or via a free SMS service which is available upon request from the Shire of Northam (08) 9622 6100

11. Additional Works

In addition to the requirements noted above, regardless of land size and location, the Shire of Northam or its duly authorised officer may require you to undertake additional works on your property to improve access and or undertake further hazard removal and/or reduction works, where in the opinion of that authorised officer, it is to be necessary to prevent the outbreak and/or the spread of a bush fire.

Take notice that pursuant to Section 33(4) of the *Bush Fires Act 1954*, where the owner and/or occupier of land fails or neglects to comply with the requisitions of this Notice within the times specified, the Shire of Northam may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of this Notice

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

which have not been complied with and pursuant to Section 33(5) of the *Bush Fires Act 1954*, the amount of any costs and expenses incurred may be recovered from you as the owner and or occupier of the land.

If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Act 1954*.

The Penalty for failing to comply with this Notice is a fine not exceeding \$5000 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this Notice if it is not carried out by the owner and/or occupier by the date required by this Notice.

GENERAL ADVICE

This notice gives the minimum requirements for fire control within the Shire of Northam and all residents and ratepayers are encouraged to be "Bushfire Ready" by undertake additional fire protection measures, creating a household "Bushfire Survival Plan" to ensure the safety of property and life. Further additional information to that contained in this notice can be obtained from the Are You Bushfire Ready website www.areyouready.wa.gov.au or from the Shire of Northam website www.northam.wa.gov.au

All previous versions of this notice are hereby cancelled.

By order of the Council,

JASON WHITEAKER, Chief Executive Officer

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

YOUR PROPERTY

2. Land with area less than 10,000m²(1 hectare)

- Maintain all grass on the land to a height no greater than 10cm all windrows or dead flammable material must be removed.
- Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land
- Land with a habitable building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.

3. Land with an area g 10,000m² (1 hectare) to 100,000m² (1 hectares)

Options (selected one out of the three options)

4. Install bare earth firebreaks three (3) metres wide immediately inside within (10) metres of all boundaries in a continuous form. All overhanging branches, trees, limbs etc. to be trimmed back from over the firebreak area to a minimum height of four (4) metres to allow for the safe passage of a fire appliance or;
 5. Maintain all grass on the land to a height no greater than 10cm all windrows and or dead flammable material must be removed. An access area within (10) metres of the boundary with a minimum width of (3) metres with a vertical clearance of (4) metres were all overhanging branches are trimmed back to allow for the safe passage of a fire appliance or;
 6. A combination of the above two options for properties with natural bush sections and pastured land sections
- Land with a building on it must maintain a Building Protection Zone in line with the requirements of Section 1 of this notice.
 - On land for the use of tendering livestock a level of feed can be maintained to last the season. All grass a distance of 5m from any firebreak must be maintained to a height no greater than 10cm.
 - Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land.

7. Land with an area greater than 100,000m² (10 hectares)

Options (selected one out of the three options)

1. Install bare earth firebreaks two (2) metres wide immediately inside within (10) metres of all boundaries in a continuous form. All overhanging branches, trees, limbs etc. to be trimmed back from over the firebreak area to a minimum height of four (4) metres to allow for the safe passage of a fire appliance or;
 2. Maintain all grass on the land to a height no greater than 10cm all windrows and or dead flammable material must be removed. An access area within (10) metres of the boundary with a minimum width of (3) metres with a vertical clearance of (4) metres were all overhanging branches are trimmed back to allow for the safe passage of a fire appliance or;
 3. A combination of the above two options for properties with natural bush sections and pastured land sections
- On land for the use of tendering livestock a level of feed can be maintained to last the season. All grass a distance of 5m from any firebreak must be maintained to a height no greater than 10cm.
 - Maintain fuel loadings in natural bush areas at less than 8 tonnes per hectare across the land.

Firebreak

Means a strip or area of trafficable ground which is kept and maintained totally clear of all inflammable matter. Any living or dead trees, scrub or any other material encroaching within the minimum height of the firebreak must be pruned or removed. In Pastoral areas it is considered acceptable if a vehicle can travel through crop area within 10m of the firebreak to traverse around low branches or limbs.

5. Fuel Depot and Storage Areas, Haystacks, Chaff Dumps, Stockpiled Flammable Materials and Stationary Machinery.

- Remove all flammable matter within (10) metres of Fuel Depot and Storage Areas of where fuel drums whether containing fuel or not, fuel ramps or fuel dumps are located, Haystacks, Chaff Dumps, Stockpiled Flammable Materials, Stationary Machinery are stored.

Bush Fire Advisory Committee Meeting Minutes 20 June 2017

- Install bare earth firebreaks three (3) metres wide immediately inside and along all boundaries of land in a continuous form with a vertical clearance of (4) metres where overhanging branches are trimmed back immediately adjacent to Fuel Depot and Storage Areas, Haystacks, Chaff Dumps, Stockpiled Flammable Materials and Stationary Machinery.

6. Bushfire or Emergency Management Plans (Compliance is required throughout the year, every year)

Means a bushfire management plan, emergency management plan or an approved Bushfire attack level (BAL) assessment that has been developed and approved to reduce and mitigate fire hazards as part of a Town Planning Scheme, subdivision approval, development approval or a building permit

- All properties with a Bush Fire, Fire or Emergency Management Plan shall comply with the plan in its entirety.
- Any requirements identified in a Bush Fire, Fire or Emergency Management Plan are in addition to the requirements of this notice.

7. Application to vary the Firebreak Requirements with Alternative Arrangements

If it is considered impracticable for any reason whatsoever to implement any of the requirements of this Notice, you may apply in writing to the Shire of Northam by no later than the 7th September each year for permission to implement alternative measures. If permission is not granted in writing you must comply with the requirements of this notice.

8. The Burning of Garden Refuse

Pursuant to the powers contained in section 24G (2) of the *Bush Fires Act 1954*, the Shire of Northam prohibits the burning of all garden refuse within its district during the Prohibited Burning Times. This prohibition applies to all persons within the Shire's district.

- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited absolutely on all land within the district during the Prohibited Burning Time.
- The burning of garden refuse or rubbish on the ground or in an incinerator that would otherwise be permitted under Section 24F is prohibited on all land under 2000m² (square metres) in size during the Restricted Burning Time, without a Fire Permit issued under Regulation 15 of the *Bush Fires Act 1954*.
- During the Restricted Burning Time, residents of the Shire may burn the bush for fire mitigation purposes by following the conditions of a valid permit to burn.
- During the Restricted Burning Time, residents on land that is greater than 2,000m² in area it is permissible to undertake the burning of garden refuse (dry leaves, small branches, off cuts, etc.) in separate piles on the ground no larger than 1.0 m³ between the hours of 18:00 (6pm) and 23:00 (11pm) by complying with all the conditions of section 24F (3) in the *Bush Fires Act 1954*.

9. Restricted and Prohibited Burning times

- The "Prohibited Burning Time" means the 1 December each calendar year through until 28th February the following calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).
- The "Restricted Burning Time" means the 1 October through until 30 November and the 1 March through until 30 April each calendar year (inclusive, and as varied pursuant to Sections 17 and 18 of the *Bush Fires Act 1954*).

10. Permits to burn

Means a "Permit to Burn the Bush" as issued by an Authorised Officer under section 18 of the *Bush Fires Act 1954*

- Applications for Permits are available from the Shire of Northam at no cost.
- You must comply with all conditions imposed by the Shire or an Authorised Officer in respect of any Permit issued by the Shire.
- Permits will not be valid on days of "very high", "severe", "extreme" or "catastrophic" fire danger.
- Permits may also be revoked if in the opinion of an authorised officer the conditions are not deemed suitable for prescribed burns.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

11. Harvest, Movement of Vehicles and Hot Works Bans

All persons within the Shire are required to comply with these bans under the provisions of the Bush Fires Act.

- A Harvest Ban requires the cessation of all harvesting operations within the Shire of Northam.
- A Vehicle Movement ban does not permit the movement of vehicles on properties within the Shire of Northam except for the essential watering of stock in a diesel powered vehicle.
- A Hot Works ban is defined as a ban on the outdoor use of all welding, grinding and abrasive tools on properties within the Shire of Northam. Exemptions in accordance with Council Policy may be available. Further information is available by contacting Shire of Northam (08) 9622 6100.

A Harvest Vehicle Movement and Hot works Ban will be advertised on the Shire of Northam Website or Emergency Information Line on (08) 9621 1120. Where possible on ABC Radio 531AM, Radio West 864 AM and. Ban updates can be obtained or via a free SMS service which is available upon request from the Shire of Northam (08) 9622 6100

12. Additional Works

In addition to the requirements noted above, regardless of land size and location, the Shire of Northam or its duly authorised officer may require you to undertake additional works on your property to improve access and or undertake further hazard removal and/or reduction works, where in the opinion of that authorised officer, it is to be necessary to prevent the outbreak and/or the spread of a bush fire.

Take notice that pursuant to Section 33(4) of the *Bush Fires Act 1954*, where the owner and/or occupier of land fails or neglects to comply with the requisitions of this Notice within the times specified, the Shire of Northam may by its officers and with such servants, workmen and contractors, vehicles and machinery as the officers deem fit, enter upon the land and carry out the requisitions of this Notice which have not been complied with and pursuant to Section 33(5) of the *Bush Fires Act 1954*, the amount of any costs and expenses incurred may be recovered from you as the owner and or occupier of the land.

If the requirements of this Notice are carried out by burning, such burning must be in accordance with the relevant provisions of the *Bush Fires Act 1954*.

The Penalty for failing to comply with this Notice is a fine not exceeding \$5000 and a person in default is also liable whether prosecuted or not to pay the costs of performing the work directed by this Notice if it is not carried out by the owner and/or occupier by the date required by this Notice.

GENERAL ADVICE

This notice gives the minimum requirements for fire control within the Shire of Northam and all residents and ratepayers are encouraged to be "Bushfire Ready" by undertake additional fire protection measures, creating a household "Bushfire Survival Plan" to ensure the safety of property and life. Further additional information to that contained in this notice can be obtained from the Are You Bushfire Ready website www.areyouready.wa.gov.au or from the Shire of Northam website www.northam.wa.gov.au

All previous versions of this notice are hereby cancelled.

By order of the Council,

JASON WHITEAKER, Chief Executive Officer

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

6. MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

6.1 Grass Valley - Fire Control Officer Training Requirements

BACKGROUND

The following motion was previously put forward by the Grass Valley Bushfire Brigade at the BFAC meeting held on 28th March 2017, refer to Attachment 1.

GRASS VALLEY BRIGADE MOTION

That Council modify the Fire Control Officer (FCO) training requirements as follows:

- i. FCO courses to be determined by DFES; and**
- ii. The prerequisite training courses that are required by DFES for fire control officers.**

LAPSED FROM WANT OF MOVER

This motion was also presented to the previous BFAC meeting held on 28th March 2017 where the following was endorsed:

COMMITTEE DECISION

Minute No: *BFAC.155*

Moved: *David Russell*

Seconded: *Aaron Smith*

That Council:

- 1. Seek clarification from DFES in regards to how prerequisite's work/apply to their minimum FCO training requirements;*
- 2. Endorse that the notice of motion put forward by the grass valley BFB pertaining to FCO training requirements is reconsidered once the above clarification is received; and*
- 3. Seek clarification from DFES in regards to how they view brigade members who have previously completed the FCO course.*

CARRIED 8/0

OFFICER COMMENT

Officers have now sought clarification from DFES as per the Committee/Council decision listed above (BFAC.155), this advice has been provided to the committee in Attachment 2.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

The below table is the recommended training by DFES as well as information gathered from other local authorities on the minimum training requirements;

	Number FCO	Fire Control Officer	AIMS Awareness	Intro FF	Bushfire FF	Crew Leader	Advanced Bushfire Fighting	Machine Supervision	Structural FF	Ground Controller	Sector Commander	AIMS 4	Incident Controller Level 1	Comments
DFES Path 6								opt						Path 6 is the DFES recommended training to become an FCO
Northam	9					or								
Toodyay	11													Are looking to add AIMS 4
York	17													Level for CBFCCO & DCBFCCO are higher
Mundaring	Nil set by council. Brigade Captains are the FCO's. Training requirements are under individual brigade constitutions as brigade captain													
Cunderdin	9													
Harvey	8													
Armadale	15													Rangers require less training
Augusta Margaret River	20													Council Recommendation that FCOs follow DFES Pathways 6 for FCO (not enforced yet)
Esperance	20													Looking at upgrading to Pathway 6 as a result of their recent files

Committee Discussion

The CESM advised that if the Committee resolves to set the training requirements as recommended by DFES then further training will be required by FCO's.

The Grass Valley Brigade motion lapsed for want of a mover.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

The information provided by DFES indicates that the training required to be an operational FCO is that of an Incident Controller which is DFES Pathway 6. This would include the following training –

1. AllIMS Awareness
2. Intro to Fire Fighting
3. Bushfire Fighting
4. Structural Fire Fighting
5. Advanced Bushfire
6. Crew Leader
7. Sector Commander
8. AllIMS 4
9. Incident Control Level 1

The previously adopted training requirement is less than the recommendation above.

Given the attached advice from DFES it is recommended by staff that the minimum training requirements for an FCO remain as previously resolved.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

Attachment 1

MOTIONS FOR BFAC meeting on March 24th, 2017

BACKGROUND

The Special Meeting held at the Grass Valley Fire Brigade Shed on March 9, 2017 with the Grass Valley Bushfire Brigade and Shire, clarified the procedures required by the Shire and BFAC. Many of the concerns raised by the volunteers were not addressed due to the current approaches and procedures which tend to be onerous and restrictive; simplifying and streamlining policies and procedures would benefit all. It is hoped the current problems between the brigade and shire can be resolved as soon as possible, so the volunteers can do their part towards improved community safety easily and efficiently.

It is hoped the Shire can review current procedures, communication and engagement with volunteer organisations. Should the unsettled situation continue Grass Valley Fire Brigade members will become increasingly disenfranchised and less involved, impacting on the safety of the community as a whole. This is not the intent of any of the parties. If we can fix the problem now it will be a lot better than starting again.

The following motions are to be put to the BFAC meeting on March 24, 2017.

MOTION 1

The Grass Valley Fire Brigade recommend to BFAC that the qualifying the guidelines for FCO's as follows:

- i. FCO courses to be determined by DFES; and
- ii. The prerequisite training courses that are required by DFES for fire control officers.

MOTION 2

The Grass Valley Bush Fire Brigade request the Shire of Northam write to DFES expressing our concern and disappointment at the predelivery condition of the Grass Valley 44 unit. This resulted in putting our crews at risk in four separate instances in the 2016/17 fire season.

Two of the many incidences are:

- While fighting the fire at Goomalling, the hoses blew off and had to be repaired on the fire ground under stressful positions; and
- The 4.4 unit pump worked intermittently and then stopped at the Muresk fire (note this was after only four hours of use of a new unit). The problem was identified as no oil in the pump motor.

MOTION 3

The Grass Valley Bushfire Brigade request clarification of who is responsible for who is responsible for the checking and maintenance of the 16 fire hydrants in the Grass Valley and Seabrook areas.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

From: ANDERSEN Sven [mailto:Sven.Andersen@dfes.wa.gov.au]
Sent: Wednesday, 14 June 2017 10:52 AM
To: HENDRIKSEN Daniel, Daniel Hendriksen
Subject: Northam BFAC - Minute No. 155

Hi Daniel,

In relation to your request to provide information relating to BFAC Minute No. 155, I offer this reply on behalf of DFES.

The FCO Course provides training pertaining to 3 key knowledge areas, these are legislation, permits and bush fire arrangements. This course will provide a current or future FCO an understanding of what an FCO's roles and responsibilities are, as well as the legislation and regulations pertinent to their position as an FCO. It will also provide an understanding of when, why and how a permit can be issued, further clarification will then be given by the relevant Local Government in their SOP's or procedures.

The FCO course does not provide the knowledge or the skills to be a firefighter, crew leader, sector commander or Level 1 incident controller. The required skills and knowledge to perform these roles can be gained through other relevant courses of which DFES has on offer, as well as through relevant experience.

A gazetted Fire Control Officer is expected to be the incident controller for Level 1 incidents within the Shire. Therefore DFES suggest that the level of training is for an Incident Controller which in the DFES Pathway system is Pathway 6. DFES training as with all Registered Training Organisation's (RTO) is completed in order, ensuring all prerequisites are met. This is to ensure participants have the underpinning skills and knowledge before proceeding to the next level of training, to achieve this DFES have a pathway system, the pathways must be completed in order from Volunteer firefighter pathway 1 to Volunteer firefighter pathway 6.

To complete Pathway 6 a firefighter must complete the following courses in order.

1. AllMS Awareness (VFF1)
2. Intro to Fire Fighting (VFF1)
3. Bushfire Fighting (VFF1)
4. Structural Fire Fighting (VFF2)
5. Advanced Bushfire (VFF3)
6. Crew Leader (VFF4)
7. Sector Commander (VFF5)
8. AllMS 4 (VFF5)
9. Incident Control Level 1 (VFF6)

Ideally a new firefighter would complete a course and then gain experience in that competency before moving up to the next Pathway level. Experience can be gained in several ways i.e. real incidents, training scenarios and exercises. An important component is the relevance of experience, i.e. an on ground firefighter is not gaining leadership or management experience that will enable them to lead a crew or control an incident.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

It is noted that historically many firefighters have gained experience prior to completing the relevant training, but to be recognised it has to be proven that the individual (not a group) has performed the relevant role to the standard set by the organisation or in some cases Registered Training Organisation. Experience is measured in how many times a person has performed this task not how long has a person been doing the role. E.g. in 1 year a person may attend 0 or 50 incidents, they may also be in a leadership role 0 or 50 of these times.

Hope this answers your questions.

Regards,

Sven Andersen

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

7. GENERAL BUSINESS

Mr Jason Whiteaker departed the Council Chambers at 7:02pm.

7.1 Northam Communication Officer and Sket Call

The CESM outlined that the Communications Officer has sought feedback in relation to their role and purpose/usefulness of the Sket Call.

The Committee agreed that this matter should be referred to the Brigade's for comment and feedback provided to the Committee.

7.2 Letter to change Restricted and Prohibited Period (FES Commissioner)

The CESM advised that this has been reviewed by DFES and accepted by the commission and is in the process of being published in the Gazette.

7.3 Brigade Members

Eight (8) local brigade members undertook training on 20th June 2017 and are now qualified to operate incident control vehicle.

7.4 Careless Burning Off

There was a recent occurrence in the West of the Shire where there was insufficient fire control and management when burning off (i.e. leaving unattended or insufficient resources to put it out).

Discussion was held around notifying landowners of their responsibility when managing their burns and the possibility of including this with the Shire of Northam Rates Notices.

7.5 Passing of Kim Diamond

Murray Bow advised the Committee of the passing of Mr Kim Diamond late of the Inkpen Bushfire Brigade on Friday, 15th June 2017.

8. DATE OF NEXT MEETING

To be confirmed, it was agreed that this would be held towards the end of October 2017.

Bush Fire Advisory Committee Meeting Minutes
20 June 2017

9. DECLARATION OF CLOSURE

There being no further business the Chairperson, Cr Terry Little declared the meeting closed at 7:52pm.

"I certify that the Minutes of the Bushfire Advisory Committee meeting held on Tuesday, 20 June 2017 have been confirmed as a true and correct record."

_____ Chairperson

_____ Date

11.2 COMMUNITY SAFETY COMMITTEE MEETING HELD ON 16 JUNE 2017

Receipt of Minutes:

RECOMMENDATION

That Council receive the minutes from the Community Safety Committee meeting held on 16 June 2017.

Adoption of Recommendation:

RECOMMENDATION

That Council:

1. Carry forward the remaining allocated funds for the delivery of the Lock and Light program;
2. Accept the Community Safety and Crime Prevention Plan update.

BRIEF

To update the Committee on the Community Safety and Crime Prevention Plan actions.

ATTACHMENTS

Attachment 1: Community Safety and Crime Prevention Plan – Action Plan

BACKGROUND / DETAILS

Community Safety Committee Meeting Minutes
16 June 2017

The Shire of Northam Community Safety and Crime Prevention (CSCP) Plan 2016-2020 is a four year strategic outlook for the Shire of Northam that aims to map the issues of primary concern to the community and document the strategies and partnerships to deal with these issues.

Together with key partners, the Shire of Northam is committed to ensuring continual improvements to community safety with a particular emphasis on minimising the occurrence and opportunity for antisocial and criminal activity.

The CSCP Plan 2016-2020 has brought all of the current data together to help the Committee to understand 'What is the Northam story'. This will help the Committee to reconcile where the facts and the perceptions differ.

CONSIDERATIONS

OFFICER'S COMMENT

The Shire of Northam's Community Development Officer provided an update on recent activities.

Community Safety Committee Meeting Minutes
16 June 2017

Criminal or Offending Behaviour

Lock and Light

SSGT Geoff Dickson provided an update, explaining the process of the program and how the vulnerable community members are being identified.

SSGT Geoff Dickson said that in terms of the importance of Lock and Light, the WA Police has at the forefront of its crime strategies, the need to form strong partnerships with key business partners. In this regard, Northam Police feel that the Lock and Light project is one of the key localised strategies that will be important to both the Shire and the WA Police here in Northam. Helping the community to help itself become more resilient to Crime.

There have been a number of road blocks to full implementation this financial year. In reality, the project did not get underway until early 2017 and since that time, we have had to iron out a number of practical operational issues with making the process work. A new OIC has been placed at Wundowie Police Station who has indicated he is on board with the project and wants to ensure delivery of benefits in the western wards of the Shire.

Five house holders have been approached to commence the process:

1. Elderly resident died mid process
2. Elderly resident has been issued vouchers but installer has not been able to re-establish contact to finalise the install
3. Resident has had contractor present – installation underway
4. Resident has been on holidays since initial contact – needs follow-up
5. Resident has not been contactable since initial contact – needs follow-up

Local Police have been challenged with a number of operational issues and the refurbishment of the police station which has taken some capacity away from fully resourcing our commitment to this project.

We are excited by this project and look forward to the funding continuing and into the future. We are aware of concern by the Shire that the \$20,000 has not been touched and as such, there will be questions in terms of that. All we can say is that we are on board, committed and will throw everything we can muster at it, as we move forward over the next few months.

Mr Ross Rayson asked if there were any other hold up issues such as accessing of tradesmen. SSGT Geoff Dickson said that there is definitely a waiting period for tradesmen however, he would be inclined to say that the holdup was more a Police issue than anything else.

Community Safety Committee Meeting Minutes
16 June 2017

The Committee agreed they would like to see this program supported by Council again as they can see the value in it.

RECOMMENDATION

Minute No: CSC.036

Moved: Cr Denis Beresford

Seconded: Sharon Bray

That Council carry forward the remaining allocated funds for the delivery of the Lock and Light program.

CARRIED 9/0

Crime Statistics and Crime Mapping

SSGT Geoff Dickson provided an example to the Committee of what hot spotting or heat maps of the Northam area would look like, to demonstrate the lack of crime patterns in the area. The crime mapping of Northam was described as 'a shot gun effect' with crime dispersed evenly across the community, with no real trends or patterns to identify target areas.

The statistics indicate that there have been significant drops in reported crime. SSGT Geoff Dickson said that there will be peaks that will impact on these statistics however the overall crime was not as high as the community perceive it to be. WA Police want to take a lead role in changing the perception of the community with regard to crime. The message is that at the moment, Northam is a safer place. SSGT Geoff Dickson asks that the Committee sponsor that language and promote it within the community. We need to push a positive message.

To reduce crime in Wundowie, Police have been imposing curfews and facilitating curfew checks to ensure that people are adhering to orders and issuing barring notices. SGT Jamie Cresswell said that barring notices are working well to control anti-social behaviour in business. This is a civil Police order from a business that prevents people from legally coming back into a business. This is served by the Police, it is free and it can be served to a person of any age. SGT Jamie Cresswell will provide the Committee with some information about barring orders and what businesses can and can't do to protect their business (in relation to putting up photos of shop lifters etc.) to be passed on to business via the Northam Chamber of Commerce.

Community Safety Committee Meeting Minutes
16 June 2017

Community Awareness

Marketing and Communications Plan

Council staff have created a draft Community Safety and Crime Prevention Communications Plan and the Committee is asked to contribute ideas to the document. This document was provided to the Committee to offer feedback.

The Committee has been asked to provide feedback directly to the Shire of Northam's Community Development Officer Michelle Blackhurst for inclusion in the Plan.

Variable Message Sign

As per the direction of the Committee, the Shire of Northam has now purchased a Variable Message Sign (VMS) which is now available for use by the Police for community safety purposes. The Committee was asked to provide ideas to promote safety and crime prevention messages with the VMS. The following ideas were received:

- Belt up - you're worth holding on to
- Don't trust your tired self – don't drive tired
- Drunk, drugged or high – it's all a DUI
- Thieves pick easy targets – secure your home
- It is an offence to drink in public places – drink responsibly
- Don't make burglars feel welcome – secure your home
- If you see something – say something – Crimestoppers 1800 333 000
- Crime prevention - is everybody's business
- Let's all fight crime – report suspicious activity to Northam Police

Building Partnerships

Night Hoops

Ms Jane Atterby spoke about the Night Hoops Program. The first 6 week tournament is due to commence at the Northam Recreation Centre on 22 July 2017 and they are currently seeking volunteers and participants for the program. The Committee would be provided with a link and a copy of the flyer when it was brand approved by the WA Police.

Community Design

Youth Precinct

Mr Ross Rayson provided an update on the Youth Precinct, advising that The Shire of Northam is seeking the services of a suitably qualified consultant to undertake a full feature survey of the Jubilee reserve, which is the site that has been recommended to Council as the preferred location of the new multi-function youth precinct.

Community Safety Committee Meeting Minutes
16 June 2017

Council will make a decision on the final location and the project at its meeting on 21 June 2017 and the project will then proceed to the next stage which is creating a detailed design.

Mr Ross Rayson provided an update on the CCTV Project, advising that the installation of the new clusters has commenced. The project was waiting on the arrival of the tower which will be placed on Mt Ommaney and this was expected to be complete within the next 2 months.

Both SSGT Geoff Dickson and SGT Jamie Cresswell asked the Committee to consider looking in to the possibility of supporting further installation of CCTV in Northam and Wundowie.

Community Safety and Crime Prevention Plan

The actions in the current plan are nearing completion. Mr Ross Rayson suggested that the plan would need to be reviewed. This will initially be done via an email group where Committee Members will be provided with the opportunity to provide input. Mrs Michelle Blackhurst to organise.

RECOMMENDATION
Minute No: CSC.037
Moved: SSGT Geoff Dickson
Seconded: Ms Jane Afferby
That Council accept the Community Safety and Crime Prevention Plan update.
CARRIED 9/0

5.2 Community Safety and Crime Prevention Plan update

Address:	
Owner:	Shire of Northam
File Reference:	1.3.12.1
Reporting Officer:	Community Development Officer
Responsible Officer:	Executive Manager Community Services
Voting Requirement	Simple or Absolute Majority

BRIEF

To seek Committee input in updating actions in the Community Safety and Crime Prevention Plan.

Community Safety Committee Meeting Minutes
16 June 2017

BACKGROUND / DETAILS

The current Community Safety and Crime Prevention Plan is nearing completion. Committee members have been provided the opportunity to provide input initially via email. The Committee is now asked to review and finalise the changes.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective: Create an environment that provides for a caring and healthy community.

Strategy: Provide community services to uphold public safety standards.

Action: Review and implement the Shire of Northam Community Safety and Crime Prevention Plan

Financial / Resource Implications

N/A

OFFICER'S COMMENT

As most of the previous strategies have been completed, Officers are seeking Committee input into developing new strategies and additional actions to complete outstanding strategies.

The Committee talked through potential additional actions and recommend further changes be made to the Plan based on feedback from the meeting as well as emails received from the Committee over the next two weeks. The altered Plan should be presented to the Committee prior to the next meeting to provide the opportunity for feedback prior to accepting the final document at the next meeting.

SSGT Geoff Dickson wanted the Committee to include the investigation of a street chaplaincy program. He said that it would need a funding solution and a home to base the service. Mr Ross Rayson suggested that the Committee

Community Safety Committee Meeting Minutes
16 June 2017

should be presented to by an existing street chaplaincy program to understand the dynamics of the program. SSGT Geoff Dickson agreed to organise this.

Ms Jane Atterby talked about the potential for Northam PCYC to have a room available for a drop-in centre/street chaplaincy service. Ms Atterby asked the Committee to email her with any suggestions to support this.

Ms Rose Power added that the Roadwise Committee has put in an application to have the Elephant in the Wheatbelt permanently located in Northam and there was potential to raise awareness about road safety with a campaign "Where is the Elephant Going to Live".

SGT Jamie Cresswell wanted the Committee to consider some actions to have traffic calming devices installed in and around Wundowie as hooning is a major issue there. Other anti-hooning actions would also be helpful. SGT Jamie Cresswell has been asked to provide some information to Mrs Michelle Blackhurst about locations for the traffic calming devices. Mrs Michelle Blackhurst will arrange a meeting between SGT Jamie Cresswell and Council's Executive Manager Engineering Services, Clinton Kleynhans to discuss the matter further.

Both SGT Jamie Cresswell and SSGT Geoff Dickson wanted the Committee to include seeking further funding to have more CCTV installed in both Wundowie and Northam. SGT Jamie Cresswell and SSGT Geoff Dickson were asked to provide some information to Mrs Michelle Blackhurst about where CCTV would be most helpful to them.

The Committee agreed that the main focus of the actions and additional strategies of this plan will be to promote a positive perception of crime within the Community.

6. URGENT BUSINESS APPROVED BY PERSON PRESIDING OR BY DECISION

No urgent business was introduced.

7. DATE OF NEXT MEETING

The minutes of the meeting held to discuss this agenda should be read to ascertain the decision of the Council.

In certain circumstances members of the public are not entitled to inspect material, which in the opinion of the Chief Executive Officer is confidential, and relates to a meeting or a part of a meeting that is likely to be closed to members of the public.

No responsibility whatsoever is implied or accepted by the Shire of Northam for any act, omission, statement or intimation occurring during Council or Committee meetings.

The Shire of Northam disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement of intimation occurring during Council or Committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or Committee meeting does so at that person's or legal entity's own risk.

In particular and without derogating in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or Officer of the Shire of Northam during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Northam.

The Shire of Northam advises that anyone who has any application lodged with the Shire of Northam must obtain and should only rely on WRITTEN CONFIRMATION of the outcome of the application and any conditions attaching to the decision made by the Shire of Northam in respect of the application.

The Shire of Northam advises that any plans or documents contained within this agenda may be subject to copyright law provisions (*Copyright Act 1968*, as amended) and that the express permission of the copyright owner(s) should be sought prior to their reproduction. It should be noted that copyright owners are entitled to take legal action against any persons who infringe their copyright. A reproduction of material that is protected by copyright may represent a copyright infringement.

ART COLLECTION COMMITTEE Meeting Minutes
8 JUNE 2017

5. COMMITTEE REPORTS

5.1 Art Collection Valuation

Address:	
Owner:	Shire of Northam
File Reference:	
Reporting Officer:	Ross Rayson, Executive Manager Community Services
Responsible Officer:	Ross Rayson, Executive Manager Community Services
Voting Requirement	Simple Majority

BRIEF

The Shire of Northam has undertaken a valuation of its art collection since the previous valuation was undertaken in 2010. A full valuation of the collection, plus a condition report, has been provided to Council.

ATTACHMENTS

Attachment 1: Northam Artworks Collection

Attachment 2: Art Collection Valuation Database

Attachment 3:

BACKGROUND / DETAILS

Council has undertaken a valuation of its art collection. A request for Quote was issued and the valuation job was awarded to Douglas Sheerer, of Gallerie Dusseldorf.

The valuation was undertaken on the current artwork database, and was undertaken on all artworks that were sighted.

The valuer has provided a revised valuation database, and a comprehensive report on the collection, providing details of the works, a photograph, a condition assessment (and any condition assessment comments if required), a valuation and detail about the artist.

A copy of the valuation database, and the collection report are attached.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective: C4- Protect and promote the Shire's diverse culture and heritage

Strategy: C4.4- Support provision of facilities and services for the arts and cultural programs.

ART COLLECTION COMMITTEE Meeting Minutes
8 JUNE 2017

Financial / Resource Implications

The current valuation has given a value of \$167,130, an increase of approximately \$14,000 from 2010.

Legislative Compliance

N/A

Policy Implications

N/A

Stakeholder Engagement / Consultation

N/A

Risk Implications

The risk of not undertaking the valuation on a regular basis is that the collection could be underinsured, due to an inaccurate valuation.

OFFICER'S COMMENT

The current valuation and condition assessment has proven to be very thorough. The current valuation has:

1. Identified each art piece and provided a comprehensive report and basis for valuation
2. Provided a condition assessment for each piece sighted, and provided advice on any remedial work required.
3. Has identified at least one inspection "anomaly" between the 2010 and 2017 collections.

Officers are pleased with the outcomes of the valuation as it provides a very thorough bank of information about the collection as a whole, and each individual piece.

Whilst an increase in value is pleasing, it was not unexpected due to the long time frame between valuations. The comparison between valuations and background provided on the artist is very beneficial, and it gives some good insight if Council at any time wished to budget for art acquisition, over and above the acquisitive prize at the Northam Art Prize.

Despite a thorough search of all Council facilities, there are still a number of pieces from the collection that have not been located. However, the valuer

ART COLLECTION COMMITTEE Meeting Minutes
8 JUNE 2017

has advised that any of the missing pieces can be added to the valuation database and Artworks Collection easily if they are located.

During the meeting, Mr Rayson ran through the report and gave a brief overview of any major points of change since the last valuation in 2010. It was relayed to the Committee that a number of works will need restoration or reframing work undertaken, and that this will have to be done in stages as budgets allow. Mr Rayson indicated that it may be prudent to identify any pieces that may not be worth the expense of repairing, and to undertake some research around disposal of these assets. It is advised that a revaluation should be carried out every 5 years, and that new pieces are valued as they are added to the collection.

Mr Letch stated that now the collection has been valued, it is now able to be displayed around Northam, and that this process should be started very soon. Mr Rayson informed the Committee that photographs of the pieces are currently being taken, with the intention of eventually displaying these on the Shire of Northam website.

Mr Letch questioned when the restoration works would be undertaken, to which Mr Rayson responded that these would be carried out as soon as budget and transportation issues allow.

Mr Rayson provided an update on the missing portraits of past Council members. These pieces have now been located. They are being photographed, and originals will then be given back to the families if wanted. Mr Letch indicated that he would be interested in taking the portraits of his father and grandfather once photographed. It is to be noted that there will be costs involved with collating and framing the photographs into one large frame once complete.

Cr Proud wished to give thanks to staff for their efforts to date.

Mr Letch indicated that he is currently working on a new collection of provenance cards at home, and that he would like to see pieces in Council owned buildings rotated as soon as possible. Further to this, Mr Letch would like to see conversations initiated with the Northam Boulevard and relevant local businesses in the very near future. Mr Letch stated that he will be arranging a meeting with the Shire Chief Executive Officer and Shire President to discuss.

Mr Letch questioned whether the railing had yet been installed in the Northam Library. Mr Rayson is to look into this and inform the Committee of the current status of this project.

ART COLLECTION COMMITTEE Meeting Minutes
8 JUNE 2017

RECOMMENDATION

That Council note the valuation of its art collection.

ART COLLECTION COMMITTEE Meeting Minutes
8 JUNE 2017

6. URGENT BUSINESS APPROVED BY PERSON PRESIDING OR BY DECISION

7. DATE OF NEXT MEETING

The next meeting of the Shire of Northam's Art Collection Committee is to be held Thursday, 17th August 2017 in the Committee Room at 4pm.

8. DECLARATION OF CLOSURE

There being no further business, Mr Letch declared the meeting closed at 3.34pm.

4.1 COMMITTEE MEETING HELD 8 NOVEMBER 2016

RECOMMENDATION / COMMITTEE DECISION

Minute No: LEMC.35

Moved: Ulo Rumjantsev

Seconded: Jenny Lee

That the minutes of the Local Emergency Management Committee meeting held 16 March 2017 be confirmed as a true and correct record of that meeting.

CARRIED

Local Emergency Management Committee Meeting Minutes
15 June 2017

5. COMMITTEE REPORTS

5.1 Agency Reports and ISG Activations

Department of Child Protection

- It was advised that they are also in the process of updating their Welfare Plans. Concerns were raised in relation to the Local Welfare Plans being linked to the Local Emergency Management Plan and whether the information contained was protected. The Community Emergency Services Manager advised that only the cover page can be viewed.
- Recent flooding – If there are any inundations caused due to an event (i.e. flooding), if the Evacuation Centre is not required to be opened it was requested that the Department be notified in order to see if they are able to assist either financially or by goods.

5.2 Updates / Items for Discussion from Members

Cathie Edwards - SERCO

Emergency Management - Evacuation in an emergency was discussed, in particular to a location for detainees should they need to be evacuated. Locations that have been discussed include the Northam Race Course however nothing has been formalised and identifying a location within the Centre was also discussed. It was advised that the Centre runs regular exercises in relation to emergency management. The CESM advised that a lot of mitigation is currently occurring behind the Centre. Sharing the existing Plans were discussed to ensure that there is a consistent and agreed manner to manage an emergency.

Jenny Lee – Northam Hospital

Raised the current redevelopment underway.

Shire of Northam Community Emergency Services Manager

Discussed the DFES / Shire exercises based on Rural Urban Interface (RUI). This is not practiced often and is proposed to provide training on the operational principles and tactical guidelines to enhance safety around asset protection and urban triage.

This is proposed to be undertaken in September 2017 near Wundowie. It is proposed that this exercised will be rotated around surrounding Shire's.

Laura Russ – Department of Education

Advised that they are currently working on their Fire Emergency Management Plans.

5.2.1 State Risk Project

Local Emergency Management Committee Meeting Minutes
15 June 2017

The Community Emergency Services Manager discussed the State Risk Project as per the below and outlined what will be required of the Committee (i.e. identify the top risks).

In 2009, the Council of Australian Governments (COAG) endorsed the National Partnership Agreement on Natural Disaster Resilience. This agreement provided Commonwealth funding to local regions to increase the resilience of their communities to natural disasters. As a condition of this initial funding, each State and Territory was required to undertake risk assessments to inform and address priorities for risk mitigation.

In 2013, the State Emergency Management Committee (SEMC) initiated the State Risk Project, which was designed to gain a comprehensive and consistent understanding of the risks faced at **state**, **district** and **local** levels. Consequently, a series of state-level risk assessment workshops were held to assess the risks posed by seven sudden-onset natural hazards. The initial hazards assessed were heatwave, flood, bushfire, cyclone, tsunami, earthquake and storm. The results were reported to the Commonwealth in 2013 and an update of the state's risk profile will be delivered in 2017.

Western Australia currently has 27 hazards prescribed within emergency management (EM) legislation. These hazards stem from natural and man-made origins or a combination of both. The State Risk Project has identified a range of potential vulnerabilities that may be affected by any of these hazards. These vulnerabilities, grouped under six key themes, are considered of critical importance to the wellbeing of the State (the state core objectives). The six themes are people, economy, infrastructure, social setting, government and environment. The State Risk Project seeks to gain a robust understanding of risks genuinely faced. From there, the state can use the information to formulate appropriate and cost-effective mitigation strategies that lower risk and contribute to building a more resilient state.

The State Risk Project uses both the methodology and criteria outlined in the National Emergency Risk Assessment Guidelines (NERAG) and internationally recognised standards for the risk assessment process (AS/NZS ISO 31000:2009). Assessments, based on a worst-case scenario event (and a near worst-case scenario event for State-level), are conducted in workshop settings. The scenarios are scalable for **state**, **district** and **local** levels and are tailored accordingly. This methodology ensures all data is consistent and can be compared.

The **state** level phase of the project, encompassing risk assessment workshops held in Perth during 2013, 2014, 2016 and 2017, is scheduled for completion in 2017.

Local Emergency Management Committee Meeting Minutes
15 June 2017

The **district** level risk assessment workshop program (for priority hazards) across all of the State's EM districts took place during 2015 and 2016. Our understanding of risks has grown significantly, largely as a result of the risk data collected in the project's district phase. This risk data is currently being used to compile comprehensive risk reports and risk profiles for each EM district in WA (these reports will be available soon on the OEM website).

The **local** level phase of the project commenced in 2017, with local government take-up, participation and support of the project being very strong. The aim of the local level component is to provide training, support and tools to local governments to assist them in undertaking the emergency risk management process (as required by existing policy).

Refer to the [Office of Emergency Management website](#) for further information.

5.2.3 Wheatbelt Flood Preparedness Workshop

The flood preparedness workshop was held on Monday, 27th March 2017.

The Community Emergency Services Manager discussed what was involved at the workshops and future actions required (i.e. identifying minor and moderate flood areas, how these are identified etc).

Outdated maps were raised as an issue. The Community Emergency Services Manager advised that there was a project initiated several years ago which commenced in Beverley to upgrade mapping however did not extend to other areas. It was advised that although the mapping is old, it is relatively accurate.

Water depth markers were also raised as not being in place or not accurate. Discussion was held about how the levels are identified (i.e. from the river floor / ground level). This is currently being reviewed by the state government which is an outcome of the recent flooding events.

5.3 Correspondence

IN:

1. Consultation: Waroona Special Inquiry Opportunity 9 - Community Alert Siren (Attachment 1).

The Community Emergency Services Manager advised that this is seeking comment, a response has been provided advising that other technology is utilised (e.g. SMS notification) and this is not believed to be beneficial for the area and is deemed to be more suitable for smaller communities. It was noted that there is a siren at the Fire Station.

Local Emergency Management Committee Meeting Minutes
15 June 2017

OUT:

1. Minutes from the Local Emergency Management Committee meeting held on 16th March 2017.

UNCONFIRMED

Local Emergency Management Committee Meeting Minutes
15 June 2017

Attachment 1
Government of **Western Australia**
Office of **Emergency Management**

Our Ref: 815/313
Enquiries: Karl Gill
Telephone: (08) 9482 1752

For the Attention of the Chief Executive Officer

**CONSULTATION: WAROONA SPECIAL INQUIRY OPPORTUNITY 9 -
COMMUNITY ALERT SIREN**

On 1 December 2016, the State Emergency Management Committee (SEMC) Secretariat was rebranded as the Office of Emergency Management (OEM), and has been tasked to progress a number of recommendations from 'The Report of the Special Inquiry into the January 2016 Waroona Fire' (the Report) undertaken by Mr Euan Ferguson AFSM. Opportunity 9 of the report contains the following 'agency opportunity for improvement':

The State Emergency Management Committee to develop policy guidance for local governments regarding the installation of bushfire and emergency community warning sirens in 'at risk' communities.

In response, the OEM has consulted with the Department of Fire and Emergency Services (DFES) and select local government districts to produce the attached discussion paper and draft guidelines on the use of community alert sirens. These documents are now ready for broader consultation with relevant stakeholders, particularly local governments.

As a key stakeholder, I welcome your comments on these documents by use of the attached consultation feedback form, returned via email to policy@oem.wa.gov.au by COB Friday 21 April 2017.

Following consultation, it is our intention, where possible, to test the draft guidelines with targeted local governments prior to finalising the guidelines. If you have any questions, please contact Mr Karl Gill, Project Officer on 0400 144 465

Yours sincerely

Mal Cronstedt AFSM
EXECUTIVE DIRECTOR

Government of Western Australia
Office of Emergency Management

DISCUSSION PAPER
March 2017

COMMUNITY ALERT SIRENS

1. Background

The report of the Special Inquiry into the January 2016 Waroona Fire by Euan Ferguson AFSM ("the Ferguson Report") contains seventeen 'recommendations for strategic change' and identifies a further twenty-three 'agency opportunities for improvement'.

On 29 September 2016, the Government announced that it supported all seventeen recommendations and supported, in principle, the opportunities for improvement, including:

Opportunity 9:

The State Emergency Management Committee to develop policy guidance for local governments regarding the installation of bushfire and emergency community warning sirens in 'at risk' communities.

The Special Inquiry received both written and oral evidence from individuals suggesting that the use of an emergency alert siren would have assisted them during the Waroona fire. In his report, Mr Ferguson noted that emergency alert sirens are in use in Victoria and many European countries and that while these sirens are used to alert the community to an emergency situation, it remains the responsibility of individual community members to seek further information on the specific emergency. He suggests that sirens should be employed as a supplement to other forms of warning, including alerts transmitted via mobile and landline telephones, official websites and social media, and radio and television broadcasters.

The Ferguson Report acknowledges that sirens will not be suitable for every community and that there are factors that may inhibit their effectiveness and appropriateness.

The Office of Emergency Management, on behalf of the State Emergency Management Committee, has prepared draft Guidelines on the use of emergency alert sirens. The draft Guidelines have drawn on the Community Alert Sirens Policy and Guidelines issued by Emergency Management Victoria in 2016. This paper summarises the issues that have been taken into consideration in preparing the draft Guidelines.

2. Related Documents

This document is consistent with and should be read in conjunction with the following suite of State Emergency Management documents:

- Australia's Emergency Warning Arrangements (Attorney-General's Department);
- Western Australian State Emergency Public Information Plan (Interim June 2016);
- Western Australian Emergency Management Act 2005 (EM Act);

Local Emergency Management Committee Meeting Minutes
15 June 2017

- Western Australian Emergency Management Policy (State EM Policy);
- Western Australian Relevant Hazard Specific Plans (WestPlans);
- Western Australian State Emergency Management Procedures (State EM Procedures);
- Western Australian Emergency Management Guidelines (State EM Guidelines); and
- Western Australian State Emergency Management Glossary (State EM Glossary).

3. Scope

The draft Guidelines are limited to the potential use of sirens in connection with hazards for which the Department of Fire and Emergency Services (DFES) is the Hazard Management Agency (HMA). The use of sirens in relation to other hazards will be considered at the first periodic review of the Guidelines, which will be due two years following their adoption.

In line with Opportunity 9 of the Ferguson Report, the Guidelines are intended primarily to provide advice to local governments and local emergency management committees on the inclusion of community alert sirens in local emergency management arrangements, where this is considered appropriate. The draft Guidelines, at **attachment 1**, provides guidance on the assessment of the feasibility of implementing a Community Alert Siren and the proposed approvals process.

4. Discussion

The use of warning sounds to alert communities to potential threats has a long history, and has included the use of bells, cannons and musical instruments. Various mechanisms have also been employed to harness the acoustic potential of compressed air and steam, and to amplify electronically generated sounds. Sirens continue to be used for a variety of purposes other than to issue alerts, such as to mark the starting and finishing times of work or school or recreational activities. In some circumstances, sirens have also been used to signal the end of an emergency situation (the 'all clear').

The long history of the use of alert sounds, including sirens, makes the concept broadly familiar to many people. It should be noted however that sirens, often associated with wartime situations, may have strong negative connotations or distressing associations for some community members.

Developments in information and communication technology have considerably increased the range and technical sophistication of the options that are available to generate and receive messages, including emergency warnings. The current range of options is certain to expand in future. From an emergency management standpoint, the challenge is to adopt the best combination of means available, in the most cost-effective and timely manner. This could mean that the priority should be to focus on investment in the development of methods of alert that do not have the limitations associated with sirens.

In noting the potential usefulness of sirens, the Ferguson Report refers to the failure of alternative methods of public warning. Failure may be due to power outages, inconsistent mobile telephony or radio coverage and the loss of mobile telephony infrastructure due to an event such as a bushfire or storm.

Offsetting these concerns to an extent, it should be noted that households are encouraged to have

Local Emergency Management Committee Meeting Minutes
15 June 2017

access to battery operated radios (including car radios) and that the AM broadcast network is robust in populated parts of the State.

The use of sirens should not be considered a substitute for the effective promotion, use and ongoing development of other means of providing warnings or public information regarding threats and hazards.

3.1 Siren Messaging

The Ferguson Report cites a submission received in support of the use of sirens that refers to a practice reportedly adopted in country New South Wales, at some time in the past, in which alert sirens used different tones to convey different messages. Such a system may have been appropriate in the past, when there were no alternative means available and fewer sources of communication overall that were competing for public attention. This is no longer the case, and a siren-based alert system that relies on different tones to convey more nuanced messages is not supported. Indeed, attempts to load siren alerts with more complex messages are likely to lead to confusion, panic or poor decision-making. This includes the use of an 'all clear' signal.

The draft Guidelines are predicated on the sole purpose of a alert siren being to prompt the hearer to seek further information about a hazard that may potentially affect them. This approach has a number of corollaries:

- The use of a siren should be integrated with warnings or alerts issued by the Hazard Management Agency or Controlling Agency in relation to any specific incident. The stand-alone use of a siren could be self-defeating if no other reliable or authoritative information is available from other sources, such as official websites, social media or emergency broadcasters (either directly from such sources, or as passed on to a community member via other family members, friends or neighbours). Lack of information available when a siren is sounded might not only lead to confusion and encourage poor decision-making, but is also likely to rapidly devalue the usefulness of a siren as a means of alerting.
- No attempt should be made to encode siren alerts with other messages (for example, to evacuate or to assemble at a particular location), for the reasons noted immediately above.
- There may be need to inform neighbouring communities about the use of a alerting siren in any particular locality, if it is likely that the signal will be heard across local government boundaries.
- There is a need for community education concerning the use and meaning of any siren.
- Provided other conditions are in place, sirens may be useful across a range of hazards, and not just be useful in the case, for example, of bushfire.

Local Emergency Management Committee Meeting Minutes
15 June 2017

Alert sirens, where used, should convey no other message than "seek further information". Such information could be available from ABC radio or other recognized emergency broadcasters; the DFES or Emergency.wa.gov.au websites; local government offices or other trusted community-based organisations; neighbours and other family members.

Sirens should only be activated with the authority of the Hazard Management or Controlling Agency and their use should be integrated with the issuing of alerts and warnings that use other means of communication such as the internet, text and audio telephone alerts (Emergency Alert) and emergency broadcasters.

3.2 Suitability

As noted in the Ferguson Report, sirens will not be suitable for every community and there are many factors that may inhibit their effectiveness and appropriateness. For this reason, any decision regarding the installation and use of a alerting siren should be made on a case by case basis, by each community or local government authority concerned.

Regardless of the specifications of individual sirens, they will all, to some extent, be affected by locally specific factors such as the geographic spread of communities, topography, vegetation types, the complexity of the built environment and environmental conditions, including adverse weather.

There are human factors too that may limit effectiveness, including:

- Whether the received siren signal would be loud enough to wake sleeping people, be heard by people in vehicles or in locations with elevated ambient noise levels
- Visitor to the area may be unfamiliar with the use of sirens – this may include absentee landowners.
- Sirens may not be effective for alerting special populations (for example, the hearing-impaired, people with disabilities, culturally and linguistically diverse communities or isolated people).

In addition to these factors there may be other issues that may limit the effectiveness of sirens, including the need for specialised equipment to service and or maintain, and dependence on consistent power supply.

3.3 Specifications

Due to the variation in conditions noted, and the fact that a siren is a supplement to other information provision and alerting mechanisms, it is unlikely that uniform specifications will be appropriate. The issue of specifications in any one case is best addressed by the engagement of acoustic engineering advisory services in the case of a new siren.

Local Emergency Management Committee Meeting Minutes
15 June 2017

3.4 Existing Alert Sirens

A currently unknown number of volunteer bush fire and DFES Volunteer Fire and Rescue Service brigades have fixed sirens at their brigade headquarters. In the past these have been used to summon brigade members to attend to emergency calls. With a few possible exceptions, the sirens are no longer used for this purpose as they have been replaced by phone messaging and/or paging systems activated by the DFES Communications Centre.

There may be scope for these sirens to be made available for use as a community alerting siren, with the consent of the owner.

It is currently unknown how many of these sirens are in operational condition. A detailed audit would need to be undertaken to assess if these alert sirens would meet the criteria or technical specifications to make them suitable as community alerting sirens.

Alert sirens that are owned by an independent agency such as Surf Life Saving WA or businesses (such as mine operators) can assist the community by having the independent siren linked to the community alerting siren network. Like the volunteer fire brigade sirens noted above, such industry or community sirens would need to be assessed for suitability on a case by case basis.

Determination of the use of an existing siren as a Community Alert Siren will be based on consultation between the LEMC and DFES through a feasibility audit. If commissioned as a Community Alert Siren, its existence should be inserted in the Local Emergency Management Arrangements (LEMA's) and registered with DFES.

3.5 Funding

It is anticipated that where specific expenditure is required for the installation, education and/or activation of a community alerting siren, such costs would in most cases be met by local government as under most circumstances the siren facility will be owned and operated by local government.

In Western Australia a number of grant programs (both State and Commonwealth) are available that may be able to provide funding to assist a local government or other entity to acquire or activate a siren.

3.6 Community Engagement and Education

The issues highlighted above regarding the limitations on the use of community alert sirens point to the need to ensure that where a siren is installed there is broad community acceptance of its use and a clear understanding of the constraints. Some of the constraints may be minimised by effective community engagement and education.

The target community and the population of neighbouring localities will require information on:

- the hazards that the community confronts, and the role to be played by community alert sirens in reducing exposure to such hazards;
- the meaning attached to the use of a siren;
- how to respond to a siren if sounded.

In addition to the 'general community' awareness campaigns may need to target specific areas including:

- absentee landowners
- any community sector with specific needs or characteristics that may
- visitors and tourists

Local Emergency Management Committee Meeting Minutes
15 June 2017

- emergency service personnel require special attention in relation to the use of sirens for public alerting's

Where a local government elects to adopt a community alert siren, in order to maximise the siren's effectiveness, a comprehensive and locally specific community education and marketing plan will be required, which includes the messaging and protocols to support the communities' understanding of the required actions when the siren is used.

3.7 Governance Arrangements

It is envisaged that governance and ownership arrangements should be documented in a service level agreement between participating agencies. These arrangements should clearly define but not limited to;

- Maintenance Standards
- Funding Arrangements
- Withdrawal Standards & Processes
- Asset Ownership
- Testing Standards
- Dispute Resolution
- Activations Standards
- Reporting Standards

4 Phased Approach

It is proposed that, once the draft Guidelines have agency in principle support, a pilot project may be developed to test the feasibility of using a community alert siren in one or more locations in the South West Land Division.

5 Conclusion

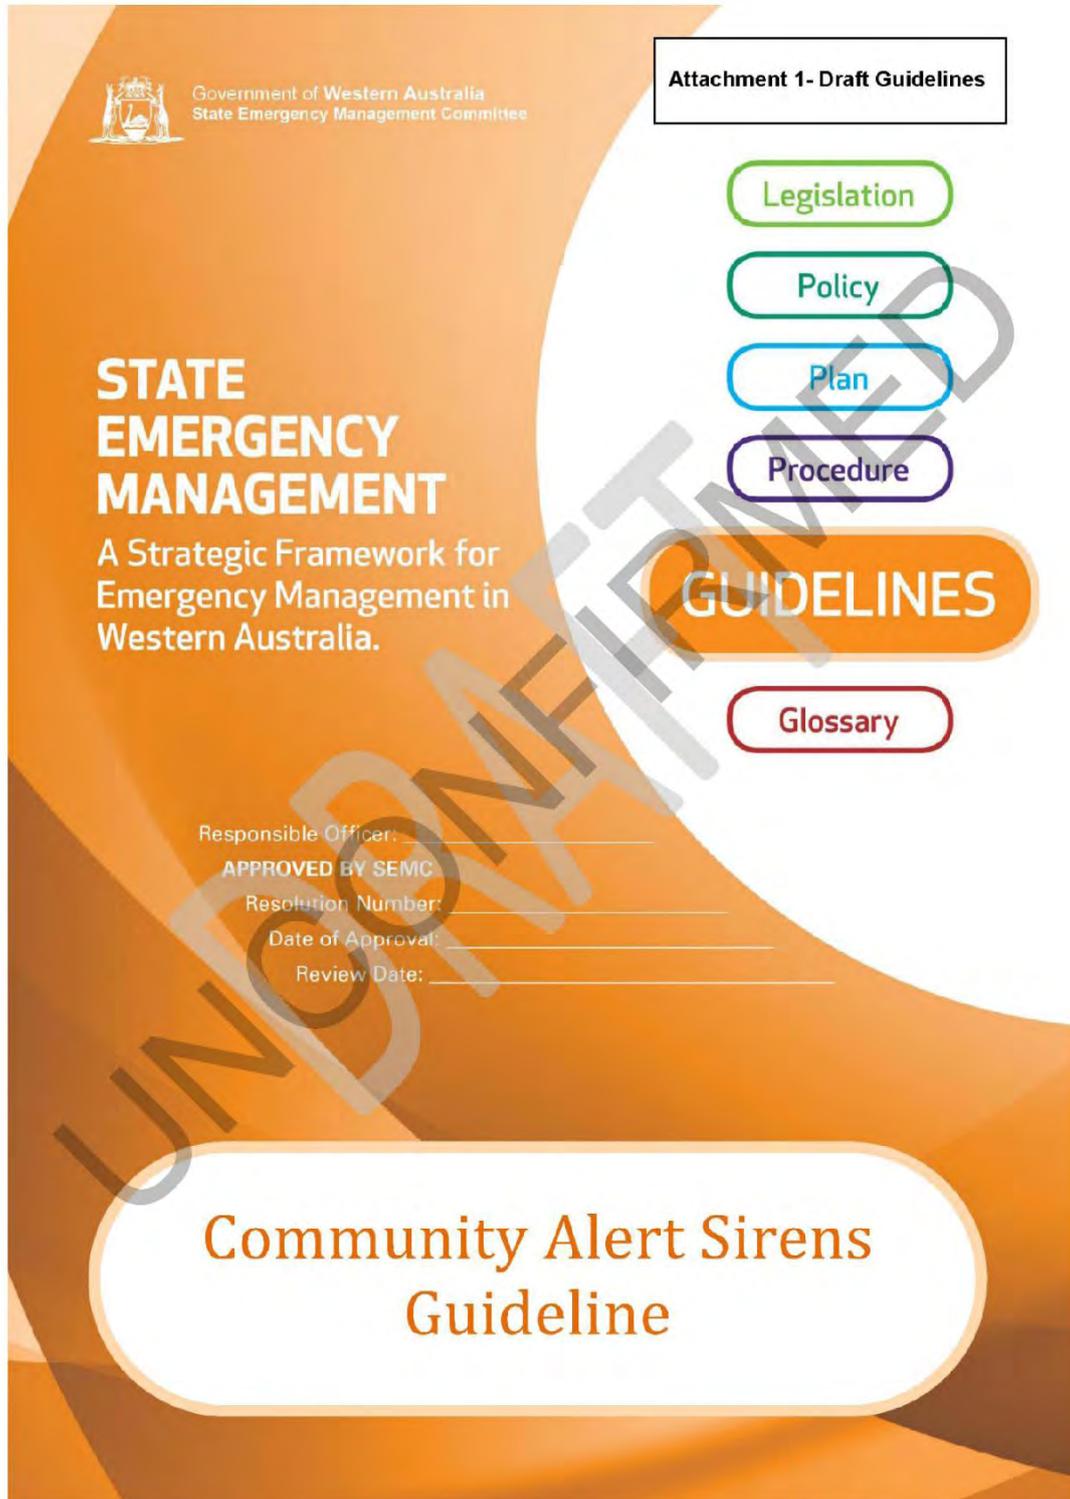

The attached draft Guidelines seek to provide guidance on how to establish whether a community alert siren could be used to supplement other modes of emergency alert and public information.

When considering the draft Guidelines, stakeholders are asked to consider:

- whether the draft guidelines provide sufficient guidance to enable local governments to determine whether a siren (new or existing) may be a suitable option for any communities or localities within their boundaries
- whether there are other issues that may need to be considered, or which may apply especially in defined areas of the State, or in relation to a particular hazard.

6 Action Required

Stakeholders are asked to comment on the proposed *Community Alert Sirens Guideline*, using the attached (**attachment 2**) by close of business on 7 April 2017. Comments are to be e-mailed to policy@oem.wa.gov.au.

The cover page features a large orange and white graphic. On the left, the text reads: "STATE EMERGENCY MANAGEMENT A Strategic Framework for Emergency Management in Western Australia." Above this, the Government of Western Australia State Emergency Management Committee logo is displayed. On the right, a vertical stack of buttons includes "Legislation", "Policy", "Plan", "Procedure", "GUIDELINES", and "Glossary". A box at the top right is labeled "Attachment 1- Draft Guidelines". At the bottom, a white rounded rectangle contains the title "Community Alert Sirens Guideline".

3

Purpose

Community alert sirens are any fixed sirens used to alert a community (or section of a community) of a current or impending emergency that may directly affect that community.

The purpose of this Guideline is to provide advice to local governments on how to establish a Community Alert Siren, for use in conjunction with other emergency warning systems, where it is considered necessary or appropriate. Other warning systems include mobile phone applications; media broadcasts; websites and social media; the national telephony-based warning system Emergency Alert; community-based alerting systems (for example, telephone trees); and door knocking.

Production of these Guidelines is intended to promote consistency in the approach to the use of community alert sirens throughout Western Australia.

Community and Individual Preparedness

Community and individuals have a responsibility to prepare themselves for emergencies that may affect them by taking appropriate action in response to emergency warnings and must make their own informed decisions on protecting their own lives and not rely on receiving a warning by way of a siren or other means.

Scope

The Guideline relate only to natural hazards that the Department of Fire and Emergency Services (DFES) is currently Hazard Management Agency. These Hazards are:

- collapse
- fire
- earthquake
- storm
- cyclone
- flood
- hazardous Materials Chemical & Radiological
- tsunami

The applicability to other hazards will be reviewed at the first periodic review of this Guideline.

Document Review

The Office of Emergency Management (OEM) will review the Guideline at five yearly intervals or in response to legislative or policy changes.

Related Documents

This document is consistent with and should be read in conjunction with the following suite of State Emergency Management documents:

- Australia's Emergency Warning Arrangements (Attorney-General's Department);

Definitions

Community

For the purpose of these guidelines, 'community' means all the people who live, work, visit or own property in the particular locality for which a community warning siren is proposed.

Community Alert Siren

Any fixed siren used to alert the community to impending or current danger and the need to seek further information about such danger.

Volunteer Bush Fire Brigade (BFB) Siren

A fixed siren owned and operated by local government which may previously have been used to call out volunteer brigade members.

Volunteer Fire and Rescue Services (VFRS) Siren

A fixed siren owned and operated by the Department of Fire and Emergency Services which may previously have been used to call out volunteer brigade members.

Industry, Private, School and Football Oval Sirens

Fixed sirens, operating as part of a local system, and used to mark the starting and finishing times of work or recreational activities games or to convey other specific messages on-site.

Other Fixed Emergency Sirens

Fixed sirens, operating as part of a local system, to warn about a specific threat (for example, a beach alert siren).

Prolonged Siren Signal

A continuous signal sounded by a fixed rotary siren or similar device for three minutes or more.

Local Emergency Management Committee (LEMC)

A committee formed pursuant to Section 38 (1) of the Emergency Management Act 2005, to:

- (a) advise and assist the local government in ensuring that local emergency management arrangements are established for its district,
- (b) liaise with public authorities and other persons in the development, review and testing of local emergency management arrangements. It comprises members of council and emergency management agencies/organisation.

VES = Volunteer Emergency Services	VFRS = Volunteer Fire & Rescue Services

Siren Functions and Constraints

Community alert sirens provide a means of alerting community members to impending or current danger, especially for those community members who are not frequent users of the internet, mobile telephones or local radio services, or who live and work in locations with poor or inconsistent network coverage. Sirens may also provide a back-up warning system where electric power has been lost due to the impact of an emergency event.

While sirens can be very effective as a warning, the siren "message" is by its nature non-specific and therefore should be as direct and simple as possible: "You are in danger. Seek further information".

Sirens will not be effective or appropriate in some communities or circumstances. There are a number of factors that may limit their effectiveness including distance from the siren, topography, vegetation, the nature of the built environment and weather conditions.

Other constraints on the effectiveness of sirens include whether:

- the received signal would be loud enough to wake people who are sleeping, be heard by people travelling in vehicles or those working in locations with elevated ambient noise levels.
- all persons within the siren target zone will be capable of hearing and acting upon the siren 'message', for example hearing impaired people; people with particular disabilities; CaLD community members; tourists and visitors; and socially isolated people.
- specialised equipment is required to service or maintain a siren, e.g. an independent power supply.

It is important that the purpose and use of a siren is communicated effectively to community members (and, in some circumstances, the members of adjacent communities). This is necessary for sirens to be effective and to avoid misunderstandings or confusion that may lead to poor decision-making. The constraints and limitations associated with siren usage, including a failure to secure broad community support for the use of a siren or to effectively communicate the meaning of a siren alert signal, should be clearly offset by the advantages

Criteria

Any proposal to establish a community alert siren in a community should meet all the following criteria:

- the need for a siren is supported by an emergency risk management planning process for the local government area concerned;
- there is no opposition, on reasonable grounds, to the use of a siren from the community;
- the use of a siren has been endorsed by the local emergency management committee and is referenced in the local emergency management arrangements;

Office of Emergency Management :

GUIDELINE

Local Emergency Management Committee Meeting Minutes
15 June 2017

6

- there is support from the district emergency management committee and DFES Regional Superintendent;
- the siren is installed in accordance with manufacturer's specifications and maintained in accordance with specifications;
- prior to commissioning of the siren, a comprehensive program of community education, engagement, exercising and training is conducted;
- in the event that alternative technologies or technological improvements diminish the need for a community alert siren, there is a comprehensive program of community education and engagement around its decommissioning; and
- the use of the siren is formally linked to the State's overall community alerting process.

These criteria are discussed further below, and illustrated in figure 1.

Initiation of a Community Alert Siren Proposal

A proposal to include a community alert siren in local emergency management arrangements may originate with individual community members or groups such as service organisations or ratepayer associations, or from a local emergency management committee or LEMC member organisation.

It may be appropriate for an LEMC to pro-actively consider whether the establishment of a working group to consider the issue is necessary.

Needs Analysis

The need for a siren should be supported by an emergency risk management planning process for the local government area concerned. State Emergency Management Policy, at Section 3.2, requires that local governments develop and maintain emergency risk management plans for hazards relevant to their locality. Guidance on undertaking risk management planning is available at <https://www.oem.wa.gov.au/resources/risk-tools>. The emergency risk management planning process may identify, for example, that a community is at high risk of bushfire or flooding, in which context the use of a siren may be appropriate. In most cases, the emergency risk management planning that has already been undertaken for the purposes of developing local emergency management arrangements (LEMA) should be sufficient.

Feasibility and Community Support

Once the risk profile of the community has been confirmed, it will be necessary to investigate the feasibility of establishing a community alert siren and gauging community support. It is also important to establish that there is broad community support for the use of a community alert siren.

A working group, broadly representative of the community, and where possible including representatives of local emergency services, is the best means to establish both the feasibility of a siren and the degree of community support. Such a working group should ideally be established under the auspices of the local emergency management committee or directly under the local government authority. The working group could:

- confirm the need for a community alert siren, in the context of the emergency risk

Office of Emergency Management :

GUIDELINE

Local Emergency Management Committee Meeting Minutes
15 June 2017

7

management planning process conducted for the local government authority;

- identify existing emergency alert systems in the community, and their possible relation to a community alert siren;
- identify any existing sirens in use in the community, their ownership and current uses;
- identify the community or geographic area being considered as the target area;
- identify possible locations and specifications for a community alert siren;
- identify indicative costs and other resource implications of the installation and use of a siren; and
- oversee any specialised studies that might be conducted to test the feasibility of a community alert siren. These could include acoustic performance and other technical studies as well as community surveys or risk management studies if deemed necessary or appropriate.

It is acknowledged that community groups who are independent of the LEMC may wish to advocate for the use of a siren, and establish an independent working group for the purpose. An independent working group should as far as possible adopt the same approach as a group established by the LEMC to make a case for a community siren. Independent community groups may not have access to the same level of resources as a working group established under LEMC auspices but may be able to demonstrate good connection with the community and give voice to community feelings on the issue. In such circumstances it may be most effective to establish a group under LEMC auspices and invite representation on the group from community interests.

Approvals

The working group, whether established by the LEMC or independent, should present a report on its findings to the local emergency management committee. The report should include:

- working group membership, particularly noting the community interests represented;
- assessment of need, based on emergency risk management planning;
- assessment of community support and details of any actual or potential community concerns or objections; and
- any other evidence to support the establishment of a Community Alert Siren.

Where a report has been provided by an independent group, the LEMC should acknowledge receipt of the submission and indicate a timeframe for its assessment.

If the working group report is favourable to the installation of a new siren, or the use of a siren already in place in the community, such as a volunteer bushfire brigade siren, Volunteer Fire and Rescue Service siren or industry siren, the LEMC should refer the proposal to Council for determination.

Each local government authority will have its own policies and procedures regarding engagement and consultation with its community but it is considered important that the proposed use of a siren is subject to comprehensive consultation to validate the level of community support and manage objections to the proposal including:

- Written advice to all property owners (including absentee) and those living and working in

Office of Emergency Management :

GUIDELINE

Local Emergency Management Committee Meeting Minutes
15 June 2017

8

the identified area of siren range described in the proposal.

- Public notices posted at the proposed location of the siren and in the local media.
- A process for community members to formally register objections to the proposal.

Funding

Funding may be necessary for the development, installation, operation, maintenance, education and community engagement of a community alert siren, although this may be minimal in the case of the use of an existing siren.

Funding could be sourced via: Local government, Hazard Management Agency, other grant program(s). In WA there are a number of agency and grant programs (State and Commonwealth) that may be able to assist in the funding of a community alert siren, including the Natural Disaster Resilience Program.

10

Standards

Existing Community Sirens

A number of volunteer bush fire and DFES Volunteer Fire and Rescue Service brigades have fixed sirens that have previously been used to summon brigade members to attend emergency calls. Some communities also have special-purpose sirens such as those operated by Surf Life Saving WA, Schools or industrial sirens (such as those in use at mine-sites). With the agreement of the owners and operators, these sirens may be able to be employed as community alert sirens.

Protocols for access and use of such sirens should be developed and documented within local emergency management arrangements. The arrangements should specify how the operation of the siren will be linked to the emergency alert system.

Activation During Emergencies

Activation of a siren must be authorised by an Incident Controller and/or other authorised person, as specified in local emergency management arrangements.

Sirens are to be used as a signal to "seek further information," only after an official warning has been issued by DFES to those in the immediate vicinity of an emergency. This may occur as part of the incident strategy and incident community warning protocol. Community alert sirens should be integrated with the State's broader warnings system/tools. This will ensure that the sirens are activated together with other forms of alerting, providing consistent warning information to the community.

In the absence of other warnings through official websites and social media, emergency broadcast warnings and telephony-based alerts, a siren message could be self-defeating and at worst encourage uninformed decision making, which could have fatal consequences.

A contingent option in exceptional circumstances is manual activation of a siren. This will require the authorisation of the Incident Controller to ensure the use of a Community Alert Siren is consistent with the incident management objectives and community warning strategy. An authorised member of the emergency services should carry out the manual operation of a Community Alert Siren (where this is safe and feasible). On the day of activation the State Situation and Analysis Officer within the State Operations Centre located at DFES is to be informed of the activation, which will be logged.

Duration of Alarm

A Community Alert Siren should sound for an extended period of at least three to five minutes to signal the existence of a dangerous situation and the need to "seek further information". An extended duration will enable alert sirens to be distinguished from regular siren testing, which should involve a shorter duration.

Note: Older mechanical sirens have limitations that newer digital systems do not, so it is important that manufacturer's recommendations regarding the amount of time the siren is activated with the goal being to activate the Community Alert Siren as long as possible.

Office of Emergency Management :

GUIDELINE

Local Emergency Management Committee Meeting Minutes
15 June 2017

11

All Clear Signal

Sirens should not be used to signal the passing of a threat as this is likely to cause confusion. The principal purpose of the siren is to encourage community members to seek further information about the existence of a dangerous situation. If and when acted upon, community members will have access to information to know that a threat has passed.

Testing

The LEMC should be responsible for monitoring, testing and reporting siren faults for rectification. It is recommended that the siren(s) are tested on a monthly basis, at a set time and day. For example: the 1st day of every month at 10:00am. Records of testing should be kept and the results reported through the LEMC.

The test specifically refers to sounding the audible sound of the community alert for the community to hear. The test should be publicised throughout the community with the test lasting 1 minute or less. This emphasises that it is a test only, while an actual emergency lasts for three (3) to five (5) minutes.

The test should be postponed if there is a chance of inclement weather on the testing date for example: Catastrophic Weather. Other factors that may postpone testing include:

- an ongoing emergency exists and the test may cause alarm;
- the test date falls on a public holiday; or
- an emergency management agency deems the test inappropriate for any reason.

Should a scheduled test not occur, it should be rescheduled for the following week or until the test has been completed for that month.

Community Engagement and Education

Where a local government elects to adopt a community alert siren, in order to maximise the siren's effectiveness, a local government will need to develop a community education and marketing plan, along with messaging and protocols to support the community's understanding of the siren "message".

In addition to the 'general community', engagement campaigns may need to target specific community sectors such as absentee landowners, tourists and visitors, emergency services personnel (including volunteers), CaLD communities as well as prisons; hospitals; schools and training institutions. It is also important that residents who may be located outside the expected audibility or intelligibility range of a siren are engaged.

Each local government will have established modes of communicating with residents and ratepayers such as newsletters, rates notices, fixed and mobile displays. All such options should be considered in widely publicising:

- The role to be played by Community Alert Sirens.
- The meanings attached to the use of Community Alert Sirens.
- How to respond to a siren if sounded.

Office of Emergency Management :

GUIDELINE

Local Emergency Management Committee Meeting Minutes
15 June 2017

12

Commissioning

Before commissioning of a community alert siren the relevant DFES Regional Superintendent must first be satisfied that the volunteer brigades associated with the community or the local government area have an appropriate understanding of a siren's operation and testing requirements and that the community has been engaged and informed about the purpose and limitations of the siren.

Ownership Arrangements

Ownership arrangements should be documented in local emergency management arrangements. In the case of existing sirens, such as VFRS sirens, ownership may continue to rest with DFES or transfer to local government by agreement. In the case of new sirens, it is preferable that ownership rest with the local government concerned. As the installation or use of a siren in any locality is governed by arrangements specified in local emergency management arrangements, issues relating to ongoing maintenance, operation, testing and community education should be reported at LEMC meetings.

Evaluation

An evaluation and report should be undertaken for a Community Alert Siren every 12 months or in response to a major incident activation. The evaluation report is to be undertaken by Local Government (via LEMC) and provided to other Local Governments and Emergency Service organisations ensuring any learning can be built upon. The evaluation report should ensure areas such as;

- Effectiveness of the Community Alert Siren
- Any technical issues observed, siren coverage, power issues
- Community engagement, consultation and communications methodologies.
- Community Issues
- Activation times/timeframes, duration, policy requirements, agency responsibilities.

12.3.1 Proposed Ancillary Accommodation – 88 Woodley Farm Drive, Northam

Address:	Lot 1008 (88) Woodley Farm Drive, Northam
Owner:	Robert Martin
File Reference:	A13865 / P17055
Reporting Officer:	Jacky Jurmann Consultant Planner
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Simple Majority

BRIEF

Council is requested to consider an application for development approval to construct ancillary accommodation ('granny flat') at 88 Woodley Farm Drive, Northam.

This application is being referred to Council for consideration due to proposed variations to the provisions of Local Planning Policy No. 13 – Ancillary Accommodation (LPP13) and staff do not have delegation to approve the variations.

An assessment of the application has been carried out taking into consideration the provisions of the Shire's Local Planning Scheme No. 6 (the Scheme), the Residential Design Codes (R-Codes) and LPP13.

The application is recommended for conditional approval.

ATTACHMENTS

Attachment 1: Location Plan.

Attachment 2: Site Plan.

Attachment 3: Architectural / Design Plan.

BACKGROUND / DETAILS

The subject property is located in the Woodley Farm Estate and currently contains a dwelling, swimming pool and outbuilding (refer to Attachment 1 – Location Plan). The lot is located on a battle-axe lot, has an area of 6,867m² and is zoned Residential R2.5 under the Scheme.

The application proposes the ancillary dwelling with an area of 63m² to be constructed in the south-western corner of the lot setback 10 metres from the side and rear boundaries, which is compliant with the provisions of the RCodes, however, does not comply with LPP13 that requires the ancillary accommodation to be no greater than 10 metres from the main dwelling. A distance of approximately 34m is proposed. Similarly, one of the design elements under Clause 6.1 of LPP13 "strongly prefers" that ancillary dwellings be contained under the roofline of the main dwelling.

Therefore the application proposes a number of variations to LPP13, which will be discussed further in the 'Legislative Compliance' and 'Officer's Comment' sections of the Report.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective P1: Promote a diverse mix of development opportunities throughout the Shire.

Strategy P1.1: Ensure Council land use planning is in place and reflective of established objectives.

Action: Ensure that any proposed development will not have a detrimental impact on the amenity of an existing area.

Financial / Resource Implications

There are no financial or budgetary implications for the Shire in relation to the recommendations of this report.

Legislative Compliance

Shire of Northam Local Planning Scheme No. 6

Ancillary dwellings are a 'P' (permitted) use in the Scheme, which means that the use is permitted by the Scheme providing the use complies with the relevant development standards and the requirements of the Scheme.

The development application was assessed against the provisions of the Scheme and the R-Codes in regards to the 'Residential' zone. The proposed location and design of the ancillary accommodation complies with the provisions of the R-Codes being at least 7.5m from both boundaries and not exceeding 70m² in area.

The proposed ancillary dwelling complies with the relevant development standards and requirements of the Scheme and is therefore a permitted use.

Local Planning Policy No. 13 – Ancillary Accommodation

The proposal is generally consistent with the objectives of LPP13, which are to:
□ *Provide flexibility in providing accommodation opportunities to residents within the same lot to meet the needs of local residents;*

- *Minimise the potential for inappropriate residential development in rural areas, which could lead to fragmentation of rural zoned land;*
- *Minimise the potential for inappropriate residential development in the SCA 1 - Avon and Mortlock Rivers Special Control Area; and*
- *Ensure that ancillary accommodation is provided, constructed and located in such a way as to minimise its impact on the amenity of the locality.*

Although it is considered that the current design of the building is more akin to an outbuilding than a dwelling, with minor amendments to the front façade and use of landscaping the aesthetic appearance of the structure will be improved and minimise the impact on visual amenity of the locality.

As indicated earlier in this Report, the following variations are proposed to the provisions of LPP13 relating to the location of the ancillary accommodation:

- Clause 6.1 (3rd dot point) – recommends that the ancillary accommodation is contained under the roofline of the main dwelling. It is proposed to locate the structure approximately 34 metres from the main dwelling.
- Table 1: Residential R5 and Lower (2nd dot point) – Distance between the ancillary accommodation and the main dwelling shall be no greater than 20 metres. It is proposed to locate the structure approximately 34 metres from the main dwelling.

The LPP states ancillary accommodation to be located at a greater distance than specified taking into account topographical reasons, effluent disposal issues or other constraints. It is proposed to install a separate septic system to cater for the development.

The owner has advised that the location has been selected to take advantage of the views obtained from the higher position; to ensure that there is sufficient manoeuvring within the site for his work vehicles and trailers; and to provide privacy for the occupants of both dwellings.

Planning & Development (Local Planning Schemes) Regulations 2015 – Deemed Provisions

When considering applications for development approval, the local government is to have due regard to any matters considered relevant to the application as set out in Clause 67 of the *deemed provisions* for local planning schemes. The following matters are considered to be relevant to this application:

“(a) The aims and provisions of this Scheme and any other local planning scheme operating within the Scheme area.

- (m) *The compatibility of the development with its setting including the relationship of the development to development on adjoining land or on other land in the locality including, but not limited to, the likely effect of the height, bulk, scale, orientation and appearance of the development.*
- (n) *The amenity of the locality including the following —*
 - (i) *Environmental impacts of the development;*
 - (ii) *The character of the locality;*
 - (iii) *Social impacts of the development.*
- (p) *Whether adequate provision has been made for the landscaping of the land to which the application relates and whether any trees or other vegetation on the land should be preserved.*
- (x) *The impact of the development on the community as a whole notwithstanding the impact of the development on particular individuals.*
- (zb) *Any other planning consideration the local government considers appropriate."*

Policy Implications

LPP13 applies to this proposal and as proposed in this Policy, has been varied many times to accommodate the current needs of the community, which is not considered good or proper planning practice.

There are provisions within the LPP that will require review, such as the requirement to locate ancillary accommodation within the roofline of the main dwelling, whereas the Policy elsewhere requires the ancillary accommodation behind the main dwelling or outbuilding.

Additionally, some of the provisions of the LPP are inconsistent with the provisions of the R-Codes. The R-Codes are a State Planning Policy and therefore prevails over the policy to the extent of the inconsistencies.

A comprehensive review of LPP13 will be carried out in the near future to provide a better and clearer regulatory framework for ancillary accommodation in the Shire.

Stakeholder Engagement / Consultation

Internal consultation

The development application was referred internally amongst the Development Control Unit (Building, Health and Engineering). No concerns were raised.

Neighbour consultation

The development application was advertised to adjoining neighbours and no submissions were received regarding the proposal.

Risk Implications

There are no risk implications for the Shire in relation to the recommendations of this Report.

OFFICER'S COMMENT

A detailed assessment of the proposed development, including a site inspection, has been completed with Officers concluding that the proposed ancillary accommodation, although located greater than 10 metres from the main dwelling, will have no detrimental impact to the amenity of the locality or neighbouring properties for the following reasons:

- The bulk and scale of the building is in context with the surrounding development;
- The majority of the proposed development due to the proposed orientation will not be visible from the street or a public place;
- Cladding the building using horizontal custom orb colorbond and minor changes to the front façade, together with the proposed verandah, will significantly improve the appearance to strengthen the appearance so that it is more akin to a dwelling;
- Increasing the window size in the front façade will provide increased light and views for the residents;
- Relocation of the bathroom window higher in the rear wall will maximise visual privacy for the residents and the neighbouring property;
- Landscaping to the southern (or parking) end of the structure will enhance the appearance and amenity of the development for the residents, locality and streetscape; and
- The proposed structure is clearly ancillary and reliant on the services of the existing dwelling, including access, water and power services, and laundry facilities.

It is therefore recommended Council approve the proposed ancillary accommodation, subject to appropriate conditions.

RECOMMENDATION

That Council approve the development application for the construction of ancillary accommodation at Lot 1008 (88) Woodley Farm Drive, Northam (Application P17055) in accordance with the provisions of the Shire of Northam Local Planning Scheme No. 6, subject to the following conditions:

GENERAL CONDITIONS

1. The development hereby permitted must be substantially commenced within two (2) years from the date of determination.

2. The development hereby permitted taking place in accordance with the stamped approved plans.
3. The stormwater shall be discharged in a manner so that there is no discharge onto the adjoining properties to the satisfaction of the local government.
4. The appearance of ancillary accommodation shall be maintained to a high standard and have an external appearance that is generally consistent with the main dwelling.

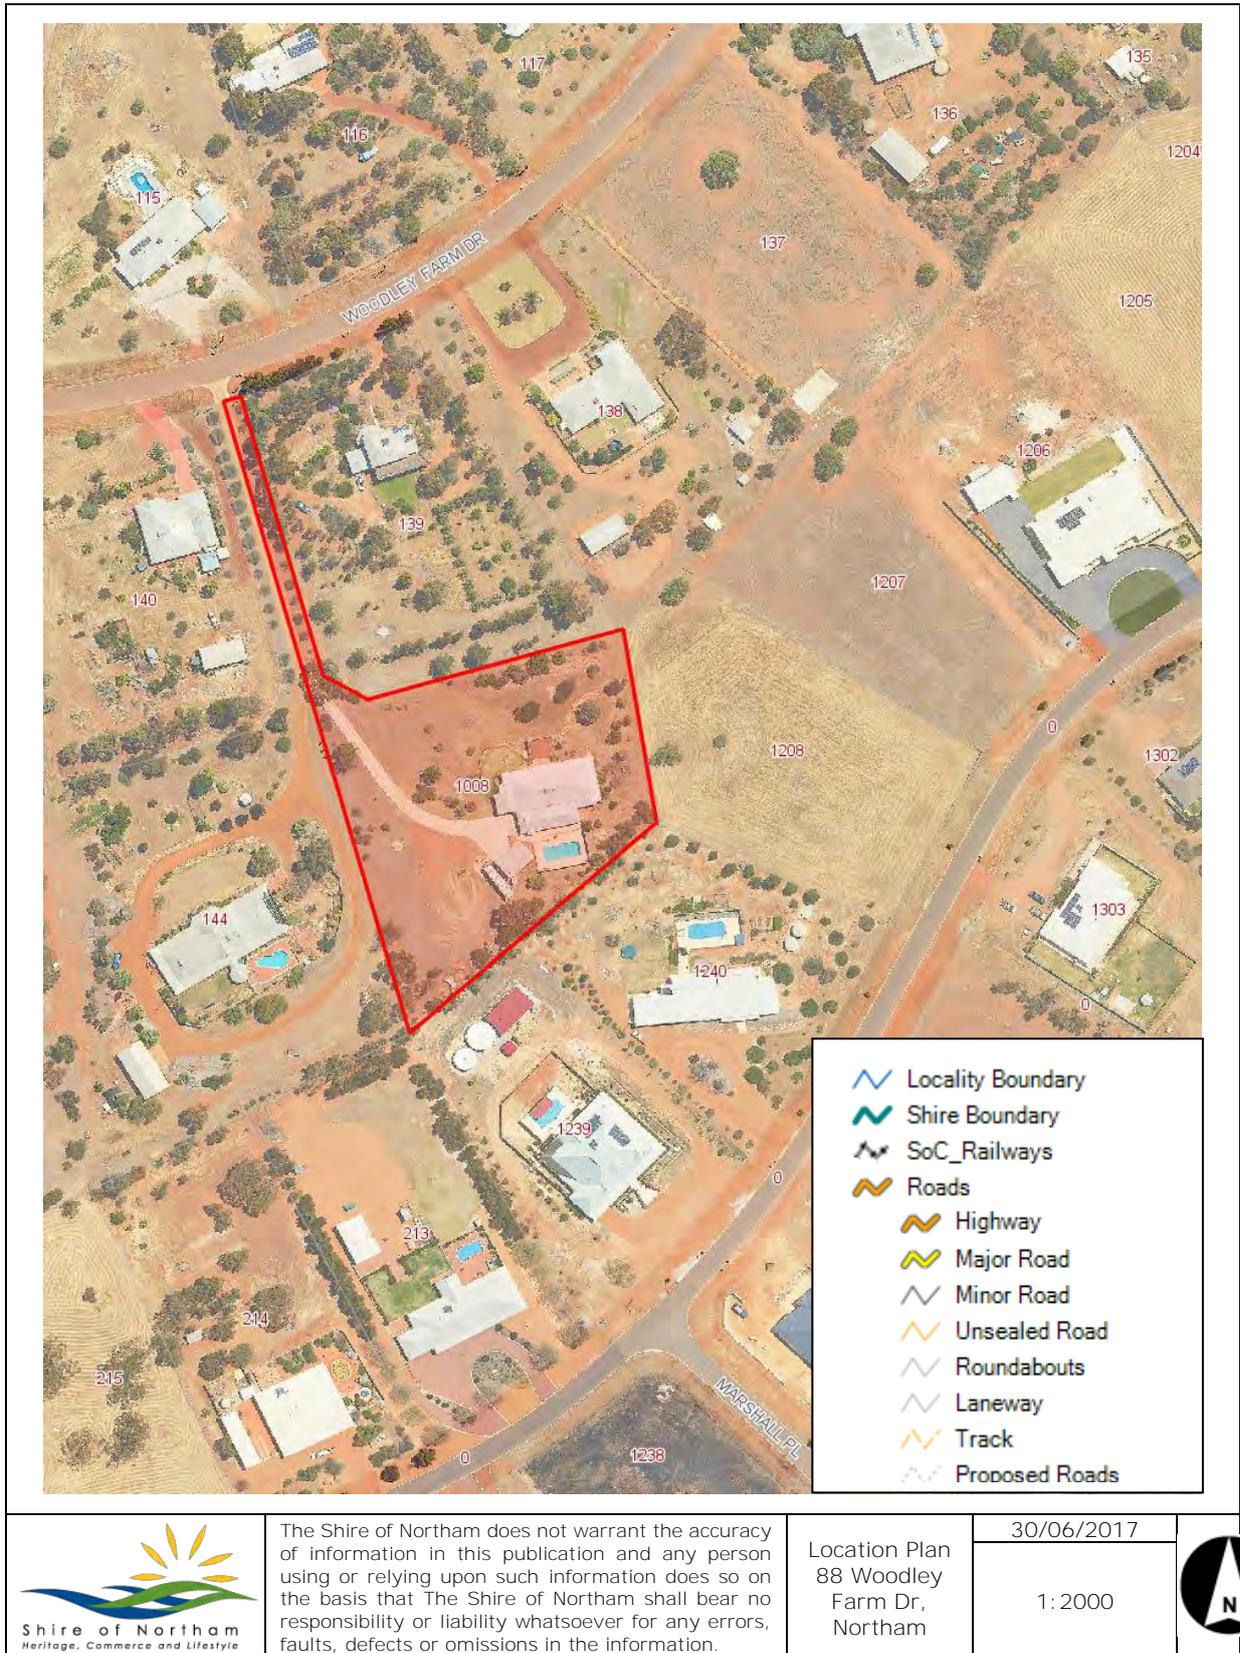

CONDITIONS TO BE MET PRIOR TO COMMENCEMENT OF THE DEVELOPMENT

5. An amended plan of the front façade to incorporate additional or larger openings more akin to a dwelling to improve the architectural appearance shall be submitted for approval of the local government prior to the commencement of any works.

CONDITIONS TO BE MET PRIOR TO OCCUPATION OF THE DEVELOPMENT

6. Additional native vegetation is to be planted and maintained on the property and/or verge to screen the southern elevation to the satisfaction of the Local Government.
7. Prior to occupation, the development hereby permitted shall be connected to an approved effluent disposal system.

12.3.2 Tender 3 of 2017 Cleaning Shire of Northam Facilities

Address:	Various
Owner:	Shire of Northam
File Reference:	8.2.9.1
Reporting Officer:	Chadd Hunt Executive Manager Development Services
Responsible Officer:	Chadd Hunt Executive Manager Development Services
Voting Requirement	Absolute Majority

BRIEF

For the Council to consider tenders received in response to the Request for Tender 3 of 2017– Cleaning Shire of Northam Facilities. This report provides details of the tenders received and a recommended tenderer.

ATTACHMENTS

Attachment 1: Tender Evaluation report (Provided as a separate confidential attachment to this agenda / minutes).

BACKGROUND / DETAILS

The contract with the current cleaner of several facilities within the Shire of Northam has expired. Subsequently Tender 3 of 2017 was advertised for the cleaning of the following facilities:

- Shire of Northam Administration Office
- Shire of Northam Depot Building
- Northam Library
- Northam Visitor Centre
- Northam Memorial Hall
- Apex Park Public Toilets
- Bernard Park Public Toilets
- Visitor Centre Public Toilets

A full report on the procurement process and tender evaluation is provided at Attachment 1.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective G2: Improve organisational capability and capacity

Strategy G2.3: Operate / manage organisation in a financially sustainable manner.

Financial / Resource Implications

The cost for cleaning each of the facilities is included within the annual Shire of Northam Budget. The proposed contract with the successful tenderer will be for an initial period of 3 years with an option for a five year period in total. The current annual cost to provide the services within the tender is approximately \$108,798 per annum.

FACILITY	PRESENT ANNUAL COST OF CLEANING
Administration Office	\$18,590
Depot	\$5,154
Apex Toilets	\$15,530
Bernard Park Toilets	\$15,530
Visitor Centre	\$18,162
Library	\$10,392
Visitor Centre Toilets	\$18,160
Memorial Hall	\$7,280
Total	\$108,798 ex GST

Legislative Compliance

Section 3.57 of the Local Government Act 1995 requires a local government is required to invite tenders before it enters into a contract of a prescribed kind under which another person is to supply goods and services".

The Local Government (Functions & General) Regulations 1996 prescribe the manner in which Tenders are to be called and assessed.

Policy Implications

Policy F 4.2 – Purchasing and Tendering Policy.

Stake Holder Engagement / Consultation

Not applicable

Risk Implications

The major risk with the project is associated with the ability of the contractor to provide the level of service required by the tender documents.

OFFICER'S COMMENT

In response to the advertised tender nine (9) submissions were received for which included the following tenderers:

- Mr Naturally Clean
- Steedo Property Services Pty Ltd
- Mission Impossible Cleaning Pty Ltd
- Advanced National Services Pty Ltd
- Prompcorp Pty Ltd
- DMC Cleaning
- Glad Group Pty Ltd
- Wilson Property Services Pty Ltd
- Slav's Cleaning Service

At the time of preparing this report staff were still in the process of completing the assessment. A full report on the procurement process and outcomes will be provided as a separate confidential attachment to this agenda/minutes.

RECOMMENDATION

That Council:

1. **Endorse the outcomes of the tender evaluation panel's assessment in relation to Tender No.3 of 2017 for the Cleaning of Shire of Northam Facilities which has resulted in the tender submitted bybeing ranked as the most advantageous to Council.**
2. Authorise the CEO to award the contract pursuant to Tender 3 of 2017 **to....., subject to negotiations over the final contract sum.**

12.4 CORPORATE SERVICES

12.4.1 Accounts & Statements of Accounts – June 2017

Address:	N/A
Owner:	N/A
File Reference:	2.1.3.4
Reporting Officer:	Creditors Officer Kathy Scholz
Responsible Officer:	Colin Young Executive Manager Corporate Services
Voting Requirement	Simple Majority

BRIEF

For Council to receive the accounts for the period from 1st June 2017 to 30th June 2017

ATTACHMENTS

Attachment 1: Accounts & Statements of Accounts – June 2017.

Attachment 2: Declaration.

BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

Pursuant to Financial Management Regulation 13, a list of payments made from Municipal and Trust accounts is required to be presented to Council on a periodical basis. These details are included as Attachment 1. In accordance with Financial Management Regulation 12, the Chief Executive Officer has delegated authority to make these payments.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective G2: Improve organisational capability and capacity.

Strategy G2.3: Operate / manage organisation in a financially sustainable manner.

Financial / Resource Implications

Payments of accounts are in accordance with Council's 2016/17 Budget.

Legislative Compliance
Section 6.4 of the Local Government Act
Financial Management Regulations 2007 9
Section 6.26(2)(g) of the Local Government Act 1995

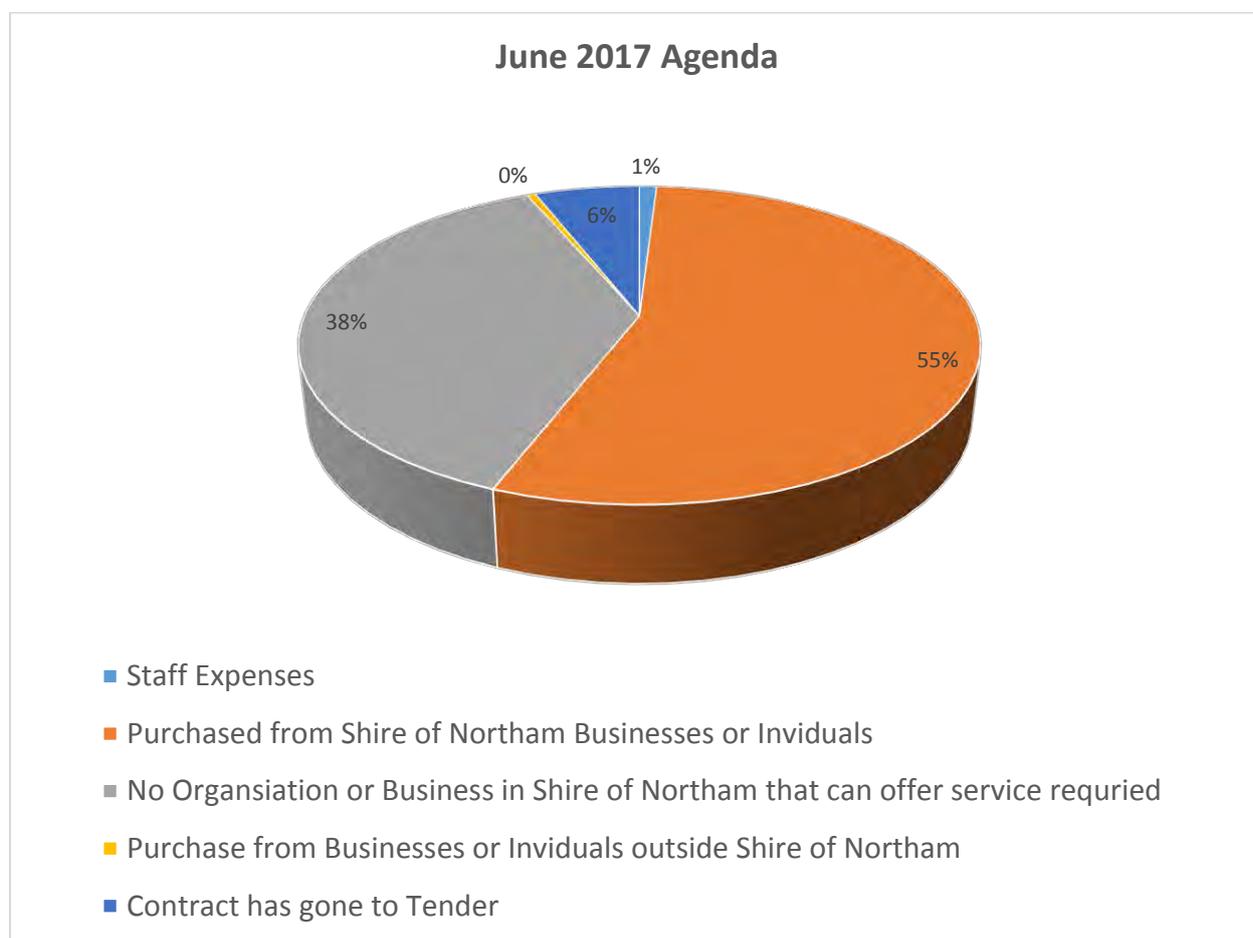

Policy Implications
Nil.

Stakeholder Engagement / Consultation
Not applicable.

Risk Implications
Nil.

OFFICER'S COMMENT

The matter of Council 'supporting local business' has been raised over a long period. To assist in providing a greater understanding of the purchasing patterns of the Shire of Northam, the following graph summarises the payments made locally for the month of June 2017;

RECOMMENDATION

That Council endorse the payments for the period 1st June 2017 to 30th June 2017, as listed, which have been made in accordance with the delegated authority reference number (M/F/F/Regs LGA 1995 S5.42).

CERTIFICATION OF THE PRESIDENT

I hereby certify that this schedule of account covering vouchers and electronic fund transfer payments as per above and totalling \$2,482,722.30 was submitted to the Ordinary Meeting of Council on Wednesday, 19 July 2017.

_____ CERTIFICATION OF THE PRESIDENT

CERTIFICATE OF THE CHIEF EXECUTIVE OFFICER

This schedule of accounts paid covering vouchers and electronic funds transfer payments as per above and totalling \$2,482,722.30 was submitted to each member of the Council on Wednesday, 19 July 2017, has been checked and is fully supported by vouchers and invoices which are submitted herewith and which have been duly certified as to the receipt of goods and the rendition of services and as to prices, computations and casting and the amounts shown are due for payment.

_____ CHIEF EXECUTIVE OFFICER

12.4.2 Financial Statements for the Period Ending 31st May 2017

Address:	N/A
Owner:	N/A
File Reference:	2.1.3.4
Reporting Officer:	Zoe Macdonald Accountant
Responsible Officer:	Colin Young Executive Manager Corporate Services
Voting Requirement	Simple Majority

BRIEF

For Council to receive the Financial Statement for the period ending 31st May 2017.

ATTACHMENTS

Attachment 1: Financial Statement for the period ending 31st May 2017.

BACKGROUND / DETAILS

The reporting of monthly financial information is a requirement under section 6.4 of the Local Government Act 1995, and Regulation 34 of the Local Government (Financial Management) Regulations.

The Statement of Financial Activity for the period ending 31 March 2017 is included as Attachment 1 to this Agenda and includes the following reports:

- Statement of Financial Activity;
- Operating Statements;
- Balance Sheet;
- Acquisition of Assets;
- Disposal of Assets;
- Information on Borrowings;
- Reserves; and
- Net Current Assets;
- Rating Information

The report includes a summary of the financial position along with comments relating to the statements. If Councillors wish to discuss the report contents or any other matters relating to this please contact Council Finance staff prior to the meeting.

Notes to the Financial Statements (items in bold represent new notes)

Operating Income

1. Governance is over budget by \$10,092. It received Department of Local Government grant funding of \$3,000 for Youth Development Scholarships that were not budgeted
2. Law, Order and Safety is under budget by \$143,021 with the timing of receipt of the DFES and WA Police Grant Funding for CCTV for \$121,241

12.4.3 Local Law Review

Address:	N/A
Owner:	Shire of Northam
File Reference:	Local Laws Review
Reporting Officer:	Cheryl Greenough Coordinator Governance / Administration
Responsible Officer:	Colin Young Executive Manager Corporate Services
Voting Requirement	Absolute Majority

BRIEF

To advise Council of the completion of the local law review period and to ascertain if they should be repealed or amended.

ATTACHMENTS

Nil.

BACKGROUND / DETAILS

The Act requires that a local government must, every eight years after adoption or review of any local law, conduct a review of the local law to ensure that it still retains relevance.

Council approved the following decision at its meeting on 11 November 2016 (C2883):

That Council:

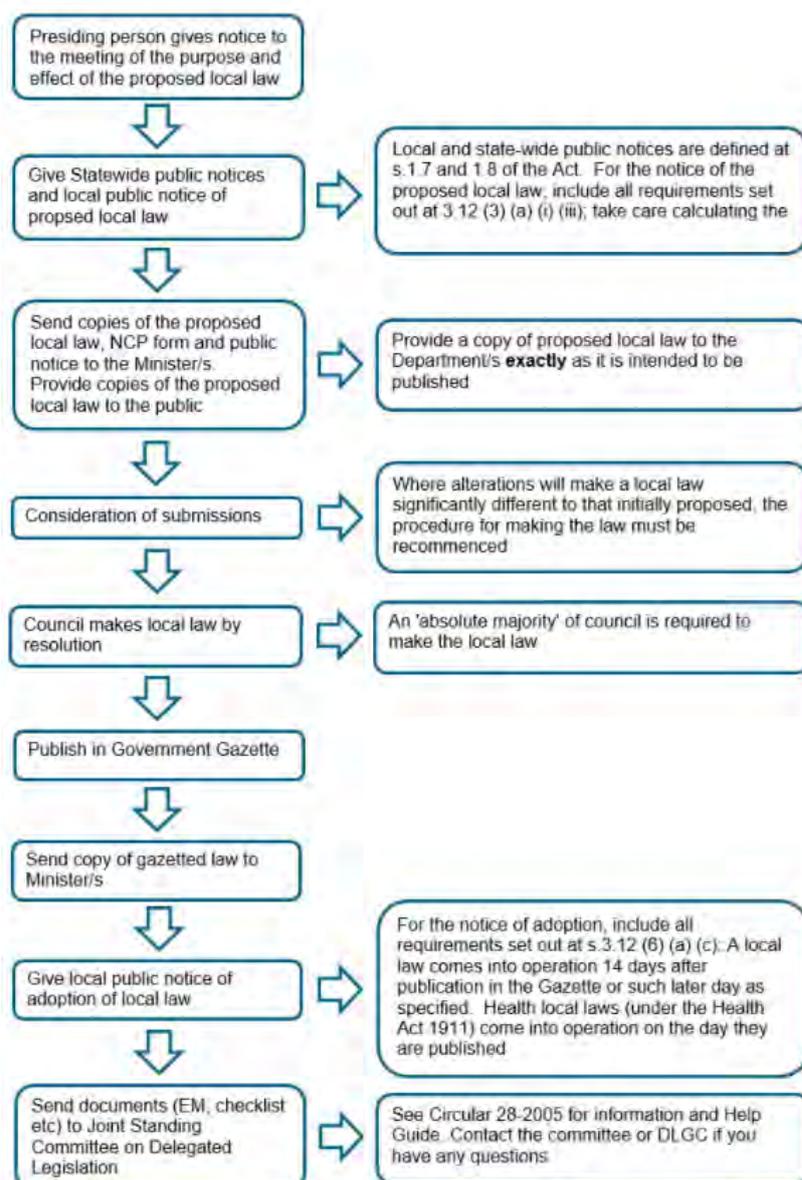

Agree to conduct a review, over a six month period, of the following local laws:

- 1. Activities on Thoroughfares and Public Places and Trading Local law 2008*
- 2. Extractive Industries Local law 2008*
- 3. Health Local Law 2008*
- 4. Keeping and Control of Cats Local Law 2008*
- 5. Local Government Property Local Law 2008*
- 6. Operation of Waste Disposal Facilities Local Law 2008*
- 7. Parking and Parking facilities Local Law 2008*
- 8. Repeal Local Law 2008*
- 9. Standing Orders Local law 2008.*
- 10. Cemeteries Local Law 2008*
- 11. Dogs Local Law 2008*

Following the formal adoption by Council of the outcome of the review and any amendments to the local laws under review must be processed in accordance with s. 3.12 of the Act.

This means that two distinct processes must be followed. In order to separate the processes and avoid any confusion, it was determined at the outset of the review process, the review would be undertaken first, with any amendments to the local laws to being undertaken as a separate process.

When amending or repealing a local law it must be done in accordance with section 3.12 of the Act, which is the same process/procedure for 'making' a local law. This is because amendment or repeal local laws are new local laws themselves and must follow the full statutory process to be made within power. The following flow chart outlines this process which is the next stage in order to amend the local laws as a result of the review process.

CONSIDERATIONS

Strategic Community / Corporate Business Plan

Objective G3: Provide efficient and effective corporate management.

Strategy G3.1: Provide responsive high level customer service.

Financial / Resource Implications

Cost of the advertisements and eventual publishing in the Government gazette.

Legislative Compliance

Local Government Act 1995, Section 3.16

- (1) Periodic review of local laws within a period of 8 years from the day when a local law commenced or a report of a review of the local law was accepted under this section, as the case requires, a local government is to carry out a review of the local law to determine whether or not it considers that it should be repealed or amended.

Policy Implications

There are no policy implications associated with this item at this point in time. However as a result of the review process and amendments made to local laws, amendments to specific Council policies may be required. Policy amendments (if any) will be addressed during the drafting of the local law amendments.

Stakeholder Engagement / Consultation

State wide advertisement was conducted in the West Australian Newspaper on 12 April 2017 and local notice was provided by local newspaper Avon Valley Advocate dated 19 April 2017. Copies of the Local Laws were made available on the website. The Local Laws were presented to relevant Officer's for their input.

In accordance with the Act section 3.16(2) submissions about the local laws was requested, with submissions due prior to 2 June 2017.

It is proposed that a workshop will be held with Elected Members in relation to the review of the Standing Order Local Law.

Risk Implications

If a review is not conducted there may be an inability to enforce local laws due to contradiction with State legislation.

OFFICER'S COMMENT

This review process is not just about amending the local laws, rather about whether the local laws are still relevant and reflect current standards and as such:

- Should be retained as is;
- Retained but amended;
- Repealed; or
- Repealed and replaced by a new local law.

At the close of the submission period, no submissions had been received from the community. As a result of the review that was conducted with relevant Shire Officers and the Department of Local Government and Communities, it is proposed that the actions outlined in the table below be taken in relation to each local law under review.

The following is a list of local laws being reviewed this month, the remaining five (5) local laws will be presented for review at the Ordinary Council meeting in September 2017.

Local Law Title	Proposed action	Reason
Standing Orders 2008	Repeal and make new local law based on the Model Local Law.	No longer complies with <i>Local Government Act 1995</i> and Code of Conduct.
Health Local Law 2008	Repeal and make a new local law based on the Model Local law	Note: Due to current amendments to the Act/Regs this actioned should be delayed until the new Act/Regs are finalised.
Activities on Thoroughfares and Public Places and Trading Local Law 2008	Amend	Minor alterations to: CI 1.2 Definitions CI 2.6 Acceptable material CI 4.6 Retailer taken to own trolley CI 5.3 Burning Permits CI 6.3 Traders to move on after purchase CI 6.18 Obligations of permit holder (to be deleted) Modification of penalties to \$500 or less

Local Law Title	Proposed action	Reason
Cemeteries 2003	Amend	Minor alterations removing references to Mausoleum
Dogs Local Law 2008	Amend	Minor alterations to: CI 1.5 Definitions CI 3.1 Dogs to be confined CI 3.2 Limit on Numbers (to include townsite) CI 4.9 Penalties (in line with the Act) CI 4.13 to include definition of 'fit and proper' CI 5.1 (delete) CI 5.2 (delete) Insert 'Item' column in Schedule 3 Schedule 3 – Remove offences 2.4(a) & (b) & 3.1 alter offences in 6.1(2)
Parking and Parking Facilities Local Law 2008	Amend	Minor edits including grammatical changes to some items.

Reports that detail each amended local law or new local law (as appropriate) will be progressively **submitted for Council's consideration at future meetings**. These reports will commence the local law making process specific to each of the reviewed Local Laws in accordance with section 3.12 of the Act.

It should be noted that the issues that have been identified during the review process, whilst included in the report for consideration as a possible amendment to the respective local law, have not been formally assessed. This will form part of the second phase during development of the amendments to the various local laws or during the making of new local laws.

RECOMMENDATION

That Council:

1. Notes that the eight-year review of its local laws has been undertaken in accordance with the requirements of the *Local Government Act 1995*;

2. Notes that the amendment process will not commence until further **reports are presented for Council's consideration.**
3. Resolves that:
 - a) The following local laws are to be amended and presented before Council for endorsement:
 - i. Cemeteries Local Law 2008;
 - ii. Dogs Local Law 2008;
 - iii. Activities on Thoroughfares and Public Places and Trading Local Law 2008; and
 - iv. Parking and Parking Facilities Local Law 2008.
 - b) The following local laws are to be repealed and replaced with a new local law based on the Model local law:
 - i. Standing Orders Local Law 2008;
 - c) The Health Local Law 2008 be put on hold awaiting the completion of the new Act/Regulations.
